Francini Accordions by Foremost Italian Maker

Buy a Francini at Wards at a real money-saving price. Some dealers sell the same Accordions, under a different name, with different grill designs, and ask as much as $35 to $230 more. Francinis are made in Italy by the world's largest accordion manufacturer. They have the tone of fine Italian instruments as well as the mechanical perfection so desirable to American players. Beautifully designed, lightweight, made from finest quality seasoned plywoods covered with gleaming plastic, permanently secured. All aluminum treble keyboard; aluminum rods run length of keys to prevent warping. Bass mechanism is most efficient, noiseless ever developed. Reeds are finest Swedish steel, scientifically tempered to stay in tune; hand-finished, hand-tuned; reed blocks laminated, treated to prevent warping. Treble valves on (A) (F) are plastic instead of wood—lightweight, warp-proof. Switch slides, mounted between duraluminum plates, will not bind or stick. Positive switch mechanisms provide feather-light action. Metal bellows straps; padded leather shoulder straps; artificial leather-covered, plush-lined luggage type carrying cases, except flannel-lined case for (G). With Lesson Book. (A)-(F) have over three octaves, play in any key; (G) has two octaves, plays in four keys.

Ⓐ 19-SWITCH ARTIST MODEL PROFESSIONAL ACCORDION OUTFIT. Our finest. With built-in Microphone. Some dealers ask as much as $550.00, without a Microphone. 41 treble keys, 120 bass. 19 switches: 13 treble (piccolo, oboe, violin, organ, tenor sax, clarinet, master, bassoon, celeste, bandoneon, flute, accordion, trombone); 6 bass switches. 4 sets treble reeds including piccolo, 5 sets bass reeds. Beautiful black plastic finish. Permanently installed Microphone brings out every note from deepest bass to highest treble, sounds like an electric organ, makes playing easier. Two tone controls (for brilliance, depth), 1 volume control. Actual wt. 23 lbs. 19¼x16¼x7¼ in. For Amplifiers see 53 C 8438R or 53 C 8437R, Page 711. Express.

53 C 8783 R—Ship. wt. 43 lbs. $35 Down, or Cash 349.50

TROMBONES, TRUMPETS, CORNETS

THREE QUALITIES . . . ALL AT SUBSTANTIAL SAVINGS

ARTIST QUALITY "Grenadier" Brass Instruments (shown right), are made for Wards by the Ohio Band Instrument Co. of Cleveland, O. They will satisfy the exacting student who wants an instrument moderately priced but high in playing qualities. They have been electronically checked as well as thoroughly tested by competent professional musicians. Sturdily built of highest quality materials, noted for accurate intonation, excellent clear tone, perfect balance.

PROFESSIONAL QUALITY BRASSES are made by a manufacturer of high grade Band Instruments, designed for the musician who requires a more moderate price than Artist Quality but who demands clear tone, rapid action, perfect intonation.

STUDENT QUALITY Brass Instruments, made in France, are designed particularly for young school musicians. Not so finely made as our Artist and Professional Quality, yet they have good clear tone, are built in tune, will adequately meet the needs of those who want moderate price in a good instrument.

Wards Band Instruments

WARDS FREE 1956 PHOTOGRAPHIC BOOK

It's easy to catch up on all the latest developments in photography when you have a Ward Camera Book . . . Reserve your copy of the new 1956 Ward Camera Book—104-page catalog containing selected cameras, accessories, photographic equipment (some available only at Wards) and information digest . . . It'll be ready about April 1st.

"Popular" is the word for the Ward Camera Book and no wonder—see all the advantages it offers you.

CENTRALIZED SHOPPING GUIDE. No more searching for a place to get that new "hard to find item"—Wards carry one of the most complete lines of quality, precision-made photographic equipment; including versatile 35mm cameras, reliable press cameras, fine focusing reflex cameras, latest 8 and 16mm silent and sound movie equipment, useful accessories, optically correct movie and slide projectors and quality darkroom equipment. Wards also has selected Binoculars and Telescopes.

PERSONAL SHOPPING SERVICE. Is there a special photo item you can't find? If you need any piece of hard to locate photo equipment write Bob Adams in care of Wards—he'll be glad to give you the help you want and do your personal shopping.

DIGEST OF PHOTOGRAPHIC INFORMATION. The 1956 Camera Book is loaded with helpful tested advice to both the novice and the advanced amateur —how to edit your movies, effect of different types of filters, the advantages of different types of cameras, how to set up portrait lighting, how to develop your own films . . . and many, many more. If the solution to your particular problem isn't found in the Camera Book just write to Bob Adams in care of Wards, he'll be glad to help you.

NO CREDIT CHARGE ON MANY ITEMS. Much of the photo equipment is available on low down payments and convenient monthly payments without any charge for credit. On other items there is a slight charge which is more than made up for by the convenience of being able to use the equipment while you pay for it and by the add-on privilege—after you buy a camera, for example, you can get a flash unit or similar item and spread the additional cost over the remaining payments at little increase.

TRADE IN YOUR OLD CAMERA. Your old camera may be worth more than you think. When you've selected the new camera you want write Bob Adams—he'll give you fair value for your old camera on a new one, which usually more than covers the down payment.

WARDS OWN BRAND of cameras are made in Germany and Japan by the same skilled craftsmen that make the worlds finest cameras. Wards own cameras have the selected, most used features of the higher priced cameras but sell at a low, popular price—and their performance is comparable to that of cameras selling for two to three times as much. Rigidly tested both abroad and in Wards own laboratory, their quality is steadily maintained. All these features, plus Wards guarantee of complete satisfaction, make Wards own cameras one of todays best buys—see them in the 1956 Ward Camera Book.

It's a real education in photography—this 104-page 1956 Ward Camera Book. It will help you select equipment that will best serve your needs.

Be sure to get your copy . . . mail the coupon, below, TODAY.

REFLEX CAMERA

Imported from Japan this precision-made reflex camera is quality controlled by tests of Japanese Camera Institute and Wards own laboratory. Your money back if not equal to reflex cameras costing $60 to $70. You'll like its "big camera" feel and solid construction. The pictures you take will show you why we think the Wardflex is so outstanding a camera. See the picture in the ground glass before you take it—full size eliminates focusing errors.

Lens is 80mm coated f/3.5 anastigmat, stops to f/22, focuses from 3½ ft. to inf. Shutter speeds from 1 to 1/200 plus bulb uses flash (34) with "PC" fitting. Self erecting hood has built-in magnifier for accurate focusing—sport type viewfinder. Focusing knob has depth of field scale. All metal body with black leather-like covering, chromed trim. 12 pictures 2¼x2¼ in. on roll of 120 film.

BUILDING MATERIALS. Wards Best Quality, rot-resistant, water-repellent, canvas covers serve many purposes—ideal for protecting all your building material from the effects of wet weather.

FARM MACHINERY. Protect your tractor and other expensive farm machinery with Wards covers. Keep them operating longer. All Ward covers have rust-resistant grommets for longer service.

TRUCKS, TRAILERS. Protect your valuable truck and trailer cargoes with Wards rot-resistant, water-repellent covers. Wards Laboratory tests prove these covers last 5 times longer.

CROP PROTECTION. Use Wards covers to provide extra temporary storage protection for hay, corn, and other perishable crops. All covers have reinforced patches for anchoring grommets.

Canvas By-the-Yard

IMPORTANT FACTS ABOUT WARDS CANVAS COVERS, MATERIALS

Wards Best Quality 18-oz. rot-resistant canvas covers are your best buy for continuous service on trucks, trailers, etc. Wards Best Quality rot-resistant 14.90-oz. and 12-oz. covers are used for covering machinery, materials, grains, etc. Wards Better and Good Quality Standard covers are fine for general use where low cost protection is desired.

The heavier canvas covers at right and heavier canvas material below are made from heavier threads and therefore have greater tensile strength. They also absorb more of the wax water-repellent and rot-resistant treatment to give you more protection and longer service.

CANVAS MATERIALS BY THE YARD—UNTREATED AND TREATED

A UNTREATED SINGLE FILLING DUCK. Not water-repellent treated. Practical for grain bags, cotton pick sacks, irrigation, sails, dropcloths, and utility job covers. Natural color. *State length wanted.*

NOTICE ABOUT CANVAS COVER AND MATERIAL SIZES

All canvas, whether treated or untreated, will shrink in use up to 1 inch per foot in both length and width due to climatic changes. When ordering canvas covers or canvas material, allow for this shrinkage. Canvas covers are sold by cut sizes. Finished sizes are slightly smaller due to seams, hems and tensions applied during the manufacturing process. Some color may rub off but this will not affect their service life.

SHIPPING NOTICE: Items keyed "M" are mailed from Stock. Items keyed "K" are mailed promptly from Factory. Items keyed "F" are shipped promptly from Factory by Freight, Express or Truck. Check with your local express or freight agent for delivery time required—allow this extra time in transit. You pay transportation costs from Mail Order House.

C WARDS CANVASEAL. Treats canvas, hunting clothing etc. for water-repellency. Non-oily, won't rub off. Clear color. Ready-mixed, apply with brush. Gallon covers about 100 square feet.

Rot-resistant Canvas Covers

6 REASONS WHY WARDS BEST QUALITY CANVAS COVERS ARE YOUR BEST BUY

G WATER-REPELLENT—treated with finest wax available under firm pressure to penetrate the closely woven fiber. ROT-RESISTANT—resist mold, mildew and fungus rot. Treated covers last 5 times longer than untreated covers. TESTED AND APPROVED—under U.S. Gov. Spec. No. CCC-T-191b. Strong single filling duck from American grown cotton. DOUBLE-STITCHED SEAMS—covers sewn with rot-resistant treated thread. Raw edges are turned and lockstitched. GROMMETS SET IN LEATHER PATCHES—2 rust-resistant grommets in each corner; single grommets around all edges. EACH COVER STAMPED FOR YOUR PROTECTION—with minimum finished size and weight of material before treatment.

BEST QUALITY MEDIUM-WEIGHT ROT-RESISTANT, WATER-REPELLENT CANVAS COVERS. 12-oz. per sq. yd. before treatment. For many farm, home and camping uses. Grommets 4 ft. apart along edges. Brown color. 10% Dn.

STANDARD CANVAS COVERS

H GOOD AND BETTER QUALITY CANVAS COVERS. Choice of 10-oz. or 12-oz. materials. Moderately priced and ideal for general use where low cost protection is desired. Covers are water-repellent treated but not rot-resistant treated. All raw edges are turned and lockstitched, and all seams are securely double stitched for longer service. Rust-resistant grommets are set in canvas reinforcing patches, spaced about 5 feet apart along edges. Single grommets are set in each corner. Corners are cut square and turned back to give added reinforcement for longer wear.

60 C 9730 M—GOOD COVERS. 10-oz. per sq. yd. before treatment.
60 C 9729 M—BETTER COVERS. 12-oz. per sq. yd. before treatment.

WARDS MADE-TO-MEASURE FLAT CANVAS COVERS FOR SPECIAL USES

Made up in any size you need—suitable for many purposes where special size covers are needed. "How to Order": (1) Multiply width in ft. by length in ft. for total area in sq. ft. (2) Multiply cost per sq. ft. by number of sq. ft. in cover to find the price. (3) To find ship. wt.: multiply total sq. ft. by ship. wt. per square foot. Covers are shipped in about two weeks from Philadelphia Factory. Allow transit time.

Read "Size Notice" at left before ordering, make adequate allowance for shrinkage. *State width and length wanted.*

Rawlings Pro-Endorsed Gloves, Mitts for Every Baseball P

ONLY AMERICA'S FINEST GLOVES HAVE THESE FEATURES.

A B

The majority of Wards gloves and mitts are made by Rawlings, recognized as the No. 1 manufacturer of Major League equipment. Top quality gloves have Rawlings "Patented Features" for individual fit and sure, fast ball handling. Check construction features listed below.

A "SNUGGER WRIST ADJUSTMENT." A patented Rawlings feature on gloves 1, 2, 3 and 17.

GIVES PERFECT FIT, adjusts to fit any size hand—from Little Leaguers to Major Leaguers.

"V" ANCHORED WEB adds trap strength, support to thumb and fingers—gives natural hugging action.

B "STREAMLINED BACK" FEATURE. Full welted backs on gloves 1, 2, 3, 4, 5, 6, 17, 18, 19 conform to curve of hand giving better "feel."—holds shape for longer glove life.

FACTS ABOUT GLOVE CONSTRUCTION

LEATHER—Wards gloves are Top Grain cowhide in good, better, best qualities.

PADDING—3 grades . . Jute in low priced, Sewn Felt in medium priced and Asbestos Felt in higher priced models.

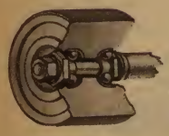
HOW TO ORDER SHOES

GAME SHOES: If you wear C, D or E width street shoe, order game shoes ½ size larger to allow room for heavy socks. If you wear A or B width street shoe, order regular shoe size. Track shoes may feel small but for best performance they must be snug fitting.

MEN'S BOWLING SHOES: Order street shoe size through D width, except sizes 11, 11½ or 12—order ½ size larger. Order ½ size larger for E, full size larger for EE or wider.

WOMEN'S BOWLING SHOES: Order regular street shoe size if B or C width. If A or narrower, order ½ size smaller.

Chicago, Cleveland Rink Favorites . . . Sidewalk Skates



Plastic Wheels

CHICAGO RINK SKATES WITH PLASTIC OR MAPLE WHEELS

PLASTIC WHEELS on (A) and (B). HAVE THESE ADVANTAGES.
(1) QUIET ROLLING—Reduce skating noise up to 50%.

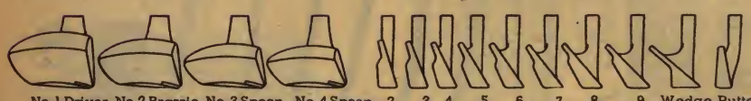
America's Leading Professionals Endorse These



WILSON SAM SNEAD "DYNAMIC SWING" CLUBS

1 2 Incorporate Wilson's well-known stroke-saving features built right into these popular Professional Quality clubs. Designed by Sam Snead—golf's all-time leading money winner, made by Wilson, nationally known manufacturer. Built on "Swing-Weight" principle, each club scientifically related in head weight, loft, lie and length to provide more power, greater distance—for lower scores. Matched and registered in sets. Finest quality dark red calfskin, edge-fold perforated grip has Wilson "Reminder" feature (See (A))—positions your left hand and keeps it there. True Temper "Rocket" chrome plated step down shafts are designed to put more snap in club head speed at impact—give more head "feel" for greater accuracy and a longer ball. For right-hand players.

(1) SAM SNEAD "DYNAMIC SWING" WOODS. Rich walnut finished, laminated "Strata-Bloc" heads. Deep natural face has white-line scoring, black and red keystone fiber insert. 1-pc. streamlined sole plate. Black plastic collar, red trim. Driver 43 in. long.

HOW TO ORDER TIRES, SPOKES, WHEEL PARTS.

TIRES: Check the size marking on your old tire, or measure the outside diameter of the rim. Order measurement in inches. Table shows rim and tire sizes.

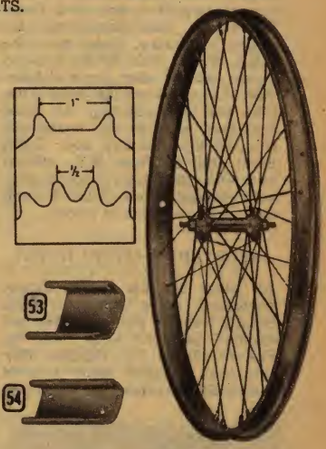
WHEELS AND RIMS: Measure diameter between outside edges of old wheel. Order same diameter. State: sprocket teeth ½ or 1-in. pitch.

SPOKES: Measure old spoke, order in inches.

PITCH: Diagram at right shows brake sprocket and measurement. The upper illustration shows 1-in. pitch, and a rear wheel sprocket of this type has 7 to 12 teeth. A ½-in. pitch sprocket (lower sketch) has 16 to 20 teeth. When ordering rear wheel state ½ or 1-in. pitch.

RUST RESISTING SPOKES. Sparkling chrome plated steel spokes with detachable nipples. Spoke wrench included. Sold in lots of 3 doz. Ship. wt. 1 lb. 8 oz.....3 doz. 69c

Cat. No.	Length	Tire	Type of rim
60 C 3906	7⅝ in.	20x2.125	Balloon
60 C 3905	9 11/16 in.	24x2.125	Balloon
60 C 3904	10 9/16 in.	26x2.125	Balloon
60 C 3907	11⅜ in.	26x1.375	Litewate



53 54 CHROME PLATED WHEELS AND RIMS. Heavily chrome plated to resist rust for years and add beauty and sparkle to your bike. With either front hub or American made Coaster brake. State ½ or 1-in. pitch sprocket. See diagram above.

(53) For Balloon Tires. Rust-resisting spokes. *Mailable.*

English Lightweight and American-Made Bikes

IMPORTED HERCULES AND HAWTHORNE BIKES IN 40 DIFFERENT MODELS

HERCULES "TOURIST" SPORTS DESIGN LIGHTWEIGHTS IN DE LUXE, EQUIPPED, AND STANDARD MODELS

EXCLUSIVE "TOURIST" FEATURES

HERCULES LIGHTWEIGHT BIKES are the leading favorites of American cyclists today. Imported from England, authentic Hercules "Tourist" bikes are sold exclusively by Wards.

HER-CU-MATIC 3-SPEED HUB lets you shift gears like a car (see right).

CALIPER RIM BRAKES with controls right at your fingertips. Independent front and rear brakes.

STURDY SPORTS TYPE FRAME of narrow gauge lightweight steel—double steel tubing at all stress points.

FLEXIBLE COIL SPRING saddle seat.

FULL LENGTH chain guard.

SIDE KICKSTANDS on all models.

LESS ROAD FRICTION with high-pressure Dunlop tires. Butyl tubes are equipped with American valves.

MINIMUM LEG REACH: Adult sizes 31 in.; Junior sizes 24 in. Girls corresponding models are 1 inch less.

WARDS BICYCLE GUARANTEE

All bicycles sold by Wards are fully guaranteed. Any parts which might fail due to defective materials or workmanship under normal care and usage will be replaced by Montgomery Ward & Company.

A DE LUXE 3-SPEED HERCULES "TOURIST". This full size 26-in. English DeLuxe lightweight bike is one of the finest available—and sold exclusively by Wards. Its richly designed sports frame and complete quality equipment offer you full cycling pleasure at its best. In addition to all of the "Tourist" features at left, this authentic imported bike comes complete with these DeLuxe extras:

MILLER GENERATOR SET. Heavily chrome plated headlamp, taillight and generator. No batteries needed. New Hi-lo beam lamp provides extra-bright beam or normal light.

OVERSIZED "TOURIST" BAG. Holds tools (wrench and oil can included). Plenty of room too, for carrying books and school supplies.

TIRE PUMP. Chrome plated, clamp-on type.

"HIGH LUSTER" CHROME plated chain guard, fenders—reflector mounted on rear fender.

WHITE WALL TIRES. 3-piece crank hanger.

MEN'S 3-SPEED "DELUXE TOURIST". Finished in Black enamel with Cream trim edged in gold color. Black saddle, rubber grips and "Tourist" bag. Tire size: 26x1⅜ in. Act. wt. 42 lbs. $6.00 Down on Convenient Terms.

HERCULES 3-SPEED HUB

Now you can shift gears with your fingertips—makes pedaling easier, cuts down waste motion. All Hercules Bikes on this page are equipped with Hercules 3-Speed Hub and Gearshift. Her-cu-matic handlebar switch lets you select proper gear for easier riding—low gear for climbing hills, normal gear for flat surfaces, and high gear for fast level runs or fast down-hill speed.

AMERICAN-MADE LIGHTWEIGHT, MIDDLEWEIGHT AND STANDARD BIKES IN 3 SIZES

BENDIX 2-SPEED POWER BRAKE

Gives you a choice of 2 gear ratios—low or high—coupled with power braking. Low gear makes hill climbing ⅓ easier, high gear for quick getaway, easier pedaling. Handlebar control lets you shift gears at any time without damage. 2-speed hub, non-stretch steel cable—completely installed. Internal expanding automotive-type brake, in low gear gives 32% increase in braking power from normal pedal pressure. Brake is applied by back pedaling with feet, like regular bikes.

HOW TO ORDER BIKE WITH BENDIX BRAKE. Bendix 2-speed power brake is now optional on any 26 or 24-in. Hawthorne bike completely installed in factory. Order the bike listed. Write "with Bendix 2-speed power brake" after name of bike. Add $7.95 to the regular price of the bike you are ordering. All bikes equipped with Bendix brake are shipped from Factory near South Bend, Ind. or Utica, N.Y., whichever is nearer. You pay charges only from nearest house. Allow 1 week extra time plus time in transit.

IMPORTANT SHIPPING NOTICE

All bikes on this page, except American bikes equipped with Bendix 2-speed power brake, are shipped promptly from Stock by Freight, Truck, or Express. Pay shipping charges from nearest house. *State transportation desired.*

AUTO-TYPE SPRING RIDE

COIL SPRING FORK on deluxe equipped tank bike (G) absorbs road shocks and smoothes the bumps on roughest roads. Double action spring is built like the coil spring action on modern automobiles. Enjoy cushioned comfort and a floating ride regardless of road conditions.

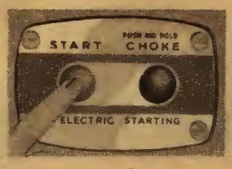
1956 Sea Kings...New Power, Convenience, Beauty



CONVENIENT PUSH BUTTON starts motor like your auto. Now you can enjoy electric-starting with the all-new powerful 25 and versatile 12 H.P. Sea Kings. You'll command instant performance from any desired operating position because the 25, 12, and 5 H.P. models are engineered for use with remote gearshift-throttle control, steering wheel and fuel system.

QUIET: New Aircraft Motor Cushion Mounts, at left, are built into all Sea Kings (except 5 HP) to stop "boat shake" and sounding board noise. Other silencing features include Quiet-Bevel Gears and Underwater Exhausts on all Sea Kings, plus Sealed-in Power-Heads and Carburetor Air Intake Silencers on all Sea King motors except the 3 HP model.

Wards proudly present 6 exciting, new Sea King Motors for 1956. Each has classic new contour styling with popular 2-tone color beauty; each gives a powerful, spirited performance with Sea King's long-established dependability. Every convenient and safety feature you've ever wanted, including lightning acceleration, quiet, dependable performance, and economy of operation, all backed by Wards Guarantee, have been built into these rugged Sea Kings. Choose a popular Sea King for greater motor pleasure on any size outboard hull—from a small fishing boat to a family cruiser.

Sea Kings bring you boating's most advanced features with guaranteed performance. Electric Starting on 12, 25-HP models—all have Automatic Rewind, pull cord starter. Synchronized Twist-Grip Throttle and Spark Control on all models except the 3 HP. Automotive-type Carburetor for instant get-away. Automatic Lubrication System. Co-pilot Pivot Bearing. Transom Adjustment Lever. Underwater units Corrosion Proofed. Horsepower Certified by Outboard Boating Club. Finished in Sea King Blue and Foam White baked-on enamel. Owners' Guide, Parts List. *State: Freight, Truck or Express Shipment.*

DE LUXE SEA KING "25" GEARSHIFT TWIN 459.00

(A) INTRODUCING THE POWERFUL NEW 25 HP SEA KING in both Electric Starting (shown on Back Cover) and Automatic Rewind Models. You'll command more thrilling driving power, easier operating and safety features with this brand new "Sonic-Quiet" Sea King "25" than ever before. Rich new contoured styling is accented by its sparkling 2-tone finish. Here's flashing speeds up to 30 MPH, yet motor throttles smoothly down to a slow 2 MPH for trolling. Ideal for hydroplaning, water-skiing and cruising fun on larger boats.

FULL GEARSHIFT ACTION—Neutral, Forward and Reverse, is designed for optional use with Bo'sun Remote Control at right. Safety locking feature allows shifting only at safe speeds. New Safety-Tilt lock holds motor down when decelerating, etc.—automatically releases when an underwater obstruction is met.

"SONIC-QUIET" DESIGN includes the full-range of silencing features above, newly engineered for more boating fun.

FUEL SYSTEM. Motor operates with separate 6-gal. fuel tank which is included—runs 2 hrs. at top speed. Automotive-type suction system—no pressure leaks. Handy snap-on connectors.

CHOICE OF TWO MODELS, one with Push Button Electric Starter—operates on 6-volt storage battery (not incl., see Pg. 900). Both have new automatic rewind, pull cord starter.

60 C 9023 R—ELECTRIC STARTER MODEL with 6-gal. fuel tank and Push Button Starting and Choke Panel. See Specification Table below. Only $46.00 Down on Terms....Cash $459.00

60 C 9022 R—AUTOMATIC REWIND MODEL with 6-gal. fuel tank. See Specification Table below. Only $38.00 Dn. Cash $379.00

NEW SEA KING "5" GEARSHIFT TWIN 171.00

(E) This new quiet 5 HP. Sea King is the "fishing favorite" and ideal too, for family fun. It's economical to operate, easy to start, and it's extra-wide balanced handle makes it easy to carry. Spring Overload Clutch—absorbs shocks by disengaging propeller, thus eliminating the need of shear pins. Average speeds from 1½ MPH slow troll to a full 12 MPH.

FULL GEARSHIFT ACTION, Neutral, Forward and Reverse, plus synchronized throttle-spark control makes it easy to maneuver. Adaptable to both Remote Control unit using special kit and Bo'sun Fuel System at right. This rugged "5" has all the engineered features above, but is mounted in springs to isolate noise and vibration for a truly quiet, enjoyable performance. Gas tank holds 9/10 gallon—runs motor 1 hour at top speed.

60 C 9002 R—See Specification Table below. Only $17.50 Down on Wards Monthly Payment Plan. See Pg. 981...Cash $171.00

DE LUXE SEA KING "12" GEARSHIFT TWIN 367.50

(B) (C) Now you can enjoy the thrill and added convenience of Push Button Electric Starting with this versatile new 12 HP. Sea King. Starter button panel can be positioned anywhere, and with the optional Remote Control unit at right, you can skipper your boat from any forward steering position. This classic designed Sea King has ample power for speeds up to 22 MPH, yet slows to 2 MPH for trolling. Ideal for family pleasure cruising, fast utility boats or fishing in large lakes.

FULL GEARSHIFT ACTION furnishes smooth, instant power for economical operation. Safety-locking feature allows shifting only at safe speeds. New Safety-Tilt lock holds motor down when decelerating—automatically releases for obstructions.

"SONIC-QUIET" DESIGN includes the full-range of silencing features listed above to bring you exciting new fun afloat.

FUEL SYSTEM. Motor operates with separate 6-gal. fuel tank which is included—runs 3 hrs. at top speed. Automotive-type suction system—no pressure leaks. Easy snap-on connectors.

CHOICE OF TWO MODELS, one with Push Button Electric Starter—now offered for the first time. Both have new automatic rewind, Nylon pull-cord starter. Electric Starter model operates on 6-volt storage battery (not included, see Page 900).

(B) 60 C 9024 R—ELECTRIC STARTER MODEL with 6-gal. fuel tank and Push Button Starting and Choke Panel. See Specification Table below. Only $37.00 Down on Terms.....Cash $367.50

(C) 60 C 9021R—AUTOMATIC REWIND MODEL with 6-gal. fuel tank. See Specification Table below. Only $29.00 Down on Wards Monthly Payment Plan. See Pg. 981. Cash....$287.50

NEW SEA KING "3" DE LUXE SINGLE 106.00

(F) There's smoother power and more economical operation built into this lightweight Single than ever before. This sturdily built "3" has many of the fine operating features listed above. Has single lever synchronized spark and throttle control. It's new compact design compliments any boat, and makes it easier to carry and stow in your car—only 30 lbs. A dependable motor with new balanced starting ease the entire family can operate and enjoy. Just right for use on smaller fishing boats, rowboats, dinghies or bracketed canoes.

FULL 360° PIVOT allows you to reverse, back away from pier, turn sharply, stop quickly, and maneuver safely in crowded waters. Gas tank holds ½ gal.—runs 1¼ hrs. at top speed. Average speeds up to 10 MPH, yet throttles down to a slow, steady 1½ MPH for the finest trolling. Only $11.00 Down.

60 C 9000 R—See Specification Table below.....Cash $106.00

REMOTE SHIFT—THROTTLE CONTROL

(D) Operates gearshift and throttle from forward steering position. Reversible for port or starboard installation. Fits 1956 5 HP. model (request 5 HP. kit). Fits 1954 and later Sea King 12, 22, and 25 models. Also following 1954 and later 12, 22, and 25-HP. models of Buccaneer, Sea Bee, Royal, Hiawatha, Brooklure plus 1953 and later Evinrude, Johnson 10, 15, 25, and 30 HP models. *Ppd.*

Marine Accessories for More Boating Comfort, Safety

FIBER-GLASS BOAT COVERING KIT

1 Gives a rot-proof, fiber-glass hull to your boat. Smooth surface gives added speed and strength. Finishes to a hard, glossy, colorless semi-clear, leak-proof covering not affected by sunlight. Will not support marine growth. Includes supplies to cover transom, plus overlap at spray rails or gunwales, and extra material for practice. With 10-oz. per sq. yd. fiber-glass cloth, liquid glass, hardening agent, hand and brush cleaner, complete instructions. Can be drilled or sawed. If color is desired, *State*, red, green, blue, black, or white. Shipped from Chicago Factory. Allow about 5 days plus time in transit for delivery.

60 C 9255 KB—Fiber-Glass Kit to finish 12-ft. boat to gunwales. Ship. wt. 28 lbs. $29.95

60 C 9111KB—Fiber-Glass Kit to finish 12-ft. boat to spray rails. Ship. wt. 20 lbs. $24.95

60 C 9256 KB—Fiber-Glass Kit to finish 14-ft. boat to gunwales. Ship. wt. 35 lbs. $37.50

60 C 9121KB—Fiber-Glass Kit to finish 14-ft. boat to spray rails. Ship. wt. 25 lbs. $33.50

60 C 9177 KB—Fiber-Glass Kit to finish 16-ft. boat to gunwales. Ship. wt. 44 lbs. $51.50

60 C 9136 KB—Fiber-Glass Kit to finish 16-ft. boat to spray rails. Ship. wt. 30 lbs. $40.95

60 C 9257 KB—Patching or Customizing Kit. Enough material for 450 sq. in. Ship. wt. 1 lb. 6 oz. $3.49

2 BOAT COVERS. Heavy drill. Dry wax Pearl Gray finish. With draw rope. Grommets at each seam. Width allows for approx. 5-in. overlap on each side—they will fit wider boats allowing less overlap. *Example:* 12-ft. cover fits 56-in. beam (5-in. overlap); also fits up to 64-in. beam (1-in. overlap).

Cat. No.	Fits Boats	Approx. Cover Width	Ship. wt.	Price
60 C 9185	12 ft.	68-in. beam, 58-in. stern	6 lbs.	$9.95
60 C 9186	14 ft.	69-in. beam, 58-in. stern	7 lbs.	12.50
60 C 9187	16 ft.	75-in. beam, 66-in. stern	8 lbs.	15.95

3 CURVED WINDSHIELD. Ready to install. Fits any boat regardless of deck curve or contour. Consists of 1 pc. clear Plexiglass 12 in. nigh, Plastic-Chrome molding, rubber deck channel. With chromed brass wing brackets, hardware, instructions.

Wards Roomy Cottage and Umbrella Tents for Family

(1) Big door of tent (A) guyed out makes a protective sun canopy shelter.

(AA) Add-A-Room extension for tents (A) give additional sheltered space.

(2) Rear wall of tent (B) can be rolled up to get cooling cross ventilation.

IMPORTANT SHIPPING NOTICE

Tents above finished to full sizes listed. Tents and poles with "M" after Catalog No. are *Mailable*. "R" indicates items shipped by Freight, Truck or Express; "F" means shipped promptly from Philadelphia Factory—you pay charges from there. *State Transportation* desired. Allow transit time. Remember you can purchase tents or any of Wards merchandise on Monthly Terms—Pay only 10% Down. See Inside Back Cover for detailed information.

WARDS SCREENED PICTURE WINDOW TENT 84.50 9⅓x7¼ ft.

(A) FULL LENGTH SCREEN PICTURE WINDOWS across both sides of tent plus the wide screened front door gives 3 way cross ventilation for cool restful sleeping. Plenty of space for family or group camping—Add-A-Room Extension (AA) (sold separately below) makes an extra room, provides extra space for cooking, eating, etc.

PLASTIC SCREEN WINDOWS AND DOOR. Both picture windows are about 2 ft. high and covered with outside curtains that can be rolled up in hot weather or easily tied down in case of rain or cold weather. Zipper screen door has an overlapping storm door or canopy (1).

ROOF IS MADE OF EXTRA-STRONG ARMY DUCK. This heavy closely woven material weighs 10.10-oz. per sq. yard. The side walls, ends of tent and sewed-in floor are heavy closely woven 7.68-oz. boat sail drill. Entire tent chemically treated to repell water. Green color.

MAXIMUM ROOM, STURDY CONSTRUCTION. High 5½-ft. side walls and 7½-ft. center height gives you more space for sleeping, eating and recreation. Overhanging eaves to direct water away from tent. All poles, ropes, stakes and complete instructions for setting up tents included. Only 10% Down on Terms—See Inside Back Cover.

60 C 9653 R—Base Size 9⅓ ft. wide, 7¼ ft. long. Ship. wt. 75 lbs. . $84.50

60 C 9654 R—Base Size 9⅓ ft. wide, 11⅔ ft. long. Ship. wt. 98 lbs. 107.95

(AA) ADD-A-ROOM EXTENSION for tents (A) above. Shown at left. Gives sheltered, screened extra space for cooking, recreation, etc. Zipper opening entrance. Ropes, poles, included.

60 C 9658 MB—Adds 9⅓x5 ft. *Mailable*. Ship. wt. 28 lbs. $38.95

WARDS DE LUXE SCREEN WALL BUNGALOW TENT 47.95 7x7 ft.

(C) Perfect for all climate camping. Full screened sides and door. Sleep comfortably in hot weather with sides and door tied up. Sides can be guyed out to give ventilation and privacy.

ARMY DUCK ROOF MATERIAL is tightly woven, weighs full 10.10 oz. per sq. yd. before treatment to repel water. Walls and sewed-in floor cloth of heavy 6.74-oz. medium-weight drill. Green color.

SCREENED SIDES AND DOOR give you three-way cross ventilation. Sides are screened with sewed-in-fine mesh plastic netting. Divided plastic netting door curtain snaps down center, fastens across bottom to front door riser to keep out small animals and insects.

SEWED-IN ROPE RIDGE—permits pitching tent between 2 trees without poles. Ridge openings with flaps also allow you to use a five-pole pitch using saplings cut at campsite or you can pitch with poles below.

CHOICE OF THREE SIZES for small or larger groups. Eave height of all tents 3 ft. Tent comes complete with stakes, guy ropes, and rope keys included. Finished to full dimensions listed. Poles not included—order poles separately below. Ship. wts. 31, 42, 63 lbs. *Mailable*.

WARDS CANOPY STYLE FAMILY TENT 119.50

(B) EXTRA ROOMY—COOL AS A BREEZEWAY. Designed with extra head room and living space for family or group camping. Ideal for campers and tourists who want to save the high cost of resort lodging. Live and sleep outdoors in perfect comfort with four-way screened ventilation. Sleeps 4 or more. 140 sq. ft. of space; 80 sq. ft. completely enclosed, plus 60 sq. ft. protected by screens and canopy.

PLASTIC SCREENED DOOR, REAR WALL AND TWO SIDE WINDOWS provide controlled ventilation. Zipper opening screen door with overlapping storm flap. Rear wall can be rolled up and tied, guyed out for privacy or tied down for weather protection. See picture 2 below at left.

EXTRA STURDY ROOF AND SIDE. Roof of rugged 10.10 oz. Army Duck for maximum water repellency. Balance of tent made of heavy 6.74 oz. Drill. All materials chemically treated to repell water. Green color.

ROOMY CONSTRUCTION. Base 10 ft. wide, 8 ft. deep. Canopy Area 10 ft. wide, 6 ft. deep. Height at center 8 ft.; at front wall 6 ft.; rear wall 3 ft. Wide overhanging rear eave directs water away from tent. Canopy extends forward 6 ft. Front canopy has steel poles that can be lowered for watershed during rain. All ropes, poles, stakes, rope keys included.

60 C 9670 R—Ship. wt. 124 lbs. Only $12 Down on Terms . . . . .Cash $119.

60 C 9669 R—Same tent as above except not furnished with screens for sides and front of canopy area. Ship. wt. 106 lbs. $10 Down .Cash $99.

STANDARD WALL TENTS FOR ALL-AROUND USE 22.95 7x7 ft.

(D) Here's maximum floor space at low prices. Choice of 5 sizes to meet most camping needs. Ideal for fixed, wood floor campsites, temporary storage

HEAVY SINGLE FILLING DUCK material closely woven for greater strength. Weighs full 9.93 oz. per sq. yd. before water repellent treatment.

HEAVY SPUR GROMMETS for corner guy ropes and upright pole pikes set in canvas reinforced patches at eaves and ridge ends. All seams sewed with strong thread. Guy ropes adjust to hold roof taut, gives more head room. Overlapping door flaps tie securely with tapes. Tent stakes, guy ropes, rope keys included. Wood ridge and upright pole sets sold separately below. Only 10% Down on Terms. Green color.

IMPORTANT NOTICE. Wards Camping Tents are water-repellent treated with the best penetrating wax treatment available. They will repel water as well as or better than any other tents made of like materials, but no tent is absolutely waterproof in severe weather. Some wax finishes may rub off but colors will not run. Do not set up tents when wearing clothing. Tent materials will shrink in use about 1 in. per ft. due to change in climatic conditions. Return of used or soiled adult camping tents will not be accepted except for defects in material or workmanship.

Camping — Lightweight 2-Man Tents

STANDARD CENTER POLE UMBRELLA TENT 44.95

(E) ENJOY THE CONVENIENCE OF AN UMBRELLA TENT AT LOW COST. It's an easy tent to set up and take down. Made of rugged high count boat sail drill material that weighs 7.68 oz. per sq. yd. before chemical treatment to make material water-resistant. Smooth, dry finish. Green color. The tent has a sewed-in floor that is also made of water-resistant treated material to add to your outdoor living fun.

JOINTED CENTER AND CANOPY POLES COME APART FOR COMPACT CARRYING. The collapsible metal assembly inside at eaves holds roof taut for good watershed. The complete tent folds compactly and can be readily carried in the trunk of your car.

PLASTIC SCREENED DOOR CURTAIN AND REAR WINDOW—to keep out insects, provides cross ventilation. Screen door is sewed-in along top and down one side, ties with tapes on opposite side. Front canopy lowers over door—can be tied down in cold or rainy weather. The 15x15-in. rear window is screened with durable plastic screening for protection from insects. It also has a flap that can be raised or lowered easily and quickly from inside tent for protection from weather and to shut out light.

RUGGED CONSTRUCTION, ROOMY DESIGN — Tie tapes and seams are double stitched with heavy cotton thread to give long wear and resist deterioration. Center height 7 ft. Eaves height 5½ ft. 4 ft. square at eaves. Finished base size 9 by 9 feet. Sewed-in floor protects occupants from insects, small ground animals; blocks out drafts. Jointed center pole, awning poles, metal eaves assembly, ropes, stakes and instructions included.

60 C 9616 MO—*Mailable.* Ship. wt. 40 lbs. $4.50 Down on Terms....or Cash $44.95

OVERSIZE CENTER POLE UMBRELLA TENT (not shown). Same construction features as (E) above except made to oversize proportions to give you more space. 11 ft. wide, 9 ft. deep at the base. Center height 7 ft. Eaves are 5¾ ft. high—4½ ft. square. Poles, metal eaves assembly, guy ropes, and stakes included. *Mailable.*

60 C 9625 MO—Ship. wt. 49 lbs. $5 Down on Terms.....or Cash $49.95

OVERSIZE REAR EXTENSION UMBRELLA TENT 72.95

(F) IDEAL FOR THE CAMPER WHO NEEDS EXTRA ROOM. 12 ft. 5 in. from front to rear at the base and 10 ft. wide. Has over 120 sq. ft. of floor space. Has a center height of 7½ ft.—plenty of room to stretch in. This, plus its roomy rear extension (see Fig. 3) makes it the perfect tent for family camping. Has up to 42 more square ft. of floor space, and is 6 in. to 1 foot higher than the average umbrella tent.

HIGH COUNT RUGGED BOAT SAIL DRILL MATERIAL weighs 7.68 oz. per sq. yd. before chemical treatment to repel water. Tent is Green color. Sewed-in floor of tent is also made of water-resistant treated material.

LARGE PLASTIC SCREEN WINDOWS AND DOOR. One 16x30-in. screened rear window (see Fig. 3), two 16x16-in. side windows and the screened front door provide 4 way cross ventilation and protection from insects. Window flaps that can be raised or lowered from inside the tent are used for protection from the weather. Zipper door of half plastic screen, half material zips down center from inside or out . . . prevents entry of small animals, yet gives 4-way cross ventilation and privacy. Front canopy can be lowered over door and tied to close the entrance.

METAL EAVES ASSEMBLY . . . holds roof taut for a good watershed. Jointed center and awning poles come apart for easy, compact carrying. One man can easily set tent up or take it down. Tent and poles can be rolled and readily carried in car trunk. Rear wall is supported tautly by two poles and guy ropes.

RUGGED ROOMY CONSTRUCTION. All seams and tie tapes are double stitched with heavy cotton thread for long wear and to resist deterioration. Tent is 7½ ft. high at center, 6 ft. high at eaves and 5 ft. square at eaves. Rear extension is 4 ft. high. Complete with jointed center pole, two rear poles, jointed canopy poles, metal eaves assembly, stakes, ropes, and instructions included.

60 C 9610 R—Ship. wt. 66 lbs. $7.50 Down on Terms.....or Cash $72.95

DE LUXE STEEL CORNER UMBRELLA TENT 67.95

(G) An excellent tent for the entire family. Extra netting room (H) above or easily attached drill curtains (sold separately below—see fig. (GG) right), can be attached to make an extra room of approx. 35-sq. ft. floor area. High count boat sail drill material. Weighs 7.68 oz. per sq. yd. before treatment to repel water. Sewed-in floor is also made of water repellent treated material. Tent is attractive Green color.

TELESCOPING STEEL CORNER AND AWNING POLES—Steel corner pole frame holds roof, sides taut, eliminates center pole, provides unobstructed interior space. Frame telescopes and folds for compact carrying. V-shaped canopy frame supports front awning, gives a peak for better watershed, more headroom. Guy ropes from eave corners give added rigidity.

PLASTIC SCREENED REAR WINDOW provides controlled ventilation. Inside flap can be raised or lowered for privacy, weather protection. Divided zipper door of half material, half plastic screen gives both ventilation and privacy. Front canopy can be dropped, tied over screened entrance.

ROOMY DESIGN—Center ht. 7 ft., eave ht. 5¾ ft., base size 9⅓x9⅓ ft. square, 4½ ft. square at eaves to give more interior room. Frame, poles, guy ropes, stakes, bag and instructions included.

60 C 9611 R—Ship. wt. 65 lbs. $7 Down.....Cash $67.95

(H) PLASTIC MOSQUITO NETTING ROOM. Curtains clip under front awning to make screened-in room. Sod cloth around bottom provides extra protection against insects.

60 C 9618 M—Ship. wt. 6 lbs. *Mailable*.....$19.95

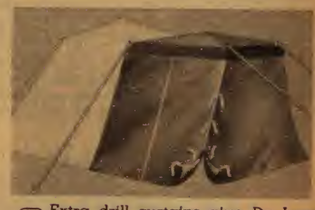
(GG) WATER REPELLENT DRILL CURTAINS (at right). Curtains clip under awning for second room. Same material as tent.

60 C 9619 M—Ship. wt. 20 lbs. *Mailable*.....$16.95

TWO-MAN OVERSIZE PUP TENT 18.75

(J) Has more floor space and inside room than the usual pup tent. Green finished, water-repellent treated drill material. Material weighs 7.68 oz. per sq. yd. before treatment. Tent is 5 ft. wide and 86 in. long. Center height 3 ft. 6 in. Sewed-in floor of lighter 5.90 oz. drill reduces overall weight. Plastic screen door snaps down center, across bottom for insect protection. Storm flaps lower, tie over entrance in cold or rainy weather. Incl. ropes, poles, stakes.

60 C 9605 M—Ship. wt. 16 lbs. *Mailable*.....$18.75



(GG) Extra drill curtains give De Luxe Umbrella Tent (G) an extra room.

(3) Roomy rear extension on umbrella tent (F) gives extra interior space.

(4) Fly Top Ventilator—Tent (K).

Gives double protection from weather, may be left open even during rain.

POPULAR "DRAW-TITE" PORTABLE TWO-MAN TENT 44.95

(K) Can be erected in less than 5 minutes—no stakes, or guy ropes necessary—no inside poles used. Self-supporting frame of jointed aluminum rods attach to top spanner tubes; tent suspends from outside frame. Can be pitched on desert sand, solid rock, ice or in deep snow. Weighs only 16 lbs.—can be easily picked up and moved as a unit even while assembled.

RUGGED, LIGHTWEIGHT CONSTRUCTION—high count 7.68 oz. boat sail drill—water repellent and mildew resistant treated. Sewed-in moisture resistant floor. Mineral dyed pearl gray color. More interior space than other two-man tents—front ht. 44 in.; rear ht. 31 in.; base or floor size 57 in. wide by 96 in. long.

SCREENED PROTECTION—3-way zippers close Nylon mesh screen door, top ventilator. Separate top fly (see fig. (4) above), ties to outside frame. Protective door flap gives all weather comfort. *Mailable.*

60 C 9639 M—Ship. wt. 17 lbs. $4.50 Dn.....Cash $44.95

IMPORTANT: BEFORE ORDERING SEE NOTICE ON TENTS AND SHIPPING OPPOSITE PAGE.

Scout-size Tents for Camping

DE LUXE SCREENED SCOUT SIZE UMBRELLA TENT 18.95

A Perfect for Scouts and other young campers. Similar in design to adult Umbrella camp tents, but smaller in size and lighter in weight for easier handling. Easy to set up and take down. Plastic screening and sewed-in floor make it an all-climate tent. Base size 7x7 ft.; height 5½ ft. at center, 4 ft. at eaves. 2 ft. 9 in. square at eaves. Made of 6.74-oz. drill material treated with fine penetrating wax to repel water. 5.90-oz. sewed in drill floor to block out drafts, protects against insects. Green color.

Plastic Mesh Screened Door and Window with storm flap. Canopy can be lowered and tied over front door for protection at night or from weather. Comes complete with ropes, stakes, jointed center pole, 2 awning poles, and pitching instructions.

IMPORTANT INFORMATION ON TENTS

Scout-size and Pup tents (A) to (D) are water-repellent treated with the best penetrating wax available. They repel water as well as any other tents of like materials, but no tent is absolutely waterproof in severe weather. Some wax finishes may rub off but colors will not run. Tent materials shrink in use about 1 in. per ft. due to climatic changes. Used or soiled tents are not returnable except for defects in workmanship.

SCOUT-SIZE WALL TENT 13.45

D A practical, inexpensive tent for young campers, suitable for overnight camping. Similar in design and shape to adult Standard Wall Tents, but smaller size and lighter in weight for easier carrying and packing. Made of 6.74 oz. per sq. yd. drill material that is wax treated to repel water. Finished in attractive Green color that most campers prefer.

Front flaps can be tied open for ventilation or closed in rainy or cool weather for more comfort. Tent is finished to full size, 5 ft. high at the peak, 2 ft. at eave. Base size is 5x7 ft.

Complete with ropes, upright poles, jointed ridge pole, anchoring stakes, and instructions.
60 C 9635 MO—Ship. wt. 16 lbs. *Mailable*.$13.45
Buy in lots of 3 or more and save 7%. Ea. 12.45

IMPORTANT NOTICE ABOUT PLAY TENTS

Play tents (E) to (H) listed below are not designed to be camping tents, but are ideal for children's playtime hours. They are made of lighter weight materials and are not water-repellent. Tents come complete with ropes, stakes, poles—easy to put up or take down.

Adult camping tents are larger, made of heavier, sturdier materials—See Pgs. 742–743

JUNIOR PLAY TENTS FOR BACKYARD FUN

E WARDS UMBRELLA PLAY TENT. Roomy 7x7-ft. size is designed to look just like Dad's camping tent—serves as an excellent back yard headquarters, to keep your youngsters busy and happy out-of-doors.

Straight Ladders for Amateur or Professional

VERSATILE 2-IN-1 COMBINATION 9.25 5 Ft.

FOLDS to form rigid stepladder.
OPENS to straight ladder.
FOR ALL USES indoors or out.

[1] Excellent for home, shop or farm. Opens to almost twice folded height. Positive locking hinge adjusts ladder easily and quickly to either position; holds ladder rigid.

Use for cleaning, painting, repairing. For one story houses the 5- or 6-ft. length, extended, is usually adequate for exterior work.

Made of select ladder-stock wood. Grooved steps, 3¾ in. wide on front (or lower) section, give firm footing. Back (or top) section has rungs mortised into side rails. Both steps and rungs are braced by bolted steel rods for extra support. All metal parts are rust-resistant. *Not Mailable.* Shipped, Freight, Truck or Express. See Ladder Facts, opposite page.

5-FT. LENGTH. Opens to 10 Ft.
75 C 6708 R—Ship. wt. 20 lbs. $9.25

6-FT. LENGTH. Opens to 12 Ft.
75 C 6709 R—Ship. wt. 24 lbs. $10.95

7-FT. LENGTH. Opens to 14 Ft.
75 C 6711R—Ship. wt. 28 lbs. $13.25

8-FT. LENGTH. Opens to 16 Ft.
75 C 6712 R—Ship. wt. 32 lbs. $14.95

IMPORTANT LADDER SHIPPING INFORMATION. All ladders on this page are shipped from Stock by Freight, Truck or Express. *Not Mailable.* You pay shipping charges. See Pages 970 to 972.

CONVENIENT TERMS—10% Down. See Page 981.

LIGHTWEIGHT MAGNESIUM 43.50; ALUMINUM 38.50 20 Ft.

EASY TO HANDLE—One person can carry and place.
STRONG—Will hold static weight up to 1000 pounds.
NEED LITTLE CARE—Will not rust, splinter or warp.

[2] [3] For home, farm, business or industry. Sections come apart easily for use as single ladders—just slide end off end. Rounded ends prevent scarring walls. Do NOT use near electricity or in electrical storms. *Not Mailable,* shipped Freight, Truck or Express. See Facts on next page.

(3) ALUMINUM. Slightly heavier than Magnesium, but costs less. Like (2), but with rungs flanged to modified "I" type side rails.

Gravity hooks secure extension. Rubber shoes included.

SUPREME REINFORCED WOOD 23.95 20 Ft.

RUNGS REINFORCED with steel rods.
STURDY—holds up to 1500 pounds.
EASY TO RAISE with rope, pulley.

[4] Tested by Wards Bureau of Standards. Strongest and best quality wood ladder we know of.

Rungs mortised and nailed into side rails of seasoned ladder-stock wood. Steel rods—bolted through side rails (small picture).

Steel gravity hooks lock extension into position automatically. Four steel guides keep extension aligned for easier raising. Rope and pulley, included to help raise and lower extension. Rust-resistant metal parts. Shipped Freight, Truck or Express. See Facts, next page.

WORK-SAVING LADDER ACCESSORIES

[6] LAD-R-LOC. Acts like top shelf of stepladder. You stand directly in front of work. Holds ladder away from building. Rubber pads protect wall. Tray to hold tools. Rust-resistant finish. With tie-rope.
75 C 6893 M—Shipping weight 10 lbs. ..... Each $4.19

[7] STEEL PLATFORM FORMS STEPLADDER. Reduces foot strain, leg fatigue. Hooks over rungs for wider step. Welded steel rods. Size, 9½ by 10½ in. wide.
75 C 6876 L—Shipping weight 4 lbs. ..... Each $2.59

[8] ROPE AND PULLEY ATTACHMENT. Raise and lower extension easily. Steel pulley. Rope ⅜-in. diam.
75 C 6796—FOR 20 TO 26-FT. Ship. wt. 1 lb. 8 oz. .. $1.35
75 C 6797—FOR 28 TO 34-FT. Ship. wt. 1 lb. 12 oz. .. 1.95
75 C 6798—FOR 36- TO 40-FT. Ship. wt. 2 lbs. $2.35

LADDER HOOK, BRACKETS, SHOES FOR ADDED SAFETY

[9] ADJUSTABLE LADDER HOOK. Attaches quickly to rungs of any ladder. Hooks over peak of roof. Steel, 1 by 5/16 in.
75 C 6894 L—Shipping weight 2 lbs. 8 oz. ..... Each 89c

[10] LADDER BRACKETS. Use with extension or solid planks up to 18 in. wide. Use instead of scaffold. Adjust to any angle ladder may be inclined. Steel, 1¼ by 5/16 in. Sold in pairs only.
75 C 6896 MB—Shipping weight 21 lbs. ..... Pair $5.45

[11] SHOES FOR MAGNESIUM LADDERS. Non-slip rubber tread. Attach easily. In pairs only. Ship. wt. 1 lb.
75 C 6888—FOR 20- TO 28-FT. EXTENSION LADDERS ..... Pair $2.95
75 C 6889—FOR 32- TO 40-FT. EXTENSION LADDERS ..... Pair 2.95
75 C 6887—FOR 12- TO 16-FT. SINGLE-SECTION LADDERS. Pair 2.95

[12] SHOES FOR WOOD LADDERS. Steel body. Cord and rubber treads for wet, dry or oily surface; steel spike end for ice.
75 C 6890—Not for 2-in-1 ladder. Ship. wt. 1 lb. 4 oz. . Pair $2.89

LADDER LEGS, ROOF PLANK BRACKET, PAINTING AIDS

[13] EXTENSION LEGS. To level off wood ladders on steps or uneven ground. Treaded safety shoes for sturdy grip. Positive-lock Wing-nut for easy raising or lowering. Full 10-in. adjustment.
75 C 6877 M—Shipping weight 7 lbs. ..... Pair $5.

[14] ROOF PLANK BRACKETS. Nail without damage on nearly any roof except tile, metal or slate. Center bar flanged for extra strength. Holds plank up to 6 in. wide. Made of 2-in. steel.
75 C 6895 L—Shipping weight 4 lbs. ..... Pair $1.

[15] PAINT BUCKET HOLDER. Keeps paint bucket handy yet out of way. Use on either side of ladder. Hooks on rungs.
75 C 5447—Shipping weight 1 lb. ..... Each

[16] STEEL PAINT AND UTILITY BUCKET. Easy to carry paint to job. Also for easier mixing, color blending. Many other uses
75 C 5448—Shipping weight 1 lb. 4 oz. .... Each 47c; 2 for

Step and Platform Ladders for Home or Shop

LIGHTWEIGHT, DURABLE ALUMINUM 14.95 4 Ft.

EASY TO CARRY—almost anyone can handle.

WEIGHS ONLY 2½ LBS. per ladder foot.

CHANNEL-TYPE RAILS AND RUNGS for greater support.

17 Excellent for household or professional use. Made of strong aluminum with riveted construction. Won't snap or break; rust or corrode. Back section braced for extra strength. Positive hinge type lock keeps ladder rigid. Steps grooved for firm footing. Non-skid rubber shoes on all legs hold ladder in place; prevent slipping. Large paint shelf. Folds compactly for storage. *Not Mailable;* shipped Freight, Truck or Express. See Ladder Facts below.

75 C 6870 R—4-Ft. Size. Ship. wt. 10 lbs. $14.95

75 C 6871 R—5-Ft. Size. Ship. wt. 12 lbs. 16.95

75 C 6872 R—6-Ft. Size. Ship. wt. 15 lbs. 20.95

75 C 6874 R—8-Ft. Size. Ship. wt. 20 lbs. 28.95

WOOD PLATFORM FOR HOME USE 7.95 4 Ft.

18 Comfortable. Stable. Wide, rigidly braced work platform (15 by 13 in. on 5-ft. height), permits you to stand "inside" of ladder. Allows freedom of movement; permits you to work more efficiently. Side rails act as steadying brace (see Picture under 21 for example). Because both feet rest on platform, leg and foot fatigue is reduced. Steps serrated for firm footing; reinforced with steel rods.

Select ladder-stock wood. Platform (2 ft. high on 4-Ft. ladders; 3 ft. high on 5 ft.) acts as rigid brace to hold ladder open. All hardware rust-resistant. Five-foot *Not Mailable.* Shipped Freight, Truck or Express. See Ladder Facts below.

75 C 6866 MO—4-Ft. Size. Ship. wt. 14 lbs. $7.95

75 C 6867 R—5-Ft. Size. Ship. wt. 17 lbs. 9.25

FACTS ABOUT LADDERS

BASIC TYPES: 1) Step and Platform. Primarily for interior use. Practical heights for most amateur or professional uses vary from 24-in. step stool (23, 24 below), to 8-ft. ladder (17, 19, 20, 21, above). 2) Straight. (Single or Extension; opposite page.) Primarily for exterior use. Extension ladder is two overlapping single ladders. Practical heights vary from 10 to 40 ft. For one-story houses, 12- or 16-ft. single section is usually adequate. 3) Combination. (No. 1, opposite page.) For interior or exterior work. One ladder serves as two. Excellent for one-story houses.

Construction; Wood. Side rails and steps of high quality ladders are made of kiln-dried, excellent "ladder stock" with straight grain and correct strength in relation to weight. Rails and steps equal or exceed dimensions for safety established by the industry. These sizes are given in tables listing wood straight ladders. Dimensions and type of wood vary depending on wood available.

Steel rods underneath each rung or step and inserted through side rails, with washers to secure, offer best reinforcement. Back bracing on step or combination ladder usually consists of rungs, or slats in "X" or "V" shape for extra rigidity.

Metal: Magnesium or Aluminum. Magnesium is slightly lighter in weight than aluminum, but both are easy to handle; long-lasting. Require little care; resist corrosion; won't rot or splinter. (Don't use too near electricity or in electrical storms.)

Tubular rungs, on straight type, inserted through "I" type side rails. Aluminum rungs flanged into side rails; magnesium rungs welded in. Step type usually riveted.

Correct Size. For step ladders, your height plus distance from second ladder step to floor should about equal ceiling height.

To determine extension ladder length, subtract about 3 ft. from nominal (or given) length to allow for overlap, and one foot for slant. (Place bottom of ladder ⅓ of ladder height away from wall for safety angle.) Tables on opposite page give height to which ladder will reach. Average man can work to 2 ft. or more above ladder.

REINFORCED WOOD 6.59 5 Ft.

DURABLE—Can take rough handling.

CONSTRUCTED OF LADDER-STOCK WOOD for years of wear.

BACK BRACED BY RUNGS and stabilizer bar for sturdiness.

19 For professional or household use. Grooved steps mortised into extra-wide side rails. Ladder folds compactly for storage. Hinge-type lock keeps ladder stable when open. Large pail shelf. Rust-resistant hardware. *Not Mailable;* shipped Freight, Truck or Express. See Facts below.

75 C 6969 R— 5-Ft. Size. Ship. wt. 20 lbs. $6.59

75 C 6970 R— 6-Ft. Size. Ship. wt. 24 lbs. 7.69

75 C 6972 R— 8-Ft. Size. Ship. wt. 32 lbs. 9.95

75 C 6973 R—10-Ft. Size. Ship. wt. 40 lbs. 12.50

75 C 6974 R—12-Ft. Size. Ship. wt. 48 lbs. 17.95

STANDARD WOOD 3.69 4 Ft.

20 Easy to Handle. Low Priced. Excellent for household use. Made of warp-resistant ladder-stock wood. Back section "X-braced" for strength. Spreader type steel safety locks keep ladder open; permit compact folding for storage. Steps reinforced with steel rods fastened through side rails with washers; grooved to give firm footing. Convenient pail shelf. Rust-resistant hardware. *Not Mailable.* Shipped Freight, Truck or Express. See Ladder Facts below.

75 C 6958 R—4-Ft. Size. Ship. wt. 14 lbs. $3.69

75 C 6959 R—5-Ft. Size. Ship. wt. 17 lbs. 4.59

75 C 6960 R—6-Ft. Size. Ship. wt. 21 lbs. 5.59

75 C 6962 R—8-Ft. Size. Ship. wt. 28 lbs. 7.95

LADDER SHIPPING INFORMATION

Ladders and Planks on this page (except Step Stools Nos. 6826, 6927 and ladder 6866) *Not mailable;* shipped Freight, Truck or Express. You pay shipping charges. See Pages 970, 971.

HEAVY-DUTY WOOD PLATFORM 8.95 4½ Ft.

WIDE PLATFORM reduces foot fatigue.

SAFER—You stand "in" ladder.

REINFORCED for long, hard service.

21 For home, farm, industrial, professional use. Both feet rest firmly on large, stable platform steps that help reduce foot and leg fatigue, even during prolonged ladder work.

By swinging those hinged platforms not in use up and out of the way, as shown in small picture, you can step farther "into" ladder—even turn around and stand backward to reach difficult angles with greater safety and comfort. Puts you closer to job. Side rails act as guards to steady you (small picture at right).

Made of select ladder-stock wood with wood-riveted-to-steel construction. Back braces are steel trussed with heavy steel rods through side rails for reinforcement. Platform and side rails joined by steel braces and plates for support.

Ladder folds compactly for storage. Legs reinforced to keep ladder resting firmly on surface; help prevent teetering. Handy folding tray for buckets, brushes, etc. *Not Mailable.* Shipped Freight, Truck or Express. See Facts below, left.

75 C 6860 R—4½-Ft. Size. Ship. wt. 19 lbs. $8.95

75 C 6861 R—5½-Ft. Size. Ship. wt. 24 lbs. 9.95

HEAVIER-DUTY WOOD PLATFORM 15.50 6½ Ft.

PROFESSIONAL TYPE with extra sway braces. Same seasoned ladder-stock wood and quality construction as (21) above. Approved by UL. *Not Mailable.* Shipped Freight, Truck or Express.

75 C 6863 R—6½-Ft. Size. Ship. wt. 31 lbs. $15.50

75 C 6864 R—8½-Ft. Size. Ship. wt. 40 lbs. 19.95

WOOD EXTENSION PLANKS 7.95 to 11.95

22 For Faster, Safer Ceiling Work, Etc. Telescopic type. Place plank between two stepladders (small picture above) or use with Ladder Brackets (10) and two extension ladders. Eliminates constant moving of ladder. Enables you to work faster and in a more relaxed position. Safer, more efficient than makeshift extensions.

Made of select, seasoned wood rails. Two heavy steel adjustable rods at each end hold rails rigidly together. Wrap-around straps of 1¼-in. steel, securely riveted to each rail, give dependable security, balance and rigidity at all times. Smooth almost effortless extending. *Not Mailable.*

75 C 6897 R—5-Ft. Length. Extends from 5¼ to 8¼ ft. Shipping weight 25 lbs. $7.95

75 C 6898 R—6-Ft. Length. Extends from 6¼ to 10¼ ft. Shipping weight 30 lbs. $9.25

75 C 6899 R—8-Ft. Length. Extends from 8¼ to 14 ft. Shipping weight 45 lbs. $11.95

COMPACT LADDER STOOLS 1.79, 7.95

23 24 Handy in Home or Shop. For quickly reaching upper kitchen cabinets, high shelves, etc.; for washing windows, washing car. Fold compactly for easy carrying and storage in minimum space.

(23) High-Strength Aluminum Alloy. Will not rust or corrode. Back "X-braced". Grooved steps, 2½ in. wide, give firm footing. No sharp corners or edges, protruding screws or rivets. Non-skid rubber feet. *Mailable.*

75 C 6826 MO—27-In. Ship. wt. 5 lbs. $7.95

(24) High Quality Wood. Riveted. Back "V-braced" for rigidity. Spreader-type, rust-resistant steel safety locks. Reinforced steps, 3½ in. wide, same as on tall ladders. *Mailable.*

75 C 6927 MO—24 In. Ship. wt. 3 lbs. $1.79

Convenient Terms. Pay 10% Down. Use Wards Monthly Payment Plan. See Inside Back Cover for complete details.

Fine Interior Finishes to Brighten Any Room

THIXOTROPIC . . . SILICONES . . . ALKYDS . . . ACRYLICS . . . WHAT DO SUCH WORDS ON PAINT MEAN TO YOU?

Paint technology is moving forward fast today. And chemists in Wards own paint factory are out in front. Wards pioneered the use of *Silicones*, *Acrylic* and *Alkyd* resins in paint. And now, *Thixotropic* Interior Finishes.

What do such scientific words mean to you when you buy paint, and when you put it on your walls? They all add up to better paint.

THIXOTROPIC. Designates new *ready-to-use* oil base finishes that come gel-like in the can, but liquefy as they are spread (Wards Thixotropic brand). Will not "settle out"; need no stirring; easily handled to avoid sagging on walls; to avoid dripping and flowing back into brush heel and onto hands.

An added ingredient makes various oil-base paints gel and stay mixed—"Thixotropic" does not indicate the quality of the paint. However, Wards Thixotropic comes only in First Quality, Flat Paint and Satin Enamel, listed below.

ALKYD RESINS. Make paints tough, scrubbable, self-sealing. Alkyds make practical the soft beauty of Flat Finishes, preferred by so many for living and bedrooms. Wards Thixotropic and Super Wall Finishes on this page are all compounded with alkyd resins.

SILICONES. Synthetics chemically related to glass. Ward chemists led in their use to make fine enamel smoother, tougher, without brittleness. Wards Thixotropic Satin, All-Purpose and Porcelain White Enamels are "siliconized."

ACRYLIC RESIN. Chemically related to Plexiglas. Another Ward "first." See water-thinned Rubberflex, below. (Acrylics not now used by Wards for oil paints.)

All Ward oil-base finishes are compounded with finest oils, resins, pigments, thinners, driers, etc. Linseed Oil is still the basic vehicle of many fine oil paints. But even Linseed Oil today is "polymerized" and otherwise processed to make it better. Other processed oils, from tung nuts, soy beans, etc., are used for their special properties. Paint making today is a science. The Ward paint chemist's constant aim is to make paints, enamels and clear finishes that apply more easily; require less "clean-up"; provide more beauty and protection longer.

RUBBERFLEX...WARDS BEST FLAT WALL PAINT

NO PAINT-LIKE ODOR. No ventilating. Use room same day.

HIGHER COVERAGE; HIGHER HIDING. Usually only 1 coat.

DRIES IN AN HOUR. No delay for second coat, if needed.

USE ON MOST DRY SURFACES. No primer or sealer required.

Save without sacrificing quality; only $4.75 gallon. Starts beautiful and stays beautiful. The inert acrylic resin base (chemically related to Plexiglas) preserves the original color and satin-like finish.

Easier and faster to apply. Flows on smoothly and evenly from roller or brush. Developed by Wards to meet present-day needs of both amateur and master-painter. Easily touched up—no lap or brush marks will show when dry.

Rubberflex is the most nearly odorless paint on the market today. This new pure acrylic resin base paint has only the slightest detectable odor—not "paint-like"; not unpleasant or irritating; not lasting. No ventilation required.

Extra tough; extra scrubbable. You can scrub Rubberflex almost at once, repeatedly and hard.

Rubberflex comes in 23 popular, decorator-approved colors listed at right. Easy to intermix for additional colors. Requires only moderate stirring.

And Rubberflex comes in the same colors as Wards Thixotropic Satin, listed below. You can do the walls and ceilings in Rubberflex Flat—the woodwork and other trim in Thixotropic Satin Enamel—matching or contrasting colors. Send for FREE Color Card No. 100—coupon on Page 760.

Clean tools, hands easily with soapy water. Rubberflex dries fast; wipe splatters at once with damp cloth.

Use on interior plaster, wall-board, dry-wall construction, wallpaper, brick, stone, concrete, tile, metal—bare or painted. (Modify glossy surfaces with sandpaper, steel wool or Excel-Prep—Page 766. Any kalsomine must be thoroughly removed before applying any paint.) To stipple walls, add Ready-Mix Joint Cement, Page 766. For sand plastered wall finish, add Sand-Kote, Page 760.

A gallon of Rubberflex will finish close to 600 sq. ft. on most surfaces, often more, one coat—usually all that is needed. If increased hiding is needed, Rubberflex is one paint that can be coated on more heavily. Two coats may be needed, for light colors; no waiting between coats.

THIXOTROPIC...NEW, READY-TO-USE, GEL-TYPE OIL-BASE FINISHES

NO STIRRING OR SHAKING. Stays mixed. No thinning.

EASIER TO APPLY. "Flows" on without pull or drag.

LESS DRIPPING, RUNNING. Easier to carry to surface.

Wards new gel-form, non-settling oil-base finishes, in choice of Flat or Satin. Ward "Lo-Odor"—as nearly odorless as fine oil paints can be made today.

Tailored for the amateur who wants a truly professional looking oil-base finish with minimum effort and "mess."

It comes ready-to-use. Just open the can, dip the brush into the gel-like paint and apply. Finish begins to turn liquid with the first stroke. So simple, so neat.

Gel-form makes it much easier to transfer paint from can to wall (even ceiling) without dripping; less-tendency to run down into the brush heel and onto the hands. Less splattering and dripping. Easier to "clean-up." (Use turpentine or paint and varnish thinner, listed on Page 758.)

Rolls on smoothly, too. For roller application, transfer paint from can to roller tray with putty knife or similar tool.

Thixotropic Satin and Flat each comes in an array of up-to-the-minute decorator colors. Satin comes in most of the same colors as Wards exclusive Rubberflex Flat (above). Now you can do the walls and ceiling in Rubberflex Flat; the woodwork or other trim in this soft-sheen, so-easy-to-clean luxury enamel. Satin comes also in the 5 nationally advertised General Electric (GE) Kitchen Colors.

For additional colors, tint White Thixotropic with Oil Color Concentrate (Page 760); or intermix 2 or more colors of Thixotropic Satin or Thixotropic Flat.

THIXOTROPIC FLAT WALL PAINT IN 12 COLORS. $4.39 gallon. Read information at left, also. One coat usually covers a similar color. Use on registers, radiators, etc., as well as walls and ceilings. No sealer or primer needed. Dries to touch in 2 hours; completely in 4 to 8 hours. Gallon covers up to 600 square feet, 1 coat. Ask for FREE Color Card No. 300—coupon on Page 760.

GALLON. Ship. wt. 17 lbs. $4.39

QUART. Ship. wt. 4 lbs. 4 oz. 1.29

HOW MUCH PAINT TO BUY

FOR CEILING. Multiply length by width, in feet. (If drop type, add areas of four wall strips—if to be same color.) Divide area by square feet gallon of paint covers.

FOR WALLS. Measure total distance around four walls of room; multiply by height from baseboard to ceiling, or to molding in case of drop ceiling. Subtract areas not to be painted—doors, windows, etc. Divide by square feet one gallon of the paint being used will cover.

Allow 1 pint for every 100 running feet of average door and window frames, woodwork. Increase if extra wide.

THIXOTROPIC SILICONIZED SATIN ENAMEL. $5.35 gallon. In 23 rich colors. Be sure to read information at left and above, also. One coat usually covers a similar color. Excellent for walls in kitchens, bathrooms and nurseries. Fine for woodwork in any room. Easy to apply. Easy to clean.

Over new plaster or wallboard or over old, porous paint, first apply Primer and Sealer, Page 766. Over new wood or metal first apply Enamel Undercoat Page 760 (or Chromate primer, Page 757). Dries in 4 to 7 hours. Gal. covers up to 600 sq. ft., 1 coat. Send for FREE Color Card No. 100; coupon, Page 760.

WARDS SUPER...FIRST QUALITY OIL-BASE FINISHES

SELF-SEALING SUPER FLAT WITH ALKYD RESINS to give it a tough, mar-resistant surface that is actually scrubbable. When you paint with Super Flat, you'll find the non-penetrating sealed-in oils make it easy to apply; and it is as nearly odorless as a fine oil-base paint can be made.

The velvet-flat finish softens light, eliminates glare, beautifies rooms. Dirt, grease, finger marks do not penetrate. One coat usually covers a similar coat on walls and ceiling of living and dining rooms, bedrooms, halls; also radiators and registers. No primer needed on any surface. Intermix colors or use Oil Color Concentrates (Page 760) for other hues. Dries in 4 to 6 hours. Gallon covers up to 600 sq. ft., 1 coat. Order from table at right.

SUPER SEMI-GLOSS ENAMEL. Its soft glow gives less reflection than gloss. Dirt and stain, grease and smoke do not penetrate its tough, hard surface. Retains its color and sheen after repeated washings. Dries overnight.

For kitchen, bathroom, laundry room; on walls, ceilings, woodwork of other rooms. Also for radiators, registers, or wherever extra washing is required. Over new plaster, first apply Dry-Fast Primer or Oil-Base Primer (Page 766). On new wood or metal, Enamel Undercoat (Page 760). Gal. covers to 600 sq. ft., 1 coat. Order from table, right.

SUPER GLOSS ENAMEL. Independent tests have proved that this enamel excels in hiding power, high gloss, washability, brush ease, leveling and resistance to cracking. Use it where water splashing, steam, grease and frequent washings would discolor or wear away other finishes. Dirt, grease, household stains will not penetrate its hard surface. All colors have high resistance to streaking, fading.

Excellent for kitchen, bathroom, utility, laundry rooms. Popular for woodwork in all rooms. One coat usually covers a similar color. Over new plaster, porous old paint or flat paint, first use Dry-Fast or Oil-Base Primer (Page 766). On new wood or metal, Enamel Undercoat (Page 760). Gallon covers to 600 sq. ft., 1 coat. Order from table below.

CASEIN FLAT WALL PAINT

INEXPENSIVE, ATTRACTIVE FLAT FINISH for interior walls and ceilings. Can be washed after 30 days. Eight colors to choose from—blend in nicely with any color scheme. Use in any room. Easy to apply with wall or kalsomine brush or roller.

Dries quickly. Paint room in morning—use it in the afternoon. Leaves no objectionable odor. Just mix powder with water and apply. Covers almost any surface—wallpaper, wallboard, paint, canvas, plaster, concrete, brick.

Five pounds covers up to 400 sq. ft., 1 coat. Ten pounds will finish average room. Send for FREE Color Card No. 300; coupon on Page 760.

The Truth About

PAINT ODOR. WASHABILITY. COVERAGE. HIDING

Many claims are made for various interior paints, including "odorless," "scrubbable"; also "coverage" and "hiding" claims. The facts as Ward paint chemists see them are:

1) THERE IS NO SUCH THING AS A TRULY ODORLESS PAINT. Strength and duration of oil-base paint odors have been greatly reduced, but none of them should be applied except in a well ventilated room. An odor will linger for at least a few hours. Various "latex-base" and "rubber-base" (Rubberflex) paints, have less odor than oil-base.

2) FINE OIL FINISHES—alkyd flats and enamels—and rubber-base finishes withstand considerable actual scrubbing (not just washing) after proper curing. PURE ACRYLIC FINISH (RUBBERFLEX)—not a mere acrylic blend—is most scrubbable, usually about an hour or two after application.

3) "COVERAGE" IS NOT THE SAME AS "HIDING." A good paint coat may be as heavy as it should be and yet not hide the surface. Hiding depends on pigment; coverage more on "vehicle" or "binder." For example, clear finishes cover without hiding. The intense white pigment, titanium dioxide, often hides better than darker colors.

Labels usually state that a given amount of paint will cover up to a stated number of sq. ft. The figure usually applies to a smooth surface in good condition. On rough or poorly sealed surfaces, the area covered will be less.

Ward paints, type for type, are as "odorless," "scrubbable," "one-coat" as any on the market today. See "Truth About One-Coat" and "Durability" on Page 756.

The Truth About

"ONE-COAT" PAINTS AND DURABILITY

Various paints (including some Ward paints) are advertised as "one-coat" finishes, implying a big saving in labor and material.

Any one of a number of quality paints will give an excellent finish with one coat properly applied over a previously painted or correctly primed surface of suitable color in good condition.

On the basis of extensive testing and observation of scores of leading brands of house paint and experimental formulas, Wards laboratory experts believe: a) For one-coat re-painting over a good surface, Wardwhite gives results unexcelled by any other today. b) There is NO house paint today that will give a satisfactory one-coat finish over a painted surface in poor condition, or over unpainted wood.

Ward chemists do not believe there is an interior paint which will always give a satisfactory one-coat finish. Wards Rubberflex will often give an excellent one-coat finish even on a "new" wood surface and is closer to being a "one-coat" than any tested.

White or light yellow usually requires 2 coats. Over old paint, need of a second coat depends on colors involved and surface condition.

PAINT DURABILITY CLAIMS are often made—in general terms or for a number of years. Durability varies as to application and exposure.

Whether a paint is called "5-year" or "3-year", or it is merely stated as "durable," Ward tests show Ward Paints type-for-type last as long or longer in uses for which formulated, as any paints today.

Wardwhite or Wards Super House Paint will give 5 years or more service under suitable conditions, leaving a good re-painting surface.

Any paint may flake or peel if moisture comes through from the back due to condensation or leaks. Paint cracking or checking is due to improper preparation or application, or poor or incorrect paint. Paints may also wear out or wear through from rubbing or "chalking." For details, send for FREE copy of Wards "How To Paint" book—coupon on Page 760—or get one at a Ward Catalog Office.

SUPER BARN PAINT FOR PROTECTION
2.39 Gal. in 5's

SHINGLE PAINT IN MEADOW GREEN
2.59 Gal. in 5's

First-Quality Exterior Paints that Protect and Beautify

Painting is plain good business for home, farm or factory. Protection is especially important today due to the high building costs.

Because labor is the big factor, whether you do the painting yourself or have it done, regular painting with Wards Top Quality Paints is an investment, not an expense. It takes no more labor (often less) to apply the best paint.

Wards Exterior Paints have the right ingredients, properly compounded and proportioned to preserve and beautify. Because paint eventually wears out when sun, rain, heat, cold and fumes break down the oils, Wards formulates pigments in proper balance to rich Linseed and other oils to give longer lasting coverage.

The whitest paint pigment that can be used (the one that "hides" the best) is Titanium Dioxide, used in Wards White Exterior Paints. Ward pigments are micronized; ground extra fine. Smaller, more uniform particles give better blending; better finish; durability. Other agents bind the pigments securely together and to surface. Also regulate "chalking", self-cleaning action of white house paints.

HOW MUCH PAINT OR UNDERCOAT TO ORDER. Figure square foot area to be covered. Multiply distance around building by height to eaves. Then add square feet of each gable (½ gable height times width at base of gable). Next divide total by number of square feet 1 gallon of the paint to be used covers (given in description). Result is gallons needed for ONE COAT.

HOW MANY COATS– If surface is new or renewed (old finish removed) or old finish is in poor condition, apply 2, preferably 3, coats; first coat must seal—use proper undercoat or thinned finish paint (see individual descriptions). Over previously painted surfaces in good condition: *White House paint*—use 1 coat of Wardwhite, or 1 or 2 coats of Titanium White Super, as needed (choice of two methods is matter of preference); *Colors*—use 1 or 2 coats as needed for good hiding, to be determined by colors and surfaces involved. See "Truth About One-Coat Paints" opposite page.

WARDS SUPER BARN PAINT AND CREOSOTE PAINT CONTAIN NO LEAD; when dry they will not cause serious effects if licked or chewed by animals.

HOUSE FINISHES FOR WOOD, BRICK, MASONRY, SHINGLE SIDING...FOR TRIM

1-COAT WARDWHITE 5.59 Gal.

FOR 1-COAT REPAINTING. Best hiding power.
HIGHEST QUALITY. With 35% Titanium.
STAIN AND MILDEW-RESISTANT. Stays white.

Formulated by Wards own paint chemists to meet exactly the requirements of the more than half of Wards House Paint customers who want top-quality paint they can apply themselves over a previously painted surface in good condition—and obtain with one coat an intense white that stays white.

Field- and laboratory-tested and now available to you at less than most ordinary "first-quality" house paints.

Not only self-cleaning, but does not collect dirt under siding edges, below eaves, etc. Resists copper screen stains. Discourages rust stains from nail heads, hinges, other steel or iron. Properly applied, will not itself make white stains on brick, stone or screens.

More than 35% titanium-dioxide for maximum hiding. No other white pigment hides as well. Intense white reflects heat—means appreciably cooler house in summer. Compare the titanium content.

Discoloration is often not dirt but mildew. Wardwhite is believed as mildew-resistant as it is now possible to make a paint. (If mildew in locality is severe, use Ad-It Mildew Control, listed at right.)

Read general information at top of page and "Truth About One-Coat Finishes," opposite page. "How Much Paint To Order," above. Gallon covers up to 450 sq. ft. 1 coat.

SUPER HOUSE PAINT 4.29 Gal.

FINEST 2-COAT FINISH. Coverage. Hiding.
11 BEAUTIFUL COLORS and Titanium White.
COSTS LESS Than Most House Paints.

A first-quality paint by any standard. Meets a somewhat different need from Wardwhite (left). Aside from being recommended wherever color is desired, it is generally preferred in white as well over new or renewed wood or where old paint is in poor condition.

In such cases Wards Super House Paint Undercoat should be applied first. Follow with preferably two coats of Super.

Tests show this improved paint wears more slowly and evenly; leaves a better surface for repainting than most paints.

Recent check showed Wards Super costs less per gallon (including transportation) than most nationally known house paints.

Gallon covers up to 600 sq. ft., 1 coat (to 450 sq. ft., 2 coats). For 2 coats without undercoat, thin first—1 pint Linseed Oil to gal. of paint.

FOR SHINGLE STAIN, add 1 quart Boiled Linseed Oil, 3 quarts Paint Thinner to 1 gal. House Paint. Get Color Card No. 20, Page 760.

GIVES LONG-LASTING PROTECTION against leakage, rot.

WILL NOT RUN OR SAG in hot weather; crack in cold.

Not a paint, but a heavy thick-bodied liquid that prevents decay. Contains the best, durable asphalts and asbestos fibers. For composition, metal, felt, tile or concrete roofs. (NOT for wood roofs or slate shingles.)

Excellent as preservative and water-resistant finish for tanks, gutters. Non-toxic; use to coat inside of tanks, watering troughs; won't taint water. Also for underground pipes to prevent rust. Use roof brush at right. See Facts below.

Black only. Ready to apply. Gal. covers to 75 sq. ft. on composition; to 100 sq. ft. on metal; to 50 sq. ft. on gravel or slag.

75 C 1121 L—GAL. Ship. wt. 10 lbs. *Mailable*.....79c

ASPHALT ROOF-FOUNDATION COATING 2.79 5-Gal.

TOUGH, BLACK COATING FOR PRIME OR FINISH COAT. Water-resistant. Use as primer for concrete and dried out asphalt roofing before applying fiber roof coating. Also excellent as a coating for metal roofs, downspouts, gutters, stone, brick.

Makes masonry foundations water-tight. Will not run in hot weather or crack in cold. Gal. covers to 85 sq. ft. on composition or concrete; to 125 sq. ft. on metal or tile.

75 C 1141 L—GAL. Ship. wt. 10 lbs. *Mailable*.....75c

75 C 1143 MO—5-GAL. CAN. Ship. wt. 43 lbs. *Mailable* . $2.79

75 C 1144 F—55-GAL. BARREL.* Ship. wt. 490 lbs..... 21.95

PLASTIC ROOF CEMENT 3.15 5-Gal.

SEALS HOLES, CRACKS IN ROOFS AND GUTTERS. Thick, black, putty-like paste. Use around chimneys, soil stacks, dormers, skylights and TV antenna bases. Seals around metal flashings. Use to reline, seal patches in rusting gutters.

Contains asphalt, long asbestos fibers and heavy oil. Won't crack, shrink or crumble. Contracts, expands with temperature; protects against moisture, further deterioration. Will not taint water. Apply with putty knife or mason's trowel. (See Patching Membrane at right.) Five gallons cover 30 sq. ft., ¼ in. thick. Read Facts below.

75 C 1160 L—QUART. Ship. wt. 3 lbs. *Mailable*.....32c

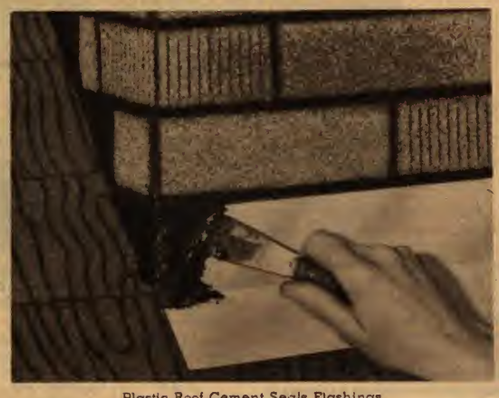
*See Shipping Information below for 30-, 55-Gal. Barrels.

Aluminum Paint Protects and Insulates

Asbestos Roof Coating Forms Tough Film



Plastic Roof Cement Seals Flashings

Cement Down Loose or Bent Shingles

Roof Paints and Patching Materials

ASPHALT ALUMINUM PAINT 3.15 Gal.

PROTECTS THE SURFACE from weather, light and heat.

WITHSTANDS HIGH TEMPERATURES—won't crack, chip, peel.

KEEPS BUILDING COOLER in summer; cuts winter heat loss.

An all-purpose paint for asphalt coatings, composition roofing, steel and masonry surfaces. Ideal for brick; slate-surfaced, built-up and asbestos roofs; concrete; pipes; tanks; bridges; machinery; most industrial uses.

Made of high grade asphalts and powdered aluminum bronze. Asphalt vehicle is highly adhesive and water resistant. Aluminum bronze reflects heat and light rays, remains bright for many years. When applied, aluminum floats to surface of paint and forms metallic film of overlapping particles that protects paint base from weather, light and heat.

Apply with brush or spray gun. One coat hides any surface. Before application, surface should be clean, free of dust, dirt, rust and other foreign materials. Make sure surface temperature is under 100° F. (If extreme heat is likely, use Red Hot Aluminum Paint, Page 766.) (Chromate Metal Primer, Page 757, excellent undercoat on metal.) Gal. covers to 250 sq. ft., 1 coat on composition; to 600 sq. ft. on metal. Read Facts below.

75 C 1085 L—QUART. Ship. wt. 3 lbs. *Mailable*.....85c

50-GAL. DRUM. Shipped from Factories in Chicago, Indianapolis, and Cleveland. See Shipping Information below left.

75 C 1103 F—Ship. wt. 500 lbs.....$62.

FACTS ABOUT ROOF COATINGS

FOR WORN AND LEAKY COMPOSITION ROOFS, either flat or pitched, use Asphalt Roof and Foundation Coating to restore asphalt content. To patch and seal holes and cracks, apply Plastic Roof Cement and Roof Patching Membrane. When dry apply Asbestos Roof Coating.

FOR WORN COMPOSITION ROOFS, either flat or pitched, use Asbestos Roof Coating or for a bright finish, Asphalt Aluminum Paint. *Colored Roof Paint* for ROLL roofs only.

FOR METAL ROOFS. If rusted and worn, remove rust and apply Chromate Metal Primer, Page 757. Next, apply any one of the following roof coatings: 1) Asphalt Aluminum Paint. 2) Metal and Composition Roof Paint. 3) Asphalt Roof and Foundation Coating. 4) Asbestos Roof Coating (can be applied directly to metal in good condition).

FOR CONCRETE ROOFS, FOUNDATIONS, WALLS, SILOS, TANKS, use Asphalt Roof and Foundation Coating. Use in- or outside to check water absorption. Will not taint water. For extra protection on roofs, apply Asbestos Roof Coating as second coat.

FOR COMPLETE ROOFING INSTRUCTIONS, send for your FREE copy of Wards "How To Paint" Book—coupon on Page 760.

IMPORTANT SHIPPING INFORMATION

Barrels, 30- and 55-gal., shipped promptly by Freight from Factories in Chicago, Ill.; Cleveland, O.; Minneapolis, Minn.; Kansas City, Mo.; Denver, Colo.; near Dallas, Tex.; near New York City. You pay shipping charges from nearest point. Additional Shipping Information on Pages 970, 971.

PAY 10% DOWN. See Wards Monthly Payment Plan, Page 981.

THINNERS, LINSEED OILS

TYPES OF PAINT AND VARNISH THINNERS

Thinners are essential for most paint jobs—preparing the surface, reducing paint, cleaning brushes and equipment, wiping up spatters, etc. Proper selection is important. Follow directions given in catalog descriptions or on the label. Basic thinners used today are:

PAINT AND VARNISH THINNER. A mineral product. Same uses as turpentine, but has less odor and costs less.

TURPENTINE. Two types: GUM SPIRITS and STEAM-DISTILLED. Source and performance of both are same. Gum type is distilled from the gum after it has been bled from the tree. Steam-type is distilled directly from the wood, thereby eliminating the gum-bleeding process.

LINSEED OIL. Extracted from flax seeds. Two types: BOILED and RAW. Raw used in thinning house and barn paints. Boiled is made of raw linseed oil with driers cooked into it. This process makes oil dry better. Boiled is used when faster, harder drying is required. Too much linseed oil creates excessive dirt collection and is not recommended.

SHELLAC, LACQUER THINNERS (Page 761). Use with shellac, lacquer only. Clean brushes, hands.

WOOD TURPENTINE 34c Qt.

STEAM-DISTILLED. Top quality. Low-priced. Use with oil-base paints, enamels and varnishes. See Facts above.

75 C 1230 L—QUART. Shipping weight 2 lbs.....34c

75 C 1231 L—GALLON. Shipping weight 11 lbs.....97c

PAINT AND VARNISH THINNERS 29c AND 45c Qt.

NU-PURPOSE. High solvent—thins any oil-base paint, enamel or varnish. Cleans brushes, rollers, hands. Strong—less is needed. *Required* for Rubberized Stucco Paints, Rubber-Base Floor Enamels, Pale Trim Varnishes, Plastic Wipe-on Finish. See Facts left.

75 C 1246 L—QUART. Shipping weight 2 lbs.....

75 C 1247 L—GALLON. Shipping weight 11 lbs.....

MINERAL SPIRITS. Good quality. Low priced. Use with oil-base paints, enamels, varnishes. Pure and clear. See Facts left.

75 C 1220 L—QUART. Shipping weight 2 lbs. 4 oz.....

75 C 1221 L—GALLON. Shipping weight 11 lbs.....

LINSEED OILS 55c AND 57c Qt.

RAW. Pure. Finest quality. For thinning paint. Also for restoring antiques, gun stocks; protecting wood ladders, and treating fence posts; retarding rust. See Facts left.

To use Wards Super House Paint (without undercoat), 2-coat application, order ½ pint linseed oil, Raw or Boiled (and ½ pint thinner-or turpentine) per gallon, for first coat.

75 C 1201 L—QUART. Shipping weight 2 lbs.....

75 C 1202 L—GALLON. Shipping Weight 11 lbs.....

75 C 1203 MO—5-GAL. CAN. Shipping weight 43 lbs.....

PAINT SELECTING AIDS

By doing your own planning and painting the Ward way, you'll save time, money and effort without sacrificing quality.

EVERY WARD PAINT IS GUARANTEED to cover as much surface, hide as well, apply as easily, last as long, and look as well as any comparable paint, regardless of name or price.

Ward paints will give satisfactory results when applied by either professional or amateur, according to instructions furnished. Should they fail Wards will refund your money, including shipping charges.

To help you select the proper finishes and tools, read the "Fact" stories and buying guides throughout this section of the Catalog, as well as the product descriptions.

Then plan your color schemes. Cards listed below show ready-mixed and intermix colors. No. 100 is arranged by harmonizing groups to help you plan color schemes. They are available without charge at any Ward Catalog Office or by sending in the coupon below. Just check your selection.

COLOR CARD No. 100 shows 21 matching interior colors in which Rubberflex Flat and Thixotropic Satin are offered, plus 49 colors that can be created by simple inter-mixing of the *same type* of paint. All colors arranged in decorator co-ordinated groups to help you plan entire color scheme. Includes 5 nationally advertised General Electric kitchen colors, offered in Thixotropic Satin.

COLOR CARD No. 20 shows colors for: House; Barn; Trim and Shutter; Shingle and Shake; Stucco and Masonry paints.

COLOR CARD No. 300 shows super interior paint colors in Flat, Semi-Gloss and Gloss; also Thixotropic in Flat; Ready-mix and Powdered Texture Paints; Casein Paint.

COLOR CARD No. 40 shows colors for interior and exterior finishes in: All-Purpose Enamel; Tred-Pruf Porch and Floor Paint; Rubber-base Floor Enamel; Color Varnish.

COLOR CARD No. 50 shows Pigmented Wiping Stain.

SPECIAL CARDS for Super Kem-Tone; Bondex. See coupon.

EASY PAINTING INSTRUCTIONS

For best methods of decorating and repairing the interior or exterior surfaces of your home, farm or shop, ask or send for your FREE copy of Wards "How To Paint" book—44 pages packed with information, from planning color schemes to repairing roofs. Use coupon below.

DO YOU HAVE A SPECIAL PAINTING PROBLEM?

If so, consult Ward experts, without charge. Write to Paint Advisory Service, Montgomery Ward, 10th and Washington Streets, Chicago Heights, Illinois. State problem fully.

HOW TO SAVE MORE ON WARD PAINTS

QUICK AND EASY. If you live in a Ward Metropolitan Delivery area, purchase your paint and paint supplies in minutes—without leaving your home. Orders phoned before noon delivered to local addresses usually next day—to suburban addresses second day. You save on C.O.D. charges.

Or, phone for and pick-up your paint at nearest Ward Catalog Office. Save as much as 75% of the delivery charges. See Pages 954, 955 for further information.

Quart and Gallon size cans may be sent by mail and have easy-to-open Ring Seals to meet Postal regulations. Orders over 50 lbs. and all 5-gal. cans shipped by freight.

SUPER TEXTURE FINISH 3.65 Gal.

RENEWS AND REDECORATES WALLS in one simple application.

HIDES SMALL HOLES, CRACKS. Covers dents and tape joints.

ECONOMICAL. Compare coverage; compare price.

RUBBER BASE FINISH for use on wallboard, plaster, brick, paint or primed metal. Excellent for dry wall construction. One coat gives surface the look of expensive plaster or textured effect. Tough and durable; truly scrubbable.

. Apply with paint brush, then texture with roller (75C4746, Page 763), brush, sponge, wadded paper, or whisk broom. There is no limit to variety of textures. For badly cracked walls add one quart Sand-Kote per gallon.

Comes ready mixed, ready to apply; no primer needed. Gallon covers to 300 sq. ft., depending upon texture and surface. Send for FREE Color Card No. 300 at left. *State size.*

Choose the Right Brush for Each Paint Job

FACTS ABOUT PAINT BRUSHES

BUY QUALITY. Good paint brushes mean less work, better finish, long-run economy.

BRISTLE. Natural black Chinese hog bristles now almost unobtainable. Other natural and synthetic bristles make excellent brushes:

1) NATURAL. Split, tapered ends ("flags") hold good paint load, give smooth finish. "Natural" (light color) stays more flexible, durable than dyed (black). "Bristleox" is soft, flexible, resilient mixture of French bristle and ox hair—natural red.

2) NEOCETA. Bristles grooved, tapered for good load, smooth finish. Not for lacquer.

3) TYNEX NYLON. Tapered, flagged, for good load, smooth finish.

SIZE AND TYPE. *Varnish and Enamel Brushes* have quite tapered ("chisel") edges for smoother application of varnish, enamel.

Wall Brushes, fuller-bodied, less tapered, for fast application of paint, etc., on large surfaces—siding, walls, ceilings, floors—on wood, plaster, stucco, brick, etc.

Trim Brushes, for window dividers, molding, rungs, etc. Angular edge type excellent for sharp "cutting in" at corners, edges, etc.

Width depends on type, shape, width of surface to be finished. For fastest application, use widest brush suitable for surface, though brush over 3, 3½ in. may tire arm.

CONSTRUCTION. Ward brushes have following features: 1) Bristles vulcanized in rubber or plastic—can't come out (brush 17) is stapleset). 2) Smooth hardwood handles, shaped and balanced for comfort, performance. 3) Stainless steel or nickel plated ferrules, firmly crimped, riveted, soldered. 4) Jackets for protection in storage; instructions for care on back.

VARNISH-ENAMEL BRUSHES FOR DOORS, FURNITURE, ETC. 23c TO 4.98

1 TO 7 Chisel edge gives smoother finish, improved paint flow. For professional or amateur. Use on woodwork, moldings, windows and furniture. Full body of long, firmly-set bristles hold good paint load, save dipping.

Properly tapered and soft, they have firm snap and elasticity. Balanced mixture of bristle lengths for good paint pick-up and working capacity. Bristles vulcanized in rubber—won't shed while painting. Strong steel ferrules prevent warping. Balanced wood handles sanded and lacquered. Each brush has jacket for storing. Guaranteed as below.

1 PURE HOG. For oil-base paints, varnishes.

Cat. No.	Width	Bristle	Ship. wt.	Price
75 C 5005	1 in.	1⅞ in.	5 oz.	23c

WIRE BRUSHES, BRUSH CLEANER

Wire brushes, brush cleaner, screen pai ers, other accessories, listed on Page 7

WALL BRUSHES FOR LARGE, FLAT AREAS INDOORS OR OUT 95c TO 13.25

12 TO 15 FOR INTERIOR OR EXTERIOR walls, floors, ceilings; for wood, masonry or plaster. Edge designed for "working" paint in. For any type of finish. High density of bristles "flagged" at ends hold good paint load, save dipping. Bristles vulcanized in rubber—won't break; less bristle shedding. Steel ferrules. Balanced wood handle, sanded and lacquered. Each has storing jacket. See Facts above. Guaranteed as above.

(12) NEOCETA BRISTLE WALL BRUSH

Cat. No.	Width	Bristle	Ship. Wt.	Price
75 C 5147	3 in.	2½ in.	8 oz.	95c
75 C 5148	3½ in.	2¾ in.	11 oz.	$1.29
75 C 5149	4 in.	3 in.	15 oz.	1.59

PURE BRISTLE WALL BRUSH (Like 12)

75 C 5191	4 in.	4½ in.	16 oz.	$10.79
75 C 5192	4½ in.	4½ in.	17 oz.	13.25

IMPROVED NYLON WALL BRUSH. (Like 13). Pre-broken-in, flagged and tapered bristles for a better, long-wearing performance.

Cat. No.	Width	Bristle	Ship. Wt.	Price
75 C 4923	3½ in.	3⅞ in.	10 oz.	$3.97
75 C 4924	4 in.	4⅛ in.	14 oz.	4.49

TEXTURE BRUSH. Tampico fiber. To apply texture finishes. Width 4 in.; fibers 3 in.

75 C 5313—Ship. wt. 12 oz. 55c

CEMENT, "KALSOMINE" BRUSHES

16 TYNEX NYLON DUTCH WALL COATER large areas inside or out; any pa Width 6 in.; bristles 3¾ in.; 1 in. thick.

75 C 5099—Ship. wt. 1 lb. .....

17 KALSOMINE BRUSHES. For water-thin or rubber-base paints. Thickness 1¾

SEMI-DUTCH. Width 5 in. Bristle 3¾ in.

75 C 5100—Ship. wt. 1 lb. .....

FLAT. Width 6 in. Bristle 3½ in.

75 C 5103—Ship. wt. 1 lb. .....

18 CEMENT BRUSH. Tampico fibers. For sonry, stucco. Width 6 in.; fibers 4 in.

75 C 5105—DENSE. Wt. 1 lb. 3 oz. .....

75 C 5106—LESS DENSE. Wt. 1 lb. 3 oz. .....

PALMA FIBER. For water and texture pa

75 C 5060—Wide 6 in.; fiber 3⅝ in. Wt. 1

PAY 10% DOWN. SEE INSIDE BACK COVER.

Roller Coaters Paint Large Areas Faster

PORTABLE PRESSURE TYPE SET 18.95

19 Paints large areas, indoors or out, faster, easier, cleaner. Pour paint in 2½-gal. tank, pump a few strokes, push button on aluminum handle. No drip or splatter. Roller 6 in. wide; sheepswool cover. Cotton sleeve for enamel. For enamel, oil-or water-base paint.

SET: Tank, Roller, Cover, Sleeve, 12-ft. rubber hose.
75 C 4765 M—Ship. wt. 10 lbs. $18.95

75 C 4766—EXTRA ROLLER COVER. Ship. wt. 8 oz. 1.59

EXTENSION HANDLE. (Not shown.) For above. Lgth. 24 in.
75 C 4767 L—Metal tubing. Ship. wt. 12 oz. $1.39

WORK-SAVING SELF-FEED APPLICATOR 2.98

20 Requires slight pressure to roll paint on—no dipping. Holds pint—covers to 65 sq. ft., 1 filling. Rust-resistant cylinder. Won't drip. Roller 6 in. wide; easy to remove, clean. Metal handle, threaded inside—use mop handle or extension to paint ceilings, floors.

75 C 4760—SELF-FEED APPLICATOR with Cover for OIL-BASE Paint and Enamel. Ship. wt. 1 lb. 4 oz. $2.98

75 C 4759—SELF-FEED APPLICATOR with Cover for RUBBER BASE, Water-thinned Paints. Wt. 1 lb. 4 oz. $2.98

75 C 4761—EXTRA OIL-BASE COVER. Ship. wt. 4 oz. 75c

75 C 4762—EXTRA RUBBER-BASE COVER. Wt. 4 oz. 75c

21 ROLLER-MATE FOR "CUT-IN", CORNER PAINTING. Use for sharp, clean lines at ceiling, moldings etc. where large roller won't reach. Spreads paint evenly. Pad (replacements below) snaps on or off plastic base.
75 C 4785—Ship. wt. 6 oz. ..... Each 63c

REPLACEMENT PAD. For (21) above. Clean and reuse.
75 C 4786—Ship. wt. 3 oz. ..... Each 43c

22 "SASHIE." KEEPS PAINT OFF GLASS, WALLS. For window cross pieces, sash, moldings; etc. Saves scraping, cleaning. Plastic with mohair pad. Reusable.
75 C 4790—Ship. wt. 3 oz. ..... Each 30c

23 EDGE ROLLER. Use for corners, around woodwork, etc.
75 C 4756—2 in.; Wool-Covered. Ship. wt. 8 oz. 69c

COMPLETE ROLLER APPLICATOR SETS ... REGULAR 1.89 ... PROFESSIONAL 2.39 ... LARGE DIAM. 2.98

FACTS ABOUT ROLLER APPLICATORS. A roller is excellent for painting large interior surfaces. It requires less dipping; is less tiring; lessens risk of lap marks. Best for ceilings.

Rollers spread paint evenly over surface, often allowing greater coverage per gallon; costs less to decorate.

THREE TYPES available for amateur or professional are:

1) TRAY FED (24 to 26 below). Dipped into tray of paint.

2) SELF-FEED (20 left). Do not have to be dipped. Covering absorbs paint from center reservoir as pressure applied.

3) PRESSURE (19 left). Receives paint through hose from pressurized supply tank. For extensive painting.

ROLLER SIZE. Tray-fed rollers 1½- or 3-in. inside diam. and 7 or 9 in. long. Most amateurs use 1½ by 7 in. The 3 by 9 in. is faster, heavier. Use EDGE ROLLER (23, left) or ROLLER-MATE (21, left) around moldings, in corners.

ROLLERS WITH STEEL OR BRASS BEARINGS inserted in end caps turn easier; are steadier and last longer. Low-priced rollers use mere holes in end caps for bearings.

KINDS OF ROLLER COVERS: 1) *Slip-on.* Slip over drum permanently affixed to handle. 2) *End-cap.* Cover held in place with cap at each end. Caps form wheel which rides on carriage. Several types of fabric are available; each for specific purposes. These can be interchanged.

SHORT-NAP MOHAIR gives smooth finish with any paint; especially for enamels, rubber-base, acrylic paints.

WOOL NAP. Suitable for flat finish oil-base or water-thinned paints. Recommended for rough surfaces.

DYNEL NAP. Synthetic. For most paints. Lower-priced.

WOOL PILE; RUBBER. For stipple or texture.

COVER CORES. Most are fiber. Those impregnated with waterproof phenolic resin are best. Will not buckle or soften from water or solvents. Better performance; longer life.

PAINT TRAYS. Tin plated type recommended. Painted trays may flake off in paint being applied. All 3-qt. trays have practical working capacity of about 1½ qts.; 2-qt. size, about 1 qt. Trays hook onto stepladder.

24 25 26 See Facts above. Order from table. All with Phenolic core.

(24) REGULAR SIZE. Slip-on 7-in. type. Steel insert bearings. Tray "2 qt.".

(25) PROFESSIONAL SIZE. Wider; paints faster. Slip-on 9-in. type. Steel insert bearings. Tray "3-qt." size.

(26) LARGE DIAM. Paints fast with slower rotation—less spray. Slip-on 9-in. type. Brass insert bearings. Threaded to fit 14-in. extension handle included with set. Tray "3-qt." size.

ROLLER SCRAPER.
27 75 C 5346—Wt. 8 oz. 25c

28 SAV-A-ROLLER. Cleans and stores rollers quickly without mess. Fits standard 7- and 9-in. by 1½-in. diam. rollers. With 1 qt. solvent for oil paints—re-use over and over. For re-fill use 1 qt. Nu-Purpose Thinner, Page 758.
75 C 5809 L—Ship. wt. 2 lbs. 8 oz. 79c

HANDLE EXTENSION. (Not shown.) For floors, ceilings. Use with any hand-dip roller, above.
75 C 4750 M—48 in. long. Ship. wt. 1 lb. 8 oz. 79c

TEXTURE ROLLERS. (Not shown.) WOOL PILE for fine stipple; RUBBER for stipple, or can be cut or gouged to various designs. Apply Texture Paint with short brush, then roll. Use tray above.

WOOL PILE. Width 7 in. With phenolic resin core.
75 C 4746—ROLLER ONLY. Ship. wt. 1 lb. $1.19
75 C 4747—EXTRA COVER. Ship. wt. 5 oz. 98c

SPONGE RUBBER. Width 7 in. Phenolic resin core.
75 C 4751—Ship. wt. 1 lb. $1.25

FOLDING WALLPAPER PASTE TABLE 11.45

29 FOLDS TO 11¼ IN. for carrying; allows for tools. Made of seasoned wood. Steel cross braces. Brackets hold extension board (order below) for wider paper. Zinc cutting strip (below) included. Height 32¾ in.
75 C 5393 R—LENGTH 6 FT. Ship. wt. 30 lbs. $11.45

EXTENSION BOARD. For table above. Size 6 ft. by 7½ in.
75 C 5340 R—Ship. wt. 5 lbs. $1.89

ZINC CUTTING STRIP. For (29) (31) (37) (38). Width 3 in.
75 C 5383—LENGTH 6 FT. Ship. wt. 1 lb. 55c

30 WOOD TRESTLES. Use as legs for Board (31) below. Height adjusts from 31 to 33¾ in. Fold for carrying.
75 C 5396 M—Ship. wt. 8 lbs. ..... Pair $2.69

31 HINGED PASTE BOARD. ½ in. thick. Reinforced cutting edge. Zinc cutting strip (above) included. Width 21½ in. open. Use Trestles (30) above for legs.
75 C 5388 R—LENGTH 6 FT. Ship. wt. 18 lbs. $5.95

PAPER HANGING KIT 1.55, 2.19 ... WALLPAPER TRIMMERS, PAPER HANGING TOOLS AND ACCESSORIES

32 PAPERING KITS. Each contains: 12-in. smoothing brush; 6-in. paste brush; steel scraper; 1½-in. wheel knife; 1½-in. maple seam roller; plumb bob; cord; chalk. Wood handles; nickled frames.

BETTER QUALITY. Palma fiber brushes. Ship. wt. 2 lbs. 8 oz.
75 C 5348 ..... Kit $2.19

GOOD QUALITY. Tampico fiber brushes. Ship. wt. 2 lbs. 4 oz.
75 C 5350 ..... Kit $1.55

33 SMOOTHING BRUSH. 12 in. 2⅛ in. pure bristle. Wt. 12 oz.
75 C 5314—BEST QUALITY ... $3.69
75 C 5319—GOOD QUALITY. Same but with horsehair $1.29

34 WALLPAPER CLEANER. Non-crumbly. Also cleans window shades. 40-oz. can.
75 C 5910—Ship. wt. 3 lbs. 57c

35 WALLPAPER WHEAT PASTE. Spreads evenly. Pound pastes 6 double rolls.
75 C 5300—2-lb. Bag. Ship. wt. 3 lbs. ... 37c
75 C 5301—5-lb. Bag. Ship. wt. 6 lbs. ... 85c

UNITED WALLPAPER PASTE. Non-staining; odorless. Package pastes 6 double rolls.
75 C 5302—5¾-oz. Pkg. Ship. wt. 6 oz. . 69c

36 WALL SIZE. Use before papering; paper sticks better. Pound does 10x12-ft. room.
75 C 5931—Ship. wt. 1 lb. 8 oz. 29c

37 6-FT. WALLPAPER TRIMMER. Laminated 5-ply wood. Plated cutter; steel blade.
75C5381MO—With Zinc Strip. Wt. 6 lbs. $9.89

38 5-FT. TRIMMER. Wheel cutter. Zinc strip.
75 C 5367 M—Ship. wt. 3 lbs. $1.79

39 WALLPAPER REMOVER. One pint bottle with scraper or steamer does average room.
75 C 5304—Ship. wt. 2 lbs. 6 oz. 45c

40 MAPLE SEAM ROLLER. Prevents seam bulge.
75 C 5334—Oval 2-in. face. Wt. 9 oz. 55c

41 PASTE BRUSH. Width 7 in. Set in rubber.
BEST QUALITY. With 60% Horsehair; 40% fiber.
75 C 5311—Ship. wt. 1 lb. 8 oz. $1.69

GOOD QUALITY. With 100% Tampico fiber.
75 C 5308—Ship. wt. 8 oz. 65c

42 SHEARS, 12-IN. Spring steel. 7½-in. blades.
75 C 5337—Ship. wt. 1 lb. 14 oz. . $2.45

The Truth About

PAINT SPRAYERS AND SPRAY GUNS

PAINT SPRAYERS. Tests prove you can spray paint 4 to 10 times faster than you can brush it on. In selecting the Sprayer and accessories suitable for your needs, consider these important factors:

AIR CAPACITY. Sprayers are rated by "air displacement"—cu. ft. of air produced per minute. However, due to friction, heat loss, etc., not all air displaced can be used.

The usable cu. ft. of air per min. is called "air delivery." The greater the air delivery at a given working pressure, the larger output gun you can use and the faster you can spray, within limits. Compare air delivery before you buy a sprayer.

TYPES OF AIR COMPRESSORS. Two types in general use on quality sprayers are *Diaphragm* and *Piston*. Diaphragm type operates by the pulsation of a flexible disc in cylinder, while piston type has metal piston sliding within cylinder. Both are effective. Measured in air delivery, diaphragm type is generally lower in cost; practical for small and medium size equipment. Diaphragm wears out after considerable use; easily replaced at low cost.

The piston type should operate much longer without servicing, but eventual overhaul is more costly. Wards basically new OIL-LESS piston sprayers (1) and (2) and all diaphragm types need no lubrication; conventional piston types do.

The diaphragm type is popular, within its capacity limits, for intermittent use for short periods. Piston type is best for steady or heavy work in shop, on farm, etc.

SIZE TO BUY. For home or light shop work, a compressor with a ½- or ⅓-HP electric motor gives good results at moderate cost. Select ½-HP or larger for farms, painting buildings, autos; any sustained use.

PAINT SPRAY GUNS. Conventional guns usually classified: Internal-mix or External mix and Bleeder or Non-Bleeder.

Internal-Mix atomizes air and paint inside spray nozzle; External-Mix atomizes outside of the nozzle.

Principles applicable to all guns except those with outfits (1) to (3) are: (a) For maximum efficiency, use Internal-Mix with pressure feed; External-Mix with siphon feed. (b) Use Internal-Mix for slow-drying finishes; External-Mix for fast drying lacquer, shellac.

Wards outstanding oil-less piston sprayers, (1) to (3), have guns with a new-type nozzle that not only adjusts for round, fan or angle spray, but also will spray heavy or light; fast- or slow-drying finishes equally well. Quick, simple adjustment.

BLEEDER gun is necessary for all sprayers used without air pressure tank and automatic pressure switch. Trigger controls only materials sprayed; air flow is continuous so that pressure does not build up.

NON-BLEEDER gun is used with compressed air lines or with pressure tank type sprayer having automatic pressure control switch. Trigger controls flow of both material and air at the same time; conserves air supply.

Spray gun listed under each spray outfit may be used with similar outfits.

Oil-Less and Conventional Piston Type Paint Sprayers

COMPACT OIL-LESS PISTON SPRAYERS 52.95 TO 87.95

GRAPHITE RINGS NEED NO OIL. Assure oil-free air.

EASY-TO-HANDLE UNIT DESIGN of aluminum alloy.

ALL-PURPOSE GUN FOR ALL JOBS; with any fluid.

1 TO 3 For amateur, professional or industrial use. Laboratory- and field-tested (regular production models) for 7000 hours of continuous operation without appreciable wear.

COMPRESSOR AND MOTOR HOUSING with blue and red baked-on enamel finish, polished aluminum trim. Six models—five direct drive; one belt drive. (See also (8) below.) No. 6540 has base plate for mounting ¼-HP motor; motor not included.

Graphite piston rings and skirts lower friction. Offer oil-free air without oil extractors on air lines. Short horizontal piston stroke—opposed in twin models for smoother operation. Positive sealing, self-cleaning valves eliminate carbon build-up. Sealed-in ball bearings, lubricated for life.

Built-in "after-cooler". Crankcase designed to perform multiple functions of after-cooler, pulsation chamber, moisture separator. Reduces moisture in air line, cleans air, increased efficiency.

For protection of compressor and motor, each cylinder head is equipped with safety valve and renewable in-let air filter. Leakproof moisture drain is easily accessible. Air inlets, ¼-in.

HEAVY-DUTY CAPACITOR MOTOR on 6458; others have split-phase. All for 110- to 120-volt, 60-cycle AC. Motor not included with No. 6540.

UNIVERSAL EXTERNAL MIX GUN with aluminum quart paint cup. For heavy or light fluids; slow or fast drying. Adjusts to coarse or fine spray in round, fan or angle pattern. Use with siphon, pressure or tank feed. See Facts on Guns, above.

OUTFIT: Compressor, gun (bleeder type with ¼-HP; combination bleeder and non-bleeder with others), 15-ft. air hose, tire chuck, instructions.

Key	Cat. No.	Pistons	HP	Displaces	At RPM	Delivers	Work. Pressure	Ship. wt.	Pay Down	Cash

(3)	75 C 6456 MB	2	¼	3.87 CFM*	1650	2.3 CFM*	35 lbs.	38 lbs.	13.50	65.95
(3)	75 C 6464 MO	2	⅓	4.72 CFM*	1700	3.0 CFM*	35 lbs.	45 lbs.	15.50	76.95

*CFM means cubic feet of air per minute.

4 SPRAYER CART. For (2) or (3) above. Semi-pneumatic, 6-in. rubber tires. Steel axle. Oilite bearings.
75 C 6461M—With Aluminum handle, rubber grip. Shipping weight 7 lbs. $9.95

CONVENTIONAL PISTON SPRAYERS 41.50 TO 119.50

AUTOMOTIVE TYPE PISTONS, EACH WITH 2 RINGS, reduce oil pumping.

ENCLOSED OIL SEPARATORS AND AIR FILTERS provide clean, dry air.

ONE GUN FOR ALL JOBS. Can be used with any types of materials.

5 6 Heat-treated aluminum alloy pistons in precision-honed cylinders, give added power, air supply. Pistons joined to connecting rods with ground piston pins for quiet operation. Splash-type lubrication system completely bathes pistons for longer wear. Extra capacity ball bearings reduce friction. Oversize air pulsation chamber. Automatic safety valve. Convenient oil level check plug. Air gauges on heavy-duty models.

Balanced, lightweight spray gun with quart aluminum paint cup. Easy to adjust for all jobs. Can be converted for use with material tank. See Facts.

(5) SINGLE PISTON ELECTRIC. Belt drive. For home, farm or light shop use. Displaces 3.5 cu. ft., delivers 2.45 cu. ft., air per minute at 35 lbs. working pressure. Motor ½ HP for 110- to 120-volt, 60-cycle AC. Size: 14½x9x9½ in. high. Includes: Gun (18), opposite page, 15-ft. hose, 8-ft. cord, belt, pulleys.

75 C 6420 YB—OUTFIT. Ship. wt. 39 lbs. $11.50 Down ..... or Cash $56.45

75 C 6421M—OUTFIT LESS MOTOR. Ship. wt. 18 lbs. *Available* 41.50

(6) HEAVY-DUTY TWIN PISTON GASOLINE POWERED. Belt drive. For house, barn, fence or intermittent professional use. Displaces 8 cu. ft., delivers 5.6 cu. ft. air per minute at 40 lbs. working pressure. Paint anywhere; no electric power needed.

Air-cooled 1½-HP Clinton Gasoline Engine. Four cycle, single cylinder, L-head. Air passes through deep fins to maintain correct operating temperature for long periods of running. Easy to start with rope. Moisture and dustproof. With fully enclosed ignition points. Visible oil-bath type air cleaner. Oil filler conveniently located for easy checking and filling. One quart capacity fuel tank with strainer and shut off. Engine can be substituted with any gas engine up to 1¾ HP with pulley ratio to develop 1800 RPM on compressor.

Size: 16x11⅛x11¼ in. high. Includes: Gun No. 6402 (19), opposite page; 15-ft. air hose; belt; pulleys. Order Cart (7) below for easy mobility.

75 C 6505 R—OUTFIT. Ship. wt. 48 lbs. $23 Down ..... or Cash $114.50

75 C 6506 R—COMPRESSOR WITH ENGINE ONLY. Ship. wt. 44 lbs. 99.50

75 C 6507 R—OUTFIT LESS ENGINE. Ship. wt. 29 lbs. 72.50

HEAVY-DUTY TWIN-PISTON ELECTRIC. Belt drive. Compressor like (6) above. Displaces 7.2 cu. ft., delivers 5.04 cu. ft. air per minute at 40 lbs. working pressure. Capacitor ¾-HP motor for 110- to 120-volt, 60-cycle AC. Size: 16x11⅛x11¼ in. high. Includes: Gun No. 6402, (19) opposite page; 15-ft. hose; 10-ft. cord; belt and pulley. Order Cart (7) below for easy mobility.

75 C 6511 R—OUTFIT. Ship. wt. 82 lbs. $24 Down ..... or Cash $119.50

75 C 6512 R—COMPRESSOR WITH MOTOR ONLY. Ship. wt. 79 lbs. 104.50

75 C 6513 R—OUTFIT LESS MOTOR. Ship. wt. 29 lbs. 72.50

7 CART. For (5) or (6) above. Rubber 8-in. wheels. Steel axle and handle.
75 C 6517 M—Shipping weight 10 pounds $9.95

TANK MOUNTED COMPRESSOR 119.95

8 OIL-LESS PISTON COMPRESSOR. Like (2) above. For automatic operation in low-pressure applications. Automatic pressure switch (with relief valve) starts at 35 lbs. pressure, stops at 50 lbs. Check valve on compressor outlet.

Mounted on 10-gal. non-code welded steel tank where compressed air is stored for use until required. Shut-off valve on tank outlet. Tank drain valve. Pressure gauge. Safety valve. With 8-ft. cord. Size overall: 31½x12¼x20½ in. high.

Order Spray Gun (20), Air Hose (21), opposite page. Shipped from Factory near Chicago. Allow 10 days extra for preparation, plus time in transit. Pay $24 Down. Terms on Inside Back Cover.

75 C 6590 F—Ship. wt. 78 lbs. ..... Cash $119.95

SIMPLE SPRAYING INSTRUCTIONS

Send for your FREE copy of Wards "How To Paint" Book—coupon on Page 760.

BURGESS VIBRO UTILITY SPRAYER 12.95

9 FOR TOUCH-UP AND SMALL PAINT JOBS around home, farm, or shop. Also for insect and garden spraying. Plug into any 110- to 120-volt, 50- to 60-cycle AC outlet and spray.

Pattern and volume adjustable. Stainless steel spinner. Sapphire nozzle and pump can be quickly cleaned. All other mechanism sealed in. With quart glass jar, 8-ft. cord.

75 CP 6451—*Postpaid* $12.95

10 AIR DUSTER BLOW GUN. Cleans, dusts, dries. Handy trigger control. Snout 3 in. long. Nozzle diam. 7/64 in. Male ¼-in. pipe threads. Use with any compressor on this or opposite page.

75 C 6290—Ship. wt. 3 oz. $1.39

11 QUICK-SNAP AIR HOSE COUPLING. Snap coupling apart; air automatically shuts off. Male body, female plug. Male ¼-in. pipe threads.

75 C 6277—Ship. wt. 6 oz. $1.49

PAINTERS' RESPIRATOR 2.19

12 PROTECTS LUNGS. Exhalation valve for easy breathing. Soft rubber face-piece fits snugly. Adjustable. Includes 5 wool felt filters.

75 C 6201—Ship. wt. 10 oz. $2.19

EXTRA FILTERS. For above. 2 pkgs. of 10 each.

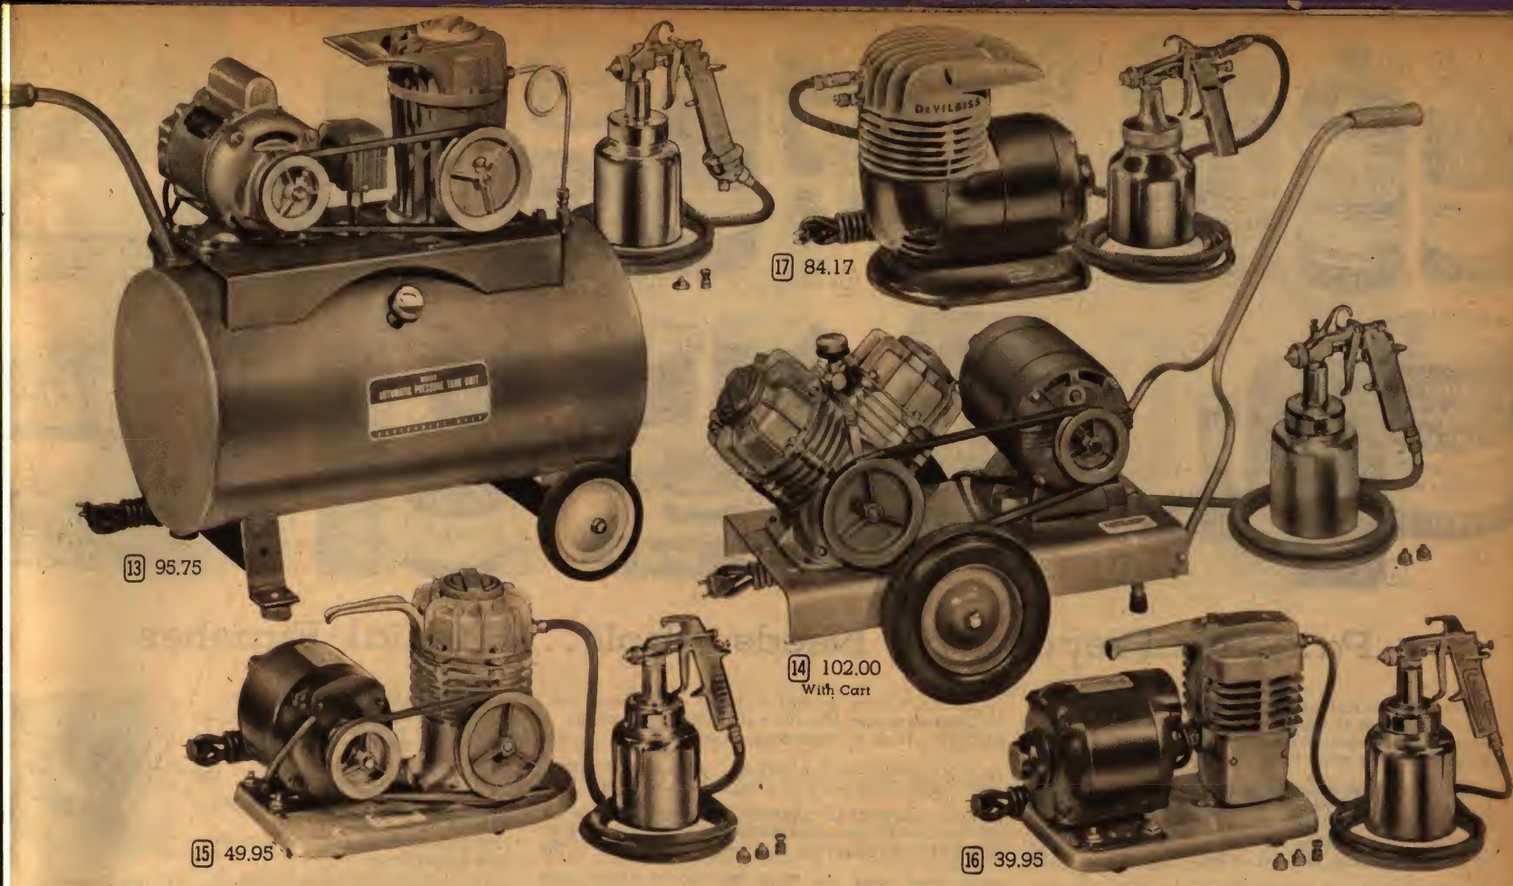
75 C 6205—Ship. wt. 4 oz. ..... Two Pkgs. for 35c

BELT WATER TRAP. (Not shown.) Removes water from spray gun air line. Excellent for siphon feed guns when used where humidity is high. Mounts on air line 4 ft. from gun. Clips on operator's belt. Has ¼-in. pipe thread connection. With 4-ft. air hose.

75 C 6235—Ship. wt. 1 lb. 8 oz. $3.95

INSECTICIDE GUN. (Not shown.) Inexpensive, external-mix gun. With over-shot siphon feed for spraying insecticides, or for small paint jobs. Operates on 15 to 40 lbs. air pressure.

75 C 6236—Ship. wt. 2 lbs. $3.95



Low-Cost Diaphragm Type Provides Oil-Free Air

PORTABLE OR PERMANENT-MOUNT PAINT SPRAYERS . . . SINGLE AND TWIN MODELS 25.00 TO 102.00

NO PISTONS; NO OIL—deliver clean, dry, oil-free air.
REASONABLY PRICED. Fine for home or limited industrial use.
LOW-COST MAINTENANCE, OPERATION. Parts interchangeable.
Elimination of pistons reduces compression loss due to "piston-slipping" Multiple 8-ply diaphragms of heat-resisting material give long service—can be easily replaced. Oversize "built-in" Surge-Chamber eliminates pulsation, keeps air at proper working pressure. No connections or piping to cause leakage.

No off-center weights to set up vibrations. Permanently greased and sealed ball bearings need no oil. See Sprayer Facts, opposite page.

PORTABLE TANK MODEL 95.75

13 EASY MANEUVERABILITY TO JOB. Wheels and handle can easily be removed for anchoring to floor. For shops, garages, farm maintenance, etc.

COMPRESSOR: Belt drive. Displaces 3.3 cu. ft., delivers 2 cu. ft. air per minute at 30 lbs. working pressure. Electric motor ¼-HP capacitor with 10-ft. cord. For 110- to 120-volt, 60-cycle AC.

Mounted on 11½-gallon welded steel tank. Automatic switch starts compressor at 30 lbs., stops at 45 lbs. With safety valve, moisture trap, pressure gauge. Size overall: 23x12x 25 in. high.

OUTFIT: Compressor; motor; tank with steel handle, axle, rubber wheels, feet; internal mix, non-bleeder gun with fan and round heads; qt. aluminum paint cup; 15-ft. hose; V-belt; pulleys; tire chuck. Can be used with Paint Tank (23) below. Pay $19.50 Down.
75 C 6362 R—Ship. wt. 95 lbs.....Cash $95.75
75 C 6363 R—LESS GUN, HOSE. Wt. 90 lbs. 85.45

HEAVY-DUTY ½-HP TWIN 102.00

14 EASILY MOVED WITH WHEELS AND HANDLE or securely affixed. For heavy farm and home use or moderate production work.

COMPRESSOR. Belt drive. Displaces 6.7 cu. ft., delivers 3.3 cu. ft., air per minute at 40 lbs. working pressure. Air intake filters for clean air. Electric motor ½ HP capacitor for 110- to 120-volt, 60-cycle AC; 8-ft. cord; switch. With pressure gauge, adjustable safety valve, built-in moisture trap. Size overall: 23x15x 15½ in. high.

OUTFIT: Compressor; motor; steel handle, axle with rubber wheels; internal mix bleeder gun with fan and round spray heads, qt. aluminum paint cup; 15-ft. hose; V-belt; pulleys; tire chuck. Usable with Paint Tank (23) below. Pay $20.50 Down.
75 C 6208 R—OUTFIT. Wt. 76 lbs. . Cash $102.00
75 C 6209 R—OUTFIT LESS MOTOR.
Shipping wt. 48 lbs.....$75.00
75C6224—GUN ONLY. *Mailable.* Wt. 3 lbs. 10.25
75C6350—EXTRA DIAPHRAGM. Wt. 4 oz. Ea. 1.25

LOW-COST ⅓-HP—DIRECT AND BELT DRIVE

15 BELT DRIVE. For farm, home, shop. Compressor displaces 3.3 cu. ft., delivers 2 cu. ft. air per minute at 30 lbs. working pressure. Motor ⅓-HP split-phase for 110- to 120-V, 60-cycle AC; 8-ft. cord. Size: 16x8x11 in. high.

OUTFIT: Compressor; motor; internal mix bleeder gun with fan and round spray heads, quart aluminum paint cup; 15-ft. hose; V-belt; pulleys; tire chuck. $10 Down.
75 C 6215 YB—OUTFIT. Wt. 42 lbs.....Cash $49.95
75 C 6216 MB—OUTFIT LESS MOTOR. Ship. wt. 21 lbs. 35.00
75 C 6219—SPRAY GUN ONLY. Ship. wt. 3 lbs..... 7.95
75 C 6350—REPLACEMENT DIAPHRAGM. Wt. 4 oz..... 1.25

16 DIRECT DRIVE. Compressor displaces 2.5 cu. ft., delivers 1.5 cu. ft. air per minute at 25 lbs. working pressure. Size overall: 14½x7½x10 in. high.

OUTFIT: Same as (15) above, but with 10-ft. hose. Does not have V-belt or pulleys. Pay $8 Down.
75 C 6346 YB—OUTFIT. Ship. wt. 35 lbs.....Cash $39.95
75 C 6347 M—OUTFIT LESS MOTOR. Ship. wt. 14 lbs. 25.00
75 C 6344—SPRAY GUN ONLY. Ship. wt. 3 lbs..... 7.45
75 C 6351—REPLACEMENT DIAPHRAGM. Wt. 4 oz.....85c

DE VILBISS ⅓-HP 84.17

17 COMPACT; LIGHTWEIGHT. Made by one of the world's leading paint sprayer manufacturers.

Housing of aluminum alloy, enameled in brown and orange. One-unit design for easy carrying. Good air source for tire inflation, dusting, operating small air tools as well as spray painting—for farm, home or professional use. (FREE Catalog of other De Vilbiss equipment—see below, left.)

DIRECT-DRIVE COMPRESSOR displaces 4.15 cu. ft. (at 1725 RPM), delivers 2.5 cu. ft. air per minute at 35 lbs. working pressure; maximum pressure 50 lbs.

Counter-balance, precision ball bearings, air-blast cooling, mean years of smooth, trouble-free use. Tough synthetic, replaceable diaphragm, gives clean oil-free air. Split-phase ⅓-HP motor for 110- to 120-volt, 60-cycle AC with 8-ft. cord.

OUTFIT: Compressor; motor; pressure feed gun with fluid adjustment, quart aluminum paint cup; 12-ft. hose. $17 Down. *Postpaid.*
75 CP 6305 MO.....Cash $84.17

DE VILBISS HEAVY-DUTY EQUIPMENT

BUY DIRECT FROM WARDS, nationally known De Vilbiss specialized heavy-duty equipment for spray painting. Use in automotive, metal shops; for production; on farm; for other heavy-duty jobs.

A FREE comprehensive catalog illustrating this complete line of equipment and a price list will be sent to you on request.

Send a post card or letter requesting *De Vilbiss Professional Equipment Catalog to Engineering Service Department* at your regular Ward Mail Order House.

COMBINATION ALUMINUM SPRAY GUNS 8.95 TO 17.95

18 TO 20 ONE GUN FOR ALL JOBS. Gun (18) with fan and round internal mix spray heads; (19) with fan external, round and fan internal mix. Gun (20) with external mix (pattern adjustable); bleeder or non-bleeder and fan internal mix. Each with quart paint cup.

Cat. No.	Operating Pressure	HP	Displacement	Ship. wt.	Price
Internal-Mix Only; Bleeder Only					
(18) 75 C 6400	25–35 lbs.	¼–⅓	3 cu. ft.	2½ lbs.	$ 8.95
Combination Internal- or External-Mix; Bleeder Only					
(19) 75 C 6401	30–45 lbs.	⅓ to ½	4 cu. ft.	2½ lbs.	12.45
75 C 6402	30–45 lbs.	¾ to 1½	5–6 cu. ft.	2½ lbs.	12.45
Combination In- or External-Mix; Bleeder or Non-Bleeder					
(20) 75 C 6403	30–45 lbs.	⅓ to ½	4 cu. ft.	2½ lbs.	17.95
75 C 6404	30–45 lbs.	¾ to 1½	6 cu. ft.	2½ lbs.	17.95

21 RUBBER AIR HOSE. Use 15-ft. length for replacement (no coupler); 25-ft. for extension (with coupler). Connections ¼ inch.
75 C 6244—15-FT. LENGTH. Ship. wt. 1 lb.....$1.69
75 C 6245—25-FT. LENGTH. Ship. wt. 1 lb. 8 oz..... 2.69

HEAVY-DUTY MATERIAL HOSE. Rubber. 15 ft. long. Pipe fitting ⅜ in.
75 C 6276—Shipping weight 2 lbs. 8 oz.....$3.25

AIR LINE SPRAY UNIT 21.95

22 SPRAY DIRECTLY FROM AIR SUPPLY LINE. Regulator with gauge reduces air line or tank pressure of up to 250 lbs. down to 0 to 140 lbs. Separator removes oil, water, dust. Condensation chamber; drain cock at bottom. Connections: outlet ¼-in.; inlet ⅜-in.

External mix, siphon feed spray gun with fan and round spray heads, usable as bleeder or non-bleeder. Gun uses 2 to 4 cu. ft. of air per minute at 25 to 50 lbs. pressure. Includes 15-ft. air hose.

COMPLETE UNIT. Gun, hose, regulator, gauge, separator.
75 C 6206—Shipping weight 7 lbs.....$21.95

REGULATOR, GAUGE AND SEPARATOR ONLY. (No hose or gun.)
75 C 6221—Shipping weight 4 lbs.....$9.25

REGULATOR AND GAUGE ONLY. For air lines or tank (23) below.
75 C 6220—Shipping weight 2 lbs.....$5.95

23 TIME- AND WORK-SAVING PAINT TANK. Replaces cup. Holds 3 gals. Saves re-filling time on large jobs. Use with any Ward gun or sprayer except (9); see adapters, right. Lightweight corrosion-resistant steel with 6-in. opening. Cast-iron top. Brass relief valve (45 lbs. pressure). Hook for carrying or hanging on ladder. *Mailable.*
75 C 6222 M—With 10-ft. air hose, 10-ft. paint hose. Ship. wt. 15 lbs. $22.95

MATERIAL HOSE ADAPTER. Use with Tank (23) at left. Adjusts material hose coupler threads to guns listed. Use both 6410 and 6411 with guns (18), (19).

FOR GUNS OF SPRAYERS (1) TO (3).
75 C 6411—Ship. wt. 4 oz.....75c

FOR ALL OTHER GUNS LISTED (Except 20).
75 C 6410—Ship. wt. 4 oz.....35c

THINNERS FOR CLEANING spray guns listed on Page 758.

The Truth About

PAINT SPRAYERS AND SPRAY GUNS

PAINT SPRAYERS. Tests prove you can spray paint 4 to 10 times faster than you can brush it on. In selecting the Sprayer and accessories suitable for your needs, consider these important factors:

AIR CAPACITY. Sprayers are rated by "air displacement"—cu. ft. of air produced per minute. However, due to friction, heat loss, etc., not all air displaced can be used.

The usable cu. ft. of air per min. is called "air delivery." The greater the air delivery at a given working pressure, the larger output gun you can use and the faster you can spray, within limits. Compare air delivery before you buy a sprayer.

TYPES OF AIR COMPRESSORS. Two types in general use on quality sprayers are *Diaphragm* and *Piston*. Diaphragm type operates by the pulsation of a flexible disc in cylinder, while piston type has metal piston sliding within cylinder. Both are effective. Measured in air delivery, diaphragm type is generally lower in cost; practical for small and medium size equipment. Diaphragm wears out after considerable use; easily replaced at low cost.

The piston type should operate much longer without servicing, but eventual overhaul is more costly. Wards basically new OIL-LESS piston sprayers (1) and (2) and all diaphragm types need no lubrication; conventional piston types do.

The diaphragm type is popular, within its capacity limits, for intermittent use for short periods. Piston type is best for steady or heavy work in shop, on farm, etc.

SIZE TO BUY. For home or light shop work, compressor with a ½- or ⅓-HP electric mo gives good results at moderate cost. Sel ½-HP or larger for farms, painting buildin autos; any sustained use.

PAINT SPRAY GUNS. Conventional guns u ally classified: Internal-mix or External m and Bleeder or Non-Bleeder.

Internal-Mix atomizes air and paint insi spray nozzle; External-Mix atomizes outside the nozzle.

Principles applicable to all guns exce those with outfits (1) to (3) are: (a) For max mum efficiency, use Internal-Mix with pre sure feed; External-Mix with siphon feed (b) Use Internal-Mix for slow-drying finishes External-Mix for fast drying lacquer, shellac

Wards outstanding oil-less piston sprayers (1) to (3), have guns with a new-type noz zle that not only adjusts for round, fan or angle spray, but also will spray heavy or light; fast- or slow-drying finishes equally well. Quick, simple adjustment.

BLEEDER gun is necessary for all sprayers used without air pressure tank and automatic pressure switch. Trigger controls only ma terials sprayed; air flow is continuous so that pressure does not build up.

NON-BLEEDER gun is used with compressed air lines or with pressure tank type sprayer hav ing automatic pressure control switch. Trigger controls flow of both material and air at the same time; conserves air supply.

Spray gun listed under each spray outfit may be used with similar outfits.

Oil-Less and Conventional Piston Type Paint Sprayers

COMPACT OIL-LESS PISTON SPRAYERS 52.95 TO 87.95

GRAPHITE RINGS NEED NO OIL. Assure oil-free air.

EASY-TO-HANDLE UNIT DESIGN of aluminum alloy.

ALL-PURPOSE GUN FOR ALL JOBS; with any fluid.

1 TO 3 For amateur, professional or industrial use. Laboratory- and field-tested (regular production models) for 7000 hours of continuous operation without appreciable wear.

COMPRESSOR AND MOTOR HOUSING with blue and red baked-on enamel finish, polished aluminum trim. Six models—five direct drive; one belt drive. (See also (8) below.) No. 6540 has base plate for mounting ¼-HP motor; motor not included.

Graphite piston rings and skirts lower friction. Offer oil-free air without oil extractors on air lines. Short horizontal piston stroke—opposed in twin models for smoother operation. Positive sealing, self-cleaning valves eliminate carbon build-up. Sealed-in ball bearings, lubricated for life.

Built-in "after-cooler". Crankcase designed to perform multiple functions of after-cooler, pulsation chamber, moisture separator. Reduces moisture in air line, cleans air, increased efficiency.

For protection of compressor and motor, each cylinder head is equipped with safety valve and renewable in-let air filter. Leakproof moisture drain is easily accessible. Air inlets, ¼-in.

HEAVY-DUTY CAPACITOR MOTOR on 6458; others have split-phase. All for 110- to 120-volt, 60-cycle AC. Motor not included with No. 6540.

UNIVERSAL EXTERNAL MIX GUN with aluminum quart paint cup. For heavy or light fluids; slow or fast drying. Adjusts to coarse or fine spray in round, fan or angle pattern. Use with siphon, pressure or tank feed. See Facts on Guns, above.

OUTFIT: Compressor, gun (bleeder type with ¼-HP; combination bleeder and non-bleeder with others), 15-ft. air hose, tire chuck, instructions.

Key	Cat. No.	Pistons	HP	Displaces	At RPM	Delivers	Work. Pressure	Ship. wt.	Pay Down	Cash
(1)	75 C 6540 M	2	..	3.87 CFM*	1650	2.3 CFM*	35 lbs.	24 lbs.	$11.50	$55.95
(1)	75 C 6541 YB	2	¼	3.87 CFM*	1650	2.3 CFM*	35 lbs.	44 lbs.	14.00	68.95
(2)	75 C 6458 MO	2	½	5.35 CFM*	1690	3.7 CFM*	37 lbs.	47 lbs.	18.00	87.95
(3)	75 C 6455 MB	1	¼	2.7 CFM*	1700	1.8 CFM*	30 lbs.	37 lbs.	11.00	52.95
(3)	75 C 6456 MB	2	¼	3.87 CFM*	1650	2.3 CFM*	35 lbs.	38 lbs.	13.50	65.95
(3)	75 C 6464 MO	2	⅓	4.72 CFM*	1700	3.0 CFM*	35 lbs.	45 lbs.	15.50	76.95

*CFM means cubic feet of air per minute.

4 SPRAYER CART. For (2) or (3) above. Semi-pneumatic, 6-in. rubber tires. Steel axle. Oilite bearings.
75 C 6461M—With Aluminum handle, rubber grip. Shipping weight 7 lbs. $9.95

CONVENTIONAL PISTON SPRAYERS 41.50 TO 119.50

AUTOMOTIVE TYPE PISTONS, EACH WITH 2 RINGS, reduce oil pumping.

ENCLOSED OIL SEPARATORS AND AIR FILTERS provide clean, dry air.

ONE GUN FOR ALL JOBS. Can be used with any types of materials.

5 6 Heat-treated aluminum alloy pistons in precision-honed cylinders, give added power, air supply. Pistons joined to connecting rods with ground piston pins for quiet operation. Splash-type lubrication system completely bathes pistons for longer wear. Extra capacity ball bearings reduce friction. Oversize air pulsation chamber. Automatic safety valve. Convenient oil level check plug. Air gauges on heavy-duty models.

Balanced, lightweight spray gun with quart aluminum paint cup. Easy to adjust for all jobs. Can be converted for use with material tank. See Facts.

(5) SINGLE PISTON ELECTRIC. Belt drive. For home, farm or light shop use. Displaces 3.5 cu. ft., delivers 2.45 cu. ft., air per minute at 35 lbs. working pressure. Motor ½ HP for 110- to 120-volt, 60-cycle AC. Size: 14½x9x9½ in. high. Includes: Gun (18), opposite page, 15-ft. hose, 8-ft. cord, belt, pulleys.

75 C 6420 YB—OUTFIT. Ship. wt. 39 lbs. $11.50 Down ..... or Cash $56.

75 C 6421M—OUTFIT LESS MOTOR. Ship. wt. 18 lbs. *Mailable* 41.50

(6) HEAVY-DUTY TWIN PISTON GASOLINE POWERED. Belt drive. For house, barn, fence or intermittent professional use. Displaces 8 cu. ft., delivers 5.6 cu. ft. air per minute at 40 lbs. working pressure. Paint anywhere; no electric power needed.

Air-cooled 1½-HP Clinton Gasoline Engine. Four cycle, single cylinder, L-head. Air passes through deep fins to maintain correct operating temperature for long periods of running. Easy to start with rope. Moisture and dustproof. With fully enclosed ignition points. Visible oil-bath type air cleaner. Oil filler conveniently located for easy checking and filling. One quart capacity fuel tank with strainer and shut off. Engine can be substituted with any gas engine up to 1¾ HP with pulley ratio to develop 1800 RPM on compressor.

Size: 16x11⅛x11¼ in. high. Includes: Gun No. 6402 (19), opposite page; 15-ft. air hose; belt; pulleys. Order Cart (7) below for easy mobility.

75 C 6505 R—OUTFIT. Ship. wt. 48 lbs. $23 Down. ..... or Cash $114.50

75 C 6506 R—COMPRESSOR WITH ENGINE ONLY. Ship. wt. 44 lbs. 99.50

75 C 6507 R—OUTFIT LESS ENGINE. Ship. wt. 29 lbs. 72.50

HEAVY-DUTY TWIN-PISTON ELECTRIC. Belt drive. Compressor like (6) above. Displaces 7.2 cu. ft., delivers 5.04 cu. ft. air per minute at 40 lbs. working pressure. Capacitor ¾-HP motor for 110- to 120-volt, 60-cycle AC. Size: 16x11⅛x11¼ in. high. Includes: Gun No. 6402, (19) opposite page; 15-ft. hose; 10-ft. cord; belt and pulley. Order Cart (7) below for easy mobility.

75 C 6511 R—OUTFIT. Ship. wt. 82 lbs. $24 Down ..... or Cash $119.50

75 C 6512 R—COMPRESSOR WITH MOTOR ONLY. Ship. wt. 79 lbs. 104.50

75 C 6513 R—OUTFIT LESS MOTOR. Ship. wt. 29 lbs. 72.50

7 CART. For (5) or (6) above. Rubber 8-in. wheels. Steel axle and handle.
75 C 6517 M—Shipping weight 10 pounds $9.95

TANK MOUNTED COMPRESSOR 119.95

8 OIL-LESS PISTON COMPRESSOR. Like (2) above. For automatic operation in low-pressure applications. Automatic pressure switch (with relief valve) starts at 35 lbs. pressure, stops at 50 lbs. Check valve on compressor outlet.

Mounted on 10-gal. non-code welded steel tank where compressed air is stored for use until required. Shut-off valve on tank outlet. Tank drain valve. Pressure gauge. Safety valve. With 8-ft. cord. Size overall: 31½x12¼x20½ in. high.

Order Spray Gun (20), Air Hose (21), opposite page. Shipped from Factory near Chicago. Allow 10 days extra for preparation, plus time in transit. Pay $24 Down. Terms on Inside Back Cover.

75 C 6590 F—Ship. wt. 78 lbs. ..... Cash $119.95

SIMPLE SPRAYING INSTRUCTIONS

Send for your FREE copy of Wards "How To Paint" Book—coupon on Page 760.

BURGESS VIBRO UTILITY SPRAYER 12.95

9 FOR TOUCH-UP AND SMALL PAINT JOBS around home, farm, or shop. Also for insect and garden spraying. Plug into any 110- to 120-volt, 50- to 60-cycle AC outlet and spray.

Pattern and volume adjustable. Stainless steel spinner. Sapphire nozzle and pump can be quickly cleaned. All other mechanism sealed in. With quart glass jar, 8-ft. cord.

75 CP 6451—*Postpaid* $12.95

10 AIR DUSTER BLOW GUN. Cleans, dusts, dries. Handy trigger control. Snout 3 in. long. Nozzle diam. 7/64 in. Male ¼-in. pipe threads. Use with any compressor on this or opposite page.

75 C 6290—Ship. wt. 3 oz. $1.39

11 QUICK-SNAP AIR HOSE COUPLING. Snap coupling apart; air automatically shuts off. Male body, female plug. Male ¼-in. pipe threads.

75 C 6277—Ship. wt. 6 oz. $1.49

PAINTERS' RESPIRATOR 2.19

12 PROTECTS LUNGS. Exhalation valve for easy breathing. Soft rubber face-piece fits snugly. Adjustable. Includes 5 wool felt filters.

75 C 6201—Ship. wt. 10 oz. $2.19

EXTRA FILTERS. For above. 2 pkgs. of 10 each.

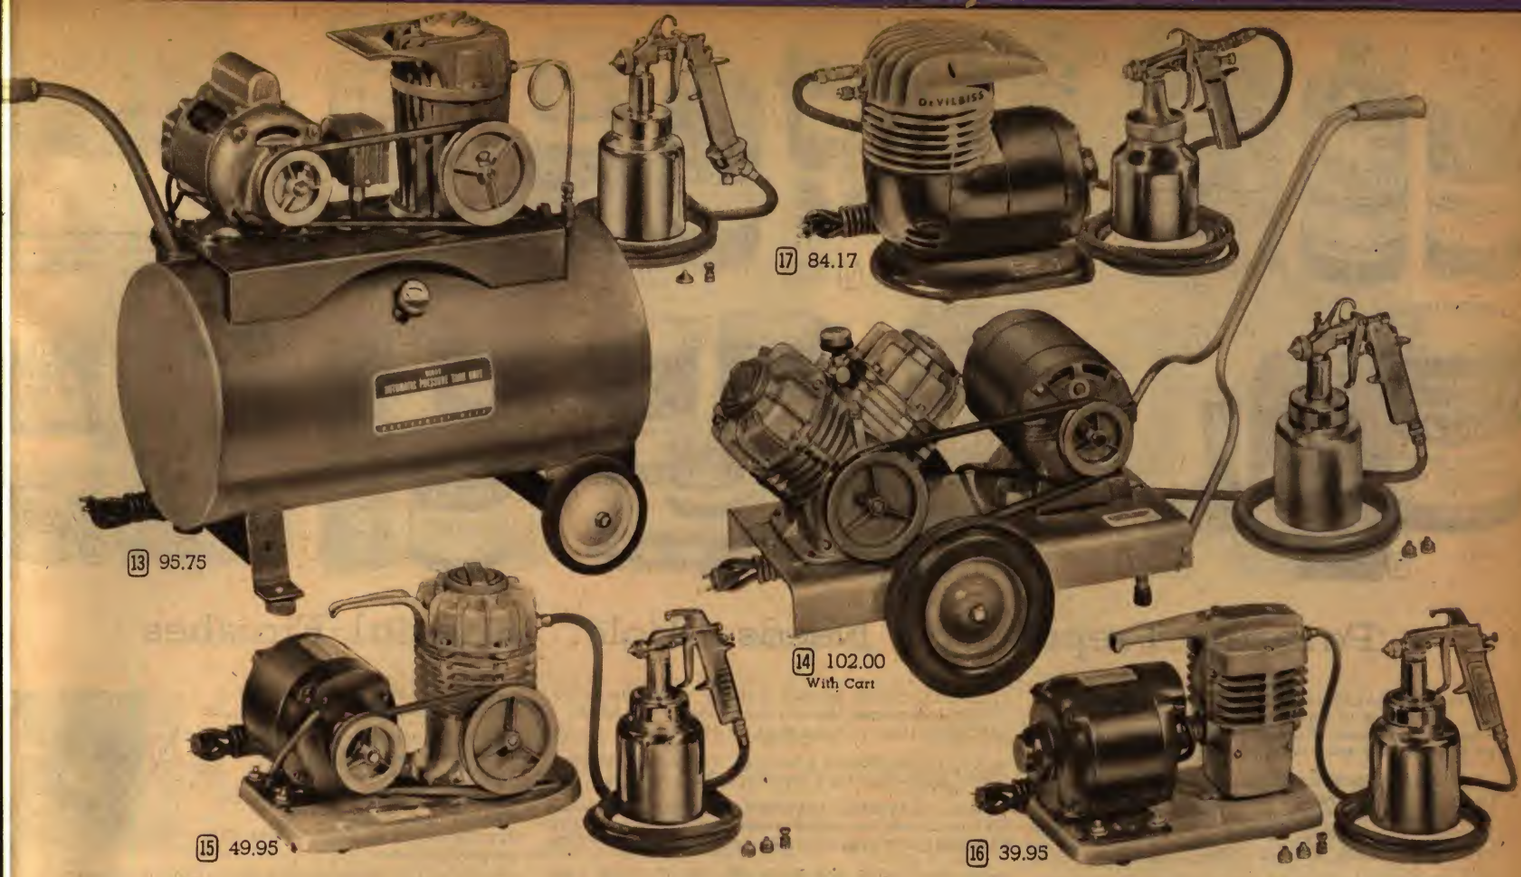
75 C 6205—Ship. wt. 4 oz. ..... Two Pkgs. for 35c

BELT WATER TRAP. (Not shown.) Removes water from spray gun air line. Excellent for siphon feed guns when used where humidity is high. Mounts on air line 4 ft. from gun. Clips on operator's belt. Has ¼-in. pipe thread connection. With 4-ft. air hose.

75 C 6235—Ship. wt. 1 lb. 8 oz. $3.9

INSECTICIDE GUN. (Not shown.) Inexpensive, external-mix gun. With over-shot siphon feed for spraying insecticides, or for small paint jobs. Operates on 15 to 40 lbs. air pressure.

75 C 6236—Ship. wt. 2 lbs. ..... $3.



Low-Cost Diaphragm Type Provides Oil-Free Air

PORTABLE OR PERMANENT-MOUNT PAINT SPRAYERS . . . SINGLE AND TWIN MODELS 25.00 TO 102.00

NO PISTONS; NO OIL—deliver clean, dry, oil-free air.
REASONABLY PRICED. Fine for home or limited industrial use.
LOW-COST MAINTENANCE, OPERATION. Parts interchangeable.

Elimination of pistons reduces compression loss due to "piston-slipping" Multiple 8-ply diaphragms of heat-resisting material give long service—can be easily replaced. Oversize "built-in" Surge-Chamber eliminates pulsation, keeps air at proper working pressure. No connections or piping to cause leakage.

No off-center weights to set up vibrations. Permanently greased and sealed ball bearings need no oil. See Sprayer Facts, opposite page.

PORTABLE TANK MODEL 95.75

13 EASY MANEUVERABILITY TO JOB. Wheels and handle can easily be removed for anchoring to floor. For shops, garages, farm maintenance, etc.

COMPRESSOR: Belt drive. Displaces 3.3 cu. ft., delivers 2 cu. ft. air per minute at 30 lbs. working pressure. Electric motor ¼-HP capacitor with 10-ft. cord. For 110- to 120-volt, 60-cycle AC.

Mounted on 11½-gallon welded steel tank. Automatic switch starts compressor at 30 lbs., stops at 45 lbs. With safety valve, moisture trap, pressure gauge. Size overall: 23x12x25 in. high.

OUTFIT: Compressor; motor; tank with steel handle, axle, rubber wheels, feet; internal mix, non-bleeder gun with fan and round heads; qt. aluminum paint cup; 15-ft. hose; V-belt; pulleys; tire chuck. Can be used with Paint Tank (23) below. Pay $19.50 Down.

DE VILBISS ⅓-HP 84.17

17 COMPACT; LIGHTWEIGHT. Made by one of the world's leading paint sprayer manufacturers.

Housing of aluminum alloy, enameled in brown and orange. One-unit design for easy carrying. Good air source for tire inflation, dusting, operating small air tools as well as spray painting—for farm, home or professional use. (FREE Catalog of other De Vilbiss equipment—see below, left.)

DIRECT-DRIVE COMPRESSOR displaces 4.15 cu. ft. (at 1725 RPM), delivers 2.5 cu. ft. air per minute at 35 lbs. working pressure; maximum pressure 50 lbs.

Counter-balance, precision ball bearings, air-blast cooling, mean years of smooth, trouble-free use. Tough synthetic, replaceable diaphragm, gives clean oil-free air. Split-phase ⅓-HP motor for 110- to 120-volt, 60-cycle AC with 8-ft. cord.

OUTFIT: Compressor; motor; pressure feed gun with fluid adjustment, quart aluminum paint cup; 12-ft. hose. $17 Down. *Postpaid.*

75 CP 6305 MO.....Cash $84.17

DE VILBISS HEAVY-DUTY EQUIPMENT

BUY DIRECT FROM WARDS, nationally known De Vilbiss specialized heavy-duty equipment for spray painting. Use in automotive, metal shops; for production; on farm; for other heavy-duty jobs.

A FREE comprehensive catalog illustrating this complete line of equipment and a price list will be sent to you on request.

Send a post card or letter requesting *De Vilbiss Professional Equipment Catalog to Engineering Service Department* at your regular Ward Mail Order House.

COMBINATION ALUMINUM SPRAY GUNS 8.95 TO 17.95

18 TO 20 ONE GUN FOR ALL JOBS. Gun (18) with fan and round internal mix spray heads; (19) with fan external, round and fan internal mix. Gun (20) with external mix (pattern adjustable); bleeder or non-bleeder and fan internal mix. Each with quart paint cup.

21 RUBBER AIR HOSE. Use 15-ft. length for replacement (no coupler); 25-ft. for extension (with coupler). Connections ¼ inch.

75 C 6244—15-FT. LENGTH. Ship. wt. 1 lb.....$1.69
75 C 6245—25-FT. LENGTH. Ship. wt. 1 lb. 8 oz..... 2.69

HEAVY-DUTY MATERIAL HOSE. Rubber. 15 ft. long. Pipe fitting ⅜ in.

75 C 6276—Shipping weight 2 lbs. 8 oz.....$3.25

AIR LINE SPRAY UNIT 21.95

22 SPRAY DIRECTLY FROM AIR SUPPLY LINE. Regulator with gauge reduces air line or tank pressure of up to 250 lbs. down to 0 to 140 lbs. Separator removes oil, water, dust. Condensation chamber; drain cock at bottom. Connections: outlet ¼-in.; inlet ⅜-in.

External mix, siphon feed spray gun with fan and round spray heads, usable as bleeder or non-bleeder. Gun uses 2 to 4 cu. ft. of air per minute at 25 to 50 lbs. pressure. Includes 15-ft. air hose.

COMPLETE UNIT. Gun, hose, regulator, gauge, separator.
75 C 6206—Shipping weight 7 lbs.....$21.95

REGULATOR, GAUGE AND SEPARATOR ONLY. (No hose or gun.)
75 C 6221—Shipping weight 4 lbs.....$9.25

REGULATOR AND GAUGE ONLY. For air lines or tank (23) below.
75 C 6220—Shipping weight 2 lbs.....$5.95

23 TIME- AND WORK-SAVING PAINT TANK. Replaces cup. Holds 3 gals. Saves re-filling time on large jobs. Use with any Ward gun or sprayer except (9); see adapters, right. Lightweight corrosion-resistant steel with 6-in. opening. Cast-iron top. Brass relief valve (45 lbs. pressure). Hook for carrying or hanging on ladder. *Mailable.*

75 C 6222 M—With 10-ft. air hose, 10-ft. paint hose. Ship. wt. 15 lbs. $22.95

MATERIAL HOSE ADAPTER. Use with Tank (23) at left. Adjusts material hose coupler threads to guns listed. Use both 6410 and 6411 with guns (18), (19).

FOR GUNS OF SPRAYERS (1) TO (3).
75 C 6411—Ship. wt. 4 oz.....75c

FOR ALL OTHER GUNS LISTED (Except 20).
75 C 6410—Ship. wt. 4 oz.....35c

THINNERS FOR CLEANING spray guns listed on Page 758.

Painting Preparation Needs, Tools . . . Special Finishes

SURFACE PREPARATION IS IMPORTANT. No finish is better than the surface to which applied. See Wards "How To Paint" book (coupon, Page 760) for instructions on surface preparation, then select materials from this page.

(1) PAINT, VARNISH REMOVER. Non-flammable, heavy liquid for horizontal or vertical surfaces. Fast-acting. No after wash required. Quart does up to 50 sq. ft.
75 C 5942 L—QUART. Ship. wt. 3 lbs. 95c
75 C 5943 L—GALLON. Ship. wt. 11 lbs. $2.98

(2) CONCRETE FLOOR ETCHER. Removes grease; roughens for painting. No mixing. No fumes. Gal. does 200 sq. ft.
75 C 5432 L—QUART. Ship. wt. 4 lbs. 75c
75 C 5433 L—GALLON. Ship. wt. 14 lbs. $2.89

(3) WOOD BLEACH. Removes natural color from all types of wood. No neutralizing. No deposit left on surface. Will not warp or raise grain. 2-solution kit does 60 sq. ft.
75 CP 5920 L—KIT. *Postpaid* $1.40

DRY WALL CONSTRUCTION KIT 3.69

INCLUDES 15 lbs. Joint Cement; Broad Knife; 250 sq. ft. of Joint Tape—enough for average room. With instructions.
75 C 5344 L—Ship. wt. 19 lbs. ..... Complete Kit $3.69

(4) READY MIXED JOINT CEMENT. Siliconized. Use on taped joints, to cover nails, level and patch new or painted walls. Not for wallpaper. Gal. covers to 75 ft. tape, 2 coats.
To seal and stipple-finish walls at same time, mix with equal parts of Rubberflex. Gal. covers to 300 sq. ft., 1 coat.
75 C 5374 L—GALLON. Ship. wt. 16 lbs. $1.79

(5) JOINT CEMENT. Fills cracks; holds tape. Mix with water; apply with broad knife below. Use 5 lbs. to 75 ft. tape.
75 C 5375 L—5 POUNDS. Ship. wt. 6 lbs. 69c
75 C 5376 L—15 POUNDS. Ship. wt. 16 lbs. $1.89

(6) BROAD KNIFE. Flexible steel blade. Shaped metal handle.
75 C 5399—6-IN. WIDTH. Ship. wt. 8 oz. 69c

(7) JOINT TAPE. Use with cement and broad knife to cover and reinforce butt or channel joints on wallboard, etc.
75 C 5438— 75-FT. x 2-IN. ROLL. Ship. wt. 10 oz. 39c
75 C 5439—250-FT. x 2-IN. ROLL. Ship. wt. 2 lbs. 95c

(8) SOILAX. Cleans painted surfaces, walls, woodwork. Dissolves grease. Mix with water. Won't harm hands.
75 C 5923—16-oz. PACKAGE. Ship. wt. 17 oz. 23c

(9) CELLULOSE SPONGE. Absorbent, "streak-free" cleaning.
75 C 5906—*Size:* 1¾ x 4⅜ x 6¼ in. Ship. wt. 3 oz. 57c

(10) REX-O WATERLESS CLEANSER. Dissolves grease. Won't harm hands. For interior or exterior use. In reusable pail.
75 C 5904 L—5-POUND PAIL. Ship. wt. 6 lbs. 85c

(11) (13) PAINT SOAP and HAND GROOM. Waterless hand cleaners that remove paint, grease, tar from skin. Non-irritating; contain lanolin.
(11) 75 C 5849—PAINT SOAP. Liquid. 4 oz. Wt. 5 oz. 35c
(13) 75 C 5845—HAND GROOM. Paste. Pint. Wt. 1 lb. 59c

(12) BRUSH CLEANER. Non-flammable. Restores old bristles.
75 C 5811—PINT. Ship. wt. 2 lbs. 39c
75 C 5812L—QUART. Ship. wt. 4 lbs. 69c

(14) TACK RAG. Use after sanding, for dust, lint-free surfaces.
75 C 5960—*Size:* 18 x 36 in. Ship. wt. 3 oz. ..... 3 for 69c

(15) PATCHING PLASTER. Fills large holes. Mix with water.
75 C 5830 L—5-LB. Box. Ship. wt. 6 lbs. ..... 38c; 2 for 72c

PATCHING COMPOUND, READY-MIXED. Self-sizing. For cracks.
75 C 5884 L—QUART. Ship. wt. 4 lbs. 12 oz. 75c

(16) SPACHTLING COMPOUND. Fills small holes, cracks in plaster. Mix with water. Dries in 2 hours.
75 C 5831 L—2½-LB. Box. Ship. wt. 3 lbs. 37c
Two 2½-LB. Boxes. Ship. wt. 6 lbs. 62c

(17) CRACK, HOLE FILLER. Won't shrink. For floors, furniture.
75 C 5834 L—QUART. Ship. wt. 5 lbs. 75c

(18) WOOD FILLER, PASTE. Fills to 140 sq. ft. of open grain wood pores. Neutral color; tint with Oil Stain if desired.
75 C 5435 L—QUART. Ship. wt. 5 lbs. 89c

(19) PATCHWOOD. Real wood. Fills chips, cracks in furniture.
75 C 5819—PASTE. ½-LB. CAN. Ship. wt. 14 oz. 35c

(20) KWIK-SEAL. Seals cracks around bathtubs, sinks, etc.; closes tile joints. Plastic; won't crack or crumble. White.
75 C 5879—6-Oz. TUBE. Ship. wt. 6 oz. 65c

(21) LEPAGES LIQUID GLUE. 8-oz. Can.
75 C 6025—Ship. wt. 12 oz. 79c

(22) DUCO CEMENT. Clear. Waterproof. For anything but rubber.
75 CP 6030—1¾ oz. *Postpaid* 35c

(23) SCREEN PAINTER, TRAY SET. Won't block mesh. Plastic.
75 C 5813—Will not spatter paint. Shipping weight 5 oz. 35c

SCREEN ROLLER. (Not shown.) Paints wire and frame. Saves paint.
75 C 5805—With wire handle. Ship. wt. 4 oz. 23c

(24) (25) PAINT DROPCLOTHS. Size 9 x 12 ft. Protect furniture, floor, shrubbery, walks, etc. (Canvas type, Page 719.)
(24) 75 C 5932—HEAVY PAPER. Ship. wt. 2 lbs. 8 oz. 89c
(25) HEAVY PLASTIC. Dry paint shakes off. Less fire risk.
75 C 5938—Polyethelene. Ship. wt. 1 lb. 8 oz. $1.98

(26) RED HOT ALUMINUM PAINT. For areas of up to 1600°F. Qt. covers to 125 sq. ft., 1 coat. Ship. wts. 1 lb.; 2 lbs. 4 oz.
75 C 1096—PINT. ..... 69c 75 C 1097 L—QUART. $1.25

(27) STOVEPIPE ENAMEL. For stoves, boilers, Resists rust, heat.
75 C 2414—GLOSS BLACK. PINT. Ship. wt. 2 lbs. 37c

(28) (29) SILVER, GOLD COLOR FINISHES. Use inside. Wt. 10 oz.
75 C 2440—SILVER, ½ PT. 55c 75 C 2432—GOLD, ½ PT. 85c

(30) STRIPE PAINTING SET. Includes 1/32, 1/16, and 3/32-in. striping wheels; two ½-oz. bottles, body socket; 2 sets wheel jaws.
75 C 5800—Use as shown (A) above. Ship. wt. 9 oz. $1.50

(31) LIQUID MASKING TAPE. For painting window sash. Brush on glass next to wood; apply paint; when dry, score; peel off.
75 C 5970—4-Oz. CAN. Ship. wt. 5 oz. 75c

(32) MASKING TAPE. Covers, protects surfaces not being painted.
75 C 5977—25-FT. LENGTH. Width ¾ in. Ship. wt. 3 oz. 25c

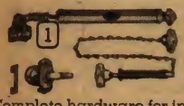
Aluminum Combination Doors, Custom-Made Windows

FOR RUSTPROOF ALL-SEASON WEATHER PROTECTION, LONG LIFE



Complete hardware for installing combination doors.

ALUMINUM COMBINATION DOORS 38.95 Any size

STRONG, EXTRUDED ALUMINUM construction for long, carefree service. Absolutely rustproof.

MODERN DESIGN with slim-line frame enhances appearance of any home. Smooth, satin finish.

QUICK, EASY SEASONAL CHANGEOVER. Lightweight storm and screen panels removed from inside.

(A) Finest quality, heavy-gauge aluminum, heat-hardened to prevent pitting. Can't rust, will not warp, shrink or swell. Occasional waxing keeps door bright and new-looking for years. Slim lines provide an attractive, inviting entrance to your home.

YEAR 'ROUND PROTECTION. In winter, it's a snug-fitting exterior door for protection against wind and cold; in summer, it's a screened-in entrance. Actually, two doors at one low price. If your home is air conditioned, it will help to cut operating cost. Seasonal changeover in a jiffy—only a screwdriver is required. Lightweight panels removed from inside, no heavy lifting; minimum storage space required.

Z-BAR FRAME simplifies installation; no overlapping channels to cut. Provides new frame setting for your door for beauty and perfect fit. Design permits custom fitting to frame openings varying up to 1 in. wide and 1½ in. high.

DOOR SHIPPED COMPLETE. Includes two storm inserts glazed with clear glass, two screen inserts, adjustable pneumatic door closer with built-in wind guard, latch set with inside night lock, 3 stainless steel hinges (see (1) at left), 3-piece Z-bar frame, adjustable bottom sweep with vinyl weather-seal, storm chain, template for attaching hinge to door, ¼-in. and ⅛-in. drill bits, all necessary aluminum and stainless steel screws. Shipped in heavy protective carton to insure safe arrival.

HIGHEST QUALITY MATERIALS and workmanship. See cut-away view above. Door itself is full ⅞ in. thick, (same as so-called 1-inch expander type doors which include overlapping channel in 1-in. measurement). Heavy extruded aluminum corner braces for maximum strength and rigidity—a hidden, but important quality feature. Screen inserts fitted with 14x18-mesh aluminum; rolled into frame with vinyl spline.

EASY TO INSTALL. Detailed instructions provided, describe each step clearly.

ALUMINUM COMBINATION WINDOWS . . . LOW AS 18.45

CUSTOM-MADE FOR GUARANTEED PERFECT FIT . . . at prices lower than asked for most "stock-size" combination windows.

COMPLETELY SELF-STORING. Triple track type—each insert rides on its own track. Screened ventilation top or bottom.

FINEST QUALITY CONSTRUCTION. Fully weatherstripped. Shipped fully assembled; easiest of all windows to install.

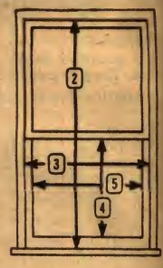
(C) Never before offered by Wards—a new, custom-made, Triple-Track Combination Window made of heavy extruded aluminum, fully assembled, ready to install. Just send specifications; windows custom-made to your order at factory. To assure perfect fit, windows are made with built-in expanders—adjust exactly to out-of-square openings.

NOW IS THE TIME TO ELIMINATE SEASONAL CHANGEOVER. No dangerous ladder climbing—no storage problem. Each insert in separate track see cut-away at right; just slide unused insert up, slide other one down. No gadgets to tinker with. Trim lines designed to enhance the beauty of your home; distinctive appearance—no bulkiness. Design provides maximum light and ventilation. Glass easily cleaned from inside house. Just lift out lower track sections, slide inserts into room. Top or bottom ventilation obtained by sliding screen insert up or down.

COMPLETELY WEATHERSTRIPPED. Insert frames overlap running tracks on top, bottom and sides; eliminate window rattling in high winds.

SHIPPED COMPLETE, READY TO INSTALL. Inserts glazed with clear glass, weatherproofed with gasket held firmly with aluminum spline. Can be reglazed easily if necessary. Screen insert fitted with 14x18-mesh Aluminum wire rolled into frame, held by vinyl spline. Complete, instructions. Shipped from Factory near New York City; pay freight from Albany, New York or Boston, whichever is nearer. Allow 3 weeks for delivery, plus transit time. Average Ship. wt. 30 lbs.

74 C 5413 F—*State exact glass and opening sizes in inches.*



HOW TO ORDER CUSTOM-MADE WINDOWS. First measure width of frame between side exterior casings (3) and height between top casing and sill (2). Then measure glass separately giving width (5) and height (4). Prices are determined by glass size, see table below.

ALUMINUM COMBINATION BASEMENT WINDOWS . . . LOW AS 6.65

(D) Fit any standard wood or postwar steel or aluminum basement window, including (E) at right. Keep basements more comfortable year 'round. Protect against dampness and dust. Extruded aluminum with natural finish—rustproof; requires little maintenance. Storm sash can be swung out and locked firmly in variable positions for ventilating. Has sliding clips for easy installation on wood or steel window frames. Frame (fitted with 18 x 14 mesh aluminum wire) fastens permanently to exterior of your present basement window. Storm panel glazed with clear glass, detachable for storage during summer. All screws, instr. included. Shipped promptly from Stock.

74 C 5421R—*State Actual Size. Not Mailable.*

Economical Wood Combination Windows and Doors

BUILT OF TREATED PONDEROSA PINE FOR LONGER SERVICE

COMBINATION WOOD WINDOWS . . . LOW AS 6.39

(F) (G) LOW-COST STORM-SCREEN WOOD UNITS cost little more than separate screens and storm sash. Interchangeable screen and glass panels are easily removed from inside for seasonal changeover and cleaning. Fits any double-hung window opening listed below. Turn button screws hold panels neatly in place; can be removed from inside house with only a screwdriver. (See View 6, at left). Screen panel has built-in ventilator in bottom rail. Ventilation easily obtained even in driving rains. Just lower top sash of house window. Air comes in through bottom screen, rises and enters house through top sash. Offers effective protection against insects during summer.

STURDILY BUILT OF PONDEROSA PINE, treated with Nationally-known WOODLIFE® to resist dry rot, blue stain and termites. 1⅛ in. thick. Can be trimmed ½ inch in width or 1 inch in height. Mortise and tenon joints—sanded smooth ready to finish. Clear glass in frame and storm panel held firmly by wood moldings.

TO MEASURE. Use dimensions (2) and (3) on opposite page. Order sizes below that fit or can be trimmed to fit opening in which unit is to be placed. Can be trimmed ½ inch in width and 1 inch in height. Shipped in 1 week from Factory near Detroit, Mich. Pay freight from there. Allow transit time. Choice of 2 models.

(F) PERMANENT TOP WINDOW. Includes frame with top glass panel permanently installed, 1 glass panel and 1 screen panel for lower section (interchangeable). Screen panel has 14x18-mesh rust-resistant galvanized wire.

(G) NEW REMOVABLE TOP WINDOW. Has all features of (F) above, plus removable top glass panel . . . all panels removable for easy cleaning. Rustproof aluminum screen wire. Extra screen panel for upper section can be ordered separately below if desired.

WOOD COMBINATION DOORS . . . LOW AS 14.75

(H) TO (L) SAVE TIME AND WORK with low-cost combination storm and screen doors—change just panels instead of entire doors. Avoid time-consuming seasonal changeover and storage problems. One low price gives you a screen door in summer and a storm door in winter. Nothing to store but the out-of-season panel. Save on valuable storage space.

JUST INTERCHANGE storm and screen panels from inside the house—no need for heavy lifting or carrying door up stairs. Combination doors cut drafts and loss of heat, resulting in lower fuel bills. Your home will stay warmer in winter because of the excellent insulating qualities of this wood door, thus saving fuel costs.

LOCK SCREW INSERTS operate with only a screw-driver, yet cannot be opened from the outside. Doors may be used with hardware set (M) at bottom of page.

STYLES FOR EVERY ENTRANCE. Views (H) to (L) at top of page show well-proportioned doors in choice of 4 styles. All are designed for maximum light and vision; can be finished in any color scheme desired.

FINEST QUALITY CONSTRUCTION. Expertly made from kiln-dried Ponderosa Pine. All doors are 1⅛ inch thick. Have interlocking mortise and tenon joints for rigidity, reinforced with steel pins. Stiles and rails wide for ease of trimming in case they must fit irregular openings. Treated with nationally known WOODLIFE® for longer life—resist dry rot, blue stain, termites.

DOORS MACHINED SMOOTH. Ready to finish by staining, varnishing or painting. Your choice of galvanized wire or (on some styles) bronze wire. Select from table.

COMPLETE UNIT INCLUDES: door with 2 interchangeable panels, 1 storm panel fitted with clear glass, screen panel with 18x14-mesh galvanized or bronze wire.

Width can be trimmed 1 inch, height can be trimmed 2 inches. Doors shipped promptly from Stock by Freight or Express. Only 10% Down on orders totalling $20 or more on Wards Convenient Credit Terms.

HOW TO ENCLOSE OPEN PORCHES OR BREEZEWAYS

Use Wards low-cost combination doors and windows pictured on this page to convert your open porch or breezeway into a year 'round extra room like those shown above (7) and (8). Combination windows, (F) and (G) easily installed to make a screened porch in summer; an enclosed porch in winter. Doors also make economical enclosures, let in maximum light and air.

DOOR HARDWARE SET 4.85

(M) Includes everything you need to install the wood combination storm-screen doors (H) to (L) listed above.

Pneumatic door closer (keeps door from slamming shut), safety-chain stop, aluminum latch set, three cadmium-plated hinges (for rust-resistance, brightness and greater durability), screws and complete installing instructions. Ship. wt, 4 lbs.

74 C 1663—*Mailable*. . . . . Per Set $4.85

SEE OTHER HARDWARE FOR DOORS AND WINDOWS ON PAGE 816.

WOOD BASEMENT WINDOW UNIT AND WOOD COMBINATIONS 3.75 TO 10.95

(N) COMPLETE WINDOW UNIT. Includes frame, window, storm sash and screen—all four items for one low price. For seasonal changes, just interchange storm and screen panels. Converts in seconds from Winter to Summer with nothing to store except extra panel. Trim, horizontal lines give compact, modern look; use for new construction, or remodeling purposes. Blends equally well with modern or traditional homes.

WINDOW OPENS IN toward basement, has 2 open positions for controlled ventilation one 45°, the other 90°. Admits more light and air, helps control odor and dampness. Screens and storm sash fit on outside.

QUALITY PONDEROSA PINE CONSTRUCTION. Chemically treated to resist warping, dry rot and termites. Bronze pressure-type weatherstripping on all sides. Glazed with single pane of clear glass, size 28x12 in. held with zinc points and elastic glazing compound. Rust resistant hardware. Completely assembled, ready to set in concrete block, brick or frame construction.

Exterior surfaces grooved to provide firm hold with mortar in masonry walls. Screens have 18x14-mesh rustproof aluminum screen wire. Size overall 2 ft. 8 in.x 1 ft. 4 in. high. Complete unit shipped promptly from Stock by Freight Truck, or Express.

74 C 6681R—Ship. wt. 25 lbs. . . . . Complete $10.95

(P) WOOD BASEMENT COMBINATION UNIT. Especially designed for steel windows, but can also be used on wood or aluminum. Frame with screen panel is installed permanently on exterior of your basement window. Gives year 'round protection. Enjoy a warmer basement, free from drafts and dust.

ADD STORM PANEL. For winter season, simply add tight-fitting storm panel to permanently installed frame. Storm panel is fitted with clear glass, easily stored in summer.

KILN-DRIED PONDEROSA PINE. Milled from Ponderosa Pine, chemically treated to resist dry rot, blue stain and termites; 1⅛ in. thick. Has strong mortise and tenon joints. Can be trimmed up to ¾ in. in both ht. and width if desired. Sturdy pine frame has 18x14-mesh aluminum screening. Long wearing aluminum screen-wire resists rust. Shipped promptly from Stock by Frt., Trk. or Exp. *Not Mail.*

C Style No. 3424 Steel Casement Only

Modern Casement Windows in Aluminum or Steel

SMOOTH FINGER-TIP CONTROL WITH ROTO GEAR OPERATOR

RUSTPROOF ALUMINUM CASEMENTS . . . LOW AS 14.75

A Aluminum Casements offer timeless styling plus full rust-protection. Built of heavy extruded aluminum by a leading nationally known manufacturer. Offered in 11 styles (shown in large and small illustrations above) for every size room. Designed to give you more light, better ventilation and minimum upkeep. Ventilators swing away from frame—make it easy to wash both sides from inside house. Adjust to any angle from closed position to full 90°.

TOP QUALITY CONSTRUCTION. Casements have attractive satin finish which blends with any color scheme. Additional protective coat of baked-on clear lacquer resists lime, etc. Aluminum never needs painting—resists rust and corrosion Full-length drip-cap at top of frame and watertight lip on ventilators prevent water seepage. Double-contact frame assures weathertight fit on all 4 sides of ventilator—reduces drafts, etc. Corners are electrically flash-welded for strong, smooth joints. Built for years and years of life, minimum upkeep.

MODERN STYLING allows you to use casements in any room. 2-light high units are ideal for smaller rooms, while 3 and 4-light units provide large areas of glass for picture windows in living rooms, etc. Roto-type adjuster—see (2) at right—makes operation easy. Opens and closes ventilators with easy wrist-action, holds them firmly in any position up to 90° angle. Handle in center of window locks each ventilator securely when fully closed.

CASEMENT ACCESSORIES. Glaze windows after installation with Glazing Material—includes glass panels (precut for exact fit), glazing compound and clips. Use Fin Sets for installation in brick veneer or solid masonry construction. Set contains 1 head, 2 jamb fins. "Tongue" located near each end of fin serves as location guide for plaster grounds. Fins provide anchorage to each wall and act as windbreak between sash and building construction. Holes predrilled for screens, storm sash—install on inside for easy cleaning. Order Screens, Storm Sash below. 10% Down—see Terms, Inside Back Cover.

BONDERIZED STEEL CASEMENTS . . . NOW LOW AS 10.25

B C Now the lowest prices we know of for steel casements of this fine quality. Save up to 13% from Fall General Catalog. Made for Wards by a leading nationally known manufacturer. Top quality—fabricated from low carbon, hot rolled, new billet steel. Special "weathering baffle" rolled into frame sections provides double contact between sash and frame—insures positive weather protection. Sturdy ⅛-in. thick casement sections have electrically welded corners. Each style available with or without all-steel window frame for easiest installation; no need for wood surrounds, trim, etc. Deluxe Roto type hardware (2) included.

CASEMENTS ARE MECHANICALLY BONDERIZED under strict temperature controls, then prime-coated with baked-on gray paint. Provides rust-resistant finish on steel plus an excellent base if finish paint is desired.

BLEND WITH ALL STYLES OF ARCHITECTURE; give more light, air. Vents swing out to deflect breezes into your rooms—hold at any angle up to 90°. Heavy steel hinges swing vents away from frame so both sides may be washed from inside house. Use in any room—2-light high styles save floor space in smaller rooms; largest styles make ideal picture windows.

ALL-PURPOSE STEEL FRAME (1) at right fits any standard construction: frame, brick, brick veneer, etc. Comes in 4 easy-to-assemble pieces. Just nail to outside sheathing (holes predrilled) or set in mortar line. Serves as stop for outside finish, trims inside for plaster or dry wall construction. Head and jamb sections 18-gauge steel, sill 16-gauge.

CASEMENT WITH FRAME (B) includes unglazed casement, drip-cap hardware and all-purpose frame. CASEMENT ONLY (C) does not include frame. Glazing Material includes glass (precut to exact size), glazing compound and clips. Casements drilled and tapped on inside for screens, storm sash.

1 Steel frame on (B) above completes your all-steel window installation. Neater, more weather tight — eliminates caulking around sash.

2 De luxe roto operator for easy opening and closing.

Jalousies for New Window Beauty

BUILT FOR ALL-WEATHER COMFORT

STANDARD JALOUSIE WINDOW . . . LOW AS 7.95

(F) Wards jamb-type jalousie windows with aluminum hardware and crystal glass louvers provide an economical way to add an extra room to your home. Install on any flat jamb surface. Simple 2x4-in. framing is satisfactory. Excellent for use on breezeways, patios, greenhouses, etc.—the low-cost answer to porch remodeling. Give modern styling and ventilation of more expensive units. View (8) at right shows how standard jalousies can be used to convert a porch into year 'round room—providing extra light and controlled ventilation for use in any weather. New aluminum mullions and weather-stripping for head and sill are now available to make these standard units even more versatile (see (H) and (G) below). Easy-to-install, no puttying, special tools or skills needed.

STANDARD JALOUSIES are all-aluminum construction for minimum upkeep—never need paint, are rustproof and corrosion-resistant for permanent beauty. Lever operator (4) opens louvers to any angle up to 90°. When closed, louvers overlap ½ inch to provide tight seal against cold weather. Both sides of glass can be cleaned from inside the house. Single lever control except on 15 and 18 louver sizes which have 2 levers. Levers lock securely when window is closed, windows can't be opened from outside. Aluminum side jambs have stainless steel "cushion" weather-stripping for draft resistance. If desired, weather-stripping for top and bottom may be installed, (see (G) below). Crystal louver glass 7/32 inch thick, 4½ in. wide pre-cut to exact size.

EASY TO INSTALL. Just fasten aluminum jambs to flat wood jambs, insert glass louvers into slots (see view (5) above). Glass held by metal clips, no putty needed. Finished window opening height should be same as over-all height listed in table below. But remember, width is completely adjustable—glass can be cut to fit any openings narrower than widths listed below. Minimum stud depth of 3⅝ in. as needed when used with outside screens or storm sash to permit operation of louvers. All sizes shipped promptly from Stock. *Not Mailable.* Only 10% Down on Terms.

(H) WEATHERSTRIPPING AND MULLIONS FOR (F). For added protection, easier installation. Aluminum mullion holds frames of 2 jalousies firmly together in straight line, adds ⅛ in. to width. Non-load bearing. New aluminum sill screws directly to wood sill, spring-type weatherstripping of stainless steel makes positive contact against bottom glass louver. Head weatherstrip works similarly with top glass louver. Can be easily cut with hacksaw.

DE LUXE JALOUSIE WINDOWS . . . LOW AS 13.45

(J) Now priced up to 10% below Fall General Catalog. Wards Deluxe Jalousies offer modern styling, welcome ventilation in summer; *draft-free, weatherstripped protection in winter.* Do not confuse with Jalousies designed only for warm climates. Ideal for any room in your home. Two jalousies make a popular corner window arrangement. Designed for maximum ventilation—when fully open, Jalousies admit nearly twice as much air as conventional double-hung windows. Controlled ventilation eliminates stuffy, "close" rooms in rainy weather. All louvers open to full 90° angle, deflect cool air inside. Easy turns of roto handle—view (7) above—open and close louvers; hold them firmly at any angle without rattles. Cannot be opened from outside.

SCIENTIFICALLY WEATHERSTRIPPED with hardened, durable, stainless steel, full-length weatherstripping on head, sill and jambs. Special triple crown along side jambs and raised edges of glass holders assure tight closure at sides of windows. Spring-type strips on head and sill make positive contact with top and bottom louvers. Stainless steel clips in glass holders fix louvers tightly in place. Louvers close under "cushion" spring pressure, each louver overlaps the next a full half inch, forming a weather-tight seal that will not admit drafts.

FINEST CONSTRUCTION. Precision-engineered design assures long life, minimum maintenance. Sturdy 2⅞-in. deep frame—see view (6)—provides strength and rigidity. Made of rustproof extruded aluminum; frame fits all types of standard wall construction. Easy to assemble and install—instructions included.

NEW HEAVY-DUTY ROTO-TYPE HARDWARE (7) above. Jalousies have instantaneous control—easy turns of the roto handle adjust the glass louvers. Handles are removable—no hardware to interfere with curtains, drapes or blinds. Concealed steel worm and gear are treated to withstand hard use. Window units 74 1/16 in. high have two operators, permit ventilation from top or bottom half of sash as desired. Roto operator turns easily—makes jalousies ideal for hard to reach locations such as over kitchen and bathroom sinks (view (9)), on porches (view (8)), etc.

GLASS LOUVER SETS INCLUDED. 7/32 in. thick, 4½ in. wide. Made of clear crystal glass for minimum distortion. Have smooth rounded edges for safer and easier cleaning—wash both sides of louvers from inside your house. Louvers lock in place without putty or special tools. Aluminum screens and storm sash (K), (L) attach on inside of Jalousie windows and doors for quick seasonal change-overs—fasten with special clips. Both have rustproof aluminum frames. Screen has 18x14-mesh aluminum wire. Insulating gasket around storm sash for tight closure.

SHIPPING INFORMATION. Jalousie Windows, Doors and Accessories shipped promptly from Stock by Freight, Truck or Express; shipping rates on Page 970. Only 10% Down on Wards Monthly Payment Plan; complete details on inside back cover.

ALUMINUM MULLIONS

Join De Luxe Jalousies in straight line to fill wider openings—see views (8) and (9) above to see jalousies joined on a porch installation and as double windows over a sink. Each Mullion adds ⅛-in. to Jalousie width. Windows bolt together through mullions (necessary connecting bolts included). *Do not use mullions as structural support.*

Modern Stacking Windows Feature New Versatility

DO YOUR OWN WINDOW STYLING...EASY TO INSTALL

PRECISION-MADE NATIONALLY ADVERTISED "CRESTLINE"® STACKING UNITS ... LOW AS 9.45

A B C Now you can make window arrangements to suit your own personal tastes and needs. Versatile "Crestline"® window units "stack" on top of each other, or side-by-side to form any combination of picture, fixed or ventilating sash you desire. Grouped, they form attractive rectangular or irregular glass areas for modern open effect. You can make large "glass walls", or place windows side by side in ribbon fashion above sinks or in bedrooms for more privacy and more usable wall space. Small drawings above show just a few of the many possible window combinations you can make with just 3 basic window types: Picture unit (A), Fixed Sash (B) and Ventilating Sash (C).

Used singly or in combinations, these precision-built windows go well with any type architecture, in any room and in any climate. Simple to install, instructions included. For inside trim see Molded (M) and Oval (T) ((P) for mullion casing) trim on Page 778. (For exterior moldings see (D) to (G) below). Install them easily yourself and save high labor costs.

FINEST QUALITY CONSTRUCTION THROUGHOUT. Precision-machined from Western Ponderosa Pine, chemically treated to prevent warping, swelling, termites, blue stain, rot, etc. Extra-narrow mullions, only 1⅝ in. wide, add beauty to glass wall areas, give broadened vision. Ventilating units are fully weatherstripped with continuous bronze strip on all four sides. Seals against drafts or water leakage when window is closed—enjoy a draft-free winter. Jamb frame width on all units is 5¼ in. Thickness of ventilating and picture sash is 1¾ in.; fixed sash is 1⅜ in.

VENTILATING UNITS (C) open to 90° to permit full view and ventilation. Admit almost twice as much air as double hung windows—open them even when it rains. Rotary crank opens and closes vents noiselessly, smoothly and with minimum effort. Both sides of pane can be washed easily from inside room. Hinges are designed to hold vents rigidly open in any position. Nylon bearing surfaces on all moving parts of gear-controlled hinges eliminate abrasive wear. No bars or extensions to mar front view or interfere with drapes and blinds. All gear-operating hardware is hidden when unit is closed. Snugger-type latch provides positive security lock, is designed to give outward thrust to break any ice, or paint friction, prevents window sticking. Exposed controls have brown enamel finish. Each ventilating unit includes removable aluminum screen, securely mounted on inside; easily removed for cleaning.

(A) MODERN PICTURE WINDOW UNITS. Fixed units of Crestopane insulating glass sash. Gives large glass areas—for broader vision, better light and beauty. Ideally used, in any combination you desire, with regular units (B) and (C); see examples of arrangements above. Same construction as units above. Order at right.

SINGLE GLAZING OR INSULATING GLASS. All units available with Crestopane insulating glass—two double strength "A" quality sheets of glass with ¼ in. of sealed air between. Ideal year-'round—provides warmth in winter, coolness in summer. No need for storm sash. All units except Picture Windows (A) also available with single glazing; storm sash listed separately.

ECONOMY WINDOW UNIT LOW AS 8.95 ... SASH ONLY LOW AS 3.35

H J K Now available assembled or unassembled. Unit includes window, frame and sash balances—priced right for low-cost remodeling. Use also for new work. Quality construction features check rail design and pressure-type balances. Precision-machined from kiln-dried Ponderosa Pine. Machined smooth. 1⅜-in. sash fitted with clear glass. All-purpose frame fits standard frame, brick veneer or masonry construction. Jamb width including blindstop is 5¼ in., has ¼-in. removable jamb liner for ½-in. plasterboard interior wall finish. Two or three units can be joined with 2x4 as filler between units; width of two exterior casings (each 1 1/16x1⅝ in.) will cover stud. Unit requires rough opening 2 in. wider and 4 in. higher than opening size. Locks and lifts not incl., see Pg. 812.

UNASSEMBLED UNITS have glazed sash; other parts prefitted for easy assembly. ASSEMBLED UNITS are completely set up, ready to be placed in wall. *Specify "assembled" on order* and add $1.75 to prices in table below; allow 1 week extra for Assembled Units.

CHECK RAIL WINDOWS ONLY include upper and lower sash (like above but without frame or balance). Designed for replacement purpose—use with pulleys, sash cords and weights.

Now. . .Weatherstripped Windows with Removable Sash

NEW FEATURES ALLOW EASIER CLEANING, SMOOTHER OPERATION

NATIONALLY ADVERTISED "CRESTLINE"® REMOVABLE . . . OUR BEST WOOD WINDOWS . . . LOW AS 15.50

(M) (N) You can't afford to be without these wonderful windows—save window washing and painting time, save fuel. To remove, simply release balance . . . press sash gently to the left and out comes the window. Fully weatherstripped (view (2)) . . . wintry blasts are halted before they can chill your rooms and use up expensive fuel. Patented one-piece, dual-purpose Alumaflex weatherstrip (2), anchored on left jamb, keeps out cold drafts, dust, and permits instant removal of sash. Flexible aluminum alloy "wings" automatically compensate for swelling and shrinking due to damp weather. Both jambs sheathed in metal—a rustproof zinc alloy engineered for perfect fit. Sash slide easily in metal tracks—no wood to wood contact to cause sticking and rattling. Cushion bronze weatherstrip installed on top, bottom and check rails of each sash for weathertight seal, easy installation. Fully counter-balanced in all positions on stainless steel cables—the kind used for aircraft controls. Ingenious hook at end of cable disengages sash without use of tools (view (1)). Clip automatically re-engages sash providing instant counter-balance when sash is replaced. Sash lock, lifts included (3).

FINEST CONSTRUCTION THROUGHOUT. Kiln-dried Ponderosa Pine, toxic-treated to resist warping, termites, etc. Extra-thick, 1⅜x2 in., exterior casing molded for modern picture window beauty. Glass held by zinc points, elastic compound. All-purpose frame fits brick, brick veneer or standard 2x4 stud construction. Highly recommended for new construction or remodeling.

UNASSEMBLED UNITS have frame parts prefitted; weatherstrip and balances installed. Sash assembled and glazed. ASSEMBLED UNITS completely set up, ready to be easily and quickly installed, *specify "assembled"* on order—add $2.20 for singles, $4.40 for doubles, to prices at right. All-purpose frame adapts to any wall construction. Needs rough opening 2½ in. wider (Double 4½ in.), 4 in. higher than total window opening size. Jamb 5¼ in. wide overall including filler strip, may be trimmed for dry wall construction. Allow 1 week extra for Assembled units. Interior trim listed below. For sizes not listed order next largest listed size and cut to fit. Storm Windows, Screens on Pg. 767.

Modern Sliding Windows Give More Wall Space

CHOICE OF WOOD OR ALUMINUM... BOTH WEATHERSTRIPPED

"CRESTLINE"... NEW REMOVABLE WOOD... LOW AS 17.30

(A) Nationally advertised "Crestline"® Sliding Window Units now with the convenience of removable sash. Sliding windows improve appearance of any room—allow better use of wall space, permit greater privacy. Perfect for use in any home, enhance any style of architecture. Ideal for ranch type homes but fit well into conventional types, too. In view above note how windows give seclusion to bedroom, make placing of furniture easier. Windows are high on wall for more relaxed living.

EASILY REMOVED FOR CLEANING. No more leaning outdoors to clean. Sash swings quickly out of frame by pushing upwards against head (see view 1). Flexible aluminum weatherstripping "gives" as you push so that bottom of sash clears aluminum track in sill (view 2). Sash then swings out easily for removal. Strong, spring-like quality of flexible weatherstripping in top keeps constant pressure downwards on sash to assure tight fit—yet windows are surprisingly easy to slide open or closed. Nylon sliders, aluminum channeling make windows "glide" along track. Changes in weather have no effect on smooth, noiseless operation; no adjust. needed.

COMPLETELY WEATHERSTRIPPED. Check rails meet tightly at center—held firmly with latch. Unit is weatherstripped throughout at factory with metal channeling. Head has flexible aluminum strip described completely above. Heavy extruded aluminum sill is properly pitched to drain rainwater through seepage holes. Sides of sash have bronze compression type weatherstripping.

EASILY INSTALLED. Sash precision-machined; glass held with zinc points, elastic glazing compound. Milled from clear Ponderosa Pine, kiln-dried, chemically treated to resist rot, blue stain, termites. Frame semi-assembled—parts pre-fit—just nail together, insert sash. Frame fits standard brick veneer, masonry or frame construction. Jamb including blind stop 5¼ in. wide. Hardware (sash lock, flush pulls) included. Masonry opening should be 2 in. wider, ¾ in. higher than rough opening.

NOTE: Prices are for Unassembled Units. For Assembled Units, *specify on order* and add $1.75 per unit. Allow 1 week for assembling, plus transit time. Order Screens, Storm Sash, and Trim separately. Screens have 18x14-mesh rust-resistant aluminum wire. 1⅛-in. storm sash are glazed.

State Catalog No. and Sash Opening Size. Shipped promptly from Stock.

ALUMINUM SLIDING WINDOWS... LOW AS 21.95

(B) Extruded Aluminum Window Unit adds modern, up-to-date style and convenience to your home. Easily installed high on walls for more privacy—more wall space in bedrooms, etc. Economical . . . a minimum of maintenance with rust-proof aluminum; no painting necessary. Completely weatherstripped for more comfort winter or summer. Screens included; order storm sash separately below.

EASY-TO-OPERATE. Both panels slide easily to either side of window for ventilation on right or left side. Panels can be removed from the inside for 100% ventilation when desired. All-aluminum screens and storms can be easily installed and removed from inside your home. Design of window frame provides attractive trim.

TOP QUALITY CONSTRUCTION. Windows come assembled and glazed, ready to be installed. Frame corners are electrically welded for strong joints. Each sash has stainless steel weatherstripping on side and top. Interlocking meeting rails give weathertight seal. Glass in window unit and storm sash held securely in place by weather-resistant plastic spline—makes reglazing (if ever necessary) easier. Sash slide easily on zinc liner in bottom tracks—gives smooth, non-stick operation. Liner can be easily removed for cleaning of sill. Drip Cap is actually part of frame, also acts as track for Screen and Storm. Frame sill has outlets for drain-off of condensation. Installation instructions included.

Window Unit includes aluminum frame; glazed sash; all-aluminum screen. Storm Sash comes glazed; order separately. Shipped in 5 days from Factory near New York City.

Be Sure to State Catalog Number and Style wanted. Allow transit time.

F.H.A. HOME IMPROVEMENT LOAN

If you own your own home and want to make permanent improvements costing more than $100—finance the cost through your local bank with an F.H.A. Loan. Whether you are installing windows; garage doors or a car port; Wards quality building materials may be purchased on F.H.A. terms. Enjoy needed improvements now while repaying your loan in monthly payments extended over 3 years, details on Page 972. Ward Monthly Payment Plan details on Inside Back Cover.

ECONOMICAL ALL-PURPOSE WOOD SASH... LOW AS 1.79

(C) TO (H) Inexpensive sash for new work or replacement use. (C), (D), (E) 1⅜ inch thick; (F), (G), (H) are 1⅛ inch thick. Excellent for cottages, porch enclosures, cellars, attics, garages, barns, etc. Sash (C) widely used for porch enclosures; Sash (G) for basements, transoms, etc.

Easily and quickly installed. Require no special frame; just set between studs and headers. May be used as stationary window or hinged to swing in or out. Precision made from kiln-dried Ponderosa Pine; chemically treated to resist warping, rotting, blue stain and termites. Strong mortise and tenon joints reinforced with steel pins. Fitted with clear glass held with zinc points and putty.

Top rails and stiles are 2 in. wide; bottom rail 3 in. wide except (G) which has 2-in. bottom rail. Sash can be trimmed ¾ in. in width, 1-in. height to fit undersize or slightly out of square openings. Shipped promptly from Stock. *State Catalog Number and Size.*

IMPORTANT NOTICE. Special low truck delivery rates on building materials available in many metropolitan areas. See information and details on Page 9

Easy-Operating Garage Doors

WOOD OR METAL OVERHEAD TYPES

Modernize your garage with one of Wards easy-operating overhead Garage Doors . . . for convenience, protection, appearance. Sturdily constructed to give years of trouble-free service. Can easily be finished to match garage and house. Easy to operate in any weather. Will open and close with a light pull—strong springs do the heavy lifting. When open, doors are up out of the way; eliminates danger of wind blowing door against car when driving in or out of garage. Doors remain securely overhead. Can be opened easily in any weather—ice or snow in winter cannot prevent doors from opening. Shipped complete with rust-resistant hardware. Easy-to-follow installation instructions—install garage door yourself and save.

WOOD GARAGE DOOR 52.95 With Hardware

(L) Attractive swing-up plywood garage door features modern horizontal lines—blends well with popular Ranch Type homes . . . will also harmonize with most any other style home. All necessary hardware for doors is included.

SIMPLE, TROUBLE-FREE OPERATION. Door is counterbalanced to permit easy opening and closing. Swings up in one piece and recedes completely inside garage (see (3), (4) and (5) above). Raises and lowers easily—only a light pull is necessary to open or close the door. Strong springs do the heavy lifting for you. Fits single-door garage opening 8 ft. wide by 7 ft. high—door can be trimmed to fit slightly irregular openings. When open, door is held securely overhead. Requires only 2 in. of overhead clearance.

TOP QUALITY CONSTRUCTION. 1⅜ in. thick Ponderosa Pine Frame has rigid mortise and tenon joints reinforced with hardwood dowels for strength. Kiln-dried, chemically treated to resist rot, blue stain, termites. Panels are 3-ply Fir Plywood, weather-resistant, ¼ in. thick. 2 sections have tongue and groove joint, bolt securely together to withstand heavy use. Machined smooth, ready to be painted or stained.

RUST-RESISTANT HARDWARE includes: two heavy-duty springs, track and auto-type handle with cylinder lock. Opens from outside with key, from inside with latch. Locks on both sides at bottom of door.

Door is easily assembled—do-it-yourself. Complete installation instructions included. Holes are factory drilled for easier joining of sections and installing of hardware. Doors are shipped promptly from Stock in Mail Order House. 8 ft. wide, 7 ft. high.

74 C 4685 R—Ship. wt. 150 lbs. $5.50 Dn. or Cash $52.95

STEEL DOORS LOW AS 57.95 With Hardware

(M) (N) Doors assembled in 1 complete unit. Steel sheets, welded into rigid 1-piece panel, provide long-lasting construction. Horizontal lines blend with almost any home architecture. All available with or without two 6x12-in. openings with rubber gaskets (glass not incl.).

EASY TO OPERATE. Heavy springs swing door up on steel over-head track—recedes completely inside garage. Needs only 2 in. of overhead clearance. Steel ball-bearing rollers give smooth operation. Light pull lowers door—locks automatically when closed. Easy to push up.

RUGGED STEEL BRACING FOR EXTRA STRENGTH. Strong, grooved 25-ga. steel sheets made to uniform specifications, welded to heavy 14 and 18-ga. steel frame. Made of galvannealed steel—steel galvanized for lasting rust protection—bonded to provide clinging base for paint. Heavy 20-ga. steel braces in V-type form electrically welded to frame for added strength (see view (6)). Tubular steel operating arms. Rubber sealing strip on bottom; metal weather-stripping on sides. Includes: springs, track, auto-type handle with cylinder lock.

SHIPPING NOTICE: Doors from stock shipped promptly from Albany Mail Order House. Doors from Factory similar to (M) and (N) except have X frame of 18 ga. steel. Shipped in 1 week from Boston, New York City or Cleveland. Pay Freight from nearest. Allow transit time.

(M) SINGLE DOORS. 7 feet high. *State Catalog Number.* 10% Down.

Aluminum Carport

EASY TO INSTALL

REDUCED 20% . . . NOW ONLY 199.50 (less columns)

(P) Was $249.50 in Fall General Catalog. A beautiful addition to your home for much less than you'd expect to pay. Provides needed protection for car besides increasing value of your home and giving it a more expansive, finished appearance—a major addition at minimum cost. Modern horizontal lines blend with most any architecture. Can be quickly attached directly to house wall, saving substantially on labor costs.

YEAR 'ROUND PROTECTION YOU NEED. Shelters car from sun, rain, snow—elements that impair appearance and value of your automobile. In summer, heat-reflecting aluminum roof keeps your car up to 20° cooler—no reason for stepping into a stifling hot car. Extremely versatile—carport can also be used as a patio (7), breezeway (8), play area and for backyard barbecues. Even if you have a garage, you can add a sheltered recreation area for your family.

BUILT TO LAST IN ANY CLIMATE. Rigid cross-bracing gives more support than actually required. Rafters are special aluminum alloy, engineered for maximum strength. Roofing sheets are heavy-gauge 2½-in. corrugated aluminum with beautiful embossed surface—softens harsh glare of sun common to ordinary aluminum. Extra-high 10-in. ribbed aluminum sides provide smart, impressive appearance. Rust-proof aluminum construction throughout eliminates maintenance expense. Hidden drain trough at front.

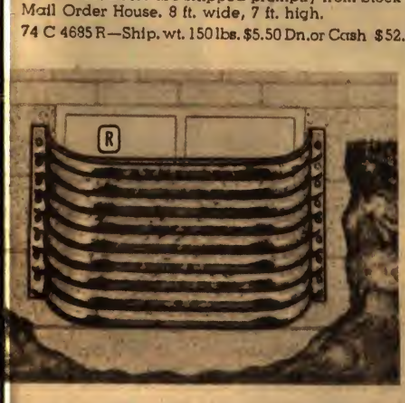
POPULAR IN NEW CONSTRUCTION. Many architects include carports on original plans—it's just as easy to add one to your home or garage. Use on any construction: brick, frame, etc. Floor may be concrete, gravel; any material desired.

INSTALLS QUICKLY, EASILY. Lightweight pieces easy to handle. No cutting; use just hand drill, screwdriver. Shipped unassembled with hardware, instructions. For supports, order iron columns listed separately below. Terms, Inside Back Cover. F.H.A. Loans Page 972. Shipped from Stock.

74 C 4599 R—Size: 10x20 ft. Wt. 194 lbs. $20 Down. Cash $199.50

ORNAMENTAL WROUGHT IRON COLUMNS. Support carport above. Bolt directly to concrete floor or to small concrete footings. 8 ft. high, predrilled. Can be cut to 6 ft. 10 in.

74 C 4763 R—3 recommended. Ship. wt. 35 lbs. . . Each $13.95



WINDOW WELL UNIT . . . 4.25 12 in.

(R) For modern design homes or any homes where basement windows are below ground level. Holds earth away from windows—permits light and air to enter basement. Rugged 16-gauge steel. Has full, deep corrugations for strength and rigidity, not shallow rolled as in cheaper construction. Rolled on top bead for safety. Rust-resistant, hot-dip galvanized coating; can be painted after weathering. Easily installed—holes predrilled for anchoring window well to foundation. Shipped promptly from Stock.

DOOR FRAMES

Y Z Choice of metal weatherstripped or regular types. Both frames are precision machined from clear Ponderosa Pine, kiln-dried to proper moisture content. Chemically treated to resist rot, blue stain and termites; ready for painting. For standard frame, brick veneer or masonry construction; have 5¼-in. jambs, 1⅛ x 2-in. exterior casings. Drip cap included. Easily and quickly assembled; just nail together. Rough opening should be 2½ in. wider and 3½ in. higher than inside measurements shown below.

Weatherstripped frames (Z) have extruded aluminum strip reinforcements in wood sill for long wear. Weatherstripping is applied—will not interfere with installing door hinges or latches.

DISAPPEARING STAIRWAY 25.95

AA Folds down for instant access to attic when you need it; disappears overhead out of the way with a light lift when not in use. Folds on adjustable heavy duty hangers—strong springs do most of the lifting for you, hold it tightly in jamb when not in use. (See Views 1, 2, 3 Above.)

Completely assembled, yet costs less, requires less space than stationary stairway. Has handrail for extra safety. Makes attic easily accessible. Built from select vertical-grain Fir, sanded smooth. Ceiling panel is Fir plywood. (Wood molding not incl.). Safety grooved treads dovetailed and nailed into sides for rigidity. Side rails cannot separate. Has 9-in. rise with treads 4 in. by 18 in. Bottom of stairs projects 14 in. beyond ceiling opening when resting on floor. Fully assembled with steel hardware and fittings attached. Fits ceiling heights 7 ft. 5 in. to 8 ft. 4 in. Rough opening: 26x54 in. Shipped from Stock.

74 C 9570 R—Ship. wt. 57 lbs. $3 Down..Cash $25.95

FOLDING LADDER 17.95

BB Gives immediate access to attic or loft—removes the hazard of unstable ladders. Folding, disappearing ladder is permanently installed, pushes up out of the way when not in use. Adds storage space at lowest cost. Excellent for homes, workshops, utility buildings, garages, etc.

Operates as shown in small pictures 4, 5, and 6 above. Operating dowel (furnished) has steel rod in end, is used to push cover open. Rod is then inserted into hole in bottom tread, and ladder is lowered easily to floor. Ladder is partly counterbalanced by its own weight—easy to open.

Made of select vertical grain Fir. Grooved treads are 15 in. wide, reinforced with steel rods for rigidity. Fits any opening 18 x 24 in. or larger. Fits heights up to 9 ft. 2 in. Needs 4 ft. 7-in. space above ceiling opening. Shipped promptly from Stock. Includes full instructions. Ship. wt. 30 lbs.

Corner Cabinets

PROVIDE EXTRA STORAGE SPACE

CHOICE OF 3 POPULAR STYLES

Beautiful Ponderosa Pine corner cabinets, priced to save you money on single units—with even greater savings when purchased in pairs. Cabinets utilize wasted space in corners, add to beauty of any room. Especially attractive when used in pairs, flanking windows, as illustrated in view at left. Authentic colonial styling adds distinction to home interiors.

GIVE COMPACT, EFFICIENT STORAGE. Fit compactly into unused room space forming attractive display cases for china, glassware, etc. Perfect for dining or breakfast rooms; glass doors protect dishes from dust and breakage while allowing them to be seen. Shelves grooved to hold plates in upright position. Lower section has roomy shelves for storing silverware, table linens, serving dishes, etc. When used in living room or den, cabinets hold trophies, games, record albums or provide easily reached space to put away children's toys.

TOP QUALITY CONSTRUCTION. Built of clear, Ponderosa Pine, kiln-dried to proper moisture content, sanded smooth—ready to finish to match your furniture, woodwork, etc. No back panels necessary—walls of room serve as sides of cabinet. Shipped with front frame completely assembled and glazed at the factory; other parts are easy to assemble, using ordinary household tools. All parts precision machined for exact fit. Cabinets include: front frame with glass, shelves, doors, back shelf support, filler strips, hardware, assembly instructions. If back panel is desired, order 4 by 7-ft. sheet of ¼-inch thick Plypanel Plywood from Page 789. Cabinets shipped promptly from Stock by Freight, Truck or Express.

TRANSITIONAL DESIGN CABINET 27.95 each, 26.95 in Pairs

(A) Simplicity of design makes this beautifully proportioned popular cabinet blend with either traditional or modern interiors. Equally appropriate for ranch-type or colonial homes. Not as large as Colonial or Tudor cabinets; best suited for apartments or smaller rooms. Square top upper door is fitted with 9 panes of clear glass, Lower section has single door ¾ in. thick. Three shelf spaces in upper section, two in lower. Cabinet has total shelf space of approximately 8 square feet.

Height overall 6 feet 6 inches. Width at front of cabinet 33 inches. Maximum depth at corner 16½ inches. Requires 23½ inches along each wall. Ship. wt. each 56 lbs. *Not Mail.*

74 C 9802 R—$3.00 Down on Terms. Cash $27.95....When purchased in pairs, Each $26.95

TUDOR DESIGN CABINET 33.95 Each, 32.75 Each in Pairs

(B) Popular size and style for average rooms. Small view at top of page shows pair of Tudor cabinets installed on either side of picture window, lending attractive symmetry to room. Fits well in colonial homes; designed to complement traditional furniture. Arched upper door fitted with 12 panes of clear glass. Lower section has two doors for easier access to storage space. Doors are ¾ in. thick, have solid raised panels for more massive apearance. Four shelves in upper section provide more display area than in cabinet above. Two shelves in lower section. Total shelf space approximately 9½ square feet.

Height overall 7 feet 1 inch. Width at front of cabinet 33 inches. Maximum depth 16½ inches. Requires 24 inches along each wall. Ship. wt. each 70 lbs. *Not Mailable.*

74 C 9801 R—$3.50 Down on Terms. Cash $33.95....When purchased in pairs, Each $32.75

COLONIAL DESIGN CABINET 48.95 Each, only 47.50 Each in Pairs

(C) Largest and roomiest of all cabinets. Combines fine craftsmanship with authentic Colonial styling in every detail. Complements Early American or Traditional furnishings. Large arched upper door fitted with 18 individual panes of clear glass. Lower section has two 1⅛ inch thick doors with solid raised panels for added beauty. Four shelf spaces in upper section provide extra storage height for vases, candlesticks, etc. Two shelves in lower section. Total shelf area approximately 10½ square feet.

Height overall 7 feet 4½ inches. Width at front of cabinet 38 inches. Maximum depth at corner 17 inches. Requires 27 inches along each wall. Ship. wt. ea. 95 lbs. *Not Mail.*

74 C 9800 R—$5 Down on Terms. Cash $48.95.....When purchased in pairs, Each $47.50

Build Your Own Cabinets

PRECISION MADE DOORS, DRAWERS, FRAMES

SAVE BY ASSEMBLING YOUR OWN CABINETS ... Parts from 1.40 TO 3.95

Add storage space where you need it most—in kitchen, basement, workshop, garage, attic—by building and installing your own custom-made cabinets. Make your own plans then assemble cabinets with Wards easy-to-follow instructions. Can be done in 4 simple operations. First attach shelves to walls, then fasten frames to front of shelves. Attach doors and insert drawers. All parts are precision-milled for exact fit; wide choice of sizes enables you to make a custom fit for any room. For counter tops see Wards selection of Plywood, Hardboard, Formica Beauty Board, Linoleum, etc. (See Index for page numbers.)

(D) TO (F) FRAMES. Kiln-dried Ponderosa Pine with mortise and tenon construction. Easy to assemble. Use as cabinet fronts with doors and drawers below—may also be used to construct sides. Cabinets (D) and (E) have drawer runners and metal drawer guides.

(G) CABINET DRAWERS. Precision-milled from kiln-dried western wood, with Fir plywood bottoms; easy to assemble. Sanded smooth, ready to finish as desires. Modern lipped front acts as stop. Drawers measure 18 in. overall front to back. Allowing for lip, size overall is ¾ in. wider and ⅜ in. higher than sizes shown in table at right.

(H) PLYWOOD FLUSH DOORS. Modern design harmonizes with modern kitchen motifs. ⅝ in. thick, made from 5-ply Fir plywood. ⅜-in. lipped edge overlaps door frame, keeps out dust. Smooth front is easy to clean. Door face sanded smooth. Size overall ½ in. wider and higher than opening size in table. Use hinges 84 C 831 or 84 C 820, listed on Page 813.

(J) PANEL DOORS. Made from kiln-dried Western Pine, ¾ in. thick. Panel is Fir plywood. May also be used as sides of cabinet. Top and side rails 2 in. wide; bottom rail 4¼ in. wise. Sanded smooth, ready to finish as desird. Size overall given in table at right.

HOW TO ORDER CABINET PARTS. Overall width of Frames is given in table below. When ordering doors and drawers, order them 3 inches narrower than frame. FOR EXAMPLE: for 17-in. wide frames, order doors and drawers in 14-in. size.

Frame (D) requires one 4-in. high drawer and one 24-in. high door. Frame (E) requires four drawers: two 9 in. high and two 4 in. high. Frame (F) requires one door 3 in. shorter and 3 in. narrow than size of frame. Order all parts from listings below.

Firluxe Cabinets with Factory Wood-Tone Finish

COMBINE KITCHEN BEAUTY AND ECONOMY, EASILY ASSEMBLED

66-IN. CABINET GROUP ABOVE . . . JUST 82.85 (Cabinets only)

Beautiful natural wood cabinets, completely pre-finished at the factory—at prices less than you'd expect to pay for unfinished cabinets. Ultra-modern smooth-front design of these rotary-cut Firluxe units will add a distinctive new look to your kitchen—make it more efficient, too. Cabinets are sealed and toned at the factory for matching beauty, then sprayed with finish coat of clear lacquer; no further finish is required. Wide choice of styles and sizes can be combined to fit almost any kitchen arrangement. New cabinets now available for Presteline gas and electric built-in wall ovens, and range top units. Cabinets are semi-assembled at the factory—require only minutes to set them up, ready to install.

STREAMLINED DOOR AND DRAWER FRONTS ARE EASY TO CLEAN. No need for exposed pulls or knobs—doors and drawers have special easy-to-grip edges for fingertip operation. Modern bronze-toned hinges are semi-concealed. Shelf height of wall units adjusts to your needs; shelves in base cabinets are removable for cleaning ease. Doors close quietly on rubber-roller catches; drawers slide smoothly on metal center guides. Concealed safety catch makes drawers spill-proof—can't pull out accidentally; catch flips back to release drawer for cleaning. Toe space finished in glossy black enamel to minimize scuff marks.

BUILT FOR YEARS OF SERVICE. Door and drawer fronts are 5/8 in. thick, 5-ply Fir plywood; framing members are kiln-dried Ponderosa Pine. Sides and backs of cabinets are brown-toned hardboard to harmonize with fronts. All joints interlock for firm support; frames have strong tongue and groove construction. Drawers are dovetailed, grooved and tenoned at all four corners. All parts are precision-machined for exact fit. To set up, just slip side panels into slotted, pre-assembled front and rear frames; then screw cross members in place. Insert drawers and mount doors. Easy-to-follow assembly instructions and all necessary hardware included with cabinets. Single door units (V), (BB), (CC) can be hinged easily on right or left side, whichever is more convenient; open easily with fingertips.

All joints in drawers are dovetailed for permanent holding and may be glued when assembled if desired. Glueing is not necessary, however, as drawer is very rigid after bottom is in place. Assembly instructions include large clear drawings of each step.

WALL CABINET SPECIFICATIONS. All wall cabinets are 13 in. deep, have individual sides, tops and backs. Use 30-in. high units for maximum storage; use 18-in. high units over sink, refrigerator, range top, etc. Special over-oven cabinets match oven base cabinets; separate sizes needed for gas and electric models. Shelves in wall cabinets may be installed at varying heights to suit your needs. Order from table at right above.

BASE CABINET SPECIFICATIONS. All base cabinets are 34½ in. high, have individual backs and sides. Tops of all base cabinets (except oven cabinets) are left open; order 25-in. wide custom-made Formica Countertops (shown on next page), or make your own countertop using Formica Beauty Board or linoleum. See Index for page numbers. Oven Cabinet and Range Base Cabinet are specially designed to fit nationally-known Presteline electric and gas ovens and ranges, listed on next page. Be sure to order countertop, oven or range separately, if desired. Order from table at right.

PAYMENT PLANS

Use Wards Monthly Payment plan, with as little as 10% Down. See Inside Back Cover.

Cabinets may also be financed through the F.H.A. Loan Plan with up to 3 years to pay. See Page 972.

ORDERING AND SHIPPING INFORMATION ON FIRLUXE CABINETS

HOW TO ORDER: Make a simple sketch of your kitchen to help in placing cabinets. (1) Measure wall space 36 in. from floor. (2) Locate sink cabinet, then choose other base cabinets to fill space. (3) Line up wall cabinets directly over base units for best appearance. Wide choice of cabinets makes fitting easy. Straight base and wall fillers can be trimmed down for exact wall-to-wall fit. To turn corner, either use Base Corner (AA) or join front edges of two cabinets with Base Corner Filler (this leaves vacant area in corner to be covered by counter top for added working space); allow 27 inches along each wall for Base Corner Filler. Base cabinets for electric and gas ovens are different heights; be sure to order correct over-oven cabinets so that total height is 84 inches. Order Ovens, Range Top Units and Formica Countertops separately from next page. Be sure to state Style No. of units.

SHIPPING INFORMATION. Firluxe cabinets are shipped promptly from Stock by Freight or Truck; pay transportation charges from Mail Order House. See Page 970 for freight rates and distances and other information on shipments.

Birch Cabinets Add New Beauty to Any Kitchen

GIVE YOUR KITCHEN THAT CUSTOM-DESIGN LOOK WITH QUALITY CABINETS

(1) Drawer fronts are solid Birch, molded to a curve. Built-in finger wells.

(2) Sliding Shelf in cabinets (H) and (K) may be removed and used as trays.

(3) Sturdy construction, reinforced by corner blocks, glue, screws for strength.

(4) Door Pulls above may be purchased from Pg. 813 if hardware is desired.

(5) Sink Basin with sink rim and sealing mastic.

FULLY ASSEMBLED, BEAUTIFULLY FINISHED

Cabinets are fully assembled, ready to install. All parts sprayed with two coats of penetrating water-resistant sealer, then sanded smooth. Final coat of high-grade clear lacquer applied to bring out natural beauty of graining. Fronts are hand rubbed and polished. Two light waxings a year maintain beautiful finish for many years. Built-in pulls make exposed hardware unnecessary—if you wish to order metal pulls see (4) at left.

Tops of base cabinets are left open to permit installation of a continuous counter top. Wards have a wide selection of colors available in Counter Tops (W) and (X), shown on opposite page. Monthly Terms are available for your entire cabinet order. Details on Inside Back Cover.

IT'S EASY TO ORDER WARDS CABINETS . . . WIDE CHOICE OF SIZES

Send diagram of room showing how cabinets will be placed. Include room measurements.

BASE CABINETS. Choose ends, corners (M) has stationary shelf—available for right or left corner. (N) fits either corner—available with stationary or revolving "Lazy Susan" shelves.

SINK UNIT. Try to place sink under window for more light, air. Sink Front (L) in 36- or 42-in. widths. Combination Sink Base (R)—60, 66 or 72 in. wide. Maximum storage space in 1 compact unit. Fill remaining space between sink and end with base cabinets in your choice of widths.

End Shelf (P) forms attractive setting for display of your favorite plants, cookbooks, nicknacks, etc.

WALL CABINETS. Center over base cabinets. Start with end and corner units. Use any cabinet as end unit. If sink is under window, End Shelves (F) or Bracket Shelves (E) with Valance provide a pleasing arrangement—see view on opp. page. Fill in remaining space with wall cabinets.

Corner (C) is equipped with revolving or stationary shelves. Combination Wall Cabinet (G) matches Base Cabinet (R). 18-in. high unit (D) is available for use over sink, refrigerator, stove, etc. to form a compact, step-saving arrangement.

NOTE: Use fillers for wall to wall fit, though careful planning often makes them unnecessary. 1-door units can be hinged right or left as desired. See "Shipping Notice" on opposite page.

WALL CABINETS LOW AS 19.95 (A) 12 in.

(A) (B) 30-IN. CABINETS. 1-door (A), 2-door (B)—widths for easy fitting. 3 shelves of smooth hardwood plywood give full utility for storage.

(C) 30-IN. CORNER CABINETS. CW26 has stationary shelves, RCW26 has revolving "Lazy-Susan" shelves—just spin to bring contents of shelf within fingertip reach. *Specify right or left hand hinge.*

(D) 18-IN. CABINETS. 2-door units, 1 shelf. Use over stove, refrigerator, sink, etc., for efficient use of wall space. If you desire maximum storage, place 18-in. cabinets over 30-in. units instead of using a soffit.

(E) (F) END SHELVES add decorative touch, extra space for plants, cookbooks, etc. Combine with Valance for window use.

THIS MODERN, WORK-SAVING CABINET KITCHEN CAN BE YOURS...AT WARDS

PICTURE YOURSELF IN THIS MODERN KITCHEN, enjoying the warm beauty of rich-grain Birch cabinets—made by a nationally-known firm and shown in leading home magazines. Imagine the cleaning ease of a sparkling, full-length Formica counter top in your choice of 12 colors. What a wonderful change it would be to have all the roomy storage space you need . . . with a built-in oven at convenient waist height, and a really easy-to-clean stainless steel range top built right into the counter. You'd proudly invite your friends to see a kitchen like this. You'd be a happier, more efficient homemaker in such a setting. And all of it can be yours at Wards. The initial cost is small, compared to the years of service you'll expect, and get, from these top quality wood cabinets. Fine furniture construction throughout.

TOP QUALITY SOLID CONSTRUCTION. All exposed frame parts select Northern Birch or Hard Maple, thoroughly seasoned and kiln-dried. Rigid mortise and tenon joints for strong support; no nailing on exterior face of cabinet. All cabinets carefully squared, base cabinets further reinforced with corner blocks, held with glue and screws—see (3) on opposite page—just as in the finest furniture. Modern flush surfaces are easy to clean; recessed pulls eliminate exposed hardware. Doors are 7-ply Birch hollow core, laminated under hydraulic pressure with waterproof adhesive—lightweight yet sturdy. Drawer fronts are solid Birch with molded design—see (1) opposite page. Sides of drawers dovetailed into fronts, backs, bottoms glue-blocked for lasting strength; drawer bottoms have plastic coating for added cleaning ease. Sides of cabinets are hardwood plywood panels, electrically bonded to ¾-in. lumber frame—provide strong bracing, keep cabinets rigid. Backs of base units are light-grained hardboard; wall cabinets have plywood backs. Shelves are 5-ply ½-in. hardwood plywood. Base cabinets (H), (K) have sliding shelf tray (2) on opp. pg. may be removed for serving—has hard maple sides. Hard maple or birch drawer runners are slotted into front and side panel frames; reinforced with glue blocks and screws. Runners have permanent-type slide lubricant—never need oiling, insures easy action even when drawer is full. Rubber roller catches produce smooth, noiseless door action. Extra-heavy hinges are semi-concealed for modern appearance and easy cleaning. Recessed toe space on base cabinets gives necessary foot room. Molded drawer front leaves extra knee space, eliminates leaning, rests your back.

YOUR KITCHEN IS MORE THAN JUST ANOTHER ROOM—it's a work center as important to you as the office or shop is to your husband. Research proves you spend many hours every day in meal planning, serving, clean-up. An efficient new kitchen can make these hours more enjoyable—can actually shorten them to give you more leisure time to spend with family and friends.

CHOOSE ANY CABINETS, ANY ARRANGEMENT YOU LIKE. Individual cabinets below come in many widths for easy room planning. Order one cabinet or a group, whichever you need. Presteline gas or electric ovens in stainless steel or copper. Cabinets fully assembled and lacquered (see opposite page). Tops of base units left open for full-length Counter Top (W) or (X).

SHIPPING NOTICE. Cabinets shipped by Freight or Express from Factory near York, Pa. Allow 10 days plus time in transit. Freight rates on Page 970.

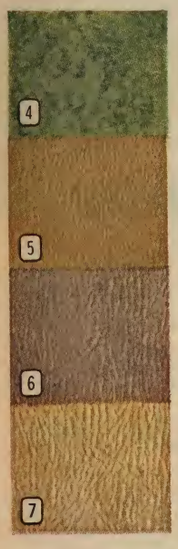
IMPERIAL FOLDING DOOR ... NO FINER MADE ... 37.45 30 in.



(A) Finest we know of! And in the long run, best for value too. Superior in every detail—fashion-right for the most exquisitely furnished homes. As room divider for living-dining areas, as door to bedroom, closet or bath, Imperial assures modern, functional beauty—saves valuable floor space taken by ordinary swinging doors. Also recommended for commercial installations: offices, stores, restaurants, clubs, etc.

COVER IS HEAVY 27-OUNCE MATERIAL for fullest most attractive drape—over 30% heavier than on many nationally-advertised doors. Fabric is durable plastic, reinforced with preshrunk cotton backing. Available in subtle Antique Pattern (4) in soft shades of Lime (A), Russet (2), Gray (1), or in Deep Red (3). Aluminum handle has satin finish.

UNDERNEATH ITS ATTRACTIVE COVER is rugged, all-steel framing; engineered for smooth operation and proper fold alignment. Hinges, the most important operating parts, are steel channel type—many times stronger than hinges used on other folding doors. Door glides easily on squeak-free nylon rollers.

INSTALLS QUICKLY, EASILY. Need only screwdriver and level. Steel channel track at top—no bottom track used. Door with latch lock (locks with key on either side) shipped in 4 weeks from Factory in Detroit; allow transit time. All others shipped promptly from Stock. Fit standard door openings 6 ft. 8½ in. high. *State Color:* Lime (A), Gray (1), Red (3), Russet (2). *State Cat. No., Width and Single or Double.* 10% Down, on Terms.

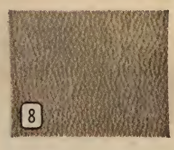
NEW AMBASSADOR FOLDING DOOR 22.95 30 in.



(B) New low-priced way to save space in almost every room: bedrooms, kitchens, clothes closets, linen closets. You'll find places to use the Ambassador and gain floor space taken up by regular swinging doors—and you can utilize this extra space for placing furniture or appliances. The Ambassador is a modern door designed for today's smaller homes and apartments. Install in pairs for wider openings.

STEEL FRAME CONSTRUCTION. Steel vertical rods keep attractive folds in position. Scissors hinges insure smooth action. Nylon rollers glide on overhead steel channel track—no bottom track. Beautiful plastic cover backed by cotton, cleans with damp cloth. Fabric has smart grained finish in two neutral colors. Door can be painted any color with Wards Rubberflex paint, if ever desired. Install with just screwdriver and level.

74 C 7570R—*State Size, Color:* Beige (B) or Gray (8). Shipped from Stock.

CUSTOM-BUILT DINETTE LOUNGES IN BLENDING OR CONTRASTING COLORS

DESIGNED FOR kitchens, breakfast nooks, recreation rooms. Offers you the open floor arrangement featured in the latest interior decorator schemes. Ready-made lounge available in two shapes—"L" shape (D) for use in corners or as modern room divider; and Straight length (9) for use in pairs or singly (see below). Booth back, front and sides completely covered in heavyweight 20-gauge Duran—durable, long-lasting plastic that resembles leather. Duran resists scuffing, cannot chip or peel; flame-resistant and completely colorfast. Grease, alcohol and most household stains wipe off easily with a damp, sudsy cloth. Lounge comes in 5 colors and two patterns; table in 4 colors and 2 patterns. Mix or match the colors, either way you'll have a bright, cheerful room in fashion-right colors. Order lounge and table together and save additional dollars. Only 10% Down, see Inside Back Cover for details.

SHIPPING NOTE: Lounges and tables below shipped in about 2 weeks by Freight or Truck from factories in St. Louis, Mo. or Baltimore, Md. whichever is nearer. Allow transit time.

CUSTOM MADE LOUNGES ARE AVAILABLE. Only $12.50 per ft. (wall measurement). Have your dinette lounge custom made to fit your exact room dimensions. Expert craftsmanship assures you of high quality. Available in 3 shapes—"L" shape (D), Straight (9) and "U" shape (10). Come in same colors and fabrics as regular lounges (see below). Can be built for special situations like low window sills, air ducts, corner water pipes, etc. For estimate, send Wards a floorplan sketch of your room showing all dimensions in inches.

Smooth Yellow

Nubby Red

(D) DINETTE LOUNGE consists of base, cushioned back, and removable cushioned seat. Seat has rubberized hair and cotton padding over strong "No-Sag" springs. Back has true-form shape; extends 18 in. above seat, supports your whole back in restful comfort. Constructed with sturdy hardwood frame with all joints firmly glued and corner blocked for long wear. Base, 6 in. wide, covered in black—eliminates unsightly scuff marks from shoes, etc. Lounge back is 36 in. high overall (NOTE: if window sill or other obstruction is less than 36 in. from floor, order Custom Made Lounge. Show floor plan with all dimensions). Seat is 18 in. high. Front to back depth of booth is 22 in. in all sizes. Make your choice from ten coverings—two textures of finish and five colors. Choose from smooth Duran—fine grained leather-like quality or Nubby Duran—tufted upholstery-like quality. Each texture in: Red, Yellow, Chartreuse, Green or Gray. Color samples on request. Important Notice: 48x60-in. and 48x72-in. sizes have short side on left (as you face lounge); 60x48 in. and 72x48-in. have long side on left. Measurements taken at back of lounge (along wall). Order from table below.

(E) DINETTE TABLE is specially designed to match lounge. Table top is 29 in. high, 15/16-inch thick, built for long wear. Has surface of genuine Formica bonded to ¾-in. waterproof plywood; bottom side of table top is finished with ⅛-in. hardboard. Top completely edged with silver-gray plastic molding specially shaped under pressure for tight seal at all points. Formica is a high-pressure laminate . . . resists fruit acids, boiling water, household cleaners; won't chafe, withstands heat up to 275° F. Cleans with a damp cloth. Stays bright through hardest wear. Chrome plated pedestal attaches easily to base; table top and pedestal shipped unassembled, instructions included. Octagon-shaped steel pedestal base holds table steady yet table is easy to move when desired. Base has scuff-resistant black crackle finish. Choice of 4 table top colors: Yellow Linen (E), Red Linen (F), Green Linen (9), Gray Pearl. See Page 784, item (K) for actual table top colors.

Wards Plastic Tile in Today's Smartest Colors

NEW LOW PRICE FOR TILE OF GENUINE STYRON PLASTICS

MAKE YOUR HOME FRESH AS SPRING WITH WARDS MODERN TILE . . . NOW ONLY 37c sq. ft.

elect your favorites from this gallery of modern colors—the ame smart shades featured in leading home magazines. ou'll be delighted to see how modern your kitchen or bath an be with easy-care plastic tile. Now you can select even ore attractive color schemes because Wards plastic trim nd moldings now come in same colors as tile (see (E) rough (X) below). Wards tile made only from plastic with ationally-known STYRON label, assures you of top quality, ll virgin Polystyrene. Slow molded for extra strength.

ERE IS DELUXE QUALITY. Every tile meets Government pecifications for thickness, uniformity, heat resistance and olor fastness. Every color is permanent. High crown gives eep, rich shadow lines. Colors are molded right into tile—ll the way through—can't scratch off or wear off. Corners erfectly square—tile can be set in straight pattern (as shown bove) or in staggered pattern, whichever you desire.

UCH WIDER RANGE OF INTERIOR DECORATING SCHEMES is pos-ible. Wards trim (caps, stripes, half tiles, corners, bases) is now available in all marbleized and solid colors shown on 4¼x4¼-in. tiles at right. Now choose from 19 trim colors to contrast or blend with tile. See room scenes above for ideas.

TILING IS A LASTING HOME IMPROVEMENT. Approved by F.H.A. for new construction. Ends peeling paint, cracking plaster and yearly redecorating. You need tiling in the bathroom to protect walls from steam and hot water—in the kitchen for really washable walls. Cooking stains wipe off in a jiffy. Remember that tile, unlike ordinary painted walls, keeps its luster after countless cleanings. Soft, livable colors stay beautiful for many years, blend with many accessories.

IT'S EASY TO TILE—we send full instructions. Just spread Cement over smooth walls, then apply tile. Cut around fixtures with Cutter (below) or coping saw. Use Half Tiles or Stripes as trim. To find sq. ft. area of walls to be tiled, multiply height by width. Then divide by 5 to find how many packages of full tile to order. For a free estimate, write Wards Engineering Dept. For free samples, write stating colors wanted.

MODERN KING SIZE TILE IN SOLID PASTEL COLORS

King size tile has all features of regular tile listed above. Larger 8½x8½-in. tile contrasts smartly with regular-size tile—provides the striking combination shown in bathroom scene above. In solid pastel colors only (not marbleized)—use with regular-size tile in either marbleized or solid colors. Tiling with 8½x8½-in. king size is quicker—each tile covers the area of four regular 4¼x4¼-in. tiles. Apply just like regular tile.

(18) 74 C 2066 M—Pastel Green (21) 74 C 2061 M—White
(19) 74 C 2063 M—Pastel Yellow (22) 74 C 2067 M—

KING SIZE TILE. 8½x8½-in. Package of 10 covers 5 sq. ft. Ship. wt. 2 lbs. 4 oz. *State Catalog No.* ..... Package $2.15

WARDS NEW PLASTIC BULL NOSE CAP AND BASE COVE MOLDINGS . . . SAME COLORS AS TILE ABOVE

TO X Now plan any color combination you wish—Wards plastic moldings and trim pieces are available in ne colors as regular tile above—both marbleized and sol-tone. Use the long-popular combination of contrasting tile d trim, or meet the modern trend by using one-color in-llations. See pictures at top of page for ideas. Laundry ne shows marbleized tile with solid-tone Base Cove and l Nose Cap. Kitchen scene shows a similar combination—marbleized tile with solid-tone Base Cove but with solid-tone Half Tile used as stripe. Bath scene shows marbleized tile with marbleized trim—note how Bull Nose Cap Up Corners and Down Corners are used to go around shower enclosure. Cap Inside/Outside Corner is in 1 piece—cut apart with saw to use both corners. Available in all marbleized colors listed above and all solid-tone colors (11) through (17)—no king size colors. *State Catalog No., Color.*

Aluminum Awnings for Modern Beauty and Protection

(A) (B) DELUXE VENTILATED AWNINGS. Newest design in aluminum awnings—engineered to protect and beautify your home longer than any metal awning we know of—because Wards DeLuxe Awnings feature three important improvements: (1) New crown-shaped panels—each has 3 sides so that no part is subjected to direct sun rays all day long. Keeps your home cooler, reduces sun-fade common to ordinary flat-panel awnings. (2) New automobile-type finish applied by modern roller coating process assures you of the finest, most lasting awning finish available. (3) New interlocking panels just slip together—easier to assemble, no nuts and bolts needed along panel joints.

100% ALUMINUM CONSTRUCTION. Heavy ⅛-in. extruded braces; even nuts and bolts are rustproof aluminum. Other outstanding features include: weatherproof ventilation; light-reflecting white undersides; large 5½-in. scalloped valance; equalized drop and projection for better appearance. Awnings are White with choice of Green, Yellow or Red trim. Hardware and assembly instructions included. See "How to Order" at right. *State Catalog No., Width and Color. Not Mailable.*

NOTE: For other sizes including carport and patio covers, camelbacks, mitred corners, special colors, etc.—write Wards Mail Order House.

(C) (D) HORIZONTAL AWNINGS—modern ranch style priced for outstanding value. Blend with many style homes because slope adjusts for best appearance. Rustproof aluminum construction, stainless steel braces.

ADMIT MORE LIGHT AND AIR yet offer full awning protection. Individual horizontal panels overlap but are held apart by spacer clips—gives better ventilation, soft, diffused light filters through, keeping rooms bright and cheerful. Gently curved panels have beautiful enamel finish applied by modern roller-coat process. The two colored panels can be shifted to other positions without tools. Bottom panel has built-in drip cap.

ADJUSTABLE SLOPE. Amount of drop and projection listed below can be increased or decreased 1½ in. to suit your home. Awnings are White with choice of Green or Burgundy trim. Hardware and assembly instructions included. See "How to Order" at right. *State Catalog Number, Width and Color. Not Mailable.*

72	17	30¼ in.	28 in.	31.45	.....	.....	.....

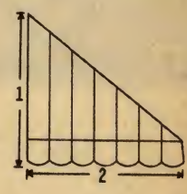
IMPORTANT when measuring—allow for overlap. Mounting brackets are indented 2 inches from both sides.

(E) ECONOMICAL ALUMINUM CANOPY. Adds beauty and protection to your doorway. Modern design combines lightweight aluminum panels with steel mounting brackets for extra strength. Blends harmoniously with most architecture. Shelters doorway from sun and rain in summer; snow and sleet in winter. Face panel enameled in three popular colors—Red, Green or Blue. Side panels and supporting brackets have sparkling white finish. Canopy 48 in. wide with 32-in. projection, 10-in. drop. Hardware and assembly instructions included. *State Color.*

74 C 4810 R—Ship. wt. 13 lbs. *Not Mail*....$14.25

HOW TO ORDER ALUMINUM AWNINGS

Awnings and canopies may be mounted on window or door frame casings, or on side of house as desired. To measure width, first determine where awning will be mounted. Distance (1) in picture at right is "drop" of awning; distance (2) is "projection". "Drop" should extend to about middle of window.



TRANSLUCENT FIBER GLASS PANELS FOR INTERIOR AND EXTERIOR USE

(F) Brilliantly colored Fiber Glass panels transmit diffused light—soften harsh glare of sun, yet offer complete privacy. Use this remarkable material indoors or outdoors—its "do-it-yourself" possibilities are endless. Beautify your home by adding a cool, glare-free patio, carport or breezeway (see view of patio on opposite page). Save money by making your own protective awnings and canopies—with Brackets (G) and (H) at right. Or use in place of conventional building materials for wind breaks, green houses, sky lights (2½-in. corrugations match Wards metal roofing Page 792). Ideal for modernizing home, store or office.

For interiors, Fiber Glass adds new color and interest too. Use for attractive room dividers, sliding cupboard doors, waterproof shower stalls, window ventilators, sliding doors, modern counter fronts. These are just a few applications of remarkable Fiber Glass—you can add many more. And you'll find it easy to use—Fiber glass is durable, yet light and easy for 1 man to handle—can be nailed, sawed, screwed, bolted and drilled just like lumber.

SOLD UNDER MANUFACTURER'S NAME FOR 10 TO 15% MORE. Made for Wards by leader in the industry. Best quality crinkle finish on both sides. Constructed by fusing glass fibers and Polyester resins under pressure. Completely weatherproof. Extra strong, extra rigid—withstands 75 lbs. per sq. ft. snow load over 4-ft. unsupported span. Choice of two widths in five striking colors shown on opposite page. Shipped promptly from Stock. Low as 10% Down on Terms, see Inside Back Cover. *State Width, Length.*

ECONOMICAL TILEBOARD PANELS FOR WALLS AND CEILINGS

(J) SOFT PASTEL COLORS in three mix-or-match patterns. Colorful, easy-to-clean panels make durable inexpensive covering for both walls and ceilings in kitchen, bath, basement, utility and game rooms, restaurants, stores, offices, etc. Tileboard is ⅛ in. thick Masonite Presdwood, a specially processed warp-resistant hardboard with a hard gloss plastic finish of scientifically-balanced resins including tough, durable Melamine. Beautiful high-luster finish is impervious to grease and stains, cleans easily with a damp cloth. Tileboard can't warp, crack or peel—it has the finest finish obtainable.

CHOICE OF THREE PATTERNS, SIX LOVELY COLORS to blend with home and store furnishings. Tile-Scored Pattern (shown on lower walls of room on opposite page) has 4 by 4 in. squares. Panel-Scored Pattern (shown on upper walls of room) has score lines 8 in. apart, running lengthwise of sheet—panels may be installed horizontally or vertically; provides pleasing modern effect. Plain-Surface Pattern has no score lines—ideal for ceilings as well as for walls. Score lines on Colonial White panels are in Black; all other score lines are White. Color samples on opposite page show how panels resemble actual tiles. Score lines have rounded edges—easy to clean with just soap and water—no square corners to trap dirt or dust.

EASY TO INSTALL. Apply to any smooth firm wall such as plaster, plasterboard, etc. Cut to fit with a sharp fine-toothed saw; apply Tileboard Cement (at right) to back of panel and press firmly in place. Spreader and full instructions included with each order. For pleasing effects combine patterns as at left or use with Plastic Tile on Page 783. Free sample on request—*state Colors wanted.* For a finished job order Moldings and Trim listed at right. Shipped promptly from Stock. *Not Mailable.* Use Wards Convenient Terms—low as 10% Down.

GENUINE FORMICA BEAUTY BOARD...CHOOSE FROM 3 PATTERNS, 7 SPARKLING COLORS

(K) Modern, lustrous Formica in rigid 5/32-inch thick sheets for do-it-yourself projects. Three patterns to choose from: Linen, Pearl and new, modern Skylark. Formica is the most economical countertop covering you can buy because of its long lasting melamine surface—unharmed by fruit acids, boiling water or household alkalies. Colors are sealed in—stay beautiful and bright for years. Heat resistant—withstands heat up to 275° F. (direct contact with extremely hot metal surfaces is not recommended). Easy to keep clean—just wipe with a damp cloth. Hard-gloss plastic surface won't crack or craze.

AT HOME IN EVERY ROOM. Save money by building your own durable kitchen counter top—it's easy to make a continuous top, complete with matching backsplash (see cabinet scene on opposite page). Formica also makes a beautiful addition to dinette nooks, bathrooms, powder rooms, bedrooms and workshops. Easy to keep clean—especially popular for kitchen tables, shelves, bars, desks, cosmetic tables, coffee tables and other furniture, as well as counter tops; any place subject to frequent scuffs or bumps. Ideal for covering walls or wainscoting in kitchens, bathrooms, and recreation rooms—excellent for stores, restaurants and offices. Use blending or contrasting shades as you desire.

APPLY FORMICA YOURSELF. Beauty Board comes in tough, colorful sheets bonded to a solid core material. 5/32-in. thick sheets are easy to glue to any smooth surface (use glue at right). Cut to any shape or size with fine tooth saw. Cover exposed edges with stainless steel molding. See beautiful patterns in actual colors on opposite page. Order at right.

Insulated Asphalt Siding

PROTECTION, BEAUTY AT LOW COST

SIDING IN A CHOICE OF THREE ATTRACTIVE DESIGNS LOW AS 7.80 50 sq. ft.

ALL-WEATHER PROTECTION. Rigid ½-in. thick panels provide effective insulation, control temperature summer and winter.
A PERMANENT SOLUTION TO SIDING PROBLEMS. Panels are rot-resistant, weatherproof. Insulated siding is highly resistant to fire.
LOW-COST, PRACTICAL WAY TO MODERNIZE. Never needs painting, expensive exterior upkeep is eliminated. Long lasting.
ADD NEW CHARM AND BEAUTY TO YOUR HOME. Increases the value of your property. Three modern patterns to choose from.

A B C At one low cost and in one simple operation you can insulate, protect and add beauty to your home. Wards Asphalt Siding features great structural strength, colorful design, and high insulation value. Excellent for remodeling or new construction—meets the requirements of the Federal Housing Administration.

CONSTRUCTION FEATURES. Strong insulating board panels ½ in. thick. Double coating of weatherproof mineral-stabilized asphalt protects panels. Panels shiplapped on all 4 edges for tight fit. Specially designed corners act as trim and seal corners to assure weathertight installation. Lightweight panels are easy to install—no piece weighs more than 8 pounds. Insulating value equal to 8 inches of brick masonry, 18 inches of poured concrete or 9 thicknesses of asbestos shingles.

Finely-screened Ceramic-rock granules have colors fused on at high temperatures. Duplicates appearance of real masonry and shingled walls. Suitable for homes, churches, stores, factories, farm buildings. Apply directly to any type of frame walls, or directly to sheathing. Instructions are included. Order nails and mastic below. Shipped promptly from Stock.

(A) RIBBED STONE PANELS. Sculptured texture gives the long, narrow appearance of chiseled stone. Mortar-lines are covered with fine granules to screen out panel joints. Carton contains 12 panels, 14⅜x43¾ in.; covers 50 sq. ft. Shipping weight carton 100 lbs.
74 C 801 R—Pastel Green. Use 74 C 7M Nails.....Carton $8.65
74 C 803 R—Pastel Brown. Use 74 C 5M Nails.....Carton 8.65

(AA) RIBBED STONE CORNERS. Made of same ½-in. insulating board as ribbed stone panels (A) above. Each corner 14⅜x4⅛ in.
74 C 811 M—Pastel Green. Ship. wt. 2 lbs.....Each 43c
74 C 813 M—Pastel Brown. Ship. wt. 2 lbs.....Each 43c

(B) CEDAR GRAIN SIDING PANELS. Texture gives appearance of authentic cedar grain. (See installed view above.) Carton contains 16 panels, 10x48 inches; covers 50-sq. ft. area. Ship. wt. carton 100 lbs.
74 C 807 R—Pastel Green. Use 74 C 7M Nails.....Carton $8.75
74 C 808 R—Pastel Gray. Use 74 C 8M Nails.....Carton 8.75
74 C 809 R—Dawn (Med.) Gray. Use 74 C 8M Nails.....Carton 8.75

(BB) CEDAR GRAIN CORNERS. Aluminum, baked-on finish. 10 in. long.
74 C 817 M—Pastel Green. Ship. wt. 2 oz.....Each 22c
74 C 818 M—Pastel Gray. Ship. wt. 2 oz.....Each 22c
74 C 819 M—Dawn (Med.) Gray. Ship. wt. 2 oz.....Each 22c

(C) SHAKE DESIGN PANELS. Give attractive wood shingle effect. Carton contains 13 panels 12⅛x48 in.; covers 50 sq. ft. Ship. wt. carton 100 lbs.
74 C 751 R—White Blend. Use 74 C 8M Nails.....Carton $7.80
74 C 757 R—Pastel Green. Use 74 C 7M Nails.....Carton 7.80

(CC) SHAKE DESIGN CORNERS. Painted aluminum. 12 in. long.
74 C 761 M—White Blend. Ship. wt. 2 oz.....Each 22c
74 C 767 M—Pastel Green. Ship. wt. 2 oz.....Each 22c

NAILS for siding (above). 2 in. long. Use 1 lb. per carton. Wt. 1 lb.
74C7M-For Green siding. Per lb. 27c; 74C5M-For Brown siding. Per lb. 27c
74C8M-Use with Pastel Gray, Dawn Gray, White Blend siding. Per lb. 27c

MASTIC CAULKING COMPOUND. For sealing joints. Black. Ship. wt. 11 lbs.
74 C 790 M—Use 1 gallon per 400 sq. ft.....1 gallon $1.47

HOW TO ESTIMATE. Measure area to be covered. Multiply length times height. Divide this area by coverage per carton. Result is number of cartons needed. NOTE: Do not subtract area for openings—doors, windows, etc. You will need extra material for waste in cutting.

Wood Shutters

EASY-TO-INSTALL

LOW AS 3.40 Each

D Inexpensive way to beautify exterior of home. Distinctive decoration at moderate cost. Shutter has two panel design of slat-type louvers—permits ventilation. Expertly manufactured from clear kiln-dried Ponderosa Pine. Chemically treated to resist warping, dry-rot, termites.

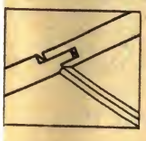
Prepainted Insulating Boards for Easy Remodeling

"DO-IT-YOURSELF" WITH READY-TO-INSTALL BOARD, PLANK AND TILE

BEVELED EDGES ALSO PAINTED TO GIVE YOU BETTER DECORATED, MORE ATTRACTIVE ROOMS . . . INTERLOCKING JOINTS COMPLETELY CONCEAL NAILING



It's easier now than ever to turn attics or basements into modern, insulated rooms. Unused space anywhere in your home can be made into attractive show places. It's easier and quicker now because (1) Wards Plank and Tile have painted bevelled edges as well as face surface (2) tongue and groove joints interlock, as shown at left, completely hiding nail heads, and (3) you can install with quick-action staplers as well as nails. Design your own decorating scheme with combinations of plank, tile and plain board. You'll find it's both easy and economical.

Wards insulating board, plank and tile are durably constructed to provide a strong covering surface for walls and ceilings. Chemically treated to guard against dry rot, deterioration and insect attack. Will not twist or split—made to give years of dependable service. In addition, these modern building materials offer important insulation and acoustical values. Factory tests prove effectiveness in resisting passage of heat—helps keep summer heat out and reduces heat loss in winter. Also retards passage of sound. Ivory painted face side may be repainted.

ACOUSTICAL, INSULATING TILE LOW AS 11c sq. ft.

(M) ACOUSTICAL TILE. Absorbs about 50% of all sound waves striking surface. New decorative random-drilled pattern. Triple-coat white finish. Interlocking edges conceal nailing, stapling. May also apply with cement (below). Same high quality materials as tile below. Full ½-in. thickness has insulating effect. Easy to install. 12x12-in. tiles. Wt. Carton 54 lbs. *Not Mail.* Min. order 1 carton. *State quantity.*

74 C 3334 R—Carton of 64 tiles, covers 64 sq. ft. . .Carton $9.89

INDIVIDUAL TILES. Ship. wt. each 14 oz. *Mail*. . . .Each 16½c

(N) WARDS INSULATING CEILING TILE. Does more than decorate. Gives you increased insulation; low cost installation. Cover unsightly cracked plaster. Unpainted beveled edges match wall planks at right. For modern effects: apply tile in diamond shaped designs, stagger tile or place on one or two walls of room. Ivory-white finish. Each tile full ½-in. thick. Easy to install—apply 16-in. tile direct to joists; 12-in. tile over furring strips—use staplers or 1¼-in. brads (see Index). When installing directly over plaster use Cement (below) and brads. Tongue and groove edges.

74 C 3323 R—*State size, quantity. Not Mail.* Min. order 1 carton.

4-PLY FIBER WALLBOARD LOW AS 4½c sq. ft.

(Z) Attractive yet inexpensive covering for walls and ceilings. Converts attic into extra room; provides easy way to hide plaster cracks, etc. or to line garages, poultry houses, etc. One side ivory color.

CONSTRUCTION. Wood fibers compressed into 4-ply sheets, 5/32 in. thick. If desired paint with oil base or casein paint—no sizing is needed. Not recommended as a wallpaper base or in bathrooms—wallboard not water-resistant.

INSTALLATION. Large-size lightweight panels go up easily. No special tools—requires only hammer, saw, nails. Nail directly to studding (each panel covers three studs with standard 16-in. spacing) or nail over old plaster. Saw like lumber to fit odd spaces. Use 1 lb. of 1⅜-in. nails 84 C 9958 (P. 814) for 200 sq. ft. To cover joints, use Gummed Tape below or Wood Panel and Cove Molding, Page 778.

74 C 3275 R—Minimum Order: 4 sheets. *Not Mailable. State Size.*

Size of Panel	Coverage per Panel	Ship. wt. per Sheet	Price Single Sheet
4x6 ft.	24 sq. ft.	12 lbs.	$1.12
4x7 ft.	28 sq. ft.	14 lbs.	1.26
4x8 ft.	32 sq. ft.	16 lbs.	1.44

GUMMED PAPER TAPE. 1½ in. wide. Covers joints between panels above. Tan-colored Kraft paper; can be painted if desired.

74 C 3295—Ship. wt. 1 lb. *Mailable*. . . . .250-ft. Roll 45c

Hardboard . . . Today's Modern Building Material

VERSATILE ALL-WOOD PANELS FOR INTERIOR, EXTERIOR USE

DURABLE, LOW-COST BOARDS . . . EXCELLENT FOR HUNDREDS OF "DO-IT-YOURSELF" PROJECTS

SUPERIOR QUALITY, ALL-WOOD HARDBOARD produced for Wards by a leader in the industry. Versatile, pressed wood panels are designed for both inside and outside uses. Really economical—make it easy to convert attic space into attractive living quarters. Ideal for walls, ceilings, partitions, counter tops, built-in furniture, kitchen cabinets, doors, children's play-yards, toys, etc. Tempered hardboard makes ideal farm buildings, home exteriors, etc. Home handymen will find literally dozens of uses for this strong, easy-to-work material.

HARDBOARD Is "WOOD-MADE-BETTER"—built of wood fibers pressed together under tremendous pressure. Wood fibers are formed into hard, dense panels. Extra-strong and rigid—unusually resistant to surface scars; no knots or grain to splinter or crack. Attractive natural-wood color. Beautiful as is, or may be lacquered, stained, painted or waxed to match your color scheme. Easy to work—can be sawed, nailed, drilled; applied with nails, adhesives, bolts, screws, etc. Shipped promptly from Stock in Mail Order House. *Not Mailable.*

STANDARD HARDBOARD . . . LOW AS 7c sq. ft.

(A) Standard Hardboard—the perfect building material for most interior uses where normal moisture conditions exist. All-wood hardboard—no artificial binders or fillers are added. Denser than most woods but not as dense as hardboards listed at right. Ideal for walls, ceilings, partitions, etc. Use smaller size panels for many home projects such as cabinets, shelves, bookcases, etc. (see picture above). Where extreme or fluctuating humidity conditions or exceptional hard use are encountered, Tempered Hardboards at right are recommended. Use ⅛-in. panels over solid backing; nail ¼-in. panels directly to studs or use where greater rigidity is required. Both have hard extra-smooth face side with finely screened back surface.

74 C 2801R—⅛ in. thick. *State Cat. No., Size.*

4x3-ft. panel. Ship. wt. 9 lbs. 8 oz. . . . . Each 84c
4x4-ft. panel. Ship. wt. 13 lbs. . . . . Each $1.15
4x8-ft. panel. Ship. wt. 25 lbs. . . . . Each 2.53
74 C 2803 R—¼-in. thick. 4x8-ft. panel. Wt. 44 lbs. . . . Each 4.25

UTILITY HARDBOARD. Similar to ¼-in. Standard Hardboard above but lighter in weight, has less dense construction. Economical, use for most wallboard uses and dry wall construction.
74 C 2813 R—¼-in. thick. 4x8 ft. panel. Wt. 37 lbs. . . . Each $3.10

RIDGE TEXTURED HARDBOARD . . . LOW AS 16½c sq. ft.

(B) Modern combed-surface wall panels of tempered exterior grade hardboard. Excellent in high humidity conditions or for excessive wear. Beautify your home exterior by using this hardboard as paneling, bevel or shingle type siding. For interior use in homes, apartments, offices, stores, etc.—ideal in living rooms, dining rooms, bedrooms, attics, rumpus rooms—as shown above. Makes a really attractive store front; use for signs, display purposes, etc. Grooved lines running lengthwise on panels add interesting texture and modern third-dimensional effect to walls and ceilings. Install horizontally or vertically to achieve a look of spaciousness. Two-toned finish can be easily achieved by painting panels the desired color, then applying contrasting coat. Wipe paint off top surface of grooves, leaving second coat only in valleys of the boards.

Excellent for use as wall panels—squared edges and striated surface conceal joints. May also be easily cut into desired size squares for wall or ceiling tiles. View above shows 16x16-in. wall tiles installed and grooves running in alternate directions for interesting modern effect.

74 C 2847 R—¼ in. thick. *State Cat. No., Size.*

4x3-ft. panel. Ship. wt. 17 lbs. . . . . Each $1.98
4x8-ft. panel. Ship. wt. 44 lbs . . . . . Each 6.15

TEMPERED HARDBOARD . . . LOW AS 10c sq. ft.

(C) All-purpose Tempered board for many interior and exterior uses—especially where high humidity is a factor . . . in kitchens, basements, bathrooms, etc. Durable material for farm buildings, exterior signs, counter and table tops as well as interior walls and ceilings. You can even use it on floors as interior and exterior doors, garage doors, shutters, etc. Farmers—use ¼-in. for lining feed troughs; for chicken houses. Tempered hardboard is Standard Hardboard that has been impregnated with a special tempering compound which improves all its physical properties incl. strength, rate of moisture absorption, abrasion resistance. Has hard extra-smooth face side with a finely screen back surface. Use ⅛-in. panels over solid backing, nail ¼-in. panels directly to studs or use where greater rigidity is required.

74 C 2821R—⅛ in. thick. Wt. 26 lbs. 4x8-ft. panel. . . . . $3.

74 C 2823 R—¼ in. thick. Wt. 46 lbs. 4x8-ft. panel. . . . . 5.

TEMPERED DELUXE HARDBOARD. Same as Tempered Hardboard above but has hard, extra-smooth finish on both sides. Use where both sides are exposed—cabinets, furniture, etc.

74 C 2831R—⅛ inch thick. *State Size.*

4x4-ft. panel. Ship. wt. 13 lbs. . . . . Each $1.
4x8-ft. panel. Ship. wt. 27 lbs. . . . . Each 3.

GROOVED PANEL HARDBOARD 23c sq. ft.

(D) New, attractive exterior hardboard with ⅜ in. wide grooves every 4 inches to give a smart shadow effect. Modernize your home inside and outside; makes a perfect exterior siding. Ideal for gable ends, interior walls and ceilings, fences, etc. Hardboard is wood-made-better (see description of Hardboard above). Tempered for added strength and resistance to nicks and dents—excellent in high humidity conditions. Resists extreme weather—stays the same for years to come. Extra-hard, smooth surface withstands excessive wear. Can be sawed, nailed, drilled, bent, etc. 4x8-ft. panels are easy to handle and apply—do the job yourself and save money. Install panels vertically; shiplapped edges conceal nailed vertical joints. Where horizontal joints are required, the panel end should be beveled to 45° and caulked. Panel is 5/16 in. thick. Shipped promptly from Stock by Freight, Truck or Express. *Not Mailable.*

74 C 2844 R—Ship. wt. 44 lbs. . . . . 4x8-ft. panel $7.36

SPECIAL LOW METROPOLITAN DELIVERY RATES are available on Building Materials in many metropolitan areas. See Page 955.

WARDS MONTHLY PAYMENT PLAN. If cash is not available, use our Monthly Payment Plan. Only 10% Down on orders totaling $20 or more; see complete details on Inside Back Cover. F. H. A. Loan Plan is also available; up to 3 years to pay; details on Page 972.

UNDERLAYMENT HARDBOARD 9½c sq. ft.

(E) Floor coverings last longer over Underlayment Hardboard. Use over old existing wood floors or over wood sub-floors in new construction. Provides smooth, flat surface for application of linoleum; asphalt, rubber, cork tile; carpeting (see Pages 532 to 535, 542, 543, 546) or other flooring material. Helps insulate floors, deaden sound, cushion walking; gives greater strength and stiffness. Made from wood fibers pressed into extra-strong, ¼-in. thick rigid panels (see description of hardboard above). Planed on screen side to uniform .215 in. thickness—eliminates high ridges which mar beauty and wear out floor surfacing material.

EASY TO APPLY YOURSELF. Underlayment hardboard can be applied over dry wood finish floor or sub-floor—will bridge small irregularities and cracks. No sanding required—can be easily sawed and nailed. No special tools are needed. For permanent installation use underlayment nails (84 C 9955L, Pg. 814) and space nails 6 in. on center each way. Underlayment can also be applied satisfactorily with an adhesive. Ship. wt. 14 lbs. panel. Shipped from Stock by Freight, Truck or Express.

74 C 2812 R—*Not Mailable* . . . . . 4x3-ft. panel $1.14

PREFINISHED OAK BLOCK FLOORING 29c Block

(F) Less than 51¾c sq. ft. Laminated, beautiful one-piece face Appalachian Oak—a durable wood, completely finished, waxed and polished by proven factory methods to bring out and preserve the natural beauty of grain and color. Perfect hardwood flooring for homes, offices, etc. May also be used as a wall covering.

Prefinished—saves time, money. Easy to install over any smooth sound sub-surface—concrete, plywood or solid wood sub-floor. Interlocking tongue-and-groove joints with slightly beveled edges. Laminated in accordance with approved industry methods. 1-ply face of Appalachian Oak; center ply of Poplar; back of Appalachian Oak. Finish-sealed to assure stability. No nailing needed, use adhesive below. For finishing edge at doorway see threshold below. Each block 9 in. sq., 7/16 in. thick. Carton contains 48 pieces, covers 27 sq. ft. Flooring, accessories shipped from Fact. in Louisville, Ky.

74 C 7982 KB—*Mailable.* Ship. wt. 35 lbs. . . . . Per Carton $1

WATERPROOF ADHESIVE for installing Flooring above.
74 C 7989 K—Use gallon for 60 to 70 sq. ft. Wt. 8 lbs. . . . . Gallon $

OAK THRESHOLD. Use in doorway to taper off to floor in next room.
74 C 7984 K—Prefinished. 2 in. x ⅜ in. x 3 ft. Wt. 1 lb. 4 oz. . . . Ea.

INSTALLATION KIT (not shown). Contains metal spreader, chalkline, instructions for installing flooring above.
74 C 7995 K—Ship. wt. 1 lb. 2 oz. . . . . Each

Build or Remodel Easily with Douglas Fir Plywood

GRADE-MARKED EXTERIOR AND INTERIOR GRADES FOR EVERY JOB

PLYWOOD IN LARGE, EXACT-SIZE PANELS REDUCES BUILDING TIME AND LABOR . . . SPECIAL SIZES FOR THE HOME WORKSHOP

Douglas Fir Plywood—the modern building board of a thousand uses. Real wood in panel form, engineered for greater service. A combination of wood veneers bonded with strong adhesives. Plywood can often do work of other thicker, heavier materials. Cross-ply construction of Douglas Fir gives Plywood 4 times the strength of solid lumber of same thickness.

Large panels cut to exact size reduce building time and labor, require less individual cutting and fitting. Excellent insulating and sound deadening qualities. Easy to handle and apply. Plywood is easily sawed and nailed. Can be planed, grooved, beveled and worked with ordinary hand tools or power-driven equipment. Easy to glue and sand. Will not split like ordinary lumber. Can be painted, stained, varnished, etc. Each piece made according to industry standards, bears grade mark of the Douglas Fir Plywood Association.

Plywood is available in a variety of types. Plypanel (A) is an interior wallboard designed for economical use where only one side is to be exposed. Grained Plywood Panels (B) have a beautiful rich-textured surface for interior decorative purposes. Use waterproof Plyshield (C) for permanent outdoor exposure or where moisture is a factor. Handy Plywood Panels (G), at bottom of page, aid the home workshop hobbyist—available in a variety of special sizes. Use plywood Sheathing (H) for wall, roof sheathing, subflooring. *Not Mailable.*

PLYPANEL FOR INDOOR USE 14¢ sq. ft. (¼ in.)

(A) Plywood panels add beauty and structural strength. Economical—designed for use where only one side of panel is exposed. For wallboard or paneling in rooms, basements, attics, etc. Inexpensive material for cabinets, shelves, furniture, etc. Use as base for tile, linoleum or wallpaper. Seasoned, kiln-dried Douglas Fir veneers are bonded with water-resistant glue. One side sanded smooth, ready to paint. Large sheets save work and time.

Face side of panel Grade A—sound, beautifully grained, free from knots, splits or pitch pockets. Other side Grade D—has wood imperfections which do not impair overall panel strength. Install vertically or horizontally. Use ⅜ and ¾-inch where greater strength is required. Order from listings below.

To cover joints order Panel Molding listed on Page 778. Shipped promptly from Stock. *State Catalog Number, Size and Quantity.*

Catalog No.	Size	Thickness	Ship. wt.	Panel
74 C 3000 R	4 by 6 ft.	¼ in.	21 lbs.	$3.36
	4 by 7 ft.	¼ in.	24 lbs.	3.92
	4 by 8 ft.	¼ in.	27 lbs.	4.48
74 C 3001 R	4 by 8 ft.	⅜ in.	37 lbs.	5.68
74 C 3004 R	4 by 8 ft.	¾ in.	73 lbs.	9.98

RAISED GRAINED PLYWOOD PANELS 25¢ sq. ft.

(B) New rich-textured surface in natural Douglas Fir. Plywood surface is brushed, accentuating beautiful natural grain patterns of the wood. Raised grain surface allows light to cast shadows that add charm and beauty to paneled walls, revealing the true beauty of Douglas Fir graining. Gives unique decorative effects, a modern third-dimensional feeling. For dozens of interior uses in homes, offices, restaurants, stores, etc. 3-ply construction bonded with strong water-resistant glue to resist warping. Panels have hard, scuff-resistant, patch-free surface.

Grained Plywood can be finished in a variety of beautiful ways. Many home owners prefer the warm, natural beauty of the fir grain to show through; for this effect finish panels with a clear flat lacquer. Or you may stain, enamel or paint panels as you desire to harmonize with room interior. For a really striking finish that your guests will admire, paint the wood 2 tones—first apply a coat of paint; then apply a second coat of paint, wiping it off top surface leaving second coat only in valleys of the grain. Shipped promptly from Stock. 5/16 in. thick.

74 C 3080 R—Ship. wt. 26 lbs. . . . . 4x8-ft. panel $7.98

PLYSHIELD FOR EXTERIOR USE 15¼¢ sq. ft. (¼ in.)

(C) Waterproof, weatherproof—designed for permanent outdoor exposure. Bonded with waterproof, phenolic resin adhesive; will not separate under water soaking or extreme temperature changes. Easy to handle and work. Face sanded smooth, ready to be finished as you desire. Face of panel is Grade A—beautifully grained, free from knots. Back is Grade C—has knots and other minor wood defects which do not impair strength.

EXTREMELY VERSATILE. For exterior of homes, stores, farm and utility buildings, etc. Combines with other building materials to give modern effect. Use also for small boats, trailers, dormers, shutters, etc. Easy to work with ordinary hand or power tools. Can be beveled, plowed, dadoed, rabbeted, tongued, grooved, etc. Nailing close to edge will not cause panel to split. Can be bent by steaming to construct counter corners, rounded furniture corners, etc. Use ⅜ in. and ¾ in. for greater strength and rigidity. Shipped promptly from Stock.

74 C 3050 R—¼-in. 3-ply. Wt. 26 lbs. . . 4x8-ft. Panel $4.88
74 C 3051 R—⅜-in. 3-ply. Wt. 36 lbs. . . 4x8-ft. Panel 6.24
74 C 3054 R—¾-in. 5-ply. Wt. 72 lbs. . . 4x8-ft. Panel 10.80

FINISHED OAK FLOORING LOW AS 26½¢ bd. ft.

(D) (E) Easy to clean, retains its beauty. Ready for use as soon as it's laid. Kiln-dried to proper moisture content, precision milled for smooth finish. Impregnated with moisture-resistant sealer, then waxed and finished to a medium brown tone. Strong and durable, resists scratching. Tongue and groove joints assure solid installation. Rounded edges form slender groove between adjacent flooring strips. ⅜x2-in. size (D) has square ends; use over old floors. 25/32x2¼-in. size (E) has matched ends; for new construction. Shipped promptly from Factory near Scranton, Pa. Pay freight from there.

BEST—*Clear and Prime Grades:* have uniform color and beauty.

BETTER—*Economy; Utility:* more color variation than Best.

PLYWOOD SHEATHING 12¼¢ sq. ft. (5/16-in.)

(H) For wall or roof sheathing, subflooring, etc.—wherever long, heavy duty service is desired and appearance not important. Cross-ply construction gives twice as much bracing strength as ordinary diagonal sheathing. Resists swelling, shrinking; provides rigid subsurface for finishing materials. Seals against drafts, dust and dampness. Prevents damage to roofing from updrafts in partially open structures. Will not split even when nailed close to edge. Both sides unsanded, grade CD—have wood imperfections which do not seriously impair strength. Moisture-resistant but not weatherproof—should not be installed where permanently exposed to weather. Shipped promptly from Stock by Freight or Express.

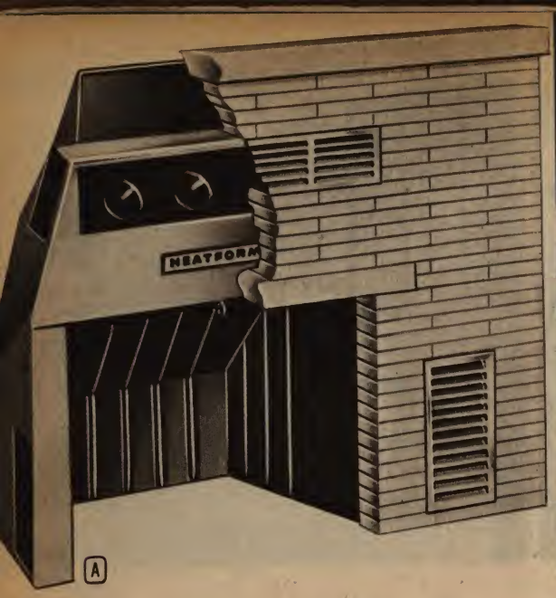
3-PLY PANELS. 5/16 or ⅜ in. thick. Recommended for use as sidewall sheathing on homes and summer cottages. Use also for lining farm buildings, garages, tool sheds, etc. for draft-resistance. ⅜-in. can also be used for roof sheathing. *Not Mailable.*

74 C 3040 R—5/16 in. thick. Ship. wt. 31 lbs. . . . . 4x8-ft. Panel $3.92
74 C 3041 R— ⅜ in. thick. Ship. wt. 36 lbs. . . . . 4x8-ft. Panel 4.48

5-PLY PANELS. Heavier and thicker than 3-ply. For use as subflooring, roof sheathing, decking, linoleum base, etc.—wherever greater structural strength is desired. *Not Mailable.*

74 C 3043 R—⅝ in. thick. Ship. wt. 59 lbs. . . . . 4x8-ft. Panel $6.96

MONTHLY TERMS ON INSIDE BACK COVER.



Heatform Fireplace

EFFICIENTLY CIRCULATES HEAT

HEATFORM FIREPLACE UNITS . . . LOW AS 60.00

A Nationally known "Heatform" fireplace interior unit assures proper construction of any style fireplace. Combines warmth and cheerfulness of open fireplace with all the advantages of a really effective radiant heating unit for rooms up to 6500 cubic ft. capacity.

Construction is simple: just place steel fireplace unit on fire bricks, then lay stone, brick or other type of masonry around it, as shown in view (A) above. Saves time and labor. Furnace principles are utilized in scientific design. No electrical blowing system is needed in "Heatform" units. No mechanical upkeep; saves electricity. Normal gravitational flow of cold and warm air supplies ample circulation, without the need for a fan. Heat is distributed efficiently through round, superheating air flues which run directly through throat (See View (A) above). Scientific construction of heat chamber allows hot air to pass quickly through firebox into room before valuable heat is lost. A large volume of air is directed by baffle plates from the cool air intake to the lower rear heating chamber, (see view at left) and thus over the hottest portion of metal. Heat control damper has under-slung poker friction control to regulate draft into chimney flue; can be closed tightly when firebox is not in use.

Heavy steel construction—firebox of unit made of 3/16 in. thick steel—ribbed for added strength and rigidity. Ribs are individually die-formed—control expansion, contraction; help eliminate warpage. Unit is constructed so no metal parts are exposed under the chimney; lessens the danger of rusting caused by accumulation of moisture.

Unit consists of firebox, surrounding heat chambers, throat, smoke-dome and built-in damper. If ordered with cast aluminum grilles (see listings below), includes 1 top-outlet grille and 2 lower side-intake grilles. Order with or without grilles. To determine size you need, find number of cubic feet in rooms to be heated. (Multiply length x width x height in feet.) From listings below, select unit with heating capacity equal to, or greater than, your room size. *"Heat-form" is Registered U. S. Trademark of the Superior Fireplace Company.*

SHIPPING INFORMATION. Heatform Fireplace unit and accessories ship. promptly from Fact. in Baltimore, Md. *Prepaid.* For Wards Monthly Payment Plan, see Inside Back Cover.

Efficient Insulation Saves Fuel,

CHOOSE FROM MINERAL FIBER, SPUN ROCK,

UNITEM . . . LESS THAN 6c sq. ft.

D Unitem insulating material made of mineral treated wood fibers, lasts entire lifetime of average home, protects against drafts, and gives year 'round comfort. Resists fire, moisture and vermin. Non-conductor of electricity—will not flame. Lightweight—only 5 oz. per square foot installed. Much lighter than most insulation.

Unitem saves you money in these important ways. Lower initial cost, reduction of up to 40% in winter fuel bills; has low conductivity rating—effectively retards passage of heat; lower shipping charges due to light weight (only 6 lbs. per bag). One bag covers 20 sq. ft. 3 in. deep or 15 sq. ft. 4 in. deep. For best results, fill to full depth of joist or stud.

Installation is extremely simple. No special tools or skills required. Just pour from bag; no hand packing or stuffing needed. (See "How to Install Insulation" on facing page.) Recommended for insulating ceilings, walls and other places which are hard to reach.

Shipped promptly from Stock by Freight or Truck. Orders totalling over $20 may be purchased on Monthly Terms. (Page 981).

74 C 3750 R—Ship. wt. 6 lbs.....Bag, $1.19

IMPROVED SPUN-ROCK 4 3/5c sq. ft.

E Wards SPUN ROCK Home Insulation is made of Rock Wool, one of the most effective insulating materials known. Now offered in greatly improved form. Special spinning process develops longer, lighter fibers, which increases density. Effectively prevents escape of heat during winter, and blocks penetration of outside heat in summer.

Spun Rock is only 2/3 as heavy as standard type rock wool, so you save money on shipping charges. Greater density of material means higher efficiency in use and reduced fuel bills. So easy to install you can do the job yourself; save on high labor costs, too.

Complete installation instructions on bag—one bag covers 25 sq. ft. 3 in. deep, allowing for joists and studs. See "How to Install Insulation" on facing page.

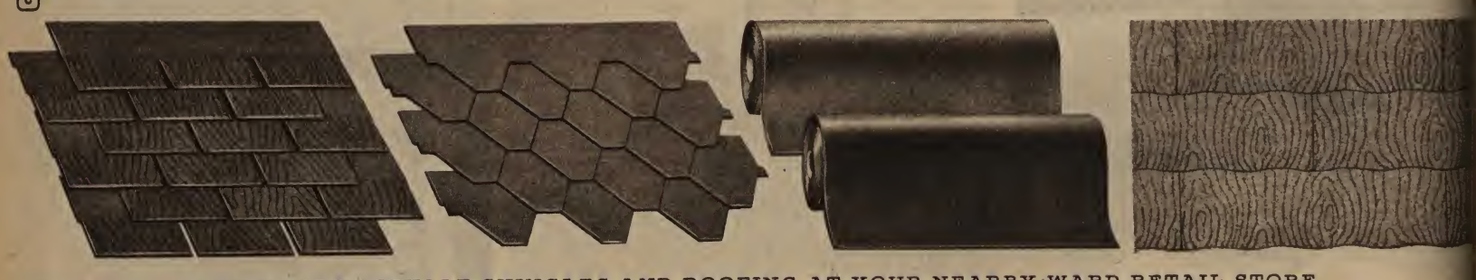
Completely fireproof—lasts the lifetime of any building. Non-conducting, it is safe for installation around electrical wires. Shipped promptly from Stock in Albany or Baltimore or from Factory near Newark, N.J. Pay freight from point nearest to you. Ship. wt. per bag, 26 lbs. *Not Mailable.*

74 C 3625 RF—From Stock $1.19..Factory $1.14

F "VISQUEEN" POLYETHYLENE PLASTIC SHEATHING. Hundreds of uses around the home and on the farm. Serves the purpose of a general, all-round sheathing paper, but can be used over and over again. Excellent for moisture-, air-, and dust-proofing subfloors, walls, ceilings. Use outdoors to protect lumber, feed, grain, mechanical equipment.

Completely waterproof—an effective vapor barrier. Made of translucent polyethylene .002 in. thick. Light in weight, yet tough and flexible. Does not deteriorate with age. Unaffected by acids, alkalis, water, extreme temperature changes. Odorless, tasteless, non-toxic. Use also for weatherproof covers for luggage, portable appliances, etc. Roll contains approximately 250 sq. ft. 50 inches wide folded to 25-inch roll, 60 feet long.

74 C 1930 M—*Mailed* From Stock. Ship. wt. 4 lbs.....Per roll, $3.



BUY WARDS ASPHALT SHINGLES AND ROOFING AT YOUR NEARBY WARD RETAIL STORE

G Freight rates on less-than-carload lots of Asphalt Shingles and Roofing are now up to 3 times the rate for full carload shipments. This makes it uneconomical for you to buy this merchandise shipped on a less-than-carload basis. For this reason Wards offer these items only through our Retail Stores. They receive roofing directly from the factory in full carload quantities, and pass the freight savings on to you. Wards stores have stocks ready for immediate delivery where you can see the styles and types of roofing available, which, of course, vary according to customs and climate. Many of these stores have a complete application service available. See listing below for your nearest Ward store offering these items.

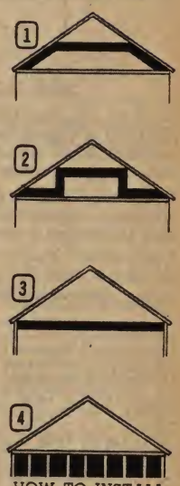
Keeps Your Home Warmer in Winter, Cooler in Summer

ROCK WOOL BATTS, COTTON BLANKET OR KIMSUL

INVEST IN INSULATION NOW ... INCREASE HEALTH AND COMFORT, GET YEARLY DIVIDENDS IN SUBSTANTIAL FUEL SAVINGS

EFFICIENT INSULATION protects your home from heat and cold. Provides an effective barrier to keep heat inside in winter, outside in summer. During sweltering summe.s, your home stays up to 15 degrees cooler than outside temperature, so you get cool, restful sleep at night. In winter, this same barrier keeps heat inside, protects health by stopping drafts and keeping temperatures even throughout the house. Insulation not only greatly retards interior heat loss and saves you up to 40% on yearly fuel bill, but also increases property-value, is fire-resistant, reduces fire hazard in walls and ceilings made of flammable materials. Insulated homes have lower fire insurance rates in many areas. Easy to install yourself. Complete selection for both old and new construction.



HOW TO INSTALL INSULATION

(1) ENTIRE ATTIC. If you plan to use entire attic for living quarters, apply insulation between roof rafters.

(2) SEPARATE ROOM. Apply insulation around room on all sides and top. Costs less than (1)

(3) UNOCCUPIED ATTIC. Place insulation between joists of attic floor. Cuts insulation costs to a minimum.

(4) SIDEWALLS. Blanket and batt type insulation are best suited if applied during construction of building.

VENTILATION. For best results, install louvers pictured below for proper circulation of air above insulation.

ENCLOSED ROCK WOOL BATTS . . . LOW AS 3⁴/₅ᶜ sq. ft.

(H) Enclosed type, much easier to handle and install than "open" batts. For new construction or accessible places. Made from thick layer of fibrous Rock Wool. Phenolic resin binder holds fibers firmly together. Batts are encased in tough Kraft Paper. One side of batt covered with waterproof Kraft Paper, cemented to Batt with asphalt to resist moisture and dampness. Batt size 15 in. x 48 in. Fits standard 16 in. spacing of joists or studs (easily cut to fit 24 in.-on-center spacing).

For walls, staple or nail in place. Batts have 1½ in. wide triple-thick nailing flange on sides. For attic floors, place between joists. Coverage shown below allows for joist and studs. *Not Mailable.*

Shipped promptly from Stock or Factory near New York City. You pay freight from the shipping point.

3 IN. THICK BATTS. Bundle of 10. Coverage: 53⅓ sq. ft.
74 C 3683 RF—Ship. wt. bundle, 40 lbs. From Stock $3.10....Factory $2.79

2 IN. THICK BATTS: Bundle of 16. Coverage: 85⅓ sq. ft.
74 C 3682 RF—Ship. wt. bundle, 40 lbs. From Stock $3.75....Factory $3.25

COTTON BLANKET INSULATION . . . LESS THAN 6½ᶜ sq. ft.

(J) Combines flame-resistant cotton and highly reflective surface for very low rate of heat transmission. Insulates 3 ways: (1) Surface reflects radiant heat. (2) Millions of air cells help prevent conduction heat loss. (3) Unbroken blanket cuts down draft and air leakage. Does not settle, pack or deteriorate. Outer blanket surface forms vapor barrier.

Weighs about 4 oz. per sq. ft. Easy to install using stapler or nails. 1 inch wide nailing flange on each side. 1 carton covers 100 sq. ft. Blankets compressed for shipping, gradually expand to full 2 in. thickness after installation. *Not Mailable.* Shipped from Stock. Pay freight from Mail Order House. Choice of 2 types of blankets:

ALUMINUM FOIL COVERED COTTON BLANKET. (Shown.) Double reflective, Wards most efficient type of insulation, reflects 95% of radiant heat. Heavy, aluminum foil cover on both sides of cotton blanket gives greater year 'round comfort. In summer, home stays 10 to 15 degrees cooler. In winter, less radiant heat escapes. Ship. wt. 24 lbs. per carton.
74 C 3710 R—16-inch width. Contains 75 lineal feet.....Carton, $9.45
74 C 3712 R—24-inch width. Contains 50 lineal feet.....Carton, 9.45

REFLECTIVE COTTON BLANKET. (Not Shown.) Single Reflective Type. Reflects up to 80% radiant heat. Fluffy cotton Kraft-covered blanket has reflective aluminum coating on one side, asphalt-treated paper on the other; is uniformly thick. Ship.wt. per carton, 16 lbs.
74 C 3715 R—16-in. width. Contains 75 lineal feet.....Carton, $6.35
74 C 3717 R—24-in. width. Contains 50 lineal feet.....Carton, 6.35

KIMSUL INSULATION ... LESS THAN 4¾ᶜ sq. ft.

(K) Nationally-known Kimsul Blanket Insulation made of paper-thin, asphalt-treated wood fibers in many layers. Each ply is continuous and separate, provides protection over every inch of insulated area. Strong stitching holds plies together at correct density—no sagging, shifting or settling. Asphalt treatment makes Kimsul moisture resistant; will not rot or deteriorate. Resists fire, mold, fungus, due to chemically-treated wood fibers. Kimsul pays for itself in fuel savings. Gives year 'round comfort; prevents loss of heat in winter, keeps heat outside in the summer. Your home can be 5 to 10 degrees cooler than outside temperature on hottest summer days. (8 to 15 degrees cooler with double thick Kimsul.)

Kimsul saves installation time. Comes in compact rolls with blankets compressed to ⅓th installed length. Expands in both length and thickness for installation. Lightweight, clean, easy-to-handle. No odor, dust or irritating particles. Blanket is continuous—no joints to piece together. Easy to install with stapler or hammer and nails. Choice of 2 widths to fit standard spacings of studs and joists. Can be cut easily to fit irregular spaces between furring strips. Instructions included. *Not Mailable.* Shipped promptly from Stock by Freight or Express. Choice of two types:

ALUMINUM FOIL KIMSUL INSULATION (shown above), has aluminum vaporseal attached to form positive vapor barrier which prevents the penetration of moisture. Aluminum reflects 95% of radiant heat, thus giving additional protection from heat and cold. This extra, effective insulating value of aluminum also allows you to use lighter, thinner blankets at night, keeps temperature more constant—less variation from room to room. Has wide flanges running full length of blanket for attaching insulation to framing members. Install with staplers listed at bottom of this page, or with hammer and nails. Each roll includes complete instructions.

REGULAR KIMSUL INSULATION. Same internal construction as above, but blankets are covered with black, fire-resistant Pyrogard—a Kraft Paper scientifically treated with asphalt to resist fire and moisture, just as inner layers are treated. Blankets actually measure wider than distance between standard framings, allowing edge to be stapled to sides of framing. This provides air space on both sides of blanket. Fiber nailing strips furnished. Includes instructions. May be installed with stapler (bottom of page) or hammer and nails. Order from table below.

Catalog Number	Thickness	Actual Size Width	Actual Size Length	Roll Covers	Ship. wt.	Price Roll
(K) ALUMINUM FOIL KIMSUL						
74 C 3735 R	Double (1½ in.)	16 in.	75 ft.	100 sq. ft.	23 lbs.	$ 8.42

74 C 3722 R	Standard (1 in.)	24 in.	100 ft.	200 sq. ft.	25 lbs.	9.49

LOUVERS PROVIDE PROPER VENTILATION 1.15 TO 6.60

Use louvers to prevent damaging moisture condensation on insulation. Permit circulation of fresh air. Keep buildings cooler in summer. Built-in screens keep out small birds, etc., deflect rain. Easy to install—no fitting needed. Figure square foot area of attic floor, order size to fit needs. Use 2 for cross ventilation. *Mailable.*

(L) ADJUSTABLE TRIANGLE LOUVER. Fits in gable. Adjusts from 35½ in. wide x 17½ in. high to 44½x13 in. for roof pitch. Tight sliding action. Screening furnished. Ventilates 400–600 sq. ft. Ship. wt. each 3 lbs.
74 C 3867 MO—Ea. $4.40. Pr. $8.35

NON-ADJUSTABLE TRIANGLE LOUVERS. Similar to (L) but with five rigid louvers. Ventilate 150 to 400 sq. ft. Ship. wt. ea. 2 lbs. 10 oz.

Catalog Number	Roof Pitch	Fits Openings High	Fits Openings Wide	Price Each	Two For

(N) ROOF LOUVER. For slanting roofs. Each ventilates 150 sq. ft. of attic floor space. Aluminum finish. Order 2 and save. Size: 12¾ by 16 in.
74 C 3851M—Heavy-gauge steel. Ship. wt. each, 4½ lbs. Each $2.20; Pair, $4.19
74 C 3861M—Rustproof aluminum. Ship. wt. ea, 2 lbs. 8 oz. Each 2.59; Pair, 4.93

AUTOMATIC STAPLERS AND STAPLE HAMMERS

Use for blanket, batt type insulation. Heavy-gauge steel, plastic hand grips. *Mailable.*

(P) STANDARD COMPRESSION STAPLER. Squeeze grip to work. Holds ¼-in. or 5/16-in. staples.
74 C 3800—Chromed finish. Ship. wt. 3 lbs....$10.50

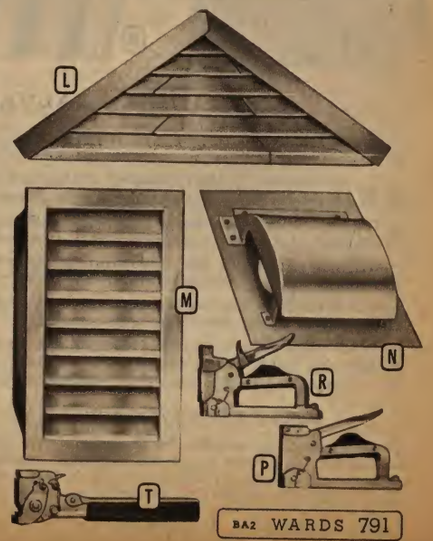
(P) HEAVY-DUTY COMPRESSION STAPLER. Like above, fits up to ½-in. staples. For plank, tile.
74 C 3802—Ship. wt. 2 lbs. 8 oz.....$11.50
74 C 3822—Same as (P) on loan basis. Order only with insulation, plank or tile. Deposit refunded if returned in good condition in 30 days.....$11.50

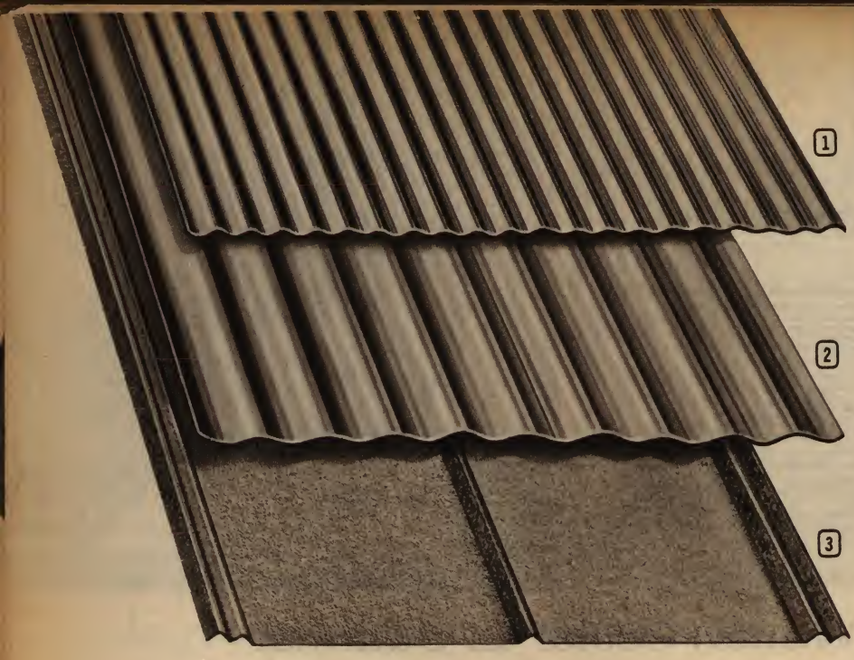
(R) SUPER-DUTY STAPLER. Powerful spring action drives staples up to 5/16 in. Chromed finish.
74 C 3806—Ship. wt. 2 lbs. 12 oz.....$12.50

(T) STAPLE HAMMER. Duo-Fast; use like hammer. Holds 2 strips of staples up to ¼ or 5/16 in.
74 C 3804—Polished nickel finish. Wt. 2 lbs....$14.95

STAPLES. Use ¼ in. for batts, tagging; 5/16 in. for blanket insulation, screen wire; ½ in. for batts or blankets, plank, tile. Heavy-gauge 9/16 in. are resin coated for extra holding power. *Mailable.*

Cat. No.	Length	Ship. wt.	Box of 5000
74 C 3810	¼ in.	1 lb. 2 oz.	$ 2.10
74 C 3811	5/16 in.	1 lb. 9 oz.	2.35
74 C 3812	½ in.	2 lbs. 8 oz.	2.65
74 C 3813	9/16 in.	2 lbs. 12 oz.	3.65





Aluminum Roofing and Siding

GIVES LASTING PROTECTION

26-IN. WIDE RUSTPROOF ALUMINUM SHEETS IN 3 STYLES . . . Low As 1.68 Sheet

1 2 3 Rustproof, lightweight sheets are ideal for use as roofing or siding. Will outlast most farm buildings. Easy to install—just follow instructions furnished with order. Saves money 4 important ways:

FIREPROOF—Often lowers fire insurance rates.

RUSTPROOF—Never needs paint, saves upkeep costs. May be painted if desired after 3 months weathering.

LIGHTWEIGHT—Easy to apply, no need for heavy bracing.

INSULATES—Reflects sun rays in summer, keeps building cooler. Retains building heat in winter, saves fuel. Helps increase productivity, keeps crops fresh.

Three types: (1) 1¼-IN. CORRUGATED; (2) 2½-IN. CORRUGATED — for wide-spaced sheathing; (3) 5-V CRIMP—has double crimps at sides for watertight seal.

Choice of Smooth Finish—see (1), (2) or Embossed Finish to cut glare—see (3). .019-in. thick sheets are equal to 26-ga. steel; .024-in. equal to 24-ga. steel. Coverage figures allow for end and side laps. See below for Nails, bottom of page for Felt, Accessories and "How to Measure" instructions. Shipping information below. *Minimum order: 3 or more sheets.*

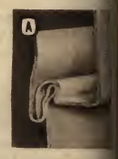
Enameled Aluminum Siding

CHOICE OF 6 PASTEL COLORS

EASY-TO-INSTALL PANELS . . . 34½c sq. ft.



Beautiful new finish for old or new homes. Lustrous non-chalking, baked-on enamel finish won't crack, chip, or peel—outlasts regular paint many times over; easily washed. Alodine-treated on both sides for maximum paint adhesion and corrosion resistance. Can be repainted if desired; absolutely rustproof. In White, Ivory, Gray, Green, Yellow, or Brown.

3-POINT INTERLOCKING JOINT. See (A) at right. For rapid, easy one-man installation; forms rattle-proof weatherproof seal. Panels are pre-notched—just place one lightweight panel on top of another; each fits securely onto section below. Can be applied 2 ways—over aluminum foil, using insert wedges under joints; or over backer board for maximum insulation, firmest support and more efficient sound deadening. Installation instructions included. Shipped promptly by Freight or Truck from Factory near Pittsburgh, Pa.

4 SIDING PANELS. Each panel 12 ft. long; has 8 in. exposed width. Carton of 25 covers 200 sq. ft.
74 C 1301F—*State color, quantity.* Single Panel. Wt. 4 lbs. . Each $2.85
25 Panels. Ship. wt. 100 lbs. Ctn. 69.00

5 STARTER STRIP. Use at the bottom of first siding strip. Siding is applied from the bottom up. 2⁷⁄₁₆ in. x 10 ft. *State Color.*
74 C 1304 F—Ship. wt. 8 oz. Ea. $1.20

6 WINDOW AND DOOR TRIM. Give finished effect. 6-ft. lengths. Ship. wt. each 4 oz. *State color.*
74 C 1308 F—For backerboard. . 93c
74 C 1307 F—For foil and wedges . 85c

7 OUTSIDE CORNERS. Use with or without backerboard. 8 inches long. *State Color Wanted.*
74 C 1302 F—Ship. wt. 2 oz. Ea. 24c

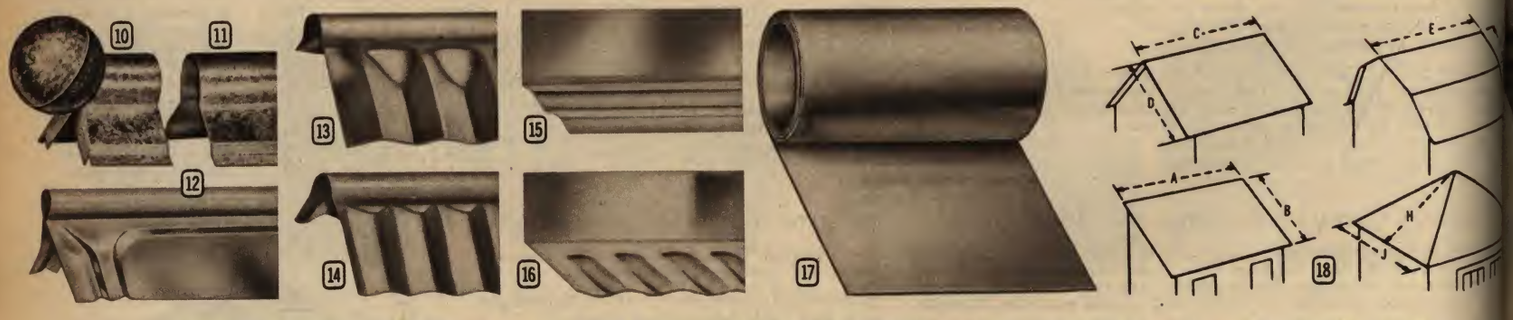
8 INSIDE CORNER. 10 ft. long. Ship. wt. 1½ lbs. ea. corner.
74 C 1309 F—For backerboard.
State color . . . . . Each $2.
74 C 1303 F—Use with foil, wedges.
State color . . . . . Each $2.

BACKERBOARD. Use under siding. ⁷⁄₁₆ in. thick. 8 in. x 6 ft. Wt. 70 lbs. Carton covers 100 sq. ft.
74 C 1310 F—Carton . . . . . $8.

ALUMINUM FOIL. Use with wedges. 36 in. wide. Covers 500 sq. ft.
74 C 3770 F—Wt. 11 lbs. Roll $7.

9 WEDGES. Use with Foil, every 4 ft., each joint.
74 C 1305 F—Ship. wt. 2 oz. Ea.

ZINC COATED NAILS. 1½ in. long. 56 nails to 100 sq. ft. 188 to pkg.
74 C 1306 K—Wt. 1 lb. Pkg. . .



ALUMINUM, GALVANIZED ACCESSORIES TO COMPLETE ROOFING OR SIDING JOB

10 GLOBE FINIAL. Fits on end of ridge roll for neat, weathertight ridge end—gives finished appearance. Available in Galvanized only.

11 12 13 RIDGE ROLLS. Use to cover top of ridge for finished roofing job. Available in styles to fit all types of roofing listed above.

14 GAMBREL ROOF JOINT. Use at gambrel hips. Flared eaves to avoid overhanging. Available in Aluminum only. 12-in. girth.

15 SIDE WALL FLASHING. Use where side of roof joins wall of another building, porch or dormer. Install with smooth side under wall covering.

16 END WALL FLASHING. Use where end of roofing joins wall of another building. Install smooth side under wall covering.

17 PLAIN VALLEY. For valleys and flashing. Also for 5, 8-V Crimp as roof joint, Side and End Wall Flashing. All rolls are 14 in. wide.

Order Aluminum or Galvanized Accessories (10) to (17) at right.

ASPHALT-SATURATED FELT . . . 3.10 Roll (216 sq. ft.)

(Not shown). 30-lb. weight. Use under aluminum roofing or siding if inside of building is subject to constant moisture—chicken houses, barns, etc. Shipped promptly from Factories near York, Pa.; Buffalo, N.Y.; or Savannah, Ga. Pay freight charges from nearest point. Rates on Page 970.

Roll covers 216 sq. ft. Shipping wt. 60 lbs.
74 C 30 F. . . . . Roll $3.10

SHIPPING NOTICE

ALUMINUM ROOFING AND SIDING (1) to (3) above and Accessories (left) shipped promptly from Factories near New York City, Atlanta, Ga. or Columbus, Ohio—you pay freight from Factory nearest. See Page 970 for Rates.

Items with (*) shipped promptly from Stock. Others shipped from Factory—see above. Cat. Nos. ending in F or R *Not Mailable;* all others *Mailable.*

HOW TO MEASURE

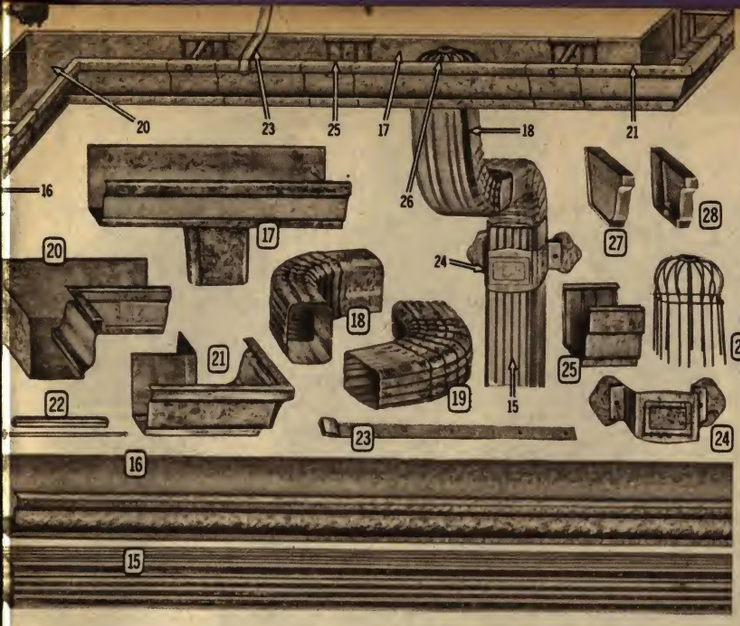
18 Use these easy methods to find square foot area to be roofed.

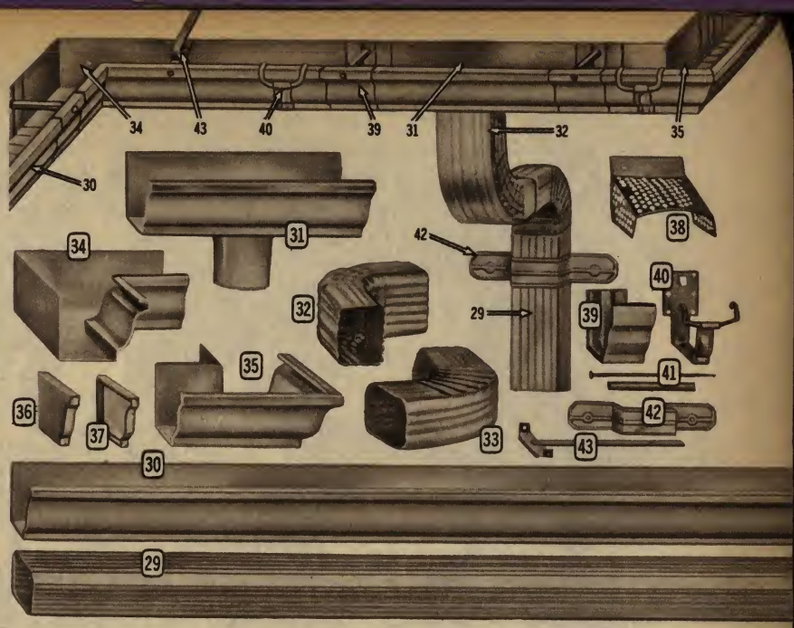
SHED TYPE: Multiply length (A) by length of rafters (B).

GABLE TYPE: Multiply roof length (C) by length (D). Multiply . . .

GAMBREL TYPE: . . . length (F) and (G). Multiply by roof length . . . then multiply result . . .

HIP TYPE: Multiply length of long rafter . . . by length at . . . (J). Divide by 2. Do . . . for each section of . . . add results for total . . . of structure to be roofed.





Eaves Trough in Galvanized Steel or Aluminum

QUICK, SOLDERLESS INSTALLATION...DO IT YOURSELF AND SAVE

GALVANIZED BOX-TYPE EAVES TROUGH . . . 26-GA. . . . 1.65 10-ft. length (4 in.)

15 TO 28 Rigid 26-ga. steel for extra strength, heavily galvanized to resist rust. 20% heavier than 28-ga. (below). Slip-joint connectors eliminate soldering—make installation easy. Use 5-in. trough for large buildings, 4-in. trough for smaller homes, etc. All items *Mailable* except (15) and (16). *State Cat. No., Size.* Monthly Payment Terms on Inside Back Cover.

(15) CONDUCTOR PIPE. Corrugated to resist freezing damage. *Not Mail.* Ship. wt. 7 lbs. 8 oz.
74 C 1700 R—3-in. size. Use 2 Elbows (18) to join with eaves trough. 10-ft. length.....$1.98

(16) EAVES TROUGH. Bead on outside lip for rigidity. Wts. 4 in., 7½ lbs.; 5 in., 9 lbs. *Not Mail.*
74 C 1705 R—4-in. width.....10-ft. length $1.65; 5-inch width.....10-ft. length $2.05

(17) DROP OUTLET. Fits Pipe (15) or Elbows (18), (19). 3-in. drop. *State Size wanted.*
74 C 1717—4-in. trough. Ship. wt. 1 lb. 4 oz.....79c; 5-in. trough. Ship. wt. 2 lbs....$1.10

(18) SQUARE REGULAR ELBOW 75°. Use two to bring drop outlet back flush with wall.
74 C 1720—3-inch size. Shipping weight 15 oz.....Each 63c

(19) SQUARE SIDE ELBOW 75°. For shifting conductor pipe drop along the wall.
74 C 1722—3-inch size. Shipping weight 15 oz.....Each 63c

TROUGH CORNERS. 1-piece single bead construction. Ship. wts.: 4 in., 15 oz.; 5 in., 1 lb. 12 oz.
(20) 74 C 1710—Inside Corner. For 4-in. trough.....$1.14; For 5-in. trough.....$1.28
(21) 74 C 1711—Outside Corner. For 4-in. trough.....1.14; For 5-in. trough.....1.28

(22) SPIKE AND FERRULE. Keeps trough from sagging. Use 1 set every 3 feet.

Period and Modern Fixtures for Gracious Living

FORMAL FIXTURES ADD GRACE AND ELEGANCE TO YOUR HOME . . . AUTHENTICALLY STYLED FROM FINEST MATERIALS . . . 6.95 TO 34.95

Wards finest fixtures—authentic period designs, reproduced by expert craftsmen. Sparkling styles form perfect backgrounds for gracious living in the formal mood. Matched groups permit coordinated designs throughout your home for a smart decorator-planned appearance. Use 60-W. bulbs unless otherwise stated—order bulbs separately, Page 802.

[1] 5-ARM CHANDELIER. Harmonizes with both traditional and modern settings. Slim tapered center spindle has rich polished brass finish; gracefully shaped arms are solid brass. Round shields at base of 5 bulb holders are white perforated metal. White laminated plastic and fabric shades have fashionable rattan woven texture, are washable and extremely durable. 21-in. diam., extends 18 to 36 in. on brass plated chain. For wall switch. Use 40-W. bulbs. *Not Mailable.*
83 C 3013 R—Wt. 9 lbs. $3.00 Down. Cash $29.95

[2] NEW 1-LT. HALL PENDANT. Solid Brass. Sparkling Colonial leaf design engraved in cut-glass panels. Size 9¾x6¾ in. wide. Brass plated chain. Extends to 28 in. from ceiling. Takes 40-watt bulb—see Pg. 802.
83 C 2979 L—Ship. wt. 3 lbs. $6.95

[3] 2-LT. HALL PENDANT. Solid Brass. Colonial star pattern deeply engraved in cut-glass panels. Size 6¼x6¼x11½ in. Brass plated chain extends to 27 in. from ceiling. Takes two 25-W. flame-shaped bulbs—see Page 802.
83 C 2974 L—Ship. wt. 6 lbs. $18.95

[4] 5-LT. CRYSTAL CHANDELIER. Captures charm and grace of 18th Century in sparkling crystal and gleaming silver. Genuine hand-cut drops imported from Germany under each bulb and in center enhance light and airy effect. Rich silver plated chain, canopy. Finely fashioned center column. Five crystal-clear hurricane chimneys have delicate hand-cut grape-and-vine designs. Extends from 18 to 36 in. from ceiling. Diam. 22 in. Uses flame-shaped bulbs on Page 802. Ship. wt. 21 lbs.
83C3058 MO—$3.50 Down, Cash $34.95

WARDS FIXTURES ARE UL APPROVED, EASY TO INSTALL

All Wards Fixtures are completely wired, with instructions—ready to hang. Included are handy solderless connectors that eliminate splicing and taping . . . just twist them on. Approved by Underwriters' Laboratories—assurance of tested construction.

[5] [6] 5-LT. CRYSTAL AND CHROME. Create a new atmosphere in your home with beautifully matching chandelier and wall bracket. Solid brass arms and body with gleaming chrome plated finish. Hand-blown frosted white shades have delicate hand-cut grape design, decorative crimped clear sparkling glass edges. Sparkling hand-cut prisms are imported from West Germany.

(5) 5-LIGHT DROP FIXTURE. With gleaming imported crystal beaded chain drapes running to each light. Decorative sparkling crystal spindle in smart spiral design. 19-inch diameter. Extends 20 to 44 in. from ceiling. Use 40-watt bulbs—order from Page 802. *Not Mailable.* Ship. wt. 15 lbs. Terms, Inside Back Cover.
83 C 3025 R—$3.00 Down. . . . Cash $27.95

(6) 2-LIGHT WALL BRACKET. Matches (5). Overall 10½x11 in. Extends 5 in. from wall. Convenient turn switch. Uses same bulbs as (5)—order from Page 802.
83 C 3041L—Ship. wt. 4 lbs. 8 oz. . . $11.45

[7] 3-LT. CRYSTAL SHOWER will add new sparkle to any room. Four tiers with 131 genuine imported crystal drops, hand-cut and polished by expert Old World craftsmen. Crystal spindle and clear crystal glass sphere. Metal parts and chain have high polished aluminum finish. Extends from 32½ to 42 in. from ceiling. 15-in. diam. For wall-switch operation.
83 C 3050 MO—Ship. wt. 13 lbs. $3.50 Dn., Cash $34.

3-LT. CEILING FIXTURE. Same beautiful four-tier crystal tear drop design as (7) above but with spindle and chain. Fits flush against ceiling. Extends 15 in. from ceiling. For wall-switch operation.
83 C 3042 M—Ship. wt. 11 lbs. $3.50 Dn., Cash $31.

Pull-Down Reel Fixtures...Newest Lighting Styles

VERSATILE REEL FIXTURES, THE VERY LATEST STYLE IN HOME LIGHTING . . . MODERN OR TRADITIONAL DESIGNS

ONCE A DECORATOR'S DREAM . . . now a center of interest in America's finest homes. Reel fixtures are much more than "just another light"—they're the answer to *all-purpose* lighting in today's compact homes. One light actually replaces three conventional-type fixtures. Operating on spring-balanced reels, lights can be raised or lowered at a finger's touch. Push them high up near the ceiling for overall room lighting; lower them instantly for soft, wide-spread light over tables, etc. (See view (1) at left.) Or bring them still further down for close work such as reading or sewing. Perfect for multiple-use rooms like kitchen, dining area, living room, etc. Adapt to dozens of activities.

WARDS NOW OFFER A COMPLETE SELECTION of reel fixtures with a style for any room. All are designed and built by leaders in the lighting industry. Shop and compare—see how little it costs to have the finest in modern lighting when you buy at Wards low prices. All fixtures are UL Approved, your assurance of best construction. Prewired, ready to hang with no special tools or skills needed. Bulbs not included; order separately from Page 802.

LATEST PULL-DOWN FIXTURE

A The very newest style on the market today—a pull-down fixture with all the uses described above, and which operates without any visible pulley. Spring-operated reel is concealed in bell-shaped canopy — wire coils or uncoils to raise or lower fixture. Glides up or down at a touch. Wards finest quality, built for years of service. Shop and compare the styling and price; you'll agree that this is a real value in modern design.

LARGE 20-IN. DIAM. SHADE finished in light gold color on top, underside white. Three gleaming Brass plated light cups will take up to 100-watt bulbs . . . fashionably pierced for added design interest. Glass lenses provide concentrated downlight. Sparkling Brass finished trim adds to richness of appearance. Can be raised or lowered 24 to 50 in. from ceiling. Ship. wt. 14 lbs. *Mailable.*

83 C 2671MO—$2.50 Down . . . . .Cash 21.95

B NEW 2-LT. GOLD 'N GLASS DESIGN. Novel lantern-shaped fixture has 15½-in. diam. reflector with gleaming Goldtone finish. 9¼-in. diam. milk-white satin-finished glass bowl with 5-in. diam. focal lens on bottom for best light diffusion. Brasstone finish on pulley, canopy and trim. Black satin finish on pull-down handle. Fixture adjusts 15 to 45 in. from ceiling, adapts to many household activities. Takes two 75-W bulbs—see Page 802.

83 C 2556 M—Ship. wt. 8 lbs. *Mailable*. 15.95

C NEW 1-LT. BRASS 'N GLASS DESIGN. Modern styling to grace any room in your home—adds versatile lighting at moderate cost . . . also an interesting "conversation piece." 15½-in. diam. reflector with sparkling Brasstone finish. 6¼-in. diam. milk-white satin-finished glass bowl.Three decorative support rods and pull-down handle finished in satin black. Fixture raises or lowers easily from 19 to 49 in. from ceiling. Use up to 150-W. bulb.

83 C 2555 M—Ship. wt. 6 lbs. 8 oz. *Mailable*. 17.95

Order G.E. Bulbs in Quantity...Save 20% or More

BUY A YEAR'S SUPPLY AND SAVE . . . TAKE 20% DISCOUNT ON LIGHT BULB ORDERS OF $5.00 OR MORE; 25% DISCOUNT ON ORDERS OVER $15

GENERAL ELECTRIC BULBS STAY BRIGHTER LONGER . . . ARE PRE-TESTED FOR QUALITY. GE laboratories test bulbs throughout the entire manufacturing process as well as after finishing; independent testing services also check the efficiency of GE bulbs. This triple-check assures you of a consistently high quality product, a bulb you can depend on. Wards guarantee safe delivery of all GE bulbs—if any bulb you receive from Wards is broken on delivery, return it and we will replace it free of charge. GE bulbs are mailed to you *Postpaid*.

ALWAYS KEEP AN AMPLE SUPPLY OF BULBS ON HAND. "Bulb-snatching" from needed lights can result in serious accidents. Replacing bulbs with a too-small size can result in eyestrain and fatigue. You owe it to yourself to keep spares on hand. Larger bulbs give more light per penny cost—a 60-watt bulb gives 80% more light than a 40-watt; 100-watt gives 90% more light than a 60-watt. Standard base for 110–120-volt AC-DC unless otherwise stated. Prices include Fed. Tax. Buy more, save more on discount plan.

1 CONVENIENT GE 12-BULB ASSORTment. Be prepared—don't get caught without spare bulbs on hand. Popular assortment of four 40-W., four 60-W., four 100-W. All inside frosted bulbs.

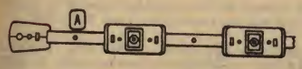
83 C 3306—14-in. diam. Ship. wt. 1 lb. 12 oz. . . . . $

(36) REFLECTOR WITH PORCELAIN SOCKET, pull chain view (A) at left above. Mounts on 3¼ or 4-in. box.
83 C 3345—12-in. diam. Ship. wt. 1 lb. 4 oz. . . . . $1.
83 C 3346—14-in. diam. Ship. wt. 2 lbs. . . . . 1.

Easy-to-Use Home Wiring Needs...All UL Approved



1 2 3 NEW SURFACE EXTENSION CABLE. For extra outlets. White Plastic, only ½ in. wide. Nail along baseboard, bend around corners. Plug cap in present outlet; use as many receptacles as needed—see (A). Takes 15 amps. Just strip wires, push into holes for connection. UL Approved. Nails includ.
(1) CABLE. Ship. wt. per ft. 2 oz.
83 C 5286 H—Per ft. 1¾½c; 15 ft.... $2.79
(2) 83 C 490—Plug Cap. Wt. 4 oz.... 65c
(3) 83 C 491—Receptacle. Wt. 4 oz... 47c

4 PLUG-IN STRIPS. Plenty of outlets, conveniently spaced. Gray metal case—completely wired. 12-ga. wires. Use with extension cord or box (5).

33 IN. LONG. 5 outlets, 6 in. apart.
83 C 155 M—Ship. wt. 1 lb. 4 oz... $3.45
6 FT. LONG. 4 outlets, 18 in. apart.
83 C 156 MO—Ship. wt. 2 lbs. 8 oz.. $4.45

5 END JUNCTION BOX. For permanent installation of Plug-in strip (4). For armored cable, romex, or conduit.
83 C 162—Ship. wt. 4 oz..... Ea. 65c

6 7 LUMILINE BRACKETS. Use two brackets, lumiline bulb to make (4) a light fixture. Use 2. Wt. ea. 1 oz.
(6) 83 C 161—With turn switch... Ea. 75c
(7) 83 C 160—No turn switch..... Ea. 35c

8 SOLDERLESS WIRE CONNECTORS. Twist on. Wts. for 10: 1 oz., 2 oz.
SMALL SIZE. Joins 14 to 18-ga. wires.
83 C 855..... 10 for 18c; 100 for $1.29
LARGE SIZE. Joins 12-ga. wires.
83 C 856..... 10 for 18c; 100 for $1.29

UL APPROVED CORD SETS for every need. EXTENSION CORD SETS (9), (10) and (11) are for regular home electric use on radios, fans, lamps, etc. Plastic-covered 18-ga. copper wires—take up to 800 watts (7 amps.). APPLIANCE CORD SETS (12), (13) and (14) are for irons, toasters, etc. Replace damaged or frayed cords, have rubber and asbestos insulation. 18-ga. copper wires, except (14) is 16-gauge for heavier loads. HEAVY-DUTY CORD SETS (15), (17) and (18) are for portable motors, refrigerators, power tools, etc. Have heavy rubber insulation for hard wear. Replace old worn-out cords now.

9 NO-SHOK EXTENSION CORD SETS. Rotary spring cap covers slots when not in use. Ivory Bakelite table tap and 2 outlets.
83 C 1289—15 ft. Wt. ea. 9 oz.. Ea. 98c; 2 for $1.85
83 C 1288—9 ft. Wt. ea. 7 oz.. Ea. 79c; 2 for 1.49

10 EXTENSION CORDS with 3-way tap of Brown Bakelite. Brown plastic cord, plug.
83 C 1287—15 ft. Wt. ea. 9 oz. Ea. 59c; 2 for $1.10
83 C 1283— 9 ft. Wt. ea. 5 oz... Ea. 42c; 2 for 79c

REPLACEMENT CORD like (10) but stripped ends, no 3-way tap. Attach to appliances with built-in leads—fans, etc. Ship. wt. ea. 5 oz.
83 C 1284—9-ft. cord..... Ea. 33c; 2 for 62c

11 EXTENSION CORD. New design with feed-thru switch in middle for controlling appliance or light. 9-ft. long. Brown plastic cord. 3-way Brown Bakelite tap on one end, plug on other.
83 C 1297—Ship. wt. 9 oz.... Ea. 89c; 2 for $1.69

12 HEAVY-DUTY APPLIANCE CORD SET with off-on switch, spring cord protector. Super flexible armored switch connector. Standard size.
83 C 1258—7-ft. cord, plug. Wt. 10 oz..... 98c

13 STANDARD APPLIANCE CORD SET. Permanent connector of heat-resistant compound. Spring cord protector. Std. size. No off-on switch.
83 C 1255—6-ft. cord, plug. Wt. 6 oz..... 62c
83 C 1253—Miniature Set. Like (13) but prongs ½ in. between centers. Ship. wt. 6 oz..... 62c

14 REPLACEMENT CORD SET. 16-ga. Eyelet ends for replacing cords built into irons, etc.
83 C 1257—8-ft. cord, plug. Wt. 7 oz..... 79c

15 HEAVY-DUTY EXTENSION CORDS. For electric lawn mowers, hedge trimmers, etc. Two copper wires with heavy rubber insulation. Have plug on one end, outlet tap on other end.
83 C 1275 L—100-ft. 16-ga. Ship. wt. 7 lbs.. $6.98
83 C 1299 L— 50-ft. 16-ga. Ship. wt. 4 lbs.. 3.75
83 C 1271 L— 25-ft. 16-ga. Ship. wt. 2 lbs.. 2.29
83 C 1274 L— 15-ft. 18-ga. Ship. wt. 1 lb... 1.25

HEAVIER 3-WIRE CORDS. For grounding portable tools, etc. Meet new code requirements.
83 C 1279 L—15-ft. 16-ga. Wt. 1½ lbs..... $3.75
83 C 1270 L—25-ft. 14-ga. Ship. wt. 5 lbs... 8.95

16 11-IN. METAL REEL. With Green finish.
83 C 1277 L—Ship. wt. 2 lbs..... 89c
REEL WITH 100-FT. CORD (15) ABOVE.
83 C 1276 L—Ship. wt. 9 lbs..... Set $7.85

17 HEAVY-DUTY REPLACEMENT CORDS. Stripped leads. Black rubber cord and plug.
83 C 1272—18-ga. 25-ft. Ship. wt. 2 lbs.... $1.79
83 C 1273—18-ga. 10-ft. Ship. wt. 1 lb..... 79c
83 C 1267—16-ga. 15-ft. Ship. wt. 1 lb..... $1.29

18 HEAVY-DUTY GRAY CORD SETS. 18-ga. Attractive gray rubber cord and plug.
83 C 1227—12-ft. Ship. wt. 12 oz..... 98c
83 C 1228—25-ft. Ship. wt. 1 lb. 4 oz..... $1.49

19 ELECTRIC TIME SWITCH. Automatic—for lights, small motors, etc. One "on-off" operation every 24 hours. 6½x5¼ in. 3¼ in. deep. 120-V. AC. Choose 10-amp. plug-in type or 35-amp. permanent type. Ship. wt. ea. 3 lbs. 8 oz.
83 C 549 L—10-AMP. Outlet, 6-ft. cord, plug. $9.95
83 C 544 L—35-AMP. No cord, plug..... 8.75

REPLACEMENT CORDS (20) to (23) are UL Approved—use to replace old, worn cords and reduce danger of accidents. Use 18-ga. up to 800 watts, 16-ga. to 1100 watts, 14-ga. to 1650 watts and 12-ga. up to 2000 watts.

20 HEAVY-DUTY MOTOR CORD. Heavy rubber insulation. 2 or 3 copper wires. Type "S." *State size, lgth.*

Cat. No.	Wire size	Wt. 25 ft.	25 ft.	100 ft.
83 C 1210 H	2 No. 18-ga.	2 lbs.	$1.19	$4.39
83 C 1216 H	2 No. 16-ga.	3½ lbs.	2.49	9.45
83 C 1216 H	2 No. 14-ga.	5 lbs.	4.19	15.95
83 C 1217 H	2 No. 12-ga.	8 lbs.	5.98	22.75
83 C 1218 H	3 No. 16-ga.	4 lbs.	3.39	12.25
83 C 1216 H	3 No. 14-ga.	6 lbs.	5.45	20.75

21 HEAVY LAMP CORD. Two copper wires. Brown or Ivory plastic insulation. 16-ga. cord has heavier insulation. *State length and color* (Brown or Ivory).
83 C 1211 H—16-ga. 25 ft. Ship. wt. 1 lb..... $1.29
83 C 1211 H—16-ga. 100 ft. Ship. wt. 4 lbs..... 4.89
83 C 1207 H—18-ga. 25 ft. Ship. wt. 8 oz..... 59c
83 C 1207 H—18-ga. 100 ft. Ship. wt. 2 lbs..... $2.25

22 ASBESTOS HEATER CORD. Two 18-ga. copper wires.
83 C 1204 H—Wt. 25 ft. 1 lb..... Ft. 5c; 25 ft. $1.19

23 THERMOSTAT CABLE. Three 18-ga. copper wires.
83 C 1200 H— 25 ft. Ship. wt. 8 oz..... 75c
83 C 1200 H—100 ft. Ship. wt. 2 lbs..... $2.75

24 AUTOMATIC CLOSET LIGHT. Fits door frame. Use 60-watt bulb. 9-ft. cord, screws included. *Postpaid.*
83 CP 1381—Ivory socket and cord. Each 98c; 3 for $2.79

25 26 HEAVY-DUTY TROUBLE LIGHTS. UL Approved. For garage, basement, etc. Rustproof. Shockproof handle and plug. On-off switch. 18-ga. wires.
(25) 83 C 1265—With 25-ft. cord. Ship. wt. 2½ lbs.. $2.49
(25) 83 C 1256—With 50-ft. cord. Ship. wt. 3½ lbs.. 3.75
(26) With 6-in. cord, plug. Use with extension cord.
83 C 1263—Ship. wt. 1 lb..... Each $1.15

27 CLAMP TYPE BULB HOLDER. Excellent for floodlight. Rubber-covered clamps, adjustable head.
83 C 3358 L—On-off switch. 6-ft. cord, plug. Wt. 1 lb.. $1.49

28 PLASTIC TAPE. Replaces Friction and Rubber tape, makes neat splice. Resists oil, acids, etc. Wts. 5 oz., 3 oz.
83 C 805—60-ft. in metal can... Ea. $1.25
83 C 806—30-ft. roll..... Ea. 59c

FRICTION TAPE. Use over Rubber tape.
83 C 801—60 ft. Wt. 8 oz. Ea. 32c; 2 for 59c

RUBBER TAPE. Self-vulcanizing.
83 C 803—23 ft. Wt. 8 oz. Ea. 33c; 2 for 62c

29 "WIRING SIMPLIFIED" by H. P. Richter. Handy guide book for home wiring. 230 illustrations.
83 CP 848—128 pgs. *Postpaid*..... 50c

30 FISH TAPE AND REEL PULLER. For conduit, drains. Tempered flat steel.
83 C 840—Ship. wt. 4 lbs.... 50 ft. $2.69

31 CIRCUIT TESTER. For spark plugs, fuses, wiring circuits. Neon bulb.
83 C 836—Instructions. Wt. 4 oz..... 35c

32 NON-METALLIC CABLE RIPPER. Cuts outer braid only, not insulation.
83 C 838—With gauge. Wt. 3 oz..... 22c

33 DOUBLE-DUTY THINWALL CONDUIT BENDER. For ½ and ¾ in. Use ¾-in. pipe for handle (not included).
83 C 846 L—Wt. 4 lbs. 8 oz..... $6.29

34 NEW ELECTRIC DRYER CORD. UL approved. Three size No. 10 wires. Rated 30 amps. Use for dryers, other 220-Volt appliances using 3 No. 10 wire or less. Third prong is "L" shaped insuring positive locking in receptacle (38). 4-foot rubber cord.
83 C 128—Ship. wt. 2 lbs..... $2.49

35 ELECTRIC RANGE CORD. UL appr. Three wire—two No. 6, one No. 8. Rated 50 amps. Use for range, motors, other 220-V. appliances. 3-ft. cord for standard installation, 6-ft. to pull appliance away from wall.
83 C 127—3 ft. Ship. wt. 2 lbs. 6 oz..... $2.49
83 C 143—6 ft. Ship. wt. 3 lbs..... 3.98

36 37 ELECTRIC RANGE RECEPTACLES. UL appr. Three wire, heavy-duty.
(36) FOR SURFACE MOUNT. Needs no box.
83 C 126—50 amps. Ship. wt. 1 lb..... $1.59
(37) FOR FLUSH MOUNT. Includes: Bakelite receptacle, brass plate, 4¹¹⁄₁₆-in. sq. galvanized steel box and plaster cover.
83 C 136—50 amps. Ship. wt. 3 lbs..... $4.65

38 NEW ELECTRIC DRYER RECEPTACLE. UL approved. Three-wire surface type. Third slot "L" shaped for use with cord (34). Rated 30 amps. Surface mount, needs no box.
83 C 137—Ship. wt. 1 lb..... $1.59

KNOB AND TUBE WIRING NEEDS. Easily installed in barns, outbuildings, etc. Shockproof construction throughout. All are UL Approved and durably built.

39 PORCELAIN CLEATS. Assembled, complete with nails and leather washers. For 2 wire, 10, 12 or 14-ga. Use every 4 ft. Ship. wt. per 100, 19 lbs.
83 C 469 LB—10 for 64c.... 100 for $5.60

40 BAKELITE BUSHINGS. Fit up to No. 8 wire. Insulates ½-in. KO's in switch or receptacle box. Metal lock nut.
83 C 473—Wt. for five: 4 oz.... 5 for 31c

41 PORCELAIN INSULATING TUBES. Protect indoor wire passing through studs, walls, joists. Fits ⅝-in. hole. Use one tube for each single wire. Ship. wt. per 100: 7 and 9 lbs. *State quantity*
83C465 L—3x⅝ in. 10 for 19c; 100 for $1.69
83C467 L—4x⅝ in. 10 for 22c; 100 for 1.95

42 PORCELAIN KNOBS. Leather collared. Nail type. For supporting one wire on open work. Use every 4 ft. Ship. wt. per 100: 19 lbs. *State quantity.*
83 C 470 L—10 for 35c..... 100 for $3.15

ALL WARDS WIRING EQUIPMENT IS UL APPROVED. This is your assurance of pretesting by an independent.

43 WIRE HOLDER. Fastens wire to buildings. Galvanized metal base, porcelain insulators. Take up to No. 4 wire. Wts. 3, 4 lbs.
83 C 386—2-wire holder. 9 in. between spools, 11 in. long..... $1.14
83 C 387—3-wire holder. 8 in. between spools, 18 in. long..... 1.98

44 10-IN. OAK INSULATOR BRACKET. For low tension circuits.
83 C 390 LO—Wt. 2 lbs. 12 oz.. 5 for 29c; Wt. 50 lbs.. 100 for $5.29

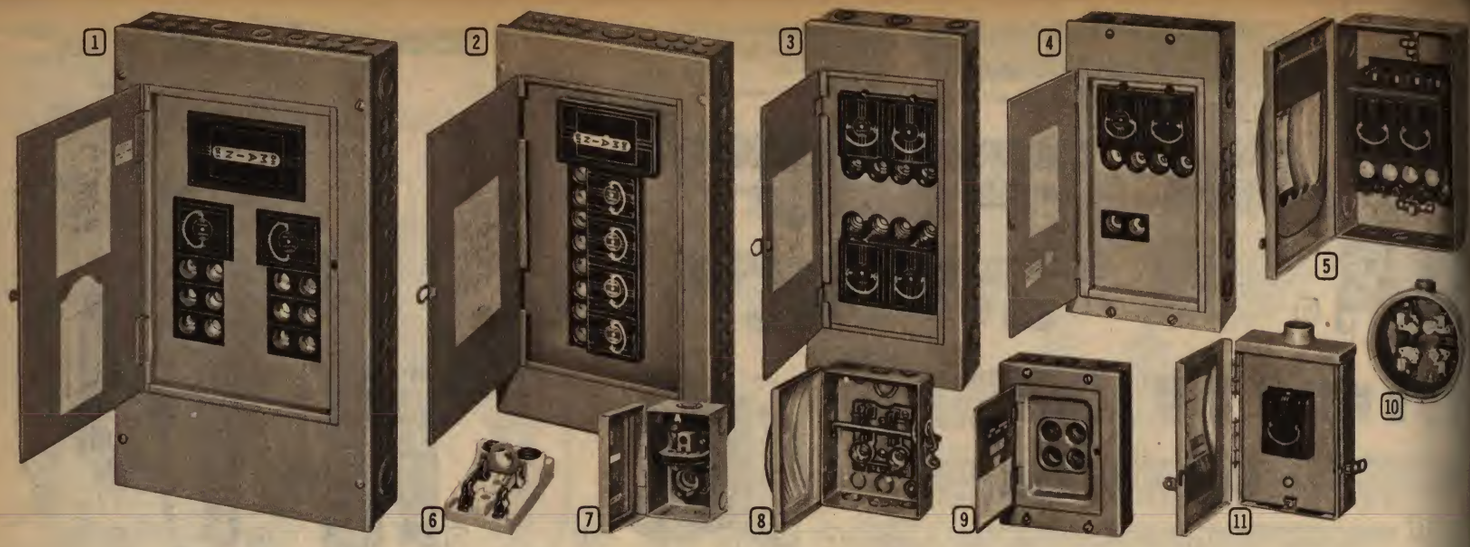
GLASS INSULATOR for (44) above. Pin hole for 1-in. pin. Threaded to fit bracket (44). 3¼ in. high. 2⅜-in. diam. *State quantity.*
83 C 391LO—Ship. wt. 3 lbs. 5 for 65c; Ship. wt. 68 lbs. 100 for $11.95

45 REINFORCED PORCELAIN INSULATOR. Metal saddle. Heavy duty. 2¼-in. self-aligning screw. 1-in. hole. 3 in. high. 2-in. diam.
83 C 379 L—Ship. wt. for five, 3 lbs. 2 oz..... Each 39c; 5 for $1.75

46 GLAZED PORCELAIN INSULATORS. Use for buildings or poles.
83 C 380 L—2¼-in. wood screw, ⅝-in. hole. Take up to Number 2 wire. Ship. wt. for five, 3 lbs. 8 oz..... 5 for $1.59
83 C 382 L—1½-in. wood screw, 7⁄16-in. hole. Use for telephone wire, radio antenna, etc. Ship. wt. for five, 2 lbs..... Each 21c; 5 for 95c

47 FLANGED SERVICE HEAD. For wires entering outbuildings. Threaded ½-in. conduit. Use conduit adapter 83 C 1017, Pg. 807.
83C655—With waterproofing compound, screws. Ship. wt. 1 lb. Each 74c

48 PIPE MOUNTING INSULATOR. New insulator clamps directly on 2-in. pipe. 6½ in. overall. Holds up to size 2 wire. ⅝-in. hole Glazed porcelain finish. Metal strap. Ideal for ranch type houses.
83 C 397 L—Ship. wt. each 1 lb. 3 oz. Each 75c..... 3 for $2.15



Modern Entrance Equipment for "Look-Ahead" Wiring

WARDS FUSED SERVICE ENTRANCE EQUIPMENT is UL Approved, meets REA specifications. Modern cabinets are designed for today's needs, yet "look ahead" to future requirements as well. Gray enameled steel cabinets have knockouts; are complete with wiring diagrams. Before ordering, check with your local Power Co. or REA office for requirements. Order fuses separately from Page 808.

(1) 100-AMP. ENTRANCE SWITCH COMBINATION. Serves all the demands of today's home, will meet future electrical requirements of modern homes years from now. With 100-amp. main disconnect. 60-amp. range and 30 amp. water heater or dryer circuits—12 branch circuits. 3-wire, 120–240-V. 23⅞x14¼x4¼ in.
83 C 539 MO—Surface mount. Amer. No. 10323R2B12. Ship. wt. 40 lbs. *Mail*.. $37.95
83 C 540 MO—Flush mount. Amer. No. 10323R2B12F. Ship. wt. 40 lbs. *Mail*.. 37.95

(2) NEW 100-AMP. ENTRANCE SWITCH COMBINATION. Combines all service entrance equipment in one cabinet. 100-amp. main disconnect, 60-amp. range, and three 30-amp. fused pull outs connected in parallel for water heater, dryer, air conditioner, etc. 8 plug-fused circuits. 3-wire, 120–240-V. 21x12¾x3¾ in.
83 C 593 MO—Surface mount. Amer. No. 10323R4B8. Ship. wt. 40 lbs. *Mail*... $45.95
83 C 594 MO—Flush mount. Amer. No. 10323R4B8F. Ship. wt. 40 lbs. *Mail*... 45.95

(3) 100-AMP. SERVICE COMBINATIONS. New design, with four pull-out circuits—all in one box. Four cartridge fused pull-out circuits: 60-amp. range, 60-amp. light, 30-amp. water heater or air conditioner, 30-amp. dryer, eight plug fused branch circuits. Parallel wired, grounded neutral. 3 wire, 120–240-V. 100-amp. line lugs. Flat front. 19x9⅝6x3¾ in. Order 83 C 580 M (11) where code requires.
83 C 591MB—Surface mount. American No. 103234RL8. Wt. 21 lbs. *Mail*..... $24.95
83 C 592 MB—Flush mount. American No. 103234RL8F. Wt. 21 lbs. *Mail*..... 24.95

(4) 100-AMP. SERVICE COMBINATIONS. Have 60-amp. light and range cartridge fused pullouts. Parallel wired. 3 wire. 120–240-V. 100-amp. line lugs. All cabinets below have flat fronts (except 83 C 585M has curved front). *Mailable.*

Cat. No.	Br. Circuits	Mount	Amer. No.	Size In.	Ship. wt.	Price
83 C 585 M	4	Surface	10323RL4	12½x8x2⅞	16 lbs.	$ 8.45
83 C 586 M	4	Flush	10323RL4F	12½x8x2⅞	16 lbs.	8.45
83 C 587 M	6	Surface	10323RL6	16⅝x9x3⅝	17 lbs.	13.25

100-AMP. MAIN DISCONNECT SWITCH. Like (11) but for indoor, no threaded hub top. Fuse pullout, solid neutral.
83 C 580 M—Surface mount. For 120–240-V. 3-pole, 3-wire. Amer. No. 10323. 15x8¼x4 in. Ship. wt. 14 lbs..... $16.

GENERAL ELECTRIC FUSELESS ENTRANCE SWITCHES FOR MODERN WIRING

GE FUSELESS SWITCHES are UL Approved, meet REA specs. Fully automatic—replace fuses and main switch. No current-carrying parts exposed. Circuit breakers automatically shut off current when dangerous overload occurs—reset by flipping to "on." Available two ways: (12), (13), (14), (16) without circuit breakers; (15) with breakers. Check with local Power Company before ordering.

(12) NEW 100-AMP. ENTRANCE SWITCH CABINET. For extra convenience—has 100-amp. main breaker already wired in. Eliminates need for separate disconnect. Extremely adaptable cabinet will take 12 single-pole breakers (18) at right, or 6 double-pole breakers (19), or any combination of the two, depending on your individual requirements. Spring mounted interior assures automatic flush, trim alignment—easy to install yourself. Silver plated copper construction of all current-carrying parts prevents wattage loss due to formation of copper oxide. Cabinet is gray steel with durable bonderized enamel finish. 3-wire. For 120–240-volts. Size overall about 20⅜ x 12¼ x 4½ inches. Main breaker included. Order Breakers (18) and (19) separately at right. Ship. wt. 22 lbs. *Mailable.*
83 C 741MO—*State Flush (shown)* or *Surface mount*..... $4.50 Down, Cash $40.95

(13) (14) GENERAL ELECTRIC "CUSTOM DESIGNED" ENTRANCE SWITCH CABINETS. For making your own fuseless entrance assembly. Makes possible unlimited combinations of circuits, allows room for future expansion. Order single or double-pole Circuit Breakers (18) and (19) at right. Just plug in place—no wiring needed. 83 C 738M is "split-bus" design, can be used without main disconnect for service entrance equipment (one double pole 50-amp. breaker used as main for lighting, etc.). Heavy steel cabinets with gray enamel finish; all interior connections included. *State Flush mount shown on (13) or Surface mount (14).*

Catalog Number	Circuits	Maximum Load	Size Overall of Box, Inches	No. of Wires	Ship. wt.	Price Each
83 C 730 L	2	40 amp.	5⅛x 7 x2½	2 or 3	3 lbs.	$1.75
83 C 732 L	4	70 amp.	6¾x10⅜x3⅜	2 or 3	7 lbs.	3.49

(16) NEW RAINTIGHT ENTRANCE SWITCH CABINETS. Similar to cabinets at left but for outdoor use—order with Hub (17) below. Heavy steel with gray enamel finish. Take any combination of circuits you desire with plug-in Breakers at right (order separately). For 120–240-volt single-phase, 3-wire.
2-CIRCUIT. To 50 amps. Use two breakers (18) or one (19).
83 C 747 L—8x6x4⅛ in. Ship. wt. 7 lbs. *Mail*..... $5.75
4-CIRCUIT. To 70 amps. Use four breakers (18) or two (19).
83 C 748 L—11x8x4⅛ in. Ship. wt. 9 lbs. *Mail*..... $6.49
8-CIRCUIT. To 100 amps. Use eight breakers (18) or four (19).
83 C 749 L—13¼x12¼x5 in. Ship. wt. 17 lbs. *Mail*..... $12.25

(17) RAINTIGHT BOX HUB for (16). Threaded. Interchangeable.
83 C 746 L—*State* ¾ in., 1 in., 1¼ in. Wt. 4 oz.....Ea. $1.39

(18) GE SINGLE POLE CIRCUIT BREAKERS. For lights and small appliances. Plug into connections in cabinets (12), (13), (14) and (16)—need single opening. Thermal-magnetic action. For 110–120-V. Ship. wt. ea. 4 oz.
83 C 711—*State:* 15 or 20-amp.....Ea. $1.

(19) DOUBLE POLE BREAKERS. Like (18) but need 2 adjacent openings. 120–240-volt—use for water heaters, dryers, ranges, etc.
83 C 722—20-amp. Ship. wt. 8 oz.....Ea. $3.
83 C 723 L—30-amp. Ship. wt. 8 oz.....Ea. 3.
83 C 724 L—40-amp. Ship. wt. 8 oz.....Ea. 3.
83 C 725 L—50-amp. Ship. wt. 8 oz.....Ea. 3.

UL Approved Wire and Cable. . . Save on Coil Lots

NON-METALLIC CABLE $3^{9}/_{10}$c ft. in 250-ft. Coils (14—2)

20 Lightweight, low in cost, easy to install—these features make Non-Metallic our most widely-used cable for indoor wiring in homes, shops, barns and other buildings. For both surface and concealed work. Ideal to use because it bends easily, strips clean with convenient ripcord. Conductor color-coded to simplify tracing circuits. Copper conductors sheathed in spiral paper under heavy fiber jacket—chemically treated to resist fire, moisture and acid vapors. New, improved outer cover will not check or crack. Meets REA specifications. Coil prices apply only to exact lengths listed; for odd footage over coils, use regular "per ft." price. *State Catalog No., length wanted.*

PLASTIC COVERED CABLE $7^{4}/_{5}$c ft. in 250-ft. Coils (14—2)

21 Now offered in heavier No. 10 sizes to meet modern wiring needs. Strong and tough—designed for use indoors or outdoors, including direct burial. Ideal where moisture, ice, fungus or ammonia-laden barn air would harm other types of wiring. Resists rot, flame, mold and abrasion. Solid copper conductors insulated with flexible plastic. Flat construction with Fiberglas cord over conductors for added strength. Use with Straps (99), Page 807. Meets REA specifications. Odd footage over exact coils sold at regular "per ft." price. *State Catalog No., length wanted.*

STEEL ARMORED CABLE $6^{3}/_{5}$c ft. in 250-ft. Coils (14—2)

22 Heavier 3 No. 6 now listed to meet future wiring demands. For dry indoor locations in homes, shops, etc. Flexible interlocking electro-galvanized armor gives permanent, fully steel-enclosed installation. Copper conductors have thick rubber insulation plus moisture and fire-resistant cotton fabric insulation. Bond wire runs between paper and steel armor on sizes 14 and 12 (not needed on larger sizes). Anti-short fiber bushings included. Meets REA specifications. Footage over exact coil lengths sold at regular "per ft." price. *State length wanted.*

THIN-WALL CONDUIT $8^{3}/_{10}$c ft. per 100 ft. (½ in.)

23 Protects building wire and other cables from damage indoors or out. Welded cold-rolled galvanized steel in strong, uniform gauge. Serves as ground in continuous wiring systems. Bends easily (see Conduit Bender on Page 803). Rust-resistant. Threadless; fittings clamp on (see listings on Page 807). *Not Mailable.* Shipped promptly from Stock by Freight or Express. In 10-ft. lengths. *Be sure to state size wanted.*

Terms, Inside Back Cover.

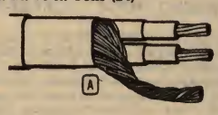
ENTRANCE CABLE 19c ft. in 50-ft. Coils (24)



24 25 26 Complete selection of 2 and 3-wire cables, armored or unarmored. Use outdoors or indoors to bring power from service line to meter and entrance switch—also for electric ranges, hot water heaters, dryers, etc. Use 2-wire type for lighting and other appliances operating on 110–120-volt circuits only. Use 3-wire type for electric range, heater, dryer, etc. Has heavy rubber and braid insulation. Steel Armored type protects wire from damage—has additional tough, weatherproof outer jacket over armor. Meets all REA specifications.

Note: 3-wire cable below has 2 insulated wires. Make third (neutral) wire by twisting together bare wire strands wrapped around insulated wires—see view (A) above. 2-wire cable has 1 insulated wire; make neutral (grounding) wire by twisting together bare wire strands wrapped around insulated wire.

Coil prices apply only to exact lengths listed; odd footage over coils takes regular "per ft." price. *State Catalog No., length.*

8 ga.	8 lbs.	7c	5.95	26.75
6 ga.	13 lbs.	15½c	12.49	57.25
4 ga.	19 lbs.	22c	18.95	86.95
*2 ga.	28 lbs.	30c	25.95	108.95

*No. 2 available in Black or White only; Red not available.

OUTDOOR WEATHERPROOF $2^{1}/_{10}$c ft. in 500-ft. Coils (14-ga.)

29 Use outdoors to bring power from yardpole to house . . . or use overhead between house and outbuildings. Single copper conductor with tough Neoprene jacket—resists intemperate weather, fire, corrosion, abrasion, oil, acids, alkalies. Will not festoon. Odd footage over exact coils sold regular at "per ft." price.

83 C 5215 H—Meets REA specs. *State wire size, length.*

Wire Size	Ship. wt. 100 ft.	Per Ft.	100-ft. Coil	500-ft. Coil
14 ga.	2 lbs. 8 oz.	3c	$2.25	$10.49

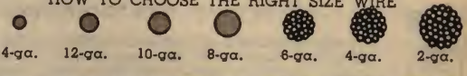
10 ga.	5 lbs. 4 oz.	5½c	4.19	19.75
8 ga.	7 lbs. 8 oz.	7c	5.75	26.95
6 ga.	12 lbs.	10c	9.29	37.95
4 ga.	17 lbs.	14½c	12.45	57.50

HOW TO CHOOSE THE RIGHT SIZE WIRE



Actual wire diameters shown above; note that diameter increases as wire gauge decreases. Check table below for approved carrying capacity by type and size; use 14-gauge wire for lighting circuits only. Buying too small wire is poor economy—plan for future needs now. See table (A) for indoor use, (B) for outdoor use.

Approved Amperage Load Capacity							
	14-ga.	12-ga.	10-ga.	8-ga.	6-ga.	4-ga.	2-ga.
(A)	15 amps	20 amps	30 amps	40 amps	55 amps	70 amps	95 amps
(B)	30 amps	40 amps	55 amps	70 amps	100 amps	130 amps	175 amps

TRENCH WIRE $4^{3}/_{4}$c ft. in 500-ft. Coils (14-ga.)

30 For direct burial. Recommended for underground service entrance. Single copper conductor, covered by tough, moisture-resistant insulation. Vulcanized outer Neoprene jacket resists acid, moisture, oil—unaffected by temperature changes, ground water. Odd footage over exact coils sold at "per ft." price.

83 C 5360 H—Rated 600-V. Meets REA specs. *State size, length.*

Wire Size	Ship. wt. 100 ft.	Per Ft.	100-ft. Coil	500-ft. Coil
14 ga.	4 lbs.	6c	$4.98	$23.75
12 ga.	6 lbs.	7c	5.98	28.50
10 ga.	8 lbs.	9c	7.19	33.95

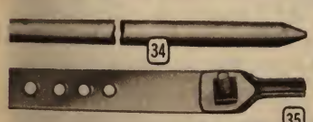
FREE . . . MODERN WIRING BOOKLET

New 32-page booklet gives valuable help in planning, selecting and installing an up-to-date wiring system for home or farm. A practical "do-it-yourself" guide for homeowners who need more adequate wiring for today's new appliances—more plug-in outlets, lights, farm and shop equipment. Plan now for future needs.

Simplified Instructions plus "how to do it" illustrations help you save money by doing your own wiring, helps save time by careful planning. Shows you how to organize the job, how to start, and basic wiring techniques. Mail coupon for your free copy.

GROUND WIRE FITTINGS: RODS, STRAPS AND CLAMPS . . . 11c to 3.39



34 COPPER CLAD STEEL GROUND RODS. Corrosion-resistant pure copper coating for long life. Meet REA specifications.
83 C 668 R—½ in. x 8 ft. *Not Mailable.* Ship. wt. 6 lbs.....$2.25
83 C 669 R—½ in. x 10 ft. *Not Mailable.* Ship. wt. 7 lbs..... 2.95
83 C 670 R—⅝ in. x 8 ft. *Not Mailable.* Ship. wt. 12 lbs..... 3.39

35 COPPER GROUND STRAP. Fits pipe ⅜ to 1 in. in diam.
83 C 626—With screw, nut. Ship. wt. 3 oz. ¾ in. wide. Ea. 11c

36 CLAMP FOR GROUND ROD. Use to attach (34) to Nos. 4 to 14 Armored or Unarmored ground wire (32) and (33) above. Solid bronze construction resists rust and corrosion.
83 C 665—Fit ½-in. rod. Ship. wt. 4 oz.....Each 27c
83 C 666—Fit ⅝-in. rod. Ship. wt. 6 oz.....Each 32c

37 GALV. GROUND PIPE CLAMP. For bare or armored wire.
83 C 625—Fits ½ to 1-inch pipe. Ship. wt. 8 oz.....Each 37c

Modern UL Approved Outlets, Switches and Plates

SAVE MONEY WITH DO-IT-YOURSELF WIRING NEEDS . . . EASY-TO-INSTALL SWITCHES, RECEPTACLES, OUTLETS . . . ORDER ALL YOUR NEEDS NOW

1 GE PRESSURE-LOCK DOUBLE RECEPTACLE. Less wiring time—no binding posts or tightening screws. Just strip wire, push into holes—see (A)—for positive connection. Leads and terminals totally enclosed. Takes 14, 12 or 10-ga. solid or stranded wire. With T slots, plaster ears. UL Appr., meet REA specs. Wt. 4 oz.
83 C 109—Ivory Bakelite. Ea. 39c; 3 for $1.10
83 C 108—Brown Bakelite. Ea. 35c; 3 for 98c

2 TO **4** BAKELITE RECEPTACLES. Fit standard boxes. Take up to No. 12 wire. Bronze contacts. (2) and (3) have plaster ears for wall mounting. Rated 15 amps. at 125 volts. UL Approved. Choose from 3 types:

(2) BEST QUALITY. Heavy-duty. With T slots. Back wired.
83 C 115—Ivory. Ship. wt. 4 oz. . . . . Ea. 29c; 3 for 82c
83 C 114—Brown. Ship. wt. 4 oz. . . . . Ea. 26c; 3 for 75c

(3) NO-SHOK. Cap covers slots when not in use—children can't insert hairpins, toys in current-carrying parts.
83 C 100—Ivory. Ship. wt. 4 oz. . . . . Ea. 47c; 3 for $1.35
83 C 101—Brown. Ship. wt. 4 oz. . . . . Ea. 39c; 3 for 1.10

(4) GOOD QUALITY. For lighter-duty loads.
83 C 116—Brown. Ship. wt. 4 oz. . . . . Ea. 11c; 3 for 30c
83 C 117—Ivory. Ship. wt. 4 oz. . . . . Ea. 16c; 3 for 45c

5 **6** GE BAKELITE GROUNDING OUTLETS. For 3-wire appliances. Plaster ears. UL Approved.

(5) PARALLEL TYPE. For 120-V. appliances—washing machines, etc. Takes 3-prong or regular plug.
83 C 150—Brown. Ship. wt. 7 oz. . . . . Ea. 85c; 3 for $2.42
83 C 151—Ivory. Ship. wt. 7 oz. . . . . Ea. 98c; 3 for 2.79

(6) TANDEM TYPE. For 200 to 250-V. appliances only—dryers, air conditioners, etc. Use with cover plate 83 C 69 (15).
83 C 153—Ship. wt. 3 oz. See Cap below. . . . . Each $1.49
83 C 154—Armored Plug cap. Cord grip. Wt. 2 oz. 79c

7 GE MERCURY SWITCHES. Silent operation. Long life. 15 amps., 120-V. AC. "T" rated. UL Appr. Wt. 5 oz.

WITH GLOW LIGHT. Toggle glows softly in "off" position.

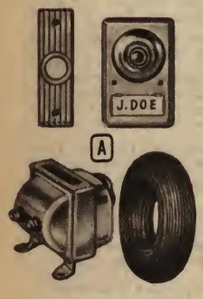
Modern Design Chimes Sound a Cheerful Welcome



GREET YOUR GUESTS WITH MUSIC—put an end to harsh, jangling door bells forever. Your whole family will enjoy the soothing, musical notes that sound clearly through your home. Wards full note chimes are designed to add distinctive new beauty to any room, yet their cost is surprisingly low. Choose the luxury of traditional long-tube chimes or the compact styling of short-tube or tone bar chimes. Any of Wards eight styles makes a perfect gift for weddings, birthdays, anniversaries or other occasions.

WARDS CHIMES ARE FULLY GUARANTEED. If any chime is defective in materials or workmanship within one year of purchase, it will be repaired or replaced at no charge to the customer.

COMBINATION "DO-IT-YOURSELF" CHIME KITS include Chime and Wiring Kit (A) above—transformer, bell wire, two push buttons (13) and (14). Easy to install. Wiring diagram, instructions included. Wiring Kit is also available separately at right. Use 10-volt transformer with chimes (6) and (7), 16-volt transformer with other models.

LATEST STYLES IN RICH-TONED CHIMES . . . LOW AS 2.95 (6)

1 DE LUXE WESTMINSTER MELODY CHIME. Favorite long-tube style—Wards finest chime. Plays traditional 4-note Westminster melody for front door, one note for rear door. Rich, resonant tones have adjustable volume control. French Walnut finished metal case with gleaming Brass finish trim and tubes. Sealed mechanism keeps out dust. Size overall: 7½x37⅞x42½ in. Ship. wt. Kit 13 lbs.
83 C 1617 MO—Combination Chime Kit. $2.50 Down.....Cash $21.95
83 C 1616 M—Chime Only. Ship. wt. 11 lbs.....19.95

2 DE LUXE SHADOW BOX CHIME. An outstanding design to brighten any style home. Black Syrocowood shadow box overlay gives rich contrast to polished Brass finish face panel. Sounds two melodious notes for front door, one for rear door. Three long Brass finish tubes (center tube ornamental only). Size overall: 8x3x44 in.
83 C 1615 MO—Combination Chime Kit. Ship. wt. 11 lbs.....$13.95
83 C 1614 MO—Chime Only. Ship. wt. 8 lbs. 12 oz..... 11.85

3 NEWLY-DESIGNED DE LUXE CHIME. Just designed for Wards by leading chime manufacturer. Favorite long-tube style for modern furnishings. Interwoven metal pattern in wood case with Brass finish on case and tubes. Modern leaf design in black. Plays two melodious notes for front door, one for rear. Size overall: 8 x 2½ x 41 in.
83 C 1627 MO—Combination Chime Kit. Ship. wt. 9 lbs. 8 oz....$10.75
83 C 1626 MO—Chime Only. Ship. wt. 7 lbs. 8 oz..... 7.98

4 NEWLY-DESIGNED SHORT TUBE CHIME. Interwoven metal pattern in wood case with Brass finish on case and tubes. Leaf design. Two notes for front door, one for rear. 7¾x2½x13 in.
83 C 1607 L—Combination Chime Kit. Ship. wt. 6 lbs. 4 oz.....$9.89
83 C 1606 L—Chime Only. Ship. wt. 4 lbs. 4 oz..... 6.95

5 WESTMINSTER MELODY CHIME. Wards finest short-tube chime. Sealed mechanism plays traditional Westminster melody: four notes for front door, one for rear door. French Walnut finish metal case with Brass finish resonator tubes and trim. Size: 7½ x 3½ x 11 in.
83 C 1611L—Combination Chime Kit. Ship. wt. 11 lbs.....$19.95
83 C 1610 L—Chime Only. Ship. wt. 9 lbs..... 17.95

6 WARDS STANDARD TONE BAR CHIME. Wards lowest priced chime. Economical yet has clear mellow tone. Ideal for limited wall space. Sounds two notes for front door, one for rear. Metal cover with ribbed design. White enamel finish. Size overall: 2x5x7½ in.
83 C 1601 L—Combination Chime Kit. Ship. wt. 3 lbs. 12 oz.....$5.59
83 C 1600 L—Chime only. Ship. wt. 2 lbs..... 2.95

7 BETTER QUALITY TONE BAR CHIME. Compact modern styling—for limited wall space. Polished Brass finish resonator tubes. Black Syrocowood medallion on Polished Brass finish panel. Sounds two notes for front door—one note for rear. Size overall. 7x7½x2½ in.
83 C 1603 L—Combination. Chime Kit. Ship. wt. 4 lbs. 4 oz.....$7.95
83 C 1602 L—Chime Only. Ship. wt. 3 lbs. 6 oz..... 5.49

8 MODERN SHADOW BOX CHIME. Satin Brass finish resonator tubes. Syrocowood in black picture frame. Polished Brass finish panel. Sounds two notes for front door; one note for rear. 9x7x2¾ in.
83 C 1609 L—Combination Chime Kit. Ship. wt. 6 lbs. 8 oz.....$10.95
83 C 1608 L—Chime Only. Ship. wt. 4 lbs. 8 oz..... 7.95

15 DOOR BUZZER. Metal cover. Silver contact points.
83 C 1536—Use 10-V. transformer (21). Ship. wt. 8 oz. 69c

16 ENCLOSED BELL-BUZZER COMBINATION. Pearl gray enameled metal case. Bell rings for front, buzzer for rear.
83 C 1537—Use 10-V transformer (21). Ship. wt. 12 oz..$1.29
83 C 1520—Bell only. Use 10-V transformer (21). Wt. 10 oz. 79c

17 DOORBELL. Nickel plated, brightly finished gong produces sharp, clear signal. Gray enameled metal cover.
83 C 1535—Use 10-V transformer (21). Ship. wt. 10 oz...69c

18 TO **20** ATTRACTIVE PUSH BUTTONS. Ship. wt. 2 oz.
(18) 83 C 1545—Brown Bakelite case.....19c
(19) 83 C 1548—Plastic case with metal trim button.....25c
(20) 83 C 1547—Plastic pearl button, metal trim.....35c

21 TRANSFORMERS. For chimes and bells, UL Approved.
83 C 1528—16-volt. 110–120-V. AC. Ship. wt. 1 lb. 12 oz.$1.79
83 C 1529—10-volt. 110–120-V. AC. Ship. wt. 1 lb. 8 oz... 1.79

22 INDOOR BELL WIRE. About 75-ft. coil. Insulated copper.
83 C 1531—Ship. wt. ea., 8 oz. Per coil 55c; 2 coils 99c

WIRING KIT. Shown in view (A) at left. For chimes and bells—replace old equipment at a saving over individual prices. Includes transformer (21), coil of bell wire (22), front and rear door buttons (13) and (14).
83 C 1618—With 10-V. transformer. Ship. wt. 2 lbs.....$2.85
83 C 1619—With 16-V. transformer. Ship. wt. 2 lbs. 6 oz. 3.30

23 APPLIANCE PLUG. For irons, toasters, etc. Prongs ¾ in. apart. Built-in toggle switch. Black Bakelite spring cord protector.
83 C 1343—Ship. wt. 5 oz.....Each 39c

24 CURRENT TAPS. Two outlets always "on." Brown bakelite. Ship. wt. ea. 3 oz.
83 C 1335—With pull chain. 2 for 52c; 5 for $1.22
83 C 1334—No pull chain. 2 for 29c; 5 for 69c

25 BRASS SHELL SOCKETS. ⅛-in. threaded cap. Threaded for lamp-shade. Ship. wt. ea. 3 oz.
83 C 1375—Pull Chain 250-W. 2 for 69c; 5 for $1.65
83 C 1377—Push Switch. 660-W. 2 for 55c; 5 for 1.30

26 **27** NEW EXTRA-HEAVY DUTY BRASS SOCKETS. Deluxe styling and design. Long life. Threaded cap fits lamp stem; other end threaded for lamp shade. Wt. ea. 5 oz.
(26) 83 C 1321—Push button. Ea. 95c; 2 for $1.79
3-WAY for 30-70-100-W. or 50-100-150-W. bulb
83 C 1324—Std. base.....Ea. $1.10; 2 for $1.98
(27) 83 C 1322—PULL CHAIN. Ea. 95c; 2 for $1.79

28 NEW TWIN SOCKET. Brown Bakelite.
83 C 1333—Wt. 3 oz.....2 for 29c; 5 for 69c

29 GROUNDING CORD TAP. Heavy duty. Use with (30) at right. 2 or 3-wire connection.
83 C 140—Wt. 4 oz. Each 85c; 3 for $2.42

30 3-PRONG PLUG CAP. Grounds portable power tools, etc., reduces shock danger. Use with (29) at left and 3-wire cord (20) on Page 803.
83 C 149—Ship. wt. 2 oz....Each 69c; 3 for $1.98

31 GROUNDING PLUG ADAPTER. For portable power tools, etc. UL Appr. ground connection with 3-prong plug. For standard receptacle.
83 C 141—Ship. wt. 4 oz.....Ea. 29c; 2 for 55c

32 CORD TAP. Heavy-duty. Hard rubber.
83 C 1327—Ship. wt. 4 oz. 2 for 59c; 5 for $1.35

33 SAFETY OUTLET ADAPTER. Cap covers slots of standard receptacle when not in use.
83 C 1358—Ivory. Wt. 4 oz...Ea. 42c; 3 for $1.19

34 **35** QUICK-CLAMP ATTACHMENTS. Just insert wire into hole, push clamp—no stripping. Metal points make positive connection. Use with 2 No. 18-ga. plastic, rubber or rayon cord.
(34) 3-OUTLET TABLE TAP. Ivory Bakelite.
83 C 1319—Ship. wt. 2 oz.....2 for 55c; 5 for $1.29
(35) PLUG CAP. Ivory Bakelite.
83 C 1315—Ship. wt. for 2, 1 oz. 2 for 24c; 5 for 55c

36 HEAVY-DUTY PLUG CAP. Solid rubber. 10-A.
83 C 129—Ship. wt. 3 oz. Each 29c; 3 for 82c

37 RUBBER CUBE TAP. Three plug-in outlets.
83C1340—Ship. wt. ea. 3 oz. 2 for 39c; 5 for 92c

38 RUBBER PLUG CAP. For lights, appliances.
83 C 1326—Ship. wt. ea. 3 oz. 2 for 18c; 5 for 42c

39 BAKELITE PLUG CAP. For appliances, etc.
83 C 1330—Brown. Ship. wt. 2 oz...2 for 15c

40 SCREW-BASE PLUG. Fits standard socket.
83C1336—Ship. wt. ea., 3 oz. 2 for 15c; 5 for 35c

41 WEATHERPROOF OUTDOOR SOCKET. Heavily encased. Standard socket. UL Appr.
83 C 1373—Ship. wt. ea., 5 oz. 2 for 42c; 5 for 93c

42 TOGGLE SWITCH. For motors up to ¾ HP.
83 C 4702—Fits ½-in. hole. Wt. 2 oz.....45c

43 PLUG-IN NIGHT LIGHT. 7-W, GE bulb glows softly. Ivory shade. Fits any standard outlet.
83 C 1365—Ship. wt. 3 oz..Ea. 45c; 3 for $1.29

44 CANOPY SWITCH AND EXTENSION. For bent-glass type fixtures. (See Page 796).
83 C 1394—Ship. wt. 3 oz.....Complete 49c

EXTENSION ONLY. Fits switches (46) and (47).
83 C 1382—Ship. wt. 1 oz....ea. 21c; 3 for 59c

45 FEED-THROUGH SWITCH. Use as pendant or feed through switch anywhere on cord.
83 C 1347—Ivory Bakelite. Wt. 2 oz. 32c; 3 for 89c

46 **47** CANOPY SWITCHES. For fixtures. Easy to attach. With pull cords. Ship. wt. ea. 3 oz.
(46) 83 C 1390—Normal duty 3-amp....2 for 55c
(47) 83 C 1391—Heavy duty 6-amp....2 for 75c

48 FUSTATS AND ADAPTERS. Take only same size fuse—can't put in oversize fuse accidentally. Take harmless current surge. Wt. Pkg. 6 oz.
83 C 765—Fustats. *State:* 15, 20, 30 amp. 4 for 49c
83 C 766—Adapters. *State:* 15, 20, 30 amp. 4 for 49c

49 CIRCUIT PROTECTORS. Button pops out shows short circuit or dangerously overloaded circuit. Remedy, then push reset button (no fuse replacement). Fits like standard fuse. *State:* 15, 20 or 30 amp. UL Approved.
83 C 750—Wt. ea. 2 oz....Each $1.35; 4 for $4.95

50 FUSETRON PLUG FUSES. Take harmless overloads—time-lag absorbs current surges from appliance motors, yet protects against short circuits or dangerous overloads. (Smaller fuses on Page 806.) *State:* 15, 20 or 30 amp. size.
83 C 770—Ship. wt. Pkg. 8 oz.....4 for 49c

PLUG FUSES. *State: 15, 20, 25 or 30 amps.*
83 C 760—Ship. wt. pkg., 5 oz.....5 for 29c

51 INSULATED STAPLES. Light Ivory color.
83 C 1400—Ship. wt. 2 oz. 2 pkgs. of 40...

52 CARTRIDGE FUSES. Brass contacts, fiber tube. Ship. wt. ea., 5 oz. *State amperage.*
83 C 761—30-amp. size. Tubular contacts. 2 for
35, 50 or 60-amp. size. Tubular contacts. 2 for
100-amp. size. Knife-blade contacts. 2 for

Rugged Powr-Kraft Motors...Fully Guaranteed

CHOOSE THE RIGHT MOTOR FOR YOUR NEEDS

A motor large enough to do the job economically will last far longer than a smaller motor operating under constant strain.

USE SPLIT-PHASE type for easy starting jobs or where full load is applied at maximum speed—washers, light power tools, etc.

USE CAPACITOR type for hard starting jobs—starts loads up to ⅔ heavier than Split Phase. For home workshop tools, machine shop tools, water pumps, mechanical refrigerators, etc.

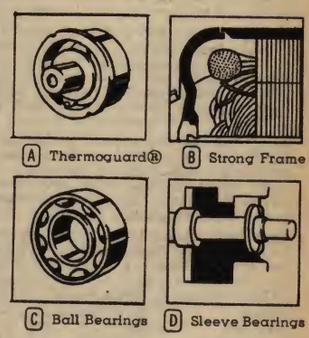
USE MILL TYPE CAPACITORS for hard starting jobs on production equipment, compressors, general shop or farm equipment.

USE REPULSION INDUCTION type on hardest starting jobs, in areas where heavily loaded circuits cause voltage drops. For deep well pumps, compressors, industrial tools, freezers, etc.

GUARANTEE. Any Powr-Kraft motor, used and cared for according to operating instructions, that proves defective in materials or workmanship within one year of purchase will be repaired or replaced free. Wards also offer expert repair service and replacement parts for any electric motor—see details, Page 958.

10 BIG REASONS WHY POWR-KRAFT MOTORS ARE YOUR BEST BUY

1. PRECISION-BUILT FOR WARDS by the nation's leading motor manufacturers. Approved by Wards Laboratory. Thoroughly tested before shipment. Meet or exceed NEMA specifications.
2. GUARANTEED FOR ONE YEAR . . . service and parts always available (See Guarantee, left).
3. COMPLETE MOTOR SPECIFICATIONS ON NAMEPLATE, including type and size, RPM, voltage, amperage, current, model and serial numbers, and instructions for reversing. Tag with instructions on operation and care is included for your permanent reference file.
4. THERMOGUARD® OVERLOAD PROTECTION against burnouts due to overloads or short circuits—see (A)—on motors (5), (6), and (8). Easily reset by pushing button.
5. EXTRA HEAVY-GAUGE SEAM-WELDED FRAME—see (B)—protects windings and core.
6. OVERSIZE PRECISION-SEALED BALL BEARINGS—see (C)—on motors (2), (4), (5), (6), (8).
7. SLEEVE BEARINGS WITH NYLON WASHERS for vertical mounting—see (D)—on (1), (7).
8. "FORMVAR" WINDINGS, INSULATED WITH BAKED-ON, thermo-setting varnish for long life. Provide double protection against heat, moisture and corrosion—motor's worst enemies.
9. DRIP-PROOF END BRACKETS help prevent foreign matter from entering, damaging motor.
10. SLOTTED MOUNTING BASES FIT NEMA STANDARDS, make belt adjustment easy.



STANDARD SPLIT-PHASE ELECTRIC MOTORS . . . 13.95 AND 14.95

1 ¼ AND ⅓ HP MODELS. Compare with other nationally-known motors of similar quality selling for $16.95 and $17.75. For easy starting jobs such as light power tools, circulating fans, washing machines, exhaust fans, etc. Meet or exceed NEMA specifications. Precision sleeve bearings with nylon thrust washer—see view (D) above. Can be mounted horizontally or vertically. Large oil reservoir. Motors are now equipped with resilient rubber mounting rings for smoother, quieter operation. Cradle type slotted mounting base lets motor turn to any angle, even upside down. Long life, full power, fan-cooled motors have heavy-gauge welded steel frames and drip-proof end shields. Develop twice rated torque for starting. "Form-Var" insulated windings give double protection against heat and moisture. ½-in. diameter flat shaft extends 1½ in. Full load speed 1725 RPM. For 110–120-V. 60-cycle AC. Built-in conduit box. Easily reversed. 8-ft. cord and plug. Blue-gray enamel finish.

83 C 4505 MB—¼ Horsepower. Mounting dimensions: 3 by 4⅞ in. Ship. wt. 20 lbs. *Mailable*. . . $13.95

83 C 4506 MB—⅓ Horsepower. Mounting dimensions: 3 by 4⅞ in. Ship. wt. 22 lbs. *Mailable*. 14.95

DE LUXE FULLY-EQUIPPED SPLIT-PHASE ELECTRIC MOTOR . . . 19.95

2 ⅓ HP MODEL. Our finest split-phase motor. Has ball bearings and other deluxe features at price others ask for unequipped models. For jobs where maximum load is applied after motor is started—light-duty power tools, exhaust fans, washing machines, etc. Meets or exceeds NEMA specifications. Prelubricated oversize ball bearings—see view (C) above—allow motor to be used in any position. Long life, full power, fan cooled motor has heavy cast-iron base and drip-proof end shields. Develops twice rated torque for starting. "Form-Var" insulated windings give double protection against heat and moisture. Double ½-in. flat shaft extends 1½ in., allows motor to operate two tools at one time. Full load speed 1725 RPM. Easily reversed—just switch lead wires. For 110–120-V. 60-cycle AC. Handy off-on toggle switch. Heavily insulated 8-ft. cord, plug. Slotted mounting base.

83 C 4507 MB—⅓ HP. Mounting dimensions: 3x5⅛ in. Ship. wt. 26 lbs. *Mailable*. $19.95

REPULSION-INDUCTION SINGLE-PHASE MOTORS . . . LOW AS 41.00

3 4 Highest quality heavy-duty construction—tagged far below usual retail prices. For hardest starting jobs: mechanical refrigerators, freezers, compressors, hammermills, water pumps, etc. Ideal for farm, shop or industrial use, also on REA lines. Meet or exceed NEMA, AIEE specifications. Recommended for severe climates or where heavily loaded circuits cause low voltage. Takes low starting current, frequent starts and stops—develops 4 to 5 times rated torque for starting and emergency periods. 4 high-grade carbon brushes for easier starting. Heavy copper wound, balanced armature minimizes vibration. Efficient fan cooling. Single keyway shaft. 1725 RPM, for 110–120/220–240-V. single-phase 60-cycle AC. (See Power Co. about voltage, phase, cycle, capacity.)

(3) ½ AND ¾ HP. For heavy production work. Oversize steel backed babbitt sleeve bearings, diamond bored—large oil reservoir—view (D) above. Use in horizontal position. Rugged, extra-heavy steel frame. Drip-proof cast-iron end shields. Brush lifting mechanism. *Mailable*.

(4) 1 TO 5 HP. For heaviest production work in shops, factories. Prelubricated, oversize ball bearings—see view (C) above—for smooth, quiet operation. Use motor in any position. Rugged steel frame and base. Drip-proof cast-iron end shields. Brush riding mechanism. *Not Mailable*.

State Catalog Number and Horsepower. 10% Down on Terms, See Inside Back Cover.

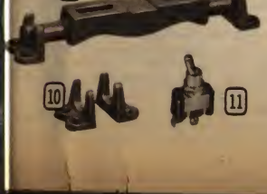
ACCESSORIES TO MAKE YOUR ELECTRIC MOTOR EVEN MORE VERSATILE



9 10 FLOATING MOTOR RAIL AND BRACKETS. Use one motor to operate several tools. For ¼ to ½ HP motors. Just fasten rail to motor and mount one pair of support brackets beside each tool. Motor rail rests firmly on brackets—motor can be moved from tool to tool as needed. Set includes rail and one pair of brackets (see extra brackets below). Complete with hardware.

(9) 83 C 4740—Rail and Brackets. Ship. wt. 1 lb. . . . . Set 89c

(10) 83 C 4741—Extra brackets for (9). Ship. wt. 4 oz. . . . Pair 39c

11 TOGGLE SWITCH. For motors up to ¾ HP. Fits ½-in. diam. holes.

83 C 4702—On-off switch. Ship. wt. 2 oz. 49c

83 C 4703—3-way switch (on-off-reverse). Ship. wt. 3 oz. 95c

BALL BEARING CAPACITOR MOTORS . . . LOW AS 24.95

5 6 Compare with other nationally-known motors of similar quality selling for $10 more. For medium to hard-starting jobs—machine shop and workshop tools, water pumps, sprayers, etc. Meet or exceed NEMA specs. Start ⅔ heavier loads than comparable split-phase motor.

Outstanding features include: oversize precision grease-sealed ball bearings for smoother, quieter operation—see view (C) above. Use motors in any position desired. Built-in Thermoguard®, overload protector—see (A) above—shuts off motor when overload occurs, to prevent burnout. Easily reset by pushing button. "Form-Var" insulated wire plus baked-on thermo-setting varnish protects against heat, moisture—lengthens motor life. Built-in capacitors (except external on 83 C 4598) reduce starting current by ⅓ to handle heavier loads. Silver contact points on starting switch give more positive action, longer motor life. Large fan and ample air vents provide proper cooling. Double shaft permits operation of two tools at once. Motors easily reversed—just change lead wires (instructions on nameplate).

8-ft. oil and weather-resistant cord with plug. Convenient off-on switch (except on (6). Rugged cast-iron base, heavy steel housing to take hardest use—see view (B) above. Baked-on blue-gray enamel finish. High-speed motors (3450 RPM) eliminate step-up pulleys on power tools, etc. (6) has built-in conduit box, steel base. (1½ HP looks like picture (8) above.)

ANY MOTOR BELOW AVAILABLE ON TERMS. Pay as little as 10% Down, use your motor while paying for it on Monthly Terms—see full details Inside Back Cover.

Be sure to state Catalog Number. Mailable. See Guarantee above at left.

APPLIANCE CAPACITOR 21.00

7 High starting torque motor — for replacement on stokers, refrigerators, pumps, etc. Meets NEMA specs. Starts loads ⅔ heavier than comparable split-phase motor. Diamond bored precision sleeve bearings with nylon thrust washers —see view (D) above. Easily reversed. Large oil reservoir. Cradle-type heavy-gauge steel base permits mounting at any angle. Rubber mounting rings. Drip-proof end shields keep out dust, etc. Built-in conduit box. ⅝-in. diam. keyway shaft extends 1⅞ in. 1725 RPM. For 110–120/220–240-V. AC. Mounting dimensions 3x4⅞ in. $2.50 Down on Terms. Wt. 24 lbs.

83 C 4567 MB—⅓ HP. *Mail*. . .Cash $21.00

MILL CAPACITORS 41.95 TO 49.95

8 ½ HP To 1 HP MODELS. For extra-heavy production use on hard-starting jobs. Meet or exceed NEMA performance specifications. Fully guaranteed for one year—see Guarantee above. Have 3 to 5 times rated torque for starting or emergency periods. Precision ball bearings and large oil reservoir—see (C) above. Built-in conduit box. Internal capacitors reduce starting current by ⅓. Thermoguard® overload protector prevents motor burnout. Shuts off automatically, has handy restart button—see (A) above. ¾-in. diameter shaft extends 2¼ in. 1725 RPM. For 110–120/220–240-volts AC. Mounting dimensions: 5x5⅞ in. *Mailable*.

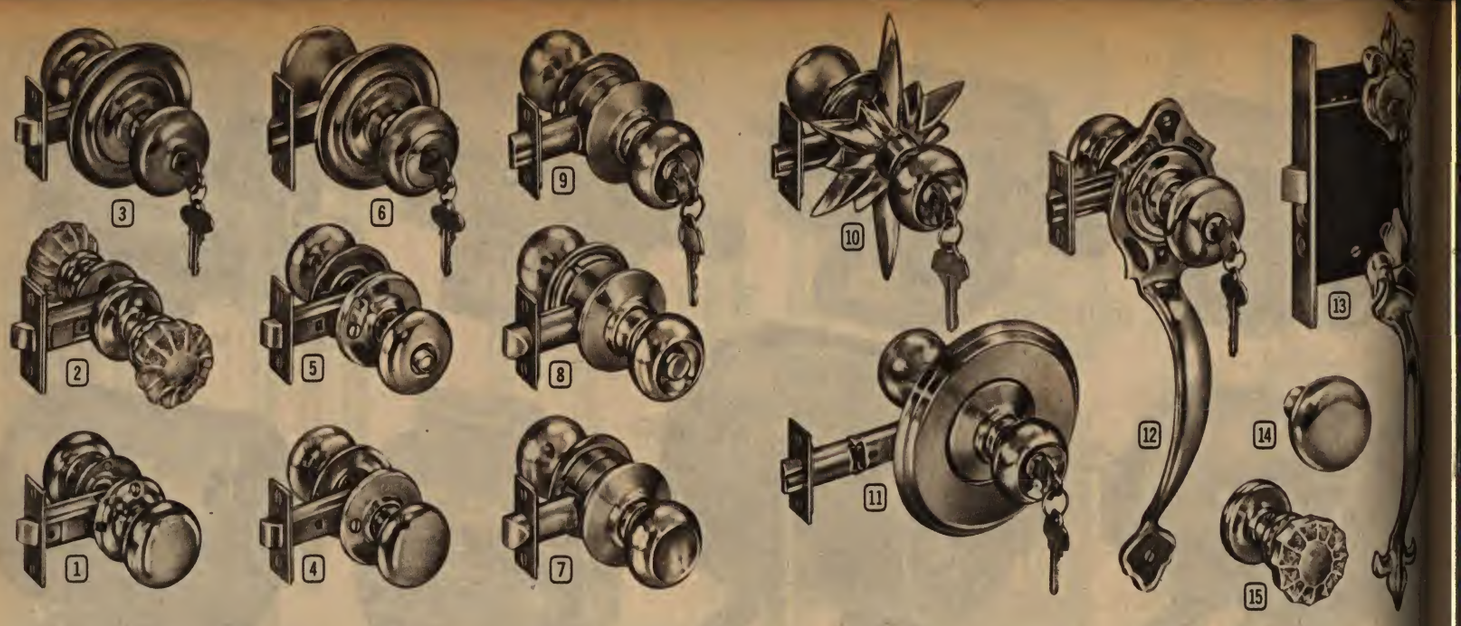
WARDS POWERLITE ELECTRIC PLANTS

12 Wards offer a complete line of AC and DC generating plants from portable 500-watt size to giant stationary 35,000-watt size. There's a Powerlite plant for every need.

Powerlite plants are built by manufacturer who has worldwide reputation for precision generating equipment. Engineered for dependable power when, where needed.

Powerlite plants can be used where there is no electricity, such as cottages, farms, ranches, tourist camps, mines, oil fields, etc., or for emergency standby use in hospitals, radio stations, garages, hatcheries, greenhouses, locker plants, theatres, stores, and other places where power failures would be costly. Portable plants are ideal for construction jobs, logging camps, mobile PA systems and other places where power is needed but not already available.

Find out how electrification with Wards Powerlite plants can save you money and bring you conveniences of electricity. Write today; Wards will send without cost or obligation Powerlite literature and Price List. Write Montgomery Ward in care of your nearest Mail Order House for your copy.



Easy-to-Install Thru-Bolt, Cylindrical Lock Sets

GOOD QUALITY LOCK SETS 1.35 TO 5.95

1 TO 3 Low priced Tubular Locksets, sturdily built, easy to install. All sets have polished brass finish trim. Sets include template, strike plate, screws; fit right- or left-hand doors 1¼ to 1¾ in. thick.

INSIDE, BEDROOM AND BATHROOM SETS. Available with polished brass plated steel knobs and trim, or with fluted glass knobs with solid brass trim. 2-in. diam. knobs. Bedroom and Bathroom sets have push button lock on inside, emergency release on outside. Bathroom sets have chrome plated (84 C 1242) or nickel plated (84 C 1238) inside trim. Ship. wt. ea. 1 lb. 8 oz.

FRONT OR REAR DOOR SETS. Available with regular 2⅜16-in. backplate or large decorative 3¾-in. backplate as shown in (3) above. Both sets have 2⅛-in. solid brass knobs, polished solid brass trim, concealed screws. With 5-pin tumbler locks in outside knobs, turn button on inside knobs. 2 keys. Ship. wt. 1 lb. 5 oz. ea.

KEYED-ALIKE FRONT AND REAR DOOR SETS. Choose regular 2⅜16 or large 3¾-in. backplate as shown on (3). Two lock sets use same key; 4 keys incl. Ship. wt. 3 lbs.

BETTER QUALITY THRU-BOLT LOCK SETS 1.98 TO 8.95

4 TO 6 Thru-bolt construction makes more rigid installation than Tubular Lock Sets—machine screws hold lock set securely to door. Floating hubs in latches eliminate binding. All exposed parts are rustproof solid brass or bronze, with clear plastic coating to prevent tarnishing. Your choice of three beautiful finishes: Polished Brass, Satin Brass or smart new Brushed Bronze. All sets fit right- or left-hand doors 1¼ to 1¾ in. thick. Latch case size 3x1 in. With instructions, template, strike plate and screws.

INSIDE, BEDROOM AND BATHROOM DOOR SETS. All have 2-in. diam. knobs, 2¼-in. backplates. Bedroom and Bathroom sets have in-the-knob push button locking device; emergency release from outside. Bathroom sets have chrome plated inside trim. Smooth lines go equally well with period or modern decorating. Ship. wt. 1 lb. 8 oz.

FRONT OR REAR DOOR SETS. All sets have 2⅛-in. diam. knobs with 5-pin tumbler keyway lock in outside knob; turn button on inside knob, plus separate auxiliary deadlocking feature. Rear Door sets have chrome plated inside trim, regular 2⅜16-in. diam. backplates. Front Door Sets in choice of regular 2⅜16-in. backplates or large 3¾-in. or 5½-in. decorative backplates. Sets include two keys. Ship. wt. 1 lb. 8 oz.

KEYED-ALIKE FRONT AND REAR DOOR SETS in choice of regular 2⅜16-in. backplate or large 3¾-in. decorative backplate. Include 2 lock sets, one for front, one for rear. Same key fits both locks. Both have 5-pin tumbler keyways. 4 keys included. Ship. wt. 3 lbs.

Easy-to-Install Garage, Barn and Residential Sliding

SIX STYLES OF MODERN, WORKSAVING, GARAGE DOOR HARDWARE SETS 8.25 TO 79.50

1 2 "SWING-UP" SPRING-TYPE SETS. Easy to install overhead door sets—require just a few tools—complete instructions included. Fully automatic—a pull of the handle and door glides up smoothly and silently. Two strong oil-tempered, heat-treated steel springs, one mounted on each side of the door, do all the heavy lifting for you. Springs have both fine and coarse adjustments to balance your door's exact weight. Door swings overhead on ball bearing rollers and full-length track. Completely inside of garage, out of the weather. Can't be blocked by snow or ice. Remains securely overhead until you are ready to lower it. A light pull is all that is needed.

Sets are for use on new or old doors. Include all necessary hardware for converting old hinge-type swinging doors into one rigid swing-up door. Allow use of every inch of space for bigger modern cars; garage need not be longer than your car. Door swings outward and upward; will clear all makes of cars with the bumper resting against the door. Sets 84C8755R and 84C8760R need only 2-in. overhead clearance; others need 2¼ in.

All hardware except zinc plated outside handle has black japanned finish and is inside of garage, protected from weather. All sets include metal weatherstrip for weathertight seal, steel bumper to stop door. With cylinder locking bolt, 2 keys (door not included). Choice of 8 or 9-ft. width for single garages; up to 16-ft. width for double garages. Shipped promptly by Freight or Truck. 10% Dn.

Catalog Number	Fits Openings Up to Height	Width	Doors Up to	Ship. Wt.	Price Set
(1)84C8755R	6½ to 7 ft.	8 ft.	100 lbs.	50 lbs.	$19.95
(1)84C8756R	6½ to 7 ft.	8 ft.	150 lbs.	75 lbs.	23.95
(1)84C8760R	6½ to 7 ft.	9 ft.	150 lbs.	78 lbs.	24.95
(2)84C8765R	6½ to 7 ft.	9–16 ft.	325 lbs.	142 lbs.	49.50
(2)84C8763R	7 to 8 ft.	9–16 ft.	375 lbs.	151 lbs.	49.50
(2)84C8766R	8 to 10½ ft.	9–16 ft.	375 lbs.	182 lbs.	79.50

3 "SWING-UP" BOX TYPE SET. For new doors or to convert your old doors into 1-piece "swing-up" overhead door. Doors swing up smoothly, quietly on roller bearing hangers in enclosed square box track. Weight of doors counterbalanced by weight box. All hardware inside, protected from weather.

Includes weight box, hangers, track, bolts, screws, instructions. Spring bolt latch with releases for each side of door. Hasp outside for padlock (padlock not included). 6½-in. overhead clearance needed. Fits door openings up to 8 ft. high by 8 ft. wide. Takes doors weighing up to 250 lbs. (doors not included). Shipped promptly by Freight or Truck.
84 C 8743 R—Ship. wt. 73 lbs.....Set $17.95

4 OVERHEAD "JAMB TYPE" SETS. Use with new or old doors. Mounts on jambs. No track, pulleys, weights or cables needed. Strong oil-tempered, heat-treated steel springs swing door up smoothly, quietly against top of opening—extends about 39 in. past opening. Adjusts easily for weight of door. Pivots on roller bearings sealed in dirt-tight unit. Black japanned rust-resistant fin.

Doors swing outward and upward, leave floor area free. Hardware completely assembled, sliding bolt lock and instructions (doors not incl.). Needs 8-in. overhead clearance. Shipped by Freight or Truck. 10% Down.
84 C 8771R—Fits openings 6 ft. 6 in. to 7 ft. 4 in. high and from 7 ft. 6 in. to 10 ft. wide. For doors from 75 to 175 lbs. Wt. 55 lbs..Set $19.95
84 C 8773 R—Fits openings 6 ft. 6 in. to 7 ft. 4 in. high; 10 ft. 1 in. to 16 ft. wide. For doors from 175 to 350 lbs. Ship. wt. 76 lbs.Set $24.95

5 ROLL-UP TYPE SET. For 4-section doors that roll up. Doors need less space to open, close; ideal for small garages. Gives silent, trouble-free operation. All hardware except handle is inside, protected from weather.

Incl.: track; 8 hinges; ball bearing rollers; 2 springs for lifting; cylinder lock, 2 keys; instructions. For doors weighing up to 115 lbs., and up to 8 ft. wide, 7 ft. high. 12½-in. overhead clearance needed (door not included). Shipped by Freight or Truck. Ship. wt. 75 lbs.
84 C 8750 R—Only $4.00 Down...Cash $35.95

6 AROUND-THE-CORNER SET. Doors slide around the corner inside garage to either right or left wall. Entrance door can be on right or left-hand side. Can also be set with one door hinged to jamb for entrance door and others sliding past on track. Inexpensive and easy to install. Set includes all necessary hardware and instructions. For three doors up to total width of 8 feet, 8 ft. high and total weight of 450 lbs. (door not included). Black enamel finish. Shipped promptly by Freight or Truck.
84 C 8715 R—Ship. wt. 32 lbs.....$11.75

7 3-DOOR FOLDING-SLIDING SET. Two doors fold and slide back; third door hinges to jamb. Doors can be arranged to slide inside or outside garage. Set includes all necessary hardware and instructions. For 3 doors up to 2 in. thick, total width 8 ft., height 8 ft., total weight 400 lbs. (doors not included). Black enamel finish. *Mailable.*
84 C 8716 YO—Ship. wt. 12 lbs.....$8.25

84 C 8729—Wt., ea. 6 oz.....2 for 25c

STEEL JACK POSTS FOR OLD OR NEW CONSTRUCTION 5.85 TO 9.75

44 TO 46 Jack Posts stop floor sag, cracking plaster, sticking doors. Use to provide needed support under refrigerators, freezers, other heavy household furnishings. 1½-in. diam. threaded lift screws. Rust resistant. Base and top plates have holes for fastening. Approved by Wards Lab. for weights specified. To determine your needs, multiply sq. ft. area of house by 100 lbs.* Divide this figure by capacity of jack. This gives number of jacks needed. Thus, a 20x40-ft. one-floor house would total 80,000 lbs. and would require 3 jacks (44) or 4 jacks (45). *Weight is "Live Load"; includes safety factor of 2.5.

(44) HEAVY DUTY PERMANENT JACK. 32,000 lbs. capacity. One piece 2¾-in. diam. steel column has 3-in. markings for cutting guide. Post must be cut in guide marks to fit the height of ceiling. Screw adjusts 6 in. from any height from 9 in. to 8 ft., 10 in. Has Acme threads. 5x6-in. base, top plates. Ball bearing in top plate; turning bar. Instructions.
84 C 5505 R—*Not Mailable*. Ship. wt. 36 lbs. Each $9.75; Lots of 3 or more.....Each $9.25

(45) ADJUSTABLE COLUMN JACKS. For temporary or permanent use. Welded double tube construction. Outer tube, 2¾-in. diam. 2 supporting pins adjust for different heights. Embossed 5x6-in. top and base plates. Screw adjusts 6 in. Turning bar. *Mailable up to 40 lbs.*

4 FT. 10 IN. TO 8 FT. 10 IN. ADJUSTMENT RANGE. Capacity 20,000 lbs. Has Acme square cut threads for easier turning. Ball bearing in top plate.
84 C 5506 MO—Ship. wt. 37 lbs...Each $9.75; 84 C 5506 R—Lots of 3 or more...Each $9.25

4 FT. 8 IN. TO 8 FT. ADJUSTMENT RANGE. Capacity 19,000 lbs.; national fine threads.
84 C 5504 MO—Ship. wt. 32 lbs...Each $8.45; 84 C 5504 R—Lots of 3 or more....Each $7.95

(46) SHORT ADJUSTABLE SUPPORT JACK. Supports 20,000 lbs. Use under porches, cramped quarters. 2 supporting pins. Adjusts 1 ft. 9 in. to 3 ft. 5x6-in. top, base plates. *Mailable*.
84 C 5510 M—Acme threads. With turning bar. Wt. 18 lbs...Ea. $5.85; 3 or more..Ea. $5.49

47 BELL BOTTOM JACK SCREWS. For raising buildings (see picture above). Drop forged turn screws. Acme threads; malleable iron swivel cap, cast semi-steel bottom. *Mailable*.
84 C 5500 MB—Use wrecking bar (not included) for turning. *State stand height, screw diameter*.

MODERN RESIDENTIAL SLIDING DOOR HARDWARE SETS . . . 3.75 TO 8.75

TOP QUALITY CLOSET AND CABINET DOOR HARDWARE for residential interiors. Modernize your home with sliding cabinet and closet doors. You gain an extra 7 square feet of usable floor space in your home with the installation of each sliding door. Use the space normally taken up by swinging hinged doors for extra chairs and furnishings. Sliding doors eliminate the nuisance of doors standing ajar. For any door—panel type; flush type plywood, glazed, mirrored, etc. Outstanding quality features of these sets assure smooth, quiet operation. Each set includes all necessary track, hangers and brackets, floor guides, screws, easy-to-follow instructions for installation. All parts of sliding door sets except track have rust-resistant zinc finish.

52 TWO-DOOR CLOSET SET. For 2 sliding doors 1⅛ to 1⅜ in. thick up to 3 ft. wide that mount in up to 6-ft. door opening and by-pass each other. With one 68-in. steel track that can be cut for opening less than 6 ft. Track has adjusting springs for up and down adjustment of doors without removing the trim; painted aluminum finish. 1⅜-in. hard rubber wheels require no lubrication, give smooth, quiet operation. *Mail*.
84 C 8797 MO—Ship. wt. 12 lbs.....Set $8.75

53 SINGLE INTERIOR DOOR SET. For sliding interior door up to 1⅜ in. thick and up to 3 ft. wide that mounts in pocket inside wall. 70-inch track of aluminum painted steel can easily be cut to fit smaller opening. Equipped with special adjustable track bracket for up and down adjustment of doors without removing trim. 1⅜-in. hard rubber wheels require no lubrication, reduce friction to a minimum for smooth, dependable operation. *Mailable*.
84 C 8793 MO—Wt. 5 lbs. 8 oz...Set $5.95

54 SINGLE PLYWOOD CLOSET DOOR SET. Use for sliding interior door ¾ to ⅞ inches thick and up to 3 ft. wide, which mounts on wall surface inside closet. Installed easily and quickly. 70-inch steel track is aluminum painted. Track bracket allows for up and down adjustment of doors without having to remove trim. 1⅜-in. hard rubber wheels need no oiling, operate quietly.
84 C 8792 MO—Ship. wt. 5 lbs. 8 oz. *Mailable*.....$5.75

55 TWO- AND THREE-DOOR HARDWARE SETS FOR SLIDING CABINET OR CLOSET DOORS. Track mounts in door opening, doors by-pass each other. All sets use same track, hangers, and floor guide for both ¾-in. and 1⅜-in. doors. Available for either 2- or 3-door openings. Vertical adjustments to ⅜ in. made with positive, lock-in-place feature—no need to loosen door screws. Nylon rollers. Aluminum finished steel track—floor guide adjustable for perfect fit. No need to groove door bottom. Doors lift on and off without removing hangers. Low headroom: only 1⅜ in. required between top of door and header. *Mailable*.

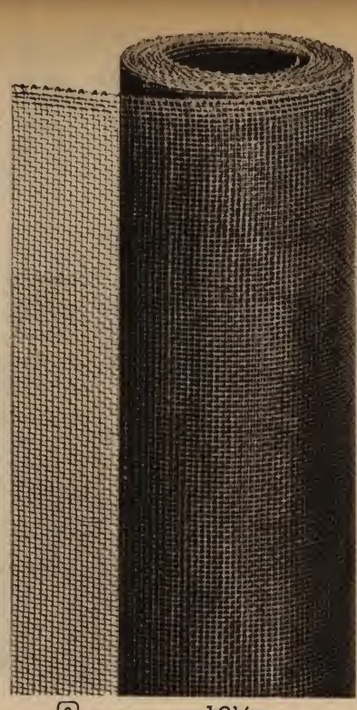
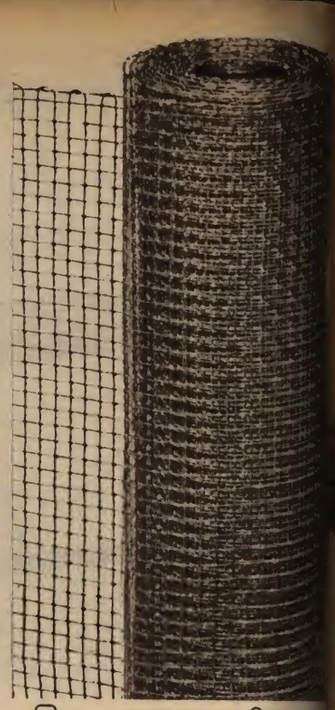
2 Aluminum Low as 10¾c sq. ft.



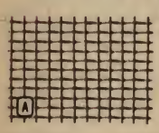
3 Bronze Low as 16¼c sq. ft.



4 Hardware Cloth Low as 9c sq. ft.

Galvanized, Aluminum, Bronze Screen; Hardware Cloth

LOW PRICED GALVANIZED



1 Resists rust — has many coatings of electro-plated galvanizing. Plated after weaving so none of protective galvanizing is rubbed off by abrasive action of looms. Lacquer applied after galvanizing adds further rust-resistant qualities. Gray finish. .011-ga. wire drawn to U.S. Dept. of Commerce Specs. 138-55 and Gov't. Specs. RRS 141A. 18x14 mesh, see actual size (A). for extremely damp climates use aluminum or bronze screen. *Mailable. State length and width.*

RUSTPROOF ALUMINUM

2 Non-rusting, non-staining solid "Alcoa" aluminum wire. Lasts longer than galvanized steel wire described at left—saves time and cost of periodic painting. Durable and lightweight; processed for strength and resistance to corrosion. More resistant to rain, salt air, smoke and extreme temperature changes than galvanized wire. Woven to U.S. Department of Commerce Specifications 138-55; and Government Specifications RRS-141A. 18x14 mesh, see actual size in view (A) at left. Use aluminum screen staples or tacks listed on Page 814 for fastening wire to frames. *Mailable State length and width wanted.*

SOLID RUSTPROOF BRONZE

3 Outwears galvanized or aluminum screen wire. Rustproof bronze all the way through. Extremely resistant to rain, snow, heat, cold, salt air, smoke, or acid fumes. Will last indefinitely with ordinary care. For permanent installation on windows, porches, breezeways, etc. Woven of extra-hard .011-gauge bronze wire drawn to U.S. Dept. of Commerce Specifications 138-55; also Gov. Specifications RRS-141A. Fine 18x14 mesh keeps smallest insects out. See actual size in (A) at left. Has transparent lacquer coating to protect finish. Use varnish periodically to keep finish bright and to prevent staining. *Mailable. State width and length.*

GALVANIZED HARDWARE CLOTH

4 First quality, full-gauge, heavy hardware cloth, galvanized in molten zinc after weaving for improved wear and resistance to corrosion, greater rigidity. Has dozens of uses: to keep rodents out of feed, etc. see (B) at right; to shield machines, ventilators, protect plants and young trees, see (C); for chicken run floors, sifting frames, etc., see (D). Double selvage edge. ¼-in. mesh has 23-gauge wire; ½-in. has 19-gauge; ⅝- and ¾-in. have 17-gauge. *State Catalog Number, mesh, length and width.* Ship. wts. given for 100-ft. roll. *Mailable* up to 70 lbs.

Powr-Kraft Wood and Metal-Turning Lathes, 10% Down

POWR-KRAFT WOOD TURNING LATHES 23.95 AND 59.95

1 SANDING ATTACHMENT. Fits (3) only. 6-in. diam. sanding disc, tilting table with miter gauge. Ship. wt. 4¼ lbs.
84 C 2066.....$4.49

2 DRILL CHUCK ATTACHMENT. Fits (3) only. Attaches to headstock. With ½-in. chuck.
84C2071-Wt.1¼lbs.$1.98

3 HOBBYISTS' LATHE. Gap-bed model with grinding wheel. 27 in. between centers. 10-in. swing over 4 in. of bed, 8-in. swing over 23 in. Cast-iron construction. ½-in. diam. unthreaded spindle. Drive pulley rides between bronze bearings with ball thrust bearing. 4-step machine pulley—speeds from 775 to 3800 RPM. With ½x4-in. grinding wheel, tool rest and guard. Bed length 37½ in. *Mailable.*
84 C 2002 MB—Wt. 29 lbs. $2.50 Dn., Cash $23.95

LATHE (3) WITH MOTOR. ⅓ HP, 110–120 V., 60 cycle AC, 4-step pulley, 46 in. "V" belt.
84 C 2000 YB—Wt. 56 lbs. $4.50 Dn., Cash $44.95

4 LATHE BED EXTENSION. Fits lathe (3) only. Increases between centers capacity to 38 in. Cast iron, milled joint construction.
84 C 2011—Ship. wt. 5 lbs.....$3.29

5 HEAVY-DUTY LATHE. Production type. 31 in. between centers. 10-in. swing over entire length of bed. Cast-iron construction. ¾-in. 16-thread hollow spindle rides on ball and bronze bearings. Drives from below or behind. 4-step machine pulley—speeds from 780 to 3800 RPM. Flat and "V" type ways. Self-ejecting tailstock center. No. 1 Morse taper spur, cup center. Adjustable tool rest, built-in toggle switch. With ½x52-in. "V" belt. Bed length overall: 42½ inches. *Not Mailable.*
84 C 2004 R—Wt. 71 lbs. $6 Down...Cash $59.95

LATHE (5) WITH MOTOR, ⅓ HP, 110–120 V. 60-cycle AC motor, 4-step "V" motor pulley.
84 C 2014 R—Wt. 99 lbs. $8 Down....Cash $78.95

POWR-KRAFT METAL TURNING LATHES 329.50 AND 357.50

6 Sturdy, dependable—accurate to .001 in. Designed to operate at high speed with sustained accuracy. Headstock has pre-loaded, grease sealed New Departure ball bearings and bronze bearings at eighteen other points.

CAPACITY: Swing over bed 10 in.; over saddle cross slide 6⅛ in. Alloy cast bed 6 15/16 in. wide with 2 flat, 2 "V" ways. Machine-cut semi-steel gears. Gears for 46-thread selections—4 to 216 right or left-hand threads.

HEADSTOCK: Precision-ground steel spindle rides on New Departure ball bearings. Spindle nose diameter 1½ in.... 8 right-hand threads per inch. No. 3 Morse taper spindle with adapter to No. 2 Morse Taper. Maximum collet capacty ½ inch.

TAILSTOCK, CARRIAGE AND COMPOUND REST: Tailstock spindle travels 2⅜ in., graduated in 16ths, takes No. 2 Morse Taper accessories. 1 1/16-in. offset for taper turning. Carriage has power cross feed, longitudinal feed. Cross slide graduated in 1000ths, travels 6¼ in. Cross feed screw mounted in bronze bearings. Compound rest top slide graduated in 1000ths . . . travels 2¼ in., swivels 90° in both directions, locks at any angle. Carriage has 9-in. bearing surface. Takes tool holder shank ⅜x¾ in.

DRIVE: 3-step cone pulley with flat belt drive to lathe. 2-step "V" belt from "V" motor pulley to counter shaft pulley. Twelve speeds . . . from 30 to 1450 RPM.

LATHES INCLUDE: 17 change gears (6 installed); 6-in. face plate; two 60° centers; tool post holder; thread cutting dial; flat belt; motor pulley (State ½, ⅝ or ¾-in. diam. bore); wrenches, parts list, instructions. Gray finish. *Not Mailable.* 10% Down.

84 C 2680—Use with sanding discs. Wt. 4 oz.45c

Shopsmith Mark 5...The First Modern Power Workshop

COMBINES FIVE BASIC WOODWORKING TOOLS INTO ONE COMPACT UNIT 289.50 Complete

1 Revolutionary Shopsmith Mark 5—finest, most modern and complete workshop unit ever built. Combines bench saw, disc sander, lathe, vertical drill press and horizontal drill into one compact unit with no duplication of major parts—see pictures above, individual descriptions in right-hand column. Shopsmith principle utilizes only one spindle, one table, one motor and one frame to give you greater capacity at lower cost. Infinitely variable speeds (from 700 to 5200 RPM) with exclusive Speed Dial control lets you dial correct spindle speed for sawing, routing, shaping, sanding, etc.—no guess work or time-consuming change of belts or pulleys.

Has sealed, oiled-for-life ball bearings throughout. Induction hardened spindle machined to tolerance of .0002 in. fit; maximum runout of .001 in., has 4¼-in. quill feed. Built-in ¾-HP capacitor motor gives ample power for any operation.

FREE 20-PAGE CATALOG

For more complete description of Shopsmith Mark 5, attachments and accessories, send for your free, illustrated copy of the Shopsmith 20-page Catalog. Write your nearest Ward Mail Order House today.

Aluminum-alloy table 14x18⅜ in.—integral milled fence bar for perfect alignment. One-knob control squares and locks front and rear of fence—depth-of-cut scale on both sides. Quick release lever adjusts table. Rugged frame with precision machined, satin chrome plated upper steel tubes. Takes only 19x71 in. floor space—makes any room a workshop. Makes an efficient all-purpose power tool for farm, home, repair or shops. Belts, pulleys, motor completely enclosed. Safety switch. *Guaranteed—see opposite page. Shopsmith is delivered complete—no motor to attach, no bench to build: just attach bench ends and it's ready to plug in a few minutes after delivery.

Exclusive Shopsmith Power Mount feature is the new "6th tool" that makes Shopsmith an even more complete power workshop: it permits quick, easy adaptation of Magna Jig Saw (36), Jointer (37), Belt Sander (38) or Sprayer (39) listed on opposite page. Store these compact Magna tools on the wall when not in use. Power Mount Coupling (32), below, is required to operate Magna Jointer, Jig Saw and Belt Sander. Power Mount also makes it possible for Shopsmith to be used for dual operations in such useful combinations as: saw-jointer, jig saw-disc sander, etc. You get all the advantages of infinitely variable speeds provided by speed-dial control.

Shopsmith does the work of these 5 tools:
(1) 9-In. Circular Saw. Cuts to depth of 2½ in.; to 2⅜ in. at 45°. 48 in. between blade and rip fence. Table tilts 0° to 45°.

(A) 12-In. Disc Sander. Does plain, compound, beveled ing. 113 sq. in. sanding area. Hairline depth control.

(B) 34-In. Lathe. 16½-in. swing over ways. Maximu tance between centers 34 in. Cup center eccentric permits controlled offset for turning tapers.

(C) Horizontal Drill. Tops capacity of any drill stock length limited only by room size. Adjustable ta

(D) 16½-In. Drill Press. Drills to center of 16½-in. c in. between chuck and floor as floor drill press. 4¼-i

Shopsmith includes: bench ends and tubes; e table; dual-locking rip fence; 9-in. all-purpose saw with 1¼ in. arbor; 12-in. sanding disc and sheet; miter gauge; drive and cup centers, tool rest; ½-in geared chuck; Allen wrench; instructions. With bu HP ball bearing, capacitor motor—110–120 V 60 cy Shipped promptly from Factories in Ft. Wayne, Ind. Oakland, Calif., or from Stock in St. Paul, Kansas Cit ver or Ft. Worth. Magna Power Tools with Twin Tube Mounting

ATTACH TO YOUR SHOPSMITH OR USE AS INTERCHANGEABLE SINGLE PURPOSE TOOLS

36 TO 39 Magna Power Tool Corporation, makers of famous Shopsmith, now give you complete flexibility in planning or adding to your workshop—helps you solve any of today's limited storage or work-space problems. These Magna finest quality power tools utilize exclusive twin tube mounting principle found on Shopsmith. All four Magna tools shown above may be used 2 ways: (1) as attachments to power mount of your Shopsmith for even greater versatility, see view at right; or (2) as single purpose belt-driven tools, see views (46) and (47) below at right. As single purpose belt-driven tools, you need one stand, one mounting base and one motor to operate your first tool. Additional tools can be added as needed, and interchanged quickly and easily. Saves you the cost of purchasing duplicate stand, mounting base and motor for each tool—eliminates need for costly additional floor space. Single-Stand (46) mounts any one of the tools shown above. Double-Stand (47) permits mounting of any two tools at the same time. If you are buying your first Magna tool, order combination unit (listed below each tool) which includes power tool, base, machine pulley and belt. Order Motor, (41), and Stand separately. To mount two tools at the same time, order Double-Stand Outfit 84 CP 3399 YO, listed below (47), which includes stand, motor and two motor pulleys. When ordering second Magna tool, you need only base, belt and machine pulley—for third or subsequent tools, only belt and machine pulley are needed. Available on Terms—see Inside Back Cover.

FOR SHOPSMITH OPERATION—Jig Saw, Belt Sander (shown), Jointer or Sprayer attach easily to Shopsmith.

MAGNA 18-IN. JIG SAW 49.95

36 HEAVY-DUTY BALL BEARING MODEL. *Guaranteed one year (see below). Cuts to center of 36-in. panel; depth of cut 2 in. 11x11-in. table tilts to 45°. Special high-speed drive mechanism runs in continuous oil bath . . . operates smoothly at speeds impossible with conventional jigsaws. Built-in blower clears sawdust from workpiece. Universal chucks rotate 90° to provide clearance for long workpieces. Tubular arm can easily be pivoted to position below table surface for use of jigsaw as a saber saw or filing machine. Has adjustable blade guide, hold-down, blade tensioning device. With 5-in. plain-end blade. Can be used on Shopsmith with Power-Mount Coupling (32) on opposite page. As a single-purpose unit, use mounting base (40), stand (46) or (47) and Motor (41). Pulley, belt listed below. *Mailed Postpaid.*

84 CP 3429 M—$5 Dn. Cash . . $49.95

3-STEP JIG SAW PULLEY. *Postpaid.*
84 CP 3384—2, 3,4-in. diameter. $1.65

RUBBER "V" BELT. ½ in. x 53 in. long.
84 CP 3387—*Postpaid*. $1.55

COMBINATION JIG SAW WITH BASE, 3-STEP PULLEY AND 53-IN. "V" BELT. *Mailed Postpaid.*
84 CP 3396 YB—$6 Down. Cash $57.10

MAGNA 4-IN. JOINTER 49.95

37 BALL BEARING MODEL. *Guaranteed one year (see below). Heavy cast-iron construction reduces vibration and assures smooth operation. Width of cut, 4 in. Maximum depth of cut, 3/8 in. Cutter head 2¼-in. diameter—runs on two lubricated-for-life ball bearings. Three high-speed knives are individually adjustable. Extra-long 28-in. table provides ample support for long workpieces. Width of rabbeting ledge 2⅛ in. Rigid, one-piece cast-iron fence, 3x21¾ in., adjusts to 45° either way with automatic stops, locks with single knob. Safety guard mounts front or rear of fence. Can be used on Shopsmith with Power-Mount Coupling (32) on opposite page. As a single-purpose unit, use mounting base (40), stand (46) or (47) and Motor (41). Pulley and belt listed below. *Mailed Postpaid.*

"Do-it-Yourself" With Powr-Kraft Saws and Sanders

POWR-KRAFT 8-IN. BENCH SAWS . . . FOR YEARS THE FAVORITES OF PROFESSIONAL MEN AND SKILLED HOBBYISTS

There's a wealth of pleasure awaiting you in the hobby of woodworking. You'll get a genuine feeling of achievement, save money too, doing your own home repairs, making furniture, etc. Most useful of all tools is the circular saw. It performs 75% of all cabinet making operations. Its main use is to rip and crosscut lumber but it also can bevel, chamfer, taper, rabbet, miter, groove, shape, dado, sand, make miter and other joints. Tilting arbor construction of saws (1) (3) (5) makes work easier, more accurate—table remains level. Blade and arbor tilt to 45°. Grease-sealed ball bearings. 8-in. combination blade. Gray wrinkle finish. Available with or without ½-HP 1725 RPM, 110–120 v., 60 cycle AC ball bearing capacitor motor 83 C 4541MB (Pg. 809).

8-IN. HOBBYISTS' SAW 42.50

1 One of our best bench saw values. Ball bearing, tilting arbor type. Two hand-wheel controls; one raises, lowers; other tilts blade. With motor bracket, 2-in. mach. "V" pulley, guard, splitter. 18x24½x13½ in. Specifications below. Wt. 55 lbs. $4.50 Dn.
84 C 3315MO—Saw only. *Mail.* Cash $42.50

2 TABLE EXTENSIONS. For (1). 6x17¾ in.
84 C 3316 MB—Wt. 22 lbs. *Mail.* Pr. $11.95

SAW WITH EXTENSIONS, ½-HP Motor, 40-in. belt, 4-in. motor pulley. Wt. 107 lbs.
84C3317R—*Not Mail.* $8.50 Dn., Cash $81.95

8-IN. MEDIUM-DUTY PRODUCTION SAW 49.95

3 Designed especially for hobbyists, production work. ⅝-in. diam. arbor, larger bearing surfaces. New Departure grease-sealed ball bearings. One handwheel raises, lowers, tilts blade and arbor. 13x24¾x15½ in. Spec. below. 8-in. rip-crosscut-miter blade, 4-in. motor pulley (for ½ or ⅝-in. shaft), 1¾-in. machine pulley, 37-in. "V" belt, motor bracket, guard.
84 C 3480 MO—Wt. 56 lbs. *Mail.* $5 Dn. . . . Cash $49.95

4 TABLE EXTENSIONS. For (3). Semi-steel. 6½x17 in.
84 C 3307 M—Wt. 15 lbs. *Mailable*. . . . . Pair $11.95

SAW (3) WITH EXTENSIONS AND ½-HP MOTOR.

13 8-TOOTH SAFETY SAW BLADE. Chrome alloy steel, combination rip-crosscut blade. 8 teeth project above non-cutting edge of blades. This reduces major cause of accidents, teeth can't grab wood and throw it back at operator. Blade uses less power, gives longer motor life. Cuts chips not sawdust, easier to clean, reduces fire hazard. Gives smooth plane-like cut. Longer life between sharpenings. Quieter, more efficient operation. Order below.

14 HOLLOW GROUND COMBINATION SAW BLADES. Wards Master (Best) Qual. Chrome nickel steel. Hollow (taper) ground design; tapered from edge to center. Gives clearance at sides. No need to reset blade. Will crosscut, miter or rip.

15 16 FLAT GROUND SAW BLADES. Wards Master (Best) Quality Chrome nickel steel, tempered and hardened. Precision filed, set by hand. Won't bind. Combination blade looks like (14).

POWR-KRAFT DRILL PRESSES 49.95 TO 99.50

Precision-built for years of dependable service, accurate to .005 in. All models adaptable to drilling, mortising, routing, planing, holecutting, drum sanding, etc. 15-in. models also adaptable for wood shaping. Spindle construction is the key to drill press quality. Heavy-duty production model (1) has 6 splined spindle; (2) has involute 9-splined spindle. Both have 33 Jacobs taper end with ½-in. capacity Jacobs geared chuck. Cast-iron head adjusts up and down. Motor mounts adjust vertically, horizontally. Tables swing out of way. Guard allows quick belt change. (1) has adjustable depth gauge, stop screw for duplicate drilling. (2) has gauge showing depth at any spindle position. *Not Mailable.*

POWR-KRAFT 15-INCH PRODUCTION MODELS

1 For heavy-duty use by manufacturers, machinists, etc. Full ball bearing spindle construction for steady production work. Spiral coil quill return spring. 2¾-in. column diameter. 4-step machine pulley. 10x10-in. table tilts to 45°. Drills to center of 15-in. circle. Spindle travels 4 in. Speed range 673, 1280, 2330 and 4410 RPM. Pay as little as 10% Down on Credit Terms.

15-IN. BENCH MODEL DRILL PRESS. Chuck to base 18½ in. Ht. 43½ in. Ship. wt. 110 lbs. $9.00 Down.
84 C 2533 R-Cash $89.95

15-IN. FLOOR MODEL DRILL PRESS. Chuck to base 48½ in. Height 72 in. Ship. wt. 126 lbs. $10.00 Down.
84 C 2534 R — Cash $99.50

DRILL PRESS WITH MOTOR.* (See below). Includes motor pulley and "V" belt. Ship. wt. 137 lbs. Pay $11.50 Down.
84C2539R—Cash $114.50

DRILL PRESS WITH MOTOR, PULLEY AND V-BELT.* See motor specifications below. Ship. wt. 153 lbs. $12.50 Down on Terms.
84 C 2540 R—Cash $123.95

*Note: Motors are ⅓ HP 1725 RPM ball bearing capacitor, 110–120 V. 60-cycle AC.

12½-IN. BENCH MODEL

2 Medium-duty press for hobbyists and mechanics. Bronze spindle bearing, ball thrust bearing. Drills to center of 12½-in. circle. Spindle travels 3¼ in., 8x8-in. table. Speed range 795, 1310, 2275 and 3750 RPM. 33 in. high. Ship. wt. 82 lbs. Pay $5.00 Down, balance monthly.

GRINDER HEAD WITH GUARDS. Less Wheels, Motor Pulley Belt.

84 C 5150 M—Ship. wt. 9 lbs. . . $4.95

(35) 6-IN. BENCH GRINDERS. For heavy duty garage and production work. With two 6x1¼-in. grinding wheels (one 60 grit, one 36 grit). Shaft ¾x1 11/14 in., turned for ⅝-in. arbor wheels. Base 4¾x6¾ in. 2-in. diam. pulley takes round or "V" belt.

COMPLETE OUTFIT WITH MOTOR.

84C5155YB-Ship. wt. 43 lbs. $25.95

GRINDER LESS MOTOR, PULLEY, BELT.

84C5154MB-Ship. wt. 22 lbs. $12.75

GRINDER HEAD WITH GUARDS. Less Wheels, Motor, Pulley, Belt.

84 C 5153 M-Ship. wt. 14 lbs. $9.75

(36) 8-IN. BENCH GRINDERS. For heavy duty work in garages, production shops. With two 8x1¼-in. wheels (one 60 grit, one 36 grit). Shaft 1x16¾ in., turned for ¾-in. arbor wheels. Base 6x9½ in. Combination "V" or flat belt pulley 4 in. wide, 2⅝-in. diam.

COMPLETE OUTFIT WITH MOTOR.

84 C 5158 YO-Ship. wt. 65 lbs. $35.50

GRINDER LESS MOTOR, PULLEY, BELT.

84 C 5157 MO-Ship. wt. 44 lbs. $22.50

GRINDER HEAD WITH GUARDS. Less Wheels, Motor, Pulley, Belt.

84 C 5156 MB-Ship. wt. 32 lbs. $17.95

GENERAL PURPOSE GRINDING WHEELS 55c TO 9.25

37 GRINDING WHEELS. Precision made, uniformly hard, perfectly balanced. Dress finished on both sides and face. Highest quality, long wearing aluminum oxide abrasive—cuts cool, fast and free. Vitrified in scientifically controlled kilns. Use EXTRA FINE GRIT for sharpening cutlery—scissors, knives, etc.; FINE for sharpening keen edged tools—axes, knives, etc., finish grinding and polishing; MEDIUM FINE for sharpening wood-cutting tools, preparing surfaces for finishing; MEDIUM COARSE for general machine shop, fast removal of stock; COARSE for grinding rough iron castings, heavy removal of stock. Wheel sizes 4, 5, 6 and 7 in. have 1-in. center hole; sizes 8, 10, 12 and 14-in. wheels have 1½-in. center hole. Shipped promptly from Stock with required bushing. Wheels 8-in. diameter or larger will be leaded to meet exact shaft size, if specified. Leaded wheels *Mailed* Promptly from Chicago Factory, others from Stock with required bushings. See safety information and table of recommended operating speeds at right. *State wheel diameter, thickness and shaft size.*

48 MACHINISTS' GOGGLES. Protect eyes—for hazardous jobs. 50 mm. hardened lenses. Adjustable headband. Fitted shields. Meet Fed. Specifications.

84 C 2780—Ship. wt. 6 oz. . $2.19

49 ½-CARAT DIAMOND TIPPED WHEEL DRESSER. Gives longer service than regular steel type. Insulated plastic handle. ⅜-in. steel shank.

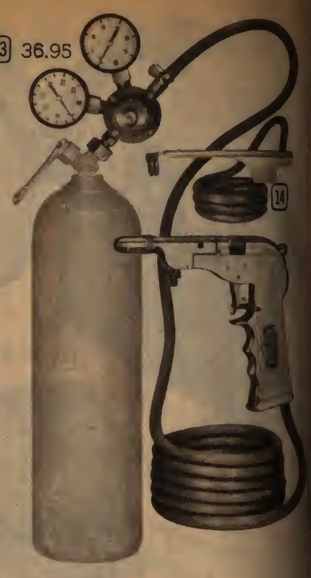
84 C 5237—Ship. wt. 8 oz. . $4.75

50 HEX WHEEL DRESSER. Trues, shapes, removes glaze. 2 sets of high carbon steel cutters, 6 position steel bearings.

84 C 5229—Ship. wt. 2 lbs. $1.25

EXTRA CUTTER FOR (50).

84 C 5231—Wt. 12 oz. . . 4 sets 39c



Oxy-Acetylene Welding Outfits...New Air-Gas Gun

WARDS MASTER (BEST) QUALITY GAS WELDING OUTFITS 79.95 AND 99.50

Designed for heavy-duty use. Torch, cutting attachment and regulators approved by UL and Wards Testing Laboratories, after severest tests. Every part individually tested for your protection. Precision ground, hand-fitted joints prevent leakage. All parts in contact with gas are non-ferrous metals to prevent rust and corrosion.

Welding outfit will weld metal up to 2 in. thick; welding and cutting outfit will also cut steel up to 10 in. thick. New LP gas (liquid petroleum—propane and butane) cutting tips are now available, see (7) at right. Wards exclusive patented features give extra safety protection.

WELDING TORCH. Balanced equal pressure type. Non-flash mixer handles all size tips—no extra mixing chamber needed for larger sizes. Mixing chamber outside of torch handle for maximum safety. Precision fit needle valves for fine adjustments. Torch can be turned off without disturbing setting at regulators. Torch is strongly made of drawn brass, is 14 to 19 in. long with tips; ribbed handle prevents slipping.

WELDING TIPS. Nozzle-type tips have 4 times flame range of ordinary fixed tips. Swivel type—allow right or left-hand operation; won't backfire. Sizes T-1, T-3, T-5, T-7, T-9; lengths 3½, 4, 5½, 7, 8½ in. Solid drawn copper.

CUTTING ATTACHMENT. Cuts steel up to 6 in. thick. Easy lever control of oxygen flow for faster cutting. Solid drawn brass, 10½ in. long. Solid drawn copper cutting tips—far superior to usual two-piece tips; (Cutting attachment in outfit 84 C 5815MB only.)

REGULATORS. Extra large — to give top efficiency. Full 6-sq. in. diaphragm — 2½-in. gauges. Full size "Three-Inch" regulator, same as used in industry. Patented "On-Off" feature, found only in Wards regulators, indicates proper on-off position of adjusting screw. Insures longer life for your welder—safer operation.

Regulators operate under gas pressure—do not depend on springs for shut-off. Special shearing mechanism prevents dangerous build-up of pressure on low pressure side. Double cone inlet screen keeps out foreign material. Gauges are clearly marked, easy-to-read. Forged brass 2¾-in. diam.

OXYGEN regulator has 100 and 3000-lb. gauges showing pressure and cubic-foot content of tank. Acetylene regulator has 50 to 500-lb. gauges. With adapter to fit standard acetylene cylinders. Arrange for cylinders locally. *Mailed* promptly from Stock.

1 WELDING AND CUTTING OUTFIT. Includes all items described above: welding torch, 3 welding tips, sizes T-3, T-5 and T-7, weld up to 2-in. metal; cutting attachment; 2 acetylene cutting tips, sizes C-1 and C-3, cut metal up to 6 in.; oxygen regulator; acetylene regulator with adapter; goggles; torch lighter; wrench; 2 instruction books; two 25-ft. lengths of quality welding hose. *Mailable*. Ship. wt. 25 lbs.
84 C 5815 MB—$10 Down.....Cash $99.50

OXYGEN AND ACETYLENE HOSE. 12½-ft. length, ¼-in. inside diameter. Swivel fittings.
84 C 5818—Green Oxygen. Wt. 2 lbs. 8 oz..$3.98
84 C 5819—Red Acetylene. Wt. 2 lbs. 8 oz. 3.98

WELDING OUTFIT ONLY. Same quality as (1) at left but includes welding torch; 5 welding tips, sizes T-1, T-3, T-5, T-7, T-9; oxygen regulator; acetylene regulator with adapter; goggles; torch lighter; wrench; 10 coppered steel rods; 8 cast-iron rods; 3 Tobin bronze brazing rods; two instruction books; ¾ lb. cast-iron flux; ¾ lb. brazing flux; two 12½-ft. lengths of welding hose. (Order Cutting attachment (6), above right, to convert into cutting outfit.) *Mailable*.
84 C 5810 MB—Ship. wt. 27 lbs. $8 Down..Cash $79.95

OXYGEN AND ACETYLENE REGULATORS ONLY. Same as in outfits described above. Wt. ea. 6½ lbs.
84 C 5813—Oxygen Regulator only.....$22.95
84 C 5814—Acetylene Regulator only..... 21.95

OXY-ACETYLENE WELDING ACCESSORIES AND RODS 55c TO 14.95

2 WELDING GOGGLES. No. 5 green and clear lenses.
84 C 5835—Adjustable. Ship. wt. 8 oz.....$1.98

3 WELDING TORCH. Described in (1). UL approved.
84 C 5812—Tips not incl. Wt. 2 lbs. 14 oz....$14.95

4 WELDING NOZZLE TIPS. For (3) only. Copper. Swivel type. T-1 is 3½ in. long; T-3, 4 in.; T-5, 5½ in.; T-7, 7 in.; T-9, 8½ in. Wt. each 10 oz.
84 C 5811—*State size wanted*.....Each $1.75

5 TORCH LIGHTER. 2 extra flints included.
84 C 5809—Shipping weight 3 oz.....55c

6 CUTTING ATTACHMENT. Same as in (1) at left.
84 C 5820—Without tips. Wt. 2½ lbs.....$14.95

7 CUTTING TIPS. Copper. Fit Ward torch (6) and outfit (1) only. No. 1 cuts to 1 in.; No. 2 to 2½ in., No. 3 to 6 in.; No. 4 (for acetylene only) to 10 in. *State No.*
84 C 5816—For Acetylene. Wt. ea. 8 oz.....Ea. $3.45
84 C 5821—For Propane. Wt. ea. 8 oz.....Ea. 3.45

8 CAST-IRON FLUX. 1-lb. can. Shipping wt. 1¼ lbs.
84 C 5836—Welding. 55c; 84 C 5837—Brazing. 55c

9 CAST-IRON RODS. For machinable welds. 24 in. long.
84 C 5855 H—*State diam.* Wt. 5½ lbs. 3/16 in.—About 18 rods. 5 lbs...$1.
¼ in.—About 12 rods. 5 lbs....1.

10 MILD STEEL RODS. Copper coated. 36 in. long. *State diameter.*

1/8	40	1.15	¼	10	1.

11 BRONZE BRAZING RODS. Melt at 1600°F. 36 in. long. Wt. 1½ lbs.
84 C 5857 H—*State diameter wanted*. 1/8 in.—About 6 rods...Per lb. $1.
3/16 in.—About 3 rods...Per lb. 1.

12 MACOLOY BRAZING ROD. Melt at 1180°F. 1/8x14 in. long. About 26 rods per Lb. Wt. 1¼ lbs.
84 C 5865—Per pound..... $1.

NEW TORCH-O-MATIC TRIGGER-ACTION GAS GUN OUTFIT 36.95

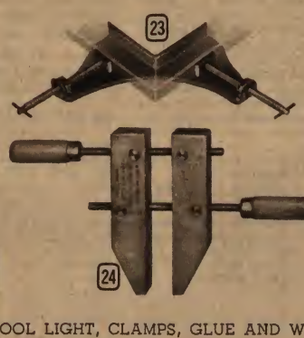
13 New, fully automatic time- and gas-saving air-acetylene gun outfit, designed for fast, easy, safer soldering, brazing, preheating, etc. Generates heat up to 3000° F. Takes type MC welding cylinder (obtain locally) or will operate from standard size tank—you regulate pressure to job requirements. One-hand operation—just pull trigger and gun ignites itself—release of trigger shuts off gas instantly . . . no delay or gas waste. Balanced, lightweight pistol-grip gun makes it easy to aim the flame just like a target pistol.

COMPLETE KIT. Includes gun, medium combustion tube, nozzle; regulator; 300-lb. and 30-lb. gauges, 8-ft. hose, flints.
84 C 5840—Wt. 5 lbs. $4 Down..Cash $36.95

GUN UNIT ONLY. Medium combustion tube.
84 C 5841—Nozzle included. Wt. 1 lb...$19.95

COMBUSTION TUBES AND NOZZLES. Small and large size for full range of jobs. *State size.*
84 C 5842—Ship. wt. 4 oz.....Each $1.

14 HALIDE LEAK DETECTOR. Locates gas leaks in refrigeration work. Wt. 8 oz.
84 C 5843—Use with small size tip.....$2.



WORK BENCH STAND 10.95

15 STEEL WORK BENCH FRAME. Rigid construction. Adjustable in height from 26 to 35 in. Length adjusts 25⅞ to 44⅞ in. to provide large working area. Full 26-in. width across top. Legs adjust for leveling on uneven floor. Legs have bolt holes for attaching to floor. You add your own wood top (not included)—build it yourself and save. Shipped from Stock. *Mail.*
84C2951MO—Ship. wt. 34 lbs. $10.95

SAW HORSES AND BRACKETS

16 ALL-STEEL SAW HORSE. Completely assembled, ready to use. Safe working load 450 lbs. Folds compactly for easy handling and storage. About 42 in. long, 23 in. high when unfolded. Ship. wt. each 12 lbs.
84 C 2974 M—Each $4.50.....2 for $8.50

17 SAW HORSE BRACKETS. Stamped steel. Use standard 2x4-in. lumber (not included). Cut lumber, insert. Easy to use. Two pairs make a pair of saw horses. Ship. wt. pair 3 lbs.
84 C 2970—Pair $1.59.....2 Pair for $2.98

POWR-KRAFT TOOL LIGHT, CLAMPS, GLUE AND WOODWORKING SUPPLIES 19c TO 4.95

19 POWR-KRAFT TOOL LIGHT. UL approved. Shade "spots" light directly on work. Fastens securely to tool or work bench (from ¾ to 1⅝ in. thick) with "C" type clamp. 18-in. armored cable flexes to any position wanted. 24 in. long. On-off switch on light socket. Smooth gray enamel finish. 6-ft. cord with plug. Use 60-watt bulb (not included). Ship. wt. 3 lbs. 8 oz.
84 C 2972—*Mailable*.....$3.35

20 CABINET MAKER'S BAR CLAMPS. Sturdy steel and iron construction. 1¾x2-in. jaw face. Sliding jaw spring locks securely on ¼x1½-in. steel bar. Maximum crank adjustment 4½ in. Spring tension lock. *Mailable.*
84 C 3152 M—*State size, quantity.*

Size	Ship. wt.	Each	2 for
3 ft.	9 lbs.	$4.75	$8.95
4 ft.	10 lbs.	4.95	9.50

21 GLUING CLAMP. For use with any length of ¾-in. threaded pipe (not included). 1½x1⅞-in. jaw face. Spring tension lock holds workpiece securely. Maximum crank adjustment 1⅞ in. Buy two and save. Ship. wt. each, 3 lbs. 8 oz.
84 C 3151L—Each $2.15; 2 for $3.98

22 GLUING CLAMP. Designed for 1⅜x2½-in. wood bar (not included). Use any length wood bar. Sliding jaw face is 1⅝x1¾ in. Maximum crank adjustment 2⅞ in. Ship. wt. each, 4 lbs.
84C3150 L—Each $2.15; 2 for $3.98

23 COMBINATION CORNER CLAMP AND MITER VISE. Heavy-gauge steel frame has rust-resistant finish. Use when making miter or butt joints. Holds work rigidly at 90° angle for gluing, nailing or doweling. For making picture frames, screens, etc. Mitered joint will not buckle or separate. Maximum opening 3¼ in. wide. Ship. wt. ea. 1 lb.
84 C 3154—Each $1.19; 4 for $4.49

24 JORGENSEN STEEL SPINDLE HANDSCREWS. Provide equal distribution of pressure on flush or angular work. Hard maple jaws and handles. *State jaw length.*
84 C 3153—*Mailable.*

Powr-Kraft and Westinghouse Arc Welders . . . 10% Down

FACTS ABOUT ARC WELDERS SOLD BY WARDS . . . COMPARE ANYWHERE FOR PROOF OF THEIR VALUE

Save time and maintenance costs by doing your own welding. Electric arc welders provide the fastest means of welding. Powr-Kraft Electric Welders are guaranteed against defects in workmanship and materials for one year from date of purchase and will be repaired or replaced at no charge during this period. Wards welders have Class "B" insulation which prevents temperature rise from exceeding 50° Centrigrade on Time Rating Tests—contain no flammable material. Transformers are oversize induction type with built-in reactance. REA approval on electric welders means that they are satisfactory for use on rural electric lines. Duty cycle of welders is the ratio of arcing time to total time welder is in use (20% duty cycle means actual welding time amounts to 12 minutes per hour).

NEW AC-DC WELDER 319.00

29 WESTINGHOUSE AC-DC WELDER. Single phase, 230-volt. 60-cycle Selenium rectifier arc welder. Flip of switch provides type of current needed to do most efficient job. One unit gives you all advantages of both AC and DC welding. Ideal for all types of fabrication welding using up to 3/16-in. rods. Many repair jobs require the use of special electrodes which are deposited better with DC. Overhead and vertical welding is easier with DC. For hard surfacing and build-up jobs, cast-iron welding and light gauge work, AC is more efficient.

A.C. welding current at 30 load volts: rated current 20% duty cycle, 200 amperes, welding current range 25 to 250 amperes, primary amp. rating 47. DC welding current at 25 load volts: rated current 20% duty cycle, 180 amps., welding current range 20 to 200, primary amp. rating 47. Includes Camlok receptacles and connectors, 8-ft. primary cable with 3-prong plug and receptacle. Fan cooled. Size: 36 in. high, 19⅝ in. wide, 12 in. deep. Actual wt. 200 lbs. $32 Dn.

84 C 5932 R—Wt. 205 lbs.Cash $ 319.00

ACCESSORY PACKAGE FOR (29). Consists: 25-ft. welding cable electrode lead, 20-ft. ground lead and clamp, helmet, lenses, brush, rod holder.

84 C 5931M—Ship. wt. 18 lbs. . . $20.00

WESTINGHOUSE WELDERS LOW AS 189.00

230-VOLT SINGLE-PHASE 60-CYCLE AC. 20% duty cycle. Built-in primary circuit breaker prevents overloads. Units include: steel case 24½x19⅝x12 in., welding helmet, manual and accessories listed below. Check power supply with electric company before ordering.

30 180-AMP. MODEL. Excellent for farm repairing, garage work, light construction, etc. Welds 20-ga. sheet metal to heavy plate; cuts up to 5/16 in. plate. Uses electrodes up to 3/16 in. Continuous output adjustment—no plugs, taps or switches to change for complete range from 20 to 180 amps. Maximum line draw 37 amps. with built in power factor correction capacitors. Power factor at rated load: 80%; arc volts 25; Maximum power used 6.8 kilowatts. Includes: 6-ft., No. 8, 3-conductor primary cable, plug and receptacle; 12-ft. No. 4 electrode and ground cables with electrode holder and ground clamp.

84 C 5933 R—Ship. wt. 135 lbs. .$19 Down, Cash $189.00

295 AMP. MODEL. Similar to (30) but designed for heavier work. Cuts up to ½-in. plate. Uses electrodes up to ¼ in. Has continuous current adjustment with 2 generously overlapping ranges: 20 to 130 amps.; 30 to 295 amps. Simple flip of switch determines range; easy turn of handle selects amperage. Has built-in power factor correction capacitors. Power factor at rated load 80%; reduces installation costs. Maximum line draw 50 amps.; arc volts 25; max. power used 9.0 kilowatts. Includes: 20-ft. electrode cable with holder, 16-ft. ground cable with clamp—both No. 2 wire. 6-ft. primary with plug, receptacle.

84 C 5934 R—Ship. wt. 175 lbs. $25.50 Down, Cash $ 251.50

295 AMP. MODEL. Without power factor correction capacitors. Power factor: 75%. From Fact. in Buffalo, N.Y.

84 C 5935 F—Ship. wt. 175 lbs. $22.50 Down, Cash $ 221.50

POWR-KRAFT ARC WELDER 159.00

31 180-AMP., 230-VOLT MODEL. UL Approved. For repair shop, garage, farm, all types of home maintenance jobs. Makes welds equal in strength and soundness to those of large industrial models. Repair your own car fenders and bumpers. Make your own tools and special machinery from angles, channel, plate and pipe. Repair all farm equipment. Easy and quick to use. Welds steel and castings from 1/32 in. thick to heavy plate. Cuts up to 5/16-in. plate. Use 1/16 to 5/16-in. electrodes. Order rods at bottom of page. 24 heats give varied selection throughout range from 20 to 180 amps. 20% duty cycle. Can be used with twin carbon arc torch (43) at bottom of this page, for preheating brazing and soldering.

Use on 220-240-volt, single-phase, 50 to 60-cycle AC. Maximum line draw 33 amps. Operator safety insured by low 58-amp. secondary voltage. Arc volts 30. Added feature is special switch to improve performance on low line voltage. Conforms to REA, NEMA specifications for limited-input welders.

22¼x16¾x11-in. size case. Easily moved on two rear wheels. Welded steel frame. Includes: 8-ft. 3-conductor primary cable, receptacle; 20-ft. No. 4 electrode cable, insulated holder; 15-ft. No. 4 ground cable, clamp; helmet with No. 10 protective lens, cover lens; simplified instruction booklet. Check power supply with local electric company before ordering. Shipped promptly from Stock by freight. Ship. wt. 194 lbs.

84 C 5938 R—$16.00 Down . . . or Cash $159.00

EASY-TO-USE "SELFWELD" WELDER 100.00

32 POWR-KRAFT 115 OR 230-VOLT ARC WELDER. An entirely new 100 amp. machine designed for the person who has no previous welding experience. Make your own repairs, build wagons, trailers, etc. Use for both "Selfweld" process with "Selfweld" rods below and conventional welding with standard rods—requires no adjustments at any time. Makes welding almost as simple as turning on a light switch. Order Selfwelding Manual (33), below, for "do it yourself" projects. With special "Selfweld" electrodes, rods strike their own arc—will not stick to workpiece when making arc. Simply place rod on workpiece, press starting switch on electrode holder—arc forms automatically. Adjustable leg on holder keeps electrode at correct angle while it deposits a uniform weld.

WELDS ANYTHING FROM 20-GA. SHEET METAL TO HEAVY PLATE. Maximum 100 amp. output with 6 taps at about 10 amp. intervals—gives range of 50 to 100 amps. 20% duty cycle. Maximum open circuit voltage 70 volts. For 110–120 or 220–240 volt single phase 60 cycle AC. Use 40 amp. fuse for 110–120 volts or 20 amp. for 220–240 V. Use rods to 1/8-in. diam. NEMA and UL approved.

COMPACT 12x9x14-IN. STEEL BODY. Includes: 8-ft. electrode cable, holder; 8-ft. 3-wire primary cable; receptacle 7-ft. ground cable, clamp; hand shield; 3 lbs. "Selfweld" rods: 1/16, 5/64, 3/32 in.; instructions. $10 Dn.

84 C 5940 R—*Not Mail.* Ship. wt. 84 lbs. . . Cash $100.00

33 SELF-WELDING MANUAL. Describes "Self-welding" process in detail—handy tips on setting up welding workshop, maintaining equipment. Includes 80 illustrated plans for making home projects in metal.

HELMETS, CABLES AND OTHER ACCESSORIES FOR ARC WELDING 10c TO 12.95

34 WELDING HELMET. Insulated black fiber. Riveted seams. No. 10 lens.

84 C 5965 L—Wt. 2 lbs. 2 oz. $3.95

35 PROFESSIONAL WELDING HELMET. Strong insulated black fiber gives long, dependable service. Seamless construction prevents light-leak. Order cover, protective lens below.

84 C 5966 L—Wt. 2 lbs. 12 oz. . . . $7.75

PROTECTIVE LENS. 2x4¼ in. For (34) and (35). Ship. wt. 1 oz. ea.

No. 9—For Electrodes to 3/32 in.
No. 10—For Electrodes to 1/8 in.
No. 11—For Electrodes to 5/32 in.

84 C 5961—*State size*. . . . . Each 95c

COVER LENS. Treated so that spatter will not stick. 2x4¼ in.

84 C 5962—Ship. wt. 1 oz. . . Each 10c

36 ARC WELDING LESSONS. Published by J. F. Lincoln Arc Welding Foundation. Operational information, lessons and Farm Equipment projects. Step by step analysis. 343 pages.

84 CP 5981—*Postpaid*. $1.00

37 FARM ARC WELDING HANDBOOK. Detailed plans, instructions, illustrations on building and repairing farm tools. 456 pages.

84 CP 5982—*Postpaid*. $2.00

38 WELDING CABLE. Tough, extra flexible. Use as electrode cable or ground cable extension. Constructed to give maximum service under severe conditions of flexing, twisting, abrasion, impact and heat. Highly resistant to moisture, oils, acids etc. Consists of many strands of 34 AWG (American Wire Gauge) annealed copper wire. Heavy rubber jacket. Order cable lugs (39), below.

84 C 5963 H—*State wire size and length wanted.*

Wire Size	Strands 34 AWG	Rated Capacity (up to 125 ft.)	Wt. per ft.	Per foot
1	2109	250 amps.	4 oz.	39c
2	1672	200 amps.	3 oz.	32c
3	1330	150 amps.	2 oz.	26c
4	1064	100 amps.	1 oz.	21c

WELDING POWER SUPPLY CABLE. No. 8 ga. 3-conductor cable color coded. For welders up to 300 amps. Maximum 40 amps. Extra-flexible tinned copper. Can be used for ranges, water heaters.

84 C 5975 H—Ship. wt. 8 oz. . . . . Per foot 45c

39 WELDING CABLE LUGS. Fit ground or electrode cables (38) above. Wt. 1 oz. *State No. wanted.*

84 C 5964—For No. 1 cable. . . . . Each 33c
For Nos. 2, 3, 4 cable. . . . . Each 17c

40 WELDERS' GLOVES. Split horsehide. Welted seams. Chrome tanned. 1-pc. back and palm.

WARDS LIGHT-DUTY DRILL KIT 21.95

1 30-PIECE ¼-IN. POWR-KRAFT DRILL OUTFIT. Low-priced kit for hobbyists and handy men. Designed to drill, sand, polish, buff, grind, etc. Metal box stands upright or mounts on wall; keeps all accessories at your fingertips.

STREAMLINED ¼-INCH ELECTRIC DRILL. For light, intermittent duty. Guaranteed for one year.* Drill has self-oiling bronze bearings. ¼-in. capacity in steel, ½-in. capacity in hardwood. Drill housing die-cast aluminum with satin-finish. 8¼ in. long. Steel alloy gears. New key-lock ¼-in. chuck affords more secure grip—tightens or releases bit with the ease of a geared chuck. 110–120-volt, 60-cycle AC-DC. UL Approved. No-load speed 1600 RPM. Fan type ventilation. With rubber cord and plug.

FOR DRILLING, POLISHING AND SANDING. Includes: 7 carbon steel bits—1/16, 3/32, 1/8, 5/32, 3/16, 7/32 and ¼ in.; horizontal drill stand for use as bench tool; 3⅞-in. diam. rubber backing pad; 4½-in. sheeps-wool polishing bonnet; 3-in. cloth buffing wheel; twelve 4-in. assorted grit sanding discs (order extra discs separately—below (52) on opposite page); drill arbor assembly.

ADDITIONAL ACCESSORIES INCLUDE: 2¾-in. diameter abrasive wheel for grinding; 3-in. diameter wire scratch brush for removing paint; auxiliary plastic side handle; paint mixer. *Mailable.*

84 C 9265—Complete Kit. Wt. 8 lbs. $2.50 Down, Cash $21.95

2 ¼-IN. DRILL ONLY. Same as in kit (1). Guaranteed*. Sells nationally under manufacturer's own name for $19.88.

84 C 9264—Shipping weight 4 lbs. *Mailable*. . . . . Only $15.95

3 ¼-IN. DRILL. Similar to drill in kit (1) except has genuine Jacobs geared ¼-in. chuck, satin finish. Guaranteed.* Sells nationally under manufacturer's own name for $22.88.

84 C 9266—Shipping weight 4 lbs. *Mailable*. . . . . Only $18.50

*GUARANTEE AND REPAIR SERVICE

GUARANTEE ON POWR-KRAFT DRILLS: If any Wards Powr-Kraft electric drill listed on these two pages shows defects in materials or workmanship under normal use, we will repair it at no charge if it is returned within one year of the purchase date. REPAIR PARTS AND SERVICE available on all Wards electric drill and drill kits. Write to Wards Repair Service Department, nearest Mail Order House, for further information, giving Model Number.

WARDS MEDIUM-DUTY DRILL KITS 33.50

4 34-PIECE ¼-IN. POWR-KRAFT DRILL OUTFIT. For medium-duty use—has dozens of uses in home, shop or garage. Convenient metal box keeps all accessories in place—you can select the item you want quickly and easily. Box stands upright on table or bench and has knockouts for mounting on wall.

¼-IN. MEDIUM-DUTY DRILL. Guaranteed for one year.* Ball and bronze bearing construction. Capacity ¼ in. in steel, ¾ in. in hardwood. Lightweight but strong aluminum alloy die-cast housing; satin finish. Length 8¼ in. Ball bearings at points of greatest strain. Self-lubricating bronze bearings on spindle give smooth, quiet operation. Heat-treated alloy steel gears give long dependable service. Has genuine Jacobs 3-jaw geared ¼-in. chuck with key. Motor runs on 110–120-volt AC-DC. UL Approved. No-load speed 1500 RPM. Trigger lock; automatic release switch. Forced air ventilation. Cord, unbreakable plug.

FOR POLISHING, SANDING, WIRE BRUSHING. Includes 4¾-in. rubber backing pad; 5½-in. lambswool bonnet, twelve 5-in. sanding discs (order extra discs below (52) opposite page); adapter set; drum sander; 6 sanding sleeves; wire scratch brush.

ADDITIONAL ACCESSORIES INCLUDE: four high speed drill bits—1/16, ⅛, 3/16, and ¼ in.; 3 wood cutting power auger bits—⅜, ½ and ¾ in.; horizontal drill stand, auxiliary side handle. *Mailable.* Available with Palm-Grip or Spade-Grip Drill. Wt. 8 lbs. 8 oz.

84 C 9248 L—Kit with Palm-Grip Drill (shown). $3.50 Dn., Cash $33.50

84 C 9259 L—Kit with Spade-Grip Drill (5). $3.50 Dn., Cash 33.50

84 C 9258 L—Kit without Drill. Ship. wt. 4 lbs. 8 oz. 11.95

5 6 MEDIUM DUTY ¼ AND ⅜-INCH DRILLS. Guaranteed 1 year.* Ball bearings at points of greatest strain. Self lubricating bronze bearings on spindle for smooth, quiet operation. Heat treated alloy steel gears. Tough, lightweight aluminum alloy housing. All have genuine Jacobs 3-jaw geared chuck. ¼-in. drills sell under manufacturer's name for $26.50; no load speed 1500 RPM—see full description in (4) above. ⅜-in. drill has no load speed of 1000 RPM. *Mailable.* Ship. wt. ea., 4 lbs.

(5) 84 C 9234—¼ in. Spade-Grip. 10¾ in. long. $2.50 Dn. Cash $21.95

SUNBEAM ¼-IN. DRILL KIT 39.95

22 26-PC. NATIONALLY-KNOWN SUNBEAM OUTFIT. With powerful high-torque drill. Use in home, workshop, or farm—handy accessories for drilling, grinding, sanding, buffing, polishing. Steel case has knockouts for mounting on wall, quickly removable for carrying to job. Saves space, keeps tools in order.

POWERFUL ¼-IN. DRILLMASTER DRILL has ball thrust bearing on spindle; oilless bronze bearings elsewhere. Air intake vents in base and side for cooler operation, greater comfort. Higher torque allows faster drilling, greater sustaining power for tough jobs. Drill is well balanced, easy to handle. Capacity ¼-in. in metal, ½-in. in wood. No-load speed, 2200 RPM. With genuine Jacobs ¼-in. geared chuck. 7¾ in. long. UL approved. For 110–120-volt AC-DC. With rubber cord, plug, ground wire.

ACCESSORIES INCLUDE: horizontal drill stand; 10 high-speed tool steel drills 1/16, 5/64, 3/32, 7/64, 1/8, 9/64, 5/32, 3/16, 7/32, ¼ in.; polishing compound; 5½-in. wool polishing bonnet; 4-in. grinding wheel; 4-in. wire wheel; 4-in. buffing wheel; 4⅞-in. rubber backing pad; six 5-in. sanding discs—3 medium, 3 fine grit; and arbor assembly. Ship. wt. 10 lbs. *Mailed Postpaid.*

84 CP 9387 M—Complete Kit. $4 Down...Cash $39.95

23 SUNBEAM ¼-INCH DRILLMASTER DRILL. High-torque—see complete description in (22), above. *Mailed Postpaid.*

Wards, Other Nationally-Known Electric Saws

HIGHLY VERSATILE—PORTABLE ELECTRIC SAWS can handle almost all sawing operations the home builder might require. Ideal for on-the-spot sawing of hard-to-carry material.

TEN TIMES FASTER THAN HANDSAW OPERATION—and more accurate. Will do much to cut the time and costs in construction and remodeling.

EXCELLENT FOR CUTTING SHEATHING, FRAMING AND LARGE SHEETS OF plywood, etc. May be used also for cutting concrete, tile and metals with special blades.

SIMPLE TO USE; NO SPECIAL SKILL REQUIRED to operate these handy portable saws—can be used in much the same way you would use a carpenter's hand saw.

WARDS POWR-KRAFT, MALL, BLACK AND DECKER AND SUNBEAM CIRCULAR SAWS below all have die-cast aluminum housings; gears sealed in grease; telescoping blade guards.

SAWS ON THIS PAGE ARE UL APPROVED, (Industrial Standards); 110–120 volts AC-DC. All circular saws but (31) have depth of cut and bevel adjustments for making cuts up to 45°.

NATIONALLY KNOWN MALL SAWS 54.95 TO 88.00

31 MALL 6-IN. HEAVY-DUTY PRODUCTION MODEL. Meets professional specifications of builders, contractors, etc. For continuous everyday use. Powerful Universal-type ¾-HP motor. Practical for cutting flooring, roofing. Operates smoothly, quietly on grease-sealed, precision ball bearings. Accurately meshed helical cut gears sealed in grease chamber. Blower cools motor, keeps line free from sawdust. Well balanced loop handle, trigger switch. Lightweight but strong. 2-inch max. cut at 90°. Bevel cuts can be made with bevel shoe attachment below. No load speed 5000 RPM.

84 CP 8950 M—*Postpaid*. Only $6 Down.....Cash $59.95

BEVEL SHOE ATTACHMENT. Attaches to (31) for angle cuts.

84 CP 8951—Max. cut at 45° is 1 11/32 in. *Postpaid*.....$7.00

32 MALL 7-IN. MODELS. Choose from two models: Ball and sleeve bearing saw for intermittent work in home workshops, etc., or Full Ball Bearing Model for all jobs except continuous production work. Both have max. depth cut of 2⅜ in. at vertical, 2 in. at 45°. Cut rough 2-in. lumber at 45°. Bevel calibrated at 15°, 30°, and 45°. Big ¾-HP motor. No load speed 5000 RPM. Helical-cut gears. Heavy-duty trigger-switch on easy-to-grip handle. 7-in. rip-crosscut blade. Order steel case separately. *Mailed Postpaid*.

BALL AND SLEEVE BEARING MODEL. Actual wt. only 8¾ lbs.

84 CP 8952 M—Only $5.50 Down on Terms.....Cash $54.95

FULL BALL BEARING MODEL. Actual wt. only 8¾ lbs.

84 CP 8962 M—Only $7 Down on Terms.....Cash $69.95

84 C 8917 M—STEEL CASE FOR SAWS ABOVE. Wt. 11 lbs.. 5.75

33 MALL 8½-IN. BALL BEARING MODEL. Medium-duty, large capacity saw. Grease-sealed precision ball bearings for long service. For all work except continuous production. More than adequate capacity for most cuts needed by builder—cuts up to 3 1/16 in. at 90°—to 1⅞ in. at 45°. Enclosed helical cut gears in grease-sealed chamber. Propeller-type cooling system with blower fan. Heavy-duty trigger switch in easy-to-grip handle. Lightweight but strong—balanced for easy control. Powerful 1-HP motor. No load speed 4500 RPM. Cut adjusts at 90° from 1 1/16 to 3 in.; maximum cut at 45° is 1⅞ in. Order steel case separately.

84 CP 8956 MB—*Postpaid*. $9 Dn.....Cash $88.00

84 C 8916 M—STEEL CARRYING CASE for (33). Wt. 15 lbs. 6.75

BLACK & DECKER SAWS 64.50 TO 96.50

34 35 HEAVY-DUTY MODELS. Designed for all around use; rugged enough for production work. Operate smoothly and quietly on full-size self-lubricating ball bearings. Tough alloy steel gears heat-treated and hardened. Blade guard designed so blade may be seen from either side; fan keeps cutting line free of sawdust. Efficient propeller-type cooling system.

Handle easily; trigger switch gives instant starting. Has lightweight yet strong die-cast aluminum housing. Automatic telescoping blade has retracting handle. With rubber-covered 3-wire cord, plug. *Mailed Postpaid*. Each with crosscut-rip blade.

(34) 6½-INCH MODEL. Cut adjusts at 90° from 0 to 2 5/32 inches. Maximum depth cut at 45° is 1⅞ inches.

84 CP 8978 M—*Postpaid*. $6.50 Down on Terms.....Cash $64.50

(35) 7⅜-INCH MODEL. Cut adjusts at 90° from ⅛ to 2 7/16 inches. Maximum depth cut at 45° is 1¾ inches.

84 CP 8977 M—*Postpaid*. $8.50 Down on Terms.....Cash $84.50

8¼-INCH MODEL. Cut adjusts at 90° from 0 to 2 13/16 inches. Maximum depth cut at 45° is 2 1/16 inches.

84 CP 8976 M—*Postpaid*. $10 Down on Terms.....Cash $96.50

BLACK & DECKER SABER SAW 54.50

36 VERSATILE SABER SAW. Does the work of a jig saw, saber saw, keyhole saw plus most band saw operations. Makes curved, straight or irregular cuts. Does ripping, coping, jig and scroll sawing, etc. Follows patterns perfectly as cutting line is always visible. Air stream from motor-cooling fan blows dust from in front of blade. Makes pocket cuts without needing drilled "entrance" hole. Cuts in places often inaccessible to circular or hand saws.

Compact, lightweight—fits in the palm of your hand. Rapid feeding speeds are possible. Powerful motor 115 volts AC-DC. Self-lubricating bronze bearings. Cuts wood, metal, plastic, rubber, leather, etc. Max. cut 1½ in. No-load speed 3750 strokes per min. With 5 blades, toggle switch, 3-wire cord, plug.

84 CP 8979—*Postpaid*. Only $5.50 Down.....Cash $54.50

*POWR-KRAFT SAW AND SANDER GUARANTEE

If any Wards Powr-Kraft Saw or Sander listed on these two pages marked with * shows defects in material or workmanship under normal use, we will repair it at no charge if returned within one year of purchase date.

POWR-KRAFT 6½-IN. SAW 39.95

37 REVOLUTIONARY NEW "SLIP-CLUTCH" MODEL. Guaranteed.* Sells Nationally for $54.95. Big 6½-in. blade gives capacity of most 7-in. saws. Cuts 2-in. rough lumber at 45° bevels. Revolutionary "slip-clutch" allows blade to stall under overload while motor continues at full speed, virtually eliminates motor burn outs. Prevents kick backs. For intermittent duty in home workshop or light carpentry. 1-HP motor has ball bearings on commutator, self-lubricating bearings elsewhere. Helical-cut gears. Cut adjusts 0 to 2¼ in. at 90°; to 1⅞ in. at 45°. Bevel adjustment calibrated at 15°, 30°, 45°. Adj. rip guide. Propeller-type blower keeps motor cool. 6½-in. comb. blade, wrench, 10-ft. 3-wire cord. AC-DC.

84 C 8937 M—Wt. 13 lbs. Only $4 Down....Cash $39.95

84 C 8919 M—STEEL CARRYING CASE for (37). Wt. 11 lbs. 5.98

SUNBEAM 6½-INCH SAW 57.50

38 6½-INCH PORTABLE MODEL. Handles any cutting job performed by 7-in. saws. Cuts up to 2⅛ in. at 90°; 1¾ in. at 45°. Easily handles dressed 2x4's. Big 1¼-HP motor gives more power than other saws this size, has greater torque for sustained cutting. Smooth running sleeve and needle bearings; precision ball bearing on armature. Heavy-duty switch on loop handle. Forced air cooling. Easily visible guide in foot insures accurate cuts. With 6½-in. combination rip-crosscut blade, wrench, 7-ft. rubber-covered 3-wire cord, plug.

84 CP 8922 M—*Postpaid*. Only $6 Down....Cash $57.50

RUBBER-COVERED EXTENSION CORDS. Use proper cord to supply power to saws operated at a distance from source of electricity. UL Appr. 3-wire cords meet new code requirements for grounding power tools.

15-FOOT, 3-WIRE. 16-gauge cord with plug, outlet.

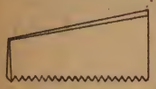
Wards, Atkins and Disston Taper-Ground Saws



TAPER-GROUND saw blades are less likely to bind. Cutting edge of taper-ground blade is same gauge (thickness) along cutting length. Rest of blade is accurately ground so it tapers evenly from butt (handle end) to point and from tooth to back of saw. This makes a faster, easier cutting saw—needs little set. Saws (1) to (6) taper ground.

ATKINS, DISSTON 6.95, 8.95

1 ATKINS NO. 65 HAND SAW. 5-gauge taper-ground highly polished Silver Steel blade (see description of Taper-Ground Blades at left)—heat treated and tempered to take and retain a keen cutting edge. Tooth edge breasted (slight outward curve) for easier cutting, less binding. Teeth are set and double-bevel filed. Blade is securely attached to hardwood handle which has weather-proof lacquer finish. *Mailed Postpaid.*

84 CP 3910 L—*State type of saw wanted.*
CROSSCUT—26-in. blade. 8 teeth per inch..... $8.95
RIP—26-in. blade. 5½ teeth per inch..... 8.95

2 DISSTON HAND SAWS. 26-in. taper-ground steel saw blades (see description of Taper-Ground blades at left) are tempered and hardened to take and retain a keen cutting edge; highly polished finish. Teeth set and double-bevel filed. Blade is securely attached to hardwood handle which has weather-proof lacquer finish. *Crosscut* saws have 8 teeth per inch; *Rip* saws have 5½ teeth per inch. *State Crosscut or Rip on order. Mailed Postpaid.*
84 CP 3900 L—Disston D-7. 4-ga. taper blade.. $6.95
84 CP 3902 L—Disston D-23. 5-ga. taper blade.. 8.95

WARDS MASTER QUALITY 3.49, 4.25

3 4 CHOICE OF PLASTIC OR HARDWOOD HANDLE. Wards very best quality. 4-gauge taper-ground from teeth to back and from butt to point (see description of Taper-Ground Blades at left). Chrome nickel alloy steel blade, scientifically heat treated, hardened and tempered to take and retain a keen edge. Tooth edge breasted (slight outward curve) for easier cutting. Teeth properly set and double-bevel filed. Straight back ship pattern, full ribbon polish finish. Handles shaped to fit hand comfortably. Saws properly balanced to lessen wrist strain.

(3) WITH PLASTIC HANDLE. Won't warp, unaffected by weather. 26-in. taper-ground blades.

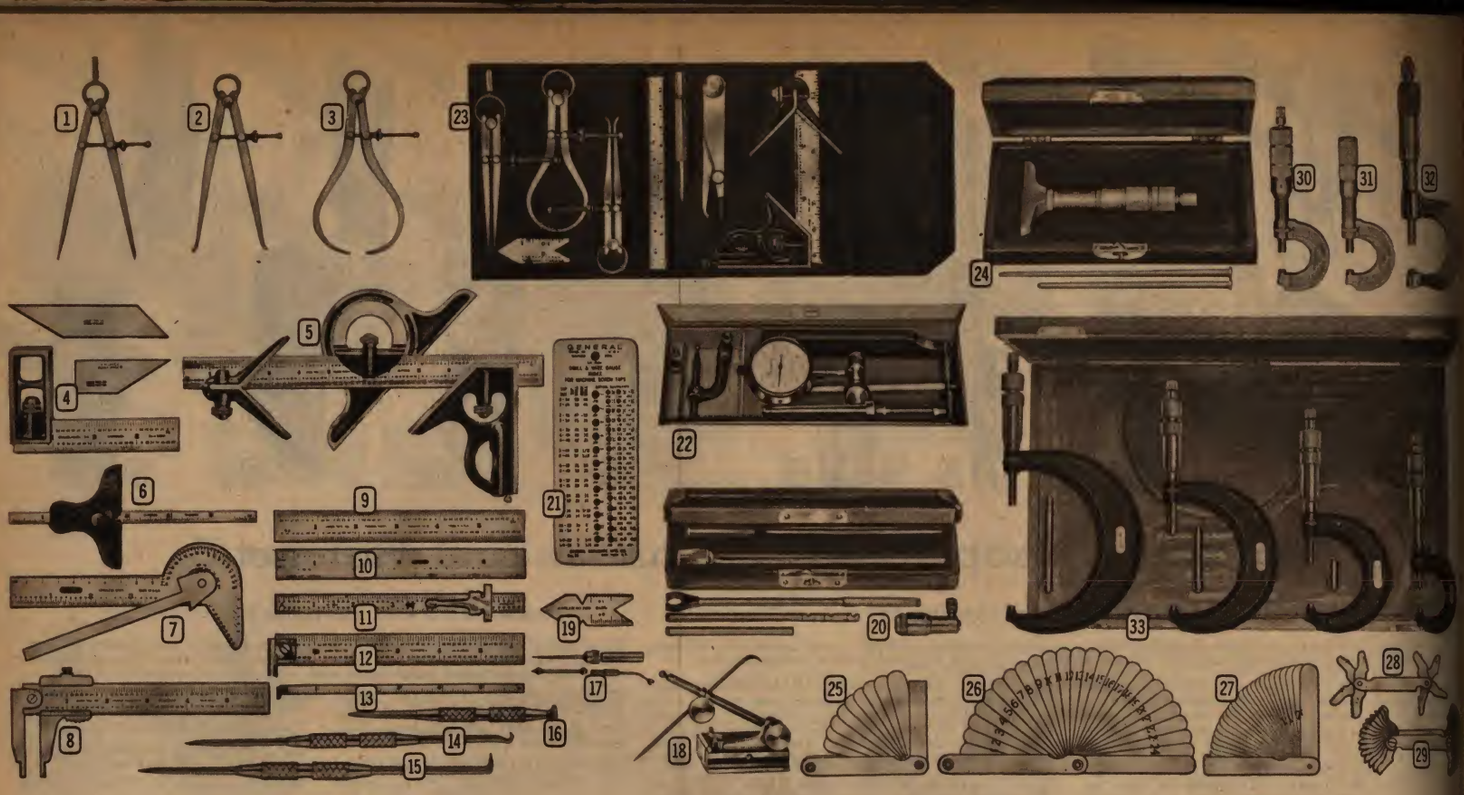
84 C 6440—Ship. wt. 1 lb. 8 oz..... $1.45

95 MASONS' JOINTER. For striking ⅝ or ¾-in. concave joints. Malleable iron.
84 C 6422—Ship. wt. 6 oz..... 75c

96 MASONS' 6-FT. FOLDING RULE. For gauging space of brick course evenly. Graduated in 8ths and 16ths; with brick spacing scale.
84 C 6423—Wt. 8 oz. Black markings. 1.59



Accurate Precision Tools...Finely Made Levels

1 TO 3 SPRING DIVIDERS AND CALIPERS. Professional quality—finely machined. Spring Divider (1) has knurled thumb screw, tempered bow spring. Inside Caliper (2) and Outside Caliper (3) have tempered bow spring and solid nut. Ship. wts.: 6 in. 3 oz.; 8 in. 4 oz. *State Cat. No., size.*

Key	Type	Cat. No.	6 in.	8 in.
(1)	Spring Dividers	84 C 5022	$1.75	$1.98
(2)	Inside Calipers	84 C 5024	1.75	1.98
(3)	Outside Calipers	84 C 5025	1.75	1.98

4 DOUBLE ADJUSTABLE SQUARE. With bevel and drill point blades. 4-in. size. Graduated in 32nds and 64ths on both sides.
84 C 5008—Ship. wt. 5 oz. . . . . Set $3.75

5 MACHINISTS' COMBINATION SET. Polished hardened, tempered steel. 12-in. blade. Machine cut graduations in 8ths, 16ths, 32nds, 64ths. Die-cast sliding square head has 45°, 90° angles. Protractor revolves 360°. Graduated 0° to 180° on both sides of zero. Removable built-in level glass. Center head has 90° angle. Scriber, lock nuts.

COMPLETE SET AS PICTURED ABOVE.
84 C 5003—Ship. wt. 2 lbs. 4 oz. $11.40

SQUARE HEAD AND BLADE ONLY.
84 C 5001—Ship. wt. 13 oz. $5.50

SQUARE HEAD, BLADE AND CENTER HEAD.
84 C 5002—Ship. wt. 1 lb. 6 oz. $6.75

PROTRACTOR WITH BUILT-IN LEVEL GLASS.
84 C 5004—Ship. wt. 15 oz. $4.65

6 DEPTH GAUGE. 6-in. rule slides in case hardened steel base. Work face 2½ in. Rule graduated in 32nds on one side; 64ths on other side. Thumb screw on base.
84 C 5012—Ship. wt. 2 oz. $2.75

7 MULTI-USE STEEL RULE AND GAUGE. Stainless steel. Combines: Graduated drill point gauges, 4-in. scale, square protractor, center finder, circle divider, tap drill table. With instructions; handy plastic case.
84 C 5044—Ship. wt. 2 oz. $1.25

8 SLIDING CALIPER RULE. Inside or outside measurements. Sliding gauge for 1-hand operation. Graduated in 8ths, 16ths, 32nds, 64ths. 6 in. long. Hardened steel.
84 C 5016—Ship. wts. 2, 3 oz. *State size.*
⅝-in. jaw. . . . $5.50 1½-in. jaw. . . . $7.00

9 PROFESSIONAL STEEL RULES. Tempered and hardened with polished edges. Graduated in 8ths, 16ths, on one side; *quick reading* 32nds, 64ths on other.
84 C 5007—RIGID. 6x¾ in. Wt. 2 oz. . . . $1.35
84 C 5009—FLEXIBLE. 6x½ in. Wt. 2 oz. . 1.35

10 11 ECONOMY STEEL RULES. Graduated on 1 side in 32nds and 64ths.
(10) SEMI-STIFF. With Decimal Equivalents.
84 C 5036—6x¾ in. Ship. wt. 2 oz. 39c
(11) FLEXIBLE STEEL RULE WITH POCKET CLIP.
84 C 5010—6x½ in. Ship. wt. 2 oz. 25c

12 13 QUALITY STEEL HOOK RULES. Tempered and hardened. Polished edges.
(12) WIDE. Grad. in 8ths, 16ths one side; *Quick Reading* 32nds, 64ths on the other.
84 C 5006—6x¾ in. Ship. wt. 2 oz. $2.20
(13) NARROW. Graduated in 32nds, 64ths.
84 C 5005—6x7/32 in. Ship. wt. 2 oz. . . . $2.20

14 TO 16 SCRIBERS. Hardened steel points. Knurled shanks. Ship. wt. ea., 1 oz.
(14) COMBINATION SCRIBER, PACKING HOOK.
84 C 5028—Approximately 7 in. long 30c
(15) DOUBLE POINT SCRIBER.
84 C 5020—Approximately 8½ in. long . . 30c
(16) SINGLE POINT SCRIBER.
84 C 5018—Approximately 5 in. long 25c

17 UNIVERSAL WIGGLERS. Locate spindle center. Incl. chuck with 1 straight point, 1 comb. ball or str. point. Instrs. Wts. 4, 3 oz.
84C5092—With offset indicator.(Shown.) $2.35
84 C 5055—Without offset indicator. . . . 1.35

18 SURFACE GAUGE. Top side slotted with pivoted rocker. Removable 5-in. spindle may be used as depth gauge. 6-in. scriber. Grooved bottom for cylinders. Wt. 1 lb.
84 C 5091—3x2½x⅞-in. steel base. . . . $5.40

19 CENTER GAUGE. Graduated, 1 corner each: 14ths, 20ths, 24ths, 32nds. Steel.
84 C 5035—60° angles. Ship. wt. 1 oz. . . . 80c

20 INSIDE MICROMETER. Measures inside diam. to accuracy of 1/1000 in. incl.; micrometer, 2 extension rods, hdle., case. *State size.*
84 C 5064—1½ to 6 in. Wt. 1 lb. 4 oz. . . . $12.95
1½ to 12 in. Ship. wt. 2 lbs. . 15.50

21 TAP AND DRILL GAUGE. Sizes for 21 machine screw taps, drill Nos. 1 to 60.
84 C 5046—Dec. equiv. table. Wt. 5 oz. . $1.19

22 DIAL TEST INDICATOR. 8-piece set. Total movement .200 in. Measures plus or minus tolerances from .001 to .200 in. 2-in. dial on universal ball joint back. Includes: dial indicator, 3 points, tool post holder, bar and clamp. Ship. wt. 3 lbs. 8 oz.
84 C 5057—$3 Down on Terms. . Cash $27.50

23 MACHINISTS' PRECISION TOOL KIT for students or apprentices. 9-piece set includes: 6-in. combination square with center head, center gauge, 4-in. spring divider, 4-in. outside spring caliper, 4-in. inside spring caliper, 4-in. hermaphrodite caliper, 6-in. flexible rule, 4-in. center punch—⅜-in. diameter with 9/64-in. point, plastic kit.
84 C 5087—Ship. wt. 1 lb. 8 oz. $17.50

24 DEPTH MICROMETER. Graduations placed right side up. Hardened, ground and lapped base 7/16x1½ in. Measuring rods ½-in. diam. with ends hardened, ground, lapped. Satin chrome finish. Tool steel spindle, screw. Graduated in 1/1000ths in. Friction stop, 3 measuring rods, case. Pay postage from Factory near Providence, R.I.
84 C 5063 K–0 to 3-in. capacity. Wt. 1 lb. $14.85

25 26 ECONOMY THICKNESS (FEELER) GAUGES. High carbon steel.
(25) 9-BLADE. From .002 to .025 in. thick.
84 C 5079—3x½ in. Ship. wt. 1 oz. 29c
(26) 25-BLADE. From .0015 to .025 in. thick.
84 C 5047—3½x½ in. Ship. wt. 3 oz. 98c

27 PROFESSIONAL THICKNESS (FEELER) GAUGES. Accurate, precision-machined from tempered, hardened steel.
26-BLADE (shown). From .0015 to .035 in. thick.
84 C 5013—3 1/16x½ in. Ship. wt. 3 oz. . . $3.30
7-BLADE (like 27). From .002 to .015 in.
84 C 5011—2¼x½ in. Ship. wt. 1 oz. . . . $1.05

28 ECONOMY V-TYPE THREAD GAUGE. Nos. 11½ to 28 with 27 pipe pitcher.
84 C 5049—8 pitches. Ship. wt. 1 oz. 29c

29 PROFESSIONAL V-TYPE THREAD GAUGE. Tempered Swedish Steel. Nos. 4 to 42 with 11½ and 27 pipe pitches.
84 C 5015—30 pitches. Ship. wt. 2 oz. . . $2.00

30 READ-RITE MICROMETERS. As micrometer is adjusted numbers automatically appear in window on thimble (see view). Read direct measurement at a glance. Eliminates common error of .025 in. due to reading wrong graduation. Tool steel anvil, screw, spindle. Satin chrome full finished forged steel frame. Designed for hard use. Friction stop, locknut. Graduated in 1/1000ths in.

84 C 5065 K*—0 to 1 in. Ship. wt. 12 oz. $2.50 Dn.; Cash $
84 C 5066 K*—1 to 2 in. Ship. wt. 14 oz. $2.50 Dn.; Cash

31 FRICTION THIMBLE MICROMETERS. Designed for one-hand operation with friction stop control or feel. Larger barrel and thimble improve balance, extra space between graduations for easier, more readings. Graduated in 1/1000 in. Satin chrome full steel frame with decimal equivalents to 1/64ths. With
84 C 5061—0 to 1 in. Ship. wt. 10 oz. . . . . $
84 C 5062—1 to 2 in. With 1-in. standard. Wt. 12 oz. . .

32 STUDENT MICROMETER. Graduated in 1/1000ths inch. Zinc handle with aluminum alloy frame.
84 C 5072—0 to 1 in. Ship. wt. 8 oz. . . . . $

33 8-PC. MICROMETER SET. Wards Master (Best) Precision-made for extreme accuracy. Incl. 4 micrometers with drop-forged alloy steel frames, from 0 to 1 in., 1 to 2 to 3 in., 3 to 4 in. Vernier scale. All 4 micrometers graduated in 1/10,000 in. With wrench, three standards, Tool steel anvil, spindle and screw. Satin chrome finish
84 C 5075—Ship. wt. 4 lbs. $4.50 Down. . . . . Cash $

MASONS' AND CARPENTERS' WOOD, ALUMINUM AND MAGNESIUM LEVELS, 5 INCH TO 72 INCH 55c TO 14.75

Wood levels are accurately constructed of warp-resistant straight grained stock—air seasoned, kiln dried, moisture-resistant finish; tops and bottoms planed smooth. Aluminum levels are lightweight for easier handling, rustproof for longer life. Smooth milled tops and bottoms with rounded edges. Magnesium levels are lightest in weight, strongest of all levels; rustproof to give years of service. All Wards levels meet government specifications, are rigidly inspected and checked for accuracy. Glasses set into large openings for easy vision; tightly sealed for protection against moisture. Non-adjustable glasses set in plaster; adjustable glasses set in solid metal cases, assures long accurate service. *Mailable.*

34 NEW LEVEL GRADIENT. Checks grade and proper pitch. Fits most levels. Instructions.
84 C 3897—Wt. 1 lb. 2 oz. Set $3.49

35 MASONS' MAGNESIUM LEVELS. Wards Master (Best) Quality. Same quality sell nationally under another name for $13.50 and $20.50. Extruded magnesium-aluminum alloy—lightweight.

48 IN. 4 plumb, 2 level glasses.
84 C 3869 M—Ship. wt. 3 lbs. . $9.75

72 IN. 6 plumb, 4 level glasses.
84 C 3869 MO—Wt. 4½ lbs. . $14.75

36 MASONS' ALUMINUM LEVEL. Wards Master (Best) Quality. I-beam, won't warp. 48 in. long. 4 plumb, 2 level glasses.

Buy the Best . . . Buy Wardmastr Thin-Wall Socket Sets . .

1 7.75 14 Pc. Set

WARDMASTR SOCKET SETS ARE FINEST QUALITY. Offer latest time- and labor-saving features, yet cost far less than other comparable professional quality sets.

FULLY GUARANTEED AGAINST BREAKAGE. Wards will replace, free, sockets or any other parts which become broken due to defects in workmanship or materials.

FINEST QUALITY ALLOY STEEL. Contains Chrome for greater hardness and rust-resistance, Molybdenum for strength and durability, Nickel to prevent cracking.

ALL PARTS ARE "HOT-FORGED" (not just the sockets). "Hot-Forging" causes grain structure of metal to follow contour of parts, increases density and strength.

DELUXE FEATURES INCLUDE: universal ball-joint on handles and extensions for positive lock; countersunk drive end on sockets for easy fitting of handles.

THINNER SOCKET WALLS. Increased strength (due to hot-forging process) permits thinner socket walls—sockets get into even the tightest places easier.

REVERSIBLE RATCHETS ARE HOT-FORGED from one piece of alloy steel for ruggedness, more dependable service. Instantly reversible feature saves time on the job.

WIDE SELECTION OF SETS in 1/4, 3/8, 1/2 and 3/4-inch drives. All parts have bright chrome plating. Standard sizes; parts fit any brand set of same drive size.

MALL ELECTRIC IMPACT TOOL 89.00

22 A fast-working portable tool with Mall "torkhammer" action. Powerful rotary impacts for tightening or removing operations. Has all the power and stamina for nut-running ⅞-in. nuts and bolts with ½-in. shank diameters easily and quickly. Universal-type electric motor is reversible and will not stall—slip clutch permits motor to run free even if drive spindle stalls. Motor operates on 110–120-volt 60-cycle AC-DC. UL Approved. Ball and needle bearings placed at all points of strain. Free spindle speed is 1900 RPM. Impact hammer is mounted on anti-friction bearings for longer, smoother-action, and less friction wear. Lightweight, yet plenty tough—weighs only 7 lbs. Aluminum alloy housing.

FORCED VENTILATION keeps motor cool under continuous operation. Contour pistol-grip and trigger switch for balanced control and instant power response—easy-to-operate. Size of tool overall—about 11 in. long and 3 in. wide, ideal for work in close quarters. ½-in. drive. With 10-ft., 18-gauge heavy-duty rubber cord; 3-conductor cord has extra grounding wire. Jacobs tap chuck listed below easily adapts tool to many added operations such as to drilling, reaming, tapping, extracting broken screws or studs—driving wood augers, wire brushes, hole saws, or screwdrivers. Alloy steel sockets listed below.

84 CP 9281—*Postpaid.* $9 Down . . . . . or Cash $89.00

23 JACOBS TAP CHUCK. Tough alloy steel; heat-treated and hardened for extra strength. Converts ½-in. drive impact tool into power-drive for drilling, reaming, etc. Capacity for 3/16 to ½-in. taps. Accommodates round shanks .194 to .381 in., square shanks from .118 to .360 in. With chuck wrench.
84 CP 9370—*Mailed Postpaid* $12.84

24 IMPACT SOCKETS. Tough alloy steel. ½-in. drive. 7/16, ½, 9/16, 5/8, 11/16, ¾, 13/16 and ⅞-in. sizes.
84 C 4870—*State size.* Ship. wt. 6 oz. . . . . Each 69c

8-PC. IMPACT SOCKET SET. Tough alloy steel. Incl.: 7/16, ½, 9/16, 5/8, 11/16, ¾, 13/16, and ⅞-in. sizes.
84 C 4890—Ship. wt. 4 lbs. . . . . Complete Set $4.95

New "Functional-Design" Wardmastr Wrenches

NEW WARDMASTR "FUNCTIONAL DESIGN" WRENCHES . . . HANDLE JOBS ORDINARY TOOLS CAN'T REACH

WARDMASTR THE NEWEST NAME IN FINE HARDWARE designates Wards top quality. It is your assurance of the finest available at a savings. All Wardmastr items feature the very finest in design, construction and workmanship, yet cost less than most other nationally-known brands. The wrench sets listed below and other selected hardware items in this catalog including pliers and screwdrivers on opposite page are the first of the new Wardmastr line — others will be introduced soon . . . watch for them.

1 TO 4 WARDMASTR "FUNCTIONAL DESIGN" WRENCHES get into places usually considered inaccessible . . . achieve a versatility never before possible. Box wrench heads are tapered, slightly recessed for fast slide-on fit and precision broached at 10° angle. New "straight-handle" design (Patent Pending) gets into confined spaces that ordinary flat wrenches can't reach. Basic strength is centered where needed most—at base of wrench head. Exceed rigid Fed. Specs. GGG-W-636 for strength—tested up to 1½ times stronger than other name-brand wrenches. Longer handles for extra leverage. Forged of special alloy steel, chromium over nickel plated. Polished heads, distinctive electro-etched name panels. All sizes matched, perfectly balanced. Sets in plastic zipper pouches. Fully guaranteed—will be replaced free if found defective.

SHORT BOX END WRENCHES 2.39 4-Pc. Set

1 WARDMASTR DESIGN. See details above. Short handles for close-quarter work on manifolds, starters, water pumps, universal joints, etc. Accurately broached 12-point heads give sure non-slip grip. Includes sizes: ¼–5/16, 3/8–7/16, ½–9/16 and 5/8–¾ in. Ship. wt. 8 oz.

84 C 6019—⅛-pt. Brass tank.

29 ALCOHOL TORCH FUEL. 1-pt.
84C6020–For (26), (27), (28). Wt. 1 lb.

WARDS MASTER QUALITY PRECISION-MADE TAP AND DIE SETS 5.95 TO 38.50

Professional-type sets of tough steel construction. Hardened and tempered cutting teeth for longer wear, easier cutting. Designed to cut accurate and uniform internal or external threads. Taps and dies machined from tool steel.

Dies held firmly in guide stock by tapered screws, assuring correct alignment of die on work. All sets include taps, round dies, strong tap and reamer wrench. With polished rust-resistant finish.

30 40-PIECE COMBINATION SET. 17 CUTS. With hardened, tempered cutting edges. Has adjustable die stock. Set includes carbon steel taps, round 1-in. split dies, T-tap, thread gauge, screwdriver. Unbreakable plastic carrying case—lightweight for easy handling, recessed to hold parts.

Size of cuts: NC (USS) ¼-20, 5/16-18, ⅜-16, 7/16-14, ½-13, NF (SAE) ¼-28, 5/16-24, ⅜-24, 7/16-20, ½-20. Machine Screws 4-36, 6-32, 10-24, 8-32, 10-32, d2-24, ⅛-inch pipe.

84 C 5535—Wt. 4 lbs. $2.50 Dn. . . Cash $20.50

31 25-PIECE COMBINATION SET. 11 CUTS. Complete set includes strong adjustable tap wrench, five matching 1-inch solid round dies and five taps with hardened, tempered cutting edges, solid die stock. Packed in sturdy, recessed hinged wooden box for easy carrying and storage.

Cuts cleanly, accurately the following threads: NC (USS) ¼-20, 5/16-18, ⅜-16, 7/16-14, ½-13; NF (SAE) ¼-28, 5/16-24, ⅜-24, 7/16-20, ½-20, ⅛-inch pipe.

84 C 5526—Ship. wt. 6 lbs. $11.45

13-PIECE SET. 5 CUTS. Construction is similar to set (31) listed above but has different cut sizes as follows: NC (USS) ¼-20, 5/16-18, ⅜-16, 7/16-14, ½-13.

84 C 5525—Ship. wt. 4 lbs. $5.95

32 22-PIECE SET. 8 CUTS. With two adjustable die stock—1-in. and 1½-inch split type dies. With matching hardened and tempered taps. Set comes in sturdy, recessed wooden box for easy storage and handling. Size of cuts: NC (USS) ¼-20, 5/16-18, ⅜-16, 7/16-14, ½-13, 9/16-12, ⅝-11, ¾-10. With screwdriver.

84 C 5536 M—Wt. 12 lbs. $2.50 Dn. . . . . Cash $22.75

40-PIECE SET. 18 CUTS. Construction similar to set (32) listed above but with different cut sizes as follows: NC (USS) ¼-20, 5/16-18, ⅜-16, 7/16-14, ½-13, 9/16-12, ⅝-11, ¾-10; NF (SAE) ¼-28, 5/16-24, ⅜-24, 7/16-20, ½-20, 9/16-18, ⅝-18, ¾-16, ⅛-inch pipe. Also with recessed wooden box.

84 C 5537 M—Wt. 17 lbs. $4.00 Dn. . . . . Cash $38.50

SOLID DIE SETS 8.45 TO 19.50

37 DROP-FORGED SOLID DIE SETS. Fast-cutting, accurate dies of tough, drop-forged tool steel cut U. S. Standard Taper right-hand threads. Interchangeable dies cut uniform threads, are held in place by strong plate. Individual guide rings included for each size, except on largest size where stock itself acts as a guide. Lead threads pull die onto pipe for easier start. Guide rings machined to exact sizes. Strong malleable iron stocks with detachable handles. Handles are knurled for firmer grip, easier handling. *Mailable.* Ship. wts. 8 lbs. 4 oz., 14 lbs.

84 C 6220 M—Stock with 3 dies (½, ¾, 1 in.).....$12.75

84 C 6221M—Stock with 5 dies (½, ¾, 1, 1¼, 1½ in.)..... 19.50

38 ECONOMY DIE SET. For the handyman or home mechanic. Solid die stock with two drop-forged, hardened tool steel dies. Threads ½ and ¾-inch pipe. Cuts U. S. Standard taper right-hand pipe thread. Individual guide ring for ½-inch pipe; die stock forms guide for ¾-inch pipe. Leading threads on throat pull die onto pipe or rod—gives easier start. Integral handle is slotted for easier storage. *Mailable.*

84 C 6246 M—Stock with 2 dies (½, ¾-in.) Ship. wt. 5 lbs...$8.45

ADJUSTABLE DIE SETS 15.45 TO 28.50

39 ARMSTRONG-BRIDGEPORT TWO-PIECE ADJUSTABLE DIE SETS. Professional quality. Widely used by skilled plumbers, pipe fitters, etc. Two-piece, drop-forged "Kalorized" tool steel dies are self-feeding, need little pushing effort. Long wearing; cut iron and brass pipe stock quickly and easily; make tight, leakproof joints. These sets can be adjusted to cut under or oversize, shallow or deep. Cut U.S. Standard Taper right-hand threads. New threads can be matched with old threads for precise fitting. Stock itself acts as guide for complete accuracy. Individual guide bushings center stock. Die-stock of malleable iron. Detachable handles for added convenience. With wrench and ½ pt. cutting oil. *Mailable.*

Preformed Wire Rope...Heavy-Duty Hoists

PREFORMED WIRE ROPE—2 TYPES 12½c TO 42c Ft.

Wire Center

Hemp Center

1 2 All Wards Wire rope is guaranteed to meet or exceed Government Specifications RR-R-571A. Improved Plow Steel, 6 strands by 19 wires each—114 helically laid wires. Use only where regular right hand lay is recommended. Safe working load is ⅕ of breaking strain. Not recommended for drilling.

PREFORMED AND INTERNALLY LUBRICATED. Preforming reduces wire fatigue and internal friction—gives greater flexibility. Internal lubrication coats each wire with a protective agent against temperature changes. Lubricant resists internal rust and friction.

(1) WIRE ROPE WITH WIRE ROPE CENTER. Strong construction because of wire center, yet flexible due to preforming. Use for earth moving equipment, shovels, logging, mining, etc. Shipped promptly from Factory near Chicago. Prepaid on 200 lbs. or more.

84 C 9629 F—*State diameter and number of feet wanted.*

Diam. In.	Drum Diameter Recom.	Drum Diameter Minimum	Breaking Strength	Ship. wt. 100 Ft.	1 to 99 Ft. Per Foot	100 Ft., up Per Foot
⅜	17 in.	9 in.	13,120 lbs.	25 lbs.	19c	17½c

ALL WARDS CHAINS MEET OR EXCEED U.S. GOVERNMENT SPECIFICATIONS 3½c TO 84c Ft.

All chains listed below have been tested for maximum strength and are guaranteed either to meet or exceed rigid Government Specifications RR-C-271A. All Wards chains are tested in these four important ways: (1) Breaking strength, (2) Weight, (3) Material and (4) Overall workmanship. Recommended working load on all chains should be no more than 25% of breaking strain stated below.

35 SINGLE JACK CHAIN. For hanging pictures, signs, etc. Size 16 breaking strain is 30 lbs.; size 14 is 55 lbs.

David White Levels and Transits...Only 10% Down

David White surveying instruments have an international reputation for precision, accuracy, and high quality. Only the finest of materials are used and they are manufactured with highest degree of skilled craftsmanship. Their long tradition of precision workmanship, combined with most recent developments in the field of optics, results in surveying instruments that meet the highest standa... of the engineering profession the world over. Anyone can learn to survey accurately with a Da... White without previous experience—each instrument includes a FREE simplified instruction ma...

NEW 10-POWER FARM LEVEL 39.95

[1] Reliable David White instrument at an unusually low price. For landscape work, erecting small buildings, etc., where extreme accuracy is not required. Erecting type 10-in. telescope. Fixed cross hairs. Color corrected lenses. Graduated 2½-in. spirit level. 4½-in. diam. circle graduated in degrees, numbered in quadrants (0–90–0). Reinforced base, leveling and clamp screws. Rust-resistant finish. With plumb bob, tripod, hardwood box. *Mailable.* Ship. wt. 14 lbs.
84 C 6451YO—$4.00 Down. .or Cash $39.95

CONVERTIBLE FARM LEVEL 69.95

[2] Practical combination instrument for running precise levels or taking vertical angles from the same set-up. Lay out farms, roads, irrigation, small buildings, etc. Level transit has 10-power, 10-in. telescope—image appears right side up. Cross hairs fixed in focus. Color-corrected lenses for brighter image. .874-in. objective lens; gives 50% larger, brighter field. Rack and pinion adjustments on top of instrument for more critical focusing. 2½-in. graduated spirit level.

Vertical angles are laid or read off on 2¼-in. vertical arc, graduated in degrees and numbered both ways. Fixed pointer on vertical arc, 4½-in. horizontal circle graduated in degrees with vernier to 10 minutes; with clamp and tangent screw. Reinforced base has leveling and clamp screws, shifting center for smoother leveling. Gray-crackle enamel finish. Rust-resistant alloy standard and base. With plumb bob, tripod, hardwood carrying case, easy-to-follow instructions. Ship. wt. 14 lbs. *Mailable.*
84 C 6453 YO—$7.00 Down...or Cash $69.95

[3] 3-IN. JEWELED COMPASS. Marked in degrees, quadrants. Reversed East-West markings. Brass case. Fits (1), (2) only.
84 C 6464—Ship. wt. 12 oz.....$12.50

BUILDERS' LEVEL 149.50

[4] Exceptionally accurate Dumpy Level—meets the precision needs of contractors in laying out buildings, road work . . . also for farm use. Dustproof 25-power, erecting type 12-in. telescope with color corrected lens.

Telescope, vertical supports, horizontal bar and vertical spindle all of sturdy 1-pc. construction. 4-in. horizontal circle graduated in degrees, engraved in quadrants. Vernier reading to 5 minutes. 5-in. spirit level graduated 60 to 120 seconds. All-steel rust-resistant center. 4 leveling screws. With plumb bob, tripod, carrying case, instructions. *Mailable.* Wt. 26 lbs.
84 C 6460 YO–$15.00 Dn...Cash $149.50

2-IN-1 LEVEL TRANSIT 195.00

[5] David White's most popular instrument, designed for heavy-duty contractor's work. Level converts to transit. Dustproof 25-power erecting type 12-in. telescope with color corrected lens. Vertical arc 4¼-in. diameter, reading to degrees. Easy-to-read 5-minute vernier. Standards cast integral with standard base. Extra-heavy leveling head with shifting centers, trivet style. Horizontal circle 4¼-in. radius, silvered. Divided to degrees, numbered from 0 to 90 in quadrants, and vernier to 5 minutes. Ball bearing race, steel center and end thrust adjustment. With plumb bob, tripod, hardwood case, complete operating instructions. *Mailable.* Ship. wt. 20 lbs.
84 C 6463 YO—$19.50 Dn.Cash $195.00

[6] JEWELED COMPASS. Marked in degrees, quadrants. Reversed East-West markings. Case. Fits (5).
84 C 6472—*Mailable.* Wt. 1 lb...$17.50

PROFESSIONAL SURVEYORS' TRANSIT 625.00

[7] Extremely accurate—meets specifications of Engineer Corps, U. S. Army. Recommended for precise survey work. 20 power, internal focusing, 10½-in. telescope—image appears right side up. 1.33-in. diameter lens gives large, clear field. Stadia wires fixed, 1:100 ratio. Coated, color corrected lenses increase image brightness. Horizontal limb is 5½-in. diameter, graduated to ½ degrees. Two opposite double-direct reading verniers to 1 minute. Vernier sealed with glass covers. Two spirit levels. Covered leveling screws.

Vertical circle 4½-in. diameter, graduated to ½ degrees. Double-direct reading vernier to 1 minute. 3¾-in. gold plated compass needle; moisture-proof compass box. Hand fitted hard bell metal center. With trivet points, sunshade, plumb bob, magnifying glass, adjusting pins, screw driver, oil can, brush, waterproof cover, fitted mahogany case, split leg tripod. Shipped promptly by Express from Factory in Milwaukee, Wisconsin. Ship. wt. 28 lbs.

HOME FIRE ALARM . . . FIRE EXTINGUISHERS COMPLETE WITH CHARGE 95c TO 28.95

CLASSES OF FIRES. Extinguishers are rated according to types of fires against which they are most effective: Class A, wood, rubbish, textiles, paper fires; Class B, oil, gasoline, grease, or other flammable liquids; Class C, electrical fires. Chemicals which put out one type of fire may encourage another or endanger the user—check your needs carefully before buying or using an extinguisher. All extinguishers except (18) are Underwriters Laboratories and Factory Mutual approved.

[17] EDWARDS HOME FIRE ALARM. Mount signal unit in or near bedroom, mount detectors in ceiling near furnace, in storage areas or garage and connect with bell wire. When temperature rises above 140°F alarm bell rings. Test by pressing test button. UL listed detectors are reusable, cover area upto 400 sq. ft. Order extra detectors separately below. Includes: signal unit, 2 detectors. Instructions. For 110–120 volts 60 cycle AC. *Mailed Postpaid.*
84 CP 8618—$2 Down....Cash $19.95
EXTRA DETECTORS. For (17).
84 CP 8619—*Postpaid*.....Ea. $3.50

[18] BLAZE-OUT EXTINGUISHER. For all small fires. 16-oz. of carbon tetrachloride charged with CO_2, shoots 12-ft. stream. Wt. 1 lb. 8 oz. ea.
84 C 8601—Each 95c.....3 for $2.75

[19] [20] CARBON DIOXIDE EXTINGUISHERS. For Class B and C, or small Class A fires. CO_2 won't damage furniture or fabrics. For use in kitchens and acetone fires. Does not conduct electricity—charge won't freeze. Easy to use, no pumping required—just direct on fire and squeeze grip. Recharge at any local carbonic plant. *Not Mailable.*

(19) 2½-LB. SIZE. With wall bracket.
84 C 8620 R—Ship. wt. 13 lbs.....$17.50

(20) 5-LB. SIZE. With wall bracket. $3 Dn.
84 C 8621 R—Ship. wt. 19 lbs.....$28.95

[21] QUICK-AID PRESSURE VAPORIZING LIQUID TYPE. For Class A, B, C fires. See "classes of fires" above. 150 lbs. of pressure expels 30-ft. stream when grip is squeezed—no pumping necessary. 1-quart size. Pressure gauge quickly shows condition of charge. Handy wall bracket included. *Mailable.*
84 C 8604 M—Ship. wt. 9 lbs.....$14.95

[22] [23] QUICK AID VAPORIZING LIQUID TYPE. For Class A, B, C fires. 2-way pump throws 20–30-ft. stream. Won't freeze or injure fabrics. *Mailable.*

(22) 1-QUART SIZE. With wall bracket.
84 C 8606 M—Ship. wt. 9 lbs.....$9.95

(23) 1½-QUART SIZE. With truck bracket.
84 C 8603 M—Ship. wt. 10 lbs.....$12.75

[24] REFILL for (21) (22) (23). 1 quart.
84 C 8607—Ship. wt. 4 lbs.....95c

[25] NEW PUSH BUTTON PYRENE FIRE EXTINGUISHER. For Class A, B, C fires. 1-pint of Pyrene under pressure, shoots stream 15 ft. Won't freeze, not harmful to fabrics. Attractive brass shell, red plastic top. Recharge at gas station or garage. 1-Pint size. Ideal for use in car or home. Order refill below. *Mailable.*
84 C 8623—Ship. wt. 3 lbs. 8 oz....$6.45
PYRENE REFILL. For (25). 1 pint.
84 C 8624—Ship. wt. 2 lbs.....79c

[26] QUICK-AID SODA ACID TYPE. 2½-gal. capacity. Effective against Class A wood or rubbish fires—not for Class B or C fires. Invert to operate—throws 40-ft. stream. Do not allow to freeze. Heavy 500-lb. test brass tank, won't rust. With wall bracket, charge. *Not Mailable.* Ship. wt. 18 lbs.
84 C 8608 R....$22.95

[27] SODA ACID REFILL. For (26) *Not Mail.* 2½ gal. Wt. 3 lbs.
84 C 8609 R.....55c

[28] QUICK-AID FOAM TYPE. 2½-gal. For Class A and B fires. Invert to operate. Throws 30-ft. stream. Produces gallons of fire smothering foam, covers fire with foam—shuts off oxygen. Recharge annually. Heavy brass 500-lb. test tank. Wall bracket and charge. *Mailable.* Wt. 19 lbs. $2.50 Down on Terms.

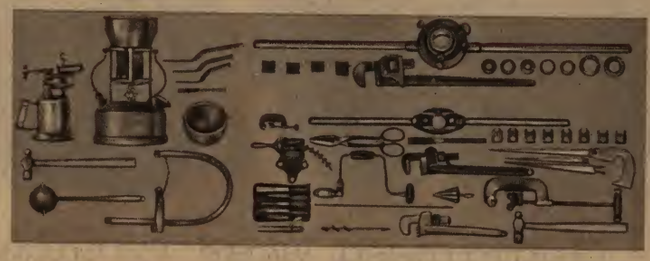
Do it Yourself or Hire it Done...Either Way Wards Help You

IF IT IS PLUMBING OR HEATING WARDS HELP YOU 7 WAYS

1. FREE "HOW-TO-DO-IT" BOOKLETS. Help you decide how much to do yourself; help you plan, select, install. Clear, simple language and illustrations. Thorough and to the point. Three subjects: a) "Plumbing Simplified"; b) "Running Water for Farm and Country Home;" c) "Kitchen Planning." Use coupon below, or pick up booklet desired at any Ward Catalog Office.

2. COMPLETE OWNERS' GUIDES FOR SPECIFIC MERCHANDISE. Details of installation, operation, maintenance. Clear, concise and thorough. Included with Ward merchandise. (Also, free on request, if you want more information on item before purchasing. Write your nearest Ward Mail Order House, indicating Guide wanted.)



3. TOOL LOANING SERVICE. Nearly any man handy with tools can install Ward plumbing and heating equipment. Wards loan tools for installing Ward equipment. Order sets needed, in usual way. Remit deposit indicated below (or include in Monthly Payment Order). Refunded (or credited) in full upon return of tools within 60 days. All you pay is transportation one way.

81 C 2480 RV—FOR STEEL PIPE TO 1 IN. AND COPPER TUBE. Ship. wt. 95 lbs... $80.00

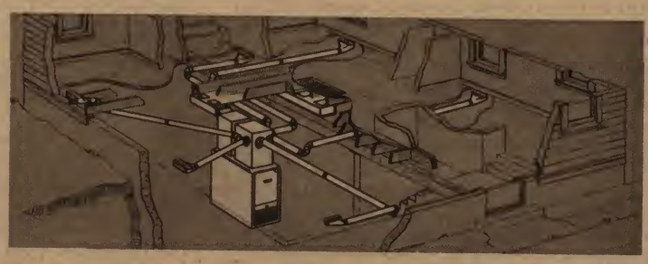
81 C 2481 RV—FOR STEEL PIPE TO 2 IN. AND COPPER TUBE. Ship. wt. 150 lbs... 100.00

81 C 2482 RV—FOR CAST-IRON SOIL PIPE. Ship. wt. 56 lbs..... 45.00

81 C 2483 MV—FOR WARM AIR FURNACE INSTALLATIONS. Ship. wt. 13 lbs.... 20.00

4. ENGINEERING SERVICE. Ward engineers will advise you on the layout, selection and installation of Ward equipment for *Water Supply, Plumbing, Heating, Ventilating and Central Air Conditioning*—whether for new system, or modernization or extension of old. Write the Engineering Service Dept. at nearest Ward Mail Order House (except on air conditioning) requesting estimate blank. Outline proposed project in letter. On Central Air Conditioning, customers in Wards St. Paul territory write St. Paul, all others to Chicago, Wards Engineering Dept.

5. CONVENIENT PLANNING BLANKS. You don't need to be a draftsman to use them. Free on request. Use as basis of Engineering Dept. estimates or independently. ("Kitchen Planning" booklet, coupon below, includes special planning blank.)



6. SIMPLICITY IN MERCHANDISE DESIGN. Ward engineers insist on maximum practicable simplicity, for ease of planning and installation. Outstanding examples of this simplicity are the *Forced Warm Air Heating Systems* with 4½-in. aluminum pipe and the soldered-joint *Copper Plumbing Drainage System* on Page 852. Almost any man handy with tools can install them with very little help.

7. QUALITY, SAFETY, ECONOMY MAINTAINED. Ward equipment, made by the leading manufacturers, must conform to generally recognized codes, to industry standards, and to the strict requirements of Wards own modern testing laboratory. Wards will not yield on these points even for simplicity, or for false economy. All Ward merchandise is guaranteed—satisfaction or your money refunded.

PAY AS CONVENIENT...CASH OR BY THE MONTH

SPECIAL DEFERRED HEATING TERMS. To enable you to install heating improvements during the off-season, Wards offer special terms on this equipment. Order any time after April 15, with *no down payment.*

Up to Oct. 1 you have your choice of paying cash in full with *no carrying charge*, or starting regular Monthly Payments.

For scale of Monthly Payments, see Inside Back Cover of this Catalog or inquire at a Ward Catalog Office. If you prefer, you may arrange financing through your local bank, or other suitable agency.

ONLY $5 DOWN, $5 MONTHLY ON MANY ITEMS. Special terms apply to Water Heaters, Water Softeners, Kitchen Sinks, Garbage Disposers and Evaporative Coolers. Pay as little as $5 Down if price is not over $200; pay $10 Down if price is over $200. You may take as long as 24 months to pay balance on the higher priced items in these groups.

REGULAR MONTHLY PAYMENT PLAN. Other plumbing, heating and ventilating equipment 10% Down; balance Monthly. See Inside Back Cover for details of Wards convenient Monthly Payment Plan.

REPAIRS...SERVICES

REPAIR SERVICE AND PARTS. See Page 958 for complete information on this important subject.

WAREHOUSE AND FACTORY SHIPPING. In addition to nine regular Mail Order Houses, Wards ships many items from warehouses and factories, often saving you transit time and reducing freight charges.

SAVE MORE AT CATALOG OFFICES. Delivery charges often less when you order and call for merchandise there. Save money order fees, letter postage, too. Get special booklets; see swatches. Check Metropolitan Delivery, too, for savings. See Pages 954, 955.

CENTRAL AIR CONDITIONING AT MODERATE PRICES

Make your home, office or shop doubly comfortable by cooling it in the Summer as well as heating it in the Winter. In addition to cooling, summer air conditioning has many advantages:

Filtered air means less dust and dirt—keeps house cleaner. House is quieter, more restful because windows and doors are kept closed. Low humidity reduces mildew, rust and dampness.

Wards Central Air Conditioner is available in 2-, 3- or 5-ton sizes for houses up to 8 rooms (or equivalents in other type buildings). Can be installed in any of 3 ways: 1) in conjunction with furnace of present forced-air heating system, using same ductwork and with cooling and heating controlled by same thermostat; 2) as separate unit with separate duct work and controlled independently of heating system; 3) as free-standing unit, without ducts, grill and register mounted on unit.

Picture (B), left, shows unit ready for connecting ducts. Picture (A) shows free-standing unit with grill and register attached; method often used in offices, stores, shops.

Wards will furnish a complete list of equipment and materials with prices and layout. Write to Wards Engineering Dept. at Chicago. (St. Paul customers write to St. Paul.) No charge.

FACTS ABOUT WARD WINDOW FANS . . . HOW TO DETERMINE SIZE OF WINDOW FAN

Window Fans offer an effective method of cooling, ventilating, freshening bedrooms, kitchens, offices, apartments—any area of moderate size, or where it would be impractical or too costly to install built-in ventilating and cooling equipment.

Ward Window Fans are designed for easy, quick installation. Require no special tools or skill. Easily moved to different location at any time. Small sizes (7), (8) also make quickly-installed exhaust fan for kitchens, bathrooms—install in upper window sections. (Built-in Kitchen Fans on opposite page.)

Fans on this page are smartly designed with attractive steel frame and grill. Shadow-Gray baked-on enamel finish—blends with any decorating scheme. Automatic Timer (A) optional on some fans—attaches easily to fan; permits automatic shut-off up to 20 hours after fan is started. No getting up at night to shut off fan. Just set it and forget it.

NAFM capacities given on Ward fans are *Certified* by National Association of Fan Mfrs.—include only air moved *through* fan. NEMA-rated capacities include air circulated *around* fan as well as through it. Instructions included. See "How to Determine Size" below.

HOW TO DETERMINE SIZE WINDOW OR ATTIC FAN. In South, change air every 1 to 1½ minutes; in North, every 2 or 3 minutes. Multiply length by width by height of each room to be cooled (in feet) and total. Do not include basement. Divide by minutes per air change. Order fan of equal or greater cubic foot per minute capacity

MONTHLY TERMS ON INSIDE BACK COVER

BIG, HOME-COOLING ATTIC FANS . . . CAPACITIES CERTIFIED 72.95 TO 98.50 Until March 31

30 31 In only 1 or 2 minutes a Ward Attic Fan drives out the day's accumulation of hot air; draws in cool, fresh night air. With the following important features.

AIR MOVEMENT CAPACITIES CERTIFIED by National Association of Fan Mfrs.—see "Facts . . ." at top of opposite page.

DEPENDABLE TORRINGTON FAN. Rotates slowly. Quiet. Four steel blades.

HEAVY 1-PIECE STEEL FRAME. Steel brackets firmly support motor and blades.

QUIET, RUBBER-MOUNTED MOTOR. With built-in control for protection against overload. No radio or TV interference. For 110- to 120-volt, 60-cycle AC.

Either type fan requires wall louvers or shutters, or open windows in attic or upper story for escape of hot air. In addition, ceiling grill or shutter is required for most installations—see (33) at right. Small views above show typical installations of (A) Upright Fan, and (B) Ceiling Fan. See "How to Determine Size" on opposite page. Ceiling Fans (31) are about 18 in. deep. Order fans from table at top of next column. Instructions. 10% Down.

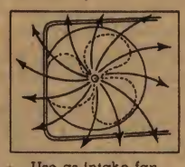
Choose from 26 Portable Electric Circulators and Fans.

Easy portability.

Use as exhaust fan.



Use as intake fan.

WARDS REVERSIBLE WINDOW FANS .... REDUCED $3 TO $28 FROM FALL 24.50 TO 59.5

1 TO 4 USE IN WINDOW WITHOUT INSTALLING. In one position they draw in cool, outside air; in the other they expel hot, inside air; always circulate fresh air over a wide area. Mounting adapters for sash windows included with (1) (2) (4). To reverse from exhaust to intake, simply turn them around in the window, (except two fans listed under (4) which reverse electrically at flip of a switch). Powerful, 2-speed motors are mounted on rubber for whisper-quiet performance. Two-tone gray enameled steel bodies; protective grill-guards front and back; rubber feet. Air capacities certified—include air circulated through and around fan. Choose a fan to fit your particular need at Wards money-saving prices.

(1) 12-INCH TWIN FAN FOR SASH OR CASEMENT. Hanger for installing in casement window included. Set on sill of sash window; use on floor or table. Grills front and back protect fingers. Two 3-blade fans move 2560 cu. ft. of air per min. on High. Change air in 2 average rooms every 2 minutes. 27x14¾x7½ in. deep. Just $4.50 Down.

86 C 2591MO—Ship. wt. 25 lbs. Was $47.50...Cash $44.50

(2) 3-BLADE, 12-INCH FAN FOR SASH OR CASEMENT. Like (1) but one fan only. Moves 1280 cu. ft. air per min. on High; 800 on Low. Changes air in one average room every 2 minutes. 13½x14¾x7½ in. deep. Handy size for use as table or floor fan, too. Just $2.50 Down.

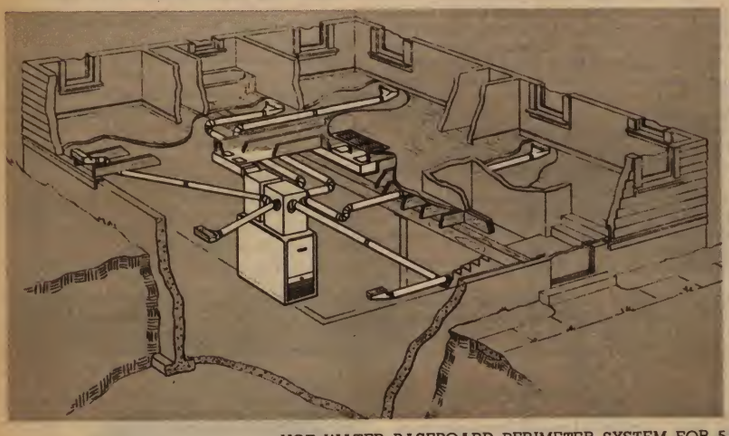
TYPICAL LOW COST OF COMPLETE SYSTEMS . . . FORCED WARM AIR PERIMETER SYSTEM FOR 5-ROOM HOUSE . . . 346.69 with Gas-Fired Furnace



5-ROOM GAS-FIRED FORCED AIR SYSTEM. Includes: 1 Gas-Fired Forced Air Furnace (68,000 BTU output) with Controls (see (C), above); 1 Plenum Chamber (20x20 in.); 1 Plenum Chamber (16x20 in.); 6 Take-Offs.

9 lengths Round Pipe (10 ft. by 4½-in. diam.); 24 Pipe Connectors; 12 Pipe Hangers; 2—45° Angles; 2—90° Elbows; six—180° Elbows; 5 Elbow Boots; 1 End Boot.

1 Starting Collar (18x8 in.); 3—32-in. lengths of Square Duct (18x8 in.); 3 Duct End Caps (18x8 in.); 1 Metal Sheet (32x96 in.); 1 Floor Grill (10x30 in.); 2 lengths Vent Pipe (5-in. diam.); 2—vent pipe Els. 6 Floor Diffusers.

Completes 6 separate warm air runs. See diagram at left for typical installation.

TOTAL PRICE.....$346.69

6-ROOM GAS-FIRED FORCED AIR SYSTEM. Like above except with 7 Floor Diffusers and necessary additional fittings to complete 7 separate warm air runs.

TOTAL PRICE.....$360.87

5-ROOM OIL-FIRED FORCED AIR SYSTEM. Includes: 1 Oil-Fired Forced Air Furnace (80,000 BTU output) with Burner and Controls; 1 Plenum Chamber (20x20 in.); 1 Plenum Chamber (16x20 in.); 6 Take-Offs; lengths Round Pipe (10 ft. by 4½-in. diam.

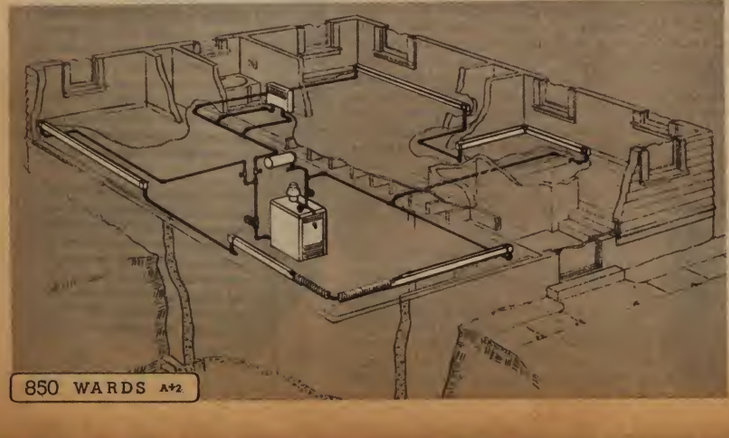
24 Pipe Connectors; 12 Pipe Hangers; 2—Angles; 2—90° Elbows; six 180° Elbows; Elbow Boots; 1 End Boot; 1 Starting Collar (18x8 in.); 3—32-in. lengths of Square Duct (18x8 in.); 3 Duct End Caps (18x8 in.); Metal Sheet (32x96 in.); 1 Floor Grill (10x30 in.); 2 lengths Vent Pipe; 2—90° Elbows; vent pipe; 1 Oil Storage Tank (275 gals.); Oil Tank Installation Kit; 1 Oil Tank Gauge; 1 Oil Line Filter; 6 Floor Diffusers. Completes 6 separate warm air runs.

TOTAL PRICE.....$

6-ROOM OIL-FIRED FORCED AIR SYSTEM. Like above except with 7 Floor Diffusers and necessary additional fittings for 7 runs.

TOTAL PRICE.....$

HOT WATER BASEBOARD PERIMETER SYSTEM FOR 5-ROOM 1-STORY HOUSE . . . 559.50 with Gas-Fired Boiler



5-ROOM GAS-FIRED HOT WATER SYSTEM. Includes: 1 Gas-Fired Boiler (72,000 BTU input) with Controls (see (B), above); 2 lengths Vent Pipe (5-in. diam.); 2—90° Vent Pipe Elbows; 1 Room Thermostat; 1 Hot Water Circulating Pump; 1 Compression Tank; 1 Combination Filler and Relief Valve; 163 ft. of Steel Pipe with assorted Elbows, Tees, Couplings, Nipples, Unions, Valves, Bushings and Plugs for connecting system. Finned Steel Heating Elements 1-in. pipe size (2—4-ft. lengths, 6—6-ft. lengths, 1—8-ft. length) with equal lengths of Front and Back Baseboard Panels and Panel End Pieces and Corner Pieces; 1 Convector Cabinet Radiator (for use in kitchen or bathroom where wall space may be insufficient for baseboard units). System provides total radiation of 210 sq. ft.

TOTAL PRICE.....$559.50

6-ROOM GAS-FIRED SYSTEM. Like above except with additional Heating Elements, Panels, Pipe, etc. Total radiation 245 sq. ft.

TOTAL PRICE.....$599.50

5-ROOM OIL-FIRED HOT WATER SYSTEM. Includes: 1 Oil-Fired Boiler (A, above) with Burner (1 GPH nozzle size), Combustion Chamber and Controls; Automatic Draft Regulator; 1-Oil Storage Tank (275 gals.); Tank Installation Kit; Tank Gauge; Oil Filter; lengths Vent Pipe (8-in. diam.); 2—90° Vent Pipe Elbows; 1 Room Thermostat; 1 Circulating Pump; 1 Compression Tank; 1 Combination Filler and Relief Valve; 163 ft. of Steel Pipe with assorted Elbows, Tees, Couplings, Nipples, Unions, Valves, Bushings and Plugs for assembling system; Finned Steel Heating Elements 1-in. pipe size (2—4-ft. lengths, 6—6-ft. lengths, 1—8-ft. length) with equal lengths of Front and Back Panels and Panel End Pieces and Corner Pieces; 1 Convector Cabinet Radiator. Total radiation of 210 sq. ft.

TOTAL PRICE.....$

6-ROOM OIL-FIRED SYSTEM. Like above except with additional Heating Elements, Panels, Pipe, etc. Total radiation 245 sq. ft.

TOTAL PRICE.....$

Equipment for All Needs

GAS-BURNING WALL HEATERS 57.95 TO 109.50

(D) (E) Especially well suited for heating compact areas, such as small cottages and apartments, motel units, offices, small shops.

Vented circulating type—provides gentle circulation of warmed air. Single heaters (D) excellent for heating an addition of 1 to 2 rooms or added home shop or garage, which would be beyond the capacity of the central heating plant; or where extensions of central system would be impracticable or too costly.

Dual heaters (E) are for walls between two rooms—will heat up to 3 rooms. When the house or space to be heated exceeds the capacity of one Wall heater, write to Wards Engineering Service Dept. giving full details with sketches before ordering. Approved by AGA. Fit into 2x4-in. stud wall. Heaters project 4¾ in. from wall.

Safety pilot stops ALL gas if pilot light dies. No exposed flame. Drilled-port cast-iron burner. Steel combustion chamber porcelain enameled inside and out. Shadow gray porcelain enameled steel front panel with louvers. For venting use Oval Pipe (K), Oval Pipe Adapter Set (L) plus other Metalbestos fittings listed below on this page.

Needs no electric connections. *For Natural Gas from city mains or Liquefied Petroleum (bottled) gas only.* Write for prices of heaters for manufactured or mixed gas. Gas inlet tapped ⅜-in. pipe size.

Heaters 81 C 5775, 5776 and 5777 require wall opening 41½ in. long by 14⅜ in. wide; all others 49 in. long by 14⅜ in. wide. "F" at end of Catalog Number means heater shipped to you from Factory near Clarksburg, West Virginia. Pay freight from there. Others shipped from Stock in Albany House. Allow Factory 1 week extra plus transit time. Order early and save. *Deduct 5% from prices if ordered before June 30.*

MORE COMPLETE LISTINGS OF WARDS HEATING EQUIPMENT in free Heating Circular. Send coupon at bottom of page. For help in planning or selecting equipment write Engineering Service Dept. at nearest Ward House.

AUTOMATIC GAS-BURNING FLOOR FURNACES 84.95 TO 119.50

(G) Self-generating—no connection to any other electrical source required. Automatic controls provide clean, even, economical heat. Approved by the American Gas Association. Excellent for heating small homes.

Suspend through opening in floor; furnace is out of sight except for grill. No basement needed—can be cleaned and serviced from above. One furnace heats up to 4 rooms. Floor grill serves as heat register and cold air return. Outside casing is galvanized steel.

Safety pilot shuts off ALL gas to burner and pilot if pilot flame goes out. Drilled port cast-iron burner. Heavy rust-resistant steel combustion chamber with observation cap. Brown enamel finish on steel floor grill.

Includes draft diverter and instructions. Vent pipe not included (see Page 866). Gas inlet ½ in. For natural or mixed gas from city mains or for liquefied petroleum (bottled) gas. Heating capacities stated are for average house with outdoor temperature as shown in table. Complete specifications in table below. No.'s 81 C 5846, 5847 and 5848 shipped promptly from Factory in Pittsburgh, Pa.; pay freight charges from there; see Page 970. *Deduct 5% if ordered before June 30.* Special Terms below.

INSTALL IN OFF-SEASON; PAY LATER

Wards offers especially liberal terms on heating equipment during the "heating installation" season from April 15 to October 1.

Order a new furnace, boiler, piping system or whatever you need to complete or modernize your heating system and pay nothing until Oct. 1. Then start regular monthly payments. Take up to 18 months on orders totaling $90 or more. Minimum monthly payment $5. See table of Monthly Payments on Inside Back Cover.

Wards regular Monthly Payment Plan applies before Apr. 15 and after Oct. 1, with 10% Down; the balance monthly. Make your own installation and save. See Wards helps Page 845.

FREE HEATING CIRCULAR

Contains a wide selection of Wards Heating Equipment as well as valuable information to help plan and install a new system or modernize present system.

Includes: Warm Air Furnaces, Diffusers, Registers, warm air Pipe and Fittings; Boilers, Baseboard, Slim Tube and Convector Radiators for hot water or steam systems; Conversion Burners; Controls; Accessories; Portable Electric Heaters and Stoves for space heating. Many helpful diagrams for planning.

For your free copy send coupon, at right, to nearest Ward Mail Order House or ask for one at a Ward Catalog Office.

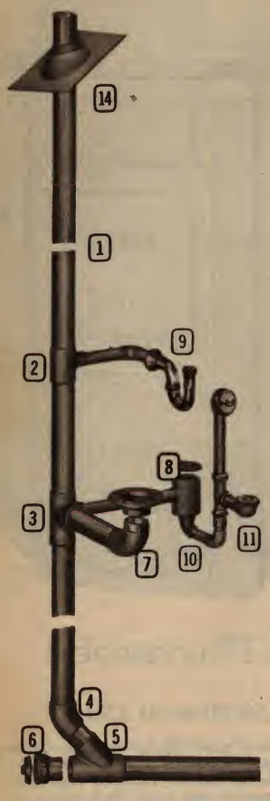
Easy-to-Install Copper



BASIC COPPER SYSTEM. For 1-story house. Includes: one 20-ft. length of 3-in. diam. copper pipe (1); 3x1½-in. Tee (2); Sanitary T with Right or Left side inlet (right shown); Picture (3); 3-in. Eight Bend (4); 3x3-in. Y Branch (5); 3-in. Cleanout with Plug (6); Closet Bend with Flange (7); Drum Trap with Cover (8) and Roof Flashing (14). Ship. wt. 63 lbs.

81 C 4474 R—Right T Inlet. . . $79.95
81 C 4473 R—Left T Inlet. . . . 79.95

COMPLETE BASIC SYSTEM 79.95

LIGHTWEIGHT. Easy to lift, assemble.

SIMPLE SOLDER JOINTS. No calking.

FAST INSTALLATION. Less labor cost.

FITS 2x4 PARTITION. No wall furring.

Copper drainage system is excellent for the "do-it-yourself" installer; also saves time of hired labor. Pipe and fittings are lightweight, about ⅓ as heavy as iron —easy to lift, join and adjust.

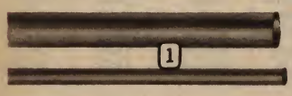
In many cases, parts of system can be pre-assembled on floor or work bench for easier handling, then lifted easily into position.

Joints quickly made with wire solder and blow torch—see below, at left. No calking irons, lead, pots, joint runners required. Soldered joints can easily be made strong, durable and water-tight. To fit pipe simply cut to desired length with hack saw.

Copper stack has no protruding hubs. Fits into standard 2x4-in. stud partition —no wall furring or special deep partitions required. Copper pipe has smooth, full-flowing waterways to resist clogging; corrosion. Never rusts.

Use pipe and fittings listed below for stack; waste and vent lines. Also for horizontal runs above ground as in crawl space under house or suspended drain in basement. Do NOT bury under ground. Pass through basement wall or foundation with cast-iron soil pipe—then continue sewer line to septic tank or street with solid fiber or cast-iron pipe.

Join 3-in. diam. copper pipe to 4-in. diam. cast-iron pipe with adapter (15). Adapter (16) connects 1½-in. diam. copper pipe to 1½-in. diam. threaded steel pipe. See sketch (A), on facing page, for joining copper to fiber pipe. Basic System, left. Check local code.



1 COPPER PIPE. Use 3-in. diam. for stack; 1½-in. for waste, vent lines.

81C4405R	20-ft. Lgth.		Per Foot	
State size	Ship. wt.	Price	Ship. wt.	Price
3-in.	34 lbs.	$36.95	27 oz.	$1.98

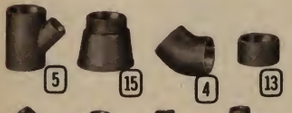
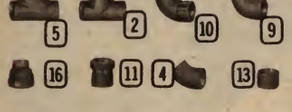
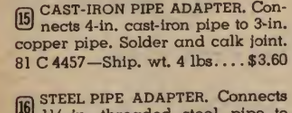
1½ in.	1½ in.	1 lb.	95c



3 SANITARY TEE WITH SIDE INLET. Size 3 in. Inlet 1½ in. (on right or left as you face stack). Ship. wt. 4½ lbs.
81 C 4458—Right Inlet. $7.75
81 C 4459—Left Inlet. 7.75



4 EIGHTH BEND. Turns line 45°.
81 C 4451—*Please state size.*
3-in. diam. Ship. wt. 1½ lbs. $4.20
1½-in. diam. Ship. wt. 10 oz. 60c



5 45° Y BRANCH. See Cleanout below.
81 C 4453—*Please state size.*

Run Size	Branch	Ship. wt.	Price
3 in.	3 in.	3 lbs.	$4.35
3 in.	1½ in.	2½ lbs.	4.35
1½ in.	1½ in.	1 lb.	1.05

15 CAST-IRON PIPE ADAPTER. Connects 4-in. cast-iron pipe to 3-in. copper pipe. Solder and calk joint.
81 C 4457—Ship. wt. 4 lbs. . . . $3.60

16 STEEL PIPE ADAPTER. Connects 1½-in. threaded steel pipe to 1½-in. copper pipe.
81 C 4466—Ship. wt. 4 oz. $1.10

MAKING SOLDER JOINT

1) Cut pipe to required length with hack saw. *Make cut square.* 2) File inside and outside of pipe end to remove burrs, slivers. 3) Brighten outside of pipe end and inside of fitting with steel wool or abrasive cloth. 4) Brush soldering flux around brightened pipe end and inside fitting. 5) Assemble and heat joint uniformly with blow torch. 6) When flux boils apply wire solder to joint crack. When filled, solder will show around joint. Wipe off excess solder. A pound of solder makes about 48 1½-in. joints; 25 3-in. joints.

FREE PLUMBING BOOKLET

Serves as a guide for planning, selecting and installing plumbing. Send coupon on Page 845.

6 CLEANOUT WITH PLUG. Fits 45° Y Branch (5) above.

BASIC CAST-IRON SYSTEM. For 1-story houses. Incl.: (19) With Left or Right Inlet (right shown); Tapped Bend (21) (23), (24), (25), (26), (27), (28), (37), 2 lgths. of (17), 2 lgths. of [illegible]

3-INCH SYSTEM. Ship. wt. 200 lbs.
81 C 4752 R—Right Inlet; 81 C 4751R—Left Inlet. . . . . [illegible]

4-INCH SYSTEM. Ship. wt. 230 lbs.
81 C 4754 R—Right Inlet; 81 C 4753 R—Left Inlet. . . . . $3[illegible]

20 SANITARY TEE. Fits 4-in. diam. closet bend. Side inlet (on left or right as you face stack). *State Stack size.*

SERVICE WEIGHT. Ship. wts.: 3 in., 14 lbs.; 4 in., 16 lbs.
81 C 4717 M—Left Inlet: 3 in. . . . . $4.75; 4 in. . . . . $[illegible]
81 C 4718 M—Right Inlet: 3 in. . . . . 4.75; 4 in. . . . . [illegible]

EXTRA-HEAVY. In 4-in. size only. Ship. wt. 23 lbs.
81 C 4817 MB—Left Inlet. $4.50; 81 C 4818 MB—Right Inlet [illegible]

21 CLOSET BENDS. Diam. 4 in. Inlet center to end 15 in. TAPPED. Both sides tapped for 1½-in. pipe. Wt. 19 lbs.
81 C 4869 M—3-in. stack. . $2.98; 81 C 4893 M—4-in. stack. [illegible]

PLAIN. (Not shown.) Sides not tapped. Ship. wt. 17 lbs.
81 C 4868 M—3-in. stack. . $2.25; 81 C 4892 M—4-in. stack. [illegible]

22 SLOTTED CLOSET FLANGE. Fits closet bends above.
81 C 4890 —Ship. wt. 3 lbs. . . . . [illegible]

23 4- BY 5-IN. DRUM TRAP. Inlet and outlet for 1½-in. pipe.
81 C 4245 M—Ship. wt. 5 lbs. (Order cover 24). . . . . [illegible]

4- BY 8-IN. DRUM TRAP. Side inlet, bottom outlet 1½-in. [illegible]
81 C 4246 M—Ship. wt. 7 lbs. (Order cover 24). . . . . [illegible]

24 DRUM TRAP COVER. Die-cast. Chromium plated top.
81 C 4247 —For 4-in. traps. Ship. wt. 13 oz. . . . . [illegible]

25 CLEANOUT FERRULE. With brass plug. *Please state size.*
81 C 4734 —SERVICE WT. Fits 2-in. pipe. Wt. 2 lbs. . . . . [illegible]
Fits 3-in. pipe. Wt. 3 lbs. 80c; Fits 4-in. pipe. Wt. 3 lbs. [illegible]
81 C 4834 —EXTRA-HEAVY WT. Fits 4-in. pipe. Wt. 6 lbs. [illegible]

26 45° Y BRANCH. Cleanout. *State size.*

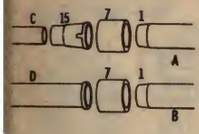
First Quality Fiber Pipe...Easy to Install...Enduring



Typical Changeovers

COMPLETE BASIC SEPTIC SYSTEMS 62.95 AND 90.95

See picture at right. Includes septic tank (12); perforated fiber pipe (11) and crosses (10) for minimum drain field. See drain field requirements at bottom of page. Order extra pipe, crosses as needed.

System Cat. No.	Tank, Gals.	Pipe, Ft.	No. of Crosses	Wt. Lbs.	Price
81 C 4786R	300	100	3	488	$62.95
81 C 4787R	500	150	4	693	90.95

PERFORATED AND SOLID FIBER PIPE FOR DRAIN FIELD, SEWER LINES, ETC.

1 TO 11 Fiber Pipe is easier to install because the lightweight, longer sections (7, 7½ or 8 ft.) are easier to handle, require fewer, simpler joints. No calking or cementing necessary (when joining lengths). Easy to cut odd lengths with saw.

Formed of wood fibers into a solid, seamless tube and thoroughly impregnated with coal tar pitch, for a tough, waterproof, long-lasting, lightweight, unified pipe.

Tests show crush strength exceeds that of farm or "field" tile. Unaffected by acids or usual chemicals in soil or waste. Occasional freezing, or heat to 212°F, will not permanently affect pipe. Both types, Perforated (11) and Solid (1), have 4-in. inside diameter. Total length of your order made up of 7-, 7½- and 8-ft. lengths, at random; no choice. Minimum order 7 ft. of 1 type. *One coupling included with each length.*

Sketch (A), left, shows how to join 3-in. copper pipe (C) and fiber pipe (1). Solder adapter (15), facing page, to copper pipe. Calk fiber adapter (7) to (15) using lead seal (17). Insert (1) into (7). To join 4-in. cast-iron pipe (D) to fiber pipe, see Sketch (B). Calk adapter (7) to (D) with Seal (17) and insert (1) into (7).

1 SOLID FIBER PIPE. (Shown below.) For tight, house-to-sewer or house-to-septic-tank lines, storm drains, etc. Also sub-irrigation conductor and other non-pressure uses outside house. Tapered ends for special root-proof, self-sealing joints.

When joining tapered ends with coupling (8) no calking necessary. To join cut ends use (6) or (7) below, and calk. See sketches A and B and information above to join to copper or cast-iron pipe. Inside diam. 4 in. Check local code before using.

81 C 5002 R—Ship. wt. per ft. 2 lbs. 14 oz.....Per Ft. 38c

2 TO 5 FIBER-TO-FIBER FITTINGS. No calking necessary.

(2) 81 C 5019 M—TEE. 3 hubs. Ship. wt. 3 lbs. 12 oz. $2.80
(3) 81 C 5012 M—⅛-BEND. 1 hub. Ship. wt. 2 lbs. 2 oz..... 1.55
(4) 81 C 5014 M—¼-BEND. 1 hub. Ship. wt. 3 lbs. 6 oz..... 2.65
(5) 81 C 5013 M—WYE. 2 hubs. Ship. wt. 5 lbs. 4 oz..... 3.59

6 JOINING SLEEVE. Joins 2 cut ends of Pipe (1), or cut end to 4-in. iron soil pipe spigot end. Calk both sides.

81 C 5016 M—Fits 4-in. pipe. Ship. wt. 3 lbs. 8 oz.....62c

7 ADAPTER. Joins taper end of Pipe (1) to soil pipe spigot; calk spigot side. Also joins cut end to taper end. Calk cut end.

81 C 5018 M—Fits 4-in. pipe. Ship. wt. 3 lbs.....90c

8 EXTRA COUPLING. Joins taper end to taper end. No calking.

81 C 5011 M—Fits 4-in. pipe. Ship. wt. 1 lb. 6 oz.....31c

9 EXTRA SNAP-COUPLING. Fits perforated pipe (11) and cross (10), below. See picture at right.

81 C 5026 M—Ship. wt. 13 oz.....15c

10 COMPLETE CROSS. For connecting drain field branches; see picture at right. Fits snap-coupling (9) above.

81 C 5027 M—18 by 18 in. Ship. wt. 7 lbs.....90c

11 PERFORATED FIBER PIPE. For septic tank drain field (see picture, right). Also used as footing drains for buildings; draining land; sub-irrigation. Coupling (9) slides onto pipe and cross for firm connection; keeps pipe in line; checks silting. Write Wards Engineering Dept. if more information needed. Table below, left shows amount needed for drain field.

81 C 5006 R—Wt. per ft. 2¼ lbs.....Ft. 26c

STEEL SEPTIC TANK 38.50 300 Gal.

12 Heavy coat inside and out of acid-, rust-resistant asphaltum. No chemicals needed. Inlet and outlet fit 4-in. pipe. For added capacity connect two or more tanks. Shipped promptly from Albany Stock or from Factories near Buffalo, New York or Boston, Massachusetts—whichever is nearer to you.

750-GALLON. For larger installations. Diam. 58 in.; ht. 77 in. From Factory near Boston only.

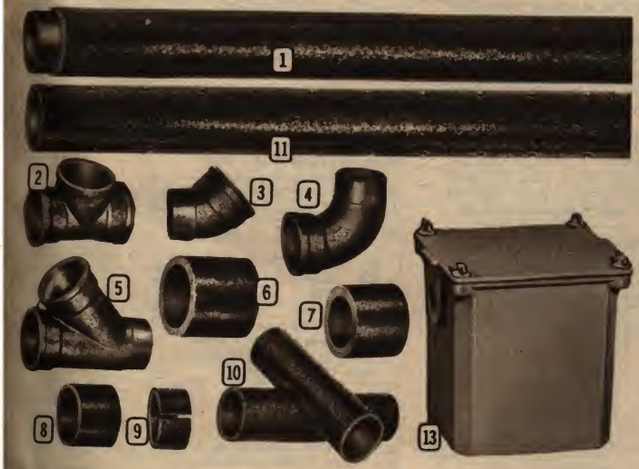
81 C 4785 F—Ship. wt. 500 lbs..... $94.50

500-GALLON. For farm or suburban home; usually adequate for 5 persons. Diameter 52 in.; height 60 in. Ship. wt. 375 lbs.

81 C 4782 R—From Stock.....$53.95
81 C 4782 F—From Factory..... 48.95

300-GALLON. For limited use as with small home or summer cottage and not more than 4 persons. Diam. 46 in.; ht. 48 in. Ship. wt. 270 lbs.

81 C 4781 R—From Stock.....$38.50
81 C 4781 F—From Factory..... 34.50



GREASE SEPARATOR 21.95

13 Traps grease before it can enter waste lines; clog house drain. Use with sewer main or septic tank. (Excessive grease impairs operation of septic tank.) Install under sink or in basement drain line.

Cast iron—heavy casting for long service. Capacity: 16 lbs.; for normal requirements of 6 people. Flow rate, 7 gallons per minute. Outlet and inlet threaded for 1½-in. pipe. Size overall 13 by 12½ by 10½ in.

Automatic lockup when capacity is reached. Baffles prevent solids from escaping; sewer gas from entering. *Not Mailable.*

81 C 4795 R—Ship. wt. 75 lbs.....$21.95

DRAIN FIELD PIPE NEEDED

Table shows minimum perforated pipe (11) needed for drain field in various soils.

Nature of Soil	Perforated Pipe Needed Per Person (Minimum Total, 100 Ft.)
Clean coarse sand or gravel....	15 feet
Fine sand or light loam.....	20 feet
Fine sand with some clay or loam	30 feet
Clay with some sand or gravel..	80 feet
Heavy clay.....	Unsuitable

FREE PLUMBING BOOKLET. Helps you plan, select and install. Send coupon, Page 845.

10% Down for items on these pages, the balance monthly. Details on Inside Back Cover.

PLUMBING NEEDS . . . CALKING LEAD . . . SOLDER

14 PLUMBERS' OAKUM. Tarred jute. Use under (22), (23); 1 oz. to each 1-in. of pipe diam. in each joint. Ship. wt. 5 lbs. 8 oz.

81 C 4955 L—Carton 5 lbs.... $1.59

15 THREAD CUTTING OIL. Makes cutting easier. In ½-pint can.

81 C 2317—Ship. wt. 1 lb.....30c

16 DRAIN PIPE CLEANER. Frees clogged drain lines. Shipped by Freight, Truck or Express only.

81 C 2305 R—Wt. 1¼ lbs...2 cans 45c

17 LEAD SEAL. To seal soil pipe joints. Needs no heating.

81 C 2312—Wt. 1 lb. 8 oz.....55c

18 PIPE COMPOUND. For steel pipe threads. 1-lb. can.

81 C 2315—Wt. 1 lb. 4 oz.....30c

19 BLACK WIRE PIPE HOOKS. Six-in. Two sizes: for ½-in. pipe; for ¾-in. pipe. Box of 10. *State size.*

81 C 4299—Ship. wt. box 1 lb..30c

20 21 PIPE TAPE. Holds pipe to joists, etc. Holes fit ¼-in. bolts. Tape width ¾ in.

(20) STEEL. Ship. wt. 1 lb.

81 C 4297—10-ft. Roll.....35c

(21) COPPER PLATED. Wt. 10 oz.

81 C 4295—10-ft. Roll.....55c

22 23 CALKING LEAD. Use 1 lb. per 1-in. soil pipe diam. per joint, over oakum (14). Melt bar and pour in; or pound wool type in cold. Ship. wt. 5 lbs.

(22) 81 C 4954 M—WOOL.....Pkg. $1.75
(23) 81 C 4950 M—BAR. Abt. 5 lbs.... 1.20

24 GRAPHITE PACKING. Valves, faucets.

81 C 2321—Stranded. Wt. 2 oz...Pkg. 10c

25 PIPE STRAPS. Hold pipe to joists, etc.

81 C 4298—GALVANIZED. *State size.*

½ in. Ship. wt. 8 oz.....Dozen 10c
¾ in. Ship. wt. 10 oz.....Dozen 15c

81 C 4296—COPPER. Dozen. *State size.*

½ in. Wt. 4 oz..40c; ¾ in. Wt. 6 oz...59c
⅜ in. Ship. wt. 3 oz.....35c

26 "NOKORODE" SOLDERING PASTE. Noncorrosive flux. Use with solder (27).

81 C 2307—Ship. wt. 3 oz....2-oz. can 13c

27 SOLDER FOR COPPER PIPE TUBING. Joins copper pipe (or "tubing") to copper "sweat" fittings. Solid ⅛-in. wire; 1-lb. spool. See "Making Solder Joint", facing page.

81 C 4947—Ship. wt. 1 lb. 4 oz...Spool 97c

28 SEAL STICK. Seals threaded pipe joints. Neat; easy to use.

81 C 2314—Ship. wt. 2 oz.....13c

29 PLUMBERS' WIPING SOLDER. Bar weighs about 1½ lbs.

81 C 4951—Ship. wt. 1 lb. 8 oz...Bar $1.18

FOR A DRY BASEMENT . . . SUMP PUMP 52.50

30 It's always an emergency when you need a basement sump pump. Damage from a single flooding might be more than the cost of this top quality pump. Use also to drain laundry tub wastes, etc. from basement into overhead sewer pipe leading to septic tank.

Vital parts of brass, bronze or stainless steel—last longer. Non-clogging semi-enclosed water impeller will pass any object that comes through the 5/16-in. holes in the heavy brass protective screen. Screen easily cleared of larger debris without removing pump.

Fully automatic switch control, with neoprene displacement bells on stainless steel wire, provides positive action; no float, rod, guides to stick or leak.

Stainless steel shaft and brass water-lubricated pump bearing prevent sticking. Top-suction type pump pulls water down; less sand, grit reach bearing.

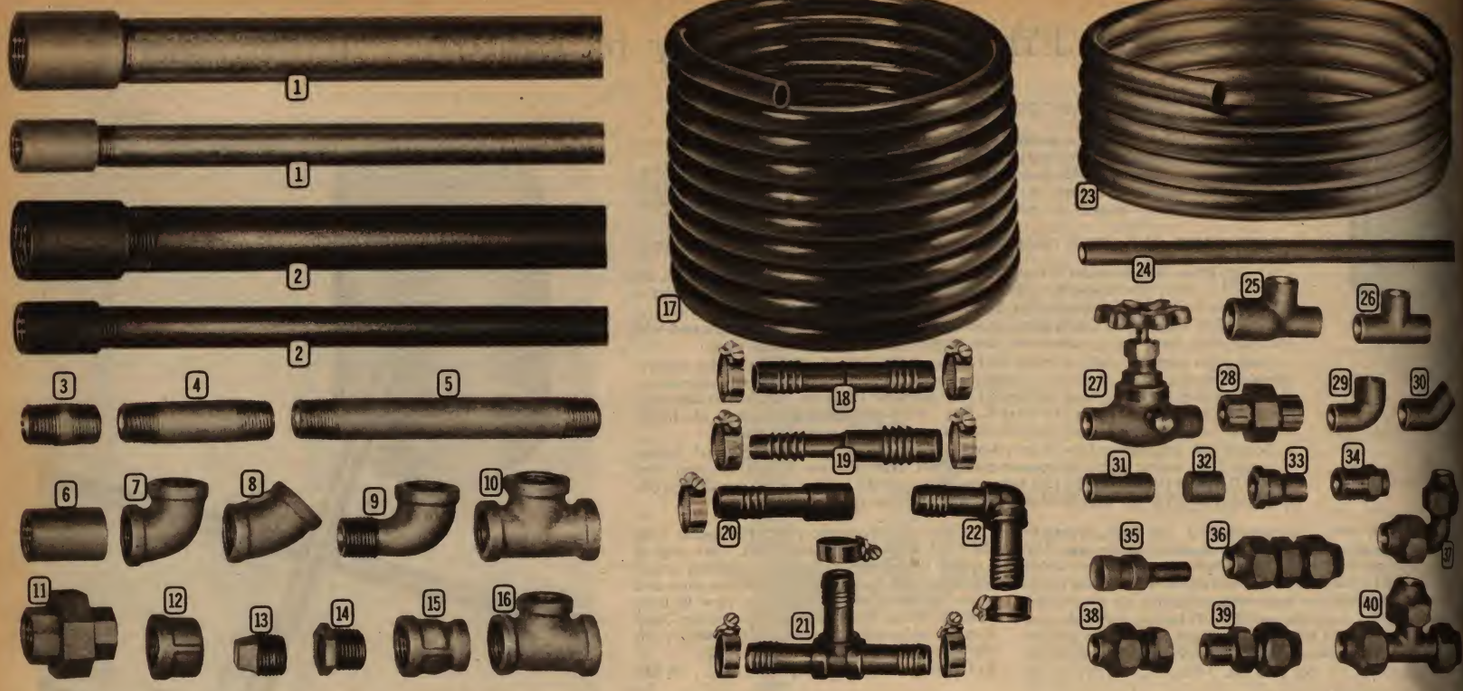
Heavy-duty ⅓-HP motor with overload burnout protection; grease-sealed ball thrust lower bearing; for 110- to 120-volt, 60-cycle AC. Rubber-covered 8-ft. cord, plug. Use 18-in. tile or concrete pipe for pit (sump).

Capacity, gals-per-hr.: 3510 at 5-ft. discharge head; 3120 at 10 ft.; 2520 at 15 ft.; 1740 at 20 ft. Discharge opening 1½-in. pipe size. Pump ht. 39 in.; for pit to 2 ft. deep. Instructions. Cover listed below.

81 C 3637 R—Ship. wt. 57 lbs. $5.50 Down..Cash $52.50

31 COVER FOR PUMP ABOVE ONLY. Cast aluminum. Keeps out debris; avoids risk of open pit.

81 C 3636 M—Diam. 20 in. Fits 18-in. hole. Ship. wt. 7 lbs. $7.85



Top Quality Pipe and Fittings for Water, Gas, Oil, Air

WARDS STEEL PIPE MEETS OR EXCEEDS U.S. STANDARDS

1 2 WARDS STEEL PIPE IS TESTED AT 1000 LBS. water pressure per sq. in. Meets Federal Spec. WWP-406; A.S.T.M., A-120-47; U.S. Navy 44 P10h and 44-P-10k. Use *Galvanized Pipe* for water supply and drainage; *Black Pipe* for steam or hot water heating and for gas, oil and air lines. Both ends of standard 21-ft. lengths are threaded. One coupling furnished with each full length.

Pipe Size	Outside Circum.	Outside Diam.
⅜ in.	2⅛ in.	11/16 in.
½ in.	2⅝ in.	⅞ in.
¾ in.	3¼ in.	1 1/16 in.
1 in.	4⅛ in.	1⅜ in.
1¼ in.	5¼ in.	1 11/16 in.
1½ in.	6 in.	1 15/16 in.
2 in.	7½ in.	2 7/16 in.
2½ in.	9 in.	2 15/16 in.
3 in.	10 15/16 in.	3 9/16 in.

Cut-to-order length takes per ft. price; no coupling; threading extra. Thread charge in Table is PER END. "Pipe Size" is nominal inside diameter. For outside CIRCUMFERENCE, wrap paper around pipe and mark at overlap. Or take outside DIAMETER with calipers. Find correct pipe size, as indicated by your measurements, in table at left.

Use with galvanized malleable iron fittings (6) to (16) listed below.

NEW, STRONGER, "100-LB." PLASTIC PIPE

17 100% Pure DuPont "Alathon 25" Polyethylene. One man can make installation for 2-pipe jet pump in half the time steel pipe and fittings take. For all cold water lines.

Pipe made only with pure, virgin DuPont "Alathon 25" polyethylene resin—no re-ground or scrap. Wards Laboratory will not approve cheap types for pressure water systems. Approved for up to 100 lbs. operating pressure, up to 120°F. Test pressure 200 lbs. Don't be misled by thick pipe that may only attempt to compensate for weaker material—check the pressure ratings.

Tests indicate Ward pipe will give many years' service under usual ground conditions. (Do not expose to oil.) Remains flexible to 70°F below zero. Undamaged by sunlight.

Fittings (18) to (22) listed in separate tables below. Join to any standard steel pipe fittings with adapter (20) and stainless steel draw clamp (included). Easy to splice with coupling (18) or reduce 1 size with (19). Easy to cut. Can be curved, but for sharp turn use El (22) or Tee (21). Sizes same as steel pipe. Order in any continuous length up to full coil.

For setting deep well jets down to 70 feet use 1 clamp for each joint; below 70 feet, 2 clamps. Maximum depth setting for 1½-in. size, 130 feet; other 160 ft. Extra clamps below. Well Cap on Page 860 recommended with 2-pipe jet pumps.

INSTALL IT YOURSELF . . . WARDS HELP

Nearly any man who is handy with tools can plan and install plumbing. Wards will loan you tools to install Ward equipment. See Page 845 for details. Send handy coupon on Page 845 for free copy of "Plumbing Simplified" booklet or pick one up at any Ward Catalog Office.

PLUMBING ONLY 10% DOWN. If cash is not convenient, use your credit at Wards to purchase plumbing needs. Details on Inside Back Cover.

NON-CORRODING COPPER TUBING

23 24 Seamless—smooth for free flow. Can be connected to steel pipe, with adapter. For water, steam, oil, gas or air. Flexible types bend around turns, if not too sharp. Rigid type for [illegible] construction. Size is inside diam. (1½-, 3-in. [illegible] Page 852.) Sweat- and flare-fittings below.

First Quality Fittings for Bathtub and Shower Stall

SHOWER BATH FITTINGS FOR TUB, STALL OR UTILITY INSTALLATION

1 TO 4 BUILT-IN TYPE. Exposed parts polished chromium plated brass. Fit ½-in. supply and riser pipes (not included). Arm same as (8). With or without Shower Head (12).

(1) NEW SINGLE-VALVE TUB FILLER AND SHOWER COMBINATION. Single handle controls water temperature and volume. Raise diverter button for shower; returns automatically to tub position.
81 C 1547 W—WITH SHOWER HEAD (12). Ship. wt. 6¼ lbs.. $23.75
81 C 1672 W—WITHOUT SHOWER HEAD. Ship. wt. 4¾ lbs... 19.95

(2A) 2-VALVE TUB FILLER-SHOWER. Diverter button on spout.
81 C 1546 W—WITH SHOWER HEAD (12). Ship. wt. 11 lbs... $22.75
81 C 1660 W—WITHOUT SHOWER HEAD. Ship. wt. 9 lbs.... 18.95

(2B) 2-VALVE TUB FILLER-SHOWER. Lighter. Diverter lever.
81 C 1545 W—WITH SHOWER HEAD (12). Ship. wt. 7¾ lbs... $15.75
81 C 1666 W—WITHOUT SHOWER HEAD. Ship. wt. 6 lbs. 4 oz. 11.95

(3) NEW SINGLE-VALVE SHOWER ONLY. Single-lever control.
81 C 1549 W—WITH SHOWER HEAD (12). Ship. wt. 4¼ lbs... $15.75
81 C 1673 W—WITHOUT SHOWER HEAD. Ship. wt. 2 lbs. 12 oz. 11.95

(4) 2-VALVE SHOWER ONLY. (No tub filler.) Conventional type.
81 C 1548 W—WITH SHOWER HEAD (12). Ship. wt. 7½ lbs... $15.75
81 C 1671 W—WITHOUT SHOWER HEAD. Ship. wt. 6 lbs..... 11.95

5 6 ADAPTER TUB SHOWERS. Quickly convert to tub-shower combination. Mount on wall surface. Exposed parts polished chromed brass. Swivel heads. Diverter on spout. With screws, instructions.

(5) ON-TUB TYPE. For leg-tub or built-in tub with supply pipe holes *in tub*. Remove old faucet, replace with new, set 58-in. adjustable riser tube, attach adjustable wall flange. Connection centers 3⅜ in. apart. Order also Shower Curtain Frame (24) below.
81 C 2067 MO—Ship. wt. 6 lbs. 4 oz.....$19.95

(6) WALL-MOUNT TYPE. For built-in tub with faucet on wall and with removable spout. With 52-in. adjustable riser tube and adjustable wall flange. Spout back tapped ¾-in. pipe size.
81 C 2066 MO—Ship. wt. 6 lbs. 8 oz.....$15.95

7 LOW-PRICED UTILITY SHOWER. Brass. Head chromed; balance rough nickeled. Mounts on wall surface. Connect ½-in. supply pipes (not included) from top to centers 3 in. apart. Galvanized steel 27-in. riser pipe included. With soap tray, wall brackets, union connections.
81 C 1664 MW—Handles marked. Ship. wt. 8 lbs.. $7.50

SHOWER BATH ARM, HEADS, DRAIN

8 SHOWER ARM. Polished chromium plated brass. Fits ½-in. tapped shower head. Flange covers wall connection.
81 C 2054 W—Shipping weight 1 lb.....

9 SHOWER FLOOR DRAIN. Cast brass. Exposed strainer finished chromium plated. Top diam. 3½ in. *State* pipe size.
81 C 2065 W—For 1½-in. Pipe. Ship. wt. 1 lb.....
For 2-in. Pipe. Ship. wt. 1 lb. 3 oz.....

10 SHOWER FLOW REGULATOR. Chromium plated brass between shower arm and head. Temporarily shuts flow without changing adjustments (use when soaping) a shut-off valve. Fits any standard shower fitting.
81 C 2061 W— Shipping weight 8 oz.....

11 TO 13 SHOWER HEADS. Polished chromed brass. joints. Self-cleaning. Liming inhibited. Tapped pipe size to fit standard shower arms or Regulator (10).

(11) 81 C 2050 W—SPRAY NOT ADJUSTABLE. Ship. wt. 13 oz.

(12) ADJUSTABLE, from soft-flood to needle spray.
81 C 2051 W—Shipping weight 1 lb. 8 oz.....

(13) SPEAKMAN ANYSTREAM—ADJUSTABLE, soft-flood to
81 CP 2053 W—*Postpaid*.....

BATHTUB WASTE-OVERFLOWS

14 TO 16 FOR BUILT-IN BATHTUBS. All brass. Exposed parts heavily chromium plated; polished. Meet all codes.

(14) CLEAN-EASY LEVER POP-UP TYPE. Stoppages easily, quickly cleared from inside tub, without tools. Tubing seamless 17-gauge. Ship. wt. 7 lbs.
81 C 1784 W—Standard Height.....$10.95
81 C 1785 W—For cast-iron 14-in. Tub. 10.95

(15) (16) CHAIN-AND-STOPPER TYPE. With heavy beaded chain; rubber stopper. (Cut tubing for tubs 14 in. high.)

(15) Heavy 17-gauge seamless tubing.
81 C 1775 W—Ship. wt. 6 lbs.....$6.50

(16) Lighter 20-gauge seamless tubing.
81 C 1780 W—Ship. wt. 3 lbs. 12 oz... $5.50

FAUCETS FOR BUILT-IN AND LEG -STYLE BATHTUBS

17 18 TWO-VALVE FOR BUILT-IN TUBS. Mount in wall. Exposed parts polished chromium plated. Cast brass bodies. Handles marked H and C. Easy to install.
Tailpiece unions connect to ½-in. pipes. Valve centers 8 in. apart. Seats renewable. Instructions included.

(17) BEST QUALITY. Heavy brass body, spout, escutcheons. Attractive design. Spout in line with handles.
81 C 1655 W—Ship. wt. 7½ lbs. $13.50

(18) ECONOMY. Lighter construction. Handles above spout. Fits ½-in. nipples (not included; see Page 854). Shipping weight 4 lbs. 12 oz.
81 C 1665 W.....$7.95

19 NEW SINGLE-VALVE FOR BUILT-IN TUBS. Similar to (1) above, except tub filler only. Single lever controls temperature, flow. Brass spout.
81 C 1662—Ship. wt. 4½ lbs....$13.50

20 TWO-VALVE FOR LEG-STYLE TUBS. Mounts on tub. Cast brass. Exposed parts polished chromium plated. Ribbed spout for spray hose, etc. Connection centers 3⅜ in. apart. Fits ¾-in. supply pipe. (See 21 below.)
81 C 1650 W—Ship. wt. 2¼ lbs.. $3.89

21 BENT TAILPIECES, COUPLING NUTS. Brass. Use with Bathtub Faucet (20) for easier, faster hook-up. Fit ½-in. supply pipe.
81 C 2098—Ship. wt. 6 oz. Pair $1.19

SHOWER CURTAIN RODS AND FRAME

22 23 RODS FOR BUILT-IN TUBS. Polished chromium plated in. brass tube. For built-in tubs up to 5½ ft. Can be if desired. Each has 2 heavy flanges.

(22) CURVED FOR CORNER STYLE TUBS. Curve 30 in. deep.
81 C 2056 MOW—Ship. wt. 5 lbs. 8 oz.....

(23) STRAIGHT, FOR RECESSED STYLE TUBS. Also for clothes
81 C 2055 MOW—Ship. wt. 2 lbs. 8 oz.....

24 FRAME FOR LEG TUBS. Use with Shower Adapter. Polished chromium plated ⅝-in. brass tubing. One connects to shower arm; other end to adjustable 36-in. support. Frame 37 by 27 in. With screws, instructions.
81 C 2068 MO—Shipping weight 7 lbs.....

CLOSET SUPPLY PIPES . . . SUPPLY PIPE FLANGE AND NIPPLES

30 to 33 CLOSET SUPPLY PIPES. Chromium plated brass. Flexible for moderate adjustment. Flange (included) covers connection. Nipples not included; order chromium plated or galvanized below. Length of (30) and (31) is 16 in. Length of (32) and (33) is 10 in. Order from table below—with or without handy shut-off valve.

Pipe Size	Type	Plain, Without Valve: Picture	Catalog Number	Ship. Wt.	Each	With Handy Shut-off Valve: Picture	Catalog Number	Ship. Wt.	Each
⅜ in.	To Floor	(30)	81 C 1871 W	5 oz.	98c	(31)	81 C 1872 W	11 oz.	$2.25

44 SLIP JOINT NUTS. Brass. Connect lavatory traps to steel pipes. Washer included. Ship. wt. 2 oz.
81 C 2005 W—Pipe and tube 1¼ in. 25c
81 C 2006 W—Pipe 1½ in.; tube 1¼ in. 25c

45 LAVATORY DRAIN EXTENSION. Extends drain to connect to low trap. Chromium plated brass. Slip-joint connection. Length 8 in. Diameter 1¼ in.
81 C 1791 W—Easily cut. Ship. wt. 8 oz. $1.15

46 LAVATORY CHAIN-AND-STOPPER WASTE. Polished chromium plated brass. Beaded metal chain; rubber stopper. Fits 1¼-in. traps. Fits most lavatories.
81 C 1790 W—Shipping weight 8 oz. $1.29

47 LAVATORY LEGS. Stainless steel. Fit all Ward lavatories except No. 770. Length 28 in. Adjustable to 32 in. Measure to underside of lavatory.
81 C 1853 MW—Ship. wt. 2 lbs. 8 oz. . . . .Pair $5.95

48 LAVATORY FAUCET TAILPIECES. Brass. Use with faucets to make ¼-in. supply pipe connection. Fit all faucets at right.
81 C 2021 W—Ship. wt. 3 oz. . . . . .Pair 27c

LAVATORY FAUCETS . . . MIXING AND SINGLE

49 TO 52 MIXING FAUCETS. Polished chromium plated brass. Renewable bronze valve seats. Spouts meet all codes. Instructions included. Waste with (51) and (52) fits 1¼-in. trap (trap not included; order at left).

49 50 51 TOP MOUNT. Connection centers are 4 inches apart.

(49) BEST WITHOUT WASTE. Stream straightener reduces splash. Swivel-mounted washers minimize wear. Use with (46).
81 C 1685 W—Ship. wt. 4 lbs. $8.50

(50) ECONOMY WITHOUT WASTE. With stream straightener.
81 C 1680 W—Use with (46). Ship. wt. 2 lbs. 12 oz. $5.50

(51) DELUXE, BEST QUALITY WITH POP-UP WASTE. With Foam-Flo Aerator (68). Forged brass handles. This faucet included on lavatories in sets (1), Page 870 and (C) and (D), Page 873.
81 C 1693—Swivel-mounted washers. Ship. wt. 7 lbs. $14.95

52 FRONT MOUNT . . . DELUXE, BEST—WITH POP-UP WASTE. See also top of column. Foam-Flo Aerator.
81 C 1695 W—Connection centers 5¾ in. apart. Wt. 6½ lbs.$14.50

53 LAVATORY SINGLE FAUCET. Polished chromed brass. Spout meets codes. Tailpiece ¼-in. pipe size. Ship. wt. 1 lb. 8 oz.
81 C 1675 W—HOT. . . . .$2.49 81 C 1676 W—COLD. $2.49

TRAPS FOR KITCHEN SINKS

54 55 56 Swing to any position. Chromed brass 1½-inch tubing; 20-ga. without cleanout (shown) 17-ga. with cleanout. Nuts, washers.

57 SINK TRAP SLIP JOINT NUTS. Brass. Connect 1½-in. traps. Pipe and tube 1½ in.
81 C 2007 W—Shipping weight 2 oz. 25c

SINK FAUCET . . . DISHWASHER

58 WALL-MOUNT SINK MIXING FAUCET. For older type sinks. Polished chromed brass. Swing spout. Foam-Flo aerator. Centers adjust 7¾ to 8¼ in. Fits ½-in. supply pipes.
81 C 1612 W—Ship. wt. 5 lbs. $9.50

59 FOAM-SPRAY DISHWASHER. Fits any sink faucet with spray control on *spray head*. Gives suds or plain water—thumb controls. Black plastic head; chromed metal arm. Soft nylon brush won't harm china, pans. Uses any concentrated liquid detergents.
81 CP 2015 W—*Postpaid* $9.95

LEDGE-MOUNT MIXING FAUCETS FOR MODERN SINKS

60 61 ECONOMY DESIGN. Polished chromed brass. Swing spout. Centers 8 in. apart. Brass escutcheon plate.

(60) WITHOUT SPRAY. Needs 3 sink openings with stream straightener.
81 C 1630 W—Fits ½-in. supply pipes. Shipping weight 5 lbs. $9.75

(61) WITH PLAIN-WATER SPRAY. Plastic spray head on 4-ft. pull-out hose. Foam-Flo aerator. Needs 4 sink openings.
81 C 1631 W—Fits ½-in. supply pipes. Shipping weight 6 lbs. $13.95

62 63 HEAVIER . . . BETTER STYLED. Polished chromed brass. Swing spout. Foam-Flo aerator included—see (67). Plastic spray on 4-ft. pull-out hose.

(62) TWO-VALVE TYPE. Centers 8 in. apart. With ¼-in. tailpieces.
81 C 1635 W—Needs 4 sink openings. Shipping weight 6 lbs. 8 oz. $17.95

(63) NEW ONE-VALVE TYPE. Single lever controls water temperature and volume.
81 C 1625 W—Needs 3 openings. With ¼-in. tailpieces. Ship. wt. 5¼ lbs. .$19.95

SINK TRIM . . . SINGLE FAUCETS, STRAINERS, CONNECTORS, SUPPLY PIPES, ETC.

64 65 SINK SINGLE FAUCETS. Polished chromed brass.

(64) WITH SOLID FLANGE. Fits ½-in. steel pipe.
81 C 1601 W—HOT. Ship. wt. 1 lb. 4 oz. $2.25
81 C 1602 W—COLD. Ship. wt. 1 lb. 4 oz. 2.25

(65) WITH ADJUSTABLE FLANGE. Threaded ½-in.
81 C 1607 W—HOT. Ship. wt. 1 lb. 8 oz. $2.75
81 C 1608 W—COLD. Ship. wt. 1 lb. 8 oz. 2.75

66 HOSE ADAPTER. Permits attaching hose to sink faucet spout. Replaces aerator, etc.
81 C 2086 W—Ship. wt. 2 oz. 39c

67 68 FOAM-FLO AERATORS. Eliminate splashing; make suds faster. Polished chromed brass.

(67) FEMALE. Fits 55/64-in. threads *outside* spout.
81 C 2001 W—Ship. wt. 3 oz. 79c

(68) MALE. Fits 29/32-in. threads *inside* spout.
81 C 2003 W—Fits (51). Ship. wt. 3 oz. 79c

69 FOAM-FLO RENEWAL KIT. For any aerator 15/16 in. outside diam. 3 screens, cup, washer-disc.
81 C 2002 W—Ship. wt. 2 oz. 45c

70 71 CONNECTORS FOR 2-BASIN SINKS. Join 2 strainers to one trap. Satin chromed brass. Length of (70) is 25 in.; (71) is 21 in. Fit 1½-in. traps (above).
(70) 81 C 1723 W—CENTER OUTLET. Wt. 2¼ lbs. . .$4.95
(71) 81 C 1722 W—END OUTLET. Ship. wt. 3 lbs. . . 4.25

72 SINK SUPPLY PIPE. Bendable copper easy to install. Satin chromium finish. Riser tube 16 in. long with coupling. Fits any faucet with ¼-in. tailpieces or shanks tapped for ½-in. pipe. Connects to ½-in. steel pipe—from wall or floor. Use with stop valve (47), Page 855 for individual shut-off.
81 C 1801 W—Instructions. Ship. wt. 1½ lbs. Pair $2.65

73 SINK WASTE TAILPIECE. Chromed brass; 1½ by 10 in. Connects sink waste to low trap.
81 C 1769 W—Fits (76), (77), (78). Wt. 8 oz. 65c

74 HOLE COVER. For sinks with extra holes.
81 C 2000 W—Diam. 1¾ in. Wt. 2 oz. 23c

75 REPLACEMENT STRAINER BASKET. Stainless steel.
81 C 2024 W—Fits most basket strainers. Wt. 4 oz.85c

76 77 78 SINK STRAINERS. Chromium plated brass tailpieces 4 in. long, fit 1½-in. trap or waste connector. (76) and (77) have stainless steel 4½-in. tops; fit 3½-, or 4-in. holes.

(76) BASKET TYPE. Stainless steel basket lifts out to empty. Closable to fill sink for dishwashing, etc.
81 C 1760 W—Ship. wt. 2 lbs. 4 oz. $3.19

(77) LARGE FLAT TYPE. Stainless steel strainer.
81 C 1768 W—Ship. wt. 1 lb. 8 oz. $2.19

(78) SMALL FLAT TYPE. Chromed brass 3-in. top.
81 C 1766 W—Fits 2- or 2½-in. hole only. Wt. 1 lb.$1.25

Pumps and Complete Water Systems for Deep Wells

LOW-PRICED JET SYSTEM 102.50 ⅓-HP

(A) A dependable, compact, ready-to-connect, automatic water system. Supplies water to suburban homes, farms at city pressures. Tank 13½-gal. Balanced, efficient bakelite impeller.

Galvanized cast-iron jet body with brass venturi and jet nozzle. Horizontal pump is easier to prime; keeps seal moist and tight. Pump, tank and automatic controls all mounted on heavy galvanized steel tank. Ready to install.

Tank discharge ¾ in. Requires 1-in. tail pipe from foot valve to jet. For 2-pipe systems only. Size: 31x13x27 in. Includes: Pump; tank; 3600-RPM motor; automatic pressure switch; pressure regulating valve; pressure gauge; air charger; 1-in. foot valve; 2-pipe jet (Picture 2). See "Capacities . . ." below.

FOR 3-IN. DIAM. OR LARGER WELLS WITH LIFT TO 60 FT. With ⅓-HP motor for 110- to 120-volt, 60-cycle AC only. Requires 1-in. suction pipe and ¾-in. pressure pipe, pump to jet.
81 C 3563 R—Ship. wt. 101 lbs. $10.50 Down. . . . or Cash $102.50

FOR 4-IN. DIAM. OR LARGER WELLS WITH LIFT TO 70 FT. With ½-HP motor for 110- to 120- or 220- to 240-volt, 60-cycle AC. Requires 1¼-in. suction pipe, 1-in. pressure pipe, pump to jet.
81 C 3564 R—Ship. wt. 110 lbs. $12.50 Down. . . or Cash $122.50

WARDS BEST JET SYSTEM 141.50 2-Pipe, ½-H.P.

(B) FOR WELLS DOWN TO 70 FT. Compact ready-to-connect, top-quality automatic system. Large (30-gal.) vertical tank. Pump, tank and automatic controls mounted on sturdy galvanized steel base. Pump same as (C) described at right, above. Motor ½-HP for 110- to 120- or 220- to 240-volt, 60-cycle AC.

All-brass jet; patented, *non-clogging* (automatic clean-out) pressure switch with hand shut-off at pump; 100-lb. pressure gauge. Tank discharge 1 in. Require 1-in. tail pipe from foot valve to jet. Size 19x27x39 in. high. See "Capacities . . ." below.

WITH 2-PIPE JET FOR 4-IN. DIAM. OR LARGER WELLS. Two-pipe jet, Picture (2) at right, below, included. Requires 1¼-in. suction pipe and 1-in. pressure pipe, from pump to jet.
81 C 3557 R—Ship. wt. 180 lbs. $14.50 Down. . . . . Cash $141.50

WITH 1-PIPE JET FOR 2-INCH DIAMETER WELLS. Well adapter and 1-pipe jet, Picture (1) at right, below, included. Well casing serves as pressure "pipe" inside well. Requires 1¼-in. suction pipe and 1-in. pressure pipe, from adapter to pump; also 1-in. suction pipe, from well adapter to jet in well. Capacities will be about 10% less than ½-HP size with 2-pipe jet.
81 C 3562 R—Ship. wt. 190 lbs. $14.50 Down. . . . . Cash $144.50

CAPACITIES (A) (B) (2 pipe) at minimum operating pressure:

Motor			30 ft.	40 ft.	50 ft.	60 ft.	70 ft.
⅓-HP	20 lbs.	Gal. per hr.	450	330	290	180	.....
½-HP	25 lbs.	Gal. per hr.	760	715	450	375	330

DEEP-WELL AUTOMATIC JET PUMPS . . . FOR WELLS TO 120 FEET 87.50 ⅓-HP TO 137.50 1-HP

(C) (D) Pump (C) is horizontal type in ⅓- and ½-HP; Pump (D) is vertical type in 1-HP only. All give "city" pressures. Order stand for Pump (D) below.

Both types have Wards patented, non-clogging pressure switch with automatic clean-out wire; starts pump at 20 lbs., stops it at 40 lbs. (limits adjustable). Manual shut-off. Automatic air charger. Pressure gauge. Automatic control valve for better maintenance of pressure and prime.

Rotary seal (no stuffing box) reduces shaft wear and drag on motor, compensates for pressure differences, prevents water from oozing. Wards superior Bakelite impeller—smoother, more perfectly balanced.

Special heavy duty motors have grease-packed, sealed ball bearings. Automatic protection against burnout; automatic re-set. Stainless steel shafts. Each pump includes Owner's Guide with complete, easy-to-follow instructions.

Table shows capacities in gallons per hour at ave... minimum operating pressure. Jet NOT included; order e... rately correct size from bottom of opposite page. Whe... lecting jet, be sure to use depth *after* draw-down (lev... which water drops and remains steady during opera...

NOTE: Single-pipe jets are available for use with ... and ½-HP pumps in 2-in. diam. wells. For inform... and prices, write Wards Engineering Service Dept., st... *inside well diameter and HP of pump you plan to use.*

A Ward jet pump can be operated without tank ... tank should be used; see Page 855. A 42-gal. tank is ... erally adequate for use with ⅓- and ½-HP pumps. ... 82-gal. size or larger with 1-HP pumps.

All motors for 60-cycle AC only. The ⅓-HP is for 11... 120-volt; the ½-HP for 110- to 120- or 220- to 240-volt ... 1-HP for 220- to 240-volt only. Terms 10% Down.

EVERPRIME MULTI-STAGE JET SYSTEMS FOR EXTRA-DEEP WELLS 198.50 ½-HP

(E) Automatic 2-pipe jet water system for depths to 300 ft. Fits any 4-in. or larger diameter well. Stays primed permanently. After original prime, system maintains prime automatically—even if water level in well drops below foot valve or power fails. Ideal for wells with low capacity or large fluctuation in water level. Won't lose prime if well water contains air or gas.

Efficient multi-impeller system provides larger capacities; greater depth range. No pressure control valve is required. Balanced bronze impellers designed for high efficiency.

Heavy-duty drip-proof motor. Ball bearings sealed in grease—require no lubrication for years. Built-in overload protection on ½- and 1-HP motors; automatic overload protective relay on 2-HP motors. All motors for 110- to 120-volt or 220- to 240-volt single-phase 60-cycle AC. Stainless steel shaft. All-bronze stuffing box on 2-HP; rotary seal on others. The ½-HP is 32 in. high; others 60 in. The ½-[illegible] HP are 20x35 in. overall at floor; 2-HP, 20x37 in.

Wards patented non-clogging pressure switch has ... matic cleanout wire; prevents failure due to lime or ... Set 30 to 50 lbs. on 2-HP pumps; 20 to 40 lbs. on others. ... pressure can be set up for high delivery heads—see ... mum pressure in table. Automatic air charger prev... tank from waterlogging. SUPERIOR QUALITY PISTON-TYPE DEEP WELL HEAD 154.50 ½-HP

(F) Requires properly installed well pipe, rod, couplings and cylinder—not included; see Pages 854 and 860. Use steel pipe and couplings. Mount over well. Completely automatic. Fifty-five 5-in. strokes per minute. Hardened crankshaft and crank pins; precision cut gears, large cross head guides for long service. Oil pump and distributor give positive lubrication to all moving parts. Automatic Air Pump; provides air cushion for system.

Built-in Equalizer Cylinder eases load on down stroke—smoother, quieter operation. Wards patented non-clog pressure switch with automatic cleanout wire starts pump at 20 lbs. pressure; stops it at 40 lbs. Limits adjustable. Relief valve relieves at 65 lbs.

Large air chamber. Check Valve is built in. Costlier Timken Bearings for smooth, long life. Heavy-duty motor for 110- to 120- or 220- to 240-volt, single phase, 60-cycle AC. Automatic protection against overload burnout. Double V-Belt drive adjustable. Use Tank (55), Page 855, and Air Volume Control (14), Page 860.

Tapped and bushed for 2- or 2½-in. pipe. Discharge tapped for 1-in. pipe. Rod threaded to fit 7/16-in. steel or ⅝-in. wood rod. Overall above floor, 27x14x23 in. high.

IMPORTANT: Use either HP only with combination of cylinder size and well depth neither of which is greater than shown below for that HP. Shipping Information next Page.

Pumps and Complete Water Systems for Shallow Wells

LOW-PRICED JET SYSTEM 94.50 ⅓-HP

(G) Compact, economical, ready-to-install unit. For maximum lift of 25 ft. at sea level; 1 ft. less for each 1000 ft. above. Self-priming after first prime. Easy to install. Fits space only 13¾ by 20¾ by 22¼ in. high.

Galvanized 13½-gal. tank for water storage and automatic operation. High-efficiency pump with bakelite impeller, diffuser plate and built-in jet delivers big capacities as shown in the following table:

Lift or depth to water	Delivery Capacity in Gallons Per Hour					
	⅓-HP			½-HP		
	Discharge Pressure					
	20 lbs.	30 lbs.	40 lbs.	20 lbs.	30 lbs.	40 lbs.
5 ft.	500	460	260	930	880	530
10 ft.	430	400	230	820	785	440
15 ft.	360	340	180	700	690	360
20 ft.	300	280	150	590	585	290

Heavy-duty, grease-sealed ball-bearing motor for 110- to 120-volt, 60-cycle AC. Built-in protection against overload burnout. Automatic pressure switch starts pump at 20 lbs.; stops it at 40. Wards exclusive air charger prevents water-logging. Foot valve 1 in. Sturdy welded-steel base. Instructions included. For details of Monthly Terms see Inside Back Cover.

WITH ⅓-HP MOTOR. Tapped for 1-in. suction pipe.

81 C 3507 R—Ship. wt. 99 lbs. $9.50 Down . . . Cash $94.50

WITH ½-HP MOTOR. Tapped for 1-in. suction pipe.

81 C 3508 R—Wt. 105 lbs. $11.00 Down . . . . Cash $109.50

DETERMINING PUMP TYPE AND SIZE

PUMP TYPE. Use Deep Well Jet System (A), (B) or (E) or Pump (C), (D) or (F) for lift of more than 25 ft. Shallow Well Systems on this page are for 25-ft. lift at sea level (1 ft. less for each 1000 ft. above sea level).

PUMP SIZE. Water needs determine capacity of pump. Allow for future. Estimate your requirements from following totals of average daily use.

Each person, 50 gals. (bath, closet, etc.); each milk cow, 35 gals.; each dry cow or steer, 12 gals.; horse, 12 gals.; 100 chickens, 4 gals.; each hog, 4 gals.; each sheep, 2 gals.; ½-in. hose, 200 gals.-per-hr.; ¾-in. hose, 300 gals.-per-hr. Divide total daily water use by 4 to determine per-hour capacity needed.

CONSIDER STAND-BY PUMP

Users of large amounts of water, where service interruptions might prove serious, should consider an extra pump. Some farms, ranches, etc., alternate two pumps.

WARDS DEEP WELL JETS

Same as Picture (2), opposite page. For 2-pipe installation only with Ward Jet Pumps (C) and (D). Precision machined all-bronze jet, venturi. Install submerged with up to 1 pipe length (21 ft.) between jet and foot valve. For Pump No. 81 C 3606 with 4-in. diam. well, order also two 1¼- by 1½-in. bushings from Page 854 for use on companion flange under pump and on foot valve.

Find No. of your pump in Col. 1 below; find lowest water level of your well in Col. 2. Be sure to use depth *after* draw-down (level to which water drops and remains steady during operation). Order corresponding JET, *stating Jet Cat. No. and size* from Col. 3.

CONVERTIBLE JET SYSTEM 106.50 ⅓-HP

(H) Complete, compact unit for maximum lift of 25 ft. at sea level; 1 ft. less for each 1000 ft. above. Self-priming after first prime. Easy to install. Capacities for shallow well use are shown in table below. Easy to convert to deep well system with Conversion Kit below, plus 1- or 2-pipe jet of correct size. Capacities after conversion will be same as (B) on opposite page, for pump of same HP.

Lift or Depth to Water	Delivery Capacity in Gallons Per Hour					
	⅓-HP			¼-HP		
	Discharge Pressure					
	20 lbs.	30 lbs.	40 lbs.	20 lbs.	30 lbs.	40 lbs.
5 ft.	555	535	340	1050	1000	680
10 ft.	465	430	290	910	810	490
15 ft.	385	365	240	765	750	450
20 ft.	320	300	170	625	600	360

System includes balanced, efficient Bakelite impeller; special design Rotary Seal—no "water oozing," no lubricating necessary, less shaft wear; heavy duty grease-packed, sealed ball bearing motor; all-bronze built-in jet and venturi; Wards patented, non-clogging pressure switch, with automatic cleanout wire; exclusive air intake control that automatically provides correct air supply in ratio to water; galvanized steel tank—all on steel base.

WITH ⅓-HP MOTOR. For 110- to 120-volt, 60-cycle AC. Tank 20-gallon. Suction and discharge both tapped 1-in. pipe size. Requires 1-in. pipe from pump to well. Overall: 21 by 27 by 28 in. high. As little as $11 Down on Terms. Details on Inside Back Cover.

81 C 3535 R—Ship. wt. 150 lbs. . . . . Cash $106.50

WITH ½-HP MOTOR. For 110- to 120- or 220- to 240-volt, 60-cycle AC. Tank 30 gallon. Tapped for 1¼-in. suction and 1-in. discharge. Requires 1¼-in. pipe from pump to well. Overall: 22 by 27 by 39 in. high. Only $13 Down on Monthly Terms. Details on Inside Back Cover.

81 C 3537 R—Ship. wt. 180 lbs. . . . . Cash $126.50

CONVERTIBLE JET PUMP ONLY 86.50 ⅓-HP

On steel base. Same pump as in System (H) above, but without tank. Use with any size pneumatic tank; Page 855.

WITH ⅓-HP MOTOR: For 110- to 120-volt, 60-cycle AC. Tapped for 1-in. suction and ¾-in. discharge. Overall: 10 by 21 by 15½ in. high. "Shipping Information" below.

81 C 3530 R—Ship. wt. 75 lbs. $9.00 Down, or Cash $86.50

WITH ½-HP MOTOR. For 110- to 120- or 220- to 240-volt, 60-cycle AC. Tapped for 1¼-in. suction and ¾-in. discharge. Overall: 10 by 22 by 15½ in. high. "Ship. Info." below.

81 C 3532 R—Ship. wt. 80 lbs. $10.00 Down . . . . Cash $98.50

CONVERSION KIT 7.25

Converts Systems 3535, 3537 and Pumps 3530, 3532 above to deep well service. Includes automatic air charger with tubing, tools for removing jet and venturi, jet plug, pressure control valve parts, instructions.

Jet NOT included; order suitable size from Table at left, below. Capacities produced after conversion will be same as shown on opposite page for pump or system of same type and horsepower. "Shipping Information" below.

81 C 3733 R—Ship. wt. 3 lbs. 12 oz. $7.25

INSTALL IT YOURSELF . . . GET FREE BOOKLET

Save up to half the total cost of your water system by installing Wards top quality equipment yourself.

Send for Wards free booklet "Running Water For Farm and Country Home". Tells how to plan and install. Write to nearest Ward Mail Order House for your copy, or ask for one at a Ward Catalog Office. (List of offices on Page 954.) Wards loan tools to install Ward equipment—see Page 845.

HOW TO SAVE EVEN MORE AT WARDS

Wards policy is to save you money with low prices for quality merchandise. You may often make additional savings on transportation, etc. Check Metropolitan Delivery and Catalog Office services. See Pages 954 and 955.

PISTON TYPE SYSTEMS 75.95 TO 99.50

(J) 400-Gal.-Per-Hour System. Delivers constant volume from any depth to 25 ft. at sea level; 1 ft. less for each 1000 ft. above sea level. Install over well or offset. (Offset to 600 ft. with increased pipe sizes). Following features: (1) Heavy ¾-in., all-bronze Valve Deck. Rubber valves. Smooth-running. (2) Exclusive Ward Air Intake control valve automatically provides correct air supply in ratio to water pumped. (3) Exclusive Ward patented Non-clog Pressure Switch. (4) Seamless Brass Cylinder for smooth operation; non-corrosive. (5) Pressure Relief Valve automatically relieves at 65 lbs. (6) Positive Splash Lubrication—moving parts run in oil. Oil level gauge. Heavy forged steel crankshaft.

Heavy-duty, capacitor ¼-HP motor with built-in protection against overload burnout, for 110- to 120-volt, 60-cycle AC only.

Wards patented piston of Neoprene, a tough, resilient synthetic; outwears usual piston leathers. Valve silencers. Pump provided with special ½-in. tapped connection so that drinking water may be drawn directly from the well.

Heavy galvanized 20-gal. tank on sturdy, welded-steel base. Timken Taper roller bearings on BOTH sides of crankshaft for quieter, longer service. Tapped for 1-in. suction and ¾-in. discharge pipes. Brass 1-in. foot valve. Overall: 14 by 44 by 27 in. high. Only $10 Down on Terms. See Inside Back Cover for details of Monthly Payment Plan.

81 C 3525 R—Ship. wt. 167 lbs. . . . . Cash $99.50

(K) 275-GAL.-PER-HOUR SYSTEM. Leather piston washers. With ¼-in. all-bronze valve deck. Rubber valves, bronze springs. Three oilite main bearings; forged bronze connecting rod. Brass ¾-in. foot valve. Tapped for ¾-in. suction and discharge. Pump mounted on heavy, galvanized 15-gal. tank. Overall: 13 by 40 by 29 in. high. $9 Down.

81 C 3505 R—Shipping weight 137 lbs. . . . . Cash $85.50

(L) TANKLESS 275-GAL.-PER-HOUR PISTON PUMP. No tank required; 1-gal. air chamber. Pump starts each time faucet is turned on. On sturdy steel base. Otherwise like (K) above. Suitable for cottages, cabins, other installations with limited water requirements. May be located under sink. Overall: 13 by 31 by 21 in. $8 Down on Terms.

81 C 3500 R—Ship. wt. 92 lbs. . . . . Cash $75.95

WARDS MONTHLY PAYMENT PLAN

You may purchase your pump or water system at Wards for as little as 10% Down on Terms, the Balance in convenient Monthly Payments. See Inside Back Cover. Check Ward services, Pages 954, 955.

Hand Pumps . . . Accessories for Water Systems

HAND PUMPS 4.55 TO 29.50

1 2 3 Painted cast iron. Heads swivel. Long handles. (1) and (2) have rubber grips. *Not Mailable.*

(1) WINDMILL FORCE PUMP STANDARD. For hand, jack, windmill operation. For wells to 200 ft. Stroke adjusts 6, 8 or 10 in. Spout shutoff; hose clevis; tapped 1¼-in. pipe opening (with plug). Needs cylinder; rod and pipe from cylinder to base plus 23 in. Has tappings for 1¼-, 1½-, 2-in. drop pipe.
81 C 3815 R—Ship. wt. 83 lbs. $26.50

(2) FORCE PUMP STANDARD. For wells to 100 ft. Hose clevis. Stroke 6 in. Requires cylinder; rod and pipe from cylinder to base plus 23 in. Tapped for 1¼-in. pipe.
81 C 3813 R—Ship. wt. 70 lbs. $22.50

(3) LIFT PUMP STANDARD. For wells to 50 ft. Stroke 6 in. Requires cylinder; pipe from cylinder to base plus 23 in.; rod (29), cylinder to base plus 42 in. Tapped for 1¼-in. pipe.
81 C 3810 R—Ship. wt. 60 lbs. $18.95

SET-LENGTH LIFT PUMP. For water not lower than 29 ft. Includes Standard (3); cylinder (35); 4 ft. of pipe and rod.
81 C 3811 R—Ship. wt. 85 lbs. $3.00 Down. . . . or Cash $27.50

4 5 HORIZONTAL SUCTION FORCE PUMPS. Painted cast iron. Maximum lift 22 ft. Direct action. Large air chamber. Deliver water on push and pull. *Not Mailable.*

(4) PORTABLE UTILITY TYPE. For pumping out ditches, cellars, etc.; filling tanks. Delivers 1000 gallons per hour at 30 strokes per minute. Hardwood handle. Cylinder 5 in. Suction and discharge tapped for 2-in. pipe (or hose). Turret head discharges in any direction. Strainer included.
81 C 3820 R—Ship. wt. 69 lbs. $3.00 Down. . . . or Cash $27.50

(5) HEAVY-DUTY. For small water system with pneumatic or gravity tank. Delivers 385 gallons per hr. at 100 lbs. pressure; 30 strokes per minute. T-handle; 1-in. steel shaft. Forces water as high as 230 ft. above pump. Cylinder 3 in. Tapped 1¼-in. suction; 1-in. discharge.
81 C 3821 R—Ship. wt. 65 lbs. $3.00 Down. . . . or Cash $29.50

6 7 KITCHEN PUMPS. For lift to 22 ft. deep. Cylinder 3 in. Tapping for 1¼-in. suction pipe.

(6) Won't freeze with handle up. Sanitary swivel cap.
81 C 3800 M—Pail Hook. Ht. 13 in. Ship. wt. 14 lbs. $4.55

(7) Force Pump. Will pump to pressure tank. Spout with hose thread; removable for attaching faucet.
81 C 3803 M—3-in. brass cylinder. Ship. wt. 21 lbs. . . . $11.50

8 FREEZE-PROOF HYDRANT. Dependable. Ideal for watering and fire protection. Hose thread on spout. Iron lever. Brass hose connection. Brass rod through stuffing box and valve with renewable nylon seat.

Dig hole about 2 ft. in diam. to below frost line. Connect hydrant to underground pipe. Fill about 2 ft. with crushed stone or gravel; then dirt. Tapped for ¾-in. supply pipe. Have spout 28 in. above ground.
81 C 4047 RW—*Not Mailable. State size wanted.*
For frost line to 4 ft. Ship. wt. 22 lbs. $11.85
For frost line to 5 ft. Ship. wt. 24 lbs. 12.25

HOLE BORER . . . JET PUMP WELL CAPS

9 WELL AND POST HOLE BORER. Self-cleaning blades of high-carbon steel. Drills holes of 7- to 14-in. diameter. Handle ¾-in. steel; 48 in. long. Bores to 30 ft. depth with extensions (10), below.
81 C 3922 MO—Ship. wt. 17 lbs. $8.50

10 BORER EXTENSION. Steel. Attach 1 or more to Borer (9) above. Length 48 in.
81 C 3923 M—Ship. wt. 5 lbs. $1.60

11 12 SANITARY WELL CAPS FOR JET PUMPS. For 2-pipe, off-set jet pump installations only. Rubber gasket and draw bolts make tight seal. Keeps out dirt, surface water, small animals. Tapped hole for ½-in. vent for gaseous wells (plug included). Required in some states for Grade A milk rating. Makes easier, quicker seal. Two types:

(11) CAPS FOR STEEL PIPES. Cast iron. Pipes fit holes.

Pipe Sizes, Inches			Cat. No. *State Size*	Ship. wt.	Price
Casing	Suction	Pressure

Kitchen Sinks for Custom- or Home-Built Cabinets

GUARANTEED FIRST QUALITY . . . SAVE EVEN MORE ON KITCHEN IMPROVEMENT . . . INSTALL ONE OF THESE SINKS YOURSELF

Any of the sinks listed below can be installed easily either on a single "free standing" cabinet, or worked into a continuous cabinet arrangement. Also for replacement of old top on cabinet of suitable size and construction. Choose porcelain enameled steel; porcelain enameled cast iron; or solid stainless steel. *All three are resistant to household acids and stains.*

Each of sinks (A), (B), (C), (D), (E) has basins, drainboards and splashback all in one seamless piece of the same material. Flat Rim Sinks (F) to (J) are designed to be built into a sink top covered with formica, vinyl or linoleum. Sinks (G), (H) and (J) have back ledges, with holes for mounting faucets. For type without ledge (F), faucet is mounted on cabinet or wall. Order your Flat Rim Sink with stainless steel rim included; for neat, watertight installation.

Fittings are NOT included with any sinks on this page. Order fitting sets from Page 863 or individual pieces, Page 857. (Cabinet sinks on Pages 862, 863.)

In selecting sink consider family needs, space and location. Also best size for aligning cabinets. Hang wall cabinets first for more working space; reduces risk of damage to floor cabinets. If sink is centered under window, it simplifies aligning if sink is wider than window.

For other tips to help you improve your kitchen cabinet and sink installation get Wards Free Kitchen Planning Booklet. Pick one up at Ward Catalog office or write the nearest Ward Mail Order House; helps you choose the right equipment, arrange sink, stove, and refrigerator. Convenient planning chart included.

If kitchen improvements will require changes in plumbing supply and drainage system you may wish to borrow tools to do the job. Wards loan tools for installation of Ward equipment; see Page 845 for details. Buy all your needed equipment in one convenient order and pay by the month; see Inside Back Cover. Pay while you enjoy your complete cabinet kitchen.

SOLID SATIN FINISH STAINLESS STEEL 77.50 TO 104.50 Without Faucet

(A) (B) ONE-AND TWO-BASIN SINK TOPS. Rugged, solid 20-gauge stainless steel. Lightweight—easy to handle for installation. Won't chip or break.

Never needs scouring—easy to clean with soap and water to keep smooth, polished appearance. Four-inch splashback protects wall. Raised edge on all sides checks dripping. Sturdy, durable work surface. Undersides sound-deadened.

Both 25 in. front to rear. Each has two drainboards, ribbed for drainage. Order fitting sets as specified—Page 863—or individual fittings Page 857. Also order 1½-in. trap from Page 857. Bolts for fastening included. Choose from two efficient, popular sizes.

(A) 54-INCH SIZE, ONE-BASIN SINK TOP. Measures 54 in. across front. Basin 16 by 18 in.; 6⅞ in. deep. Drainboard 17 by 23 in. Order Fitting Set 81 C 1505 R from Page 863, or make up your own set.

81 C 75 RW—Ship. wt. 55 lbs. $5 Down.....Cash $77.50

(B) BIG, EFFICIENT 66-INCH SIZE, TWO BASIN SINK TOP. Generous work surface more convenient—helps to get work done faster. Large size generally preferred where space allows. Each basin 16 by 13½ in.; 6⅞ in. deep.—clean vegetables in one while you do dishes in the other. Each drainboard 17 by 23 in. Order Fitting Set 81 C 1508 RW (Page 863). $5 Down.

81 C 80 RW—Ship. wt. 60 lbs.....Cash $104.50

CONVENIENT TERMS. You may purchase any Ward Kitchen Sink, Water Heater, Water Softener, or Garbage Disposer priced from $45 to $200 for as little as $5 Down. Other plumbing 10% Down. See Inside Back Cover.

IMPORTANT SHIPPING INFORMATION. "W" after Catalog Number means item is shipped from Detroit Warehouse. If nearer, to reduce time and transportation cost. Order from usual Ward Mail Order House. Save even more—see Pages 954, 955 for important information.

PORCELAIN ENAMELED STEEL 24.50 TO 48.95 Without Faucet

(C) (D) (E) Heavy smooth coat of stain- and acid-resistant white titanium porcelain enamel. With 3-in. backsplash. Front to rear, 25 in. Order Fitting Sets with Faucet (D), Page 863 or individual pieces, Page 857, plus 1½-in. trap, Page 857.

(C) 42-INCH SIZE. ONE BASIN, 1 DRAINBOARD. Measures 42 in. across front. Basin 20 by 16 in., 6 in. deep. Only $2.50 Down. Ship. wt. 58 lbs.

81 C 151 RW—WITH LEFT-HAND DRAINBOARD. (Shown).Cash Price $24.50

81 C 62 RW—WITHOUT RIM..... 56.95

STOP "SAVING" GARBAGE...SUPERIOR DISPOSER $5 DOWN

(K) CONVENIENT, TIME-SAVING, SANITARY. No other modern appliance gives so much for so little. Just scrape the garbage down the drain. No handling. No messy cans. No odor. No bother meeting collection schedules. No vermin attraction.

Compare these Ward features with any:

"OMNIVEROUS." Yes, it chews up almost anything—bones, fruit pits, cobs, paper napkins, as well as softer kitchen wastes.

EASIER, HANDIER CONTROL. No opening doors, no stooping, no fumbling with pull cord. Install wired-in, permanent switch where *most convenient to you.* Turn on cold water and flick switch. Scrape food wastes into opening. No complex water switch.

CONTINUOUS FEED. No stopping, no waiting.

HUSKY, HEAVY-DUTY CONSTRUCTION. Light enough for easy installing, only 33 lbs. (packed), yet no skimping.

NON-JAMMING. No need for reversing switch or special un-jamming tools.

FINEST SURGICAL STEEL ALLOYS make cutting parts, shredding compartment hard, keen, enduring. Housing thick aluminum.

SPECIAL ¼-HP MOTOR. Permanently sealed lubrication. Automatic overload burnout protection; simple hand re-set. For 110- to 120-volt, 60-cycle AC. Approved by UL.

BIG CAPACITY. Holds 2 qts. Fast grinding.

NO ODOR. NO MESS. SELF-CLEANING. Top closure serves also as sink stopper.

LOW COST. No more a day than clock.

FOR OLD OR NEW SINK. 3½- or 4-in. opening.

EASY TO INSTALL IT YOURSELF. Usually old trap can be used. Takes 9½- by 14½-in. space. Instructions included. Do NOT use with grease trap. Check local codes. Order switch and wire separately; see Index.

FOR SEWER OR SEPTIC TANK CONNECTION. (Septic tank not smaller than 500-gal.) *Mailable.* Ship. wt. 33 lbs. $5 Monthly.

81C480 MBW–$5 Dn., or Cash Price $64.95

HOW TO SAVE EVEN MORE;
USE THESE WARD SERVICES

Aside from Wards low every day prices for quality merchandise, there are many ways to lower total costs.

SHOP AT A WARD CATALOG OFFICE if there is one near you (see Pages 954, 955). No letter postage; no remittance fees; often substantial transportation savings on called-for orders.

USE LOW-RATE METROPOLITAN DELIVERY where available—see Pages 954, 955.

INSTALL IT YOURSELF. Wards loan tools, tell you how. See Page 845.

BUILD UP FREIGHT SHIPMENTS to 100 lbs. for full use of minimum charges.

[1] 159.50 Without Faucet

[2] 194.50 Without Faucet

You Can Plan and Install Your Own

FLEXIBLE—USE SINGLY; IN GROUPS; WITH CUSTOM CABINETS

Wards matched steel units blend with steel stove, sink, refrigerator. Fire- and vermin-proof. Heavy steel, superior construction assure lasting rigidity; smooth, quiet operation. Cabinets bonderized and finished inside and out with two coats of baked-on White enamel; durable and easy to clean. Double-wall, insulated, sound-deadened doors and drawer fronts. Stainless steel handles.

Nine selections in guaranteed first quality cabinet sinks—equally suitable as free-standing units or in continuous cabinet groups.

DE LUXE SINK CABINETS (1, 2, 3, 4, 5) AND STANDARD (6, 7, 8, 9) are the same basic construction. Differ in drawers and arrangement. Five easy ways to assemble cabinet kitchen with Ward Steel units:

1. WITH INDIVIDUAL TOPS. Choose Formica or Vinyl bonded to steel. Formica in Red, Yellow or Green Moonglo or Gray mother-of-pearl pattern—some shown on Page 784. Vinyl marbleized black only.

2. WITH STRAIGHT CONTINUOUS TOPS. Formica only. Order next page.

3. WITH STRAIGHT OR L- OR U-SHAPE CUSTOM STEEL TOP. Formica only. Write Wards Engineering Dept. for prices. Submit exact plan on chart included with free Kitchen Planning booklet—see Page 945.

4. WITH STRAIGHT OR L- OR U-SHAPE PLYWOOD CUSTOM TOPS. Formica. Order 25 in., front to rear, Page 780; order sinks, cabinets here.

5. WITH LOCALLY MADE CUSTOM TOPS. Order sinks, cabinets here.

Solid Alcoa Tank

WARDS BEST GAS WATER HEATER

FOR MODERN LIVING . . . STRONGEST 10-YEAR GUARANTEE

ONLY SOLID ALUMINUM ALLOY TANK Has All These Features.
CONTINUOUS OPERATION At Modern High Temperatures.
TANK CAN NEVER RUST OUT; Never Discolor or Taint Water.
TWO TEMPERATURES AT ONCE; Fast Recovery Rate.

Ⓐ Now—a fully automatic water heater to meet the demands of the truly modern home—a heater that will deliver abundant hot water continuously at the high temperature needed for automatic washers and dishwashers. The Alcoa *solid* aluminum alloy tank makes this possible. Now you can forget hot water rationing.

No CONSTANT BOTHERING WITH THERMOSTAT. With simple Duo-Temp Control (listed separately at right below) this Water Heater delivers water at 180° for automatic washer, 130° for faucets, *at same time*. Strongest guarantee we've seen—see opposite page.

UNUSUALLY HIGH RECOVERY RATE. Keeps pace with today's heavy need for hot water; heats more water per hour than most water heaters—see table; compare with any. Recovery rate in table is gallons raised 60° or 100° F, as stated, in 1 hour. Approved by *AGA*.

COMBINATION THERMOSTAT, SAFETY-PILOT. Minneapolis-Honeywell. Automatically stops ALL gas flow to BOTH burner and pilot if pilot ever goes out. Adjustable from 120° to 180°F.

INTERNAL FLUE WITH EFFICIENT BAFFLE DESIGN. Water surrounds flue for maximum heat transfer; minimum waste of heat.

"CONTROLLED FLAME" BURNER. Improved efficiency. Cast iron with drilled, raised ports. Stainless steel burner pilot. Both quiet.

Steel jacket with baked-on white enamel finish, contrasting gray top, bottom. Insulation between jacket and tank 1½-in. fiberglas—holds heat. Pressures: test 300 lbs.; working 127½ lbs. Connections: Gas ½ in.; Water ¾ in. (connectors on Page 855). Requires relief valve and vent pipe—Page 866. Vent pipe 4 in. for 40 gal.; 3 in. for others. With draft diverter and drain valve. *State on order type of gas used.* Only $5 Down, $5 to $7 Monthly—*see* Inside Back Cover.

Wards Five- and Ten-Year Electric Water Heaters

FOUR SIZES...GLASS LINED AND GALVANIZED TANKS

TABLE TOP MODEL—GLASS-LINED

TANK GLASS LINED—Glass Can't Rust or Discolor Water.
PORCELAIN ENAMELED work Surface, Splashback.
10-YEAR PROTECTED—See Full Details of Plan Below.

(G) Fits into most standard cabinet kitchens. Extra work area. Top resists household acids, and stains; will not scorch. Standard height of kitchen cabinets, stoves, sinks (36 in.). Tank stores 35 gallons. Simple and functional modern styling. Approved by UL.

White porcelain enameled 4-inch splashback protects wall. Seamless, continuous with table surface. No cracks to trap dirt. Easy to clean. Thick fiberglas insulation.

High-temperature safety control prevents overheating if thermostat fails. Thermostat adjustable from 120° to 180°F. Pressures: test 300 lbs.; working 127½ lbs.

Cold water diffuser; incoming cold water doesn't cool heated water.

Nickel-chrome alloy elements. Double-element heater (81 C 2831) can be connected for full or limited input, as required by local power company—consult them. Single-element heater wired for full input only. Wattages meet NEMA standards; others available—write if interested. All for 220- to 240-volt AC.

Top slides off for easy access to all connections. Water pipe size ¾ in. Drain valve with hose thread included. Width 24 in.; depth 25 in.; front height 36 in. Order safety relief valve, Page 866.

10-YEAR SMALL SIZES . . . GLASS-LINED

(H) (J) For apartments, doctors' and dentists' offices, cottages. Approved by UL. Covered by 10-Year Protection Plan (below). Insulated with 2-in. mineral wool. Steel jacket; white-baked-on enamel finish.

Element 1250-watt. Automatic, thermostatic control. For 110- to 120-volt, 60-cycle AC only. Water connections, ½ in. Outlet box on side. Diam. 16 in. Relief valve required; order from Page 866. *Not Mailable.*

(H) WITH 15-GAL. TANK. Height 34¾ in. Ship. wt. 82 lbs.
81 C 2847 R—Pay $5 Down, or.....Cash 47.95

(J) WITH 6-GAL. TANK. Height 16½ in. Ship. wt. 50 lbs.
81 C 2846 R—Pay $4 Down, or.....Cash 39.95

5-YEAR MODEL . . . GALVANIZED TANK

(K) Efficient. Automatic. Abundant hot water for many years under usual conditions. Protection Plan below.

Extra heavy galvanized steel tank. Steel jacket with white baked-on enamel. For 220- to 240-volt AC. Approved by UL. Test pressure: 300 lbs.; working pressure 127½ lbs. Fiberglas 3-inch insulation. Cold water diffuser saves fuel. Prevents incoming water from cooling heater. Thermostat adjustable from 120° to 180°F. Heat trap conserves hot water.

Electrical and water connections accessible—heater can be placed against wall to save space. Drain valve with hose thread on spout. Requires relief valve; from Page 866. Instructions included. Pay $5 Down on Terms.

WARDS BEST ELECTRIC . . . 10-YEAR GLASS-LINED

EXTRA THICK FIBERGLAS INSULATION. Holds Heat.
GLASS LINING . . . Can't Rust or Discolor Water.
10-YEAR PROTECTION . . . See Full Details Below.

(L) No matter what your home hot water requirements, if you use electricity, one of these should meet them. Top quality, designed to give long, economical service. Approved by UL. Fiberglas insulation 3 in. thick on sides; 4 in. thick on top and bottom. Jacket with baked-on white enameled finish. Pressures: test 300; working 127½ lbs.

IMMERSION TYPE ELEMENTS OF NICKEL CHROME ALLOY. Assure efficient heat due to complete immersion. Two elements (except No. 81 C 2835 which is single-element) can be connected to operate either at the same time or one after the other (for full or limited input), as required by power company—consult them. If they require wattages not listed below, write Wards. Wattages in table meet standards of NEMA. All heaters listed for 220- to 240-volt AC. Single element heater (81 C 2835R) wired for full input only.

HEAT TRAP CONSERVES HOT WATER. Also, cold water diffuser prevents incoming water cooling heated water. Thermostat adjustable from 120° to 180°F.

CAN BE PLACED AGAINST WALL AND STILL BE SERVICED . . . saves room space. Complete instructions included. Important: order safety relief valve from Page 866. Electrical and ¾-in. water connections, drain valve with hose thread are all easily accessible.

ALL WARDS WATER HEATERS ARE FULLY GUARANTEED

Should the water storage tank of any Ward Heater covered by Wards Protection Plan leak or fail due to rust or other chemical action from water Wards will supply a complete new Heater of nearest quality then current, on basis specified in table at right. (No charge on Alcoa tank (A) during first 7½ years).

If any part other than the tank fails within the first year after purchase, Wards will supply new part free of charge. Under normal conditions, each heater will usually last years longer than protection period.

SAVE ON DELIVERY

Always check Wards Metropolitan Delivery and Catalog Office Will-Call Service for possible savings on transportation charges. See Pages 954 and 955. Complete your shopping without even leaving your home.

IMPORTANT SHIPPING INFORMATION. Water heaters with "F" at end of Cat. No. (except for manufactured gas) shipped promptly from Albany stock or Pittsburgh fact.—pay freight from ship. point. Water heaters for manufactured gas from factory only. Send all orders to Wards at Albany. Consult Wards Engineering Service on any plumbing or heating problem; Pg. 845.

FACTS ABOUT WATER HEATERS . . . SIZE TO CHOOSE

Wards Automatic Water Heaters have water storage tanks of three types: Solid Aluminum alloy; Glass-lined steel; and Galvanized steel. No water heater of any type should be operated without a safety relief valve to protect against excessive temperature or pressure, if controls fail. Required by code in localities.

WARDS GAS WATER HEATERS. (A) has Alcoa tank; (B) (E) and (F) galvanized tank; (C) (D) glass-lined. Rapid recovery permits smaller storage tank. Gas from city mains is usually manufactured, natural, or mixed. (Butane- or propane-air-gas mixtures also may be delivered through mains.) Gas in steel cylinders or tanks is called bottled or liquefied petroleum gas (LPG).

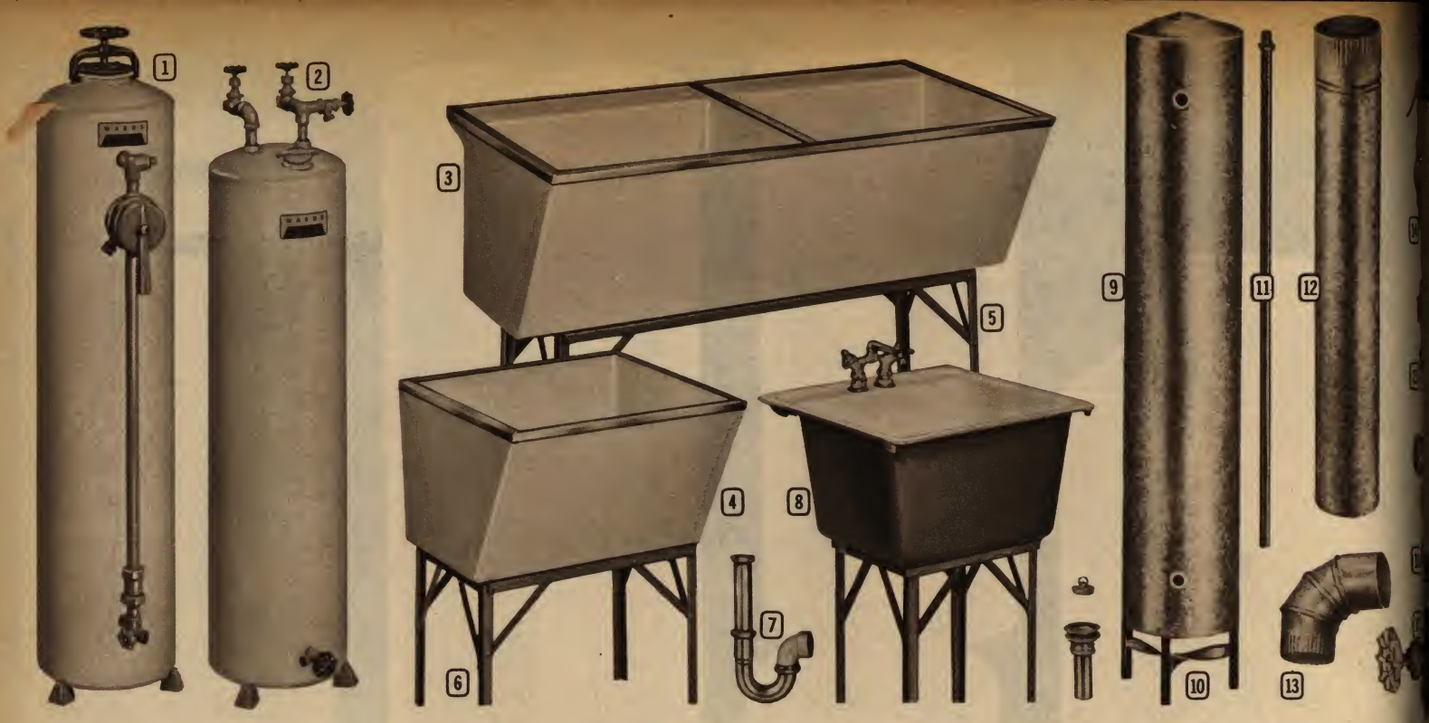
Recovery rate is amount water raised by 60° or 100° F, as stated, in one hour. For example: If water comes from pump or main at 60° and heater will deliver 35 gals. water at 60° rise, it will heat 35 gallons up to 120° F. You can set your thermostat higher than 120°, but longer time will be required. If you use water faster than heater can raise it to the temperature fixed by thermostat setting, it will fall behind.

WARDS ELECTRIC WATER HEATERS. (G), (H), (J), (L) are glass lined. (K) has galvanized steel tank. Some power companies offer special rate; sometimes limited to specific hours. See Power Co. before ordering. Recovery rate slower than gas, requiring larger storage tank.

TO CHOOSE SIZE. (See table, below.) Count each child age 6 or younger as 2. If you have young children, do laundry at home (especially with automatic washer) select larger size. For adult family with laundry sent out, smaller size than indicated may suffice.

Family	Electric	Gas
2 to 3	30 to 35 gals.	20 to 30 gals.
3 to 4	50 gallons	30 to 45 gals.
4 to 7	80 gallons	45 to 60 gals.
7 to 9	80 gallons	80 gallons

TERMS, INSIDE BACK COVER



Water Softeners Laundry Tubs Water Heater Need

WATER SOFTENER PAYS FOR ITSELF 61.50 TO 157.50

SAVE UP TO $100 a year on soap, etc.
$5 DOWN, $5 TO $8 Month on Terms.
FREE WATER ANALYSIS on request.

1 2 Tests show savings up to $100 a year on soap, fabric life, plumbing repairs, etc. with soft water.

Adequate rental softener service costs $6 or more per month for average family. At Wards, $5 Down; $5 to $8 Monthly buys your own Softener.

Ward Softeners are THREE-PURPOSE:—Resinous Zeolite softens water, clarifies, and removes moderate iron content in one operation. Baked-on 2-coat white enamel tank finish. Use any regenerating salt. Softeners shipped from Chicago Factory. Allow Factory 1 week extra. Wards will test water free; *write for free container.*

(1) SINGLE-VALVE SOFTENER. Quick, easy regeneration. Extra-heavy steel tank, galvanized inside and out.

SHELF-DOOR CABINET WITH FULL-LENGTH MIRROR . . . FOR BATHROOM, CLOSET, BEDROOM

Ⓗ OVER 5 FEET OF SHELVING. Locate quickly the item you want in shelf spaces as high or low as you need. Cabinet gives you six steel shelves—five adjustable and bottom shelf. Shelves adjust on centers 5 in. apart—arrange for your convenience. Front of shelves turned up 1½ in. to keep articles from falling.

Six wire hooks may be attached to any shelf for hanging utensils, brushes, scissors, etc. See open view (1). Steel body with baked-on white enamel finish. Cleans easily with damp cloth. (You can paint "to match" by first applying Wards Excelprep or sanding lightly for adhesion.)

DOOR MOUNTS WITH HINGES ON LEFT OR RIGHT SIDE. Change for most convenient opening by up-ending door. Opens easily with push button and recessed door pull. Lock catch. Rubber door bumpers.

PLATE GLASS MIRROR. 59¾ by 18½ in. Edged by 4-in. frame with white baked-on enamel finish. Set in white rubber channel to absorb shock.

MOUNT ONE IN BATHROOM. Lots of shallow shelf space helps locate items faster. Cabinet on Bathroom door or wall takes overflow.

ON BEDROOM CLOSET DOOR it relieves drawers; helps tidy-up. Mirror in teen's room will cut bathroom time. Save steps on cleaning day by using cabinet as storage center on an upstairs or hallway door—full mirror handy for quick check.

MOUNT ONE IN KITCHEN. Extra storage for canned goods, paper toweling, napkins, dish cloths, small mops, etc. Convenient vanity. Cabinet is ideal organizer in Utility or Sewing room. Assign lower shelves for children's use.

EASY TO INSTALL. Screws and instructions included. Mounts on three butt type hinges to insure sturdy support, true alignment. Size overall: 66¾ by 20¾ by 4 in. $4.00 Down. Actual weight only 47 lbs. Shipping weight 61 lbs. .

FACTS ABOUT WARDS BATHROOM CABINETS

CABINET CONSTRUCTION. Bodies all steel, kinds of construction are: 1) Seamless Drawn smooth, no seams or cracks; inside corners slightly rounded—dust-tight, easy to clean. 2) Spot-welded—tight, visible seams; sharp inside corners. Both types sturdy.

All Ward Bathroom Cabinets have baked white enamel finish, inside and out.

RECESSED OR SURFACE

Basic type are RECESSED and SURFACE MOUNT. Choice depends upon bathroom construction, appearance desired, price and permanence. Size depends on space, family's size and needs. All have approved decorator styling.

Recessed or built-in cabinet has mirror face close to wall with cabinet inside wall. Requires cutting hole in wall, or in new construction, building in before finishing (picture below, left). Type generally preferred.

Each Ward Recessed Cabinet has screwdriver blade slot. All Ward Recessed Cabinets 4" deep; require 3½-in. hole in wall. Instructions, screws included.

Surface Mount cabinets are quickly installed by attaching to wall surface. Easily removed if desired. Entire cabinet projects into room. See small picture (2) below, left.

MIRRORS; THICKNESS AND TYPE

Mirrors used on Ward cabinets are of 3 types (see table below): Average thickness is: PLATE GLASS ¼ in.; DOUBLE-STRENGTH WINDOW GLASS 5⁄32 in.; SINGLE-STRENGTH WINDOW GLASS 1⁄8 in. Plate Glass Mirrors are the best—most carefully selected, ground and polished; give clearest reflection; greater breakage resistance. Type of each is specified in individual descriptions.

All mirrors on Wards Cabinets have protective backing for added protection against moisture spoilage. Mirrors are mounted with either rubberless steel frame or stainless steel clips. Hold glass firmly. Full length mirror on cabinet (H) has white rubber channel for protection against shock. Shape of mirror is matter of personal preference.

THREE DOOR DESIGNS

HINGED DOORS. Open to 90°. Hinged on left as shown. Rubber bumpers, except (E).

SLIDING DOORS. In both Surface (D) and Recessed (M) (V). Increasingly popular in modern homes. Doors do not interfere with headroom, no bumping.

HINGED DOORS WITH SHELVES ON BACK. Both cabinets (H) and (J) show how shelves on inside back of mirror for additional, more convenient storage space. Many uses.

TWO DOOR PULL TYPES

WARDS LARGE SPECIAL DESIGN. Shaped handle for secure finger tip control. Pull is 3 in. long, gives better grip than usual small pull. Fits most of Wards Bathroom Cabinets. Chrome plated. Projects ⅜ in. below mirror.

SMALL DESIGN. Stainless steel. Tab 1½ in. projects ⅜ in. below mirror.

LIGHTING OF CABINETS

Cabinets (K) to (P) include built-in side (L) to (P) have Fluorescent fixtures 21 in. with two 15-watt bulbs. (K) has Incandescent fixtures. Lighted cabinets wired, ready to install; junction box on top. Light switch, pull-cord hand bracket; outlet in right-hand bracket for shaver, etc. All approved by Underwriters' Laboratories (UL). For separate cabinet lights and bulbs, see Index.

COMPARISON OF RECESSED CABINETS

FIRST QUALITY STAINLESS VITREOUS CHINA CLOSETS

Each of Wards water closets below is solid, smooth white vitreous china. (Colored china closets, Page 873.) Stain- and acid-proof; easy to clean. Top quality. Glazed trapways for thorough disposal. Large water areas for less soiling. Water seals prevent gas back-up. Each of Wards Water Closets styled to harmonize with Ward lavatories and tubs.

Tank bolts to bowl; forms a single unit. Tank back is glazed; may be set away from wall. Rough-in specification on closets (16), (17) and (18) is 12 inches. Rough-in means the *shortest* distance allowable from finished wall to center of closet outlet; may be greater.

Brass flushing mechanism with chromium plated flush lever handle included. Seat and supply pipes, screws, bolts, setting compound NOT included—order separately: seats Page 872; supply pipes Page 856.

[19] Closet Tank Liner

THREE CLOSET TYPES AT 31.95, 34.25 AND 44.50 Without Seats

[16] SIPHON WASHDOWN TYPE. Positive flushing, but not as quiet as (17) and (18); requires more water. Trapway 1½ in.; efficient disposal. Tank top 21 by 8 in. Height about 29 in. See general description above. Only $3.50 Down on Monthly Terms.

81 C 810 R—Shipping weight 92 lbs.....Cash Price $31.95

[17] REVERSE TRAP TYPE. Reverse-trap flushing with minimum water. Trapway 2 inches. Larger water area than (16) but not as large as (18). Deep water seal. Tank top 21 by 8 in. Height overall approximately 29 in. See general description above. Pay only $3.50 Down; see Inside Back Cover for credit details.

81 C 820 R—Shipping weight 97 lbs.....Cash Price $34.25

SAVE ON TRANSPORTATION, LETTER POSTAGE AND MONEY ORDER FEES. Order and pick up merchandise at a Ward Catalog Office. Experienced clerks will help you order. Try this convenient way to shop. For list of offices, see Pages 954–955. Check delivery services there, also.

MONTHLY PAYMENT PLAN on Inside Back Cover of Catalog.

[18] SIPHON JET CLOSET. Wards quietest. Most thorough cleansing with minimum water. Largest trapway—2¼-in. Largest water area. Deep water seal. Tank top approximately 21 by 8 in. Height about 29 in.

81 C 830 R—Ship. wt. 100 lbs. $4.50 Down. (See Inside Back Cover).....or Cash $44.50

PREVENT TANK DRIPPING WITH PLASTIC FOAM LINER

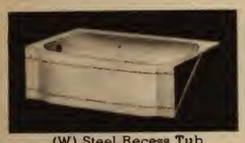
[19] Prevents dripping due to condensation of moisture in air even in high humidities. Lasts indefinitely. Kit contains: 1 piece for bottom; 1 for back; 2 front and side pieces; 1 extra piece to use in case of spoilage; adhesive; applicator stick; instructions. Easy to install. Clean tank. Cut out bottom, fit ides and back, apply adhesive and place in position. Not necessary to remove working parts.

81 C 2369—Ship. wt. 3 lbs.....Complete Kit $3.19

First-Quality Colorware in Iron or Steel, by Set or Piece

MODERATELY PRICED...VARIOUS TUB AND LAVATORY STYLES

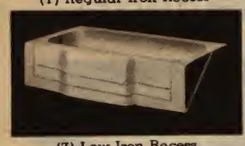
THESE FACTS WILL HELP YOU SELECT COMPLETE BATHROOM SETS OR INDIVIDUAL PIECES



(W) Steel Recess Tub

(X) Steel Corner Tub

(Y) Regular Iron Recess



(Z) Low Iron Recess

COLOR OR WHITE. Wards offers a wide selection of first-quality, finely-styled bathroom equipment at moderate prices. Choose any of the four decorator-approved colors shown on the opposite page, or white from Pages 870, 871.

All sets and individual pieces listed below are offered in all four colors. For example, the cast-iron tub is shown only in Gray (D) but you may order this set or tub in Blue, Green or Coral, as well as Gray. Sets are offered only with recess tubs. Both recess and corner tubs are listed individually.

ORDER SET OR INDIVIDUAL PIECES. If you don't see the Set you want, make up your own by ordering fixtures and fittings individually.

IF YOU ARE MAKING UP YOUR OWN SET for full-bath, half-bath, or powder room, you may wish a Vanity Lavatory, with custom-built cabinet. Colored basins and tops below harmonize with Ward bathtubs and closets.

CHOICE OF MATERIALS. Three types of tubs: 1) Porcelain enameled steel, standard; 2) Porcelain enameled cast iron, standard; 3) Porcelain enameled cast iron in new "Low-Narrow" style. Lavatories in Sets are China or Iron as stated. Individual lavatories in both China and Iron.

Sets and pieces in color are listed below; White fixtures and pieces on Pages 870 and 871. Small pictures at left show the various bathtub types.

RECESS TUB fits room (or recess) same width as tub length. Back and both ends unfinished; walls or partitions required at back and BOTH ends.

CORNER TUB has only one end finished, so walls are required at drain end and back only. All tub styles, sizes and colors are offered with openings for waste-overflow (drain) at either your left (as pictured) or right, as you face tub. (Faucet to be installed in wall above tub, same end.)

THREE BASIC MATERIALS ARE USED IN BATHROOM FIXTURES—Steel, Cast Iron and Vitreous China. Bathtubs are either steel or cast iron. For Lavatories all three materials are used. Closets are made only in vitreous china.

STEEL FIXTURES are formed by huge presses from tough sheets, thick for rigidity. Their lighter weight makes handling and installing easier.

CAST-IRON FIXTURES are molded of molten iron; sand-blasted and ground smooth. These heavy castings have a solidity preferred by some.

Exposed surfaces of both steel and cast-iron fixtures have glass-like porcelain enamel fused on at intense heat to give a hard, smooth, stain-resistant surface. Steel tub sound deadened. Steel tub has raised flanges, cast-iron tub beaded edges, at top on wall sides, for building in tightly.

VITREOUS CHINA FIXTURES are molded of fine clay; then fired into a solid, uniformly hard, non-porous material, with a smooth, luxuriant glaze, impervious to all usual household acids and stains. China lavatories have molded overflows; no annoying rust.

For most convenient, economical shopping at Wards, see Pages 954, 955

SETS COMPLETE WITH FITTINGS 179.95 TO 242.95

(A) TO (D) ALL IN 4 COLORS WITH STEEL OR IRON TUB. All first quality throughout. Read also general facts above.

If none of these popular sets meets your needs it is easy to make up your own from separate listings on this page.

Each Set consists of the following fixtures and fittings:

LAVATORY STAINLESS VITREOUS CHINA OR PORCELAINED IRON, size and faucet mount as indicated in table below.

CHOICE OF LOW CAST-IRON OR REGULAR STEEL OR CAST-IRON TUB, with fused-on porcelain enamel. All recess style, 5 ft. long.

STAINLESS SOLID VITREOUS CHINA CLOSET. Quiet, dependable Reverse Trap type. Best brass mechanism. With solid polystyrene seat—(4), (5), (6) or (7).

WARDS BEST CHROMED BRASS FITTINGS. Shown in larger pictures—Set (X) on Page 870 and fully described there. With or without shower bath fittings and with Lavatory faucet either Front-Mount (1) or Top-Mount (2), as shown on Page 870 and indicated in table below.

In ordering Sets below, *be sure to state choice of Blue, Green, Coral or Gray.* (White Sets on Pages 870, 871.)

PORCELAINED TUBS 71.50 (W) 99.95 (Y) Without Fittings

(W) (X) STEEL, FOUR COLORS; TWO STYLES. Read general information above. The recess style (W) is shown in color groups (A), (B), (C), opposite page, as well as in small view (W), left. Corner style in small view only.

All 5 ft. long and 29 in. wide at unfinished ends. Height outside 16 in. Recessed style has built-in seat about 5½ by 30 in. at center front. No fittings included with any tubs. Order below or from Page 856—choose waste 1784, 1775 or 1780. *Be sure to state on order for tub choice of Blue, Green, Coral or Gray. Order tubs at right.*

Self-Propelled and Easy-Pushing Rotary Mowers

Rotary mowers are lightweight, easy to maneuver in close places. One-piece revolving blade cuts grass and weeds cleanly, leaves no stems sticking up on lawn. Dry grass cuttings and leaves are finely chopped to help mulch lawn; no raking needed. Trim close to trees, shrubbery—eliminates most hand clipping. Multiple wheel suspension gives smooth cut, even on inclines and rough ground. Work equally well forward or backward (except (F) which is self-propelled); no need to turn mower at end of every swath. Gasoline mowers have 2 or 4-cycle engines. 4-cycle engines operate more smoothly, do not require mixing oil with gasoline, are more economical to operate. 2-cycle engines have fewer moving parts, require less maintenance; oil and fuel mixture provide continuous lubrication. *Shipped promptly by Freight, Truck or Express.*

18-IN. GASOLINE ROTARY MOWER 64.50

OUR LOWEST PRICED gasoline rotary mower
1.6-HP CLINTON lightweight 2-cycle engine
LIGHTWEIGHT rustproof aluminum frame

(A) LAKESIDE (BETTER) QUALITY. Nationally known Clinton engine with automatic governor control, shock-type clutch. Rope starting. New aluminum alloy frame design and improved muffler reduce engine noise. Beveled spring steel blade creates suction, lifts grass for smoother cut—height of cut adjusts from 1 to 3 in. Puncture-proof semi-pneumatic rubber tires. Adjustable tubular steel handle with plastic grips. Wheels are not power driven. Ship. wt. 57 lbs.

84 C 8308 R—Only $6.50 Down on Terms..Cash $64.50

24-IN. WIDTH CUT. WARDMASTR. Our finest quality. For extra large lawns, estates, golf courses, etc. Easier to operate because of dual drive to cutting reel and wheels—mower will move under own power with reel disengaged. Handle on mower base starts and stops reel. Rugged malleable iron frame withstands hard use. Cutting reel riveted to five malleable iron spiders; mounted in self-adjusting tapered roller bearings. Briggs & Stratton engine model 6B with automatic recoil starter develops 2 HP; uses 1 pint of fuel per hour. 2-qt. fuel tank. Max. speed about 4 miles per hr. Ball bearing wheels. Actual wt. 148 lbs. Ship. wt. 173 lbs. *Not Mailable.*

84 C 8124 R—Only $13.50 Down, Cash $134.50

17-IN. ELECTRIC MOWER 69.50

QUIET RUNNING ⅓ HP electric motor
SELF PROPELLED—you just guide it
STEEL FRAME keeps blades aligned

(H) WARDMASTR. Powered by Westinghouse ⅓-HP 1725 RPM electric motor. Easy to operate—all you do is guide it. Steel frame keeps blades aligned for smooth cutting. Five 17-in. crucible steel blades are heat treated, oil tempered to retain keen cutting edge; attached to 6-in. diam. reel. Adjustable cast-iron cutter bar. Cut adjusts ¾ to 1½ in. Gears are fully enclosed. Positive non-slip guarded chain drive. Tubular steel handle with convenient on-off switch, rubber grips. 10½-in. diam. wheels with semi-pneumatic, ribbed rubber tires. Rubber covered roller. With 100-ft. 16-ga. extension cord as shown. Ship. wt. 97 lbs. *Not Mailable.*

84 C 8116 R—Only $7 Down, Cash $69.50

17-IN. ELECTRIC MOWER ONLY. Without cord.
84 C 8115 R—Wt. 93 lbs.....$64.50

SMOOTH-CUTTING, QUIET-RUNNING BALL BEARING HAND LAWN MOWERS

ECONOMY MOWER 13.95 14 in.

(J) LAKESIDE (BETTER) QUALITY. Wards lowest priced mowers. Cast-iron frame. Five tempered steel blades adjust for ¾ to 1½-in. cut. Three spiders hold blades firmly on ball bearing cutting reel; enclosed gears. Tubular steel handle, wood roller. 10-in. open-type wheels, rubber tires. *Mailable.*

84 C 8228 YB—14-in. cut. Wt. 41 lbs...$13.95
84 C 8229 YB—16-in. cut. Wt. 43 lbs... 15.45

16-IN. BENT GRASS MOWER (not shown). Similar to (J) except has 7 crucible steel blades to give smooth cut on creeping bent grass (not suitable for regular lawns). Cut adjusts 3/16 to 1¼ in. Four ball bearings—two in reel, two in roller. 10½-in. open wheels, solid rubber tires. Blue finish. Ship. wt. 52 lbs.

84C8237YO—*Mailable.* $2.50 Dn., Cash $22.95

CAST-IRON MOWER 18.95 16 in.

(K) LAKESIDE (BETTER) QUALITY. Smooth running cast-iron mower with tubular steel handle at an outstanding low price. Sturdy cast-iron frame—accurately machined and braced for long trouble-free service. Five blades heat-treated and oil-tempered for utmost strength and durability. Three spiders hold blades firmly on reel. Height of cut adjusts from ¾ to 1½ in. Enclosed gears, protected from dirt, grass cuttings.

Ball bearings in reel adjust automatically to take up wear. Hardwood roller. Fully enclosed 10-in. wheels with shock-absorbing semi-pneumatic tires—won't rut lawn. *Mailable.*

84 C 8240 YO—16 in. Wt. 46 lbs.$18.95

STREAMLINED MOWER 23.95 16 in.

(L) WARDMASTR. Our finest cast-iron mower. Extra-strong streamlined frame—accurately machined, rigidly braced. Five heat-treated and oil tempered crucible steel blades held firmly on reel by four spiders. Cut adjusts from ¾ to 1½ in. Fully enclosed gears, protected from dirt and grass cuttings.

Ball bearings at 4 points—2 in cutting reel, 2 in rubber-covered roller. Reel bearings adjust automatically to take up wear. Tubular steel handle, rubber grips. Chrome plated hub caps, shrub bar. 10-in. diam. wheels, semi-pneumatic rubber tires. *Mailable.* 10% Down.

84 C 8260YO—16-in.cut. Wt.51lbs.$23.95
84 C 8261YO—18-in.cut. Wt.53lbs. 24.95

ALL-STEEL MOWER 28.95 16 in.

(M) WARDMASTR. Our finest hand mower. Heavy-gauge steel frame withstands hard use, yet is light in weight and easy to maneuver. Five heat treated and oil tempered steel blades held firmly to reel by four spiders. Height of cut adjusts from ¾ to 1½ in. Fully enclosed gears, protected from dirt and grass cuttings.

Ball bearings at six points for smooth operation—2 in cutting reel, 2 in wheels, 2 in rubber-covered roller. Reel bearings adjust automatically to take up wear. Chrome plated rust-resistant tubular steel handle, hub caps and shrub bar. Sturdy 10-in. diam. steel wheels with diamond tread shock-absorbing semi-pneumatic rubber tires—won't rut lawn. *Mailable.* $3 Down.

WARDS GUARANTEE to have repair parts available for any Ward Hand or Power Mower for at least 10 years from date of purchase. See Wards new Riding Mower listed on Page 880. For details of Wards Monthly Payment Plan, see Inside Back Cover.

Rubber and Plastic Garden Hose Guaranteed

GREEN RUBBER HOSE 5.19

1 GUARANTEED 5 YEARS. Eclipse (Good) Quality. Vulcanized construction. Good resistance to harmful effects of sun, oil, abrasion but not as well as Rubber and Neoprene hose at right. See terms of Wards Hose Guarantee at top of opposite page.

Three layer construction: (1) Inner layer of smooth seamless black rubber tubing, ½-in. inside diameter. (2) Braided Rayon cord center layer. (3) Tough corrugated rubber cover.

Built to withstand 7 times ordinary city water pressure, handles up to 350 lbs. per square inch. Full-flow brass couplings for standard fittings. Ship. wts. 6 lbs., 12 lbs. *Mailable.*

84 C 7910 M—*State length.*

25-ft. length.....$2.85
50-ft. length..... 5.19

RED RUBBER HOSE 6.98

2 GUARANTEED 10 YEARS. Lakeside (Better) Quality. Heavier and more resilient, costs less per year of service than hose at left. More resistant to sun, oil and abrasion. Highly flexible. See guarantee on opposite page.

Three layer construction: (1) seamless rubber inner tubing, 5/8-in. inside diam. (2) Center layer of tightly braided tough rayon cord—same as used in finest auto tires. (3) Corrugated, natural rubber outer layer—highly flexible for easier handling.

Withstands 9 times ordinary city water pressure, up to 450 lbs. per sq. in. Full-flow rustproof brass couplings. *Mailable.*

84 C 7916 MB—*State length.*

USE WARDS CONVENIENT MONTHLY PAYMENT PLAN ON GARDEN NEEDS. Terms available on orders of $20 or more—see Inside Back Cover.

GREEN NEOPRENE HOSE 8.95

3 GUARANTEED 15 YEARS. Wards Master Quality. Our finest rubber hose. Superior 5-layer construction with rugged Neoprene cover. Built like a truck tire. Greater resistance to sun, oil, abrasion. Withstands exposure to extreme weather. Corrugated to give longer service under rough use. Resists oils, abrasion from scuffing, dragging. See Hose Guarantee at top of opposite page.

Superior five-layer construction: (1) Inner layer of seamless rubber tubing, 5/8-in. inside diameter. (2) Layer of tire-tough, tightly braided Rayon cord. (3) Second layer of natural rubber. (4) Additional layer of Rayon cord—increases tensile strength. (5) Outer layer heavy Green Neoprene rubber. All layers vulcanized into single unit. Built to withstand 18 times ordinary city pressure—up to 900 lbs. per sq. in. Full-flow brass couplings have same diameter as hose—for greater capacity.

Soaking A

NEW WARDMASTR LAWN SPRINKLERS 1.49 TO 8.69

7 TO 10 WARDMASTR brand name designates Wards new line of top quality sprinklers. Feature the very finest in design, construction and workmanship, yet are priced lower than other nationally advertised quality brands. All are professional type used in parks, etc. Streamlined graceful lines; round bases with curved edges won't mar lawns; easy to move to new position. Baked-on two-tone blue enamel finish with sparkling, rust-resistant chrome plated trim over brass. Fit standard garden hose connectors.

(7) SPINNER SPRINKLER. Sprays fine, rain-like drops. Covers 36-ft. diam. area—6 gal. per min. 3½ in. high.

84 C 8001—Ship. wt. 1 lb. 4 oz..$1.49

(8) WHIRLING GLOBE SPRINKLER. Sprays evenly over 30-ft. diam. area at rate of 7 gals. per min. Chrome plated 5¾-in. diam. globe. 10 in. high.

84 C 8003—Ship. wt. 1 lb. 4 oz..$2.98

(9) TWIN NOZZLE REVOLVING SPRINKLER. Chrome plated brass nozzles adjustable for sprays or streams. Covers 48-ft. diam. area at rate of 5 gals. per min. Brass bearings. 6¼ in. high.

84 C 8004—Ship. wt. 2 lbs.....$3.59

(10) IMPULSE-TYPE ALL PURPOSE SPRINKLER. Fingertip adjustment for any watering need—small to large areas; any degree to a full circle; fine spray or stream. Covers maximum of 76-ft. diam. at 7.4 gals. per minute. Excellent for flower bed edges, odd shaped areas. Operate at min. pressure of 20 lbs. per sq. inch. Precision machined brass head with chrome plated trim. 6⅝ in. high.

84 C 8005—Ship. wt. 2 lbs.....$8.69

IMPULSE-TYPE SPRINKLER HEAD ONLY. Same as on sprinkler (10) above. Use with overhead or underground sprinkling systems. Threaded to fit ½-in. steel or plastic pipe.

84 C 8006—Ship. wt. 12 oz.....$5.50

"WALKING" AND OTHER PRESSURE OPERATED SPRINKLERS 2.19 TO 25.95

11 SQUARE SPRINKLER. Gets into corners. Sprays 25x25-ft. sq. area. Wt. 1 lb. 12 oz.

84 C 8036—Use alone or in series.....$2.69

12 WATER FEEDER. Connects to hose, sprinkler or sill cock—fertilizes as you sprinkle.

84 C 8038—Use cartridges below. Wt. 8 oz.$1.89

FERTILIZER CARTRIDGE. For (11); (12) above. 15% nitrogen, 5% phosphoric acid, 5% potash.

84 C 8044—Box of 20. Ship. wt. 1 lb....Box 90c

13 3-ARM BRASS SPRINKLER. Each arm sprays 3 streams. Covers 45-ft. diam. Rust resistant brass arms and bearing. Green finish.

84 C 8015—Ship. wt. 2 lbs. 4 oz.....$2.19

14 RAIN KING AUTOMATIC SPRINKLER. Finger tip control sets distance, spray automatically. Sprays 5 to 50-ft. diam. circle. Brass bearings, stainless steel parts. Chromium plated.

84 CP 8051—*Postpaid.* Green enameled..$9.75

15 NEW OSCILLATING SPRINKLER—reaches corners. Adjustable back and forth motion lets one side of area absorb water while other side is saturated. Sprays 40x50-ft. area.

84 C 8042 M—"Oilite" bearings. Wt. 5 lbs.$7.49

16 AUTOMATIC "WALKING" LAWN SPRINKLER. Saves you time and labor. Guides itself, develops its own "walking" power over a path determined by where you lay your hose. Front wheel rides on top of hose to guide sprinkler; back wheels grip turf. Sprinkles large area with minimum of attention. Lays down from 150 to 300 gallons of water per hour. Creeps 20 to 40 ft. per hour depending on water pressure and adjustment or adjusts to stay in fixed position. Nozzle adjust for mist-like, heavy, or rain-drop type spray. Six oil-retaining bronze bearings. Stainless steel drive screw and thrust flange. Solid rustproof brass fittings. Order automatic shut-off (17) separately, below. Wt. 29 lbs. *Mailable.*

84 C 8058 MB—$3 Down.....or Cash $25.

17 AUTOMATIC SHUT-OFF. For Automatic Sprinkler (16) above. Automatically shuts and stops sprinkler when it reaches valve. Can be installed at any hose coupling.

84 C 8059 M—Ship. wt. 4 lbs. *Mailable*.....

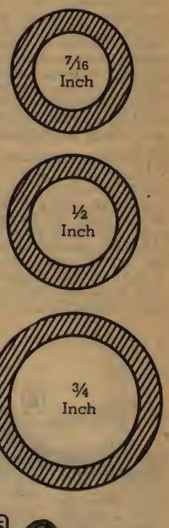
18 SPRINKLER-IRRIGATOR. Sprays 35x35-ft. sq. sprinkler; or waters sub-surface roots. 3-way valve for root irrigation, sprinkling or shut-off.

84 C 8037—Aluminum tube, with steel spike. Wt.

Give 5 to 10 Years of Satisfactory Service

WARDS HOSE GUARANTEE. Given ordinary care and used for the purpose intended, plastic and rubber hose on these 2 pages are guaranteed for number of years stated. If any Ward Hose fails to give service stated, we will replace it, charging only for the service you received. *Remember, too, that storing your hose on a reel* will conserve the extra built-in years of its life—see reels at bottom of page.

WHICH SIZE PLASTIC HOSE SHOULD YOU BUY? The larger the inside diameter (see illustrations at right), the more water hose will handle—afford less restriction to water pressure. ¾-in. size is recommended for greenhouses, estates, golf courses, large gardens, ½-in. size for average size lawns, sprinklers etc.; 7/16-in. size for small lawns, gardens, etc. All hose sizes have standard couplings.



PLASTIC HOSE 2.98 50 ft.

19 GUARANTEED 5 YEARS. Lakeside (Better) Quality. Wards most economical hose. Perfect for lawn or garden use. Resists harmful effects of mildew, rot. Not affected by heat or cold —will not crack or peel in any weather. See Guarantee above.

All plastic hose is extremely lightweight, only ½ weight of regular rubber hose. Easy to carry, coil, convenient to store. Green plastic construction throughout, ribbed for added strength. Resists kinking and curling. 7/16-in. inside diameter. Withstands 7 times ordinary city pressure, up to 350 lbs. per sq. in. Full flow brass couplings. *State length. Mailable.*

84 C 7912 M—25 ft. Wt. 3 lbs. . . . $1.98
50 ft. Ship. wt. 5 lbs. 12 oz. 2.98

VINYL PLASTIC HOSE 4.49 50 ft.

20 GUARANTEED 10 YEARS. WARDMASTR hose. Has all desirable features of plastic hose at left plus heavier construction of pure, heavy Green vinyl plastic throughout. Stays flexible, resilient even under roughest use. Won't scuff or scar on sidewalks, crack or peel. Lightweight, easy to carry and coil. See Hose Guarantee above. Full ½-in. inside diameter. Impervious to oil, grease and acids. Not affected by extreme changes in temperature.

Built to withstand 8 times city water pressure—up to 400 lbs. per sq. in. ½-in. replaceable brass couplings. *Mail.*

84 C 7918 M—*State length wanted.*
25 ft. Shipping weight 4 lbs. $2.69
50 ft. Shipping weight 8 lbs. 4.49
75 ft. Shipping weight 12 lbs. 6.29

CLEAR PLASTIC HOSE 5.98 50 ft.

21 GUARANTEED 10 YEARS. WARDMASTR hose. Stays flexible, resilient under roughest use. Won't scuff or scar on sidewalks, crack, chip or peel. Highly resistant to harmful effects of oil, sunlight. Resists severest weather. Distinctive high-luster light green color permanently molded in—can't rub off or stain. So light a child can lift a 75-ft. length. See Hose Guarantee above, left.

Finest pure transparent plastic throughout—you can see right through hose. Extruded construction—no seams to weaken hose. Eliminates danger of pressure breaks. ½-in. inside diam.

Built to withstand 8 times ordinary city water pressure, up to 400 lbs. per sq. in. With rustproof solid brass replaceable couplings.

84 C 7905 M—*State length wanted.*

WARDS MASTER QUALITY SPADES AND SHOVELS 3.79 TO 4.29

22 TO 27 Wards Master (Best) Quality Shovels and Spades are 30% stronger than average. Steel "I-Beam" construction reinforces handles at point of greatest strain where 65% of all breaks occur. (See view at left.) Finest quality high carbon steel blades and sockets are forged and heat-treated for strength and toughness. Closed back—plate welded to back of blade gives smooth surface with no recesses to catch dirt, strengthens blade. Rolled shoulders strengthen blade, furnish a comfortable step for digging. Socket is double riveted to handle. Northern Ash handles sanded smooth, waxed and polished. *Mailable*.

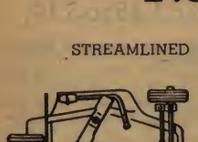
New Wardmastr "Mow-Cycle" Riding Lawn Mower

STREAMLINED WARDMASTR TWIN- BLADE RIDING MOWER CUTS WIDE 24-IN. PATH 249.50



TURNS LAWN WORK INTO PLAY . . . You ride in comfort as you mow your lawn or pull sweeper, roller or other attachments. Simplified controls; easy for anyone to operate.

TWIN ROTARY BLADES CUT WIDE 24-INCH PATH. You can cover large areas easier and faster. Separate blade clutch allows moving mower without turning blades for extra safety.

POWERFUL 3-HP 4-CYCLE CLINTON ENGINE. Gives plenty of extra power for pulling attachments. Maximum speed up to 4½ MPH. Operates forward or reverse. Recoil starter.

UNIQUE, SELF-BALANCING 3-POINT SUSPENSION. Twin rear wheels give added traction and stability. Heavy-duty construction throughout for long service.

[1] This summer let Mow-Cycle do all your lawn work while you sit at ease and steer! New streamlined 1956 model Rotary Riding Mower has added features for improved performance and safety. Specially designed for smooth cutting—trims close to sidewalks, walls, trees, etc. So easy to operate, even a child can do it.

RUGGEDLY BUILT with self-balancing 3-point suspension, dual rear wheels, effective even on steep inclines. Will go anywhere a power mower will go. Carries teen-ager or heaviest adult with complete ease. Controls are within easy reach. Heavy-gauge steel housing insulated with fiber glass—housing lifts easily for servicing engine, encloses and silences all moving parts. Shielded exhaust directs exhaust fumes to side, away from operator.

TWO 12⅛-IN. ROTARY BLADES. Cut 24-inch path. Heavy heat-treated steel. Suction-type action cuts faster, smoother, even in weeds. (Underside view, above at left). Alloy steel spindle runs in 2 New Departure grease sealed ball bearings, lubricated for life. Cut adjusts 0 to 2⅞ in.

NATIONALLY KNOWN CLINTON ENGINE. Single cylinder, 4-cycle, air-cooled 3-HP gas engine with recoil starter. Power transmitted to clutch, blade by V belts; rear wheel driven by roller chain. Foot operated clutch pedal controls movement. Hand lever engages, disengages blades. Hand throttle controls speed; separate reversing lever.

HEAVY-DUTY ONE-PIECE FRAME CONSTRUCTION. Rigid 1-inch steel tubing, welded for extra strength. Steering column, motor mount, shields heavy-gauge steel, will withstand hard use. Handle and steering column welded steel bars. Cushion-molded hand grips. Adjustable steering rods. Ventilated basket-type seat of alloy steel and plaited wire fabric. Front wheels 8-in. diam. with 2½-in. solid rubber tires. Large 12-in. diam. rear wheels have 3-in. puncture-proof semi-pneumatic tires. Length overall 45 in., width 26 in. Shipped promptly from Stock. *Not Mail.*

Feed Your Plants Regularly for Lush Growth

"NO SEE" LAWN EDGING 4.98 for 40 ft.

1 Forms a permanent, inconspicuous barrier against spreading grass. Installed in soil, flush with surface; holds grass vertically around edges for faster, easier mowing. Use around flower beds, shrubs, trees, fences, driveways and hedges. Made of heavily galvanized, corrugated steel of spring-like temper, hot galvanized for maximum resistance to rust. 3⅞ in. high. 2-ft. sections connect quickly to conform to curved or straight outline of area to be confined. Each package contains 20 strips, sufficient for 40-ft. length. Instructions included.
87 CP 12839 M—*Postpaid*.....$4.98

2 TREE FEEDING AUGER. Most effective hand method for feeding trees and shrubs. Drills deep holes which hold fertilizer. Steel construction. 44½ in. in length overall, with 14-in. handle. Two blades, 2 x 8 in. turn easily to cut through sod.
87 CP 12714 M—*Postpaid*.....$3.98

3 PEAT MOSS. Ideal material for mulch, or loosening hard, clay-type soils. Lightens heavy soils, helps dry soil retain moisture. Air dried, it absorbs moisture faster than kiln-dried peat. Finely screened, an excellent top-dressing for lawns and rose beds. Clean and odorless. Bag has plastic inner lining.

MERION BLUEGRASS SEEDER 3.89

5 Most satisfactory method for distributing Merion Bluegrass seed by hand, when it is necessary to spread a small amount over a large area. Seed is disbursed at 80 to 100 revolutions per minute; forms semi-circular pattern in front of operator. Green baked enamel steel container is 6 in. high, 4 in. in diam. Holds 1 lb. of lawn seed.
87 CP 12849—*Postpaid*..... $3.89

6 MERION BLUEGRASS MIXTURE. Most economical bluegrass. Tests in 14 States and Canada revealed that Merion Blue is superior to any other bluegrass. The secret of its vigor lies in the amazing network of roots and rhizomes which spread underground to form a dense, luxurious top growth. Resists crabgrass invasion. Holds color even in hottest weather. Recommended for good soils that get four hours or more of sunlight. Contains 42% Merion Bluegrass, 38% Illahee or Penn. State Fescue, 20% Highland Bentgrass. 1 lb. covers 500 sq. ft.
87 C 12410—1 lb. Ship. wt. 1 lb. 4 oz... $2.69

87 C 12413 KB.— Shipped promptly from Seedsman in Chicago, Ill. or Rochester, N. Y. You pay shipping charges from there. 25 lbs..... $61.98

KENTUCKY BLUE GRASS. Perennial, deep rooting. Withstands summer drought and winter freeze. Stands hard wear. Takes up to 30 days to germinate, but once established, thick turf and close-knit roots discourage weeds. Use 1 lb. sq. ft. for reseeding.
87 C 12467—1 lb. Ship. wt. 1 lb. 3 oz... $1.15
87 C 12468—5 lbs. Ship. wt. 5 lbs. 8 oz.. 5.45
87 C 12469 L—25 lbs. Ship. wt. 26 lbs.. 26.49

HIGHLAND BENTGRASS. For a brilliant, velvety lawn. Once established, grows thicker and more luxuriant each year. Requires about 36 days to germinate. Thrives in medium to heavy soil, with plenty of sun. 1 lb. plants 500 sq. ft.
87 C 12479—1 lb. Ship. wt. 1 lb. 3 oz... $1.49
87 C 12480—5 lbs. Ship. wt. 5 lbs. 8 oz.. 6.98

CRABGRASS KILLER 1.19 6½-oz.

13 By Weedone. New improved, formula containing non-poisonous Potassium Cyanate and new chemical MCP. Developed especially to kill crab grass, but also eliminates other broadleaf lawn weeds without killing permanent grass. 6½ oz. mixed with water is sufficient for 1200 sq. ft.
87 CP 11865—6½-oz. size. *Postpaid*... $1.19
87 CP 11866—26-oz. size. *Postpaid*.... 3.75

14 CRAG HERBICIDE-1. Prevent weeds before they grow, in vegetables, flowers, shrubs, evergreens. Crag is applied to newly hoed or weeded soil. It acts upon germinating weeds and weed seed. Dissolves readily in water. Will not injure adjoining plants. 4 oz. treats 3,000 sq. ft.
87 CP 11879—4-oz. Can. *Postpaid*. Each $1.50

15 WEEDONE. The old familiar 2, 4-D weed killer, improved by the addition of 2, 4, 5-T. Kills dandelions, plantain, foxtail and other broad leaf weeds in lawns. Kills poison ivy, poison oak, ragweed, thistle and over 90 other weeds, without harming permanent grasses. Prevents re-sprouting of tree stumps. Will not give off vapors injurious to flowers, shrubs, or vegetables. Use in any garden sprayer. 8-oz. can makes 6 gal.—enough to spray 1200 sq. ft.
87 CP 11850—8-oz. Can. *Postpaid*..... 97c
87 CP 11851—1-qt. Can. *Postpaid*.... $2.69
87 CP 11852 M—1-gal. Can. *Postpaid*. 6.69

ALL PURPOSE LAWN SEED 1.19 Pound

7 100% perennial grasses. Makes a dense, deep-rooted turf, carpet-like in appearance, yet rugged enough to stand heavy traffic. Blend of choice grass varieties that give a beautiful lawn under widest variance of soil and climate. Recommended for poor sandy soil and partly shaded spots, but will grow as well in rich soil, acid or sweet, in sun or shade, in moist or semi-dry places. Contains rare and costly Illahee Fescue (stays green during hot summer); Highland Bent Grass and Kentucky Bluegrass, well known for hardiness and ability to make a good lawn. 1 lb. plants 250 sq. ft. area. 50 and 100-lb. Bags shipped promptly from Seedsman near Rochester, N.Y. Transportation charges *Prepaid*. Others shipped from Stock.

For Fast, Dependable, Low-Cost Coverage

NEW, MODERN 15-GAL. SPRAYER 124.95

[1] Ideal for truck garden, nursery or small orchard. 1¾ HP Clinton engine. Single cylinder pump delivers 2 gal. per minute. Pressure adjustable up to 250 lbs. Jet-type agitator. Easy-to-read pressure gauge. Stainless steel piston, self-lubricated graphite piston packing. Oilite bearings. Pressure adjusting valve. Height 21 in. from ground to top of tank. 19½ in. wide, 46 in. long, overall. Large filler opening with built-in screen. Entire top removable for periodic cleaning. Inside plastic coated to resist rust and corrosion. Rolls easily on 12 x 1.75 semi-pneumatic rubber tires. Large plug for drainage. Includes 12½ ft. of oil-resistant spray hose, with new lightweight spray gun. Spray pattern adjustable from fine mist to a solid stream. Bright red enamel finish, with green wheels. Shipped by freight from Factory in Eastern Iowa. Pay shipping charge from there. Allow 14 days, plus time in transit. Ship. wt. 105 lbs.

87 C 12100 F—With engine. $12.50 Down, or Cash.....$124.95

15-GAL. SPRAYER WITH ½ HP, 110–120 V, 60-CYCLE AC ELEC. MOTOR.
87 C 12101F—Ship. wt. 115 lbs. $14.00 Down, or Cash $139.00

STANDARD SIZE BARREL PUMP 21.95

[2] Pumps at rate of 2½ gal. per minute. 31 by 2-in. air chamber develops up to 250 lbs. pressure. Seamless brass pump measures 1¾ in. by 5 in. Complete with agitator, 12 ft. of ⅜-in. hose, non-clog nozzle, discs for mist or coarse spray. Fits any standard barrel (not included).

87 C 6107 MB—*Mailable*. Ship. wt. 30 lbs.....$21.95

[3] 18-GALLON WHEELBARROW SPRAYER WITH TANK. For weed killers, insecticides, fungicides, disinfectants, whitewash, cold-water paints, etc. Easily operated by one man. Slow, easy pumping stroke forces spray out of nozzle with powerful pressure. Pumps up to 2½ gal. per minute; develops up to 250 lbs. pressure. Welded steel plate 5-gal. pressure tank tested to stand 300 lbs. Reliable; heavy-duty pressure gauge.

Removable brass pump, 1¾ by 5 in. long. Non-clog nozzle with strainer and interchangeable discs for fine mist, or coarse spray. Dasher type agitator keeps solution well mixed. Galvanized steel tank—corrugated, full soldered seams. Mounted on 1-piece steel tube frame, rolls easily on 20 by 2½-in. steel wheel. Height overall: about 38 in. 12 ft. of ⅜-in. hose, 3-ft. brass curved extension and automatic shut-off nozzle. When using with weed killers, order 87 C 6095 Nozzle, (19) on facing page. Wt. with pressure tank 104 lbs.; less pressure tank, 66 lbs.

87 C 6298 R—With Pressure Tank. $5.50 Down, or Cash $55.00
87 C 6297 R—Less Pressure Tank. $4.00 Down, or Cash 37.50

12-GALLON WHEELBARROW SPRAYER WITHOUT PRESSURE TANK. Similar to 87 C 6297R above. Develops 150 lbs. pressure. Seamless brass pump, 1⅜-in. diameter, 7½ in. long, dasher type agitator. 8 ft. of ⅜-in. hose, 2-ft. curved brass extension.

87 C 6053 R—*Not Mailable*. Ship. wt. 34 lbs $29.95

WARDS GARDEN HOSE SPRAYER 5.29

[4] Attach to your garden hose in place of regular nozzle. Insert cartridge and spray lawn or garden with solution. Chrome plated. Cartridges visible in transparent plastic cartridge chamber; can be refilled quickly when cartridge is exhausted. 12-in. angle extension with shut-off control, and adjustable nozzle. Effective spray range 3 to 15 ft. Easy to clean. Order cartridges separately, below.

87 C 6147—Ship. wt. 1 lb. 12 oz.....$5.29

WEED-O-SPRAY CARTRIDGES AND HOLDER 1.55

[5] Easy way to kill dandelions, plantain, and other broadleaf lawn weeds. Fit special plastic holder and nozzle on end of your garden hose, insert weed killer cartridge, and spray. Includes cartridge holder, nozzle, and 2 Weed-O-Spray Cartridges. Extra cartridges are listed below.

87 C 6132—Ship. wt. 12 oz.....$1.55

CONCENTRATED CARTRIDGES

For use with (4) and (5), and Arnold garden hose sprayers. Concentrated cartridges: insecticides, weed killers, etc. Contain a special spreader which forms an adhesive film over plant surfaces to prevent insecticides and weed killers from forming into drops and rolling off. Amount of spray delivered depends upon the particular cartridge used; each one makes about 5 gal. spray. Order 3 each of cartridges selected, to insure sufficient quantity for season. *Be sure to state name of cartridge desired.*

87 C 6131—Ship. wt. 5 oz. *State name*.....Each Cartridge 33c

ARSEN-O-SPRAY. (Arsenate of lead). Controls chewing insects on fruit trees, tobacco plants, etc.

CHLORDANESPRAY. Controls ants, chinch bugs, grubs, cutworm.

CRYOLITE. Controls bean, cucumber and potato beetles; cabbage worms and other chewing insects.

DDT-SPRAY. For insects in garden, mosquitoes and flies in home. Do not apply on fruits or vegetables within 3 weeks of harvest.

FUNGUSPRAY. For fungus diseases such as black spot, canker, mold.

LINDANESPRAY. Controls aphis, midge, thrips; mosquitoes. Do not use on edible fruits because of taste.

NIC-O-SPRAY. For aphis, mealy bugs, other sucking insects.

P-R SPRAY. Contains pyrethrum, and rotenone. For chewing and sucking insects. Non-poisonous.

PYR-O-SPRAY. For sucking insects such as aphis. Non-poisonous.

ROT-O-SPRAY. Contains rotenone for chewing insects on fruit trees; vegetable plants. Non-poisonous.

SULPH-O-SPRAY. For red spider, rust, mildew, blackspot, scab.

VITAMIN B-1. Aids plant growth, helps produce larger blooms.

WEED-O-SPRAY. Contains 2, 4-D for killing weeds in garden and lawn.

CLEANSWELL CARTRIDGE. For washing any exterior painted surface such as automobiles; porches, etc. Provides an efficient, grease-dissolving solution. As safe as cake soap for all household cleaning purposes.

WEED-O-SPRAY CARTRIDGES. Keep several on hand to be sure of sufficient supply for season. May also be used with Sprayer (4) above.

HAND DUSTERS 1.39 AND 2.49

[6] LARGE SIZE DUSTER. Use to apply insecticides and fungicides. Adjustable nozzle for dusting underside of leaves. Smooth-gliding plunger. Heavy tin with lacquer finish. 4½ x 4-in. dust chamber, holds about 1 lb. of dust. 42½ in. long.

87 C 6287—Ship. wt. 3 lbs.....$2.49

[7] PINT-SIZE DUSTER. Precision built, with extension tube for underleaf spraying. Non-clog nozzle dusts insecticides and fungicides at any angle. Delivers uniform blast. Heavy tin, with lacquer finish. Length, with extension, 30 in.

87 C 6064—Ship. wt. 2 lbs.....$1.39

REDI MIX SPRAYER 4.95

[8] Attaches to your garden hose—water pressure does the work. For applying any water-soluble insecticide, weed killer or soluble fertilizer. Simply place required amount of chemical in jar, fill to correct level indicated, and turn on water in hose. Two brass nozzles for fine, coarse, or long distance spraying. Swivel hose connection. Back-siphonage protection prevents solution from backing up into your water system. Complete with Mason jar, easily replaceable in your home with any pint, quart or half-gallon Mason jar. Easy to clean.

87 CP 6101—*Postpaid*.....$4.95

HAND SPRAYER 98c TO 4.95

[9] CONTINUOUS SPRAYER. Slow pumping action produces a fine, continuous mist which envelops foliage of plants. Galvanized, rust-resistant tank for long service. Solid brass nozzle.

87 C 6019—26-oz. size. Ship. wt. 2 lbs.....$1.59
87 C 6018—3-Qt. size. Ship. wt. 3 lbs..... 2.19

[10] 1-QUART INTERMITTENT SPRAYER. For spraying insecticides and disinfectants. Each stroke of the plunger produces a fine mist. Tank is galvanized to resist rust and corrosion.

87 C 6128—Ship. wt. 2 lbs.....98c

[11] BLIZZARD SPRAYER. Our finest hand sprayer. Seamless brass pump and solid copper tank are highly polished. Tank screws to pump. Slow pumping action gives a continuous, unbroken mist of long duration. Use for insecticides and disinfectants. Twin nozzle is designed to provide either straight or angle spraying by a quick, simple adjustment. Built to last for years.

87 C 6029—Ship. wt. 3 lbs. 4 oz.....$4.95

WIDE-VISION GOGGLES 1.59

[12] Clear, double strength glass lenses protect against dust, chips, grit, etc. Lenses interchangeable with sun glass lenses below. Aluminum frame. Non-toxic plastic binding. Ventilated eye-cups. Adjustable elastic headband, leather nose bridge.

87 C 6235—Ship. wt. 8 oz.....Each $1.59
87 C 6236—Extra Lenses. Wt. 6 oz. Pr. 89c
87 C 6237—"Air-Corps-Green" Sun Glass Lenses (May be used in above frame.) Ship. wt. 6 oz.....Pair 50c

[13] THRESHING MASK AND GOGGLES. For threshing, haying, or any other dusty job. Combination mask and goggles. Plastic body, wire-reinforced edge. Wire mesh and felt filter. Acetate lenses in aluminum frame. Plastic binding. Includes 2 filters and 2 screens. Adjustable, elastic strap.

87 C 6134—Ship. wt. 10 oz.....$1.69
87 C 6135—8 Filters and 2 Screens for Mask above. Ship. wt. 8 oz.....25c

[14] WILLSON RESPIRATOR. Approved by Bureau of Mines. Lightweight. Permits wearing of goggles or spectacles. Large filter area for ease of breathing. Adjustable rubber face piece. Protects against nuisance dusts, toxic dusts, lead and pollen.

87 C 6088—Mask, 5 Filters. Wt. 12 oz..$3.45
87 C 6089—10 Extra Filters. Wt. 4 oz... 1.20

WILLSON AGRISOL RESPIRATOR 4.95

[15] Comfortable fitting rubber face-piece has dual plastic cups, each containing a chemical cartridge to absorb toxic vapors, and a paper pulp filter to trap dust particles. This respirator offers the most reliable protection when dusting, spraying and mixing such chemicals as Parathion, Aldrin, Dieldrin, EPN, Toxaphene, Chlordane, DDT, Lindane, Methoxychlor, DDD or Nicotine, in open field operations. Not to be used for mixing or spraying above chemicals in enclosed areas. Elastic headband and neckstrap are adjustable and replaceable. Includes 2 chemical cartridges and 12 dust filters. Extra cartridges and filters for TEPP and HETP sold below.

87 C 6085—Ship. wt. 1 lb.....$4.95

AGRISOL REPLACEMENT CARTRIDGES AND FILTERS. Four Agrisol chemical cartridges and 12 dust filters for Willson Respirator (15) above. Furnish 16 hours of continuous or accumulated protection.

87 C 6086—Ship. wt. 1 lb.....$2.00

FILTERS FOR TEPP AND HETP 2.00

For Agrisol Respirator (15) above. Set of six filters which will provide 24 hours of protection against insecticides which contain low concentrations of TEPP or HETP compounds. For open field work only.

87 C 6087—Ship. wt. 8 oz. 6 Filters $2.00

LEATHER FRAMED GOGGLES 3.50

[16] Protects against dust, chips, etc. Soft corduroy binding. Ventilated eye cups. Elastic headband. Goggles can be worn over regular eyeglasses. Clear, hardened, double-strength lenses are easily replaced.

87 C 6160—Ship. wt. 12 oz.....$3.50

[17] CLEAR VISION SPRAY HELMET. Fits all head sizes. Made of strong 8-oz. waterproof canvas duck. Machine-stitched. Covers head and shoulders. Protects eyes, nose and throat. Replaceable transparent plastic window. Complete with loop in back, for hanging on hook when not in use.

87 C 6110—Ship. wt. 1 lb.....$4.75

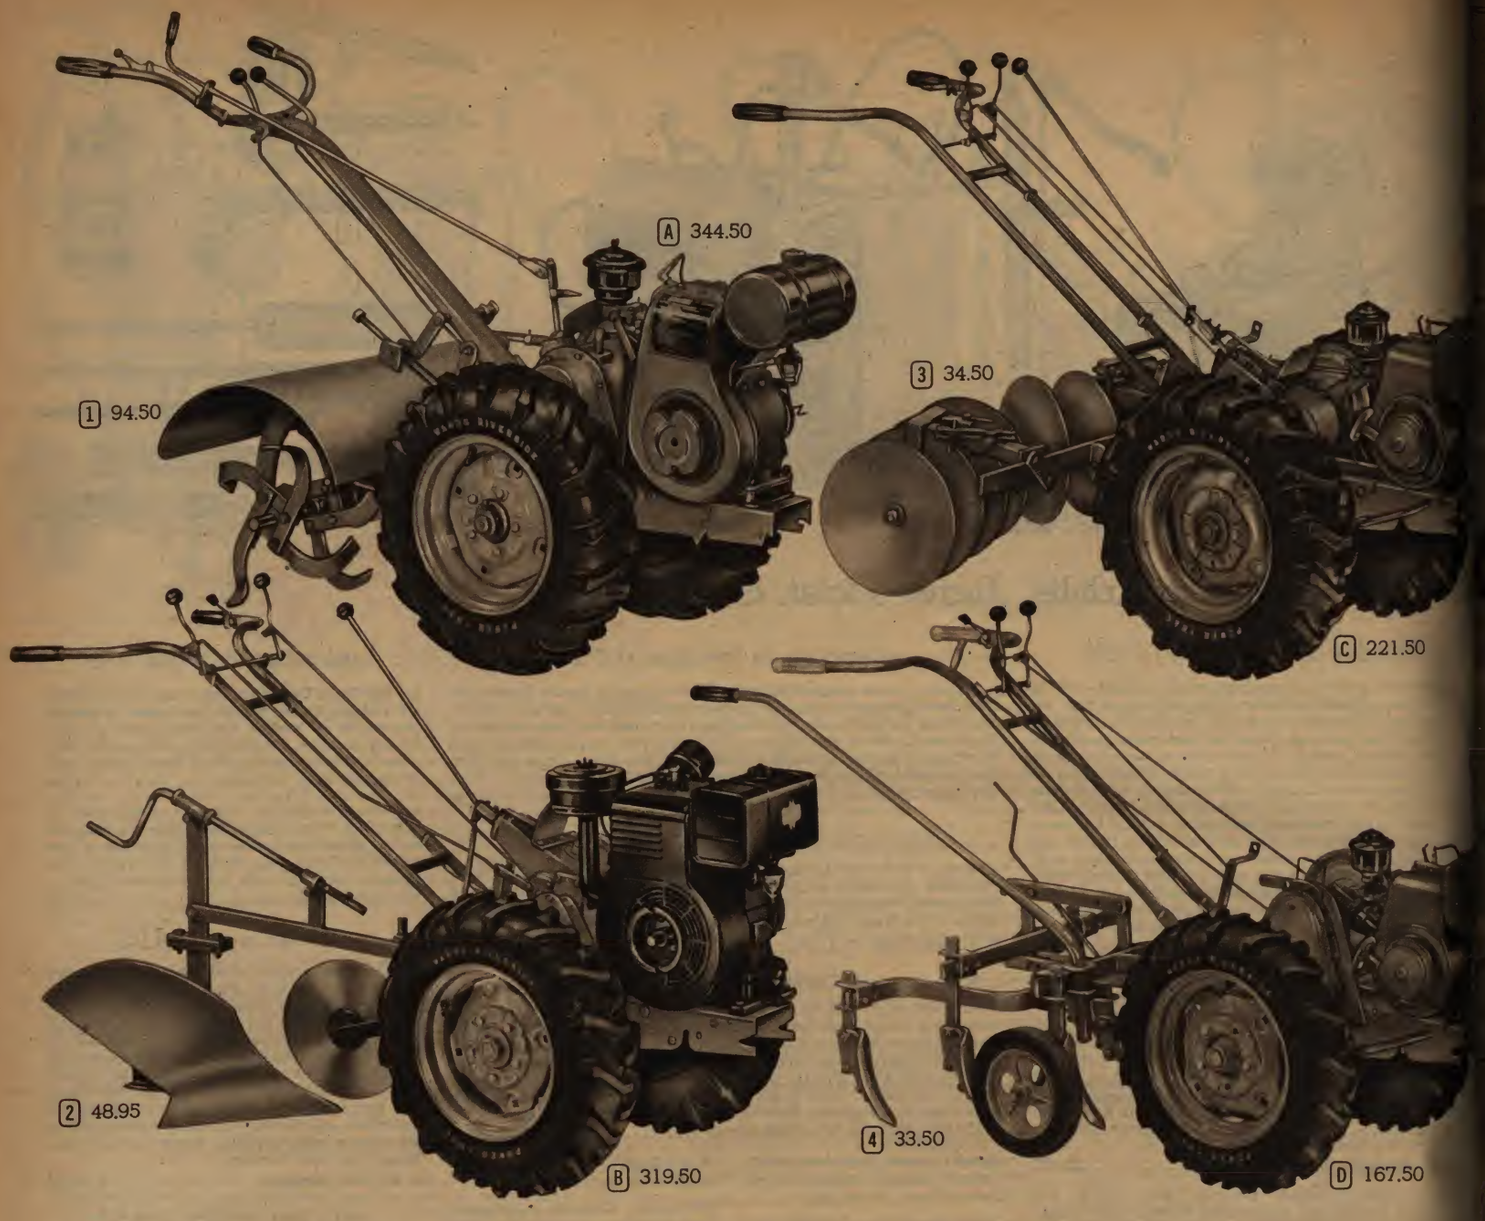
DUSTRID RESPIRATORS 79c, 2.95

[18] DUSTRID MASK NO. 1. Filters out most nuisance dusts around home, field and shop. Lightweight, rust-proof frame. Adjustable elastic head band. Ship. wt. 4 oz.

87 C 6224—Mask and Filter.....79c
87 C 6225—15 Extra Filters. Wt. 4 oz.....39c

[19] DUSTRID MASK NO. 2. Chrome plated brass. Filters out pollen and nuisance dusts. Rubber flutter-valve releases exhaled air. Rubber face piece. Replaceable head band made of combination fabric and elastic.

87 C 6185—Mask and Filter. Wt. 6 oz..$2.95
87 C 6186—30 Extra Filters. Wt. 4 oz.... 79c



Now, 5 New Two-Wheel Ward-Trac Garden Tractors

WITH ADDED FEATURES FOR BETTER PERFORMANCE AND GREATER EASE OF OPERATION

6 HP POWER-TRAC 344.50 3½ HP CHOR-TRAC 266.50

(A) WITH LEVER SHIFT, 6 SPEED FORWARD AND REVERSE DRIVE. Now you can get many of the fine features of Wards riding tractors in two all new walking versions. Have same type precision built, all gear transmission with Dial-A-Matic shift—same full gear differential, clutch, front wheels and engines as riders. Both are Deluxe Models with bar tread low pressure tires size 6—12 (23-in. O.D.) on wide base rims.

SELECTIVE GEAR TRANSMISSION WITH DIAL-A-MATIC SHIFT. Simply release clutch and shift lever to dial speed desired. Six forward speeds and reverse in two stages. High range gives travel speeds of 3, 4 and 5 MPH; low gives power speeds of 1½, 2 and 2¾ MPH. Full throttle control in each gear.

FULL GEAR DIFFERENTIAL. Automotive type, fully enclosed. Permits each wheel to roll independently for short radius turns, yet both drive under full power at all times.

DELUXE FRAME AND ADJUSTABLE HANDLES. Frame full 10-gauge U-shaped formed plate. Distinctive handle of ⅛-in. wall, flattened steel tube size 4 by 1 in. Contour formed tubular handle bar with rubber grips. Full 10-in. height adjustment.

OTHER FEATURES. Simple, positive action controls; easy-on front and rear hitches to quickly change tools. High cultivating clearance, adjustable tread width. Rope starter.

87 C 5822 R—6 HP Power-Trac with nationally-known 4-cycle air-cooled Wisconsin engine that develops over 6 HP. Ship. wt. 287 lbs. $34.50 Down, $19.50 a Month . . . . . or Cash $344.50

87 C 5821R—3½ HP Chor-Trac Deluxe. Same as above but powered by Clinton 1200 Series 4-cycle air-cooled engine that develops 3.6 HP. Ship. wt. 257 lbs. $27 Down . . . or Cash $266.50

NEW 3 HP CHOR-TRAC 221.50

(C) WITH LEVER SHIFT, 6 SPEED FORWARD AND REVERSE DRIVE. Brand-new middle-sized tractor, our lowest priced full gear, lever shift model. Same general design and construction as Plow-Trac at right above but powered by Clinton new 3100 Series 4-cycle air-cooled engine that develops 3 HP. Has all gear transmission with automotive type shift lever. Releasing clutch and moving shift lever at handles gives any of three forward speeds or reverse in two ranges. Low range speeds 1, 1½ and 2¼ MPH; high range speeds 2½, 3½ and 5 MPH. Full throttle control in each speed. New quiet muffler reduces engine exhaust to pleasing low tone. Recoil starter that automatically rewinds after each pull. Bar tread, low pressure tires, size 6—12 (23-in. O.D.) on wide base rims.

87 C 5827 R—Ship. wt. 220 lbs. $22.50 Dn., $14 a Mo. or Cash $221.50

POWERFUL 5 HP PLOW-TRAC 319.50

(B) WITH LEVER SHIFT, 3 SPEED FORWARD AND REVERSE DRIVE. Choose Wards Power-Trac for extra power and heavy-duty service at a budget price. Finest quality throughout with convenience features for ease of handling, maneuverability and efficiency. Powered by Briggs and Stratton Model 14, 4-cycle air-cooled engine that develops 5 HP. Bar tread low pressure tires size 6—12 (23 in. O.D.) on wide base rims.

ALL-GEAR LEVER SHIFT TRANSMISSION. Choose the speed you want by releasing the clutch and moving shift lever to desired position. Pointer on gear box shows speed. Fully selective, with 3 forward speeds of 1¾, 2½ and 3½ MPH, plus a neutral and reverse, with full throttle range in each. Precision built with hardened and ground shafts on Timken roller bearings. Initial drive is from pulley on engine shaft through "B" size V-belt to transmission pulley.

EXTRA-HEAVY ONE-PIECE FRAME. Of auto bumper steel. Entire unit, including the front hitch formed into a wide U-shape 5¼ in. wide and 4 in. deep. Strong double handles of welded steel tubing. 5½-in. height adjustment. Plastic grips.

OTHER FEATURES. Over-running ratchets in each wheel with reversing device to engage both wheels for full power forward, backward and to free proper wheel for short radius turns. Free wheeling when not in gear; aids maneuvering in "tight spots." Two plastic knob clutch levers; one controls tractor, the other applies power to attachment. Quick, easy-on front and rear hitches to change attachments. High cultivating clearance, adjustable tread width. Rope starter.

87 C 5828 R—Ship. wt. 306 lbs. $32 Down. . . . . or Cash $319.50

NEW 3-HP HOE-TRAC 167.50

(D) WITH 2-SPEED FORWARD AND REVERSE DRIVE. Our lowest priced full-sized tractor. Completely redesigned for 1956. Same general frame and handlebar construction as Plow-Trac above. Powered by nationally known Clinton 3100 Series 4-cycle, air-cooled engine that develops 3 HP. New low tone muffler for quiet operation; recoil starter for fast, easy starts. All gear, 2-speed transmission gives you choice of 1¼ or 2½ MPH speed ranges. Change from one range to another by placing V-belt in proper groove on engine step-cone pulley. Engage forward or reverse gear by releasing clutch and moving lever at handles. Throttle gives full engine control in each speed range. Balanced weight, advanced design and 100% free-wheeling provide ease of handling. Bar tread, low pressure tires, size 5—12 (21-in. O.D.) on wide base rims.

87C5826R–Ship. wt. 186 lbs. $17 Dn., $11 Mo. . . . or Cash $167.50

35 Low Priced, Quick-Change Attachments

SPEED UP AND EASE WORK ALL YEAR 'ROUND; KEEP YOUR PLACE IN TIP-TOP SHAPE

HOE AND CHOR-TRAC PLOWS 28.50 6½-in.

5 Heavy steel beam with adjustable hitch. Convenient screw crank to regulate depth of cut to about 5 in. Excellent for light soil or previously worked ground. Landing adjustment to control width of cut. Order wheel weights for added traction. Ship. wts. 40 and 46 lbs.

87 C 5466 R—6½-in. Plow for Hoe-Trac. Turns furrow up to 7½ in. wide..... $28.50

87 C 5451R—8-in. Plow for Chor-Trac. Turns furrow up to 9 in. wide..... $31.95

6 25-LB. WHEEL WEIGHT. One or more, bolted to wheel, give added traction in heavy pulling. Fits Hoe, Chor, Plow, Power-Trac and Riders.

87 C 4999 MB—Wt. 25 lbs. *Mailable*.... Ea. $3.75

7 8-IN. TWO-WAY PLOW. Plow back and forth; moldboard and share are reversible to turn furrows all one way. Eliminates dead furrows and ridges. Turns furrow 8 in. wide, 5 in. deep. Includes two 25-lb. wheel weights. Fits two-wheel Chor, Plow, and Power-Trac.

87 C 5063 R—Ship. wt. 117 lbs..... $47.95

8 FRONT MOUNTED CULTIVATOR cuts cultivating time—you can run tractor faster. Heavy ¼ by 1½-in. steel frame. Six 1½x8-in. reversible shovels adjust to 4-in. depth, 30-in. width.

87 C 5644 R-Fits Hoe, Chor-Trac. Wt. 65 lbs. $27.50

9 HEAVY-DUTY CULTIVATOR. Extra sturdy. Trip lever lifts shovels for transport, lowers for cultivation up to 4 in. deep, to 30 in. wide. Six 4-in. steel duck foot sweeps, plus extra set of reversible shovels. Adjustable tool holders. Wt. 80 lbs.

87 C 5628 R—Fits Plow, Power-Trac..... $38.95

10 31-IN. SICKLE BAR. Cuts hay, tall grass, heavy weeds, etc. Has special 2-in. sections for clean cutting. Ship. wts. 62 lbs. each.

87 C 5637 R—Fits Hoe and Chor-Trac.... $54.95

87 C 5638 R—Fits Plow and Power-Trac... 54.95

36-IN. SICKLE BAR. Similar to above but wider; extra-heavy box girder type frame. Fits Plow and Power-Trac, also Riders.

87 C 4998 RX—Ship. wt. 85 lbs..... $71.50

NEW 11-PLATE PLANTER 39.25

11 Sows most garden seeds including field corn. Drills or hills with from 1-in. to 6-ft. spacing. 2-qt. cap. Fits Hoe, Chor, Plow and Power-Trac.

87 C 5355 R—Ship. wt. 48 lbs... $39.25

12 FERTILIZER ATTACHMENT for above seeder. 2 feed drops drill strip on both sides of seed. 15-lb. cap.

87 C 5356 R—Ship. wt. 20 lbs... $16.95

13 ROTARY LAWN MOWER. Cast alum. alloy housing. High carbon steel blade, height adjusts from 1¾ to 4 in. 8-in. ball bearing rubber-tired wheels. Ship. wts. 50 and 55 lbs.

87 C 5098 R—20-in. Fits Hoe, Chor, Plow, Power-Trac and Riders.. $61.95

87 C 5099 R—24-in. Mower. Fits Chor, Plow, Power-Trac and Riders. $72.95

LEAF MULCHER ATTACHMENT. Fits on above mowers. Grinds up leaves and spreads them over lawn. Wts. 6, 8 lbs.

87 C 5096 MO—For 20-in. Mowers. $6.25

87 C 5097 MO—For 24-in. Mowers. 7.75

14 24-IN. REEL LAWN MOWER. Heavy duty 5-blade steel reel runs on sealed ball bearings. Height adjustable from 1 to 3 in. Hardwood roller. Fits Hoe, Chor, Plow and Power-Trac, also Riders.

87 C 5052 R—Ship. wt. 78 lbs.. $57.95

15 18-IN. ROTARY WEED CUTTER. Clears high grass and heavy weeds. Spool shaped, non-wrapping design cutter unit with 2 pivoting hardened steel blades. Fits Hoe, Chor, Plow, Power-Trac and Riders.

87 C 5647 R—Ship. wt. 45 lbs... $29.95

16 LIGHTWEIGHT SULKY SEAT. Ride while mowing lawns, cutting weeds, etc. Large steel seat, spring mounted. 14 by 2½-in. rubber tires. Fits Hoe, Chor, Plow, Power-Tracs.

87 C 5353 R—Ship. wt. 55 lbs... $25.50

SULKY AND DUMP CART 83.95

17 New double duty Riding Sulky and Dump Cart. 16-ga. steel box holds 7 cu. ft. or a 1000-lb. load, is 39x 26x12-in. high. Removable endgate. To unload, simply tilt seat forward and swing box up. Box quickly detached to provide riding seat. Two 4:00 by 8 (16-in. O.D.) pneumatic tires. Fits Hoe, Chor, Plow, Power-Trac.

87 C 5861 R—Ship. wt. 155 lbs.. $83.95

87 C 5860 R—Heavy Duty Sulky Only. Same chassis and seat as above but no box. Ship. wt. 80 lbs..... $57.95

18 LAWN ROLLER DRUM. Quickly mounts on chassis of above in place of wheels. 12-ga. steel drum has 16-ga. concave sides. Weighs 225 lbs., filled with water. Ship. wt. 70 lbs.

87 C 5862 R—Roller Drum Only. $21.95

19 NEW SEED AND FERTILIZER SPREADER. Holds 80-lbs. of commercial fertilizer. Handles lime, phosphate, etc. Sow lawn seed, oats, rye, etc. in accurately measured amounts. 28-in. swath. Agitator welded to axle for positive, even feed. 10x1¾-in. rubber tires. Fits Hoe, Chor, Plow and Power-Trac; also Riders.

87 C 5866 R—Ship. wt. 40 lbs... $24.50

20 BRUSH AND TREE SAW. Quickly fells trees up to 16-in. diam., cuts brush along fence rows, etc. 20-in. cordwood blade cuts close to ground; swings vertical for bucking. Fits Hoe, Chor, Plow, Power-Trac.

87 C 5369 R—Ship. wt. 58 lbs... $49.95

21 TILTING TABLE SAW. For cutting cordwood; carpentry cut-off work. 20-in. diam. cordwood blade. Arbor has Timken roller bearings. 16-ga. steel table and saw guard. Square steel tubing frame. Fits Hoe, Chor, Plow and Power-Trac and Riders.

87 C 5062 R—Ship. wt. 90 lbs... $53.95

POWER SPRAYER WITH PISTON TYPE PUMP 97.50

22 Has 1¾-GPM single-cylinder, piston type pump—pressure adjustable from 0 to 250 lbs. Jet agitation. ¼-in. female hose connection. Off and on valve controls pressure and flow of spray. 15-gal. plate steel tank. ¾-in. drain plug. Two 10 by 2-in. rubber-tired swivel wheels. Fits Hoe, Chor, Plow, Power-Trac and Riders.

87 C 4994 R—Sprayer Only. Ship. wt. 118 lbs..... $97.50

23 WEED KILLER BOOM. 6-ft. boom of aluminum tubing. Five nozzles spray 5 gal. per acre at 2½ MPH. Covers 7½-ft. swath. Height adjustable to 36 in.

87 C 4995 R—Ship. wt. 15 lbs. *Not Mailable*..... $15.50

24 SPRAY GUN. Pattern adjustable for broad mist or solid stream. ¼-in. female hose connection.

87 C 6598 X—16¾ in. long. Ship. wt. 1 lb. 8 oz..... $6.75

25 ⅜-IN. BUNA-N HOSE. With ¼-in. brass couplings.

87 C 497 X—25-ft. Length. Ship. wt. 10 lbs..... $7.25

26 MOSQUITO KILLING FOGGER. Clear your grounds of mosquitoes, flies, chiggers and other insects. Replace muffler with fogger. Fill quart supply can with insect killer such as Pestroy 25% DDT (Pg. 886) mixed with No. 2 Furnace Oil. Holds enough to fog for about 30 min. Beneficial effects last for hours. Fits exhaust port on Wards and other tractors and power lawn mowers with 4-cycle engines. Will not fit 2-cycle engines. Ship. wt. 7 lbs.

87 C 5865 M—With 1 quart fogging chemical..... $9.75

27 SNOW PLOW-BULLDOZER BLADE. For plowing snow, light grading, etc. Height 15 in. Cleans a 26 or 38-in. path when set at an angle. Fits Hoe, Chor, Plow, Power-Trac and Riders. Tire Chains on Page 937.

87 C 5632 R—30-In. Blade. Ship. wt. 46 lbs..... $19.95

87 C 5633 R—42-In. Blade. Ship. wt. 58 lbs..... 24.50

28 2,000-WATT GENERATOR. Provide standard 110–120V, 60-cycle AC to operate lights, equipment and tools anywhere; invaluable for auxiliary power during "highline" failure. May be used as an independent unit—hook up to suitable HP gasoline engine to run at 3600 RPM. Pulleys and belts included. Produces over 26 amperes to start ½ or ¾-HP capacitor or RI motors. Ideal for house and barn lighting. Will handle larger appliances, water system, milk cooler, 28-cu. ft. freezers, etc. 2 twist-type receptacles for any standard plug, voltmeter and fuse. Fits 2-wheel Plow and Power-Trac; 4-wheel Power-Trac.

87 C 5620 R—Wt. 85 lbs. $136.50

New 1956 Model 4-Wheel Riders and Attachments

RIDE ON ALL JOBS...WORK EQUALLY WELL ON LAWN, GARDEN OR FIELD CHORES

WITH DIAL-A-MATIC SHIFT, SELECTIVE GEAR TRANSMISSION... SIX SPEEDS FORWARD PLUS REVERSE

A B New 1956 Models that are big and powerful enough to handle heavy duty tillage tools, yet sufficiently lightweight and just the right size for greatest maneuverability on finest lawns. 28 quick-change attachments for a wide variety of work all year 'round. Now featuring "tailored traction," a system of adding weight to suit the job just like big field tractors. Quickly add all the weight wanted and needed for heavy pulling on plowing and other tillage work with low cost wheel weights. Easily removed when not needed. New, powerful and easy-acting brake for added safety. New, better, firmer steering and greater wheel steadiness on rough ground through new steering ratio. New easy-action rod and lever type controls for quick, positive operation. Plus many other refinements. Now, more than ever they are your best way to mechanize, speed up and take the hard labor out of all your chores at prices far less than you would ordinarily expect to pay.

HEAVY DUTY CHASSIS. All steel, electrically welded frame. Engine mount section is U-shaped, formed plate. Rear part of chassis 1⅜-in. diam. heavy gauge tubing. 1-in. rear wheel axles and spindles. Leaded bronze bearings. Single main frame member provides full visibility to center mounted tools. Swivel action keeps all four wheels on ground.

SELECTIVE GEAR TRANSMISSION WITH DIAL-A-MATIC SHIFT. Simply release clutch and shift lever to dial speed desired. All gear, automotive type transmission with 6 speeds forward and reverse, in two stages. High range gives fast travel speeds of 3, 4 and 5½ MPH plus 3 MPH reverse. Low range gives extra power speeds of 1½, 2 and 2¾ MPH plus 1½ MPH reverse. Full engine speed range in each gear. New gear lock-in provides added safety factor on hilly or uneven terrain. When engaged, holds tractor in gear and permits utilizing compression of engine as a brake, like on a car.

FULL GEAR DIFFERENTIAL. Automotive type, fully enclosed. Permits each drive wheel to roll independently for short radius turns, yet both drive under full power on turns.

NEW, POSITIVE ACTION BRAKE. Simple, effective design. Heavy-duty V-belt over steel pulley on transmission shaft acts as brake band and drum. Compound action provides maximum braking with minimum pull on lever.

SMOOTH ACTION CLUTCH. Initial drive from engine to input shaft on transmission is by ⅝ in. wide B-section V-belt. Runs in either of 2 sets of grooves on V-pulleys to provide high and low stages for Dial-A-Matic shift. Spring loaded idler pulley, operated by clutch lever, controls belt tension to throw tractor in or out of gear as desired.

REAR WHEEL STEERING. Exclusive design rear wheel steering with built-in caster and camber like on automobiles. New 3 to 1 ratio; gives easy steering, yet retains feel of holding true on course. Simple, positive action through roller chain and sprocket to tie-rods and spindles.

EASY-TO-OPERATE CONTROLS. 2 clutch levers, 1 to operate tractor, the other to apply power to attachment. Both move away from operator to apply power; pull back for release. Brake knob in center pulls back easily; releases when pushed forward. Dial-A-Matic selector lever changes and indicates gear. All controls heavy duty rod and lever type for positive operation and minimum maintenance.

EXCLUSIVE FOOT LEVER TOOL LIFT AND CONTROL. Tractor has 2 convenient foot levers for raising or lowering both front and center-mounted attachments while tractor is in motion. T-screw adjustment controls working depth of tillage tools.

OTHER FEATURES. Fast, easy-on hitches to quickly change attachments. Comfortable bucket type seat. Tread width adjustable 20½ or 26¼ in., measured from center to center of tires. High cultivating clearance of 11 in. for working astride rows. Front wheels with bar-tread low pressure tires, size 6—12 (23-in. O.D.) on wide base rims. Rear wheels have 4.00—8 (16-in. O.D.) rib tread tires. Size overall about 86 by 30 in., height 36 in. Engine has rope starter.

3½ HP CHOR-TRAC RIDER 344.50

A Powered by nationally known Clinton Model 1200 4-cycle, air-cooled engine that develops 3.6 HP. Has ample power to operate all attachments efficiently and is an excellent and economical choice where lawn and weed cutting work is of primary importance. Ship. wt. 355 lbs.
87 C 5083 R—$34.50 Down, $19.50 Month...or, Cash $344.50

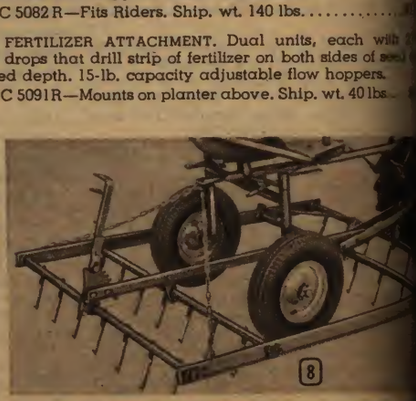
87 C 5091 R—Mounts on planter above. Ship. wt. 40 lbs.



Low Priced Til-Trac

SELF-PROPELLED...2 SPEEDS...9 ATTACHMENTS

LIGHTWEIGHT AND EASY-TO-HANDLE TIL-TRAC 118.50 ROTARY TILLER 37.50

(A) Now, more than ever, the ideal tractor for city and suburban home owners who wish to speed up and power all their chores. Equally desirable as a minimum investment tractor on farms and estates for the type work it can handle. Improved design with new recoil starter on engine for quick, easy starts and 2 new attachments to broaden its usefulness. Lightweight and compact, self-propelled, full-powered and sturdy; of a size and weight to be easily maneuverable in small areas by any operator. With Til-Trac and its quickly interchangeable, power-driven attachments you have, as the name implies, a very efficient Rotary Tiller ... a lawn mower outfit you can ride ... plus the other tools you need to save time and make fun out of all your lawn, garden and snow-clearing work the year 'round.

QUALITY BUILT THROUGHOUT. Sturdy frame of 12-gauge steel, 9 in. wide, 21 in. long. Wide-spread handles of 1-in. tubular steel, have rubber grips. Full 9-in. height adjustment for working comfort. Runs on two semi-pneumatic cleat-tread rubber-tired wheels; size 12x2 in. Have oilite bearings for long, trouble-free service. Wide wheel tread, 15 in., for stability.

TWO-SPEED DRIVE. Initial drive from engine is through a V-belt. Two pulleys to provide speed ranges. High speed of from 1 to 2 MPH and low of ½ to 1 MPH. In low speed, power is transmitted to intermediate gears by positive drive roller chain and sprocket.

AUTOMOTIVE TYPE DIFFERENTIAL. Full gear differential. Both wheels drive on turns and tractor "turns on a dime" for easy handling in small garden and lawn areas. Gears run in oil in sealed housing. Final drive through toothed pinions which engage cleats in tires. When drive is not engaged tractor is free wheeling. You can power attachment and roll tractor by hand to work in close quarters.

VERY EASY TO OPERATE. Two plastic knob clutch levers on handlebars; one starts and stops tractor, the other applies power to attachment. Engine throttle control on handle bar. Steers easily; ideal for women, children.

QUICK-CHANGE HITCH. All attachments are easily inter-changed without tools. Securely held by wing nuts that tighten by hand. Elongated slots on hitch provide tension adjustment for V-belt or roller chain. Snap-up stand parks tractor upright when tools are off. Takes little space in garage.

COMPLETELY DEPENDABLE. Powered by nationally known Clinton, 4-cycle air cooled engine that develops over 2 HP. New built-in recoil starter starts quickly, then automatically rewinds, ready for the next start. Automotive type float feed carburetor, high tension magneto, oil bath air cleaner. Gas tank holds 3 qts. for 3 hrs. work. Ship. wt. 130 lbs.

87 C 5085 R—2 HP Til-Trac Only. $12 Down, $10 Monthly on Wards Convenient Monthly Payment Plan.....or Cash $118.50

Rotary Tillers

ENGINE OR ELECTRIC MODELS

2½ HP ROTARY TILLER 118.50

(B) Prepares lawn or seed bed in one fast, easy operation. Chops up soil the way you want it ... leaves moisture-holding mulch that means better, healthier plants and vegetables. Its many uses include cultivating, power composting, litter stirring in hen houses, truck farm, greenhouse or nursery work, etc. Invaluable where row crops are planted. Lightweight, compact and easy to handle. Once tiller is started along row, it tends to pull itself forward—you merely guide, yet have positive control at all times. Make money with your tiller too, by doing custom work for your neighbors.

Tilling width 22 inches. Outer tines easily removed to narrow cut to 12 in. for use in close quarters. Extension tines below increase width to 32 in. Self-sharpening alloy steel 14-in. outer diam. tines; heat-treated and hardened to make quick work of tough soils. Foolproof idler-type clutch and throttle controls on handlebar. Adjust from 32 to 38 in. high, have rubber grips. Safety V-belt drive from engine to worm gear shaft. Worm gear reduction drive with Timken bearings. Neoprene oil seals, dirtproof, oil-tight cast-iron housings. Powered by quick-starting 2½-HP 4-cycle Clinton VS Model 100 engine. Two semi-pneumatic 10 by 1.75 rubber tires.

87 C 4964 R—Ship. wt. 135 lbs.....$118.50

87 C 4965—Extension Tines. *If ordered separately, state Model No. of Tiller.* Ship. wt. 14 lbs.....Pair $10.95

LIGHTWEIGHT ELECTRIC TILLER 64.50

(C) Make your gardening a pleasure by using this versatile Electric Tiller. Lightweight, compact and efficient—as easy to handle and operate as a vacuum cleaner—weighs only 11 lbs. Rustproof aluminum handle is 40 in. long. Has adjustable side grip for comfort.

Ideal for women who take pride in their gardens and flower beds. Prepares seed bed, mulches in fertilizer, gets tedious weeding and cultivating jobs done in minutes without the usual hard work. Full tilling width is 10 in. but can be reduced to 5½ or 3½ in. for use in tight quarters—next to fences, garage, trees, rose bushes, borders, etc. Will dig to 6 in. depth—roots out weeds.

Just plug it into any electric outlet and let the tiller save you hours of hard, laborious work. Heat-treated alloy steel tines are self-sharpening. Powered by dependable General Electric 110–120 volt, 60-cycle AC motor; develops about 90-in. lbs. torque. Motor measures about 4½ by 6 in. Stub cord and plug.

87 C 4961M—UL listed. Ship. wt. 14 lbs. $6.50 Down, $6 a Month or.....Cash $64.50

LAWN TRIMMER ATTACHMENT for Electric Tiller. Cuts 7-in. swath along walks, driveways, around trees, etc. Quickly attached. 3-in. hard rubber wheels.

87 C 4962—Ship. wt. 2 lbs.....$9.65

100-FT. EXTENSION CORD with 11-in. metal reel. Two 16-ga. copper wires. UL Approved.

83 C 1276 L—Ship. wt. 9 lbs.....$7.85

9 LOW PRICED ATTACHMENTS FOR WARDS TIL-TRAC ... MANY ALSO FIT TOWN-TRAC ... BUY ALL YOU'LL NEED FOR YEAR 'ROUND USE; ONLY 10% DOWN

(1) NEW 18-IN. ROTARY LAWN MOWER. Works well on rough or smooth lawns. Particularly effective where mowing is infrequent, and some of the grass coarse and weeds heavy. Alloy steel blade cuts an 18-in. swath. Spreads clippings without windrowing. Cutting height adjustable from 1 to 2½ in. Trims close to walks, etc. Ship. wt. 50 lbs.

87 C 5087 R—Fits Til-Trac and Town Trac.....$36.50

LEAF MULCHER ATTACHMENT. Fits on mower above. Picks up dry leaves, grinds them up and spreads them back on lawn for soil-rebuilding mulch. Can't be seen and will soon improve appearance of lawn.

87 C 5092 MO—Ship. wt. 6 lbs.$3.95

(2) NEW RIDING SULKY. Quickly converts your Til-Trac into a "Fun-Trac" for just riding around or running errands; adds comfort and takes the effort out of lawn mowing by providing a seat that you can ride with either the reel or rotary mower. Works well on level ground or gentle slopes. Not designed for use on steep hills or exceptionally tall grass.

Sturdy steel frame with oilite bearing disc wheels. 2 by 12-in. semi-pneumatic tires. 18½-in. wheel tread. Adjustable foot rest. Ball and socket hitch. Ship. wt. 48 lbs.

87 C 5065 R—Fits Til-Trac.....$22.95

ATTENTION, 1953-54 TOWN TRAC OWNERS—Note that many of the Til-Trac attachments here fit your tractor.

(3) REAR MOUNTED ROTARY TILLER. A most useful attachment; the one that gives Til-Trac its name. Prepares seed bed for lawn or garden in one operation. Handles all cultivating and makes it easy to improve soil by mulching and power composting. Pulverizes the soil; chops up and buries grass and weeds or tills in almost any kind of plant or animal waste as fertilizer.

Eight spring steel tines till 12 in. wide and up to 5 in. deep. Bronze bearings. Roller chain drive.

87 C 5086 R—Tiller to fit Til-Trac Ship. wt. 38 lbs.....$37.50

87 C 4958 R—To fit 1953–1954 Town-Trac. Ship. wt. 38 lbs.....$39.95

TERMS ON INSIDE BACK COVER

(4) 20-IN. REEL LAWN MOWER. For smooth mowing of finest lawns. 6-in. diam. power driven reel; has 5 alloy steel blades mounted on 5 spiders for rigidity. Sealed ball bearings. Height adj. 1 to 3 in.

87 C 4953 R—Fits Til-Trac and Town-Trac. Ship. wt. 58 lbs.....$47.50

(5) LAWN EDGER. Gives your lawn and flower beds a clean, tailored look. 10-in. diam. V-notched steel blade cuts neat edge up to 1½ in. wide, 3 in. deep. Bronze bushings. Adj. rubber tired gauge wheel.

87 C 5090 M—Edger with right-hand Blade. Fits Til-Trac, also 1953–54 Town Trac. Ship. wt. 15 lbs.....$15.95

87 C 4957—Left-hand Blade for above. Use where curbing is on left (walking behind tractor) and lawn on right. Ship. wt. 3 lbs.....$2.45

(6) POWER SPRAYER OUTFIT. Provides all the equipment you need for killing weeds in lawns or along fence rows, spraying insecticides in row crop or flower garden, doing fruit tree or other spraying. Has Ni-resist case, nylon roller pump that sprays 4 GPM at 150 lbs. pressure. Stainless steel shaft, sealed ball bearings. Removable 5-gal. tank on cradle frame. Compression chamber to hold pressure steady. 200-lb. gauge, regulator by-pass valve, suction strainer. Jet agitation keeps spray solution mixed. Spray equipment includes Teejet trigger valve, 24-in. curved and 48-in. straight extensions, boom-jet nozzle for 8-ft. swath, 2 adjustable cone jet nozzles for row crops or fruit trees and 25 ft. of ¼-in. Buna-N hose with ¼-in. fittings. Wand mounts on sprayer for lawn or garden use; easily removed for orchard or fence row work. Ship. wt. 50 lbs.

87 C 5089 R—Fits Til-Trac and Town-Trac.....$86.50

(7) 20-IN. ROTARY WEED CUTTER. Improved model. Quickly clears rough weeds, tall grass, wild bushes, etc. Knife-sharp 20-in. alloy steel blade revolves at high speed to cut clean. Height adjustable from 2 to 6 in. Concave disc over blade to throw cuttings clear and help prevent wrapping. 2 skid runners. Timken roller bearings.

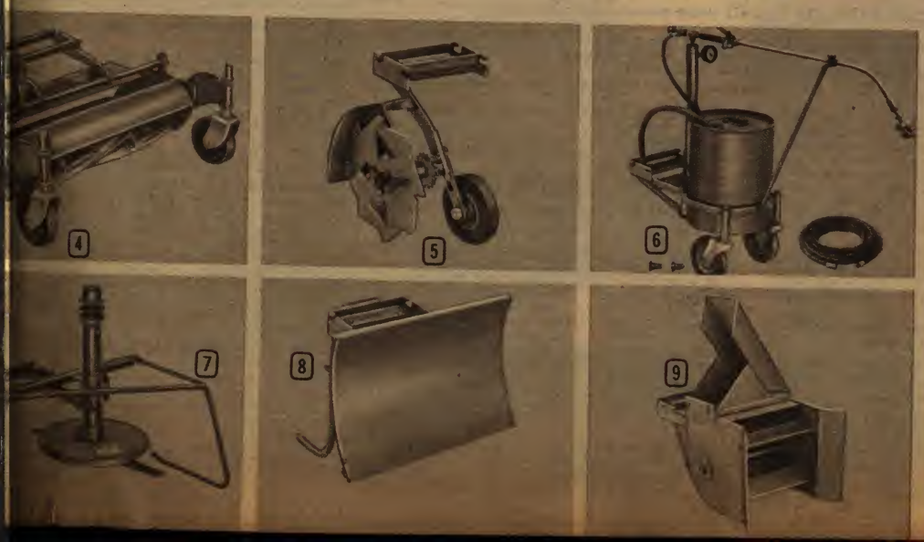
87 C 5093 R—Fits Til-Trac and Town-Trac. Ship. wt. 40 lbs.....$31.95

(8) NEW BULLDOZER-SNOW PLOW. A low priced attachment you'll use all year 'round. 20 in. wide to quickly clear snow from walks, driveways, etc., or use it for light bulldozing and grading of earth, gravel, etc. Blade of 12-ga. steel, size 20 by 13½ in. Pushes straight ahead or may be angled to throw to the left or right. Adjustable skid shoes to raise blade when scraping snow over gravel.

87 C 5066 R—Fits Til-Trac and Town-Trac. Ship. wt. 35 lbs.....$17.95

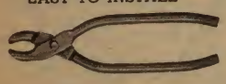
(9) 17-IN. ROTARY SNOW THROWER. Solves the shoveling problem. Four-bladed rotor revolves to pick up snow and throws it forcefully to left or right through adjustable spout. Spreads it evenly in a thin layer several feet away. Extension wings feed snow to blades.

87 C 5088 R—Fits Til-Trac and Town-Trac. Ship. wt. 50 lbs.....$19.50



Auto Seat Covers...1956 Styling, Colors, Patterns

EASY TO INSTALL



INSTALL COVERS YOURSELF and save installation charges.

FREE PLIERS included with each set of Ward Seat Covers ... for quick, easy hooking of fasteners that are furnished each set of covers. Complete instructions also included.

NOTE: Tailor-Made covers for some cars do not cover backs of front seat backrests because elaborate hardware or cutins for leg room make a good fit of this part impossible.

WHICH SHALL I BUY ... TAILOR-MADE OR READY MADE?

TAILOR-MADE SEAT COVERS are:

TAILORED-TO-MEASURE for your particular car model ... just like buying at a custom shop, but at far lower prices.

AVAILABLE FOR MOST 1946–56 CARS ... even those with center arm rests in the rear seats.

AVAILABLE IN WIDER CHOICE of patterns and colors and fabrics.

SHIPPED DIRECT FROM FACTORY in Richmond, Va. Because it takes extra time to custom tailor them to your particular car model, allow Factory 7 days extra plus time in transit. You pay postage from Factory. Please, no C.O.D. orders for Tailor-Made seat covers.

READY-MADE SEAT COVERS are:

CAREFULLY CUT AND TAILORED to assure a better fit than the usual ready-made seat cover.

EXPERTLY MADE FOR GOOD FIT on most popular cars (check the car listings at bottom of page for cars that Ready-Made Covers fit).

AVAILABLE IN WIDE CHOICE of many popular patterns and colors —in Jetspun, Saran Plastic and Fiber fabrics. Available, too, in Better Quality for good service at real economy prices.

SHIPPED PROMPTLY FROM STOCK in nearest Ward Mail Order House. See "How To Order" at right and include all information requested.

HOW TO ORDER SEAT COVERS—SEND US THIS INFORMATION

Tailor-Made Seat Covers fit only 1946–56 cars (not for station wagons). Ready-Made fit only car makes, models and years listed at bottom of page. It's easy to order Seat Covers from Wards ... just be sure to include all of the following information on your order:

(1) *State car make, year,* number of cylinders and factory model number or letters. Also state number of doors (2-door, 4-door).

(2) *State exact model* (such as Standard, De Luxe, Special, etc.).

(3) *State exact body name* (such as Business Coupe—2, 3 or 4-pass., Sport Coupe, Sedanette, 4-door Sedan, Club or Sedan Coupe, etc.).

(4) *State type of front seat* (split or solid backrest). Also state if rear seat is with or without center arm rest.

(5) *State Pattern Letter* of cover you want, such as Pattern A, Pattern B, Pattern W, etc.

NEW "LUM-PUF" WOVEN PLASTIC ... TAILOR-MADE ONLY 33.95 Sedan

LUM-PUF is actually puffed by a special new weaving process ... puffed for beauty ... puffed for comfort. Gives this new fabric a distinctive "quilted" texture. Interwoven metallic threads add luster.

CUSTOM-MADE at a Factory in Richmond, Va. Because it takes extra time to custom-tailor them to individual patterns of your particular car model, allow 7 days extra for shipment.

You pay postage from Factory. No C.O.D. orders accepted for Tailor-Made covers. *Be sure to state Pattern Letter.*

(A) TO (E) NEW-CAR STYLING. Brand new this year ... high-fashion "Lum-Puf"®, today's newest seat cover fabric ... in a smartly styled, Premium Quality Seat Cover that's made-to-order for your specific car make and model. Lum-Puf is a specially-woven "Saran" Plastic that's actually *puffed* for beauty and comfort (see close-up view at left). A special, new weaving process actually puffs the woven Saran plastic into narrow "ribs" or "puckers" that give the fabric an unusual "quilted" texture that's smartly modern ... makes seat covers cooler, more comfortable. Interwoven metallic threads adds a dash of luster to the woven plastic.

Trimmed with heavy-weight Pinseal (simulated leather) that flows all the way down the sides of front seat back-rests for new car styling ... adds lots of eye appeal ... looks and feels like real leather. Entire back of front seat and cushion skirts of lustrous, heavy-weight Rayon in harmonizing solid color. Roomy pocket on front seat skirt.

(Lum-Puf® is a Registered Trade Mark of Chicopee Mills, Inc.).

CLEAR PLASTIC SEAT COVERS 23.45 Tailor-Made; 16.45 Ready-Made

GLASS—CLEAR PLASTIC

Protects beautiful car upholstery without hiding it from view ... like putting a "glass" cover on your car seats.

Extra-heavy 12-gauge Clear Plastic. Static-resistant, stain-proof, non-absorbent.

(AA) Protect your beautiful car upholstery without hiding it from view ... order a set of these Clear Plastic Seat Covers. Tailored just like all other seat covers for snug fit. All seams double-stitched; clear plastic welts. Choice of Tailor-Made or Ready-Made.

See "How To Order" at top of page. State Make, Year, Model, etc. when ordering.

TAILOR-MADE CLEAR PLASTIC SEAT COVERS. *Complete sets only.* Tailored-to-measure for your specific car make and model. Shipped from Factory in Richmond, Va. Because it takes extra time to custom-tailor covers to individual patterns of your particular car, allow 7 days extra for shipment, plus transit. You pay postage from Factory. No C.O.D. orders accepted for tailor-made covers. Ship. wt. complete set, 9 lbs. 8 oz.

See "How To Order" at top of page. *Be sure to state Make, Year, Model, etc.*

Auto Slip Covers, Pads, Cushions...Auto Seat Belts

TERRYCLOTH SLIP COVERS 5.95

1 FOR FRONT SEATS ONLY. Protect your car upholstery or expensive seat covers with a Terrycloth Slip Cover. Washes like a towel. Cool in Summer—warm in Winter. Shock-resistant.

Semi-tailored for neat, snug fit. Tabs on front edge hook under seat; elastic cording holds back-panel snugly in place.

State: Blue, Green, Gold, White, Flamingo.

MEDIUM: For Chevrolet, Dodge (except 1955), Plymouth, Pontiac, Stude.; other cars with front seats up to 58 in. wide. Ship. wt. 2 lbs.

61 C 7556—For Solid Seats. *State Color*.... $5.95
61 C 7557—For Split Seats. *State Color*..... 5.95

LARGE: For Buick 1953–54, Ford 1952–55; Lincoln, Mercury, Dodge 1955; Olds. 1953–55; other cars with front seats 59 in. or wider. Ship. wt. 2 lbs.

61 C 7558—For Solid Seats. *State Color*....$5.95
61 C 7559—For Split Seats. *State Color*..... 5.95

SEAT TOPPER 6.45; PAD 2.65

2 FOAM RUBBER SEAT TOPPER. Fits under seat cover. So porous it "breathes" air—makes seat covers cooler, more comfortable. Easy to trim with scissors. Rounded edges.

61 C 7678—20x56x1 in. Wt. 5 lbs. 4 oz..... $6.45
61 C 7684—20x62x1 in. Wt. 5 lbs. 12 oz..... 6.45

3 FIBER SEAT PAD. For front or rear seat . . . covers full width of car seat. Provides extra comfort and a smooth surface for sliding in or out of car. Fine Fiber in multi-color plaid, with foam rubber backing and elastic cords with hooks to hold pad in place. Ideal for cars without seat covers. Approx. size 56x18 inches.

61 C 7670—Ship. wt. 1 lb. 8 oz..... $2.65

CUSHION TOP COVER 6.45

4 FOR FRONT SEATS ONLY—covers full width. Lustrous Rayon permanently fused to a foam rubber backing. With elastic edged skirt for easy installation and neat tailored appearance. Measure seat at widest point.

Choice of Blue, Green or Maroon, each with matching skirt. Ship. wt. each, 2 lbs.

61 C 7654—56 IN. WIDE. For Chev. 1950–55; Plym., Pontiac 1950–54; Ford 1956; other front seats 55 to 56 in. wide. *State color*..... $6.45

61 C 7655—58 IN. WIDE. For Ford, Merc. 1950–54; Plym. 1955; Buick Spec., Cent.; Olds. 88, Dodge, DeSoto, Chrys., 1950–56; other cars with front seats 57 to 58 in. wide. *State color*..... $6.45

61 C 7656—60 IN. WIDE. For Buick, Super, RM and Cadillac 1950–56; other cars with front seats 59 to 60 in. wide. *State color*..... $6.45

SLIP COVERS 1.98 AND 2.95

5 ECONOMY PLASTIC AUTO SLIP COVERS. For front seats only—all cars. Clear polyethylene plastic—will not crack or turn brittle in cold weather. Covers entire back of backrest.

61 C 7356—For split seats. Wt. 1 lb..... $1.98
61 C 7357—For solid seat. Wt. 1 lb..... 1.98

6 DENIM "KAR-JEANS." For front or rear seats —all cars. Washable, reversible; cool in Summer; warm in Winter. Durable denim in neat multi-color plaid pattern. Elastic straps hold back-rest in place. Semi-fitted "throw" type cover. Ideal for protecting expensive seat covers.

61 C 7397—For split seats. Wt. 1 lb..... $2.95
61 C 7398—For solid seats. Wt. 1 lb..... 2.95

AUTO SEAT CUSHIONS FOR EXTRA COMFORT 1.39 TO 3.85

7 HINGED AIR-COOLED SEAT CUSHIONS. Filled with interwoven spring wire—lets air circulate through cushion. Woven fiber cover.

BEST QUALITY. Vinyl-coated fiber cover. Durable leatherette trim. Approx. size: seat 16½x17½ in.; back-rest 18½x20 in. Ship. wt. 2 lbs.

61 C 7689—*State:* Red, Blue or Green..... $2.69

GOOD QUALITY. Medium weight fiber cover. Plastic trim. Approx. size: seat 16x17½ in.; backrest 19x17½ in. Ship. wt. 2 lbs.

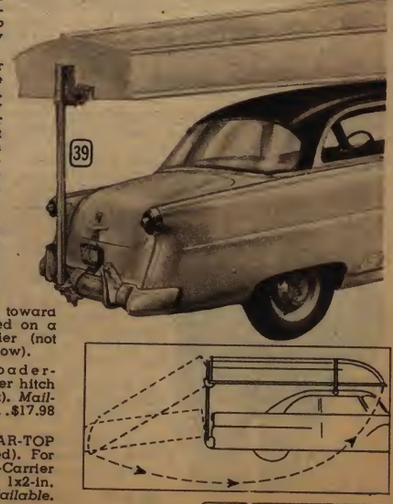
38 SPARE WHEEL HOLDER. Bolts to trailer tongue. Holds spare trailer wheel and tire listed on Page 899.

61 C 8803 R—Ship. wt. 3 lbs..... $1.98

ONE-MAN BOAT LOADER



39 BOAT LOADER-CARRIER. One man can load (or unload) a boat from top of car with this handy loader-carrier.

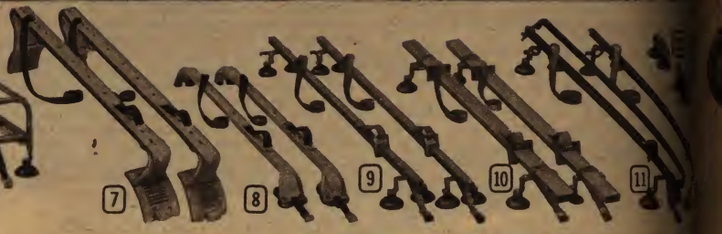
It's a 5-ft. tubular steel pole complete with a transom clamp. Pole bolts into any trailer hitch on rear bumper—carries most of boat weight down to the bumper hitch—(hitch not incl.—see Page 899 for Hitches).

Transom clamp adjusts to any angle—grips boat transom like a vise—lowers to bumper level to attach boat, then raises to car-top level and locks into position. Bow of boat can then be swung toward front of car and rested on a single bar-type carrier (not incl.—order extra below).

61 C 8940 Y—BOAT LOADER-CARRIER Pole only (order hitch and car-top bar extra). *Mailable.* Ship. wt. 14 lbs.. $17.98

SINGLE BAR TYPE CAR-TOP CARRIER (not pictured). For use with Boat Loader-Carrier listed above. Sturdy 1x2-in. Oak bar 44 in. long. *Mailable.* Ship. wt. 7 lbs.

61 C 8913 M..... $2.98



Car Top Carriers Solve Your Luggage Problems

CANVAS OR BASKET TYPE LUGGAGE CARRIERS 9.95 TO 27.45

1 2 CANVAS LUGGAGE CARRIERS—water-resistant, dustproof. Completely enclosed—no moisture can enter, even from bottom.

(1) "PACK HORSE" CARRIER. Rests directly on car top—hugs car top contour—reduces wind resistance and wind noise. No suction cups needed. Full canvas bottom protects car top; two-piece wood hardboard floor for extra protection (removable). Full side zipper. With hold-down straps and rubber-dipped rain channel clips. Cargo straps on top holds skis, ladders, etc. Folds for storage. *Mailable.*

61 C 8920 M—13.3 CU. FT. SIZE. 42 x 42 x 13 in. high. Ship. wt. 17 lbs.... $16.45
61 C 8923 MB—21.8 CU. FT. SIZE. 42 x 60 x 15 in. high. Ship. wt. 22 lbs... $24.95

(2) "STOWAWAY" COLLAPSIBLE CANVAS LUGGAGE CARRIER. Water-repellent Gray canvas with neat Red welt in all seams. Sturdy yet lightweight metal frame—collapsible for easy storage. With 1-piece masonite floor that's contoured to fit close to car top—reduces wind noise. Two-way side zipper. 4 rubber suction cups, hold-down straps and rubber-dipped rain channel clips (all Gray). Size 36 x 48 x 14 inches high . . . about 12 cubic feet of storage space. *Not Mailable.*

61 C 8925 R—Ship. wt. 28 lbs... $22.95

3 ECONOMY ALL-STEEL LUGGAGE CARRIER. Gray enameled. Channel steel cross slats hook into place quickly; tubular steel side rails bolt on. Size 36 x 42 x 7 in.
61 C 8936 MB—*Mailable.* Ship. wt. 20 lbs..... $9.95

4 COLLAPSIBLE LUGGAGE CARRIER. Sturdy, roomy. Gray enameled, with straps and rubber suction cups also Gray. Collapsible for storage. Rugged channel steel. Wood hardboard bottom. Rubber-dipped channel clips. Size 36 x 41 x 7 in. Order canvas cover extra below.
61 C 8935 MO—*Mailable.* Ship. wt. 28 lbs..... $13.25

5 CANVAS COVER for luggage carriers (3) and (4) above, and 8924 MO below. Water repellent 9.9 oz. Duck.
61 C 8926—Ship. wt. 3 lbs. 8 oz..... $3.89

6 DE LUXE JUMBO LUGGAGE CARRIER. Extra large, extra roomy. Size 48 x 36 x 7 in. deep. 3-in-1 utility—remove side rails and use as flat load rack; or remove oak load bars and use as bar-type carrier. Smartly styled with polished aluminum side rails, Cadmium plated steel bars and natural finish oak slats. Stainless steel rubber-lined clamps hook to drip molding—needs no suction cups.
61 C 8915 MB—*Mailable.* Ship. wt. 28 lbs..... $27.45

LARGE CANVAS COVER (not shown). For 8915MB above.
61 C 8912—Water-repellent Duck. Ship. wt. 4 lbs. 8 oz. $4.65

STREAMLINED METAL-WOOD LUGGAGE CARRIER (not shown). Similar to (6) above but smaller (size 42 x 36 x 7 in.) and with twin suction cups at each end of load bars (see view at left). Same 3-in-1 utility. *Mailable.*
61 C 8924 MO—Ship. wt. 20 lbs..... $19.95

STEEL OR WOOD BAR TYPE CAR TOP CARRIERS 3.98 TO 10.49 Pair

7 STREAMLINED AUTO-TOP BARS. Smartly modern Carrier Bars of sturdy channel steel with curved rubber-lined clamps that hook to drip molding—need no suction cups . . . put weight on curvature of car top. Gray enameled. With load hold-down straps that hook to bars by metal pin locks—straps adjust to varying load widths.
61 C 8948 MO—LOAD WIDTH 54 INCHES. Ship. wt. pair, 15 lbs. *Mailable*..... Pair $8.45

8 "REDDI-RAK" AUTO-TOP BARS. Lightweight yet rugged. Streamlined, one-piece, die formed steel bars with Gray enamel finish to harmonize with any car color. Load straps easily removed by new "keylock" system—lets you adjust straps quickly to varying load widths. High grade rubber suction cups and rain channel straps with clips.
61 C 8917 M—45 INCHES LONG. Heavy-duty bars. Ship. wt. 11 lbs. *Mailable*..... Pair $6.69
61 C 8918 M—42 INCHES LONG. For lighter loads. Ship. wt. 5 lbs. *Mailable*..... Pair $3.98

9 STEEL BAR TOP CARRIERS. Sturdy 1 x 1-inch channel steel. Gray enamel finish. With load straps and hold-down straps with drip molding clamps. Ship. wt. pair, 14 lbs. *Mailable.*
61 C 8927 M—54 inches long..... Pair $5.45

10 WOOD BAR TOP CARRIERS. Low-priced 1 x 2-inch Oak bars. With load straps and hold-down straps with clamps. *Mailable.* Wts. 12, 14 lbs.

FACTORY TAILORED CONVERTIBLE TOPS 26.95 Good—Type (18) For Ford 1936–40

17 18 Tailored to your particular car model—fit like original. Choice of 2 window styles: Type (17) has large 14 x 33-in. shatterproof plastic window—folds neatly with top. Zips open. Type (18) has standard zipper curtain—use glass from old top. Custom-tailored; double-stitched at strain points.

GOOD FABRIC. Two layers of heavy cotton material bonded with live rubber. *State* Color *Wanted:* Black with Black lining, Black with Tan lining or Tan with Tan lining.

BETTER FABRIC. Tougher, more weather-resistant. Two layers of extra-heavy cotton fabric bonded to center layer of butyl rubber sheeting. Matching vinyl coated welt. *State* Color: Green with Green lining, Blue with Blue lining, Black with Black lining, Black with Tan lining or Tan with Tan lining.

BEST FABRIC—VINYL PLASTIC COATED. Richest looking, longest wearing. 2 layers of extra-heavy, finest quality "taffeta" finished cotton fabric, bonded to a center layer of heavy butyl rubber sheeting. Vinyl-plastic coated to keep it "new" looking longer, resist fading, make it absolutely water-proof and scrub-proof. Matching vinyl coated welt. *State Color:* White with Tan lining, Green with Green lining, Blue with Blue lining, Tan with Tan lining or Black with Black lining.

For "new-look" fit—order new top pads below in color to match interior of new top. Instructions, fittings included with tops. Use braces from old top.

HOW TO ORDER: *State (1) color;* (2) make, year, model of car; (3) top type (17 or 18). (*For 1940 Chev., state if top has 2 or 3 snaps at top of rear door.)

NOTE: Type "18" not sold for late cars originally having Type "17" top. Pay postage from Factory in Chicago—allow 10 days extra for custom tailoring.

For These 5-Pass. Convertibles: No C.O.D. ORDERS ACCEPTED ON TOPS All Tops *Mailable.* Ship. wt. 12 lbs.	Type of Top	GOOD FABRIC: Black or Tan Cat. No.	Price	BETTER FABRIC: Black, Tan Blue or Green Cat. No.	Price	BEST FABRIC: Black, Tan, Blue, Green or White Cat. No.	Price

All-Steel Utility Trailers

SWIVEL WHEEL STEEL TRAILERS 98.50 (1-Wheel)

2-Point Bumper Hitch

29 30 Utility Trailers for farmers, tourists, salesmen etc., All-steel. Attach to car bumper at two points (see picture at left)—follow car without sway—back up without jack-knifing because caster wheel assemblies pivot in a complete circle. All-steel bodies welded into one-piece units. All-steel chassis, arc welded and cross-braced for heavy duty. Knee-action coil spring absorbs road shock (adjustable for load-weight needs). Green enameled.

Attach to bumpers of all cars except the following (on which two ¾-in. holes must be drilled in bumper): Hudson 1948–56; Nash Rambler 1952–56; Kaiser 1952–55; Frazer all. Fit all other cars without drilling (even those with gravel aprons). 20% Down on Terms.

Save Money—order trailer shipped direct from Factory in central Nebraska (shipped promptly); or, if you prefer, we ship direct from stock. Send price for type shipment preferred, plus freight charges from shipping point. Shipped knocked down to reduce charges.

(29) 750-Lb. Capacity. Single caster wheel. 48 x 53 x 11-inch one-piece steel body. Flare board and stake pockets. Removable wood tail gate. 4.00 x 8 Riverside Tire and Tube. Ship. wt. 225 lbs.

61 C 8752 F—From Factory in central Nebraska..... $98.50
61 C 8752 R—From Stock in Mail Order House..... 114.50

(30) 1,000-Lb. Capacity. 2-wheel model. Same size body as above, but heavier-duty chassis. Flare board and stake pockets. Removable wood tail gate. Special equalizing springs on connector arms reduce road shock. 4.00 x 8 tires, tubes. Ship. wt. 288 lbs.

61 C 8754 F—From Factory in central Nebraska..... $147.50
61 C 8754 R—From Stock in Mail Order House..... 167.50

TRAILER RUNNING GEARS 55.95 TO 74.95

31 BOAT TRAILER RUNNING GEARS. Just add draw bar (tongue) and accessories and build your own boat trailer. 60-inch running track. With high-speed Timken roller bearings, 4-ply tires and tubes. Shipped promptly from Factory in central Nebraska.

Auto Trunk Bunk

A BED FOR TWO . . . ASSEMBLES IN MINUTES

42 Sleep Where You Park with this handy Trunk Bunk. Ideal for sportsmen, vacationists. Saves you motel or cabin rentals—pays for itself in one season.

Fits Any Auto with a 42-in. wide trunk opening. Makes a comfortable full-length bed for 2 adults, with the bed protected by a tent-like, water-resistant Duck tarpaulin. Easily assembled in minutes—without tools. Folds compactly for storage in trunk—takes only about 1/10 of trunk space.

2-Person Bed of extra-heavy weight double-needle-stitch commercial canvas. Supports up to 600 lbs. Size 76x48 in. Canvas cover has two-way zipper for easy access to bed. Side flaps can be zipped tight . . . or, with flaps up (or staked out like an awning) you have the comfort of sleeping outdoors . . . protected by mosquito netting. Sturdy steel and aluminum framework supports both bed and tarpaulin.

Campsite Table, too, with addition of a plywood board over bed. Legs adjustable to insure level bed or table. *Not Mailable.*

61 C 8758 R—Ship. wt. 72 lbs. Only $7.00 Down.....or Cash $69.95

Uses Little Trunk Space

5-YEAR SUPER POWER "125" 16.95 Factory, 17.95 Stock, Type 1 or 2L

1 Guaranteed for 5 Years of Satisfactory Service. Costs only 28.3c per month of guaranteed service (from Factory). It's the most powerful battery we've ever sold—so rugged we guarantee it for 5 full years.

Built With 4 Important Extra Features that give it more power capacity than any other car battery.

125-Ampere-Hour-Capacity. Has 67% more starting stamina than required in this size battery. Delivers higher voltage for faster, surer starting on coldest days. 39% reserve capacity keeps radio operating and heater working when motor is not running.

57 High Type Plates—higher plates (see diag. A) and more plates for 38% (960 sq. in.) more active plate surface than in standard batteries of this size (see diag. B). 33% more resistance to overcharging.

More Fluid Capacity. 3½ times more fluid above the plates (see diagram A) than required by S.A.E. standards—means 3½ times more protection against damage to plates caused by evaporation.

Premium Micro-porous Rubber Separators—the toughest, strongest available—same kind specified by U.S. Navy for submarine batteries.

Glass Fiber Mats—double insulation between separators and positive plates for longer life.

Red Polystyrene Case—designed like those used in our newest jet fighters—light in weight, yet 3½ times stronger (see diag. A) than ordinary cases (see diag. B). Transparent filler caps.

NEW 4-YEAR WINTER KING HEAVY SERVICE 15.75 Stock, 14.95 Factory, Type 1, 2L

2 Guaranteed for 4 Years of Satisfactory Service. Costs only 31.1c per month of guaranteed service (from Factory)—Type 1 or 2L. An extra-power battery, built to give 4 full years of heavy service.

115-Ampere-Hour-Capacity—delivers zero weather starting power of 300 amperes for 3.6 minutes; Extra power assures quick starts on coldest days; handles heavy drain of accessories.

51 Heavy-duty Plates (Type 1). 2865 sq. in. of plate area for extra power, with a total of 24 lbs. of lead. More Fluid Capacity. Twice as much fluid above the plates than is required by S.A.E. standards.

"Fiberglas" Separators for certified performance, longer operation life.

Genuine Hard Rubber Case—acidproof and leakproof.

Wards Finest Tire...Super De Luxe Tubeless

"THE TIRE THAT'S GOT EVERYTHING"... WARDS SUPER DE LUXE TUBELESS, WITH RAYON OR NYLON CORD

Ⓐ Ⓑ Here's "the tire that's got everything." It's not just another tubeless tire . . . it's a tubeless tire that's carefully engineered all the way through . . . the result of a whole new concept of tire engineering. It's the tire from which you can expect 7,000 *extra* miles—a thoroughly modern tire that's time-and-road-tested for longer, safer, quieter mileage. Order a set of Riverside Super De Luxe Tubeless today and install them yourself.

You don't need to be an "expert" to install tubeless tires. There's no "mystery" about them. Most 1955 cars used tubeless tires as original equipment . . . and many older cars are changing over to tubeless tires every day. You can install them yourself. You don't need to buy special equipment—just use your regular tire tools PLUS a mounting band (bead expander) and rubber lubricant which we include with each order for Super De Luxe Tubeless.

Here are just a few of the outstanding features that make Riverside Super De Luxe your best buy in tubeless tires:

SUPER MILEAGE. You can expect up to 7,000 extra miles from Super De Luxe. We tested it against all the well-known original equipment brands . . . and it outwore them all . . . mainly because the "cold rubber" tread is built on a new principle of tread row distribution that places the widest rib in the center where greatest wear occurs.

SUPER SILENT TREAD. The wide center "king row" and gradually narrowing tread ribs combine in a new way to reduce tire squeal to a whisper on curves and hush annoying tire hum on the highway.

SUPER TRACTION. Countless sharp edges of the zigzag tread pattern and a multitude of deep-cut "sipes" (cross-cut squeegees) wipe away road moisture for safer emergency stops, quick starts and less side-skid on wet pavement. Tread grooves are deep so that tire maintains non-skid and tractive qualities longer.

SUPER STEERING EASE. The tread design makes Super De Luxe respond quickly and easily to your slightest turn of the steering wheel.

SUPER STYLING. Completely modern in styling. Lettering is outside white area—leaves white sidewall smooth, easier to clean.

SUPER GUARANTEE without limit of months or miles—see Page 902.

YOUR CHOICE OF RAYON OR NYLON CORD. Whether you choose Rayon or Nylon Super De Luxe, you'll be selecting a rugged tire that's built for super mileage . . . longer, safer miles . . . at lower cost per mile, too.

RAYON SUPER DE LUXE TUBELESS

Built with new super-strength Rayon cords that stay strong longer. Superior to ordinary Rayon cords. Each cord is dipped in an improved adhesive solution which strengthens the bond between the cords and the rubber insulation—seals the super-strength Rayon cords from moisture penetration—helps add thousands of extra miles to this super-mileage Super De Luxe Tubeless tire.

Choice of Black Sidewall or White-Black Sidewall (see table below).

NYLON SUPER DE LUXE TUBELESS

Built with tough Nylon cord . . just like aircraft tires . . . for the safety-conscious motorist. Built for the man who wants to provide the utmost in safety for himself and his family—a tire that's "as blow-out free as a tire can be" . . . a tire with the all-important extra margin of safety.

Nylon cord is the strongest cord fabric ever used in tires. Pound for pound, it is stronger than steel. It gives this tire nearly twice the body strength of ordinary Rayon tires. Nylon has a lot of extra "muscle"—it gives instead of breaking . . . virtually ends cord ruptures caused by hitting curbs, rocks and chuck holes. It's moisture-proof, too . . . ends tire failure caused by water seeping into cuts in the tire. Because Nylon is stronger, we can build this new Super De Luxe with thinner plies and less bulk . . . means cooler-running, safer tires.

If the roads you drive are apt to subject your tires to impact damage or bruises, or if you want that extra margin of safety—then the new Super De Luxe Nylon Tubeless is your best buy today.

Choice of Black Sidewall or White-Black Sidewall (see table below).

NYLON GUARANTEE NOTE: In addition to the regular Riverside Guarantee "without limit of months or miles used" (see the Riverside Guarantee on Page 902), Nylon Super De Luxe Tubeless tires are *specifically Guaranteed against failure by bruise or rupture.*

SUPER DE LUXE TUBELESS GIVES YOU THESE EXTRA BENEFITS

SUPER BLOWOUT PROTECTION. Stronger carcass with an inner liner of special rubber transforms the dangerous "Blow-out" into a harmless "Slow-out."

SUPER PUNCTURE PROTECTION. Any tire can be punctured. But the unstretched inner liner ("air wall") of Super De Luxe tends to cling to a puncturing object and slows up air loss enough so you may drive safely to a nearby service station for repair.

SUPER NEW VALUE. Super De Luxe is not premium-priced. Compare quality and mileage—then compare price; you'll find Super De Luxe is today's best tubeless tire value.

CAN I USE TUBELESS TIRES ON MY OLDER CAR? Certainly—if your car has 15-inch wheels in good condition (not for wire wheels).

DO I NEED SPECIAL TOOLS to install tubeless tires? No—use regular tire tools PLUS a mounting band (included—see below).

INCLUDED WITH TUBELESS TIRES:

(1) Illustrated service manual—easy-to-follow.

(2) Special valves.

(3) Mounting band (or bead expander) to assist in seating tire bead.

(4) 8-oz. can of Ru-Glyde (rubber lubricant) to assist you in tire mounting.

Tube-Type Tire Users...Choose Riverside for M

RIVERSIDES GUARANTEED

WITHOUT LIMIT OF MONTHS OR MILES

Wards Guarantee every Riverside Tire or Tube to be free from defects and to give satisfactory service without limit of months or miles used. If at any time, any Riverside Tire or Tube should fail to give satisfactory service, Wards will repair it free of charge, or replace it with a new tire or tube and charge only for the service received.

RIVERSIDE DE LUXE BUTYL TUBES

Ⓐ Every new tube-type tire deserves a new tube. Since both tires and tubes usually "grow" (stretch) in service, old stretched and worn tubes may wrinkle or fold in new tires, resulting in a flat and probable tire damage.

Riverside De Luxe Butyl Tubes are extra-thick; shaped to fit tire; hold air longer.

Tubes are specially priced *WITH* De Luxe Tires to give you extra savings. Fully Guaranteed. Shipped promptly from Stock in nearest Mail Order House.

Prices Include Federal Excise Tax and are for Catalog Orders only. State size.

WARDS RIVERSIDE DE LUXE . . . OUR FINEST RAYON TUBE-TYPE TIRES . . . FIRST LINE, FIRST QUALITY

Ⓑ Ⓒ Wards finest Rayon Cord tube-type tire. A first line, first quality tire, built with the same service expectancy as original equipment tires. Compare Riverside De Luxe for quality, price and Guarantee with any nationally advertised first line tire and you'll agree . . . it's today's best value in a tube-type passenger car tire.

Riverside De Luxe is built of first quality materials throughout, with many outstanding construction features that make it a rugged tire from carcass to tread—"balanced-built" features that mean more built-in miles of service. Remember, you can't judge tires by appearance only—there's a mighty big difference in hidden construction. Read the Riverside "balanced-built" features listed on the opposite page—then compare those outstanding quality features with any nationally advertised first line tire.

Compare price—Riverside De Luxe is priced without "padding" to cover trade-ins—and there's no mounting services or salesman's commission. It's a low net price that's made possible by the proven economies of mail order distribution . . . a low price that's coupled with quality to help stretch your tire dollars further.

Then compare Guarantee—there's no fairer Guarantee than Wards Riverside Guarantee of "satisfactory service without limit of months or miles used." Read the complete Riverside Guarantee at left.

Note the following "balanced-built" features of Riversi
(1) Built with super-strength Rayon cords that stay strong
cord is dipped in an improved adhesive solution which
the bond between the cords and the rubber insulation
cords from moisture penetration—means longer, safer

(2) Built with double-insulated plies for greater protection
ternal heat and more resistance to blowouts.

(3) Built with a flatter, multi-row tread that puts more
tact with the road for maximum mileage, better traction,
stopping, better steering control and quiet running.
pounded with longer-wearing "cold rubber" for extra

(4) Built with an improved age-resistant compound that
weathering effect of sunlight and ozone.

Order tire-with-tube combinations for extra savings and
Tubes included with combinations are Riverside De
Tubes—the same fine tubes as described at left.

NOTE: *Sizes 6.50 and 7.00 Riverside De Luxe have an
design; other sizes are 7-row. White sidewall sizes marked
a white buffing rib. **Size 5.90-15 is a Ward Riverside with
different tread design. Shipped promptly from Stock.

Miles, Lower Cost Extra-Traction Power Grip Tires

NYLON TUBE-TYPE SUPER DE LUXE

(D) Wards finest Nylon tube-type tire . . . super-traction, super-mileage, super-silent, smartly modern tread in a new tube-type black-wall tire that's built with tough Nylon cord for super safety.

Built for the man who wants to provide the utmost in safety for himself and his family . . . a tire that's "as blowout free as a tire can be" . . . with tough Nylon cord, just like in aircraft tires. It's a safer tire for the safety-conscious motorists.

Nylon cord is the strongest cord fabric ever used in tires. Pound for pound, it is stronger than steel. It gives this tire nearly twice the body strength of ordinary Rayon tires . . . virtually ends cord ruptures caused by hitting curbs, rocks and chuck holes.

The tread design is the same as the Super De Luxe Tubeless tires described on Page 901, giving this rugged Nylon cord tire all of the advantages of this new, modern tread pattern. An innertube is required.

Fully Guaranteed—see opposite page.

WARDS RIVERSIDE TRAIL BLAZER TIRES

(E) A good quality low-priced tube-type tire available in popular 6.70-15, 6.00-16 and 6.50-16 sizes as well as many hard-to-get sizes for older cars. Built of quality materials throughout, with a slightly narrower tread and less tread depth than Riverside De Luxe, but even-wearing for long mileage and extra-low cost.

Trail Blazer gives far more safety and mileage than you would expect of a tire at this low price. In our opinion, it is the finest tire in its price class today. Buy it with complete confidence, because Wards will not jeopardize your safety just to meet a low price.

The fast-stopping, non-skid rib tread is quiet-running and compounded with "Cold Rubber" for extra mileage.

Guaranteed—*see opposite page.* Shipped promptly from Stock. *Mailable.*

TUBELESS OR TUBE-TYPE . . . DE LUXE QUALITY SUPER-TRACTION TIRES

(F) Now . . . your choice of tube-type or tubeless Power Grip . . . the super-traction tire with the outstanding tread design that gives you sure-footed travel through mud and snow . . . yet runs almost as quietly and handles as easily as regular tires when roads are clean and bare. It's the extra-traction tire that has won overwhelming approval for (1) greater traction, (2) quieter running, (3) smoother ride and (4) longer wear.

The Power Grip tread provides a powerful grip for super traction in mud and snow and sure-footed control for surer starts, safer stops. The broader, flatter, continuous-traction tread provides a positive gripping action for better control or. slippery roads . . . reduces side slippage to a minimum . . . means longer-lasting pulling power. Tread is self-cleaning, too.

Power Grips are De Luxe Quality, built with a rugged Rayon cord carcass. Choose tube-type or tubeless from listings below. Fully Guaranteed—read the Guarantee on Page 902.

TUBELESS RIVERSIDE POWER GRIP

Tubeless . . . but not premium priced. See tubeless construction advantages on Page 901. Use on any 15-in. wheel in good condition (not wire wheels). Included: (1) Illustrated service manual; (2) valves; (3) a mounting band (bead expander); and (4) 8-oz. Can of rubber lubricant to assist in mounting. Fully Guaranteed—see opposite page. Shipped promptly from Stock. *Mailable.*

RIVERSIDE "BALANCED-BUILT" FEATURES MEAN MORE BUILT-IN MILES WITH GREATER SAFETY AT LOWER COST

All Riverside Tires are made with the following "Balanced-Built" features that give Riversides the rugged ability to "take" lots of punishment . . . mean more built-in, miles with greater safety . . . and lower cost-per-mile for you.

Super-Strength Rayon Cords—retain more of their original strength and elasticity for life of tire—help Riversides resist rupture and blowouts longer than ordinary tires.

Rubber-Dipped Cords—Each cord soaked in an improved bonding solution before being built into Riverside tires . . . helps seal cords from moisture penetration and strengthens the bond between rubber cushion and tire cords.

Double-Insulated Plies—Each cord ply embedded in a double rubber cushion for greater insulation against internal heat . . . greater resistance to blowouts . . . means longer tire life.

Cold Rubber Tread—Compounded with longer-wearing "Cold Rubber" . . . gives up to 30% more mileage than natural rubber.

Safety Wire Beads—Made of multiple strands of steel wire with a tensile strength of 280,000 lbs. per square inch.

Husky Sidewall Buttresses—Specially compounded to withstand constant flexing, resist cracking caused by sun and heat.

TUBE-TYPE POWER GRIPS FOR LIGHT TRUCKS

Same as above, but 6-ply. For use on light delivery and pickup trucks for extra traction PLUS smoother, quieter ride.

RIVERSIDE DE LUXE HI-WAY TIRES FOR LARGE OR SMALL TRUCKS

2 3 Wards finest highway-service Truck Tire—the tire that has set outstanding performance records from coast to coast. Built with a rugged carcass of *Super Rayon* cord that makes a 20% stronger tire with 79% more resistance to cord fatigue failure . . . plus a new design tougher rubber tread for 25% more mileage. It costs us more to build this tire, but it costs you no more to buy . . . and it will save you money not only in lower initial cost but also in lower cost-per-mile.

SUPER STRENGTH CORDS. Rugged carcass made with improved *Super Rayon*—the strongest high tenacity rayon ever developed for tires . . . actually 20% stronger than regular rayon. *Super Rayon* is 79% more resistant to flex fatigue . . . means this new tire can stand a lot more bending before the cords will break from fatigue . . . means maximum protection against rough-road and impact damage. *Super Rayon* makes a cool-running carcass that resists moisture damage . . . means better carcasses for recapping.

ZIG-ZAG TREAD DESIGN. Wider, flatter, deeper tread provides greater skid resistance, better traction and 25% longer mileage. 5-rib design, with wider center rib and more flexible, narrower outer ribs . . . scientifically equalizes road contact pressures for more even wear and longer mileage that means lower cost-per-mile. Thousands of traction edges help wipe pavement dry- give you excellent traction and anti-skid power for stopping.

TOUGH RUBBER TREAD is specially compounded with new, finer particle size carbon black to resist cutting, chipping and groove cracking.

DEEPER GROOVE DEPTH (6% deeper than Wards previous highway type truck tires) means more anti-skid miles. Deep, open grooves give full anti-skid protection longer.

RUGGED, VENTILATED SIDEWALL BUTTRESSES protect against curb scuffing, keep tire cooler running. Sidewall specially compounded to resist checking and cracking.

SAFETY WIRE BEADS of multiple strands of steel wire with a tensile strength of 280,000 lbs. per sq. in. Strands are plated to resist corrosion, insulated, then firmly anchored in tire.

FULLY GUARANTEED—see Guarantee on opposite page, "Shipping Information" below at right.

FOR 15, 16, 17 AND 18-INCH WHEELS

Extra Traction Riverside Tractor Tires

RIVERSIDE HI-TRAC TRUCK TIRES

5 For 15, 16, 17 and 18-Inch Wheels. A premium traction tire specially designed for mud and snow and for both on and off the road use. Built to the same sturdy, full traction specifications as Hi-Trac in larger sizes on opposite page. The semi-flat, deep bar-type tread has a 38% to 60% greater anti-skid depth than conventional treads for maximum traction in mud and snow, yet gives long, uniform wear on hard surfaced roads. Built of the same tough, rubber compounds and with rugged *Super Rayon* cords like the larger Hi-Tracs (see opposite page).

Tread is self-cleaning—tread bars are beveled at the base to force mud, snow and stones out of the deep grooves. In addition, a stone ejecting ledge in the center groove helps prevent tire injury. Two center ribs, almost flush with tread surface, give extra support to the deep traction bars for smoother operation on the highway. Tread is compounded for long wear. Fully Guaranteed. Shipped from Stock.

WARDS RIVERSIDE GUARANTEE

Wards Guarantee every Riverside Tire or Tube to be free from defects and to give satisfactory service without limit of months or miles used. If at any time any Riverside Tire or Tube should fail to give you satisfactory service, Wards will repair it free of charge, or replace it with a new Tire or Tube and charge only for the service received.

WARDS RIVERSIDE POWER TRAC REAR TRACTOR TIRES

6 For positive, sure-footed "paddle wheel" traction, buy Riverside Power Trac Rear Tractor Tires. Extra-high, wide, square-bite tread bars provide super-grip for maximum draw-bar pull . . . even in those wet, muddy low spots. Tread bars scientifically spaced and angled for self-cleaning action—assure a fresh bite with each revolution of the tire.

Tread and sidewalls compounded to resist cracking, checking. Tread bars are extra-broad at base for support. Heavy sidewall buttresses provide additional tread bar support.

Rugged, rupture-resistant cord body, topped with a heavy undertread that retards punctures and cracking at base of tread lugs . . . means longer tire life. Fully Guaranteed.

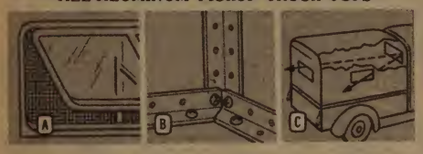
ALL-ALUMINUM PICKUP TRUCK TOPS



[1] For ½ and ¾-Ton Trucks. Convert your open pickup truck to an all-weather, all-purpose truck—keep cargo dry and clean with this all-aluminum cover. Heavy-gauge aircraft aluminum, riveted to a structural aluminum angle frame. (See illustration "B" above). Rigid frame allows absolutely no top sway. Lap joints around front and rear seal out rain and dust. Can be painted if desired or leave it natural. Easily installed—requires only six ¼-in. mounting bolt holes.

Hinged aluminum rear door complete with chrome plated locking handle, keys latch and window. Front panel has fixed rear view window on all models which lines up perfectly with rear view window of truck cab and with window in rear door. Available with fixed right side and rear windows; right side and rear opening windows; and with right side, left side and rear opening windows (See "C" above.). Opening windows have inside screens (See "A" above.). All windows are 10x23-in. and are double strength glass. With instructions.

2 Different Heights Offered: 4 feet and 4½ feet (from bed of truck box to top of cover). Choose the height that best suits your needs. (Check height of garage opening before ordering.)

Fit These ½ and ¾-Ton Pickup Trucks: 1948–56 Chevrolet, Dodge, Ford, G.M.C., International, Studebaker and Willys. Fit bed lengths up to 83 in. for ½-Ton and up to 95 in. for ¾-Ton.

How To Order: *State Make, Year, Model and Bed Length of truck.* For Dodge, also state depth of truck box. Order by Catalog Number below. Shipped promptly from Factory in Wellington, Kan.—pay freight from there.

AIRLINE RADIOS . . . YOUR BEST BUY . . . FOR EITHER REPLACEMENT OR NEW CAR USE

The four reasons shown below will give you a good idea why Wards Airline Car Radios save you money. The general and specific descriptions for each type tell you why they are second to none in car radio quality, construction and performance.

1. Airline Car Radios cost you only a fraction of the price of original equipment radios.
2. Airline Car Radios are quality constructed to give you the best value for your money.
3. Airline Car Radios are covered by Wards "Satisfaction Guarantee" or your money back.
4. Airline Car Radios can be quickly and easily installed by you for added savings.

WARDS AIRLINE FULL CUSTOM PUSH-BUTTON RADIO 53.95 OR MANUAL RADIO 49.95

5 TO 8 Has powerful superheterodyne circuits for superior performance—assures clear reception. 6 tubes (2 dual purpose for 8 tube performance), latest miniature type for greater efficiency, more compact construction and superior performance. Extreme sensitivity for sharp reception. Automatic volume control maintains volume—no fading or blasting. Powerful permanent magnet speaker for rich, clear, natural tone. Tuning reaches stations on a wide 540–1600 K. C. range.

"CUSTOM LOOK" RADIO

5 A compact "custom-look" Airline Radio that mounts through-the-dash for semi-custom fit in space provided in cars and trucks.

A self-contained unit—includes a speaker and self-rectifying vibrator, yet tone quality has not been sacrificed. Illuminated slide rule dial.

Smart ornamental escutcheon plate around dial and chrome trimmed knobs give it a distinctive custom appearance. For other cars and trucks not listed below, radio can be mounted under the dash. Wt. 10 lbs.

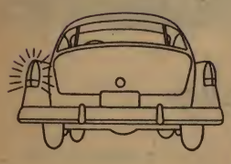
61 C 8158—Ship. wt. 1 lb. 4 oz.....$3.98

24 PLASTIC MOTORCYCLE COVER. For motorcycle or scooter. Slips on or off in few seconds. Elastic band on bottom holds cover securely in place. Made of translucent 3-gauge polyethylene plastic—stays pliable even in sub-zero weather. Won't dry out or deteriorate with age. Protects your motorcycle from rain, snow, salt air, etc.
61 C 14050—Ship. wt. 2 lbs. 8 oz.....$5.45

Custom-Built Turn Signals...Other Safety Aids



TURN SIGNALS MEAN . . .

ADDED PROTECTION and driving convenience for both you and other drivers. Flashing lights, front and rear, warn following and oncoming cars of direction you are going to turn; warn pedestrians, too.

CUSTOM BUILT to fit each specific car year and make listed. Complete with all necessary wires, lights, fittings, instructions. Order correct set for your car from listings at right.

STATE APPROVED where necessary. Required by law in many states.

AUTO TURN SIGNAL CONVERSION KITS 7.59, 9.15

[1] Use your present parking and tail lights also as flashing turn signals. Let traffic and pedestrians know when you are going to turn. Self-cancelling switch—automatically shuts off after turning. Flashing light shows when signals are "on". G. E. bulbs, sockets, flasher unit, automatic turn-off switch (with pilot light), wire, instructions. 6-Volt. Ship. wt. 2 lbs. 2 oz.

Needs for Car Owners and Garages...10% Down on Terms

TUBELESS TIRE BEAD EXPANDERS 1.49 Economy

34 DE LUXE BEAD EXPANDER. Professional quality. For garages, service stations, farms. Forces tubeless tire beads onto rim for proper bead seating. Blue tempered spring steel band. Easy-to-grip screw-type crank for tightening band on tire easily, quickly. Automatic release clamp draws up slack after placing band on tire . . . let's you apply full amount of air without removing tool from tire—releases automatically after 8 to 10 lbs. of air seals bead.
61 C 9166—Shipping weight 6 lbs. $7.95

35 ECONOMY BEAD EXPANDER. Ideal for the individual car owner. Helps seat tire beads properly, quickly. Annealed spring steel band fits around any passenger car tire. Handle can be turned against tire tread to lock it into position. Band rolls up when not in use . . . easy to carry in car. Red enameled handle, frame.
61 C 9167—Shipping weight 14 oz. $1.49

36 PNEUMATIC TIRE SPREADER. Fast tire service tool for inspecting and repairing all types of tires. Operates off of air hose. Has exclusive tubeless tire feature . . . won't injure tubeless tire bead. Permits spreading tire in any position and inserting "C" clamp for tubeless repair too. Holds "spread" until servicing job is done—air hose can be disconnected for other uses without loss of compression. Lightweight yet powerful. One-hand operation. Balanced finger-grip handle control. Jaws spread to 11¾ in. Length overall 16 in., cylinder 12 in.; ¼-inch air intake opening.
61 C 9168—Ship. wt. 12 lbs. $3 Down . . . . . or Cash Price $29.50

37 "TIRE-ON" TOOL. For quicker, easier "flat" changing. No lifting or fumbling. 2 prongs slip through lug holes in wheel and rest in holes of brake drum (or on lugs)—let you *slide* wheel into place.
61 C 9169—Length 21 in. With instructions. Ship. wt. 1 lb. 98c

WARDS TIRE BEAD BREAKERS 4.95 Economy Model

38 WARDS PORTABLE HEAVY-DUTY BEAD BREAKER. Breaks the toughest beads quickly, easily on all car, light truck wheels. Prevents damage to the air seals on tubeless tires. Actually "rolls" beads off, breaking them in one operation. Durable, long-lasting forged alloy steel. Needs no adjustments. Long handle with rubber grip. Engineered so wheel can't slip.
61 C 9144 MO—Shipping weight 23 lbs. $14.95

39 WARDS UNIVERSAL BEAD BREAKER. Long handle affords ample leverage—press inward to break loose tightly frozen beads. Finest forged alloy steel—extra strong, lightweight, portable. Works with wheel on or off car. For all cars, light trucks.
61 C 9164—Shipping weight 8 lbs. $6.95

40 WARDS ECONOMY BEAD BREAKER. Lever action breaks loose frozen beads. Durable steel. Works best with wheel off car. Fits all 15–19-in. wheels, drop center, or Chrysler "safety rims."
61 C 9146—Rubber grips on handles. Ship. wt. 6 lbs. $4.95

WARDS HANDY TIRE PUMPS 1.10 Economy Pump

41 WARDS ECONOMY TIRE PUMP. Steel barrel 1¼x16 in., base, wood handle. 18-in. rubber hose, screw-on connector.
61 C 5650—Black Enamel. Ship. wt. 1 lb. 8 oz. $1.10

42 43 WARDS BETTER QUALITY TIRE PUMPS. Heavy steel barrel. Steel base, wood handle. Check valve prevents back pressure. 24-in. 2-ply rubber hose. Screw-on connection.
(42) 61 C 5651—STANDARD PRESSURE TIRE PUMP. 1½x20-in. barrel. Copper-lacquered finish. *Malliable.* Ship. wt. 3 lbs. 4 oz. $2.49
(43) 61 C 5654—LOW PRESSURE TIRE PUMP. 1¾x17-in. barrel. Enamel finish. *Malliable.* Ship. wt. 3 lbs. 4 oz. $2.49

44 WARDS TRACTOR PUMP. 1¼x27-inch barrel makes pumping easier. Hardwood handle. Screw-on connection. Rubber hose.
61 C 5653—Blue enamel finish. Wt. 3 lbs. 8 oz. *Malliable.* $2.69

REPLACEMENT PUMP HOSE. 2-ply fabric reinforced rubber.
61 C 5655—Length 30 in. Screw-on connector. Ship. wt. 4 oz. 28c

45 SUPER AIR ENGINE-OPERATED INFLATING PUMP. Converts any engine of 4 cylinders or more into a practical air compressor in a few minutes. Includes Spark Plug adapters (10mm, 14mm, and 18mm) to fit all popular makes of tractors, Trucks or Cars—no extra fittings to buy. Won't harm engine. Includes 16-ft. hose.
61 C 5661—With Pressure Gauge. Ship. wt. 2 lbs. $4.75
61 C 5662—Without Pressure Gauge. Ship. wt. 1 lb. 12 oz. 2.95

46 AIR TRANSFER HOSE. For transferring air from one tire to another. Screw-on connector on each end—fit all standard valves.
61 C 5652—12-ft. rubber hose. Ship. wt. 12 oz. 95c

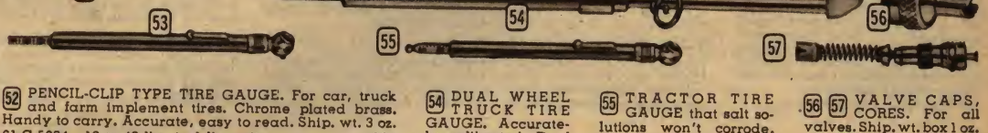
WARDS BUMPER JACKS 3.45 1-Ton Mechanical

47 48 MECHANICAL BUMPER JACKS. Sturdy ratchet type. Large detachable 6x8-in. road gripping base. Y-shaped steel bar with teeth "rolled in." Handle 20 in. Lifts 6⅜ in. to 30¾ in. on upper and lower. Rust resistant. *Malliable.*
(47) 61 C 5624 M—1½-TON CAPACITY. Wt. 13 lbs. $5.45
(48) 61 C 5623 M—1-TON CAPACITY. Similar to above, but lighter duty type. 6x6-in. road base. Ship. wt. 9 lbs. $3.45

49 1½-TON HYDRAULIC BUMPER LIFT JACK. Floating lift hook fits all cars. Valve lowers fast or slow. 19 adjustments permit heights from 4 in. to 33 in. Handle 14 in. Base 6x4½ in. All steel. *Malliable.*
61 C 5606 M—Enamel finish. Ship. wt. 16 lbs. $11.75

50 TWIN-LEG MECHANICAL BUMPER JACKS. Extremely popular in service stations. Double-support construction. Easy to use. 1-piece handle and base—unfold, set up, turn handle—screw action of bumper hook lifts car. Finish resists rust.
61 C 5631 M—1½-TON CAPACITY. Size open 9x20¼x35¼ in.; closed, 6¼x9x35¼ in. Low load height 4½ in.; raises to 28¾ in. *Malliable.* Ship. wt. 17 lbs. $7.69
61 C 5630 MO—2-TON CAPACITY. Size open, 12x23x38¼ in.; closed, 6¼x12x38¼. Low load height 7 in.; raises to 31 in. *Malliable.* Ship. wt. 20 lbs. $10.60

51 1½-TON 3-LEG BUMPER JACK. 3 chain-connected support legs, riveted bases, heavy steel channels. Fits under bumper—lifts easily, gives steady, safer support. Thrust weight on ball bearings. Ship. wt. 17 lbs.
61 C 5648 M—Low height 6½ in.; full height 30¾ in. $6.95
61 C 5647 M—1¼-TON 3-LEG BUMPER JACK. (Not pictured). Similar to above but lighter duty type. Low height 6½ in.; full height 30½ in. Ship. wt. 15 lbs. $5.45



52 PENCIL-CLIP TYPE TIRE GAUGE. For car, truck and farm implement tires. Chrome plated brass. Handy to carry. Accurate, easy to read. Ship. wt. 3 oz.
61 C 5684—10 to 40 lbs. in 1-lb. units. 98c
61 C 5683—20 to 120 lbs. in 5-lb. units. $1.15

53 PROFESSIONAL TYPE TIRE PRESSURE GAUGE. Accurate, durable, easy to read. New 4-sided bar.
61 C 5685—8 to 40 lbs. in 1-lb. units. Wt. 3 oz. . . . $1.39

54 DUAL WHEEL TRUCK TIRE GAUGE. Accurately calibrated. Dual head. Chrome plated brass. 10 to 130 lbs. in 2 lb. units, Hanging Ring. Ship. wt. 8 oz.
61 C 5682. . . . . $3.45

55 TRACTOR TIRE GAUGE that salt solutions won't corrode. Tests tires wet or dry. Pump action for rinsing corrosive solutions out of gauge. Ship. wt. 3 oz.
61 C 5695—5 to 50 lbs. in 1-lb. units. $1.25

56 57 VALVE CAPS, CORES. For all valves. Ship. wt. box 1 oz.
(56) 61C5713—VALVE CAP. Screw driver type—also removes, inserts valve cores. Box of 5. . . . . 22c
(57) 61 C 5715—VALVE CORE. Box of 5. . . . . 29c

TUBELESS TIRE REPAIR KITS 1.09, 2.95

58 59 TUBELESS TIRE REPAIR KITS. For repairing tubeless tire punctures without removing tire from rim. 3 sizes of rubber plugs, insertion needle, cement, instructions.
(58) 61 C 5708—"SHOP SIZE" KIT. 25 of each size plugs, 4-oz. can of cement. Wt. 1 lb. 4 oz. $2.95
(59) 61 C 5702—"CAR SIZE" KIT. 3 of each size plugs, 1-oz. bottle of cement. Wt. 8 oz. . . . $1.09

60 TUBE REPAIR KIT. Heavy-duty. Repair inner tubes without vulcanizing. Beveled-edge patches, 17 (1¼-in.) patches; 3x16-in. strip of patching rubber; 1 tube cement.
61 C 5701—With metal buffer. Wt. 6 oz. 49c

61 SELF-VULCANIZING TIRE PATCHES. Road heat vulcanizes patch permanently to tire. Cords set in live rubber. Won't injure tube.
61 C 5735—5-inch Round Patch. For breaks up to 1 inch. Ship. wt. 2 oz. . Each 15c; 3 for 39c
61 C 5736—7-inch Round Patch. For breaks up to 2½ in. Ship. wt. 5 oz. . . Each 25c; 3 for 65c
61 C 5737—8-in. Round Patch. For breaks up to 4 in. Ship. wt. 6 oz. . . . . Each 37c; 3 for 98c
61 C 5738—7-in. Side wall Patch. For breaks in side wall. Ship. wt. 5 oz. . . . Each 23c; 3 for 59c
61 C 5739—8½x11-inch Patch. For larger breaks. Ship. wt. 12 oz. . . Each 63c; 3 for $1.69

62 TIRE BOOT KIT. Made from best selected used tires. 10 patches in 3 sizes—4x5 to 7½x10 in. Cement coated.
61 C 5698—Ship. wt. 1 lb. 8 oz. . . . . Kit 85c

LUG WRENCHES 75c TO 2.19; MALLETS 1.19 AND 4.95

63 4-WAY LUG WRENCHES. Provides powerful leverage to make tire changing easier. Universal type—fits all wheel lugs. Carbon steel.
61 C 9137—14 IN. LONG. Sockets ¾, ¾, 13/16, ⅞ in. Wt. 2 lbs. 8 oz. . . . 75c
61 C 9142—20 IN. LONG. Sockets ¾, ¾, 13/16, ⅞ in. Wt. 4 lbs. 4 oz. . . $1.19

64 2-PIECE TRUCK LUG WRENCHES FOR FORD AND CHEVROLET.
61 C 9135—For Ford trucks. Carbon steel. 14 in. long. 20x¾ leverage bar. Socket openings 13/16-in. square, 1½-in. hex. Ship. wt. 7 lbs. . $2.19
61 C 9136—For Chevrolet trucks. Carbon steel. 14 in. long. 20x¾ leverage bar. Socket openings ⅞-in. and 15/16-in. hex. Ship. wt. 3 lbs. 8 oz. . $1.89

65 66 DUAL HEAD TIRE CHANGING HAMMERS. Combination steel and replaceable rubber-covered head—use on rim or tire. 15 in. long.
(65) 61 C 9769—WEDGE HEAD. Hickory handles. Ship. wt. 2 lbs. 12 oz. $2.49
(66) 61 C 9768—FLAT HEAD. Hickory handles. Ship. wt. 2 lbs. 8 oz. . 2.49

67 NON-REBOUND MALLET with non-cracking molded nylon heads. Chrome plated head housing filled with steel shot prevents rebound—gives heaviest impact with minimum effort, maximum efficiency.
61 C 9133—Wt. 2 lbs. 1¾-in. diam. head, 13¼-in. hardwood handle. $4.95

68 RUBBER MALLET. Molded non-flaking head. Mar-resistant, long wearing. Hardwood oval-shaped handle for easy gripping.
61 C 9131—LARGE. 30-oz. head. Ship. wt. 2 lbs. $1.19

69 70 CHROME-ALLOY STEEL TIRE TOOLS. Wards best quality. For unlimited heavy service. Extra long (24 in.). Ship. wt. 2 lbs. 12 oz.
(69) 61 C 9756—Straight. . . . . $1.39 (70) 61 C 9757—Curved. $1.39

FORGED STEEL TIRE TOOLS. (Not pictured). 23 in. long. Made of drop forged, tempered and hardened steel. Ship. wt. 2 lbs. 12 oz.
61 C 9127—Straight Spoon. . . . 89c 61 C 9128—Curved Spoon 89c

71 TRUCK TIRE LOCK RING REMOVER. Forged of chrome steel. Wt. 2 lbs.
61 C 9165—24 IN. LG. FOR RH, RI rims, late Ford, Chev. truck rims. $1.49

WARDS UNDER-CAR AXLE JACKS 4.95, 6.45, 7.98

72 SCISSOR JACKS. Steel elevating screw and ball bearing thrust for effortless lifting. Large axle-rest top for easy positioning. Wide base assures steady footing. Heat-treated steel. Hinged steel rod handle; lock keeps handle from buckling. Handle clamps to jack—lets you push jack under axle easily. *Malliable.*

61 C 5610 M—1½-TON CAPACITY. Raises from 3½ to 15 in. Should be used under axle. Base 7¾x4¾ in. Ship. wt. 13 lbs. $4.95

61 C 5618 M—2-TON CAPACITY. Raises from 4 to 18 in. High lift—use under chassis frame to raise both wheels on one side of car. Base 7½x4 in. Ship. wt. 17 lbs. $6.45

73 1½-TON HYDRAULIC JACK. Gives effortless lifting or lowering. Tested at 50% above rated capacity. Slight turn of release valve lowers load fast or slow as desired. Lifting range from 7 to 12 inches; two-inch extension screw gives total height of 14 inches. Sturdy heat-treated steel. No-tip malleable iron base. 2-pc. handle. *Malliable.* Ship. wt. 9 lbs.
61 C 5600 M. $7.98

HYDRAULIC TRUCK JACKS—3 TO 20-TON SIZES 13.25 3 Ton

74 Factory tested at 50% above rated capacity for extra safety. Release valve lowers load quickly or slowly. Long, heavy-duty handles provide proper leverage for effortless lifting. Highly machined ram and cylinder for smooth operation. Alloy steel ball valves. Screw extension gives extra lift. Wide, stable bases. To find jack capacity needed, take ⅔ of loaded truck weight. *Malliable.*

Air Compressors for Home, Farm and Shop...20% Down

WHICH AIR COMPRESSOR SHALL I BUY?

BUY "DELIVERED AIR" ... don't buy "displacement". A compressor may "displace" as much as 10 cubic feet of air per minute but actually deliver less. For exact volume of air you need, see "Delivered Air CFM" (cubic ft. per min.) in listings at right.

A SIZE FOR EVERY JOB in garage, farm, service station, factory or shop. Wards have a complete assortment of low-priced, top quality air compressors ... and there's a size to meet your needs.

PRECISION BUILT of best quality materials. Piston type compressors ... develop higher pressures and simplify maintenance. All tanks are inspected and tested at 1½ times working pressure. Tanks over 10 gal. are A.S.M.E. approved to meet all state and city requirements; 6 and 10-gal. sizes are standard and acceptable in practically all states. Check your local requirements, order proper model at right. All units red enameled.

GASOLINE ENGINE MODELS also available from Factory in 10, 20, 30 and 60-gal. tank sizes of Air Compressors (2) and (3). Write to Wards for prices.

SHIPPING INFORMATION: Cat. No's. ending with "R" are shipped from Stock; Cat. No's. ending with "F" are shipped from Factory near Lansing, Mich.—allow 10 days plus time in transit—pay Freight from Factory.

FOR TERMS, SEE PAGE 981.

WARDS TANK MODEL AIR COMPRESSORS—¼ H.P. 64.95 WITHOUT MOTOR; 84.95 WITH MOTOR

1 DIRECT DRIVE ELECTRIC MODELS. Piston drives directly from motor shaft—no belts or pulleys. Fully automatic. Pressure valve can be set to cut out between 20 and 100 lbs. Differential valve automatically re-starts motor when pressure drops 10 to 20 lbs. below maximum pressure. Single cylinder with alum. 2-ring piston. Light disc type valves easily cleaned. Splash lubrication. Powered by 110–120-volt, 60-cycle AC single phase-split phase type motor. Motor has ball bearing at compressor end with tank drain valve, 100-lbs. air gauge manual air outlet valve, 8½-ft. cord, plug. Air hose and chuck not included—order extra below.

2 3 BELT DRIVE MODELS WITH OR WITHOUT ELECTRIC MOTORS. Heavy-duty flywheel and V-belt drive. Automatic switch on all models cuts out slightly below maximum pressure and starts pump again when tank pressure drops 20 to 25 lbs. below maximum. All have uni-cast cylinder and crankcase; cool-flo cylinder head; 3-ring aluminum piston; aluminum alloy connecting rod; heat-treated crankshafts; stainless steel valves; brass retainers. Powered by 110–120-volt, 60-cycle AC single phase capacitor motor. With tank drain valve, air gauge, safety air valve. Air hose and chuck not incl.—order extra below.

WARDS PORTABLE, COMPACT BASE PLATE MODEL AIR COMPRESSORS 39.95 TO 84.50

Easy to move from place to place, wherever electric power is available. Give instant, continuous pressure for tire inflation, spraying, greasing, etc. Pulsation chamber assures even flow of air. Air hose, chuck not included—order extra.

4 DIRECT-DRIVE MODEL. Same ½-HP motor and compressor as on 61 C 9122R above. Variable pressure knob for 30, 40, 60, 80 or 100 lbs. pressure. *Mailable*.
61 C 9117 MO—Ship. wt. 40 lbs.....$84.50

5 61 C 9055 MB—Same compressor unit as on 9117MO above but with belt-drive pulley (motor and belt not included). Use with 110–120-volt, 60-cycle AC motor (⅓ or ½ HP). Variable Pressure Knob as above. Wt. 22 lbs. *Mailable*....$46.50

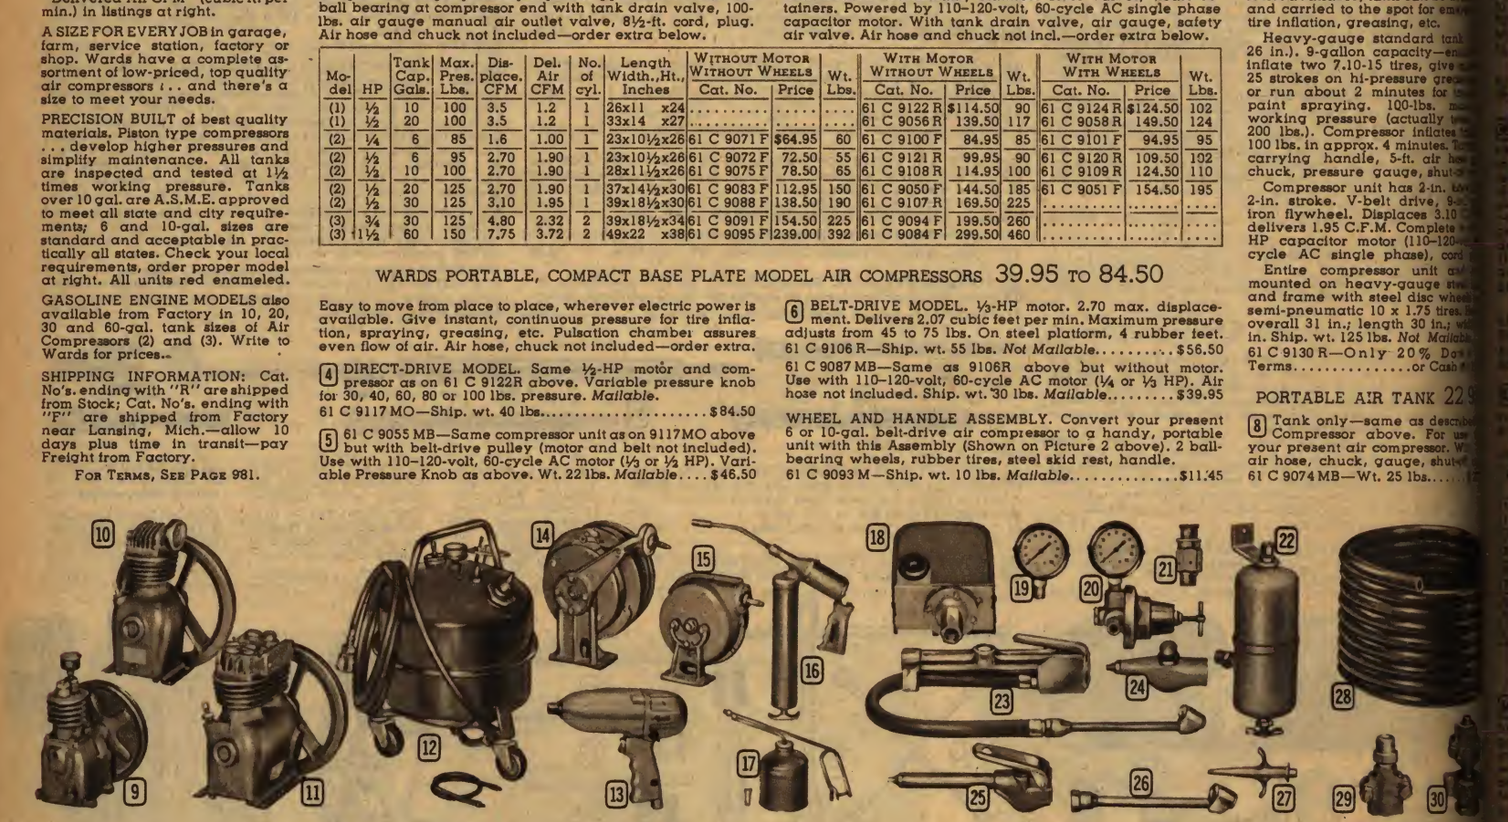
6 BELT-DRIVE MODEL. ⅓-HP motor. 2.70 max. displacement. Delivers 2.07 cubic feet per min. Maximum pressure adjusts from 45 to 75 lbs. On steel platform, 4 rubber feet.
61 C 9106 R—Ship. wt. 55 lbs. *Not Mailable*.....$56.50

61 C 9087 MB—Same as 9106R above but without motor. Use with 110–120-volt, 60-cycle AC motor (¼ or ⅓ HP). Air hose not included. Ship. wt. 30 lbs. *Mailable*.....$39.95

WHEEL AND HANDLE ASSEMBLY. Convert your present 6 or 10-gal. belt-drive air compressor to a handy, portable unit with this Assembly (Shown on Picture 2 above). 2 ball-bearing wheels, rubber tires, steel skid rest, handle.
61 C 9093 M—Ship. wt. 10 lbs. *Mailable*.....$11.45

PORTABLE AIR TANK 22...

8 Tank only—same as describ... Compressor above. For use ... your present air compressor. W... air hose, chuck, gauge, shut-...
61 C 9074 MB—Wt. 25 lbs.....



AIR COMPRESSOR UNITS ONLY—NO TANK, MOTOR OR GAUGES

9 10 11 Same compressor units as on air compressors above. May be adapted to any 1725 RPM single-phase capacitor motor. With 4 bolt holes for mounting. V-belt flywheel (8-in. steel on 61 C 9089M; 10¼-in. cast on others). Shipped from Stock. *Mailable*.

AIR TOOLS, HOSE REELS

12 "ONE-MAN" AUTOMATIC BRAKE BLEEDER. Professional type. Speeds up bleeding, flushing, refilling hydraulic systems. Automatic safety valve and shut-off valve—keeps air out of brake lines. With casters, pressure gauge, high pressure and bleeder hose, fittings for all cars.
61 CP 9465 M—With instructions....$24.95

13 IMPACT WRENCH. Powerful "one tool workshop" for tightening, removing "frozen" nuts, bolts. Also reams, extracts broken screws, etc. Built-in oiler, torque regulator. Fits any air line. Shipped promptly from Chicago Factory—pay postage from there. Wt. 6 lbs.
61 C 9132 K—$19 Down....or Cash $189.00

14 15 RETRACTING HOSE REELS. For air, water, oil, grease. Install on ceiling, wall, floor. Spring actuated—withdraws or retrieves quickly. Ratchet holds hose any length. ¼-in. P.T. fittings on base. Ship. from Factory near Baltimore, Md., allow 2 weeks plus transit time.

(14) 61 C 9064 F—OPEN REEL WITH 25-FT. HOSE. (¼ or ⅜-in. I.D. hose). Size 15 1/16 x 9 13/16 in. wide. *Not Mailable*. Wt. 47 lbs. *State Hose Size wanted*.....$68.00

(15) 61 C 9049 KB—ENCLOSED REEL WITH 12-FT. HOSE. (¼-in. I.D.). Size 11½ x 8⅝ in. *Mailable*. Ship. wt. 22 lbs.....$42.75

16 HIGH PRESSURE GREASE GUN. Develops up to 6,000 lbs. pressure when operated with 75 lbs. air pressure.
61 C 9111—1-lb. Capacity. Wt. 5 lbs.$13.95
61 C 9110—1½-lb. Capacity. Wt. 7 lbs.14.45

17 SPRAYER-CLEANER. Snaps onto air line (fits all chucks). Squeeze-grip control. Nozzle adjusts to spray desired or for use as blow gun only. Heavy steel.
61 C 9119—Ship. wt. 1 lb. 12 oz.....$3.98

SAVE ON WARDS COMPRESSOR ACCESSORIES

18 AUTOMATIC ELECTRIC PRESSURE SWITCH. Cuts out motor at any pre-set maximum pressure; starts it when pressure drops. Instructions.
61 C 9065—Wt. 1 lb. 6 oz...$7.25

19 PRESSURE GAUGE. Steel case; glass dial face. ¼-in. P.T. Ship. wts.: 14 oz. and 1 lb.
61 C 9067—0–80 lbs.....$2.95
61 C 9068—0–200 lbs..... 3.95

20 PRESSURE REGULATOR-GAUGE. Gives control of air-flow from 0 to 100 lbs. pressure. ¼-in. pipe threads.
61 C 9112—Wt. 1 lb. 8 oz..$7.95

21 SAFETY VALVE. Protects against pressure overload. Adjusts for 25 to 200 lbs.
61 C 9066—Wt. 5 oz.....$2.45

22 AIR LINE FILTER. Use between compressor and regulator valve. ¼-in. pipe threads.
61 C 9115—Ship. wt. 2 lbs.$3.95

23 MILTON TIRE GA... Magnifying lens. ... swivel dual-head chuck ... both car, truck tires ... graduations from 10 ... lbs. Replaceable cart... type. Wt. 1 lb. 6 oz.
61 C 9082.....

24 AIR BLOW GUN. T... control valve. ¼-in. ... male pipe thread.
61 C 9080—Wt. 8 oz...

25 LEVER TYPE BL... GUN. Squeeze co... valve. Long nose. ¼-in. ...
61 C 9081—Wt. 4 oz...

26 MILTON DUAL-H... AIR CHUCK. Only ... rect air lines without ... matic inflator gauges.
61 C 9047—Wt. 1 lb...

27 AIR CHUCK NOZ... Press in chuck to ... blow gun. T-shaped.
61 C 9070—Wt. 4 oz...

HEAVY-DUTY MULTI-PURPOSE HOSE AND FITTING...

28 For air, oil, gasoline, grease, undercoating, gases, paints, liquid concrete (stucco), etc. Heavy-duty, flexible. Withstands maximum working pressure of 200 lbs.

Sold in continuous lengths of 10 to 500 ft. *State length.*

61 C 9125 H—½-in. I.D., ⅞-in. O.D. Wt. per ft., 5 oz...Foot 27c
61 C 9126 H—¾-in. I.D., 1⅛-in. O.D. Wt. per ft., 6 oz...Foot 38c

61 C 9046—¾-in. Ma... pling. Wt. 1 lb. 6 oz...

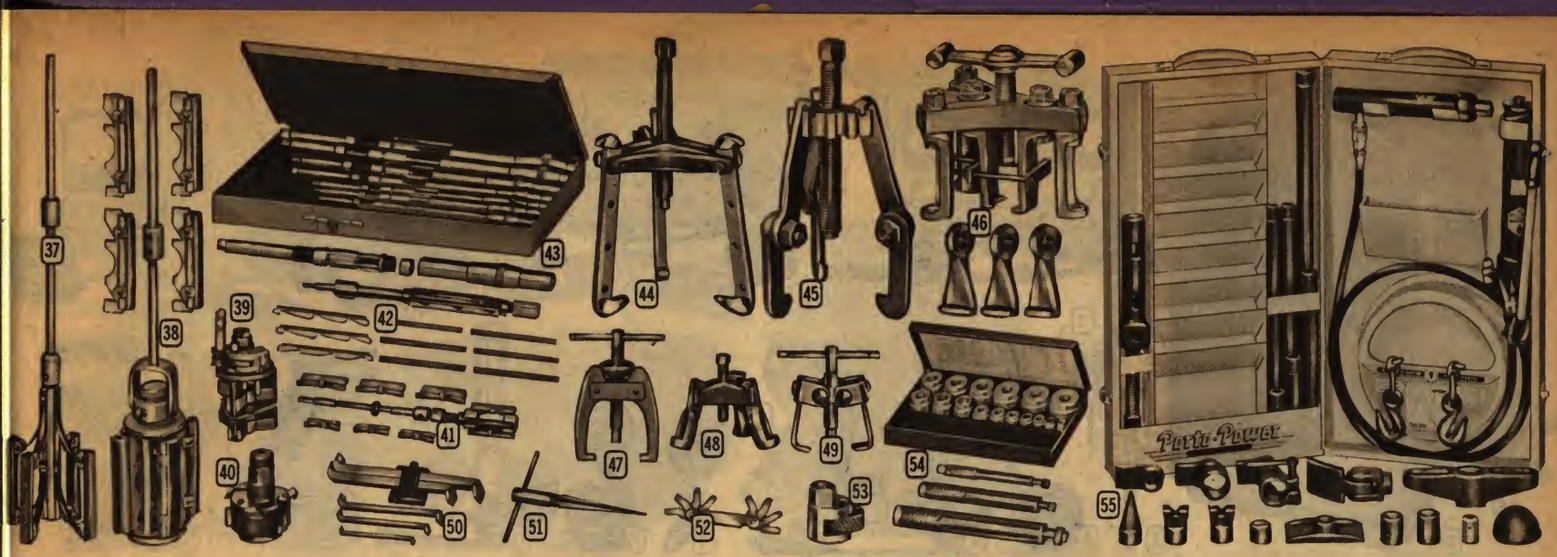
31 AIR HOSE WITH CHUCK, FITTINGS. Heavy reinforced rubber. ¼-in. inside diam. With ¼-in P. T. male and female fittings. Fits any compressor.
61 C 9085—25-ft. Hose. Ship. wt. 4 lbs.....$3.89
61 C 9086—50-ft. Hose. Ship. wt. 8 lbs.....6.75

AIR HOSE BY-THE-FOOT. Same ¼-in. heavy rubber hose as above but without fittings. Sold in any continuous length up to 250 ft. Wt. per ft., 10 oz.
61 C 9040 H—*State length wanted*.....Per Foot 10c

32 AIR HOSE REPAIR KIT. 1 air chuck, hose end, hose mender and 3 clamps.
61 C 9079—Ship. wt. 2 oz.....Kit 79c

33 34 35 QUICK CONNECTOR. Attach coupler to air line and plugs to tools. Gives instant full volume. Shuts off air when unplugged. ¼-in. pipe threads (internal on coupler and female plug; external on male plug).
(33) 61 C 9077—Extra male plug. Ship. wt. 2 oz...23c
(34) 61 C 9078—Extra female plug. Wt. 2 oz.....25c
(35) 61 C 9076—Coupler and male plug. Wt. 5 oz.$1.19

36 AIR HOSE TIRE CHUCK. ¼-in. female P.T.
61 C 9069—Ship. wt. 4 oz.....35c



Professional Service Tools...10% Down on Terms

WARDS CYLINDER SURFACING HONE 8.95; TAPER REAMER 1.19

37 CYLINDER GLAZE BREAKER, SURFACING HONE. Resurfaces, burnishes, removes glaze without oversizing. Use when installing rings and after boring or honing. Removes cylinder glaze in 20 seconds. Use with any ½-in. electric drill. Centers and expands automatically to fit $2\frac{11}{16}$-in. to $4\frac{1}{8}$-in. cylinders. With 2 fine stones, 2 guides, universal action shank, extension, instructions.
61 C 9303—Ship. wt. 2 lbs. 4 oz.... $8.95

EXTRA STONES AND GUIDES
61 C 9304—For above. 2 Stones, 2 Guides. Ship. wt. 8 oz.... $4.19

38 SELF LUBRICATING CYLINDER HONE. Restores cylinders to perfect roundness. For cylinders $2\frac{11}{16}$ in. to $4\frac{1}{8}$ in. Use with any ½-in. electric drill. Removes metal at uniform high speed. Quickly removed to check work. Buffing guides impregnated with dry lubricant—no flying dust. Thumb control knob permits adjustment in cylinder. With drive-shaft, extension, two sets of stones (1 coarse, 1 fine), carriers, buffing guides, instructions. Ship. wt. 9 lbs.
61 C 9300—$4.50 Down..or Cash $44.95

EXTRA STONES AND GUIDES
61 C 9301—2 Coarse Stones and 2 Guides Ship. wt. 14 oz.... $4.19
61 C 9302—2 Fine Stones and 2 Guides. Ship. wt. 14 oz.... $4.19

39 PROFESSIONAL PRECISION RIDGE REAMER. Accurate, self-centering. Operates wholly within cylinder. Removes ridges at any depth. Won't cut too deep. Adjustable diameter scraper and chamfered walls. 3-point contact. Double-edged tool steel cutter—cam adjustment for fast switch to next cyl. Range $2\frac{3}{4}$ in. to 4 in.
61 C 9307—Ship. wt. 2 lbs.... $9.95

EXTRA CUTTER BLADE for 9307 above.
61 C 9308—2 cutting edges. Wt. 1 oz. Ea. 65c

40 SUPER RANGE CYLINDER RIDGE REAMER. Removes ridge on upper cylinder wall. Handles cylinders $2\frac{19}{32}$ to $4\frac{3}{16}$ in.
61 C 9306—Ship. wt. 3 lbs. 4 oz.... $3.98

41 HYDRAULIC BRAKE CYLINDER HONE. Fast, smooth cutting. Rubber impregnated abrasive, fiber blades. For master wheel hydraulic cylinders. Use with ¼-in. electric drill or drill press. With two extra sets of honing stones. Range ¾ to 2 in.
61 C 9375—Ship. wt. 1 lb.... $6.45

42 PISTON PIN HONE. For all jobs of $\frac{47}{64}$ to $1\frac{1}{8}$ in.—steel, cast iron, brass, aluminum, etc. Won't jam or split bushing. Use ¼ or ½-in. hand drill or drill press. Wt. 1 lb. 5 oz.
61 C 9310—Hone with 4 sets of abrasives (2 sets fine and 2 sets coarse).... $10.95
61 C 9311—EXTRA ABRASIVES for 61 C 9310 above. 6 coarse, 6 fine. Ship. wt. 4 oz... $1.85

43 ADJUSTABLE REAMER AND PILOT SET. High grade tool steel. Blades in reamers are placed at proper angle to give a smooth, shearing cut. Retaining collars protect reamer nuts and hold blades firmly. Gives perfect alignment. Ship. wt. 12 lbs.
61 C 9332—First 8 reamers and pilots listed below, in compartmented metal case. $38.95

PULLERS FOR GEARS, BATTERY TERMINALS, ETC.

44 HEAVY-DUTY GEAR PULLERS. For gears, pinions, pulleys, bearings, etc. Drop forged alloy steel, heat treated. Hardened center screw has ⅞-in. hexagon head. Arms 8 in. long overall with 4 length adjustments—maximum reach $6\frac{1}{4}$ in. Cross head 7 in. long with 3 radial adjustments from 3 to 6 in. wide. Hooks offset ½ in. at one end; 1 in. at other. For internal or external pulling. Red enamel body; arms chrome-plated.
61 C 9210—TWO-ARM MODEL. Ship. wt. 5 lbs..... $6.50
61 C 9211—THREE-ARM MODEL. Ship. wt. 7 lbs.... 8.50

45 HEAVY DUTY GEAR AND PINION PULLER. Withstands up to 10-ton pull. Handles most heavy truck and tractor work. Special alloy steel; stressproof pulling screw $9\frac{3}{4}$ in. long. Adapts for 2 or 3-arm use.
61 C 9185—0 to 10 in. Ship. wt. 12 lbs.... $11.45

46 EXTRA-HEAVY DUTY HUB AND GEAR PULLER. Pulls any auto hub including Ford and Mercury cars 1936–55. Adjusts for 5, 6 or 7-studded hubs. Will not bend hub bolts. Also pulls gears, bearings, steering wheels, fan pulleys, discs, drums, etc. Extra-heavy drop forged steel. $1\frac{1}{16}$-in. pulling screw. Tested on pulls over 28,000 lbs. per sq. in. With striking wrench.
61 C 9198M—Ship. wt. 15 lbs. *Malliable*..... $12.95

47 BATTERY TERMINAL AND GEAR PULLERS. Drop forged alloy steel, heat-treated. Fast acting. Beveled lock.
61 C 9212—BATTERY TERMINALS. 0 to 2 in. Ship. wt. 1 lb. $1.39
61 C 9213—GEARS, PINIONS. 0 to 3 in. Wt. 1 lb. 4 oz.... $1.85

48 UNIVERSAL HUB PULLER. For car or truck. 3 pivoting arms—pulls all 5- stud hubs. Mounts on hub for straight, strong pull. Heavy malleable iron. Hardened steel screw ¾-in. head.
61 C 9204M—*Malliable*. Ship. wt. 5 lbs. 4 oz.... $3.59

49 ECONOMY BATTERY TERMINAL PULLER. Cadmium plated cold rolled steel. Fits all terminals. Sliding handle. Ship. wt. 12 oz.
61 C 9205—0 to 2 in..... 98c

SERVICE TOOLS FOR SMALL GASOLINE ENGINE

75 TO 80 Handy tools for doing your own valve and ring jobs on small engines on Lawn Mowers, Power Saws, Motor Scooters, etc. (Briggs & Stratton, Clinton, Lawson, Wisconsin, and others).

(75) 61 C 9255—PISTON RING COMPRESSOR. Range $1\frac{3}{4}$ to 3 in. Ship. wt. 6 oz.... $1.29

(76) 61 C 9256—PISTON GROOVE CUTTER AND CLEANER. Range 2 to 3 in. 5 hardened steel grooving blades, 1 land trimmer. Ship. wt. 1 lb.... $3.98

(77) 61 C 9257—CYLINDER RIDGE REAMER. Range 2 to 3 in. Double-edge tool steel cutter. Self-centering, accurate, can't cut too deep. Wt. 1 lb. 3 oz.... $8.50

(78) 61 C 9242—VALVE LIFTER-SPRING COMPRESSOR. For ⅞-in. springs. Wt. 1 lb.... 2.79

61 C 9259—VALVE SEAT REAMER SET (not pictured). Abrasive Type for 45° seats to $2\frac{1}{8}$ in. With 1 coarse, 1 fine abrasive. Ship. wt. 1 lb. 12 oz.... $7.50

(79) 61 C 9229—VALVE GRINDER. Same as(65) described at right. Ship. wt. 2 lbs.... 2.19

(80) 61 C 9251—MAGNETIC KEY INSERTER. With magnet in jaws. Ship. wt. 1 oz.... 1.19

MISCELLANEOUS TOOLS

50 DOUBLE END OFFSET SCREWDRIVER SET. For limited or hard-to-get-at areas where regular screwdrivers can't be used. Forged of chrome alloy steel, heat treated, chrome plated. $3\frac{9}{16}$ to $6\frac{5}{8}$ in. long. .033 to .070 in. thick (tip). Set of 5 in metal clip.
61 C 9238—Wt. 12 oz.... $2.49

51 TAPER REAMER. Enlarges holes, starts taps, removes burrs in metal, plastic, wood. ⅛ to ½ in. Forged steel.
61 C 9233—Wt. 5 oz.... $1.19

52 THREAD GAUGE. Counts threads on bolts, nuts, screws, pipes and fittings. Range $11\frac{1}{2}$ to 28 threads per inch. Hard, tempered steel.
61 C 9223—Wt. 1 oz.... 39c

53 STUD PULLER. Sets or removes $\frac{5}{16}$ to $\frac{9}{16}$-in. studs without bending. Gripping wheel gives powerful turning action. Releases instantly. Chrome alloy steel. Chrome plated finish.
61 C 9237—Wt. 12 oz.... $3.45

54 UNIVERSAL BUSHING DRIVER SET. For car, truck, tractor. High grade steel. 3 retainer bodies with knurled nuts hold 16 different adapters, $\frac{13}{32}$ to $1\frac{1}{4}$-in. inside, ⅜ to $1\frac{1}{4}$-in. outside diameter. In compartmented steel box.
61 C 9446—Wt. 4 lbs.... $4.75

PORTO-POWER KIT 94.70 TO 174.75

55 4-TON HYDRAULIC JACK KIT. Hydraulic Pump, Ram and attachments to push, pull, lift, press, bend, spread or clamp. Speeds straightening, aligning, jacking, pulling, disassembly. Helps you make hundreds of repairs on cars, trucks, tractors, combines, etc., either in the shop or right in the field. Eliminates need for pry-bars, sledges, torches and dangerous make-shift devices. Ram works in tight areas, yet you operate pump away from work zone . . . means greater safety. Hose-connecting swivel coupler allows ram to be used in any position—on side, upside down, or any angle. Kit consists of:

HYDRAULIC PUMP WITH 6-FT. HIGH PRESSURE HOSE. Easy strokes create up to 8,650 lbs. per sq in. pressure. Controls to fraction of inch.

4-TON RAM. Gets power from hydraulic pump. Ram retracts automatically—no pumping back.

23 ATTACHMENTS. One each 3, 5, 10, 23-in. and two 15-in. Extension Tubes; 2 short Couplers; Spreader Toe; Serrated Saddle; Two 90° "V" Bases; $2\frac{1}{2}$x$4\frac{1}{2}$-in. Flat Base; $2\frac{3}{4}$-in. diam. dome Flex-Head; two 5-foot, ¼-in. diam. chains; chain Plate; adjustable Body Spoon; Wedge-Head; Slip Lock Extension; Spreader Ram Toe; and Adjustable Ram Toe.

61 CN 9611MB—WITHOUT CASE. Wt. 40 lbs... $94.70
61 CN 9610YO—KIT WITH COMPARTMENTED CARRYING CASE. Hangs or stands. Wt. 68 lbs.... $119.90

56 10-TON HYDRAULIC JACK KIT. Like above but for heavier duty work. Develops up to 10,000 lbs. per sq. in. pressure. With 25 attachments. Shipped promptly from Factory in Milwaukee, Wis.
61 CN 9613 F—WITHOUT STAND. Wt. 111 lbs... $156.05
(56) 61 CN 9612 F—KIT WITH WHEELED ANGL-STAND. Ship. wt. 187 lbs.... $174.75

57 10-TON HYDRAULIC PRESS. For 10-Ton Ram above. Bed width 15 in.; clearance ht., $14\frac{1}{2}$ in.

VALVE AND TAPPET TOOLS FOR ADJUSTING AND REPAIRING 35c TO 10.95

58 BENT TAPPET FEELER GAUGE. Hardened tempered steel. 11 blades from .006 to .020. Angled ends for easy manifold clearance.
61 C 9436—Wt. 4 oz.... 98c

59 4-PC. TAPPET WRENCH SET. Thin heads accurately broached with 15° offset openings. Fine quality chrome alloy steel. 2 each $\frac{1}{2}$x$\frac{9}{16}$ in. and $\frac{5}{8}$x$\frac{11}{16}$ in.
61 C 9435—Wt. 1 lb. Set $2.69

60 TAPPET ADJUSTER. For Buick, Nash, Chevrolet and 1952–53 6-cyl. Ford. ⅜ in and ⅝ in. 12-pt. opening at each end; screw driver supported by locking swivel arm. Leaves one hand free to use feeler gauge while other turns screw driver.
61 C 9254—Wt. 12 oz... $1.49

61 OVERHEAD VALVE TAPPET TOOL. For adjusting tappets while motor is running. Spring-in-handle permits blade to follow up-and-down tappet motion. Chrome alloy steel blade, shockproof plastic handle.
61 C 9440—Wt. 4 oz.... $1.40

62 63 THICKNESS GAUGES. Hardened tempered steel. 25 blades, each $3\frac{1}{2}$ in. long, ranging from .0015 to .025. Ship. wt. 5 oz.
(62) 61 C 9222—PROFESSIONAL MODEL. Tapered ends.. $1.65
(63) 61 C 9221—STANDARD MODEL. Rounded ends.. 89c

64 ZIP VALVE GRINDING COMPOUND. Duplex can—coarse and fine watermixed.
61 C 9227—3-oz. Can. Ship. wt. 4 oz.... 35c

65 VALVE GRINDER. Smooth, fast, reciprocating. Long and short self-locking stems, bits, vacuum cup, spring. Ball thrust bearing.
61 C 9229—Ship. wt. 2 lbs.... $2.19

66 VALVE REFACING LATHE. Tungsten carbide insert in steel blade will reface all valves, including Chrome high-heat valves. Can be set for 30° or 45°. Hand crank.
61 C 9226—Ship. wt. 1 lb. 12 oz.... $2.95

67 VALVE SEAT REAMER SET. For all Fords, Plyms. and others with seats to $2\frac{1}{8}$-in. diam. Abrasive type 45°, 4 pilots: $\frac{5}{16}$, ⅜, $\frac{11}{32}$, $\frac{19}{32}$ in. With Ford V-8 bushing, 1 coarse, 1 fine abrasive, and handle.
61 C 9230—Ship. wt. 1 lb. 12 oz.... $1.89

61 C 9240—VALVE SEAT REAMER SET. For Chev. 1935–54. Ship. wt. 1 lb. 8 oz.... $2.98

61 C 9231—EXTRA ABRASIVES: 6 coarse, 6 fine, for reamer sets above. Wt. 3 oz.... 65c

68 VALVE GUIDE EXTRACTOR. For Ford, Mercury V-type engines. Quickly loosens "frozen" guides. 18-in. lever. Drop forged steel. Valve key puller included.
61 C 9219—Ship. wt. 6 lbs.... $10.95

69 VALVE LIFTER-SPRING COMPRESSOR. Easy to operate. Turn left to compress; right to lift. Holds at any point. Jaws open to $2\frac{1}{2}$ in.
61 C 9241—Ship. wt. 1 lb. 8 oz.... $2.29

70 ECONOMY VALVE LIFTER. High grade light-duty Lifter with jaws adapted for use on the majority of all motors. Locks securely in all positions. Durable steel.
61 C 9244—Ship. wt. 12 oz.... 79c

71 OVERHEAD VALVE LIFTER. For valve-in-head motors, Chev., Buick, others. Heavy-gauge steel with heat treated hook.
61 C 9243—Wt. 1 lb.... $1.49

72 HEAVY-DUTY C-TYPE VALVE LIFTER. Throat opening 10x$10\frac{1}{4}$. For overhead, or "L" head valves, all cars ex. Cadillac. Steel frame; adj. jaws for all size springs. 1 straight, 1 offset dual jaw.
61 C 9246—Wt. 8 lbs.... $8.95

73 MAGNETIC KEEPER INSERTER. For Ford V-8 to 1953, other "L" head V-type motors. Alnico jaw magnets hold keepers. No-slip handle.
61 C 9250—Wt. 4 oz.... $1.59

KEEPER INSERTERS for all sizes of split valve keepers.
61 C 9253—MAGNETIC TYPE. Ship. wt. 4 oz.... $1.79
61 C 9252—NON-MAGNETIC TYPE. Ship. wt. 4 oz.... $1.59

74 VALVE GUIDE CLEANERS. Adj. $\frac{5}{16}$ to $\frac{7}{16}$-in. inside diam. 5 blades.
61 C 9235—With straight shaft. Wt. 4 oz.... $1.69
61 C 9236—Flexible shaft for difficult areas. Wt. 4 oz.. $2.19

Professional Testing Equipment

WARDS BEST AUTO TESTING KIT 22.95

[3] TO [8] COMPLETE KIT. Professional quality. Includes tools (3) (4) (5) (6) (7) and compartmented steel box (8) below. Triple chrome plated. Each tool with instructions. Total value $24.78 when sold individually. Ship. wt. 7 lbs.

61 C 9024—$2.50 Down.....or Cash $22.95

(3) PISTOL-GRIP COMPRESSION TESTER. Shows if new rings and valves needed. Full 0 to 200-lb. gauge with 2⅛-in. dial. Stores 2 extra rubber cones in handle (2 cones, valves included). Nozzle shank rotates in handle to easily take readings in any car.

61 C 9020—Fits all plug holes. Wt. 1 lb. 8 oz.....$6.95

(4) COMPRESSION TESTER ADAPTER. Necessary for recessed or "hard to get at" spark plug holes. Wt. 10 oz.

61 C 9021—Approx. 6⅞ in. long.....$2.29

(5) VACUUM AND FUEL PUMP TESTER. Large 3½-in. dial. Reads up to 30-in. vacuum or 7 lbs. pressure. Use when setting carburetor or testing fuel pump. Checks condition of valves, springs, muffler, etc. 4-ft. hose.

61 C 9022—Instructions. Ship. wt. 1 lb. 4 oz.....$5.95

(6) NEON TIMING LIGHT. Tests, sets timing under operating conditions. Connect to spark plug, spark plug wire. Neon tube, leads easily replaced. Case, bulb, high-tension wire leads, insulated snap-on clips.

61 C 9031—6 or 12 volts. Wt. 1 lb. 4 oz.....$3.95

61 C 9030—NEON TIMING LIGHT REPAIR KIT. Includes bulb unit, lens and contact springs. Wt. 2 oz. $1.39

(7) AUXILIARY STARTER BUTTON. Lets you start car without getting in. Turns over motor to align inspection and drain plug holes in automatic transmissions.

61 C 9023—Insulated clips, leads. Wt. 8 oz.....$2.19

(8) STEEL 3-COMPARTMENT BOX. (No tools). Hammerloid finish steel. Size: 14½x8½x2½ in. Carrying handle.

61 C 9019—2 Snap locks. Ship. wt. 2 lbs.....$3.45

WARDS ECONOMY TESTING KIT 14.50

[9] TO [12] Standard quality. With Timing Light, (6), Steel Box (8) listed above and Testers (9), (10) below. Accurate tools for mechanic, farmer, car owner. $15.10 value when sold individually.

61 C 9015—Wt. 6 lbs. 4 oz.....Complete Kit $14.50

(9) COMPRESSION TESTER. 2⅝-in. dial. 0 to 200-lb. gauge. Rubber cone with release valve. Angled shank.

61 C 9026—Fits all plug holes. Wt. 1 lb. 2 oz.....$3.95

(10) VACUUM AND FUEL PUMP TESTER. 2½-in. gauge reads up to 30-in. vacuum, 7 lbs. pressure. Use when setting carburetor, testing fuel pump. 4-ft. hose.

61 C 9025—Instructions. Ship. wt. 1 lb. 8 oz.....$3.75

MONTHLY PAYMENT PLAN. When cash is not convenient and you wish to buy Professional Testing Equipment, you may find it helpful to use Wards Monthly Payment Plan to purchase these items. 10% Down must accompany your order. See Inside Back Cover for details.

PROFESSIONAL QUALITY AUTO TESTERS

[13] VOLTAGE REGULATOR TESTER. Professional Quality ate, simple. For 6 and 12 volts. Assures proper testing tors regardless of state of battery charge. Measures volt circuits, checks voltage at different points in system, generator output, checks current draw. Finest meters for rapid readings. Ammeter range 0 to 60 amps. DC. scales 0 to 5, 0 to 10, 0 to 25 volts DC. Metal case wit 3½x8x12 in. Instructions and trouble shooting chart.

61 CP 9029 L—*Postpaid.* Only $4 Down.....or Cas

[14] AMP-VOLT-OHM REGULATOR TESTER. Professional Accurate, quick and simple. Set the switch, connect read the meter. Tests all electrical instruments found on the automobile. Locates shorts or broken wires. Tests gener regulator on or off the car. Tests both 6 and 12 volt syste

Attractive, easy to read 2 color dial for quick, accurat Calibrated; 0 to 50,000 Ohms; 0 to 1 6/10 Volts; 0 to 8 Vo Volts; 0 to 80 Volt Amperes. Will make any test req Meter, Ohm Meter or Ammeter within its range. Mee quirements of the most modern shop. Comes complete w easy-to-follow instructions. Ship. wt. 7 lbs.

61 C 9001L—Only $3.00 Down on Terms.....or Ca

[15] MOTOR TESTER. Professional Quality. Test engine sion, fuel pump, vacuum pump, ignition system, spark a few minutes. 2-in. fuel pump vacuum gauge measures vacuum, 7-lbs. pressure. Adjustable spark gap with neo in. leads, including ground—means no shocks. Complete necessary fittings and instructions.

61 C 9041—Ship. wt. 4 lbs.....

[16] PORTABLE EXHAUST ANALYZER. Professional Qua combustion, adjusts carburetor, locates carburetor tro speeds. 12-ft. rubber hose, tail pipe adapter, instructions. No. 6 Dry Cells (not included). Ship. wt. 5 lbs.

61 C 9028 L—Only $5 Down.....or Ca

[17] POWER TIMING LIGHT. Operates on any 110–120-vo let—insures maximum light output regardless of co auto battery. Delivers a tremendous shot of energy proc sharp, very brilliant white light—brilliant even in direct No vibrator or moving parts to wear out. Greatly simplifies testing and setting timing. Synchronized flashes illumi wheel—timing marks appear extra clear and sharp.

Rugged, molded plastic case with pistol-grip handle. flash and compact design enables operator to reach rela accessible timing marks. Operates on 6, 12, 24-volt magneto systems. With instructions.

61 C 9032—Ship. wt. 2 lbs.....

[18] STARTER CURRENT INDICATOR. Designed to show mate current drawn by the starter without removin cable. No connections to make . . . simply hold V-shaped (on back) over starter cable while starter is cranking the 3-color dial calibrated 400-0-400 and zoned in green (no red (high). Indicates worn bushings, dragging armatu shaft, etc. Comes complete with instructions.

61 C 9037—Ship. wt. 8 oz.....

[19] WARDS SPARK PLUG ANALYZER. Sensitive—dete smallest electrical leaks. Neon tube shows plug condi ber-insulated clips, cords. With instructions.

61 C 9035—Ship. wt. 6 oz.....

HOSE CLAMP KITS

[20] HOSE CLAMPS. 50 one-piece spring steel self-tightening clamps. Easy on, easy off—time saving. Kit: 10 each for ⅜, 1¼, 1½-in. hose; 20 for 1¾-in. Pliers below must be used to install these clamps.

61 C 9475—Ship. wt. 3 lbs. Pkg. of 50.....$3.79

[21] HOSE CLAMP PLIERS. For installing, removing self-tightening clamps. Swivel jaws, slim shape permits use in tight places, any position. All-steel. 8⅛ in. long.

61 C 9476—Shipping wt. 6 oz.....$1.98

RADIATOR HOSE KITS, HOSE, CLAMPS, AND PLIERS

[22] [23] CURVED RADIATOR HOSE KITS. Everything you need to renew your radiator hose system completely—upper hose, lower hose, clamps. Tough, durable 3-ply rubber and fabric hose, moulded in proper shape and diameter for cars listed below. Adjustable clamps are heavy, rust-resisting steel.

Hose for Chevrolet 1935–41 replaces metal elbows and short hose. V-8 engine kits consist of two sets as pictured in (23) above. Av. wt. Fords 4 lbs.; other cars 2 lbs. 8 oz.

REBUILT LIKE NEW 6.95 Exch., for Chev. 1941-48

40 Why pay New-Carburetor prices? Install a Ward Rebuilt . . . they're all Original Equipment Carburetors . . . not merely repaired or reconditioned, but actually re-manufactured to perform like new. Completely disassembled, chemically cleaned and rinsed in 14 different solutions and treated with a special rust-resistant chemical . . . and all these parts new: (1) Low Speed Jets; (2) High Speed Jets; (3) Accelerator Pump Assembly; (4) Power or Pump Jet; (5) Idle Adjusting Needles; (6) Needle Valve and Seat; (7) Carburetor Float; (8) Throttle Adjusting Screw; (9) All Gaskets; (10) Any Other Part not passing inspection.

How To Order Wards Rebuilt Carburetors: *State Make, Year, Model, Type of Transmission, No. of Cyls. only* when Catalog Numbers end in "K"; also where two carburetors are used specify front or rear. Those ending in "K" shipped in about 15 days from Factory in Detroit, Mich.—allow transit time; others shipped from Stock. Pay postage from shipping point. Av. ship. wt. 8 lbs.

Generous Allowance For Your Old Carburetor

Two Ways to Order: (1) For "Exchange" price. Send old carburetor *Postpaid*. Attach exchange price and postage for carburetor you want. (2) for "Full" price. Send price, plus postage. We send carburetor and coupon, which you cash when old carburetor is returned to a Ward Mail Order House. See Page 972. Carburetors returned for exchange credit must be original equipment type. Body castings and controls must not be broken.

Dual Exhaust Shop

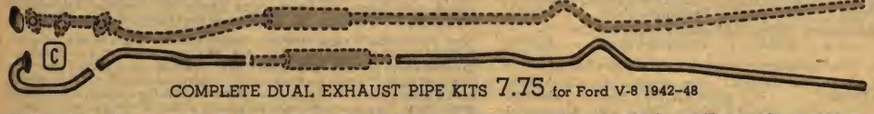
High Compression Power Shop

SAVE MONEY WITH WARDS LOW COST COMPLETE DUAL EXHAUST SYSTEMS

C TO H Dual exhaust and header kits (A) do away with cross over design (B)—offer you 10% greater engine efficiency, higher horsepower, increased mileage, better idling, easier starting, smoother performance. Conventional cross over design (B) tends to build up back pressure—chokes off horsepower. Dual exhaust and headers (A) give 2 separate and direct exhaust systems with pressure-free double exhaust flow—eliminating back pressure. Best Quality Cast-Iron Headers (E) (F) (G) will not burn out, offer better heat control than Steel Headers and are cast in one piece—no welds to break.

HOW TO ORDER: *State Make, Year, Mod., type of trans., if for Power Brakes, Steering* (Will not fit Sta. Wag.). Nos. ending in *"F" Not Mail.*, ship. in about 10 days from Chicago Fact., allow transit time. Others *Mailable* from Stock.

KITS COMPLETE ex. for mufflers—nothing more to buy. Use "Stock" (original type) or "Hollywood" mufflers — order separately Pages 920 and 921.



COMPLETE DUAL EXHAUST PIPE KITS 7.75 for Ford V-8 1942–48

C New left exhaust pipe, tail pipe, clamps, crossover seal, gaskets—complete, except for muffler—nothing more to buy. See "How To Order" above. Av. wt. 16 lbs. Will not fit Sta. Wag. No. ending in *"F"—Not Mail.*, *"YO"—Mail.*

12 PROFESSIONAL CUTTING-FLARING KIT. Modern precision tools. Accurate, easy to use, fast, efficient. Consists of: (A) Flaring Tool gives smooth, uniform single or double flaring—adjusts quickly to correct size tubing (3/16 in., 1/4, 5/16, 3/8, 1/2 or 5/8 in.). (B) Effortless cutting Tool for fast, clean, cuts on 1/8–1 1/4 in. O.D. tubing; (C) Height Gauge and Double Flare Plate (3/16, 1/4, 5/16, 3/8, 1/2 in.) assures precise double-flaring. In compartmented steel box.

61 C 9449—Ship. wt. 4 lbs..... $17.50

13 STANDARD POCKET-SIZE TUBE CUTTER. Cuts 1/8 to 1-in. Bundyflex, copper, thinwall tubing. Steel cutter. Retract. reamer.

61 C 9450—Ship. wt. 8 oz..... $1.98

14 STANDARD TUBE FLARI Heavy duty die for lastin openings threaded for na Strong, drop-forged yoke w cone for fast, true flaring. sizes with outside diam. of 1/2, 3/8 and 3/4 in.

61 C 9445—Ship. wt. 1 lb. 8

15 BRASS FITTING ASSO Contains about 100 1/4 diameter pieces—6 S.A.E. Automotive Engineers) flar nuts, 4 solderless compression solderless compression nuts reducing unions. 4 male con S.A.E. flared nuts for Ford compression bushings, 4 tu assorted compression sleeve ings.

61 C 1806—Ship. wt. 4 lbs.

MUFFLERS FOR CARS, TRUCKS . . . SUPREME 4.09 OR ECONOMY 3.59 . . . For Chev. 1941-48

16 WARDS SUPREME MUFFLERS. Check your car or truck muffler. A restricted muffler can waste gasoline (about 1 gallon in 6), cause excessive loss of horsepower (up to 20 HP).. A leaky muffler can let deadly carbon monoxide gas into your car or truck. Don't take chances with dangerous leaks—replace your old muffler now with a Wards Supreme Steel Muffler, equal to or better than original equipment. Clamps not included—order at right below.

All mufflers listed below are *Mallable* except those with suffix "R" after Cat. No. which are shipped by Freight, Truck or Express.

WARDS SUPREME MUFFLERS KEEP PACE WITH CAR PROGRESS

High compression, increased power engines in today's modern cars require modern mufflers, designed to handle modern engine requirements. Wards constant muffler improvements keep pace with these increased power needs. Muffler "wrap" differences is as follows:

1-WRAP TYPE. Single shell—standard replacement type.

2-WRAP TYPE. Continuous double-wrap steel shells provide the additional sound dampening required for quiet performance.

4-WRAP TYPE. Four shells—continuous double-wrap inner steel shells, encased in a layer of sheet asbestos, protected by a fourth outer shell of steel. Necessary for new high compression engines to achieve complete sound deadening performance. Designed for balanced heat distribution to evaporate condensation and aid in eliminating inside corrosion.

SUPREME MUFFLER FEATURES

(A) LARGE, FULL-LENGTH TUBES, engineered for fast exhaust flow, effective silencing and minimum back pressure.

(B) TUBES, SUPPORTS, SHELLS ELECTRONICALLY WELDED—won't loosen and rattle.

(C) HEAVY-DUTY OUTER SHELLS for extra strength and service; inlet and outlet pipes extra heavy 18-gauge steel.

(D) LEAKPROOF—made of heavy 18-gauge steel—interlocking connections.

DOUBLE LOCKED OR FULL-WELDED SEAMS.

WARDS ECONOMY MUFFLERS

(Not shown). Same high quality materials as in higher priced mufflers, but slightly lighter weight. Give excellent service for their price. Same large, full-length tubes as original equipment. Electrically welded tube supports. Full welded double locked seams prevent dangerous leakage. All are single wrap mufflers. *Mallable*.

61 C 4164—For Chrysler 1935-54 2-in. (Front). Ship. wt. 8 oz. 55c
61 C 4167—For Buick 1937-53 All (Front). Ship. wt. 5 oz. 49c
61 C 4168—For Buick 1937-53 All (Rear). Ship. wt. 2 oz. 29c

25 UNIVERSAL TAIL PIPE HANGER. Adjustable for length and position. Riveted strap, clamp. Rubber vibration insulator. Fits pipes 1½ to 2-in. inside diameter.
61 C 4171—Ship. wt. 8 oz. . . . . Each 49c

26 MUFFLER HANGER. Fits all 5 and 6-in. diameter mufflers.
61 C 4162—Ship. wt. 1 lb. . . . . Each 35c

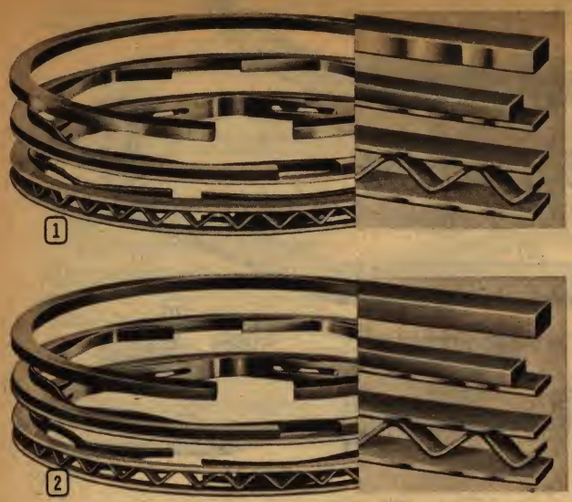
27 TAIL PIPE REPAIR EXTENSION. Replace rusted or damaged tail pipe ends and save the cost of entire new pipe. 18 in. long. Fits round tail pipes with outside diam. as listed in table—order same inside diam. as tail pipe clamp in table on Pg. 920. For others measure old pipe and order that diam. Chev. oval listing below. Clamp included.

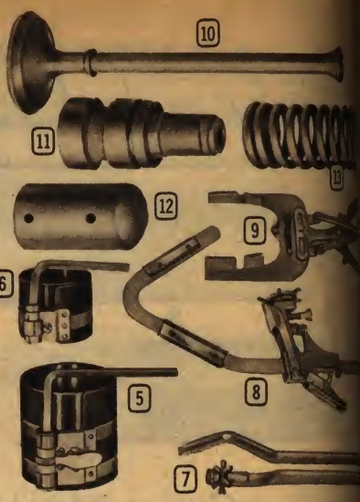
Cat. No.	Inside Diam.	Ea.	Wt.
61 C 4185	1½ inches	79c	1½ lbs.
61 C 4186	1⅝ inches	79c	1½ lbs.
61 C 4187	1¾ inches	79c	1½ lbs.
61 C 4190	2 inches	79c	1½ lbs.

61 C 4188—For Chev. 1950-52 Powerglide (ex. Convert.). Oval like original 22 in. long. Wt. 1 lb. 8 oz. 79c

28 MUFFLER SEAL. Use as a permanent gas-tight joint seal when installing a new muffler or tail pipe. Also seals cracks and holes in exhaust system—use like putty. Dries hard—withstands high temperatures and gas pressure. Made in England. 8 oz. can.
61 C 4184—Ship. wt. 12 oz. $1.19

29 STEEL MUFFLER REMOVAL TOOL. Slashes muffler, pipe or clamp for fast, easy removal. Curved offset head, sharp T-shaped blades. Ship. wt. 8 oz.
61 C 9275—7½ in. long 89c





Save Gas, Oil, Restore Power to Your Car or Truck

NEW RIVERSIDE SUPER-CHROMOIL LONG-LIFE RING SETS

Set 6.98 for Chev. 1937–53

(1) Ward's latest and best Piston-Ring installation. 2 to 4 times longer life is assured because this is a *full-chrome* ring set. The top compression ring, the steel rails of the second compression ring and the steel rails of the oil ring are *Chrome Plated*. Chromed top rings preseated at factory assure quick run-in and are ready to work immediately.

SUPER-CHROMOIL SETS are precision-engineered for highest economy in oil, fuel and for maximum power in post-war high-compression, high-temperature engines, whether worn, rehoned, resleeved or rebored. Restore satisfactory performance in cylinders with as much as .025 taper wear. Highest quality materials, finest workmanship, most modern designs, corresponding with nationally-known sets costing much more.

SUPER-CHROMOIL SETS consist of the following:

TOP GROOVE—Cast-Alloy-Iron Compression ring. Solid Chrome plating on face, preseated. Torsional twist by groove in upper inside edge for more positive seals at both cylinder wall and piston-groove sides.

2ND GROOVE—Combination cast-iron ring, chrome plated steel rail, steel-expander for extra flexibility in stopping oil waste.

3RD GROOVE—A 4-piece unbreakable, all-steel, flexible oil-control ring of greater conformability. Steel rails are chrome plated. Spacer, expander permit far greater drainage. (For 4-ring pistons, Ward's Sets include a wide-slot channeled oil ring for extra groove.)

FACTS ABOUT PISTON RINGS AND WHEN TO REPLACE THEM

Wards offer three types of Riverside rings—also nationally known Pedrick rings—all made by a manufacturer of original equipment rings. Each set is designed for varying degrees of cylinder wear. Order ring sets from this page if you are re-using your current pistons. If ordering new Pistons, order matching ring set from facing page.

Wards Chromoil Sets (1) (2) and Pedrick FormFlex Sets (4), are recommended for taper up to .025. Flexible-Expander Sets (3) are only for new or rebored engines worn no more than .005 taper. If wear from taper is more than .025, cylinders need to be rebored, resleeved or rehoned.

WHEN TO REPLACE PISTON RINGS. If your car uses excess quantities of oil, is sluggish on the pick-up and wastes fuel because of poor compression, or shows a dark smoky exhaust, you probably need new rings. An engine check-up, or the use of a compression tester (see Page 916) will tell you when you need new rings. Other tools on Page 915.

HOW TO ORDER PISTON RING SETS

Measure cylinder at top (under ridge) and at bottom, with inside micrometer. Difference is cylinder wall taper showing ring set to order.

BE SURE TO STATE SIZE WANTED. "Standard" means new-car cylinder diameter. Always order "Standard" if cylinders have not been rebored, regardless of car mileage or age. "Standard" fits Standard to .019 oversize. If cylinders have been honed, resleeved or rebored, and oversize pistons are installed, or if motor has been rebuilt, determine actual oversize. Check pistons for number and type of rings required.

SHIPPING INFORMATION ON PISTON RINGS. Cat. Nos. not ending in "K" shipped from Stock in Standard (fits Std. to .019); .020 oversize (fits .020 to .029); .030 oversize (fits .030 to .039); .040 oversize (fits .040 to .059). Cat. Nos. ending in "K" and .060 oversize (fits .060 to .079) shipped from Factory in Philadelphia—allow Factory 2 to 10 days plus time in transit. Pay postage from there. Oversize sets for Ford A—AA also in .080 and .100 oversize from Philadelphia Factory.

TIME-SAVING PISTON RING TOOLS 98c Economy Compressor

(5) PROFESSIONAL QUALITY RING COMPRESSOR. Covers all rings at one time (including skirt rings) for fast, safer insertion. Double bands of best quality spring steel. Depth 3½ in. Self-locking pawl. Allen wrench.
61 C 9404—For rings 2⅛ to 5-in. diam. Ship. wt. 1 lb. $1.75

(6) ECONOMY RING COMPRESSOR. Handles 4 rings. Allen wrench.
61 C 9400—Fits rings to 4½ in. in diameter. Ship. wt. 9 oz. 98c

(7) PISTON GROOVE CLEANER. Knurled thumbscrew for quick resetting. 5 blade hardened steel cutter. No wrench necessary.
61 C 9403—For all pistons 2.6-in. to 5.5 in. diam. Ship. wt. 12 oz. $1.35

(8) PISTON GROOVE CUTTER AND CLEANER. Depth of cut regulated by knurled screw. Hardened tool steel blade—5 sizes of cutters for grooving, one for trimming lands. Cold rolled steel frame.
61 C 9405—For pistons 2.6-in. to 5-in. diam. Shipping wt. 1 lb. $3.15

(9) PISTON RING EXPANDER TOOL. Remove, or replace, piston rings without damage to rings or pistons. With instructions.
61 C 9443—For rings 2¾ to 4¼-in. diam. Ship. wt. 10 oz. $1.19

CHROMOIL RING SETS

Set 5.69 for Chev. 1937–53

(2) For worn, rehoned, resleeved or rebored engines. A top-quality ring installation with the same engineering features and performance efficiency as Ward's Super-Chromoil Sets, but without Chrome plating on top compression ring for lower first cost. Complete instructions included for proper installation.

Available in Standard or .020, .030, .040, or .060 oversize. *Please state size wanted.* See "Facts about Piston Rings", "How to Order" and "Shipping Information" at left, below.

Ring make-up is the same as the Super-Chromoil sets.

RIVERSIDE FLEXIBLE EXPANDER SETS

Set 3.29 for Chev. 1937–53

(3) For cylinders tapered up to .005; also for resleeved, rehoned or rebored installations. Designed for fast seating that gives satisfactory performance but without the long life, flexibility of Super Chromoil or Chromoil Sets at left. Engineered for each piston of each car model. See "Facts About Piston Rings" below at left.

AVAILABLE IN STANDARD OR .020, .030, .040, and .060 oversizes. *State size.* See "How to Order" and "Shipping Information" below at left. Set consists of following rings for all pistons in motor: TOP RING AND SECOND RING Silicoated cast iron of modern design for fastest seating without scuffing and with positive 3-point sealing.

OIL RING EXPANDER type for better oil economy and blow-by control. Provides flexible installation to compensate for any irregularities which might occur in boring or after.

For 4-ring pistons, Wards ring sets include an extra Oil Ring for the extra ring groove.

WARDS REPLACEMENT ENGINE VALVES 39c, 50c, GUIDES 22c; TAPPETS 65c; SPRING SETS 2.25 ... For Chev. 1941-47

(10) INTAKE AND EXHAUST VALVES. Duplicate original perfectly. Intake Valves Best Quality S.A.E. heat-treated, ground, polished alloy steel. Resist heat, acids. Exhaust Valves Best Quality. S.A.E. heat-treated, corrosion-resistant special alloy steel to withstand more heat than motor can produce to insure long life. Ship. wt. each, 4 oz.

(11) VALVE GUIDES. Worn guides mean noisy, wasteful valve action. Install new guides when you replace valves. Finest cast alloy iron. Duplicate original equipment perfectly. Ship. wt. each 4 oz.

(12) VALVE TAPPETS. Accurate replacements. Special heat-resisting alloy steel. For quieter engine, more power, replace tappets when you install new valves. Av. ship. wt. each 4 oz.

(13) VALVE SPRINGS. Heat-treated spring steel—stand intense heat. Inner and outer springs for Buick, Ford and Chevrolet springs also fit trucks. Sold in sets only. Ship. wt. set, 2 lbs.

FOR OTHER TOOLS that will make repair jobs easier see Garage Equipment on Pages 913–916; Jacks on Pages 912–913; and Brake Tools on Page 930. You'll find a tool for most every need at Wards ...and at low prices.

Rebuild Now With Wards Perfect-Fit Engine Parts

REBUILT CRANKSHAFT-CONNECTING ROD ASSEMBLIES

For Plym. 1934-54 **34.95** Exchange Price

14 Rebuilt Crankshafts, complete with rods, replace original perfectly. Precision-tested for alignment. Reground to a standard undersize (never exceeding .030) on all connecting rod, main bearing surfaces. Connecting rods aligned, accurately checked. Matched into balanced sets with new insert bearings, top bushings where used. New main bearings. New clutch pilot bearing or bushing in end of shaft.

LIBERAL TRADE-IN ALLOWANCE FOR OLD ASSEMBLY

Your old assembly must be complete with rods and suitable for rebuilding. If old crankshaft can be reground to .030 undersize and if rods can be rebuilt then *your old assembly can be accepted for exchange.*

HOW TO ORDER REBUILT CRANKSHAFT ASSEMBLIES

State Make, Year, Model of Car or Truck; also type of transmission. Send full cash price. We ship Assembly by Freight or Express. Return old assembly (with rods) later *Freight Prepaid* to nearest Wards House for credit.

SHIPPING INFORMATION. Crankshaft Assemblies are *Not Mailable.* All numbers ending in "F" are shipped promptly from Factory in Chicago—pay charges from shipping point.

REPLACEMENT AND SPECIAL TYPE PISTONS

With Pins **1.59** Each, For Ford V-8 1939-48

17 REGULAR REPLACEMENT PISTONS WITH PINS. Perfect replacements of original. Made by one of America's foremost manufacturers. Heat-treated, precision machined. Made of special analysis, low expansion virgin aluminum. Six-ton tensile strength tested.

Ring grooves are cut to exact width and depth to avoid strain or fracture of ring lands Finished on precision cam grinder. Piston pin hole is diamond bored for noiseless operation and perfect fit. Pins are special analysis heat treated steel, precision ground and lapped.

18 SPECIAL IMPROVED 4-RING PISTONS FOR FORD, MERCURY. Marked (*) in table at right. One more ring than original equipment for improved oil control—stops oil pumping, adds power, saves oil. Aluminum alloy reinforced construction for heavy duty.

HOW TO ORDER PISTONS. State number of pistons, Standard or an Oversize. (See below).

Take exact micrometer measurement of cylinder hole at bottom of bore. When reboring or rehoning always rebore or rehone to the next regular oversize; order pistons of the same rebored or rehoned oversize.

All pistons listed below are furnished in Std. Size, .005, .020, .030, .040, .060 oversizes and semi finished. Catalog Numbers not ending in "K" shipped from Stock in "Standard" .005, .020, .030, .040 and .060 oversizes. Other "Standard" and all other pistons shipped from St. Louis Factory—allow 2 to 10 days extra.

Av. ship. wt. each piston 2 lbs.

FLEXIBLE EXPANDER RING SETS (not Pictured). Same as described on opposite page (see 3). See "Important Piston Notice" below.

HOW TO ORDER RING SETS. State whether you need "Standard" size or an Oversize. See "How to Order" etc. at left on opposite page.

Av. shipping weight set, 2 lbs.

IMPORTANT PISTON NOTICE. If ordering new pistons, order only matching Flexible Expander Sets listed in table below. Other types of rings listed on opposite page should not be used.

MATCHING PISTON RING SETS

Set **4.29** For Ford V-8 1939-48

RING SETS (Not Pictured). Standard size "selected" rings that are completely rebuilt. Chemically cleaned, then "knurled" on inside and outside of skirt to restore original new-car diameter. Piston pin holes are precision reamed and fitted with new oversize piston pins to new-car factory tolerances.

NEW WARDS CHROMEOIL PISTON RINGS. (described on Pg. 922) . . . the new type rings with chrome plated rails that last 2 to 4 times longer than ordinary rings. Assembled and fitted on piston.

CONNECTING RODS. Selected, chemically cleaned and rebuilt to give new-car performance. Aligned and balanced same as for best rebuilt motors. Rods are reamed and fitted with new piston pin bushings. Bushings are also reamed to correct tolerance for perfect fit on pin—then rod is accurately fitted to pin. Bearing section of rods in kits for Chevrolets is rebabbitted and broached to standard size. In kits for other cars this section is honed for like-new appearance ready for re-using your old insert bearings. (For best results in these cars we recommend you also install new .002 undersize Connecting Rod Insert Bearings listed below). Ship. wts.: 6 cyl. sets, 24 lbs.; 8 cyl. sets, 32 lbs.

Fit Only These Cars	Cat. No.	Price
CHEVROLET 6-Cyl. 1942-47 3½" Bore	61C986MB	$29.95
1948-53 3½" Bore	61C987MB	34.95
1948-53 3⁹⁄₁₆" Bore	61C988MB	34.95
DODGE 6, 1942-54	61C989MB	36.95
FORD V-8 and Mercury 1942-48 3¾⁄₁₆" Bore	61C990MB	39.95
1949-53 3¾⁄₁₆" Bore	61C991MB	42.95
PLYMOUTH 6, 1942-55	61C992MB	32.95

MATCHED PISTON-RING-ROD KITS

6-Cyl. Kit **29.95** for Chev. 1942-47

19 DO-IT-YOURSELF ENGINE-OVERHAUL KITS that most anyone can install. Consist of Pistons, Pins, Rings and Rods already *assembled into complete matched units,* ready to drop into cylinders. All the technical, time-consuming work of fitting, adjusting for tolerances and assembling is done for you . . . by factory experts using precision equipment. Just remove head and oil pan—take out old piston and rod assemblies and replace with Wards Matched Piston-Ring-Rod Assemblies.

SEE WHAT YOU SAVE. In addition to saving labor charges by doing the job yourself, Wards Matched Kits offer a further big saving on the parts. The parts in these Kits, if replaced with new Wards parts on these pages would cost you about one third more than the "Kit" prices shown in listings below . . . and if you paid car makers replacement prices the cost would be much greater.

HERE'S WHAT YOU GET:

ORIGINAL EQUIPMENT PISTONS. Standard size "selected" pistons that are completely rebuilt. Chemically cleaned, then "knurled" on inside and outside of skirt to restore original new-car diameter. Piston pin holes are precision reamed and fitted with new oversize piston pins to new-car factory tolerances.

NEW WARDS CHROMEOIL PISTON RINGS. (described on Pg. 922) . . . the new type rings with chrome plated rails that last 2 to 4 times longer than ordinary rings. Assembled and fitted on piston.

CONNECTING RODS. Selected, chemically cleaned and rebuilt to give new-car performance. Aligned and balanced same as for best rebuilt motors. Rods are reamed and fitted with new piston pin bushings. Bushings are also reamed to correct tolerance for perfect fit on pin—then rod is accurately fitted to pin. Bearing section of rods in kits for Chevrolets is rebabbitted and broached to standard size. In kits for other cars this section is honed for like-new appearance ready for re-using your old insert bearings. (For best results in these cars we recommend you also install new .002 undersize Connecting Rod Insert Bearings listed below). Ship. wts.: 6 cyl. sets, 24 lbs.; 8 cyl. sets, 32 lbs.

Wards Rebuilt Motors With New-Car Guarantee

WHICH SHALL I BUY . . . A USED CAR, AN OVERHAUL OR A WARD REBUILT MOTOR?

A USED CAR IS A GAMBLE . . . it may have had a cheap overhaul—or none at all. You know the car you now own—you know the care you have given it. If the body and chassis are good, you can get more years of service from it by installing a Ward rebuilt motor—the rebuilt motor with a "new-car" guarantee.

A USED CAR DEPRECIATES RAPIDLY. In less than one year, the depreciation will equal or exceed the price of a rebuilt motor . . . not to mention any repair bills you'll most likely have to pay.

AN OVERHAUL WON'T DO THE JOB . . . a few piston rings and reground valves can't put a worn motor into "top" condition—it takes a re-manufactured motor. In some cases, Wards install up to 112 new parts, not counting cap screws, cotter pins and nuts.

A WARD MOTOR IS COMPLETELY RE-MANUFACTURED . . . from the pan up, with all of the new parts as listed below.

REBUILDING FEATURES OF WARD REBUILT MOTORS

(A) COMPLETELY DISMANTLED. Every bolt, stud and plug removed. All worn parts are junked. All other parts cleaned and re-sized to original specifications and tolerances.

(B) NEW PISTONS, complete with the finest specially coated New Piston Rings and New Piston Pins.

(C) CRANKSHAFT REGROUND, polished and correctly fitted with re-aligned rods for perfect balance.

(D) NEW MAIN BEARINGS, New Rod Bearings, matched and balanced.

(E) CYLINDER WALLS REBORED to new-motor tolerance, honed to satin finish by precision machines.

(F) SURFACES REGROUND. Cylinder Head (when furnished) and Block Surfaces reground for perfect compression chamber seal.

(G) CAMSHAFT LOBES REGROUND to original-fit tolerances. New align-bored Camshaft Bushings also installed.

(H) NEW TIMING GEAR or New Timing Chain as required.

(J) OIL PUMP where included is completely rebuilt.

(K) BLOCK TESTED. Every Ward Rebuilt Motor must pass rigid factory tests to be approved for installation.

NOTE: Additional parts where included are shown in listing at right—(heads and pans so included are factory installed and gasketed). Where heads, pans, pumps, or other such parts are not included you can re-use parts from your old motor.

A WARD MOTOR COSTS LITTLE MORE THAN AN OVERHAUL . . . ONLY 10% DOWN

WARDS REBUILT MOTOR GUARANTEE. Wards Rebuilt Motors installed in passenger cars are Guaranteed for 90 days or 4,000 miles of operation (whichever occurs first) against any defects in material and workmanship, when motor is installed and run according to instructions included with each motor. Wards Rebuilt Motors for truck or commercial vehicle installation are Guaranteed for 30 days from date of installation if installed and run according to instructions included with each motor. This is identical to a New Car Guarantee.

COMPARE THESE REBUILT MOTOR FACTS. When you buy a rebuilt motor, make sure it's truly a "rebuilt complete assembly" as pictured and not just a "repaired short assembly" most commonly offered. Wards Motors are completely rebuilt from the ground up and precision tested on costly machines.

Features to Check Before Buying Any Rebuilt Motor	Wards Motors	Car-maker's Rebuilt	Usual Low Priced Rebuilt
PISTONS: New Aluminum 4-Ring (except Chevrolet, Pontiac, Stude., 3-Ring)	Yes	3 or 4 ring type	3 ring or used pistons
RINGS: New Segment	Yes	Yes	Cast iron
PISTON PINS: All new	Yes	Yes	Usually not
CYLINDERS: All rebored	Yes	Yes	Usually not
CRANKSHAFT: Aligned and reground	Yes	No	Usually not
BEARINGS: All new	Yes	Yes	Used
VALVES: New or refaced	New	Refaced	Refaced
VALVE GUIDES: All new	Yes	Yes	Used
VALVE SPRINGS: All new	Yes	Yes	Usually not
VALVE TAPPETS: All new	Yes	Yes	Usually not
TIMING CHAIN OR GEAR	New	New	Usually old
CRANKSHAFT GEAR: New	Yes	Yes	Used

NO CONFUSING "TRADE-IN CREDITS." Your old motor is NOT returnable to Wards—thus you save several dollars on return shipping charges. Remember, return shipping charges would cut into any "trade-in" credit Wards might offer. You can sell your old motor locally for as much as Wards could offer you.

SHIPPING INFORMATION. Wards Rebuilt Motors are shipped by Freight to tory near New York City. Allow 10 days extra. Pay shipping charges tory. Motor shipped in wire-bound crate. Do NOT return old motor to W

ORDERING INFORMATION: *State Make, Year, Model of car, Type of Tran* We include: (1) Guarantee; (2) Bill of Sale (send order in name of pe will apply for registration); (3) Installation Certificate (fill out, return).

Exact Replacement Parts...Only 10% Down on Terms

OVERHEAD VALVE SILENCERS 1.98 for Chev. 6-cyl.

11 Effectively silences clicking noise in motors with overhead valve and rocker arms without the necessity of setting valve clearance adjustment too close. A flexible, durable fabric cushion that will give constant overhead lubrication and also inhibit condensation. Simple and easy to install—just soak cushion in oil and place in position over rocker arm assembly.

61 C 2159—For Chev. 6-cyl. 1930–55. Wt. 1 lb.....$1.98

61 C 2158—For Buick 1936–53, Ser. 40 and 50 (except V-8 models). Ship. wt. 1 lb.....$1.98

61 C 2160—For Ford, Merc. V-8 1954–55. Wt. 7 oz..... 2.98

CYLINDER HEAD ASSEMBLY 34.95 Chev. 1937-50

12 Completely Rebuilt . . . to perform like new. Complete with valves, springs, guides, reconditioned rocker arms, new rocker arm shaft, valves reground or new. Shipped promptly from Factory near New York City—you pay shipping charges from there. *Not Mailable.*

Only 10% Down on Terms . . . see Inside Back Cover.

61 C 2292 F—For Chevrolet 1937–50 (ex. Powerglide). *State Make, Year, Model.* Ship. wt. 80 lbs.....$34.95

61 C 2250 F—For Buick Series 40 and 50, 1939–50. *State Make, Year, Model.* Ship. wt. 100 lbs.....$52.95

61 C 2290 F—For Olds. 1949–50 Rocket 88, 98 (fits either side). *State Make, Year, Model.* Ship. wt. 66 lbs.....$37.95

61 C 2291F—For Olds. 1951 Rocket 88, 98 (fits either side). *State Make, Year, Model.* Ship. wt. 66 lbs.....$41.95

ROCKER ARM ASSEMBLY 2.69 for Chev. 1940-51

13 Rocker Arm Shaft and Bushings Sets. Replace original. Shaft of hardened alloy steel, ground to original car specs. Newest split type bushings. Always replace when installing new rings or other parts.

61 C 429 M—For 1939–52 Buick, Series 40 and 50. (No bushings required). Ship. wt. 3 lbs.....Set $4.49

61 C 426—1937–39 Chevrolet cars and trucks. 2 shafts, 12 bushings. Ship. wt. 6 lbs.....Set $3.39

61 C 427—1940 to early '52 Chevrolet cars and trucks. 2 shafts (no bushings required). Ship. wt. 5 lbs.....Set $2.69

61 C 430—Late 1952–53 Chevrolet cars and trucks. 2 shafts (no bushings required). Ship. wt. 4 lbs.....Set $1.95

NEW WATER PUMPS 2.95 for Ford V-8 1932-36

14 15 To be efficient, an engine must be efficiently cooled. This means your car must be equipped with a Water Pump that is functioning properly. Check now . . , do you need a new one? Why pay "original equipment" prices? Install a brand new Ward Water Pump that's built to equal original equipment in quality and performance—yet it's priced to save you money.

Precision replacements—brand new, not rebuilt. Vacuum tested at factory to higher standards than ever needed in your car. Accurately machined seal faces and hardened steel shafts. All pumps (except for Ford Model A) have automatic spring tension packless type shaft seals—no need to repack. Pumps for certain Fords and Chevrolets are complete with pulleys where so equipped originally. On other models, use present pulley.

All pumps complete with gaskets. Asterisk (*) indicates pre-lubricated ball bearing type—needs no lubrication. Others are grease type—need regular lubrication.

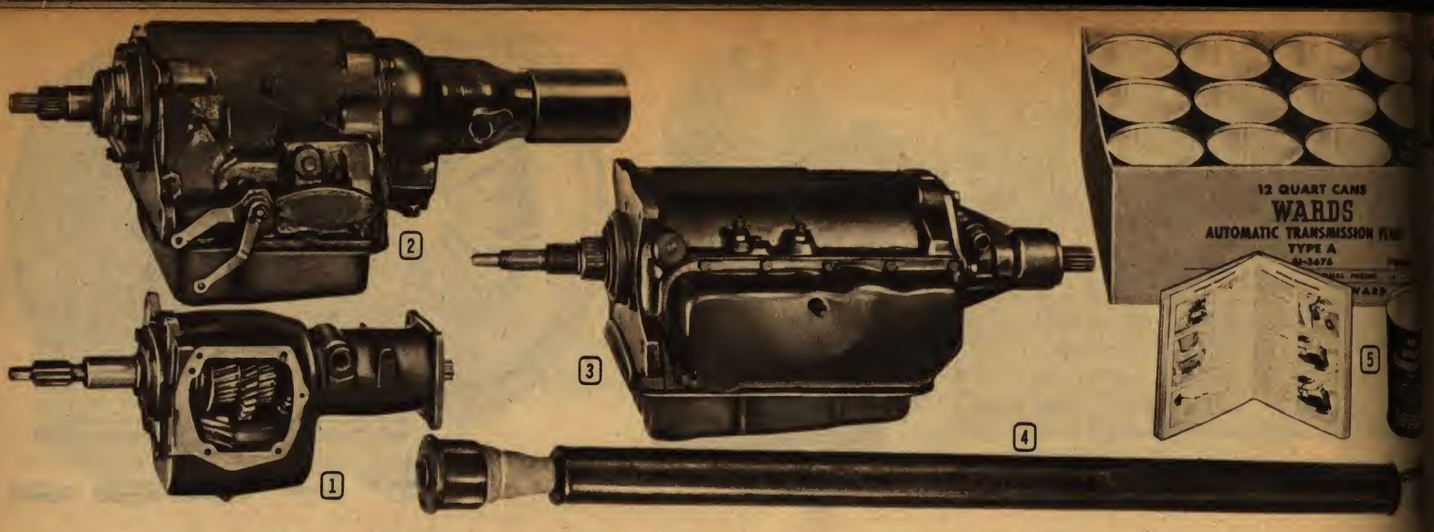
WARDS AUTO UNDERCOATING 1.05 per Gal. in 5-Gal. Cans

Undercoat your car—do-it-yourself and save $20 to $30 labor cost. Protects underside of hood, fenders, frame, etc. from rust and flying pebbles—prevents vibration and noise. Forms tough, durable film that helps deaden road and engine noises—seals seams, nuts and bolts.

Brushes on like paint, or can be sprayed on with gun. Dries in 24 hours. Apply to new or old cars. Simply remove all loose dirt, grease and road gum and apply. 5-gallon can coats average car—or use 1-gallon size for sealing just the seams, fender joints, etc. Use it also on farm machinery, rain gutters, etc. Resists water, road salts. *Mailable.*

61 C 9846 MO—5-Gallon Can. Ship. wt. 50 lbs. $5.25

61 C 9845 M—1-Gallon Can. Ship. wt. 10 lbs.....$1.25



Save at Wards on Like-New Rebuilt Transmissions

"LIKE NEW" REBUILT TRANSMISSIONS

REBUILT LIKE NEW by one of America's leading transmission rebuilders—perform like new.

GENUINE ORIGINAL TRANSMISSIONS. Exactly the same as came in your car. Each is completely disassembled, cleaned and inspected.

ALL WORN PARTS REPLACED WITH NEW PARTS made by leading recognized parts makers. In standard and overdrive, transmissions, all gears, shafts and bearings showing slightest wear are replaced; in automatic transmissions all plates, seals, as well as any other worn parts, are replaced.

TESTED AFTER ASSEMBLY to assure "like-new" performance.

READY TO INSTALL. All you do is add the necessary lubricant. Order Multi-Purpose Gear lubricant on Page 932 for std. transmissions; Automatic Transmission Fluid at right for automatic transmissions.

INSTRUCTIONS INCLUDED showing how to remove old transmission and install new one. Lubrication instructional booklet also included with automatic transmission.

SHIP. INFORM.: Nos. ending in "F" ship. in abt. a week from Chicago Fact., allow trans. time—pay freight from nearest House; "R" means *Not Mailable*. "MO" *Mailable*.

HOW TO ORDER TRANSMISSIONS. *State car, make, year, model, ser. no.* (Example: "1951 Buick 4-door sedan, Ser. 51"; "Plym. 1950 2-door sedan, Model P 23".) Send Full price with order. Where "Exchange" price is shown, return old unit later, *Prepaid*, for difference between Full and Exchange price.

STANDARD TRANSMISSIONS 41.50 for Chev., 1940–48

[1] Std. Trans. only; for automatic transmissions, see at right.

DIFFERENTIAL ASSEMBLIES 27.50 for Plym. 1933–52

[6] [7] Precision rebuilt with all worn gears, bearings and other parts replaced. Complete, carefully assembled within housing; adjusted ready for installation. (NOTE: Units for Fords are only partially assembled due to the type of design used for those cars). Certain models for Chevrolets and G.M.C. Trucks also include torque tube and drive shaft assembled to housing.

State make, year, model and Ser. No. of car or truck; also state whether Std. or automatic transmission. Allow 10 days extra for shipment from Chicago Factory, plus time in transit.

COMPLETE KING BOLT SETS 2.29 for Chev. 1939–54

18 Old, worn King Bolts can cause your wheels to shimmy—making steering difficult and causing extra wear on your tires. Replace old parts now with Wards King Bolt set. Quality Chrome Nickel Alloy Steel—hardened, heat-treated, accurately ground for perfect fit. Everything for both front wheels—bolts, pins, nuts, thrust ball bearings, bushings, etc., as pictured. Order below. Average Ship. wt. each set, 3 lbs.

KING BOLT BUSHING REAMERS, REMOVERS. Pictured at left. Needed to install new King Bolts correctly. Proper spiral design for best results. Both ends of cutter reamer ground to act as pilots. Carbon steel, tempered, precision ground. Milled flutes remove burrs. Order below. Av. wt. reamer, each, 1 lb.

CHECK THESE DANGER POINTS FOR WORN FRONT END PARTS

Defective Front End Parts could very easily result in an accident for you. If your car has been steering hard, if your wheels are not in alignment, check these four danger points.

1. Front Suspension parts.
2. Coil Springs.
3. Tie Rod Ends and King Pins.
4. Shock Absorbers.

Let Wards supply you with new Front End Parts. Use our convenient Monthly Payment Plan. See Inside Back Cover.

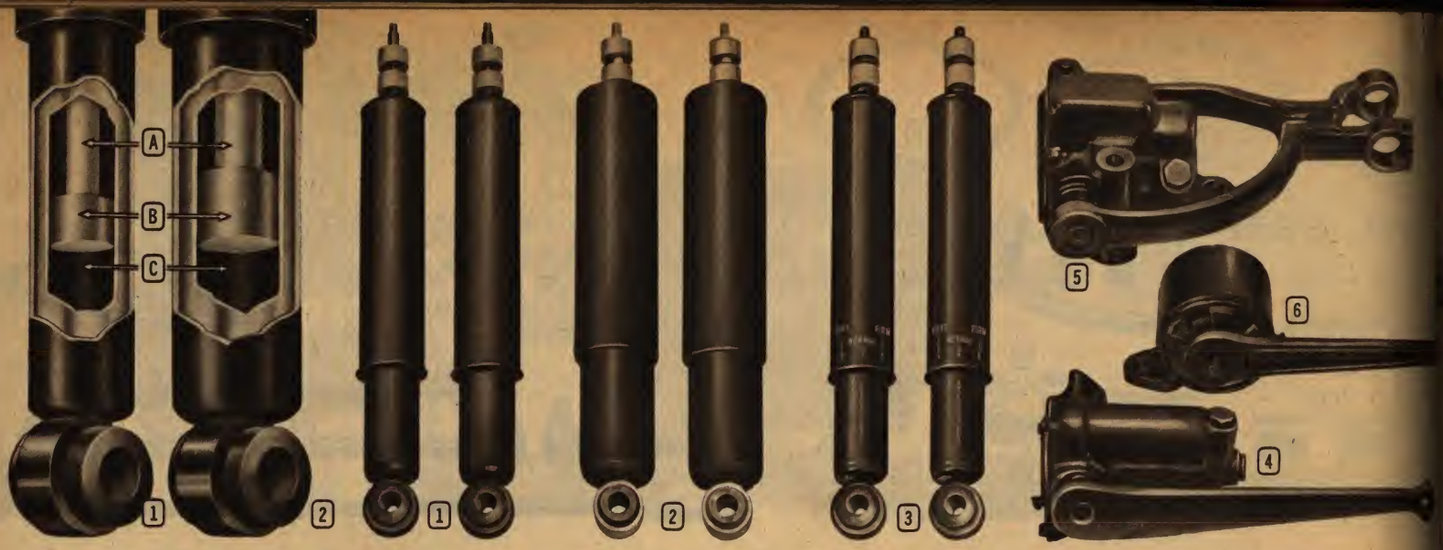
61 C 4438 M—Ford 6 and 8 cyl., Mercury 1952–53 (steering arm to idler arm assembly). Ship. wt. 6 lbs.....$5.79



New Ride Comfort With Wards Shock Absorbers

IT'S WHAT'S INSIDE THAT MEANS BETTER RIDE:

All direct action shock absorbers look alike on the outside, but there can be a mighty big difference inside. Note the larger, heavy-duty working parts in Wards Heavy Duty "Ride King" Shock Absorbers (2) in the cut-away views above:

(A) LARGER DIAMETER ROD (B) LARGER DIAMETER PISTON

(C) LARGER WORKING CHAMBER

. . . means more fluid capacity and increased cushioning action . . . more ride comfort. Choose Wards Heavy Duty "Ride King" Shock Absorbers for a better ride than you ever had from your car's original equipment shock absorbers.

DRIVING DANGERS FROM WORN SHOCKS . . . TEST THEM YOURSELF

Worn out shock absorbers have a number of dangerous effects on your car. The following illustrations and explanations tell you the dangerous effects to look for and how to test your shocks when these effects are observed.

POOR STEERING

If your steering wheel shimmies and shakes and your car is hard to steer the cause may be worn out front shocks. Check your shock absorbers immediately and replace them if worn out.

TIRE WEAR

If any of your tires appear to be wearing unevenly, on one side or in spots, the cause may be worn shock absorbers. Check your shocks immediately and replace them if worn out.

SPRING FAILURE

If your car lists or leans to one side a worn shock absorber has probably resulted in a broken spring. Check shocks and springs immediately and replace if worn or broken.

HITTING TOP

If your head comes close to or hits the top of your car and your car continues to bounce after hitting road bumps your shocks are worn out. Replace them immediately.

BOUNCE TEST

Stand on car bumper and bounce your weight up and down. Jump off suddenly. If car continues to bounce, shocks are worn out—replace them immediately.

LEAK TEST

Put your car on a lift so that shocks are easy to get at. Run your finger around outside of lower cylinder. If oil is present shock leaks—replace it immediately.

FEATURES OF WARDS STANDARD AND "RIDE KING" NEW SHOCKS

MADE BY ONE OF AMERICA'S PIONEER SHOCK ABSORBER MANUFACTURERS. Built with all the latest engineering and design improvements, quality materials, precision machining and exacting assembly to increase your riding comfort and give better control on rough roads and at high speeds. Wards Airplane Type Shock Absorbers have all of these. That's why there's such a big difference in the ride and service you'll get from them. They're held to the same high standards and close tolerances as the finest precision instruments.

LATEST TYPE VALVE ACTION provides increased safety and comfort. A simplified valving that automatically compensates for varying road conditions. Gives spring control proportionate to demands of load and road—provides full range control for all speeds on all kinds of roads. That's why Riversides give you riding comfort even on the roughest roads at all speeds.

HEAVY STEEL CYLINDER finished to gun barrel smoothness, steel rod mirror finished. Hardened piston of finest quality metal with multi-lipped wiping edge to prevent leakage—non-scoring, mirror-finished. Steel control valve in piston is finest spring steel—won't break in use.

SPECIAL FLUID provides constant performance at all temperatures. It's scientifically blended—won't thin out in extreme heat nor thicken in extreme cold.

FACTORY SEALED, electronically welded to prevent fluid leakage.

TOUGH WELD makes stud, cap and rod all "one rugged unit"—eliminates breakage at this vital strain point. Individually tested at the factory for perfect shock absorber pattern—assures uniformity, better riding performance, more ride comfort.

NEW SHOCK ABSORBERS 6.49, 13.25 Pair

[1] RIVERSIDE STANDARD SHOCK ABSORBERS. Duplicates original equipment in barrel size and fluid capacity. Built to give you the same ride comfort your car had when it was new. Low-priced for extra savings . . . and you can save even more by installing them yourself.

Simplified modern valving gives good ride control on rough roads, assures long shock absorber life (see Features at left). Replenishing valve provides rapid flow of fluid for maximum shock absorption.

Easy to install—fit exactly. Buy in pairs for best results. Live rubber bushings included. Av. ship. wt. each, 4 lbs.

RIVERSIDE STANDARD SHOCKS. Order below.
Each.....3.49 2 for.....6.49

[2] HEAVY DUTY "RIDE KING" SHOCK ABSORBERS—Wards heaviest and largest shock absorber—for toughest service, heavy loads, rough and bumpy roads. Larger working parts (see cut-away view above, explanation at left).

Recommended for bigger, heavier cars that need greatest shock control—and for lighter cars that want big-car shock control for rough roads.

Heavy duty, yet compact to fit cars most ordinary heavy-duty shocks won't fit. Easy to install—fit standard mountings without redrilling or special brackets. Bushings incl. Av. ship. wt. each, 5 lbs.

Extra-Load Springs...Exact Replacement Springs

TRUCK OVERLOADS 19.95 for Chev. 1947–55 ½ Ton

13 TWO REAR SPRINGS. For ½, ¾, 1, 1½ and 2-ton trucks. Increase your truck's loading capacity the low-cost way with Wards Overload Springs...maximum extra load carrying capacity 4,000 lbs. You'll cut maintenance costs by prolonging the life and efficiency of your present springs. A broken spring can cause serious damage to your truck. Overloads prevent regular springs from flattening, breaking or sagging. Light loads ride on original equipment springs only—overload springs function only when your truck is heavily loaded.

Heavy-duty type. Toughest S.A.E. silico Manganese Alloy Steel. Machine formed, oil tempered. Made to exact specifications. With necessary fittings for easy installation. Set consists of 2 springs. *No's. ending in "M" Mailable, "R" Not Mailable.*

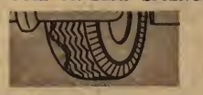
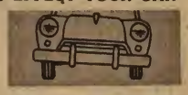
HOW WORN OR BROKEN COIL OR LEAF SPRINGS EFFECT YOUR CAR

HITTING BOTTOM. Springs hit car frame when going over bumps—causes severe shocks, discomfort.



WORN TIRES. Worn coil springs cause inner edge of front tire to wear unevenly and excessively.



CAR LISTS. Worn springs cause car to slant to one side—it's hard to steer and hard to control.

ORIGINAL REPLACEMENT LEAF SPRINGS 8.45 for Chev. 1940–48

20 21 If your car leans to one side or jolts against axle over rough areas, your springs need replacing. Always replace in pairs, as paired springs distribute car weight equally to protect against excessive, uneven tire wear. Wards Spring and Main leaves duplicate original in materials, size, shape, fit. Machine forged of toughest S.A.E. alloy steel. Oil tempered and heat treated to assure proper resiliency, uniformity and strength. Rigidly inspected to insure proper arch and fit. Shipped from Stock. Springs below are without covers. CAT. NOS. ending in "R" are *Not Mailable.*

Ship. wts.: Main Leaves, Front, 6 lbs.; Rear, 10 lbs.; Springs, as shown in table.

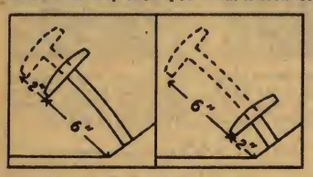
Check Your Brakes . . . Make Your Own Repairs and S

YOUR LIFE MAY DEPEND ON YOUR BRAKES . . . CHECK THEM YOURSELF . . . TODAY

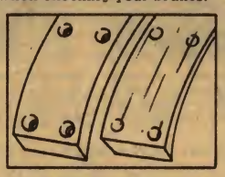
Your brakes are the key to your driving safety . . . check them every 5,000 to 10,000 miles . . be sure you can stop for every emergency. If your brakes fade, grab or squeal, they need attention. The pictures below will help show you what to look for when checking your brakes.



GOOD BAD

BRAKING EFFECT

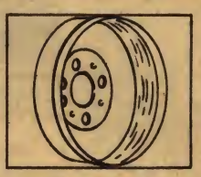
If brake pedal moves about 2 in. before taking hold, your brakes are in good shape. If pedal moves within 2 in. or less from the floor check brake lining, lines, master cylinder and wheel cylinders.



GOOD BAD

LINING WEAR

Pull car wheels and inspect brake linings for wear. If linings are worn thin or down to the rivets replace them with Wards shoes or linings.



SCORED

BRAKE DRUM

While wheel is off inspect brake drum for scored areas which reduce braking efficiency. Check wheel cylinders for leaks.

WARDS DELUXE QUALITY BRAKE LINING, the best you can buy. Made for Wards by one of the largest and oldest brake lining makers in America. Each set is specifically compounded for each particular type of brake system. Only the best friction materials and resin binders are used in various combinations, correctly engineered to the weight of the car and to differences in the braking system itself . . . they're "balanced" to the requirements of your car, they're laboratory and road tested, assuring you safest braking, longest wear and highest braking efficiency.

WARDS DE LUXE RELINED BONDED BRAKE SHOES 2.98 Exch.—for Chev. 1936–50

1 The quickest, easiest way to renew brakes because lining is already attached to shoes. No drilling or riveting. Wards use only the finest selected shoes for rebuilding and fits them with new De Luxe lining, cement bonded to shoes for bump-free perfect fit braking surfaces. Lining is made with same De Luxe Quality friction materials compounded with same resin-type binders as described above. Wards Brake Shoe sets consists of 4 shoes for 2 wheels. When relining 4 wheels, order 2 sets—fit front or rear unless otherwise stated. Instructions included. Liberal trade-in credit on most sets (for 2 wheels) of old shoes when returned *Postpaid* to Mail Order House. See Page 972. Average shipping weight set 8 lbs.

BRAKE FLUID 69c Pint with Pour Spout

7 8 WARDS SUPREME S.A.E. HEAVY-DUTY BRAKE FLUID. Meets Society of Automotive Engineer specifications. Flows freely at 60° below zero and also withstands Brake fluid temperatures over 300°—prevents vapor lock in brake system. This is very important in summer driving when brake fluids not made to these high standards have a tendency to boil, forming gas, bubbles in lines and causing brakes to fail. Will not corrode or rust brake system parts. Non-evaporating—mixes readily with original fluids in Ford, Chrysler, G.M., Lockheed, Bendix systems.

(7) 61 C 2895—Pint with pour spout. Wt. 1 lb. 8 oz. . 69c
(8) 61 C 2896—Quart. Ship. wt. 2 lbs. 8 oz. $1.19
61 C 2899—½-Gallon. Ship. wt 5 lbs. 2.25
61 C 2897 M—Gallon. Ship. wt. 9 lbs. 4.29

9 WAGNER LOCKHEED HEAVY-DUTY BRAKE FLUID. For all hydraulic brake systems. Mixes with all other approved brake fluids.
61 CP 2926—1 Quart. *Postpaid*. $2.40

BRAKE BLEEDER HOSES 19c, 98c

10 "ONE MAN" BRAKE BLEEDER. With check valve for easier operation—one man can bleed brakes. 2 thread sizes plus Zerk adapter. With instructions.
61 C 9466—Fits all hydraulic brakes. Wt. 4 oz. 98c

11 BLEEDER HOSE. For exhausting air from hydraulic brake lines after adding fluid.
61 C 2839—Threaded metal fittings. Ship.wt. 2 oz. . 19c

6 BRAKE SHOE HOLD DOWN KITS. Restore proper shoe tension, and alignment. Kits [illegible] plete for 2 wheels. Ship. wt. for Chevrolet, 8 oz.; all others, 4 oz.

Ford, Mercury *1941–48, All	*61C2915	2.39
1942–48, All	61C2918	1.10

HYDRAULIC BRAKE HOSE 98c

15 Leakproof. Tested to withstand 5,000 lbs. pressure. Connects hydraulic brake lines to wheel cylinder. Flexible fabric, rubber. Rust-resistant fittings. For Chev. 1935–55; Dodge, De Soto, Plym. 1939–53; Ford, Mercury 1939–53; Olds. 1939–52; Pont. 1937–52. *State Make, Year and Model of Car; state whether Front or Rear.*
61 C 2927—Av. ship. wt. 4 oz. 98c

VACUUM POWER BRAKES AND BRAKE BOOSTER... FOR POSITIVE BRAKING

20 21 Quicker, Safer Stops. Wards Power Brakes and Brake Booster instantly react to pedal pressure bringing you to a fast sure stop.

Less Pedal Effort. Wards Power Brakes require only ¼ normal pedal pressure, Wards Brake Booster only ½ normal pedal pressure to stop your car.

Less Driver Fatigue. Less braking effort saves the driver motion and energy, hence less driver fatigue . . . means greater alertness while the car is in motion, greater safety.

Easy to Install. With only a few common tools you can install Wards Power Brakes or Brake Booster yourself and save the cost of labor. Wards include complete instructions to show you how. We also include a bleeder hose and pint of brake fluid needed when installing Wards Power Brakes or Brake Booster.

Save at Wards. You don't need to buy a new car to get the greater safety of Power Brakes now on many new cars . . . install Wards low priced Vacuum Power Brakes or Wards lower priced Brake Booster. Wards prices are only a fraction of the cost of new-car original equipment Power Brakes.

WARDS VACUUM POWER BRAKES 26.35

20 Same Vacuum Type as offered on new cars . . . multiplies pedal pressure 4 times . . . greater safety at all speeds and particularly at high speeds when you need the greatest braking power possible. Only a slight pressure on brake pedal instantly puts Wards Power Brakes to work.

An added safety feature of Wards Power Brakes is the built-in hydraulic by-pass that permits normal hydraulic braking at all times, even if your engine isn't running. With fittings, tubing and installation kit. Ship. wt. complete, 18 lbs.

AUTOMATIC BRAKE FLUID DISPENSER 1.79

22 Automatically supplies brake system with fluid. Keeps master cylinder full. Instant visual check of fluid level. Glass reservoir with tubing and brake cylinder fitting. Easily installed. Ship. wt. 1 lb.
61 C 2984—For 1951–54 Chevrolet. $1.79
61 C 2985—For 1949–54 Ford. Lincoln, Mercury; 1951–54 Henry J, Nash, Packard. $1.79
61 C 2997—For All 1941–54 Gen. Motors Cars, Trucks (ex-Chev. Cars); 1941–54 Chryslers, Ford Trucks; 1941–48 Ford Cars, Lincoln, Mercury; 1948–54 Hudson. $1.79

MOTOR REPAIR MANUALS 2.79 TO 6.95

23 CHILTON'S AUTOMOBILE REPAIR MANUAL. Latest edition. For car owner or garage mechanic. Tells how to do a first class repair job using standard tools. Used in trade schools. 38,000 specifications, information on use of tools. Covers cars from 1940-1955: Buick, Cadillac, Chevrolet, Chrysler, DeSoto, Dodge, Ford, Frazer, Henry J., Hudson, Kaiser, Lincoln, Mercury, Nash; Oldsmobile, Packard, Plymouth, Pontiac, Studebaker, Willys. 350 data tables. Over 2500 illus. Abt. 904 pgs.
53 CP 1109 X—Size 11¾x9¼ inches. *Postpaid*. $6.95

24 MOTOR'S AUTO REPAIR MANUAL. Latest edition. Comprehensive automotive reference. Supplies data from 160 Official Factory Manuals. 200,000 "how-to-fix-it" service and repair facts, 23,500 tabulated repair specifications. Illustrated service and repair procedures on newest engines, automatic transmissions, carburetors, power steering, etc. Specific instructions on tune-up, service repair and overhaul of over 26 makes built from 1940 to 1955. 2000 illustrations. Abt. 900 pgs.
53 CP 1117X—Size 8½x11 inches. *Postpaid*. $6.95

25 FIX YOUR CHEVROLET by Bill Toboldt, editor of Motor Service magazine. Owner's and mechanics complete handbook of repairs and maintenance of Chevrolets from 1940 to 1955. Get better speed, power, efficiency from your Chevrolet, using standard tools. Step-by-step repair procedures, shortcuts, labor saving devices used by mechanics. Illustrated. Abt. 224 pgs.
53 C 1127 X—Size 8¼x6 inches. Ship. wt. 12 oz. $2.79

26 FIX YOUR FORD by Bill Toboldt, editor of Motor Service Magazine. Covers complete servicing of Ford V-8's and 6's, 1932 through 1955. Based on experience of top Ford service men. Tells how to increase your gasoline and tire mileage. Chapter on hot rods. Illus.
53 C 1116 X—Abt. 224 pgs. 8¼x6 in. Wt. 1 lb. 4 oz. $2.79

29 EMERGENCY BRAKE CABLE SHORTENER. Tightens slack emergency cable for greater efficiency.
61 C 2921—Ship. wt. 3 oz. 25c

DO-IT-YOURSELF BRAKE TOOLS 69c TO 2.39

30 BRAKE RELINING AND RIVETING SET. Simple and easy to use (see picture A). Drills, countersinks and rivets brake lining to old brake shoes. Includes holder, anvil, knock-out punch, clincher tool, combination drill and counter-bore. May also be used to fasten leather, canvas, etc. with rivets.
61 C 9438—Ship. wt. set 1 lb. 4 oz. ..... 5-Pc. Set 98c

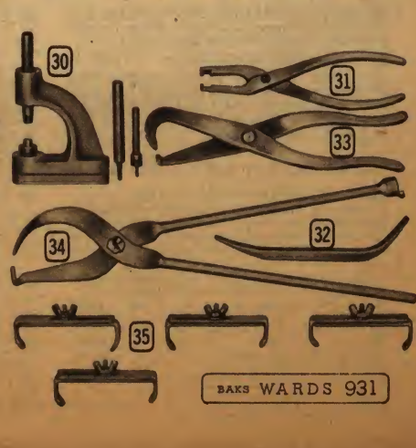
31 ANTI-RATTLER-SPRING PLIERS. Removes and replaces anti-rattler-spring on brake shoe assembly in seconds. Double lip holds spring and washer together—makes removing and replacing a one-hand operation. Eliminates the danger of spring jumping away and being lost or striking you. Made of strong forged steel. About 6½ in. long.
61 C 9410—Ship. wt. 6 oz. $1.69

32 BENDIX BRAKE TOOL. Adjusts star or notched nuts on most late Ford, GM, others with Bendix or Huck brakes. Chrome alloy steel.
61 C 9448—6⅛ in. long. Wt. 3 oz. 69c

33 GOOD QUALITY BRAKE SPRING PLIER. Heat treated alloy steel. Cadmium finish.
61 C 9408—8½ in. long. Ship. wt. 8 oz. . . . $1.49

34 PROFESSIONAL QUALITY BRAKE SPRING PLIER. Removes and replaces brake springs. Corkscrew hook on lower jaw holds spring easily. Gooseneck curved head assures firm grip. One handle grooved for slipping spring over anchor post, other fitted with hold-down remover. Finest heat-treated chrome alloy steel. 13½ in. long.
61 C 9409—Ship. wt. 12 oz. $2.39

35 BRAKE PISTON CLAMPS. Hold pistons in wheel cylinders on hydraulic brake when removing shoes to reline brakes. Saves brake bleeding. Ship. wt. set, 8 oz.
61 C 9460—For all cars, trucks. ..... Set of 4, 98c



Do Your Own Lubricating...Save Labor Costs

HI-PRESSURE LUBRICATOR 16.75

1 Portable Hi-Pressure Lubricator for one-man, one-hand operation. Includes special push-handle gun that develops up to 10,000 lbs. pressure for thorough lubrication, and 10-foot hose. Clamps on to any standard 25 to 40-lb. grease pails having a removable cover (won't fit 61 C 8394 MB and 8379 MB gun-filling type pails). Simply remove cover from grease pail, replace with this compact dispenser unit and you have a portable high-pressure lubricator. No electricity or compressed air needed.

Complete Unit consists of gun, hose, easy-action pump, sturdy steel cover and follower plate to prevent channeling of lubricants. Gun is on swivel for easier operation. Special slot on cover holds gun nozzle out of dirt when not in use and always ready to use. Save money—do your own lubrication. For automobiles, tractors, etc. Grease pail not included.

61 C 8579 M—Ship. wt. 14 lbs.....$16.75

COMBINATION GREASER AND GUN GREASE. Hi-Pressure Lubricator above with 25 lbs. of grease. Ship. wt. 42 lbs.

61 C 8592 YB—Lubricator with 25 lbs. High-Pressure Gun Grease (8377MB).....$18.95

61 C 8591 YB—Lubricator with 25 lbs. Multi-Purpose Lithium Grease (8393MB)..$20.45

GEAR LUBE DISPENSER 6.49

2 Simply remove the lid from any standard 25 to 40-lb. grease pail and replace it with this dispenser, tighten three screws and it is ready for use. Provides fast, easy transfer of transmission and differential oils as well as heavier lubricants. Eliminates waste and spilling in transferring of lubricants; helps keep lubricants clean.

All-steel valves, sturdy steel handle. Durable pressed steel cover assures tight seal. Heavy-duty, oil-resistant, flexible hose in handy 4-foot length with curved metal nozzle. Fits all gear case filler plug openings. Grease pail not included.

61 C 8578 M—Ship. wt. 8 lbs..... $6.49

COMBINATION LUBE DISPENSER AND MULTI-PURPOSE GEAR LUBRICANT. Same Gear Lube Dispenser as above, with 25-lb. pail of Wards Multi-Purpose Gear Lubricant, specially priced in combination to save you 93c. Use in differential, transmission, overdrive, steering gear. Required for hypoid gears. Wt. 36 lbs.

61 C 8595 YB—Gear Lube Dispenser with S.A.E. 90 Gear Lubricant.....$9.95

61 C 8596 YB—Gear Lube Dispenser with S.A.E. 140 Gear Lubricant.....$9.95

GREASE AND GUN COMBINATIONS 5.98 25 lbs. Grease, 16-oz. Gun

3 Save more on Wards already low prices by purchasing one of these combinations of 25 pounds of Wards Quality Grease in easy gun-filling type pail, complete with grease gun. Pail has threaded opening to fit any gun with 2¼-in. barrel. Just screw gun into opening, pull filler handle and gun is filled—no muss or fuss. Metal follower plate keeps grease packed down, ready for use—eliminates costly waste, keeps grease clean. Grease is waterproof, will not harden or clog fittings. Grease gun develops pressure up to 10,000 lbs. Order combination you wish below.

HIGH PRESSURE GREASE, GUN COMBINATION. 25-lb. pail Wards Quality High Pressure Chassis Grease (61 C 8379MB below). In gun-filling pail. *Mailable.*

61 C 8604 YB—Grease and 16-oz. Grease gun (see below). Ship. wt. 33 lbs..$5.98

61 C 8557 YB—Grease and 23-oz. Grease gun (see below). Ship. wt. 35 lbs..$6.69

MULTI-PURPOSE GREASE, GUN COMBINATION. 25-lb. pail new Multi-Purpose Lubricating Grease (61 C 8394MB below) in gun-filling pail. *Mailable.*

61 C 8605YB—Grease and 16-oz. Grease gun (see below). Wt. 33 lbs.....$7.39

61 C 8555YB—Grease and 23-oz. Grease gun (see below). Wt. 35 lbs.....$8.19

4 WARDS MULTI-PURPOSE LITHIUM GREASE 20c lb. in 25-lb. Pail

Wards Multi-purpose Lithium Grease is economical, does the work of 4 old-type greases—lubricates chassis, water pump, wheel bearings and universal joints. Made with a lithium base for outstanding water and heat resistance—ideal for lubricating farm equipment in hot weather and under wet operating conditions. The adhesive nature of Lithium makes this grease cling so tightly to metal surfaces that water, dirt and dust cannot cause rust damage or pitting; also reduces drip-page for less waste and mess. Protects bearings even under very heavy loads.

61 C 8395 L—5-lb. Can. Ship. wt. each 6 lbs.....Each $1.19; 2 for $2.19

61 C 8393 MB—25-lb. Pail. (Not Gun-Filling Type.) Ship. wt. 28 lbs. .....Each 4.95

61 C 8394 MB—25-lb. Gun-filling Pail (as in Item 3 above). Ship. wt. 28 lbs.... 5.39

61 C 8396 F—100-lb. Drum. Ship. wt. 120 lbs..... 16.95

4 GEAR LUBRICANT 18c Lb.; GUN GREASE 14c Lb. in 25-Lb. Pail

MULTI-PURPOSE GEAR LUBRICANT. Conforms to rigid specifications established by the U.S. Army (Specification MIL-L-2105). For all automotive gears (except where engine oil is required)—transmission, differential, steering, etc. Use SAE 80 for very cold weather. See Shipping wts. below at right.

8 8-FOOT NEOPRENE HOSE. For pumps 61C 8486 above below. Has ¾-in. female coupling on one end—curved spout on other end. Gasoline and oil-resistant. Made of bla

61 C 8488—Ship. wt. 3 lbs. *Mailable*.. .....

9 ECONOMY PULL-UP ACTION PUMP. Lift pump type. average needs. No priming. One full stroke dispenses abo liquid. Telescoping tube fits and empties any standard barr Metallic piston and valve for long service. Threaded spout ¾-in. garden hose. (Hose not included. Order 61 C 8488

61 C 8480 M—Ship. wt. 8 lbs. *Mailable*.....

HANDY PUMP OILERS 1.10 6 oz.

10 12-OZ. HYDRAULIC PUMP OILER. For light or heavy oil. Thumb pressure controls flow. Copperite finished steel.

61 C 8531—Rigid spout. Ship. wt. 15 oz..$1.35

11 6-OZ. TRIGGER PUMP OILER. Easy trigger control releases a stream or a drop. Copperite finished steel. Rigid brass spout with detachable brass tip. Flared base.

61 C 8532—Ship. wt. 14 oz.....$1.10

LEVER-ACTION GUNS 2.49 16 oz.

12 16-OZ. CAPACITY GREASE GUN. Spring-primed grease feed for steady pressure up to 10,000 lbs. any temperature—can't get air bound. Steel. Rust-resistant finish. High-pressure piston, leakproof packing. "Safety stop" saves piston. Lgth. overall 21 in. Knurled, firm-grip barrel 10½x2¼ in. Snap-on hydraulic coupler, curved pipe.

61 C 8560—For all fittings. Wt. 5 lbs..$2.49

13 23-OZ. CAPACITY GREASE GUN. Same type as above, but larger capacity. Length of barrel. 12x2¼ in., 21¾ in. overall.

61 C 8552—Ship. wt. 5 lbs.....$3.15

ALEMITE GREASE GUN

14 ALEMITE LEVER-TYPE. Nationally known. 16-oz. cap., Develops up to 7,000 lbs. pressure. Locking jaws—tighten as grease pressure increases. Spring-primed grease feed keeps constant pressure, ball check stops backflow. Snap-on hydraulic coupler. Knurled barrel. For all fittings.

61 C 8553—Wt. 4 lbs. .$3.15

15 PUSH TYPE GREASE GUN. For cars, trucks, power mowers, home snow plows, washing machines, etc. One hand operation—use in limited space. Swivel-type, snap-on hydraulic coupler locks on at all pressures. Permits 18° angle at any direction. No leaking. Non-rust finish. Closely fitted high pressure steel piston. Threaded back cap with sealing gasket. 4-oz. capacity. Length overall 8¾ in. Ship. wt. 1 lb.

61 C 6575.....$1.49

SUCTION GUN, ACCESSORIES FOR EASY LUBRICATING

16 SUCTION TYPE GUN. For filling or removing lubricant from transmission, differentials, steering gear. Capacity 13 oz. With flexible ½-in. hose about 18 in. long. For lubricants, see above.

61 C 8568—Barrel diam. 1½ in., length 15 in. Ship. wt. 2 lbs. .$1.98

17 GREASE GUN BRACKET. Attaches to shop wall, tractors, implements by 2 bolts. Saves gun from damage, clogging. All steel.

61 C 8598—Fits all guns listed except (15). Ship. wt. 1 lb.....67c

18 FLEXIBLE BALL LINK METAL HOSE with hydraulic coupler. For out-of-way places that solid pipe grease guns can't reach. ½-in. male pipe thread fits on any lever gun.

61 C 8603—Shipping weight 12 oz.....$2.95

19 FLEXIBLE RUBBER HOSE. For positive connections at hard-to-reach fittings. Reinforced rubber—withstands high pressures. About 12¾ in. when attached to snap-on coupler. Ship. wt. 3 oz.

61 C 8602—Fits all guns with ⅛-in. female pipe thread.....$1.29

20 6-IN. ANGLE PIPE WITH SNAP-ON ADAPTER. Ship. wt. 4 oz.

61 C 8601—For hydraulic grease fittings. ⅛-in. thread.....69c

SNAP-ON COUPLER

Fits all hydraulic fittings. Leakproof contact. Fits all lever type, most ball check grease guns. Ship. wt. 3 oz.

61 C 8597.....45c

L RESERVOIR GREASE CUP. Lengthens time interval between lubrications. Gradually feeds lubricant to bearing by spring pressure. Follower plate pushes grease through orifice. Easy to install. Fill with regular grease gun. ⅛-in. pipe thread.

61 C 8589—Ship. wt. 2 oz. . Each 39c

Save Now at Wards on Oil and Filter Cartridges

WARDS SUPREME PENNSYLVANIA MOTOR OIL 17c Qt. in 55-Gal. Bbls.

21 Refined from Bradford-Allegheny Pennsylvania crude oil—the finest and costliest pure crude oil obtainable.

FLOWS FREELY AT ALL MOTOR TEMPERATURES. Low pour point plus double dewaxing means free flowing, easy starting even in the coldest weather.

TRIPLE FILTERED to free oil from impurities that form power-robbing carbon deposits; that corrode bearings and other finely ground moving parts.

CARRIES SEAL OF PENNSYLVANIA GRADE OIL ASSOCIATION—a symbol of quality.

State SAE Grade Wanted. 10W, 20-20W, 30 or 40. Order from Table below.

WARDS HEAVY-DUTY VITALIZED MOTOR OIL 16c Qt. in 55-Gal. Bbls.

22 For severest service ... high speeds, long distances, extreme climates.

ENGINE-TESTED ADDITIVES ... with extra amounts of *vital chemical compounds* added to oil to keep motor cleaner, lessen impurities.

QUALIFIED UNDER MIL-L-2104A—a military Heavy-Duty specification.

MEETS AMERICAN PETROLEUM INSTITUTE SERVICE CLASSIFICATIONS MS AND DG. (MS): service typical of gasoline or other spark ignition engines under severe types of service conditions and where there are special lubrication requirements for deposit or bearing corrosion control. (DG): service typical of Diesel engines where there are no severe requirements for wear or deposit control.

SAME TYPE AS RECOMMENDED BY AUTO MAKERS where Heavy-Duty oil is specified for passenger cars. Also recommended for use in all other engines.

State SAE Grade Wanted. S.A.E. 10W, 20-20W or 30. Order from Table below.

SAVE MONEY ... BUY IN LARGE QUANTITIES. "Per Quart" column in table shows how little each quart costs when you buy in different quantities listed.

WARDS NEW ALL-SEASON MOTOR OIL 26c Qt. in two 10-qt. cans

23 5W-20 or 10W-30. Won't thin out at high temperatures, free-flowing at low temperatures. Low viscosity permits faster cranking in coldest weather with less engine friction; yet in warmest climates it's as heavy as ordinary summer weight oil. "Adjusts" to sudden rise or fall in temperature. Vital in "stop-start" driving as it permits quick, free-flowing lubrication. Heavy-duty quality assures proper lubrication of hydraulic valve lifters, detergent action for less carbon formation, less engine heat to protect bearings, lasting oil film to prevent excessive wear caused by metal-to-metal contact.

State SAE Grade Wanted—5W-20 OR 10W-30. SAE 10W-30 is recommended for year 'round use in all sections of the country, except in those climates where continued sub-zero temperatures are encountered. In these areas SAE 5W-20 should be used. Ship. wts. 1 qt., 2 lbs.; Case of 24, 55 lbs.; one 10 qt. Can, 20 lbs.; two 10 qt. Cans, 41 lbs.

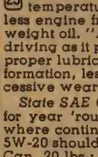
61 C 8321 MO—1-Quart Can.....33c; 24 One-Quart Cans.....$6.95
61 C 8322 MO—One 10-Quart Can.....$2.89; Two 10-Quart Cans..... 5.19

WARDS TWO-CYCLE ENGINE OIL 1.29 4 qts.; 1.35 8 pints

24 Mixes properly with gasoline. For out-board motors, chain saws, lawn mowers and all engines using an oil-gasoline mixture.

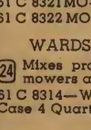
61 C 8314—Wt. 3 lbs.....Quart 35c 61 C 8313—Wt. 1 lb. 8 oz.....Pint 19c
Case 4 Quarts. Wt. 10 lbs.....$1.29 Case 8 Pints. Wt. 10 lbs.....$1.35

COMPLETE QUICK-CHANGE FILTERS 3.79 TO 6.39



Filters remove dirt, grit, sludge, etc.; reduce engine wear. For cars NOT equipped with filters. Heavy one-piece pressed steel. With tubings, fittings, brackets and metal shell cartridge. Simplifies cartridge renewal because of screw-held cover which turns off in jiffy. Just pull out old cartridge and drop in new one. Saves you about one-half the cost on filter changes because you change cartridge only. With instructions.

61 C 8727—Chev. 1949-55 6 cyl. Cars, Trucks. Wt. 6 lbs....$5.65
61 C 8733—For Chev. 1955 V-8 All Models. Ship. wt. 6 lbs..... 6.39
61 C 8732—For Plymouth, 1936-55 6-cyl. Ship. wt. 5 lbs..... 6.39
61 C 8735—EXTRA CARTRIDGE for all oil filters listed above and for filter listed below (61 C 8725). Wt. 1 lb. Each 89c...3 for $2.55....6 for $4.75



OIL FILTER AND REFILL. Same easy-to-change type as above. For Plym., Dodge, DeSoto, Chry., Nash cars NOW having "throw away" filters like below. Use present fittings, tubing.

61 C 8725—Order extra cartridge above. Ship. wt. 4 lbs. 4 oz. $3.79

THROW-AWAY FILTER. Replaces original sealed type.

61 C 8631—Ship. wt. 1 lb. 8 oz.....$1.79

WARDS PLEATED PAPER OIL FILTER CARTRIDGES 78c Each in sets of 6 ..for Ford, Merc. 1939-53

25 Install Wards New-Treated Paper Oil Filter Cartridges now—change regularly to protect engine from damaging wear caused by dirt, grit, sludge, etc. These new cartridges assure you better oil filtration, longer service and easy cartridge removal.

1—An especially made resin treated paper designed for longer life and service—will not distort or collapse—keeps filtering properties longer.

2—Pleated filter paper gives uniform oil filtering action, trap, and removes abrasive metal, carbon, sludge and muck, of the minutest degree, from the oil. Will not hinder detergents in the oil.

3—Resin treated waterproof and acid resistant felt at external ends of cartridge form a seal against internal by-passing, channeling and perserves oil filtering qualities.

4—Steel roll-seamed ends and perforated 30 gauge steel case for easy oil flow and rigid support.

5—Perforated steel center tube—corrugated, welded for added strength—cannot collapse under pressure.

6—Heavy "full-grip" bale lift, where required, for quick, easy removal.

All cartridges listed in tables at right are Wards New Pleated Paper type except those marked (†) which are cotton sock waste-filled types and meet original equipment specifications. Gaskets included where needed. Av. ship. wt. for New Pleated Paper types, each 1 lb.; for Cotton Sock Waste-Filled types, each 1 lb. 4 oz. Extra savings when ordering 3 or 6.

ECONOMY FILTER CARTRIDGES 59c Each

(Not shown.) Filled with long staple cotton fiber, treated to neutralize acids, assures filtration and prevent oil channeling. Metal shell has sufficient perforations to allow an adquate flow of oil. Change cartridges regularly—save wear on engine.

HOW TO ORDER. Order by make and year from the Table below if your car is equipped with the original equipment filter specified. Ship. wt. 1 lb.

ECONOMY FILTERS. Order by Cat. No. from table below.....Each 59c

Fit Only These Makes, Years	Orig. Filter	Cat. No.

(30) 61 C 8544-Better. Hardened cutter. Wt. 10 oz..49c

HOW TO ORDER OIL FILTER CARTRIDGES. Order by make and year from Table "A" if your car has the same original equipment filter specified in column marked "Original Filter." On listings marked "Optional" your car may have a different filter than specified, in which case you should order by filter make and model from Table "C". If your car is not listed, order from Table "C". Order tractor cartridges from table "B" by make and model.

Save at Wards on Like-New Rebuilt Generators

REBUILT LIKE-NEW

1 Original equipment generators, completely rebuilt as described below for "like-new" service. Duplicate originals in quality, power output. Same heavy-gauge wire used as in original. With instructions. Read below how completely Wards rebuild generators.

8-POINT REBUILDING PLAN

(A) DISASSEMBLED, CLEANED. Worn parts replaced with new.

(B) ARMATURES AND FIELD COILS tested for electrical efficiency. If necessary, new insulated pre-wound magnetic wire is installed. Armatures varnished, baked.

(C) NEW LEAD WIRES and Terminals.

(D) COMMUTATORS are machined for perfect brush operation.

(E) BEARINGS replaced if original show wear.

(F) NEW ARMATURE LAMINATIONS installed when needed.

(G) BRUSH HOLDERS re-insulated or replaced with All New Carbon Brushes installed, adj. and fitted.

(H) BENCH TESTED for performance, rated output, overload.

HOW TO ORDER

GENERATORS, STARTERS

(1) Send old starter or generator Postpaid, with exchange price, or (2) Send full price plus postage—return old unit later Postpaid, for refund. Must be complete, assembled, unbroken. (3) State Make, Year, Model of Car when ordering Generators or Starters with Cat. Nos. ending in K or KB shipped promptly from Chicago Factory.

WARDS REBUILT GENERATORS 8.95 (Exch.); REBUILT STARTERS 8.25 (Exch.) for Chevrolet 1940–48

NOTE: Improperly operating voltage regulators or cut-outs are the main cause of generator failure. They can result in a burnt out generator or even ruin your battery. Don't waste your money. Don't re-use an old regulator. Replace it at the same time that you replace your generator. Save more by ordering Generator-with-Voltage Regulator. See table below for complete listings.

EXPLANATION OF SYMBOLS IN TABLE: ‡With cut-out instead of Regulator; †Not for models with automatic transmission; *State Make and No. on metal tag or name plate which you will find on old Generator or Starter.

2 REBUILT ORIGINAL EQUIPMENT STARTERS. Completely torn down, tested and reassembled for "like-new" service . . . to give faster starts for longer battery life. Duplicate originals in quality and service. All have new brushes, machined commutator and new bushings. All other worn parts are replaced or rebuilt. Starter drive assemblies are included, except for Ford and Mercury.

Average Ship. Wts.: Generator Only 22 lbs.; Generator with Control 23 lbs.; Starter 22 lbs.

IGNITION TOOL KITS, HANDY SPARK PLUG SERVICE TOOLS

14 PROFESSIONAL SPARK PLUG WRENCH. Chrome plated alloy steel 12-point broaching permits short turns (30°). Ship. wt. 1 lb. 6 oz.
61 C 9424—13/16 in. for 14mm. plugs.....95c

15 SPARK PLUG WRENCHES. Drawn steel, rust-resistant zinc plated. Ship. wt. 3 oz.
61 C 9421—⅞ in. for 18 mm. plugs.....24c
61 C 9422—⅝ in. for 10 mm. plugs.....24c
61 C 9423—13/16 in. for 14 mm. plugs.....24c

EXTRA LONG SPARK PLUG WRENCH. (Not pictured.) Like above but 8 in. long for deep-set plugs in Chrysler, Dodge, DeSoto, 1955 Ford; also all other cars with 14 mm. plugs. Wt. 5 oz.
61 C 9425—13/16 in. for 14 mm. plugs.....79c

16 GAP GAUGE. For spark plugs, contact points. 9 tapered 3½-in. blades, sizes .015 to .035.
61 C 9431—Electrode adjuster. Wt. 2 oz.....59c

17 POLYKEN PLASTIC COATED TAPE. Waterproof, weather-resistant. For electrical or other jobs. Dielectric strength 2000 volts. ¾ in. wide, 22 ft. long.
61 C 9713—Ship. wt. 2 oz.....39c

18 IGNITION POINT WRENCH. Removes, installs locking nut on movable point in 1953–54 Chev. distributors.
61 C 9457—Ship. wt. 2 oz.....98c

19 NEW SPARK PLUG GAPPER—For faster, more accurate gapping. Insert correct thickness gauge, press handle—plug gap is set. With 5 No. 1 hard steel gauges—.025, .030, .032, .035 and .040. Wt. 6 oz.
61 C 9434—Aluminum alloy . . . $2.98

20 PLASTI-KOTE IGNITION SPRAY—eliminates short circuit in wet ignition system in 5 minutes. Seals out moisture. Lasts 6 to 9 months. One can treats 3 cars. Ship. wt. 8 oz.
61 C 9838.....6-oz. can 89c

21 ECONOMY IGNITION TOOL KIT. Includes 8 stamped offset steel wrenches (size 13/64 to ⅜ in.), thickness gauge; point file; insulated screw driver; spark plug setting tool with 6 gap gauges.
61 C 9455—12-piece Kit in plastic roll. Ship. wt. 7 oz.....95c

22 PROFESSIONAL IGNITION TOOL KIT. 9 wrenches (sizes 13/64 to ½ in.), pliers, insulated screw driver. Wrenches, pliers forged from high quality chrome alloy steel. Pliers have 4 adjustments.
61 C 9456—11-piece Kit in plastic roll. Ship. wt. 8 oz.....$4.95

REBUILT STARTER DRIVE ASSEMBLIES

4 Worn parts replaced with new parts. Complete with new drive spring. Average ship. wt. 1 lb. 12 oz.

61 C 1396—For Ford 1929–54 (except 60-HP, 1949 6-cyl. and Ford-o-matic), also all Mercury (except Merc-o-matic) and Lincoln-Zephyr.....$2.35

61 C 1397—For Chevrolet, Pontiac 1938–54; Buick, Oldsmobile 1939–53.....$1.98

61 C 1398—For Plymouth, Dodge 1935–42; Chrysler, DeSoto 1935–48.....$1.98

61 C 1389—For Plym., Dodge 1946–52 2.98

61 C 1389—For Kaiser, Frazer, Packard 6, 1948–52.....$2.98

61C1388—Jeep, Willys 1933–50. Ex. 1948 2.49

STARTER SWITCHES

5 Replacement Solenoid Starter Switches. Heavy-duty. 6-volt type. Replace original equipment perfectly. Insulated base. Use own dash switch, wire. Wt. 14 oz.

61 C 1323—For Ford 1937–50; Merc. 1939–51 . . . $1.09

61 C 1325—Ford 1951–55; Kaiser, Frazer 1949–51; Lincoln, Mercury 1952–55.....$1.09

61 C 1326—Dodge, Plymouth 1946–55; Dodge V8 1953–55.....$1.19

WARDS IGNITION TUNE-UP ASSEMBLIES 75c for Chev. 1935–52

27 28 29 Weak coils and worn out rotors, condensers, points or caps can cause faulty ignition. Experience has proved it is better to replace ALL these parts at the same time for best performance.

Wards offer three kits: Kit (27) consists of coil, rotor, condenser, point and distributor cap; Kit (28) consists of rotor, condenser, points and distributor; Kit (29) consists of rotor, condenser and points only. Equal in quality to original ignition parts in your car. Coil in kit (27) is Wards Supreme heavy-duty on opposite page. Points have tungsten disc contact surfaces permanently welded to breaker arms—deliver full spark for best combustion. Condensers fully tested for correct capacity.

Shipping weights: Kit (27) with coil 3 lbs.; kit (28) 10 oz.; kit (29) 4 oz.

Wards Include with each Ignition Tune-up Kit a Gap Gauge of the proper thickness for setting correct point gap on car which kits fit.

Fit Only Car Years, Models Listed Below, Trucks Where Stated. (*) Indicates no rotor	27 Coil, Cap Points, Rotor, Condenser Cat. No.	Price	28 Cap, Points Rotor Condenser Cat. No.	Price	29 Points, Rotors, Condensers Cat. No.	Price

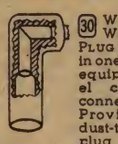
SPARK PLUG WIRE SETS



30 Wards Riverside Waterproof Spark Plug Wire Sets. Molded in one piece like original equipment on late model cars. Combination connector and insulator. Provides water-tight, dust-tight seal at wire to plug connection. Fast, sure starts in cold, wet, hot or humid weather. Neoprene-covered—oil, gas resistant. All come complete with clips, rain guard nipples where used and are made of 7-M, 16-ga. 19-strand copper wire. Ship. wt. per set, 1 lb. 8 oz.

61 C 6488—For Chev. 1929–55, 6-Cyl. Cars and Trucks ... Set $1.69

61 C 6485—For all Other 6-cyl. 1933–55 Cars ..... Set $2.19

61 C 6484—For all Other 8-cyl. 1933–55 Cars Except Chrysler with deep wells ..... Set $2.69

SPARK PLUG WIRE 7c Foot

31 Same high tension wire as Riverside sets above. 16-gauge, 7 mm., 19 strands—same as original equipment. Heat, short resisting. Single braiding, 24 coats of lacquer. *State quantity.*

61 C 6477 H—Per ft. Wt. 1 oz.... 7c

100-ft. Spool Wt. 4 lbs. 8 oz.. $5.65

MONTHLY PAYMENT PLAN

New Ignition Parts and New Spark Plugs can improve the running of your car. Order now the equipment that you need. When cash is not convenient you may find it helpful to use Wards Monthly Payment Plan. If you already have an account use your Add-on privileges. See inside back cover for details.

SPARK PLUG WIRE KIT 35c

Consists of 12 solderless distributor clips, 10 solderless angle snap-on terminals and 10 neoprene distributor nipples.

61 C 6468—Ship. wt. 4 oz. 35c

SAVE GAS, RESTORE POWER WITH NEW SPARK PLUGS

Spark plugs are a vital component of your car's engine. Dirty, worn out plugs waste gasoline. Each time a plug misfires, all the gasoline introduced into that cylinder charge is lost. Wasted gasoline dilutes crankcase oil, impairs lubrication, causes greater engine wear.

Car and truck manufacturers recommend NEW SPARK plugs for every 10,000 miles. New plugs provide a full spark for complete combustion—soon pay for themselves in: (1) Easier, faster starting; (2) Restored engine power; (3) Snappy acceleration; (4) Smoother engine performance; (5) Good gas mileage (economy). Check your car's spark plugs today.

WARDS SUPER SPARK PLUGS 65c Each in Sets of 4 or More

Wards finest 14 mm plug. Guaranteed to last as long and perform as well as any plug made. Improved features give a hotter spark, longer electrode life, better plug cooling, longer gap life ... for easier starting, gas economy and peak engine efficiency. Larger electrodes for longer life. Aluminum oxide insulator for better heat dissipation, greater resistance to carbon deposits. See "How To Order" below. Gap gauge (A) included with sets of 4, 6 or 8 plugs. Will not fit 1955–56 Ford, Mercury, Lincoln—see below.

61 C 1580—*State Make, Year, Model of car; Quantity Wanted.* Ship. wt. ea., 6 oz.
Set of 4 ..... $2.60 Set of 6 ..... $3.90 Set of 8 ..... $5.20 Single Plug 69c

WARDS RIVERSIDE SPARK PLUGS 43c Each in Sets of 4 or More

Perform as well as Original Equipment. Long center electrode for long gap life. Ceramic insulator reduces hard starting due to leakage. "Thermo-sealed" shell. See "How To Order" below. Gap gauge (A) pictured above included with sets of 4, 6 or 8 plugs.

61 C 1585—*State Make, Year, Model of Car; Quantity Wanted.* Ship. wt. ea. 6 oz.
Set of 4 ..... $1.72 Set of 6 ..... $2.58 Set of 8 ..... $3.44 Single Plug 49c

(A) GAP GAUGE included with sets of 4 or more Ward plugs. 6 gap sizes for all plugs.

WARDS NEW TRIPLE-ELECTRODE SPARK PLUGS 4.98 Set of 8

FOR 1955–56 FORD, MERCURY, LINCOLN. A new 18-mm. plug designed specifically for these Cars. Three electrodes, arranged to shield insulator, eliminate lead fouling, the greatest cause of plug misfiring. Concave-ground side electrodes run cooler and wear at an amazingly slow rate. Should last about 2½ times the life of a standard single electrode plug. Assure *positive* ignition for flash starting, snappier acceleration, maximum power, smoother idling, increased mileage, higher top speed. Jet aircraft type Alumina insulator for rapid cooling, better electrical properties. Accurately gapped—never need regapping.

61 C 1586—Ship. wt., set of 8, 1 lb. ..... Set of 8, $4.98

CHAMPION AND AUTO-LITE PLUGS 83c Each in Sets of 4 or More

CHAMPION. Made by World's largest spark plug company. Proved superior by test in all applications. New electrode of high temperature resistant alloy for longer life.

61 CP 1588—*State Make, Year, Model of Car; Quantity Wanted. Shipped Postpaid.*
Set of 4 ..... $3.32 Set of 6 ..... $4.98 Set of 8 ..... $6.64 Single Plug 87c

AUTO-LITE. Ignition-engineered to meet the demands of today's high-powered engines.

61 CP 1582—*State Make, Year, Model of Car; Quantity Wanted. Shipped Postpaid.*
Set of 4 ..... $3.32 Set of 6 ..... $4.98 Set of 8 ..... $6.64 Single Plug 87c

HOW TO ORDER SPARK PLUGS—(1) State Cat No. or Plug, quantity wanted. (2) State make, year and model of car, truck, tractor, motorcycle, outboard motor, etc. (for Ford V-8 state HP). (3) State Service Wanted: (a) *Severe*—for high speeds, high compression, hot climate, heavy loads, long hauls. (b) *Normal*—original equipment type for average driving with motor in good condition. (c) *Moderate*—slow speeds, low compression, cold climates.

TOP CYLINDER OILER . . . TUNE UPS . . . LUBRICATION ADDITIVES . . . LUBRICATION ACCESSORIES

32 WARDS TOP CYLINDER OILER. Meters oil directly into intake manifold for fast, sure lubrication of top engine parts—retards ring, cylinder wear. Helps stop sticking valves. Holds 1 quart. With 1 quart Wards Engine Tone below included. For cars, trucks, tractors.

61 C 8549—Easy to install. Ship. wt. 5 lbs. $6.95

33 WARDS VITALIZED ENGINE TONE. An upper cylinder lubricant. Helps to increase motor's life and give better mileage. Forms piston ring seal, dissolves ring gum, helps prevent sticky valves. A gasoline additive only—pour into carburetor intake, upper cylinder lubricators or gas tank. Ship. wt. ea. 1 lb. 4 oz.

61 C 8430—Pint Can ..... 45c; 6 for $2.59; 12 for $4.79

34 CASITE SOLVENT. Cleans out sludge. For use in crankcase or through carburetor.

61 CP 8438—*Shipped Postpaid* ..... 1 Pint $1.00

35 ALEMITE CD-2. Tunes up, cleans entire motor. For use in gas tank or crankcase.

61 CP 8429—*Shipped Postpaid* ..... 1 Pint $1.35

36 PYROIL. Lubricates, cleans entire motor. *Postpaid.*

61 CP 8436—12-oz. Can. One crankcase treatment. 72c

61 CP 8435—Pint Can. For gas tank 89c

61 CP 8431—1 qt. Pyroil "A". For Gas Tank $1.69

61 CP 8432—1 qt. Pyroil "B". For Crankcase 1.69

37 GUNK DEGREASER. A solvent. Dissolves grease. Will not harm paint. Non-toxic, non-flammable.

61 C 8439—Quart Can. Ship. wt. 2 lbs. 8 oz. 89c

38 GUMOUT CARBURETOR CLEANING KIT. Clean carburetor economically and fast without removing it. Dissolves all gum, dirt in carburetor. Offers smoother performance.

61 CP 9850—Gumout Kit (not shown). With 1-Pint can of Gumout and fittings for running it directly into carburetor. *Postpaid* $3.95

61 CP 9851—1-Pint Can of Gumout only. Pour directly into gas tank. *Postpaid* $1.50

39 LIGHT MACHINE—GENERAL PURPOSE OIL. For motors, guns.

61 C 8427—4-oz. can. Wt. 5 oz. 20c

61 C 8425—1-Qt. Can. Ship. wt. 2 lbs. 4 oz. 39c

61 C 8425—Two 1-Qt. Cans. Ship. wt. 4 lbs. 8 oz. 69c

40 GASOLINE CAN. Flexible 8-in. strainer spout fits inside bright Red steel can when not in use.

61 C 8517—1-Gal. Wt. 1 lb. 12 oz. .. 69c

61 C 8525—2-Gal. Wt. 2 lbs. 4 oz. .. 98c

41 42 POUR SPOUTS. For Mason jars. Tinned metal. With gasket.

61 C 8501—5½-in. Straight. Wt. 3 oz. 20c

61 C 8500—8-in. Flexible. Wt. 4 oz. 33c

43 8-IN. FLEXIBLE SPOUT. Fits 2-Gal. and 10-Qt. cans. Makes pouring easier—less waste, less mess.

61 C 8528—Wt. 6 oz. 24c

44 U.S. LEGAL GALVANIZED LIQUID MEASURE. Leakproof, rust-resistant. Long flexible spout.

61 C 8526—1 quart. Ship. wt. 1 lb. 4 oz. $1.39

61 C 8527—2 quart. Ship. wt. 1 lb. 10 oz. $1.59

61 C 8534—4 quart. Ship. wt. 2 lbs. 6 oz. $1.89

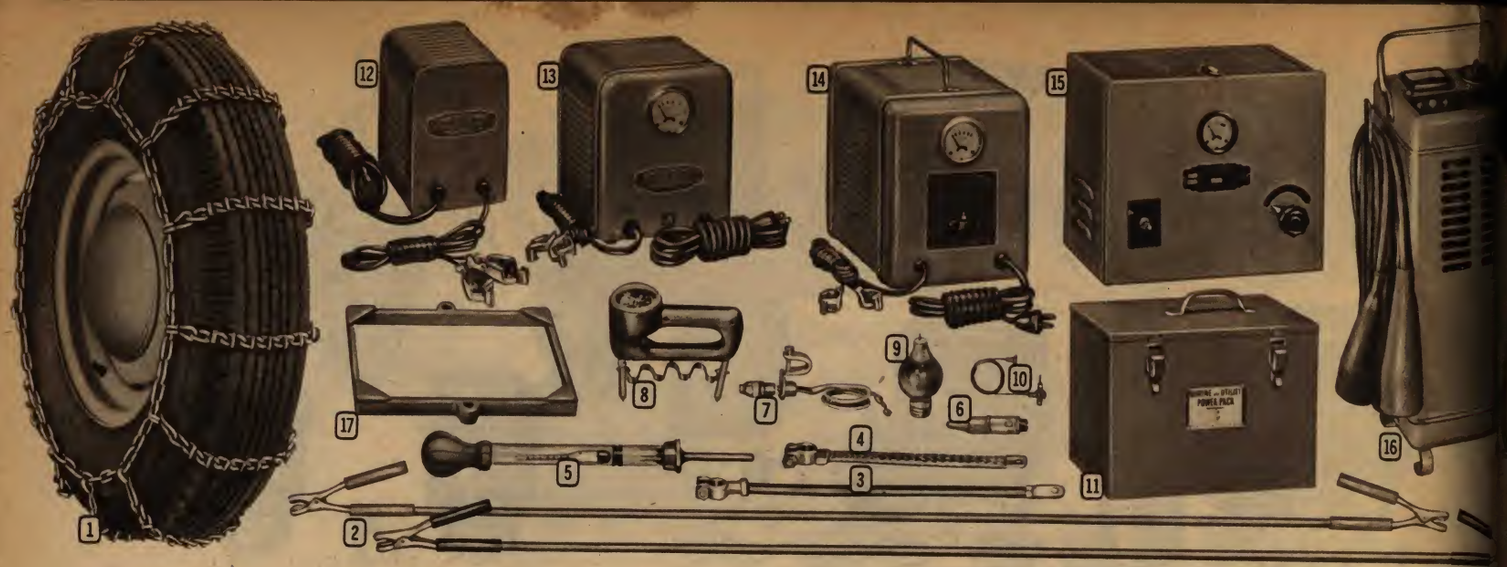
45 FUNNELS. Zinc coated—rust-resistant, leakproof. Top rim prevents spilling. Ship. wt. 2 and 3 lbs.

61 C 8545—5⅛-in. diam. .. 69c

61 C 8547—7⅞-in. diam $1.00

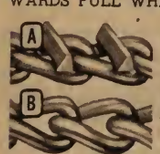
46 2½-GAL. GAS CAN. Red solderless steel. Flexible metal spout—clamps on can. Oil measuring cup included.

61C8518—Bucket-type handle. Wt. 3 lbs. 8 oz. $2.29



Chains, Battery Aids...Only 10% Down on Terms

WARDS FULL WHEEL TIRE CHAINS 6.95 6.00-16 Supreme



1 Made of strong case hardened steel with electrically welded cross chains for long wear, uniform strength. With positive locking fasteners. Wire chain attacher included with each set for easy, quick installation.

(A) REINFORCED LUG-GRIP TYPE. For heavier duty, longer life, best traction. The chains with TEETH—bite into snow and ice. *Mail.*

(B) SUPREME QUALITY LINK TYPE. Gives all around good traction. *Mailable.*

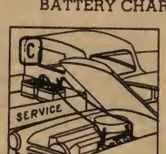
WARDS CONVENIENT MONTHLY PAYMENT PLAN

If you are short of cash and wish to make a purchase from this catalog you can do so by opening a Wards Monthly Payment Plan Account. For details see Inside Back Cover of this book.

BATTERY CHARGER ACCESSORIES AND TESTERS



2 BATTERY QUICK-BOOST CABLES. Connects service battery to battery of a stalled vehicle for "quick-boost" starting (See "C" at left). Ideal for service stations, garages, farms. A "must" for automatic transmissions. Two 8 ft. plastic-covered flexible copper cables and heavy clamps with insulated handles. Ship. wt. pair, 5 lbs.

61 C 6521.....Pair $5.45

3 4 BATTERY CABLES. Meet or exceed original specs. Round cables (3) No. 1-ga. copper wire. Braided straps (4). No. 2-ga. Lead-alloy coated heavy terminals. Av. ship. wt. 1 lb.

(3) BATTERY TO STARTER SWITCH CABLES. Round insulated. See description above.

61 C 6444—19 in.....$1.09
61 C 6456—24 in..... 1.25
61 C 6446—31 in..... 1.49
61 C 6448—42 in..... 1.79
61 C 6452—65 in..... 2.49

(4) BATTERY TO FRAME. Braided. Round listed at left.

61 C 6439— 6½ in.....59c
61 C 6440— 9 in.....65c
61 C 6441—11 in.....75c
61 C 6442—13½ in.....85c
61 C 6443—16½ in.....89c
61 C 6455—24 in.....$1.05

5 BATTERY HYDROMETER. Accurate, easy-to-read. Tells at a glance whether battery needs to be recharged. Float gives specific gravity reading. Temperature correction scale assures corrected specific gravity reading—necessary because acid density changes with temperature. Rubber tip, plug.

61 C 6405—2-oz. cap. rubber bulb. Ship. wt. 8 oz.....$1.39

6 7 CHARGER PLUG-INS. Replace battery charger clips. You can charge battery in your car without raising the hood. Ideal for cars with hard-to-reach batteries. Instructions.

(6) LIGHTER SOCKET PLUG-IN. Plugs into cigarette lighter socket.

61 C 6510—6-Volt. Rubber shield. Ship. wt. 4 oz.....95c

(7) DASH MOUNT SOCKET AND PLUG-IN. Socket mounts permanently on dash. Just plug battery charger into socket. Polarized.

61 C 6503—6-Volt. Ship. wt. 6 oz.....$1.19

8 BATTERY CELL TESTER. A precision instrument with one-hand grip handle. Locates weak cells; shows voltage under load; cell condition. Special alloy shunt places a 200-amp. load on battery during test. Galvanometer type meter tests cell regardless of polarity of battery. Heavy-duty, adjustable contact points.

61 C 6418—For 6 or 12-volts. Ship. wt. 2 lbs.....$3.98

9 BATTERY CHARGER BULB. For 105–110-V AC chargers. 6-amp. Tungar type for wall or stand charger. "Mogul" base.

61 C 6498—Guaranteed 1200 hours. Ship. wt. 9 oz.....$2.85

10 BATTERY JUMPERS. Pin type. Rubber covered wire. Use to connect while charging 2 or more batteries at same time.

61 C 6419—12 in. lg. Ship. wt. 13 oz.....Pkg. of 3 for 75c

WARDS NEW MARINE-UTILITY POWER PACK 21.45

11 Battery carrying case with a built-in 6-V battery charger made especially for electric-starting outboard motors. Can also be used to charge car batteries. Keeps battery fully charged and protected from water. Switch offers full or trickle charge rate. Socket for plugging in a trouble lamp, flasher signal or radio. Grey Hammerloid enameled finish over a heavy steel case. 64-in. extension cord with plug—use in 105–120 volt, 50–60 cycle AC outlet. Size: 8½x10½x14¼ in. long.

61 C 6505 M—Ship. wt. 12 lbs. $2.50 Down on Terms or Cash $21.45

7/16 in.	¾ in.	61C7984	75c
9/16 in.	½ in.	61C7985	75c

19 TO 20 AUTO DOOR GASKETS. Designed to duplicate original. Highest quality sponge rubber. Easy-to-install—no tools required. It seals—it silences—it cushions. Sold in 7½-foot rolls only. Door gaskets have a factory-applied adhesive. However, to insure a stronger, more lasting, weatherproof seal use the Perma-Tite Adhesive (21) listed below for a permanent bond.

(19) 61 C 7987—For 1937-48 Ford, Mercury, Lincoln. Ship. wt. 9 oz.....85c

(20) 61 C 7986—For all 1939–55 Chevrolet, Oldsmobile and Pontiac; 1939–53 Buick; 1940–55 Chrysler, Dodge, DeSoto and Plymouth; 1949–55 Ford, Mercury and Lincoln; 1939–55 Studebaker. Also adaptable for most other cars. Shipping weight 11 oz.....88c

21 PERMATITE ADHESIVE. For permanently bonding rubber to metal, glass, wood, etc. Has exceptional tack and strength. 5-oz. Tube.

61 C 7990—Ship. wt. 7 oz.....55c

22 PORTABLE ALL-WEATHER COVERS—the garage you carry in your car trunk. For cars, boats, farm implements. Protects finish from rain, snow, fog, salt air, sun, etc. Slips on or off in a few seconds. Stays pliable even in sub-zero weather. Won't dry out or deteriorate with age.

(22) 61 C 7778—ALL PLASTIC COVER—DuPont polyethylene. Elastic band on bottom holds cover securely in place. Size: 227x168 in. Wt. 6 lbs.....$11.45

61 C 7702—REINFORCED PLASTIC COVER (not shown). Made of DuPont polyethylene reinforced with fabric. Stronger and more durable than 61 C 7778 above. Resists tears and repels water. Grommets and draw strings provide a snug fit and hold cover securely in place. Size: 258x168 in. Wt. 9 lbs.....$19.95

23 HOOD-LINERS. Glass fiber insulating "blanket" for lining inside of hood. Quiets motor sounds, protects against cold and heat, reduces hood shimmy. Permanent and fire resistant. Easy to install. With instructions, cement.

61 C 8509—BEST QUALITY. Two 15x36x1-in. thick strips. Ship. wt. 2 lbs.....$1.59

61 C 8510—BETTER QUALITY. Two 15x36x½-in. thick strips. Ship. wt. 1 lb.....89c

24 AMMETER. Heavy-duty universal type for cars, trucks—6, 12 and 24-volt. Registers 0 to 30 amperes minus and plus. Magnetically shielded steel case with stainless steel trim. Black dial, white numerals. Withstands vibration.

61 C 8128—Clamps on dash. Ship. wt. 8 oz.....$1.35

25 "KAR START" SPARK BOOSTER. Helps start car on coldest mornings. Boosts spark five times. Provides intense spark the instant starter is pressed to start wet or cold engines immediately. Will not damage spark plug, distributor or starter. Prevents needless battery wear. Instructions and terminals. Wt. 7 oz.

61 C 1332—6-Volt.....$4.25; 61 C 1331—12-Volt.....$5.25

26 SNOW BRUSH, ICE SCRAPER. Plastic bristles, scraper, rubber squeegee.

61 C 9856—Hardwood handle. 26¾ in. long. Ship. wt. 5 oz.....69c

Speed Up Refueling

REFUELING—STORAGE TANKS 94.50 Complete unit

Now available at Wards . . . everything you need to speed up refueling of trucks and tractors . . . and for storing gasoline safely away from your valuable farm buildings. Refueling Units eliminate slow, laborious hand-filling and help reduce fuel costs by permitting you to buy fuel in bulk purchases.

Choose (1) Refueling Tanks with heavy steel stand, (2) Underground Storage Tanks to keep fuel cooler, more volatile, or (3) Portable Storage Tanks for refueling tractor right in the field.

Tanks shipped in about 10 days by Freight or Truck from Fact. near Minneapolis, Minn.—pay freight from there. Allow transit time. Accessories with Cat. Nos. ending in "T" shipped from Stock in Chicago—you pay postage only from Baltimore or Albany.

27 FARM KING REFUELING UNIT. Gravity feed 300-gallon, 14-gauge steel tank with 2-inch fill-vent cap; 10-foot neoprene hose with static wire; bronze hose nozzle; locking outlet valve; tank gauge; heavy steel stand; 2 barrel racks (barrels not included). Red enameled finish. Shipped unassembled. Wt. 270 lbs.
61 C 12422 F—$9.50 Down on Terms.....or Cash $94.50
61 C 12421F—TANK ONLY. Same tank as in unit above, but without steel stand and barrel racks. With 2-inch pipe thread hole in top and 1-inch hole at bottom. No fittings. Wt. 220 lbs.....$49.95

28 UNDERGROUND FUEL TANKS. Keep fuel cool, prevent evaporation, help retain volatility for quicker starting. Asphalt-coated. Two threaded 2-inch pipe holes in top. No fittings.
61 C 12423 F—300-Gal. Tank. 14-Gauge. Wt. 225 lbs.....$49.95
61 C 12424 F—560-Gal. Tank. 12-Gauge. Wt. 455 lbs.....89.50

29 PORTABLE STORAGE TANK. For refueling tractors right in the field. Can be mounted on skids, if desired, and carried in pick-up truck right to the field. 20x48x28 in. high. Two 2-in. openings on top, one 1-in. outlet in front. Lifts (handles) on each end.
61 C 12420 F—Capacity 120 gallons. Ship. wt. 135 lbs.....$44.50

30 LOCKING VALVE. Automatically relieves pressure on hot days. 1-inch pipe threads (male on inlet, female on outlet).
61 C 12409 T—With steel eye for padlock. Ship. wt. 2 lbs.....$3.98

31 HOSE NOZZLE. Self-closing, quick acting, leakproof.
61 C 12407 T—Female 1-in. pipe thread fitting. Wt. 2 lbs.$5.95

32 NEOPRENE HOSE. Weather and gas-resistant. Static wire grounds static electricity. Threaded brass fittings. Wt. 7 lbs.
61 C 12408 T—1-In. Hose. Male 1-in. pipe fitting. 10 ft. long..$6.50
61 C 12410 T—¾-In. Hose Male ¾-in. pipe fitting. 8 ft. long..3.95

Save on Tractor Work Aids

WARDS TRACTOR LIGHTS 2.95 TO 7.95

33 3-WAY TRACTOR-IMPLEMENT WARNING LIGHT. Two mounting brackets for easy interchange of light on two different implements. 4-in. red plastic rear lens and amber forward lens with red side reflectors. 22-ft. heavy-duty cable with male plug. Spool holds wire.
61 C 12507—6-Volt. Ship. wt. 4 lbs. 8 oz.....$7.95

34 TRACTOR-IMPLEMENT WARNING LIGHT CONNECTOR SOCKET. Mounts on tractor for above implement light. Spring held dust cover. Corrosion resistant. Neoprene wire connection boot.
61 C 12508—6-Volt. Ship. wt. 5 oz.....$1.39

35 TRACTOR SPOTLIGHT. With G.E. sealed unit of 40,000 C.P. Swivel base and handle for instant adjustment to any position. Heavy-duty; waterproof. 4½-in. diam. head. Gray enameled. With built-in switch. Adjustable bracket.
61 C 12503—6-volt. Ship. wt. 2 lbs. 4 oz.....$3.95

36 5-IN. DE LUXE TRACTOR FLOOD LAMP. G.E. sealed beam unit, has amazing reflecting ability. Angle-focusing on ground illuminates large rectangular area with strong light at top of pattern for distance. Fits tractors with ball type bracket. Replaces original equipment on Minneapolis-Moline, Oliver, Massey-Harris—others. Stud bolt, nut mounting permit use on other tractors. Black enameled steel.
61 C 12500—6-volt. Ship. wt. 2 lbs.....$2.95

37 5-IN. DOUBLE-DUTY TRACTOR FLOOD, TAIL LAMP. 2 bulbs—1 red (1½ CP) to act as tail light, 1 white (32 CP) to act as work light. 3-way switch (off-Red-White). Black enameled steel body, stainless steel rim. Adjustable bracket.
61 C 12502—6-volt. Ship. wt. 2 lbs. 8 oz.....$3.45

COMPLETE 3-LAMP SET. With wire. Consists of one 12502 lamp and two 12500 lamps listed above.
61 C 12501—Ship. wt. 7 lbs.....$8.95

WARDS TRACTOR SEAT CUSHIONS

38 CUSHIONS FOR FARMALL. Replaces or fits over Farmalls originally equipped with foam rubber seats. 1 in. of shock absorbing foam rubber in waterproof cover of strong, durable vinyl-coated leatherette on drill. With drawstring. Size 18x19 in. Western pattern in 2-tone gray-red color.
61 C 12516T—Ship. wt. 5 lbs.....$5.95

39 SEAT-SHAPED CUSHION. Wards finest tractor cushion. 2-in. rubberized curled hair bonded to 1 in. of foam rubber—comfortable and shock-absorbing. Durable plastic-coated fabric top, Duck bottom. Rot-proof thread stitching. Drawstring flap keeps it in place. 19x21 in.
61 C 12512—Ship. wt. 4 lbs.....$6.75

40 REVERSIBLE SHREDDED FOAM RUBBER CUSHION. Green-orange plastic on one side for cool rainy days and green duck on other for hot sunny days. Absorbs shocks for added comfort. Drawstring flap for fastening to tractor seat and rustproof brass eyelets. Size 19x21x4 in.
61 C 12509—Ship. wt. 4 lbs. 8 oz.....$3.95

41 TRACTOR COOL CUSHION. Filled with interwoven spring wire—lets air circulate between tractor seat and driver to reduce perspiration from lack of circulation. Open-weave multi-color fiber cover. Durable leatherette trim; drawstring for fastening to tractor seat. Fits all bucket-shaped tractor seats. Size 22x22 in.
61 C 12518—Ship. wt. 2 lbs.....$3.49

42 CUSHION FOR JOHN DEERE A, B, C, GM, 40, 50, 60, 70. 4-in. shredded foam rubber on 1 in. of bonded foam rubber—absorbs shocks for added comfort. Plastic coated fabric. Plywood base. 19½x14⅝ in. Brass box corners.
61 C 12515—Ship. wt. 6 lbs. 12 oz.....$9.95

AIR COMPRESSOR SPRAYER COMBINATION

47 Portable Electric Combination Air Compressor and Sprayer—ideal for farm and orchard use. Tank air capacity 10 gallons (or 8 gallons of spray solution). Can be used for spraying insecticides, weed-killer or whitewash, as well as for regular air compressor uses (tire inflating, pressure greasing, etc.). Unit will produce a steady spray for 30 to 40 minutes away from an electric outlet, if beginning pressure is at 100 lbs. Has special air agitator to keep spray solution mixed. To use as an air compressor only (after use as a sprayer) drain spray solution from tank, close liquid valve and open air valve. Easily cleaned.

15 ft. of corrosive-resistant hose, drain plugs, 1-ft. spray rod with brass nozzle and spring loaded control valve, 10-in. rubber wheels, handle with skid-bar. Permolite treated tank resists acid and corrosive solutions. ½ HP motor; 8½-ft. cord; maximum pressure 100 lbs.; air displacement 3.50 cubic ft. per minute; delivered air 1.2 cubic ft. per minute. Size overall 26x11x24 in. Shipped promptly from Stock.
61 C 9090 R—Ship. wt. 110 lbs. Only $30.00 Down on Terms.....or Cash $149.50

WARDS TRACTOR WATER PUMPS

48 WATER PUMP FOR JOHN DEERE TRACTORS. Thermostat controlled, pre-set at 160 degrees, permitting use of alcohol anti-freeze. Reduces gasoline expansion for better gas mileage. Bronze, self-lubricating and circulating bearings for trouble-free service. Easily installed. Pulley belt included. Shipped promptly from Factory near Davenport, Iowa. You pay shipping charges from there.
For John Deere A Series 488,000 and up to 60 Series; B Series 201,000 and up to 50 Series; G Series 26,000 to 44,000. *State tractor year and model.*
61 C 10863 F—Av. ship. wt. 20 lbs.....$38.95

GOVERNOR REPAIR KITS 22.95

[5] Replace those worn Governor parts that are causing your tractor to act sluggish. Get the maximum power when loads demand it. Makes belt speeds easy to control without changing belt pulleys. You still get full motor power on throttled down speeds. Parts are precision made. Governor weights scientifically balanced in pairs for smoother operation. Simple to install—complete instructions—all necessary parts and gaskets. Ship. wt. 4 lbs. 12 oz.
61 C 9585 T—For International Harvester Farmall, Model H. $22.95
61 C 9586 T—For International Harvester Farmall, Model M. 22.95

HIGH COMPRESSION PISTON SETS 29.95 to 68.50

[6] Complete sets—pistons, piston pins and rings. Made of aluminum—40% lighter in weight than original equipment cast-iron pistons. Increases power—offers 50% quicker load pick up—tractor operates one speed faster. Easier starting, smoother running with less vibrations. Mailed in about 15 days from Factory near Davenport, Iowa—you pay postage. Allow transit time. *Mailable*.
State Tractor Make, Year, Model, Serial No., also Size wanted: Standard or Oversize.

WARDS NEW TRACTOR CARBURETORS 15.95

[7] Brand new replacement carburetor that will help restore power efficiency and gas economy. Moving parts in a carburetor are subject to fairly rapid wear. Choke shaft wear admits extra air resulting in poor fuel efficiency and possibly allows harmful dirt to be carried into engine; throttle shaft wear causes poor idling resulting in wasted fuel. Replace worn carburetor now. Ship. promptly from Factory in Chicago. Av. wt. 8 lbs. *Mail.*
Fits Following Tractors and Models: Case R, RC, RI, S, SC, SI, SO, V, VC, VI, VA, VAC, VAI, VAS; Allis-Chalmers B, C, CA, RC, WC, WF, WD; John Deere All (except 50, 60, 70); Ford, Ford-Ferguson All; International Harvester A, AV, Super A and AV, B, BV, Super B, C; Massey-Harris All (except 55, 55K, 101, 201); Minn.-Moline All Models (exc. UT, 21-32 FTA, KTA); Oliver All (exc. 70 HC, 70 KD).
61 C 11064 K — *State Make, Year, Model* of Tractor as listed above. $15.95

WARDS NEW TRUCK CARBURETORS 18.95

[8] Brand new truck down draft single carburetors—not rebuilts. Made by nationally known manufacturers of truck carburetors. Offers full mileage, improves speed, power, pickup, starting and idling. Replaces original equipment exactly. Mailed promptly from Factory in Chicago—you pay postage from there. Wt. 6 lbs. 8 oz. *Mailable*.
State Truck Make, Year and Model.

RAW EDGE RUBBER ENDLESS BELTS ... 33-OZ. 76.95 6 In. x 50-Ft. Belt

Wards Master (Best) Quality Hammermill Belt—best for high speed. 33-oz. hard woven Duck. Four ply, about 3/16 in. thick. Straight cut raw edges wear longer, stand more strain than rolled edges. Continuous wrapped construction—not spliced, no joints to weaken or come apart. Pre-stretched, impregnated with fresh live rubber—heavily friction surfaced. Heavy-duty U.S. Standard 33-oz. hard woven Duck—has 20% greater tensile strength, and 50% less stretch than regular Duck, means longer life. Endless belts are 3 feet shorter than shown. Make allowance when ordering endless belts. Read "Important Ordering Information" below. *Belts weighing up to 70 lbs. are Mailable. Others shipped by Freight, Truck or Express.*

IMPORTANT ORDERING AND SHIPPING INFORMATION FOR ALL BELTS AND BELTING

Order Correct Size. Determine length around outside of first pulley, around outside of opposite pulley and back. Use steel tape or rope—do not stretch. Standard length endless belts listed above are about 3 feet shorter than listed size due to splice; order belt 3 feet longer than needed. Belting by the foot is cut to exact length. Belting up to 5 in. wide should be ordered 1½ in. narrower than pulley width; 6 to 12-in. belting 1 in. narrower than pulley. *State exact width, length wanted.*

SPLICING. Wards can furnish special length made-to-order endless belts. Rubber belts have vulcanized splice; canvas belts are sewed; leather belts are cemented. Include extra splicing charge shown at right (splicing charge includes extra material needed for splice). Order belt exact length needed. Rubber belting shorter than 8 ft. cannot be vulcanized. Allow extra time for splicing. No C.O.D. orders.

LACING. Belting by-the-foot will be laced at no extra charge. Be sure to order exact length wanted. *State choice of Wiregrip or Steelgrip lacing.*

SHIPPING INFORMATION: Belts with asterisk (*) or Suffix "TO" shipped from Baltimore, "KO" from Philadelphia. For spliced belts, see table. Others shipped from Stock.

Choose Wards Ornamental Lawn Fence for Beauty

GALVANIZED LAWN FENCE AS LOW AS 17¾c TO 38c Per Ft.

America's most popular lawn fence for homes, gardens, and parks. Strong, rigid—all wires galvanized steel. Your choice of Double or Single Picket Style in woven or welded construction.

1 2 WOVEN PICKET. Heavy 9½-gauge crimped picket wires. Horizontal line wires made of two 13-ga. wires, tightly twisted around each other and each picket. Single and double picket fence has line wires spaced about 6 in. apart, except for 2 top cables 2⅜ in. apart. Double picket (picture (1) above) has pickets spaced 3 in. apart at top, 1⅜ in. at bottom. Single picket (picture (2)) has picket wires spaced 3 in., the entire height of fence.

3 4 WELDED PICKET. Like woven picket above, but made of lighter 11-gauge galvanized wires throughout. Joints are welded smooth where wires cross—requires less stretching. Line wires have tension crimp. Single and double picket welded fence has 1st and 2nd line wires from the top spaced 4 in. apart—2nd and 3rd wires 5 in. apart. All others are spaced 6 in. apart.

The Double Picket (picture (3)) has picket wires spaced 1⅜ in. apart at bottom, about 3 in. apart at top. Single Picket pictured in (4) has picket wires spaced 3 in. apart the entire height of fence.

Either style furnished in cut lengths or full rolls of 100 ft. Ship. wts. see table at right. Shipped promptly from Stock. *State height and number of feet wanted.*

ORNAMENTAL STEEL FENCE POSTS

Give Your Fence the Added Strength and Beauty that means longest wear with Wards Galvanized Ornamental Steel Posts. Available for both woven or welded picket and chain link fence, in types for use with or without top rail. Made of heavy-gauge steel pipe, zinc coated to give protection against rust and corrosion. All necessary fittings and braces included—you have nothing extra to buy—everything comes in one package at one price. Also included are easy-to-follow instructions for setting up posts and stretching fence. Posts shipped promptly from Stock by Freight, Truck or Express.

How to Order—Read Carefully: Corrugated "U" or Tubular line Posts may be used for either chain link or picket fence. For End, Gate and Corner installation, order 2-in. O.D. Tubular type only. Posts for Chain Link are listed in separate tables. Top rail listed separately at right, may be used with either type of fence, but you must order "posts for fence with top rail" as indicated. For proper installation, set posts no more than 8 to 10 ft. apart.

Corner, End and Gate Posts: Tubular style only. Order 2½ ft. higher than fence ht., as they should be set in 2½ ft. of concrete for best and longest-lasting fence.

Line Posts: Either Tubular or Corrugated. Order 2 ft. higher than fence ht. Tubular style should be set in 2 ft. of concrete; Corrugated style have anchor plate, and need no concrete.

LAWN FENCE INSTALLATION KIT AVAILABLE ON LOAN

18 Kit includes special tools needed for building lawn fence purchased from Wards—Post Hole Digger, Stretcher, Clamp, Level, Fence Pliers and instructions. Include catalog number below and $18.50 deposit with your fence order. Return kit postpaid within 60 days, in good condition, deposit is refunded. Shipping weight 38 lbs.

WOOD PICKET FENCE 8-FT. PANEL 5.98 3 ft. high

24 Now you can have a good looking, long lasting picket fence without building it yourself, picket by picket. Pickets made of California Redwood, rails or stringers Pine, all prime coat dip painted white. Just set the posts and nail the section ends to them, add matching gates, sold separately below, and lawn is fenced.

Fence comes in 8-foot Sections or Panels, your choice of two heights, two picket sizes (see table below). Pickets form a straight top fence. Smaller pickets are spaced 2½ inches apart, larger size 3 inches apart, and nailed to position on top and bottom rails. Reinforced by two diagonal braces. Posts for fence are 6 ft. long. Order the same posts for end, line, or gate—all are 1⅝ in. by 2⅝ in. Corner posts are larger, 3⅝ by 3⅝, to take extra strain.

Gates in sizes to match fence panels, braced to prevent sagging. Pickets are same size and spaced like panels. Rails and braces match fence. Shipped from Factory near Lansing, Michigan. Allow Factory about 5 days plus time in transit. You pay transportation charges from Factory.

It will show how you can beautify your lawn now without great financial burden, pay as you enjoy the security and protection a well-fenced lawn can provide for you and your family.

Stock and Poultry Fence...Electric Controllers

STOCK FENCE LOW AS 11.35 Bale 26 in.

Wards Stock and Poultry Fence is galvanized with a coat of pure zinc, bonded so tightly it is practically part of the wire itself, applied so uniformly that it won't chip or flake off even when wrapped around its own diameter. Heavy-duty "Hinge Joint" construction—each vertical wire wrapped a full 1¾ times around horizontal wires. Knots won't spread, slip or pull apart—fence resists crowding or "riding" by stock, won't bend or stretch out of shape. Adapts to contour of the ground, contracts and expands with variations in temperature. All line wires have a deep, heavy crimp to give additional protection against sagging, maintain tension under varying conditions. All wires are full gauge as specified, conform to industry standards. Stock fence comes in full bales of 20 Rods (330 ft.); Poultry Fence in full bales of 10 Rods (165 ft.). Shipped promptly from Stock in Albany, N.Y., by Freight, Truck or Express. You pay transportation costs from shipping point. *Not Mailable.*

BARBED WIRE 5.19 80-rod spool

3 American and Imported Barbed Wire. Finest quality open-hearth steel wire, heavily galvanized to resist rust. Extra sharp barbs will not slip or twist—ideal for electric fence because barbs penetrate hair. Equalized tension winding—both cables carefully wound to pull together. Imported Wire from mills in Western Europe. Guaranteed full gauge. Sold only in 80-rod spools (1320 ft.). Both shipped from Stock in Albany, N.Y. by Freight, Truck or Express. See shipping information on pages 970 and 971.

Steel Fence Posts...Beekeeping Supplies

POST HOLE DIGGER 4.15

22 HERCULES PATTERN POST HOLE DIGGER. Hinge-type, forged steel frame, sharpened high carbon steel blades. 6-in. bite 9 in. deep. Hardwood handles.
87 C 9624 MO—58 in. high. Wt. 10 lbs. *Mallable*...$4.15

STEEL FENCE POSTS 69c TO 1.08 lots of 50 or more

WARDS STEEL FENCE POSTS may be used for barbed or woven wire or for electric fence installation. One man can set them easily; fence retains rigidity because of firm hold in the ground, strengthened by anchor plate. Steel posts permit burning of brush along fence line. The enamel finish guards against weather deterioration. Choose the post below that best fits your fencing needs. Shipped promptly from Stock in Albany by Freight, Truck or Express.

23 PUNCHED ANGLE STEEL POST. 1¼ by 1¼ by 9/64 in. rail steel. Anchor plate holds firmly. *Not Mallable.*
87 C 9600 R—Enameled red. *State height and quantity.*

Ht. of Post	Ship. Wt.	1 to 49 Each	50 or more Each
5 ft.	6 lbs. 4 oz.	71c	69c
6 ft.	7 lbs. 4 oz.	82c	80c
6½ ft.	7 lbs. 12 oz.	88c	86c
7 ft.	8 lbs. 8 oz.	93c	91c

SELF FASTENER ANGLE POSTS. 1¼x1¼x9/64-in. high carbon steel. Like picture 23 but with lips instead of punched holes—fence wire is put in place and lips are tapped down to hold; no staples necessary. Allows quickest attachment of fence to post. *Not Mallable.*
87 C 9602 R—Enameled Red. *State quantity, height.*

Ht. of Post	Ship. wt.	1 to 49 Price Ea.	50 or More Each
6 ft.	7 lbs. 4 oz.	83c	81c
6½ ft.	7 lbs. 12 oz.	89c	87c
7 ft.	8 lbs. 8 oz.	94c	92c

24 PUNCHED "U" POSTS. 2 in. across face, 3/32 in. thick. Similar to picture but with heavy anchor plate. High Carbon steel. *Not Mall.*
87 C 9604 R—Enameled Red. *State height, quantity.*

Ht. of Post	Ship. wt.	1 to 49 Price Ea.	50 or More Each

Special Prices on Early Day-Old Chick Orders

EARLY PRICES SAVE UP TO 1.00 per 100 chicks

Orders for day-old chicks placed during January and February—through February 29, 1956—will save you up to 1c per chick, and you may have your birds delivered any time before June 30. Simply place your order, specifying time of delivery wanted, and deduct ½c per chick (50c per 100) on 2-Star; ¾c per chick (75c per 100) on 3-Star; and 1c per chick ($1.00 per 100) on 4-Star chicks, from prices shown in tables at right.

Wards Day-old Chicks are from U. S. Pullorum, Typhoid Clean parent stock. This means that all flocks have been tested for Typhoid and Pullorum Disease (B.W.D.) and have had no reactors in two consecutive tests made at intervals of six months. All flocks are leg-banded by State Authorized Testing Agents—your assurance of healthy chicks.

4-STAR CHICKS are the result of 16 years of mating carefully selected pure-bred hens with pedigreed R.O.P. males from some of America's finest breeding farms—such as Parmenter, Hannah, Holtzapple, Creighton, etc.

3-STAR CHICKS are next in quality to Wards 4-Star grade, and receive a rich strain of the pedigreed blood from both parents, since they are direct descendants of 4-Star or comparable flocks.

2-STAR CHICKS are descendants of 3-Star and 4-Star flocks or flocks of equal quality, and have benefited by the up-breeding trend in the entire program, though they have no direct pedigreed ancestry. Ideal for all-purpose flocks.

As-Hatched chicks run about 50% Pullets. For full description see Wards 1956 Farm Book.

IMPORTANT SHIPPING INFORMATION

Day-old Chicks are *shipped prepaid* by Parcel Post only. Be sure to state 2nd choice of breed if possible. On cockerel orders, we reserve right to ship as hatched chicks unless otherwise notified. 50% down payment is required on C.O.D. orders. Hatchery will ship as near date requested as possible and will notify you of exact date. No orders for sexed chicks accepted after July 1.

WARDS DAY-OLD CHICK GUARANTEE

We will replace without charge any shortage of chicks due to loss in shipment. We will also replace at ½ price all loss over 5% during the first 2 weeks of brooding, provided proper care and equipment are used. All claims must be filed within 17 days after arrival. In case of mistake in breed, grade or sex, we refund the difference between cost of chicks ordered and those received. Wards are not responsible for any amount greater than cost of chicks. 95% accuracy guaranteed for sexed chicks.

BROILER-TYPE DAY-OLD CHICKS

For quick profits in broiler raising, select breeds that mature quickly; be ready to market between the 12th weeks at 3½ lbs. or more—such as the Cornish (Pictured) and the Delaware Hamp, both listed below hatched only, shipped prepaid from hatchery.

CORNISH HAMPS are a cross of Cornish Cockerels and Hampshire hens. Extra-large and broad-breasted, they abundant meat; mature and feather early. Bright any red plumage. If kept to maturity, hens will weigh 8½ lbs. cockerels about 11 lbs.

DELAWARE HAMPS are a cross of Delaware males with Hampshire hens. They have large frames, deep quick feathering, early maturity. White plumage with deep red. Adult wts.: 8½ lbs. for hens, 11 lbs.

Catalog No.	Breed	25	50	100	300
87 CP 3245K	Cornish Hamps	$4.95	$9.25	$16.95	$50.25
87 CP 4115K	Delaware Hamps	4.95	9.25	16.95	50.25

Increase Chick Profits With Quality Equipment

3-DECK BROILER FARM 45.50

A Put 30 to 40 day-old chicks in top deck, divide at 4 weeks and place in lower decks until broiler weight. Top deck same as box brooder (B). Lower decks have 14-in. headroom, 1 galv. steel feeder and 1 waterer each. Galvanized steel drop pans; floors welded wire mesh, bound with ¼-in. steel rod—both removable. Unit 28-ga. galv. steel, 1x1x⅛-in. angle posts. 42 by 33½ by 53 in. high. Shipped promptly from Stock. UL Approved.

87 C 3394 R—Ship. wt. 115 lbs. $5 Down..... or Cash $45.50

B 120-CHICK BOX BROODER. Galvanized steel. 160-watt heating element, automatically controlled. Heat retaining curtain. Two feeders and one waterer. ½-in. welded wire mesh floor and drop pan are removable. 40½ by 33½ in. 9-in. headroom. For 110 to 120-volts, AC. Shipped promptly from Stock.

87 C 4083 R—Ship. wt. 36 lbs. UL Approved.....$18.50

87 C 4057 MO—50-CHICK BOX BROODER. 60-watt element. 1 feeder, 1 waterer. 28½ by 23 in. *Mailed* from Stock. Ship. wt. 23 lbs..$11.45

C ROLL-OUT COLONY HEN'S NEST. Simplifies gathering, eggs are cleaner and cool faster; prevents breakage. Slanting welded wire mesh floor enables eggs to roll gently into tray across front, out of hen's reach. 28-ga. galvanized steel. Hinged cover over tray and hinged front. 9-in. opening. 2 removable drop pans. Open back. Laying space for 50 to 60 birds; accommodates 10 to 12 birds at one time. 24 by 48 by 23 in. high at back. *Not Mailable.*

87 C 3842 R—Ship. wt. 46 lbs. 5 for $83.50.....Each $17.45

D FINEST ELECTRIC BROODER gives chicks healthiest start possible. Fully automatic, with Sterilamp to kill bacteria, reduce diseases, and electric fan that circulates purified warm air to all parts of brooder—prevents hot spots, chick crowding, Enclosed 1000-watt wire heating element, 33½ in. square, automatically controlled. Heavy 26-ga. rust-resistant steel canopy is 60 in. square, lined with Masonite Presdwood, additional Fiberglas insulation above heating panel. Thermometer, pilot light. Observation window. Adjustable legs. For 110- to 120-volts, 60-cycle AC. Instructions. Ship. wt. 83 lbs. UL Approved. All electric brooders below, shipped promptly from Stock in Baltimore, Md. or Albany, N.Y.

87 C 4033 R—500-chick capacity. $5.50 Down.....or Cash $53.95

ELECTRIC BROODERS LIKE ABOVE WITHOUT STERILAMP AND FAN

87 C 4032 R—500-chick capacity. 60-in. sq. canopy. 1000-watt heating element. Ship. wt. 78 lbs. UL Approved.....$38.75

87 C 4031 R—300-chick capacity. 46-in. sq. canopy. 800-watt heating element. Ship. wt. 52 lbs. UL Approved.....$29.50

ECONOMY ELECTRIC BROODER. Designed for the small operator. Economical to operate. Requires a minimum of floor area. 200-watt Chromolox heating element, automatic heat control for even heat. Specifications similar to above. *Mailable.* Not insulated. UL Approved. Ship. wt. 14 lbs.

87 C 4034 MO—100-chick cap. 28-in. sq. canopy.....$10.59

NOTE—Day-old chick capacities for all brooders are accurate as stated. Capacities for growing birds will vary, however, according to breed, housing, climate, rate of growth, your feed and management program.

150-LB. ROUND POULTRY FEEDER 10.75

E Saves time and labor. Feed your flock once a week. Easily adjusted for grain, mash or pellets. Adjustable feed flow assures fresh, clean feed at all times. No bridging or clogging. Heavy 24- and 26-ga. galvanized steel. Tapered hopper 29 in. high, 17-in. diam. Pan, 24-in. diam. Allow one feeder for each 125 broilers, 80 layers, or 50 turkeys. Order Rain Shelters below. *Not Mailable.*

87 C 3601 R—Ship. wt. 26 lbs..6 for $61.25; Each $10.75

100-LB. ROUND FEEDER. 26 in. high, pan, 21-in. diam.

INFRA-RED BROODERS PROVIDE EFFICIENT, EASIER CHICK CARE—GET BIGGER PROFITS, REDUCE LOSSES

Clean, penetrating, radiant heat warms only chicks or objects within infra-red rays, not surrounding air. Chick mortality is lower; litter stays dry; chicks in full view, will not crowd. Also for pigs and lambs. Use anywhere a quick, spot heat is needed. Complete with 250-watt, clear glass, infra-red bulbs. For 110 to 120-volts. AC. Enameled steel fixtures, wire guards. All UL Approved except Nos. 3998 and 3944 which have UL cord and socket.

R SINGLE-BULB UNIT. Metal hood gives extra protection to bulb. Fixture 10½-in. diam. For 75 to 100 baby chicks.

87 C 3998 M—Ship. wt. 6 lbs. 8 oz.....6 for $20.95; Each $3.69

SINGLE-BULB UTILITY UNIT. Fixture 6⅞-in. diam. For 75 to 100 baby chicks. With steel strap guard.

87 C 3944 L—Ship. wt. 2 lbs. 8 oz.....6 for $18.50; Each $3.25

TWO-BULB UNIT. 5¼ by 24 in. For 150 to 200 baby chicks.

87 C 3806 M—Ship. wt. 6 lbs. 8 oz.....6 for $33.95; Each $5.98

THREE-BULB UNIT. Fixture 15⅜-in. diam. Manual switch turns off 1, 2 or 3 bulbs. For 225 to 300 baby chicks.

87 C 3808 M—Ship. wt. 9 lbs.....6 for $50.95; Each $8.95

T FOUR-BULB UNIT. Our most popular listing. Positive-acting thermostat control for 3 bulbs, 1 bulb remains on at all times. 15⅜-in. diam. fixture. For 300 to 400 baby chicks.

87 C 3809 M—Ship. wt. 9 lbs.....6 for $64.95; Each $11.45

U SIX-BULB UNIT. Heavy-gauge fixture, 12 in. wide, 60 in. long. Thermostat control for 3 bulbs; three remain on at all times. For 450 to 600 baby chicks. *Not Mailable.*

87 C 3822 R—Ship. wt. 25 lbs.....6 for $110.95; Ea. $19.50

V G.E. INFRA-RED BULB. Clear Glass. Lasts up to 5000 hours.

87 CP 4053—250-watt. *Postpaid*.....7 for $4.20; Each 75c

WARDS INFRA-RED BULB. Clear glass. Lasts up to 5000 hrs.

GLASS SUBSTITUTES—STANDARD VI-O-PHANE 13¼c . . . CEL-O-GLASS 27½c Per Ft. in 100-ft. rolls

Six basic types for seasonal (winter) or year 'round replacement of windows and doors, storm windows; for hot beds, cold frames. Keep out rain, snow, hail and wind; hold heat in. Use in hog and poultry houses, dairy barns, to enclose porches. Economical for extra storm sections of doors, basement windows—may be tacked over screen. Lightweight, easy to handle—cut with scissors. Install with wood or fiber strips nailed over edges to keep wind from tearing material. Also use Vinyl Glass or Polyethylene for inside storm windows. Cut to fit frame and fasten with masking tape. Order from Table. *Mailable.*

DUPONT CEL-O-GLASS. Our finest and strongest. 14-mesh galvanized wire, coated on both sides with cellulose acetate. Lasts up to 7 years; costs about $1.92 for average door. Admits ultra-violet rays; glareproof, diffuses sunlight in a soft glow. Translucent. Shatterproof, will not tear—holds its shape. Fine for temporary partitions—breaks up space but doesn't interfere with light. Also effective for store and window displays because it's heat resistant and easy to decorate.

HEAVY-WT. VI-O-PHANE. 2 sheets of Buterate plastic fused on both sides of ¼-in. white cord mesh, fully 25% heavier than similar materials. Admits ultra-violet rays. Translucent. Lasts up to 4 seasons.

STANDARD-WT. VI-O-PHANE. 2 medium wt. sheets of cellulose acetate fused on both sides of ¼-in. white cord mesh. Same weight as sold by others as best quality. Transmits ultra-violet rays. Translucent. Lasts up to 3 seasons.

HOME SIZE MILK PASTEURIZERS 23.95 TO 47.50 for Electric or Stove-Top Operation

(R) (T) (U) CIRCULATION TYPE PASTEURIZER. Employs indirect heating through circulation to do a complete, automatic job. Milk has no cooked taste, and about 50% of the cream is distributed through milk. Lightweight aluminum unit. No moving parts, nothing to adjust. Thermostat is pre-set, buzzer signals when milk is ready to cool, heating element automatically shuts off. Inner container on R and T lifts out for cooling under faucet (see picture 1) or may be dropped into cooling tank. No rebottling necessary, milk pours easily from opening (see picture 3). Easily cleaned (see picture 2). Outer container holds water. Submerge inner container filled with milk, and plug-in switch. Operates on 110–120 volts, 60 cycle AC only. 1250-watt immersion heating element. 2-gallon size costs about 5c a week to operate.

(R) 2-GAL. ELECTRIC MODEL. Completes pasteurization in 40 min.
87 C 4816 M—Ship. wt. 10 lbs. $3.50 Down...or Cash $31.95

(T) 2-GALLON STOVE MODEL. Like (R) above except heated by placing unit on stove. Thermostatically controlled. Cord for operating buzzer for 110 to 120 volts. AC. Ship. wt. 8 lbs.
87 C 4818 M—$3 Down on Terms.....or Cash $28.95

(U) 5-QUART ELECTRIC MODEL. Completes pasteurization in 15 to 20 minutes. Fast-acting, convenient size. Inner container removes for cooling and storing in refrigerator (picture 4).
87 C 4819 M—Ship. wt. 7 lbs. $2.50 Down...or Cash $23.95

Provide wholesome, disease-free milk for your family—from your own herd; process it in your kitchen, keep all the natural flavor with no loss of nutritional value. The prevalence of Undulant Fever in the United States is a real cause for concern, and pasteurization is the only sure way to eliminate the germ. Raw milk is also a perfect carrier for Typhoid, Tuberculosis, Scarlet Fever, Septic Sore Throat and other bacteria. Guard against them all—at an unbelievably low cost by using these home-size Pasteurizers.

(V) AGITATION TYPE PASTEURIZER. Same system as large commercial models—constant agitation and controlled indirect heating. Helps preserve original structure of the milk, maintains most of the creamline. Electrically driven agitator keeps both milk and water bath in constant motion (see picture 5). Thermostat controls temperature, automatically shuts off heat when pasteurization is complete, turns on buzzer when milk is ready for cooling. Cold water in cooling hose forces out hot water through outlet hose near top of unit (see picture 6). Milk cools quickly and evenly. Container and cover are aluminum, finished in baked enamel. Detachable stainless steel agitator. 1250-watt immersion heating element; silent dependable motor; for 110–120 volts, 60 cycle AC only. Costs less than 1c per gallon of milk.
87 C 4828 MO—2-gallon. Shipping weight 15 lbs.
$5 Down on Terms.....or Cash $47.50

NEW 4-GAL. FLAME THROWER 21.75

Wards Flame Throwers work like a blowtorch—to thaw ice, disinfect and sterilize seed bed, livestock quarters or chicken yards. Flame need not touch surface to disinfect. Heat is effective 1 ft. ahead of flame. Use them to burn stumps, warm water in stock tanks, clear ditches, split large rocks, bend pipes, destroy garbage, remove old paint, preheat metals for welding.

(W) NEW 4-GAL. MODEL. With safety pressure relief valve built into large filler opening, automatically releases pressure at 45 lbs. Even if tank falls in front of flame, there is no danger of explosion or fire. Also eliminates need for pressure gauge because pressure cannot be built up beyond safe limits. Large opening for easy filling. Throws smokeless flame 2 ft. long, 12 in. wide at 2000°F. Burns 94% air, 6% fuel—uses about 1 gal. kerosene or distillate per hour. Heavy-steel construction. All seams electrically welded. 6 ft. of oil-proof synthetic hose. 1¾ by 15-in. brass pump with oilproof valve. Adjustable carrying strap.
87 C 6027 MB—Ship. wt. 20 lbs. *Mailable*.....$21.75

(X) 1-GAL. HOSELESS FLAME THROWER weighs only 10 lbs. Compact for easy handling. Tripod legs and balanced handle permit use of flame in any position—up or down, with equal ease and efficiency. Throws a windproof, smokeless flame up to 2 ft. long, 3 in. wide at 2000°F. Economical, uses about 1 gal. of kerosene or distillate per hour. Burns 94% air, 6% fuel. Tank and burner coil of durable seamless steel tubing. Brass pressure pump.
87 C 6060 M—Ship. wt. 10 lbs. *Mailable*.....$14.95

(Y) 4-GALLON SPITFIRE FLAME THROWER. Throws a windproof, smokeless flame 2 ft. long and 3 in. wide at 2000°F. Intense heat disinfects without touching, is effective up to 1 ft. ahead of flame. Economical to operate—burns 94% air, 6% fuel, uses about 1 gal. kerosene or distillate per hour. Heavy steel construction with 4-gal. capacity tank. All seams electrically welded. Funnel top for easy filling without waste. Heavy screw-type 13¾ by 14-in. seamless brass pump has safety pressure release. Complete with pressure gauge, 6 ft. of ⅜-in. oil resisting hose, brass shut-off valve, carrying handle on burner and adjustable carrying strap on tank.
87 C 6045 MB—Ship. wt. 20 lbs. *Mailable*.....$19.75

(BB) MASTER QUALITY TREATED ROPE, made in U.S.A. from long Manila Fibers that have been thoroughly soaked before twisting in Formula W—a copper base solution for treatment of Manila Fibers. Government agencies and independent laboratories have subjected treated materials to severest conditions, over a 4-year period, and have proved conclusively that they become permanently rot and mildew repellent; that prolonged submersion in water failed to show deterioration or swelling; that tensile strength is retained under toughest usage; and that there is no detectable deterioration after long storage.

Exceeds Govt. Breaking Strain Tests (Bulletin TR 601-A). Rope treated with Formula W should outwear untreated 3 to 1. Exceeds Govt. specifications (13-11) for treated rope. Not sticky or oily. Order from Table above.

STANDARD QUALITY MANILA ROPE. Lubricated to resist friction. Fine Quality Manila fibers. Not treated with Copper solution. Exceeds Govt. Breaking Strain Tests. Order, Table above.

(CC) LARIAT OR TRUCKERS' ROPE. Strong manila fibers, tightly laid. Oiled and treated to resist moisture and mildew. 7/16-in. diam. Cut to order. *State length wanted.* Ship. wt. per 10 ft., 9 oz.

FRONT-OPENING MILK COOLER 349.00 4 Can

(AA) Eliminates lifting of heavy milk-filled cans, loads easily through wide door in front. Spray-type cooling system has large, low-pressure water pump, delivers icy cold water over breast and sides of cans, cooling from top to bottom. Cools full capacity to 50°F. in one hour, maintains even temperature. 6-can cooler has extra power with ½-HP. motor. Each size listed below will cool double capacity 8, 12 and 16 cans each 24-hour day. Pump mounted in cabinet, driven by ¼-HP 110–120-volt ball-bearing motor, controlled by time switch.

Heavily galvanized interior has 3-inch Fiberglas insulation, sealed in. Exterior sturdy rust-resistant aluminum, finished in gray hammertone baked enamel; nickel plated hardware. Operates on 110–120 volts, 60-cycle AC only. 4 and 6-can sizes have one door, 8-can size has 2 doors; heavy rubber gaskets around all doors for positive seal. Refrigerating coils hermetically sealed. All units 41 in. high. Shipped promptly, ready to operate; instructions. Pay charges from Madison, Wis.

New Higher HP, Faster Cutting Mall Chain Saws

15 TO 54-IN. SIZES, ONE AND TWO-MAN MODELS FOR ANY TYPE CUTTING

LIGHTWEIGHT AND POWERFUL FOR HEAVY-DUTY SERVICE

Only these higher horsepower Mall Chain Saws have the quality features and time-proven performance that come from 19 years of leadership in the industry—hundreds of thousands of saws produced and many of them still in use. Parts are designed and manufactured by Mall to give years of dependable, rugged use. Simple construction with fewer parts. Low priced, but power-packed to give fast cuts.

Mall saws are completely balanced . . . work balanced for perfect pivoting action in the cut, to handle comfortably while cutting in any position; weight balanced for greater ease in carrying from tree to tree with minimum operator fatigue. Flush cut design enables ground level cuts—no troublesome stumps. They are compact, lightweight and streamlined for both appearance and workability.

Guide bar is of alloy tempered spring steel with special Tocco hardened running edges and tip. Chain tension is easily adjusted for most efficient operation. Positive action pressure oiler can't get clogged by sawdust or chips. All saws include complete kit of quality tools for full service in the field, extra chain links and instruction manual.

Check each quality engineering feature below, compare with the most expensive saws on the market and you will agree that Mall saws give you most for your money.

AIR-COOLED, SINGLE CYLINDER TWO-CYCLE ENGINES: Designed and built by Mall for chain saws. Magnesium alloy crankcase. Aluminum alloy cylinder and piston. Cylinder wall chrome plated to dissipate heat, give longer life. Forged steel crankshaft. Large cooling flywheel. Ball and roller bearings. Large air filter with rotating screen keeps out dirt, dust and snow. Trigger throttle for positive speed control. Spill-proof gas filler cap plus flame and spark proof muffler provide important safeguards against fire.

STALLPROOF AUTOMATIC CLUTCH: Multiple shoe type centrifugal force clutch, controlled by engine speed. Keeps engine running. Clutch disengages under pinch or excessive load, restarts automatically when difficulty is corrected.

CARBURETOR: Model OMG, IMG and 2MG saws have standard float feed carburetor. Diaphragm carburetor available at $10 extra—provides continuous, forced fuel feed for smoother, more effective cutting at any angle. IMPORTANT: If you desire, specify "With Diaphragm Carburetor", also add letter "F" after catalog number on order and add $10 to price. Shipped promptly, *Prepaid* from Factory near Chicago, Ill.

DUST AND MOISTURE PROOF IGNITION SYSTEM: High tension magneto for quick, sure-fire starts, even in cold weather.

ALL-WEATHER REWIND STARTER: A quick pull on rubber hand grip starts the engine; cable rewinds instantly for next start.

EXCLUSIVE DESIGN, MALL FAST CUTTING CHAINS: For general, all-purpose cutting in any timber. High carbon alloy steel, with chrome plated, longer life cutters to hold a keen cutting edge. Precision surface ground to maintain proper thickness.

5-HP SAW WITH DIRECT DRIVE 250.00 18 in.

(A) MODEL 4MG. A professional pulp production saw featuring direct drive and diaphragm carburetor. Designed for high-speed pulp-cutting, its 5 brake HP and simple design make it ideal for general farm use, too. With direct drive, chain speed is twice as fast as standard chain speeds, for faster cuts in small diam. timber. Direct drive has fewer parts, too, for more economical maintainance.

Diaphragm carburetor permits engine to operate efficiently at any position for extended periods of time—even upside down. Controls are placed in simple, keyboard design for one-hand operation. Plunger pump gives positive lubrication while the saw is in action—oil when you want it. Hardened sprockets. Enclosed ignition protects against sawdust and moisture. Shipped promptly, *Prepaid*.

Free: Wards 1956 Farm Book

NEW TRENDS IN EQUIPMENT; COMPLETE SELECTIONS; MONEY-SAVING PRICES

It's time to send for your free copy of Wards New Farm Book for 1956—with top value needs for all phases of Farming on every one of its 184 pages. Use it as a reliable guide to help you in selecting the newest, carefully engineered, farm-tested equipment—all factually described, with clear detailed photographs—many in color.

Pictured above are representative items chosen from the broad lines in this big Farm Book. Some items, some whole lines are new. Others are tested, tried, and accepted, standard implements. Many are familiar pieces of equipment, improved in some manner, given a new feature that contributes to easing farm labor loads, increasing crop yield, building up profits. Whatever it is you're looking for in the farm field, be sure to check Wards 1956 Farm Book first.

You'll see the new Stainless Steel Bulk Milk Cooler in sizes up to 275 gallon, plus new front-opening can-storage coolers for the up-to-date dairyman; an automatic spraying device that operates from a small vacuum pump and rids the dairy barn of flies with a flick of the switch in less than five minutes time; new commercial-size egg graders and coolers for efficient, profitable egg marketing.

For the first time on a "mail order" basis, the hog raiser can obtain 8-week-old breeding stock pigs from qualified lean-meat strains—direct from the country's only Certified Sires—available in 3 popular breeds; and for this same hog farmer, new creep feeding equipment to minimize work and worry at farrowing time, reduce early loss; helps wean complete litters, bring more pigs to market. There's a complete new Garden Tractor Section, featuring 8 Models that provide the size tractor you want and need at the price you want to pay; and quick-hitch Attachments designed to perform dozens of chores about the farm, garden and estate. The Pump department is enlarged—with more selections and accessories for better installation; and a full line of large pumps has been added, together with a complete new section of Irrigation Equipment. There's a new line of lightweight 2- and 4-cycle Gasoline Engines, plus a broader selection of PTO Spline Equipment for the most efficient hook-up from the tractor power-take-off shaft.

A new front-mounted hydraulic Manure Loader features separate, interchangeable bulldozer blade, snow scoop and lifting boom attachments; and a large Capacity Manure Spreader with ball-bearing construction—balanced for easy handling, longer life. A new hydraulically operated Bale Loader has pick-up arms that toss bales directly on wagon or truck; in fact—the trend toward ease in operation is recognized by a more complete selection of all parts for operating implements and attachments from the hydraulic pump on your tractor.

Of course there are complete lines of Dairy and Poultry Equipment, Stock Raising Needs and Riding Equipment—with Saddles illustrated in rich color. An up-to-date selection of implement repairs, a broader line of Mall Chain Saws, Rotary Hoes, Row-Crop Harrow Cultivators . . . these and many more are found among the thousands of interesting and helpful items in Wards Farm Book for 1956.

Fill out and mail the Coupon below for your copy—and do a neighbor or relative a favor by sending the extra coupon with his name and address, and we'll send him a Farm Book, too. Or, if you live near a Ward Store or Catalog Office, stop at the Order Desk and they'll give you your free copy. Either way, you're under no obligation.

Quality Pumps for Volume, Pressure or Booster Needs

CAST BRONZE GENERAL PURPOSE HIGH PRESSURE PUMPS 13.95 TO 32.25

A WITH ROLLER-TYPE ROTOR. For pressures up to 75 lbs. One-inch size will move 1020 gals. per hour. Operates at up to 1800 RPM. 2 sets of rollers—rubber for water and most liquids, nylon only for abrasive-free, clear liquids that may cause swelling of rubber rollers. All sizes will lift water up to 20 ft. at sea level when inside of pump is wet. Suction, discharge ports are same size. Semi-self priming—Foot Valve recommended to maintain prime, see facing page. Check capacities and order *Pump from table below.*

A WITH RUBBER PADDLE-TYPE IMPELLER. Moves greater volume at pressures up to 30 lbs.; will tolerate suspended solids in liquid pumped to greater degree than roller rotor. For abrasive solutions, see Ni-Resist pumps below. Self-priming to 10 ft. The 1-in. size will move 1300 gals. per hour at open discharge. ½-in. model has 1 grease cup and flat end plate; all others as pictured. Standard pipe threaded ports. Check capacities and order *Pump from Table below.*

HOLLOW SHAFT PUMP FOR USE WITH MOTOR OR ENGINE 17.45 Rubber Paddle

B Hollow shaft on pump mounts directly onto drive shaft of motor or engine to make a compact, efficient portable pump without the use of belts or pulleys. Pumps take ½-in. shaft. Performance of hollow shaft pumps is the same as ½-in. pump with same type impeller as in table above. For Shaft Adapters to permit use of pump on larger shafts, see (1) at right.

87 C 5430—Pump Only—Roller type Impeller. Two sets of rollers. Wt. 3 lbs. 12 oz.....$17.95

87 C 5431—Pump Only—Rubber Paddle Rotor. Ship. wt. 3 lbs. 8 oz..... 17.45

IMPORTANT INFORMATION ABOUT PUMP CAPACITIES—READ BEFORE ORDER

The higher a pump must lift water and farther it must push, the less water will be de... Choose a pump with enough capacity to do your job. Place pump as close to source of supply as possible. "Total head" is total load: feet of suction lift to pump plus feet beyond... water is pushed and raised plus pressure (1 lb. of pressure equals 2.31 ft. of head) plus ... loss from couplings, valves, sharp bends, undersize pipe or hose. Pump suction intake ... be placed to avoid intake of abrasive material with water.

EXTRA HIGH PRESSURE PUMPS FOR SPRAYING 27.95 TO 54.95

E **F** High pressure "roller rotor" pumps for insect and weed spraying service. Pump ... tough, work hardening *Ni-Resist*, a rust and wear-resistant, nickel-copper-chromi... rous alloy found only in highest quality pumps (except 87 C 5034—cast iron). Suitable fo... wettable powder and emulsion spray solutions. High pressure, abrasion-resistant nylon ... handle all spray chemical mixtures. Stainless steel shaft. Sealed, permanently lubricated ... bearings. ¾-in. ports with standard pipe threads. *Not recommended for whitewashing ...*

PORTABLE ELECTRIC MOTOR AND PUMP 49.50

C Self-Priming Pump same as (B) above, but mounted on ¼-HP capacitor 110–120V AC motor. Compact, lightweight and convenient—excellent for use as "stand-by" pump. Carrying handle and motor cord. *Mailable.*

87 C 5445 MB—Motor and Pump with Rubber Paddle Rotor. Ship. wt. 29 lbs. $5 Down, $5 Monthly.....Cash $49.50

87 C 5446 MB—Motor and Pump with Roller Impeller. Two sets of rollers. Ship. wt. 30 lbs. $5 Down, $5 Monthly. .Cash $49.95

PORTABLE GAS ENGINE PUMPS 74.50 AND 84.50

D Direct drive pumps with new lightweight 1¾-HP Clinton engine. Has carrying handle and base. Ship. wts. 30, 30 and 32 lbs. *Not Mailable.* Only 10% Down on Terms.

87 C 5013 R—With Roller Impeller Pump 87 C 5430. Same performance as 87 C 5442 ½-in. pump (A) above.....$74.50

87 C 5014 R—With Rubber Paddle Rotor Pump 87 C 5431. Same performance as 87 C 5437 ½-in. pump (A) above. $74.50

87 C 5015 R—With High Pressure Spraying Pump 87 C 5435. See performance in table under (E) at right.....$84.50

PORTABLE BOOSTER UTILITY PUMP 59.50

G Compact, self-priming—easily carried to the job. Weighs only 15 lbs. Just plug it in—delivers up to 30 GPM at total head of 11 ft.; or as a pressure booster, with standard garden hose adapters below, up to 15 GPM at 27 lbs. pressure and total head of 63 ft.

Unique self-priming feature. When liquid source is exhausted, water in reservoir chamber continues to circulate; thus enabling pump to maintain suction on shallow water supply, but use of foot valve and strainer (F), on opposite page, is recommended for fastest reprime.

Built-in ½-HP 110–120 volt AC-DC motor. Sealed ball bearings. Aluminum case. Reservoir drain plug. 1-in. standard pipe thread fittings. With stub cord. Ship. wt. 16 lbs. *Mailable.*

87C5032 M—$6 Down, $6 Monthly, or Cash $59.50

87C5033—One inch to standard ¾-in. garden hose Brass Fittings for 87 C 5032 M, above. Ship. wt. 13 oz.....Pair $1.25

Cut Costs with Wards Construction Aids...10% Down

IMPORTANT FACTS ABOUT WARDS "BATCH-A-MINUTE" MIXERS

All Wards Tilting Drum Mixers have four replaceable blades; give thorough mix faster than others having only 3 blades. Blades placed at different levels to provide four-way mixing with every turn of drum. Two curved solid shovels perform a lifting, tumbling action; divided slicers perform the cutting to produce a smooth mix.

Drums are heavy sheet steel with reinforced rims to strengthen and protect against damage while loading or discharging. Load or discharge from either side. Drum does not have to be upright to avoid spilling mix. Mixers have heavy, rigid, angle steel frames.

Mixers not equipped with power have double angle cross frame braces for mounting power unit. Order ⅓-HP motor 83C4540MB separately from Page 809 or ¾-HP engine from Page 952. Order 2½-in. "A" size pulley and 76-in. "A" size V-belt from Page 952.

SHIPPING NOTICE. All Mixers are shipped promptly from Stock except 87 C 4941F and 87 C 5845F which are shipped promptly from Factory near Milwaukee, Wis. You pay charges from there.

HIGH PRESSURE CENTRIFUGAL PUMPS 14.95 TO 46.50

(D) DELIVER LARGE WATER VOLUME AT LOW PRESSURE. Best for general purpose use—handle liquids containing moderate amount of solids with minimum wear. Inboard lead-bronze bearings water-lubricated. Graphited flax packing rings easily repacked. Semi-enclosed impellers, adjustable for end wear. Drain and priming plugs. ½ and ¾-in. sizes have oilite outboard bearings, oil cups. Others, ball bearings, grease cups. Suction lift about 10 ft. on ¾-in. size; others 14 ft. Not self-priming—use Foot Valve (F) below.

87 C 5017—½, ¾, 1-in. Each 49c 1½-in. $1.35

SPECIAL CONCRETE MIXER CIRCULAR: Sent Free on Request. 16-page circular featuring Home, Farm and Contractors' Size Concrete Mixers from 2 cubic foot up to 6 cubic foot batch Power Loaders. Also includes information on Tractor-Hitch Mixer; Pulverizer; Semi-Dry Concrete Batch Mixer; Plaster Mixer; Power-Drive Hoists. Has helpful "How To Do It" suggestions and recommended mixing proportions. Write Montgomery Ward, Dept. CS-6.

5-CU. FT. PORTABLE MIXERS 79.95 Less Motor

(A) 5-cu. ft. drum delivers 3-cu. ft. batch. Strong pressed steel bowl. Steel drum, channel steel yoke. Longer yoke bearing extends inside bowl for drum balance. Bowl drum section extends to protect ring gear. Inside drum diam. 26 in.; depth 24 in.; opening 15 in. Latch locks drum. 1½ by ⅛-in. steel frame, two 10 by 1¾-in. semi-pneumatic-tired wheels. With 20-in. V-pulley, belt guard, motor cover. See "Important Facts" and Shipping Notice at left.
87 C 4940 R—Mixer, less motor. Wt. 235 lbs. $8 Down.....or Cash $79.95
87 C 4941 F—Mixer, with ⅓-HP 110–120-V, 60-cycle AC motor. Belt, 1-ft. stub cord, plug. Ship. wt. 270 lbs. .....$10 Down, or Cash $97.50

(B) ENGINE-POWERED TRAILER MIXER ON RUBBER TIRES. Same capacity as (A) above but mounted on two 4.00 by 8-in. pneumatic rubber-tired roller bearing wheels. Trailer-type telescoping tongue, slides in, out of way. Has 1½-2-HP, 4-cycle, single-cylinder, air-cooled engine, engine housing and heavier frame. Ship. wt. 315 lbs.
87 C 5819 R—See Ship. Note at left.....$22.50 Down, or Cash $224.50

3½-CU. FT. MIXER WITH CAST-IRON BOWL 59.50

SKID MOUNTED. (Not shown.) 3½-cubic feet drum volume delivers 2¼ cubic feet of concrete. Inside drum diam. is 22 in.; depth 24 in.; opening 15 in. 1¼ by ⅛-in. angle steel frame, hardwood skids. Has 3 by 12-in. flat pulley with crank for hand turning or flat belt; or 20-in. V-pulley for engine or motor. See "Ship. Note" at left. Ship. wt. 185 lbs.
87 C 5882 R—$6.00 Down, $6.00 Monthly.....or Cash $59.50

PORTABLE MODEL. Same as above but on two 10 by 1¾-in. rubber-tired wheels. Bail handle. Ship. wt. 185 lbs. See "Ship. Note" at left.
87 C 5817 R—$7.00 Down, $6.00 Monthly.....or Cash $67.50

MAKE YOUR OWN CONCRETE BLOCKS 94.95

(L) CUT CONSTRUCTION COSTS. Blockmaker makes 7 different kinds of blocks (see picture below); basic is standard 3-core block, 15¾ x 8 x 7¾ in. Allows use of even a colored mixture for ornamental face while making balance of block of coarser aggregate for economy. Hand-operated lever retracts cores, permits tamping face portion of mix in bottom of mold.

INCLUDES: core plugs; metal striker; double end tamper; dividing plate for gable blocks; two sets of end plates, one for cored ends, one for facing corner blocks; dividing plates for quarter and half-blocks; attachments for making joist blocks; one model wood pallet and plates for flat face blocks. Ship. wt. 215 lbs. Shipped promptly from Stock in Mail Order House.
87 C 5893 R—$9.50 Down, $8 Monthly on Terms .....or Cash $94.95

(M) FACE AND END PLATES. Use with (L) above to mold ornamental blocks; choice of brick or rock face design. Mailed promptly; pay Postage from Stock in Mail Order House. *Be sure to state design wanted.* Ship. wt. 50 lbs.
87 C 5896 MO—One design..$14.95

ENGINE-POWERED MIXER 324.50

(C) Contractors' standard "half-bag" size. Gives "batch-a-minute" mixing. Mixes 3½-cubic feet in 6½-cubic foot volume drum for a smoother, more uniform mix, faster than with others of the same capacity, yet smaller drum volume. Efficient enclosed geared tilting mechanism for easy handling of heavy loads. Easy turning tilt wheel. Friction brake drum lock secures drum into any desired mixing or discharge position with an easy flip of brake lever. Bowl can be inverted and locked for towing. Pressed steel bowl and ring gear, channel steel yoke. Heavy formed channel steel frame for years of service.

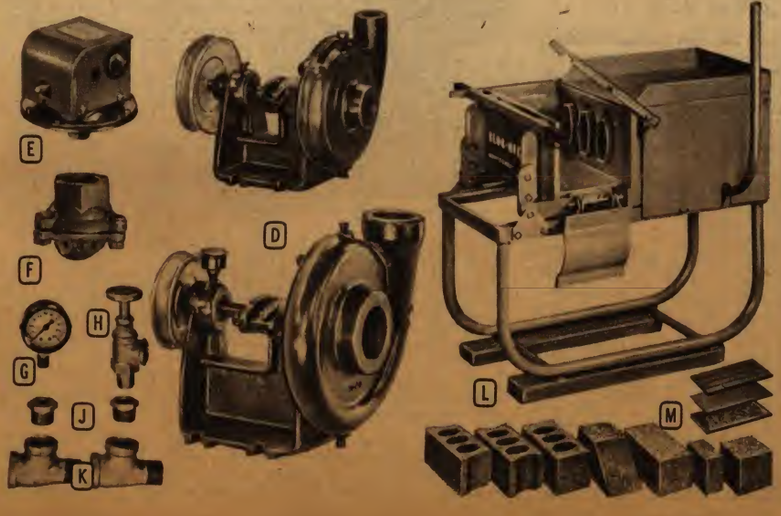
Inside drum diameter 27 in.; depth 28 in.; opening is 17 in. Efficient 1½–2-HP, 4-cycle, single cylinder air-cooled gasoline engine. V-belt drive. Drum turns on two Timken bearings. 4-ply, 4.00 by 12 pneumatic rubber tires on auto-type roller bearing disc wheels.

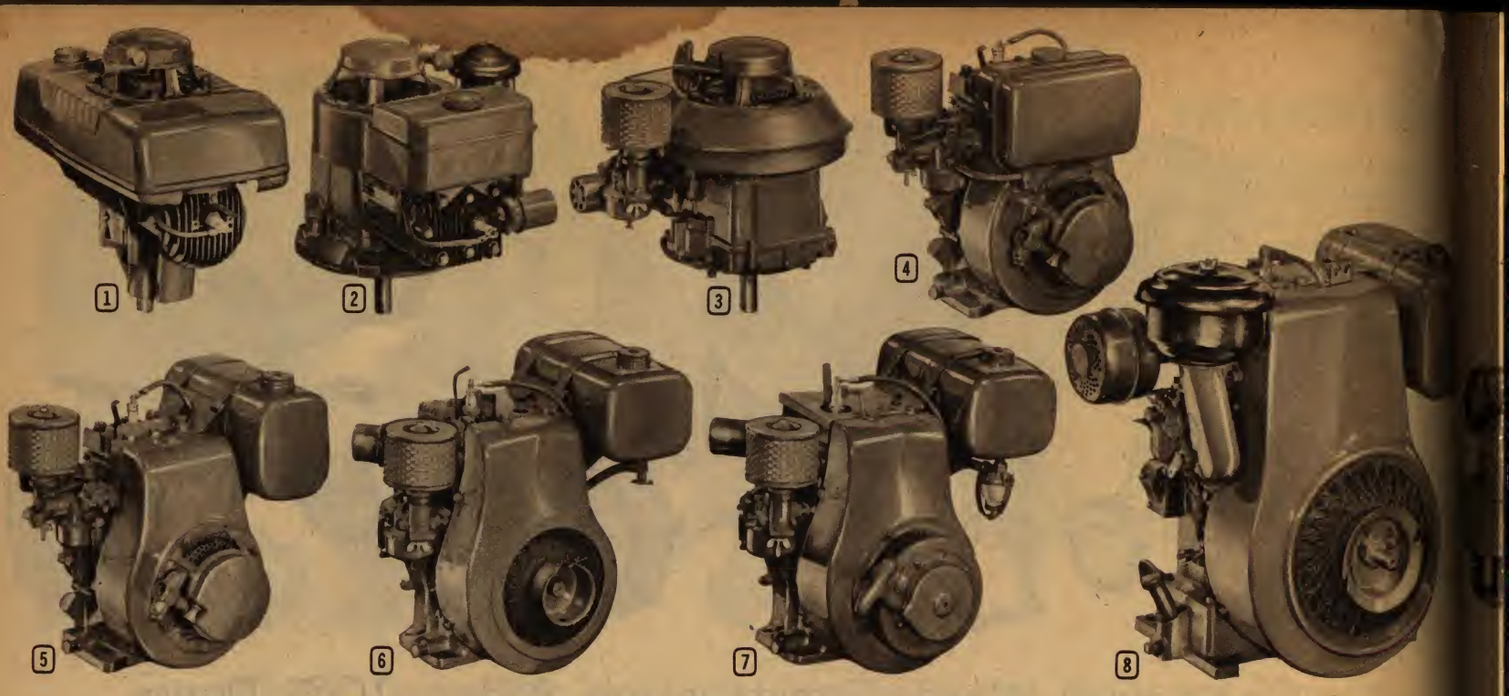
Drum is at right angle to wheels. 6:1 reduction gear engine. Engine housing locks. Telescoping tow pole for easy transportation. Size overall: 70 in. long, 48 in. wide, 65 in. high. See "Important Facts" and Shipping Information at left. Only $32.50 Down, $19.00 Monthly on Wards Credit Terms.
87 C 5845 F—Ship. wt. 550 lbs..Cash $324.50

COUNTERBALANCED MIXER 94.50

(N) Electric motor mounted directly on yoke and positioned under drum, protected against water and concrete spatterings and out of operator's way. Motor weight counterbalances mixer load to make it easy to tilt lever to load or discharge from either side. Mixer is quickly and easily dismantled for portability or storage. Complete bowl, yoke and motor assembly unbolts and may be lifted intact from frame. Entire unit fits in average car trunk for transportation.

4.1-cu. ft. drum delivers 2-cu. ft. batch. Steel bowl, ring gear and yoke. Inside drum diam. 24 in.; depth 24 in.; opening diam. 15-in. Small-tooth precision gears and belt design make mixer exceptionally quiet and smooth running. Size overall: 36 in. long, 27 in. wide, 59 in. high. With ⅓-HP, 110–120-V, 60 cycle AC electric motor, stub cord and plug. Shipped promptly from Stock in Mail Order House. Ship. wt. 230 lbs.
87 C 5812 R—$9.50 Down...or Cash $94.50





For Low Cost, Dependable Power, Use Ward an

NEW LIGHTWEIGHT CAST ALUMINUM, 2 AND 4-CYCLE ENGINES 38.95 TO 54.25

Engines made of aluminum die castings with cast-iron cylinder liners. Use to furnish power for small farm and home machines. Choice of: 2-cycle vertical with 4-in. bolt circle mounting base (8-in. adapter available at extra cost) see (1); 4-cycle vertical with 8-in. bolt circle base, see (2, 3); 4-cycle horizontal, see (4). Made by Clinton. Rope or Recoil starter.

1 2-CYCLE VERTICAL. Its unique, valveless function means only 3 moving parts, no idling strokes—more economical maintenance. High voltage flywheel type magneto, moisture and dustproof for easy starting. Float feed carburetor with shut off. Automatic air velocity governor insures constant speed. Continuous lubrication by oil and fuel mixture.

2 TO 4 4-CYCLE. Vertical and horizontal. Built-in flywheel magneto for fast starts—moisture and dustproof, with enclosed ignition points. Large capacity blower for better cooling. Arma steel crankshaft. Float feed carburetor with controls for both idle and high speeds. Adjustable air velocity type governor for accurate speed control. Models (3) and (4) have new oil-less air filter.

HORSEPOWER RATING. Ratings are maximum developed under standard conditions of sea level barometer and at 60° Fahrenheit. Since conditions vary, manufacturers recommend engines be used to produce not more than 85% of rated horsepower for best operation.

WARDS COMPLETE LINE OF CAST-IRON ENGINES; 2 TO 9-HP 49.50 TO 134.5

5 TO 8 Wards have the right size engine for your every need. Our line of powerful, co 4-cycle single cylinder air-cooled gas engines make easy going out of toughest Streamlined shroud covers a durable engine packed with horsepower. Built for Wards b Clinton Machine Co., one of the world's leading manufacturers of gasoline engines. Ward Order Houses, Retail stores and the over 6,000 Clinton Service Stations throughout the coun prepared to provide prompt service. Built of finest quality materials, precision machined, ch time and again with air gauges accurate to .0001 inch to maintain uniform, outstanding

High tension flywheel magneto for fast, dependable starts. Adjustable centrifugal type governor running in oil. Float feed carburetor with idle and high speed controls—operates at angles up to 30°. 2, 2.5 and 3.6-HP engines have new oil-less air filter. No oil spillage when engine is tipped. Fuel tank with built-in filter and shut off. Ball bearing main bearings—2 and 2.5-HP engines have steel backed babbitt bearings. 6.3 and 9-HP have oil bath air cleaner, permanent magnet and waterproof coil. Breaker points, condenser, stop swi ground wire terminal mounted in box outsi crankcase accessible for easy servicing C is included. All models available with redu gear—reduces shaft speed to 1/6 of e speed. 2, 2.5 and 3.6-HP engines availabl recoil or rope starter. Models pictured a 2-HP; (6) 2½-HP; (7) 3.6-HP and (8) 9-H der from table below.

MULTIPLE GROOVE PULLEYS 3.19 3 in.

16 HEAVY-DUTY 2, 3 AND 4-GROOVE PULLEYS. Manufactured to assure true running and to give maximum power transmission. Cast from close-grained, semi-steel. Shaft keys not incl. 5/8 to 7/8 in. have 3/16-in. keyway, 15/16 to 1¼ in. have ¼-in. keyway. 15/16 to 1¾ in. have 3/8-in. keyway, 113/16 to 2¼ in. have ½-in. keyway, 25/16 to 27/16 in. have 5/8-in. keyway. Diam. up to and incl. 7 in. have bores of ½ to 1¼ in.; 7.8 to 18.8 have bores from ¾ to 27/16 in. All bores graduated by 1/16 in. Allow Factory 2 weeks, plus transit time, pay postage from Factory near Chicago. *State outside diameter and size bore wanted.* Use "A" or "B" size matched belts.

TO FIGURE ENGINE PULLEY DIAMETER: Multiply diam. of driven pulley by RPM of driven machine. Divide by engine speed.

TO FIGURE MACHINE PULLEY DIAM.: Multiply diam. of engine pulley by speed (RPM) of engine. Divide result by speed of driven machine. Result is diameter of machine pulley.

FRACTIONAL HP V-BELTS 66c TO 2.69

17 Gum-dipped, twisted Rayon cords vulcanized and bedded in rubber at point of greatest strain—mini stretch and reduces internal friction. *Order by Cat. No. state outside circumference.* See ordering information be

HOW TO ORDER V-BELTS. Add diameter of Engine pul diameter of driven pulley—multiply sum of these diam by 1.57—add twice the distance between the centers leys—answer is circumference of belt you need. *Sta*

Heavy-Duty Wisconsin Engines...1.75 to 20.5 HP

HEAVY-DUTY WISCONSIN ENGINES; 5.6 TO 20.5 HP 119.20 TO 402.05

(9) TO (11) Wisconsin single and multiple cylinder, 4-cycle air-cooled engines develop rated pulling power at lower speeds to save fuel, add to engine life. Give dependable performance under heavy loads. Used by hundreds of nationally known manufacturers to power the equipment they build. Have unexcelled reputation for unfailing dependability, easy starting, all weather serviceability and low cost maintenance. Built to the same S.A.E. standards as today's leading industrial and automotive engines.

Built-in mechanical flyball type governor provides close speed regulation. A variable governor control permits varying engine speed at will. Timken tapered bearings on ends of counter-balanced crankshaft take all end thrust and radial loads, assure smooth running. High-tension rotary-type outside magneto, impulse coupled to provide a quick, hot spark for easy starts. Tightly sealed against dust and moisture. Engine operates efficiently at any angle up to 25°, and gets positive lubrication from cam operated oil pump. Tillotson gasoline filter with automatic choke. Engines have babbitted connecting rod bearings. Pistons of aluminum alloy with 4 rings.

Heavier-built multiple cylinder engines have higher power output. Cylinders cast in pairs and separate from crankcase for easy servicing and economical replacement. Oil pump lubrication supplies an individual oil stream to each connecting rod. All other parts lubricated by oil spray. Where furnished, clutches are oil disc type, manually operated. Pictured are 6.8-HP (9), 8.2-HP (10), and the 2-cylinder, 14.6-HP (11). Wards Mail Order Houses, Retail stores and the over 2,000 Wisconsin Service Stations throughout the country are prepared to provide prompt "tune-up" and repair service when necessary. Order from table below. Only 10% Down on Terms, see Inside Back Cover for details.

ENGINE RECOIL STARTER 6.95

(12) Convert your rope starter gas engine to get benefit of automatic rewinding starts. Quick pull starts engine; cable instantly rewinds. 4-ft. pull cable with rubber "T" hand grip. Instructions, mounting bolts included. Fits Ward and Clinton gas engines listed below only. *State Engine Model No.*

87 C 5973—For engine series 100, VS100, A300, VS300, 350, B700, VS700, 2100, 3100, VS3100. Ship. wt. 2 lbs. $6.95

87 C 5974—For engine series C700, D700, 900, 1200. Ship. wt. 2 lbs. 8 oz. $6.95

87 C 5975—For engine series 800, A800, VS800, C1100, D1100. Ship. wt. 3 lbs. $6.95

87 C 5976—For engine series 200, VS200, VS400. Ship. wt. 3 lbs. $6.95

QUIET MUFFLER 1.59

(13) Special inner cone construction reduces exhaust noise of gas engines. Ideal for power lawn mowers, garden tractors, etc. Connects to engines with ½-in. pipe thread exhaust port. All steel. With 45° street el for adjusting direction of fumes.

87 C 2905—Size: 2½ by 3½ in. Ship. wt. 1 lb. ..$1.59

REPLACEMENT CARBURETORS 7.39 TO 11.25

(14) Wards replacement Float Feed Carburetors are like originals in quality and fit and will fit all single cylinder engines listed below. They restore power efficiency, gas economy by eliminating the worn choke shaft that results in wasted fuel due to entrance of extra air. Also worn throttle shaft that causes poor idling and loss of fuel. Fully tested. Shipped promptly, you pay postage from Factory in Chicago, Ill. *State Make and Model of Engine.*

87 C 5000 K—To fit Lauson Models 55A, 55AB, LMC, LMH, LMV, R, RSH, RSV, TLH, TLV and V. Also wil fit Power Product Models 100, 150, 200, 225, 250, 360, AH31, AV31, AH36, AV36, AH47, AV37, V47 and AV80. Ship. wt. 2 lbs. $7.39

87 C 5001K—To fit Briggs and Stratton Models 5, 6, 8, 9 and N. Also Continental Models AA7, AA7B, AD7, AU7, AU7B, AW7, AD8, AW8, AU8, AU8B, AD85, AU85, AW85. Ship. wt. 2 lbs. $7.79

87 C 5002 K—To fit Clinton Models Series 100, 200, 300, 400, 700, 800, 900, 1100, 1200, 2100 and 3100. Ship. wt. 2 lbs. $8.95

87 C 5003 K—To fit Wisconsin Models AB, ABN, AKN, AK, AKS, ABS, AA, AB, ABS, AFH, AGH, AHH and AHS. Ship. wt. 2 lbs. $11.25

WISCONSIN ENGINES—5.6 to 8.2 HP Have Rope Starters. 9.2 to 20.5-HP Have Crank Starters. Rotation counter-clockwise viewed facing PTO shaft. Maximum Rated HP based on 3600 RPM.

TRANSMISSION CLUTCH 9.95

(18) Releases load-drag for easier starts. Stops equipment with power on. 2.74 to 1 reduction. Transmits up to 1½-HP. Includes 2 "A" size V-belts. *State Bore Size and Belt or Chain Drive.* Wt. 6 lbs.

87 C 5543—Clutch with ⅝-in. bore. 2¼-in. Pulley drive. Shipped from Stock $9.95

87 C 5523 K—Same clutch with ½-in. bore and V-pulley drive or clutch with 12 tooth sprocket drive in either ½ or ⅝-in. bore. Use No. 41 chain. Shipped promptly from Factory near Des Moines, Ia... $9.95

(19) AUTOMATIC CLUTCH. Centrifugal-type, controlled by speed. Permits starting without load. Overloads disengage clutch to avoid stalling. Made for 1 and 2-cylinder engines, from ½ to 12 HP. Choice of various bore and pulley sizes for obtaining proper power ratio. High speed increases power output, not power ratio. Power ratio governed by size of pulley. Low speeds give neutral action. Use "A" or "B" size V-belt on opposite Page. *State Pulley and Bore size.*

87 C 5991M—For engines ½ to 3-HP. ⅝ or ¾-in. bore; 3, 3½ or 4-in. single-groove pulley. Wt. 5 lbs. Shipped from Stock. $9.59

87 C 5994 MK—For engines 2½ to 6-HP. ⅝, ¾, 1, 1⅛-in. bore; 3, 3½ or 4-in. single-groove pulley. Pulleys with 1 and 1⅛-in. bore shipped from Stock; others from Factory near Indianapolis, Ind. Average ship. wt. 8 lbs. $14.30

87 C 5995 MK—For engines 5 to 12 HP. ¾, 1, 1⅛ or 1 7/16-in. bore. 3, 3½, 4 or 5-in. double-groove pulley. Shipped same as 87 C 5994 MK. Av. wt. 11 lbs. $22.95

TACHOMETER. Tells RPM speed of revolving shafts. Range from 500 to 3,000 RPM. For flat or pointed end shafts. 87 C 4765—4¾ in. long. ... z.... $1.98

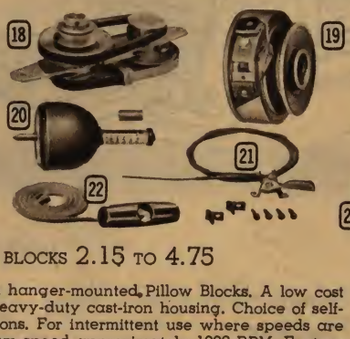
THROTTLE CONTROL WIRE 98c

(21) Attaches to handles of lawn mowers, garden tractors, etc. Hook to carburetor throttle arm or governor spring. Includes 6-ft. cable, control lever, parts for mounting. Rust-resistant finish.

87 C 2949—Ship. wt. 1 lb. 98c

(22) NYLON STARTER CORD. 3/16-in. braided cord. Heat sealed ends.

87 C 5992—38 in. long. Ship. wt. 1 oz. 38c



BALL BEARING PILLOW BLOCKS 2.15 TO 4.75

(23) TO (26) Precision made base, flange and hanger-mounted Pillow Blocks. A low cost ball bearing unit encased in a heavy-duty cast-iron housing. Choice of self-aligning or rigid types for many applications. For intermittent use where speeds are relatively low and loads are light. Maximum speed approximately 1000 RPM. Factory grease packed and sealed but have grease fitting for occasional lubrication. Entrance is made through hole in outer race to bearing. Inside wall of the housing grooved to retain lubricant. Allen head set screws lock inner race of bearing to shaft.

(23) SELF-ALIGNING BEARING, CAST BASE MOUNTING TYPE. Use on wobbly shafts and for off-center installations. For misalignments greater than 1½°. Base is slotted for easy mounting. Available in bore sizes: ⅝, ¾, ⅞, 15/16 or 1 in. *Be Sure to State Bore Size Wanted.*

87 C 5342—Av. ship. wt. 2 lbs. 2 oz... $3.19

RIGID BEARING, CAST BASE MOUNTING TYPE. (not shown) Takes only up to 1½° shaft misalignment. *State bore size.* Av. ship. wts.: 2 lbs. 6 oz., 3 lbs. 12 oz. and 4 lbs. 12 oz.

87 C 5343—¾, ⅞, 15/16, 1-in. bore.... $2.75

87 C 5344—1⅛, 1 3/16, 1¼-in. bore.... 3.65

87 C 5345—1⅜, 1 7/16, 1½-in. bore.... 4.75

(24) RIGID BEARING, HANGER MOUNTING TYPE. For applications where flange or base mounted pillow blocks are difficult to use. *State bore size.* Av. wt. 1 lb. 3 oz.

87 C 5346—⅝, ¾, ⅞, 15/16, 1-in. bore $2.19

(25) SELF-ALIGNING BEARING, CAST FLANGE MOUNTING TYPE. For misalignments greater than 1½°. Ideal for internal shaft applications. Bore sizes: ⅝, ¾, ⅞, 15/16 and 1 in. Av. ship. wt. 2 lbs. 2 oz.

87 C 5338—*State bore size* $3.19

RIGID BEARING, CAST FLANGE MOUNTING TYPE. (not shown) Will take up to 1½° shaft misalignment. *State bore size.*

87 C 5339—¾, ⅞, 15/16, 1-in. bore.. $2.75

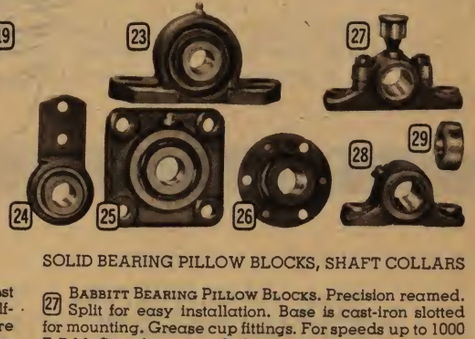
87 C 5340—1⅛, 1 3/16, 1¼-in. bore.. 3.65

87 C 5341—1⅜, 1 7/16, 1½-in. bore.. 4.75

(26) RIGID BEARING, STAMPED FLANGE MOUNTING TYPE. Our lowest priced ball bearing pillow block. Easy-to-mount frame is sturdy steel stamping. Prelubricated bearing; grease sealed. Bore sizes: ⅝, ¾, ⅞, 15/16, 1 in. Av. ship. wt. 1 lb.

87 C 5337—*State bore size* $2.15

SOLID BEARING PILLOW BLOCKS, SHAFT COLLARS



(27) BABBITT BEARING PILLOW BLOCKS. Precision reamed. Split for easy installation. Base is cast-iron slotted for mounting. Grease cup fittings. For speeds up to 1000 R.P.M. *State bore size.* Order from table below.

(28) BRONZE-BEARING PILLOW BLOCKS. Precision reamed. Cast-iron housing. Self-lubricating. For speeds to 3000 RPM. Gives flat mounting, true shaft-alignment. Self closing oil cups. *State bore size.* Order below.

(29) SHAFT COLLARS. Solid steel. Allen head set screw. Smooth finish. Order from table. *State bore size.*

shop by phone

Shop Wards Catalogs for extra savings. Then just phone your order, giving catalog number, name and price of items wanted and we'll handle promptly. It's so quick and easy. You can complete all your shopping in minutes, without even leaving your home.

See phone numbers below and on opposite page. If you live near one of our Stores or Catalog Offices you can save up to one-half on usual delivery charges by using our low cost "will call" service. Simply phone your order and call for goods when they are ready. See opposite page for further details of this easy, economical plan.

METROPOLITAN PACKAGE DELIVERY SERVICE. In a number of cities we now deliver phone orders by fast truck service—Wards Metropolitan Package Delivery—direct to door of your apartment or home. Fast service and reasonable rates. Special low rates on heavy items such as Building Materials, Plumbing, Heating, Paint and Fencing. No extra charge for C.O.D. orders at any time.

If you live in one of these cities (see the list given on Page 969) try Wards fast Metropolitan Package Delivery Service on your next order. It's the easy, modern way to shop. You'll find it saves you at least a day.

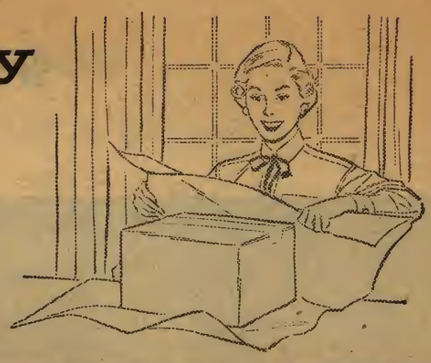
MONTGOMERY WARD &

get our catalogs regularly



SAVE BY SHOPPING AT WARDS THROUGHOUT THE YEAR

To make the greatest saving, you should get our catalogs regularly. See all our latest selections and prices, get the benefit of all our special sales.

We send our big General Catalogs to all those who have given us at least two catalog orders—which added together total $10 or more—during the preceding six months period. Our Sale Books and our special Christmas Catalog are also sent to these regular customers without need of request.

Orders may be mailed or may be phoned or placed in person in any of our Catalog Offices or in the Catalog Department of any of our Retail Stores. They can be for cash or on our Monthly Payment Plan and include items from any of our catalogs or sale books. Purchases from Retail Store stocks are not counted on compiling our mailing list.

GET THESE CATALOGS EACH YEAR

To customers who order regularly during the entire year, we send:

GENERAL CATALOGS: Issued twice each year—for the Spring and Summer season, and for the Fall and Winter season. You'll want our "Big Book" with its big assortments of merchandise in your home at all times.

SALE BOOKS: Issued periodically. Get all of our main Sale Books—our Midsummer Sale, Midwinter Sale, etc.—and any other special sale events.

CHRISTMAS CATALOG. Issued just in time for the holiday season. Find gift ideas for every member of the family; big assortments of toys, games, dolls. Do all your Christmas shopping leisurely, right in your own home.

In addition, you have your choice of many special catalogs showing additional selections and more complete assortments of Photographic Supplies, Fishing and Hunting Needs, Farm Equipment, Power Tools, Garden Supplies and other popular lines. All of these are available on request.

HOW TO STAY ON OUR MAILING LIST

As long as you order from us regularly and place at least two orders each season as explained at left, you will continue to receive our catalogs.

IMPORTANT: To be certain that you get full credit on our mailing list for all orders given us, we suggest that you always order under the same name. If you have moved since last ordering, also notify us promptly—giving both old and new addresses—so we will count orders received from both.

get complete repair servic

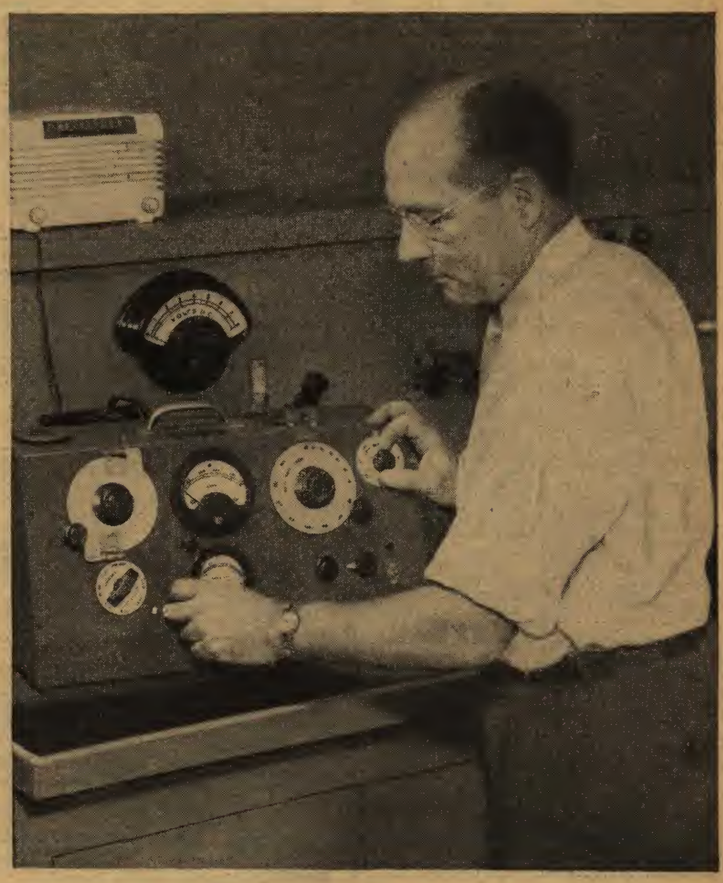
Wards laboratories

Protect our high standards of quality



Before any merchandise can be listed in our catalog, it must meet the high standards of quality which we require. Careful testing and scientific analysis in Wards Laboratories make certain of this *in advance.* Wards were the first big general merchandising organization to establish a merchandise-testing laboratory for the protection of customers. When you buy from Wards, you can be sure the quality is *right!*

TERMS USED IN OUR CATALOG TO DESCRIBE TEXTILES

WASHABILITY—These terms define the colorfastness of washable garments and fabrics:

WASHFAST: Best washability. May be washed by machine with other clothing, using laundry soap or detergent and hot water (160°F).

WASHABLE: May be washed by machine with other colored washables. Use mild soap or detergent and warm water (not over 120°F).

WASH SEPARATELY: Same as "Washable" except should be washed alone as the dyes may stain other fabrics. Remove contrasting trim.

WASH WITH CARE: Some bulky articles such as blankets, sheer curtains, scatter rugs, require the care you give hand washable fabrics to prevent possible fraying, matting or loss of color. Wash in mild lukewarm suds (about 100°F). Agitate no more than two or three minutes. Rinse in lukewarm water. Dry promptly.

HAND WASHABLE: Wash by hand in lukewarm water (about 100°F) with mild soap flakes or mild detergent. Do not twist or rub. Rinse in lukewarm water. Hang to dry promptly. Indoors or in shade.

WASH SEPARATELY BY HAND: Same as "Hand Washable" except: wash alone to avoid staining other fabrics. Remove contrasting trim.

SHRINKAGE: These terms show how much shrinkage to expect in washing. Garments described as Sanforized or Preshrunk retain their size when washed.

SANFORIZED: Shrinkage of Sanforized cotton is less than 1% in length or width.

PRESHRUNK: Preshrunk fabrics made of cotton, wool acetate or rayon will not shrink more than 2 or 3%.

MAN-MADE FIBERS: Fabrics made from Acrilan, Dacron, Dynel, Fiberglas, Nylon and Orlon show practically no shrinkage in washing.

OTHER FABRICS: Where no statement about shrinkage is given: (1) Fabrics such as percale, sheeting and prints of cotton, acetate or rayon may shrink up to 5%. (2) Knitted, napped, braided, sheer and yarn dyed fabrics may shrink up to 10%. This group may include rugs, blankets, curtains, underwear sweaters, flannels, lace tablecloths, bedspreads, ticking.

SUN-RESISTANCE: Colors of fabrics which normally are exposed to sunlight in the home or out of doors are described as follows:

SUNFAST: Sunfast colors have high resistance to sunlight fading, and normal use will not cause noticeable color change.

SUN RESISTANT: Sun resistant colors have good resistance to sunlight but may fade slightly in normal use. Protect from direct sunlight to prolong life.

FAST COLOR: Means both washfast and sunfast.

WATERPROOF: Fabrics are impervious to water and air. Seams in 100% waterproof garments are sealed.

WATER RESISTANT OR WATER REPELLENT: Fabrics resist water penetration and allow some passage of air. "Durable" water resistant treatments withstand repeated washing and dry cleaning.

WATER-SPOT RESISTANT: Fabrics resist stains by water-borne soil.

TERMS USED IN DESCRIBING WOOL PRODUCTS

NEW WOOL OR VIRGIN WOOL: Wool fibers which have never been previously processed in any way.

WOOL: Wool fibers which may have been previously spun or knit, but have never been woven or felted.

REPROCESSED WOOL: Wool fibers reclaimed from woven or felted products which never have been used by the consumer—such as trimmings and cuttings left over from garment production.

REUSED WOOL: Wool fibers reclaimed from products used by consumers.

Reprocessed wool and reused wool is reduced to fibrous form and is thoroughly cleaned before use.

"MAN-MADE" FIBERS USED IN FABRICS

Fabrics containing Man-made textile fibers offer new features and often greater economy through longer life and easier care. They include:

ACETATE: Gives soft texture, excellent draping qualities and a soft sheen to fabrics like satins, failes, crepes. Tends to recover from soft wrinkles or folds. Resists moths and mildew. Iron at low heat.

ACRILAN: Chemstrand Corp.'s trademark for acrylic fiber. Acrilan is used in sweaters and wool blends to give crease-resistance and shape-retention. Absorbs little water, dries rapidly. Press or iron at low heat.

DACRON: DuPont Co.'s trademark for "polyester" fiber. A springy wear-resistant fiber that does not absorb water. Suiting fabrics containing a substantial proportion of Dacron retain their pressed appearance in humid weather, are highly resistant to wrinkling and have unusual durability. Used in curtains, suiting fabrics, sweater and uniforms. Iron at low heat.

DYNEL: Union Carbide and Carbon Co.'s trade name for acrylic fiber. Used in blankets because of its highly springy, shrink-resistant properties. It resists matting, moths and mildew. If you iron, use lowest heat and protect with pressing cloth.

FIBERGLAS: Owen-Corning Co.'s trademark for glass fibers. Does not rot from sunlight or weather, resists fire, exceptionally strong, does not absorb water. Popular in marquisette curtain fabrics that dry in minutes and need no ironing.

NYLON: High strength, high wear-resistance, absorbs little moisture, dries quickly, easy to launder. Resists moths and mildew. Iron at low heat.

ORLON: DuPont's trademark for acrylic fibers. Orlon is highly resistant to sunlight and weather rotting, gives long lasting pleats and wrinkle-resistance when used alone and with other fibers. It absorbs little water and dries quickly. Resists moths and mildew. Used in skirts, sweaters, shirts, curtains, etc. Iron at low heat.

RAYON: A medium strength, highly water-absorbent fiber. Washes and irons easily. Can be made wrinkle-shedding and shrink-resistant with suitable treatments.

SARAN: Dow Chemical Co.'s trade name for vinylidine chloride monofilaments. Has outstanding colorfastness to light and weather. Used for auto seat covers and outdoor furniture seats. Also used for insect screens.

phone call will bring prompt service.

If the item is small and portable, simply bring it to
petent service men will make the repair or adj
promptly, most times using parts in stock.

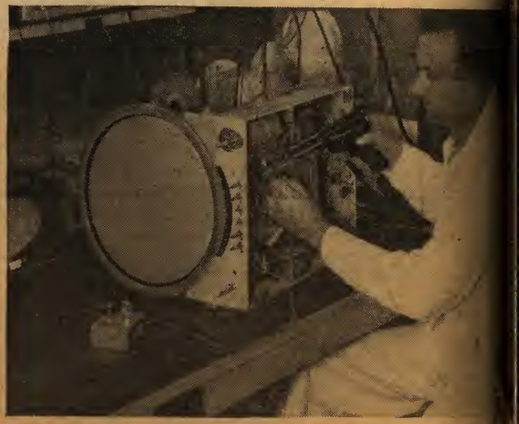
If you do not live near one of our Stores or Catalog
and the item is small and portable, send it to the
Service Department of our nearest Mail Order Hou
Page 972 for how to ship). Or, if the item must be s
in your home, write, wire or phone the Repair Servi
partment and we will give your needs prompt attenti
some cases we will authorize you to have repairs m
a local repairman of your choice and send the bil

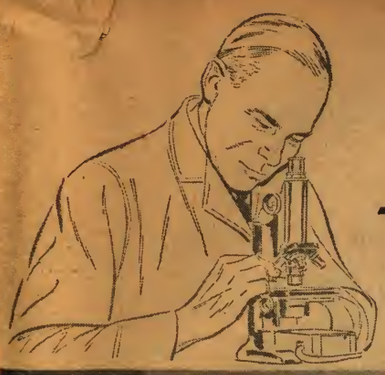
For instructions on how to order repair parts from ou
Order House, turn to Page 972.

Note: In addition to our regular repair service exp
above, Wards are equipped to completely overhau
recondition any make of rifle or shotgun (See Page 75
repair all makes of watches and jewelry (see Page

RADIO AND TELEVISION ANTENNA INSTALLED BY WARDS OWN SERVICEMEN

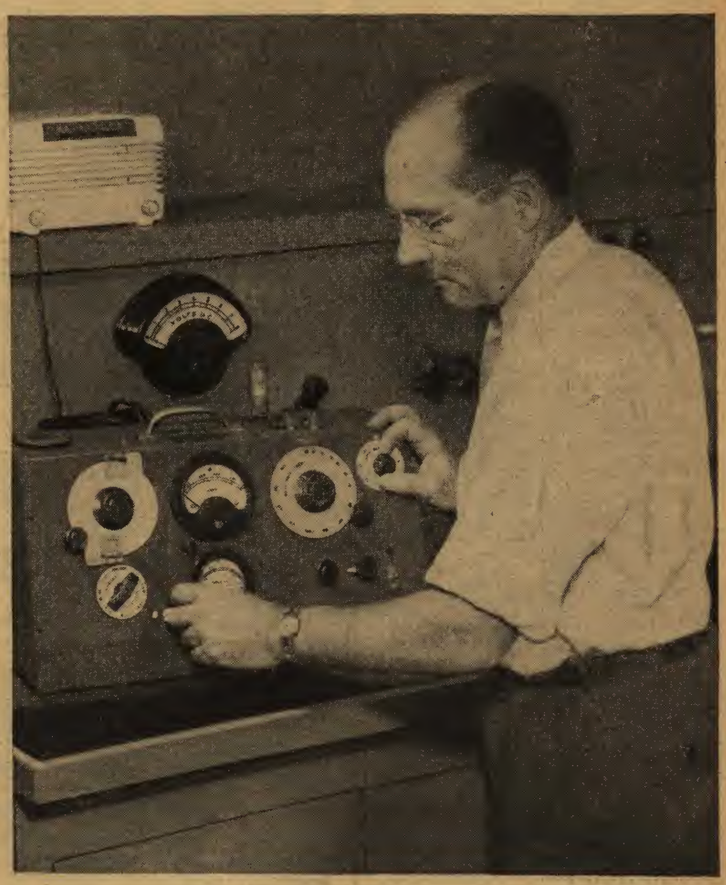
All of our Stores and most of our Catalog Offices ar
equipped to install for you at reasonable rates, radi
television antennas and other accessories purcha
Wards. Installations are handled by trained servic





Wards laboratories

Protect our high standards of quality



Before any merchandise can be listed in our catalog, it must meet the high standards of quality which we require. Careful testing and scientific analysis in Wards Laboratories make certain of this *in advance.* Wards were the first big general merchandising organization to establish a merchandise-testing laboratory for the protection of customers. When you buy from Wards, you can be sure the quality is *right!*

TERMS USED IN OUR CATALOG TO DESCRIBE TEXTILES

WASHABILITY—These terms define the colorfastness of washable garments and fabrics:

WASHFAST: Best washability. May be washed by machine with other clothing, using laundry soap or detergent and hot water (160°F).

WASHABLE: May be washed by machine with other colored washables. Use mild soap or detergent and warm water (not over 120°F).

WASH SEPARATELY: Same as "Washable" except should be washed alone as the dyes may stain other fabrics. Remove contrasting trim.

WASH WITH CARE: Some bulky articles such as blankets, sheer curtains, scatter rugs, require the care you give hand washable fabrics to prevent possible fraying, matting or loss of color. Wash in mild lukewarm suds (about 100°F). Agitate no more than two or three minutes. Rinse in lukewarm water. Dry promptly.

HAND WASHABLE: Wash by hand in lukewarm water (about 100°F) with mild soap flakes or mild detergent. Do not twist or rub. Rinse in lukewarm water. Hang to dry promptly. Indoors or in shade.

WASH SEPARATELY BY HAND: Same as "Hand Washable" except: wash alone to avoid staining other fabrics. Remove contrasting trim.

SHRINKAGE: These terms show how much shrinkage to expect in washing. Garments described as Sanforized or Preshrunk retain their size when washed.

SANFORIZED: Shrinkage of Sanforized cotton is less than 1% in length or width.

PRESHRUNK: Preshrunk fabrics made of cotton, wool acetate or rayon will not shrink more than 2 or 3%.

MAN-MADE FIBERS: Fabrics made from Acrilan, Dacron, Dynel, Fiberglas, Nylon and Orlon show practically no shrinkage in washing.

OTHER FABRICS: Where no statement about shrinkage is given: (1) Fabrics such as percale, sheeting and prints of cotton, acetate or rayon may shrink up to 5%. (2) Knitted, napped, braided, sheer and yarn dyed fabrics may shrink up to 10%. This group may include rugs, blankets, curtains, underwear sweaters, flannel's, lace tablecloths, bedspreads, ticking.

SUN-RESISTANCE: Colors of fabrics which normally are exposed to sunlight in the home or out of doors are described as follows:

SUNFAST: Sunfast colors have high resistance to sunlight fading, and normal use will not cause noticeable color change.

SUN RESISTANT: Sun resistant colors have good resistance to sunlight but may fade slightly in normal use. Protect from direct sunlight to prolong life.

FAST COLOR: Means both washfast and sunfast.

WATERPROOF: Fabrics are impervious to water and air. Seams in 100% waterproof garments are sealed.

WATER RESISTANT OR WATER REPELLENT: Fabrics resist water penetration and allow some passage of air. "Durable" water resistant treatments withstand repeated washing and dry cleaning.

WATER-SPOT RESISTANT: Fabrics resist stains by water-borne soil.

TERMS USED IN DESCRIBING WOOL PRODUCTS

NEW WOOL OR VIRGIN WOOL: Wool fibers which have never been previously processed in any way.

WOOL: Wool fibers which may have been previously spun or knit, but have never been woven or felted.

REPROCESSED WOOL: Wool fibers reclaimed from woven or felted products which never have been used by the consumer—such as trimmings and cuttings left over from garment production.

REUSED WOOL: Wool fibers reclaimed from products used by consumers.

Reprocessed wool and reused wool is reduced to fibrous form and is thoroughly cleaned before use.

"MAN-MADE" FIBERS USED IN FABRICS

Fabrics containing Man-made textile fibers offer new features and often greater economy through longer life and easier care. They include:

ACETATE: Gives soft texture, excellent draping qualities and a soft sheen to fabrics like satins, failes, crepes. Tends to recover from soft wrinkles or folds. Resists moths and mildew. Iron at low heat.

ACRILAN: Chemstrand Corp.'s trademark for acrylic fiber. Acrilan is used in sweaters and wool blends to give crease-resistance and shape-retention. Absorbs little water, dries rapidly. Press or iron at low heat.

DACRON: DuPont Co.'s trademark for "polyester" fiber. A springy wear-resistant fiber that does not absorb water. Suiting fabrics containing a substantial proportion of Dacron retain their pressed appearance in humid weather, are highly resistant to wrinkling and have unusual durability. Used in curtains, suiting fabrics, sweater and uniforms. Iron at low heat.

DYNEL: Union Carbide and Carbon Co.'s trade name for acrylic fiber. Used in blankets because of its highly springy, shrink-resistant properties. It resists matting, moths and mildew. If you iron, use lowest heat and protect with pressing cloth.

FIBERGLAS: Owen-Corning Co.'s trademark for glass fibers. Does not rot from sunlight or weather, resists fire, exceptionally strong, does not absorb water. Popular in marquisette curtain fabrics that dry in minutes and need no ironing.

NYLON: High strength, high wear-resistance, absorbs little moisture, dries quickly, easy to launder. Resists moths and mildew. Iron at low heat.

ORLON: DuPont's trademark for acrylic fibers. Orlon is highly resistant to sunlight and weather rotting, gives long lasting pleats and wrinkle-resistance when used alone and with other fibers. It absorbs little water and dries quickly. Resists moths and mildew. Used in skirts, sweaters, shirts, curtains, etc. Iron at low heat.

RAYON: A medium strength, highly water-absorbent fiber. Washes and irons easily. Can be made wrinkle-shedding and shrink-resistant with suitable treatments.

SARAN: Dow Chemical Co.'s trade name for vinylidine chloride monofilaments. Has outstanding colorfastness to light and weather. Used for auto seat covers and outdoor furniture seats. Also used for insect screens.

INDEX TO ALL ITEMS IN THIS CATALOG

HOW TO USE THE INDEX: Look for the *name* of the article wanted. For example, to find Plastic Curtains look under "Curtains"—not under "Plastic."

WARDS 1956 TOY CATALOG

Write your nearest Mail Order House, or call at your Ward Catalog Office or Store Catalog Department.

PARCEL POST CHARGES

Parcels weighing not more than 70 pounds and measuring not more than 100 inches in length plus girth (distance around at widest point) may be mailed to all zones—with certain weight and size restrictions to First Class Post-offices. Please allow enough extra to cover the postage. We will return every cent not needed on your order.

To figure how much to allow for postage, simply follow these two easy steps:

1. FIND TOTAL SHIPPING WEIGHT OF ORDER. As you write your order, enter in the last two columns of the order blank the shipping weight of each item as given in description. Add and convert ounces into pounds (16 oz. equal 1 lb.)

2. FIND POSTAGE RATE IN TABLE AT RIGHT. Find the weight of your order in the first column, and to right, rates to different zones. (For your zone, see explanation below map.)

ALLOW POSTAGE ON TOTAL WEIGHT ONLY. If we find it necessary to ship your order in more than one package, it won't cost you any more. Wards will pay any extra postage required.

NOTE: Items described in the catalog as "Not Mailable" cannot be sent by Parcel Post because of size, weight or content—but they can be shipped by Freight, Truck, or Express.

POSTAL MONEY ORDERS

One of the best and safest ways to remit money to us. Low rates are as follows:

Up to $5.00	10c
$5.01 to 10.00	15c
10.01 to 50.00	25c
50.01 to 100.00	35c

For amounts over $100, simply purchase additional money orders at above rates. If you live on a rural route, your carrier will buy a money order for you and enclose with your order.

POSTAL C. O. D. FEES

On any orders except those handled by our special Metropolitan Service explained below, we do not accept C. O. D. orders for less than $5 (except orders for repair parts). Nor for any articles cut, made-to-order, engraved or monogrammed, or shipped direct from Factory. On C. O. D. shipments you pay (1) cost of merchandise, (2) regular parcel post charge and (3) Postoffice C. O. D. fee as follows:

Amount of Order incl. Postage	C.O.D. Fee
Up to $5.00	30c
$5.01 to 10.00	40c
10.01 to 25.00	60c
25.01 to 50.00	70c
50.01 to 100.00	80c

In addition, the Post Office charges you money order fee for returning the remittance to us.

TO FIND YOUR PARCEL POST ZONE locate your town or one near it on this map and note the zone in which it falls. Or you can look at any parcel post package or catalog you received from Wards Albany House. Your Zone is the number that appears opposite your address.

HENRY C: SMITH
102 SECOND ST:
BERLIN, N. H: 2

Note: To find amount of postage on orders mailed from factory, refer to Page 970 for distance from the factory to your home and see Parcel Post table at left for postage rate for that distance.

WARDS ALSO SHIP OVERSEAS

Wards extend complete Parcel Post service on catalog merchandise to all countries.

Prepare orders in the regular way. On A.P.O. and F.P.O. orders, allow Zone 2 postage. On orders for foreign addresses, allow 20% of order value for international postage and export handling charges. Be sure to send enough as we will refund every cent not required. Custom duties cannot be prepaid—must be paid by addressee upon arrival.

PHONE ORDERS DELIVERED TO YOUR HOME

In Albany Metropolitan Area and Other Cities Listed Below

In the cities listed below, you can just phone your order and have any catalog merchandise (except factory-ship items) delivered direct to your home by Wards Metropolitan Delivery Trucks. See below for low rates and fast delivery schedule to your area.

SAVE A DAY—SAVE ALL C.O.D. CHARGES. Prompt service as shown below saves at least a day on most catalog orders. And there are no C.O.D. charges at any time when you use this service. Simply pay driver for merchandise and delivery when goods are received. Cost of this fast service is actually less than the cost of Parcel Post sent C.O.D.

NEW LOW DELIVERY RATES IN ALBANY AREA. We now offer reduced rates for Metropolitan Deliveries to the Albany Metropolitan Area (including Schenectady and Saratoga Springs) on heavy items such as Building Materials as shown in list at bottom of page. These new rates now apply to all Metropolitan Deliveries of these items in the Albany area.

For quickest service, we recommend that you phone your order (see notice below). We will give it prompt and careful attention and rush it by our fast truck delivery service direct to your home. You can save time and also C.O.D. charges by phoning your order to Wards.

ALBANY AREA

Deliveries in Albany, Troy and Suburbs usually next day after order is placed. See Rate Table #1.

SARATOGA AREA

Deliveries in Saratoga Springs and Suburbs usually third day after order is placed. See Rate Table #1.

SCHENECTADY AREA

Deliveries in Schenectady and Suburbs usually second day after order is placed. See Rate Table #1.

NEW YORK AREA

Deliveries in Greater New York area usually second day after order is placed. See Rate Table #2.

BUFFALO AREA

Deliveries in Buffalo and Suburbs usually second day after order is placed. See Rate Table #2.

ROCHESTER AREA

Deliveries in Rochester and Suburbs usually second day after order is placed. See Rate Table #2.

SPRINGFIELD AREA

Deliveries in Springfield, Mass. and Suburbs usually third day after order is placed. See Rate Table #2.

HOLYOKE AREA

Deliveries in Holyoke, Mass. and Suburbs usually third day after order is placed. See Rate Table #2.

WORCESTER AREA

Deliveries in Worcester, Mass. and Suburbs usually third day after order is placed. See Rate Table #2.

NOTE: If Your City is in Above List, see following Page 972A for Further Information.

FOR QUICKEST SERVICE—PHONE YOUR ORDER Just call the nearest Ward Catalog Office, Store or Telephone Shopping Service in your area. For convenient phone numbers, see Pages 954 and 955.

Include in your order anything in this or any other Ward Catalog. We offer you a choice of more than 100,000 items—a greater assortment of quality merchandise than you will find in any but the nation's largest department stores—and you can get what you want at Wards quickly and easily, without having to "shop around". A single order brings all your needs.

When ordering by phone, simply give us catalog number, name and price of items wanted and we will make all arrangements for prompt delivery. If you have a monthly payment account with Wards, you can also place "Add-on" orders by phone, if desired. Usually no down payment is required on "Add-on" orders. Just give our phone order clerk your monthly payment account number and tell us where your account is now carried.

When ordering by mail, mark an "X" in the square above Metropolitan Package Delivery on the order blank and unless you wish order delivered C.O.D., allow enough extra with remittance to cover delivery charges to your area as shown at right. We will return to you every cent not actually required.

YOUR SATISFACTION IS ALWAY GUARANTEED

Like any other purchase made at Wards, you can return for exchange or refund any item not entirely satisfactory. Simply phone us and our truck will call promptly to pick up the merchandise. Or if you write, just give us the catalog number of the item to be returned and we will pick it up at the same time we deliver your new selection.

Any refund will include not only the full price of the merchandise but also any delivery charges you have paid. You can be sure of complete and entire Satisfaction when you place your order with Wards.

18–23 lbs.	80c		

ALL RATES ON THIS PAGE SUBJECT TO CHANGE

FOR INFORMATION AND RATES ON FREIGHT AND EXPRESS SHIPMENTS, TURN TO PAGES 970 AND 971.

USE ECONOMICAL FREIGHT ON HEAVY ORDERS

Freight is the economical way to ship heavy goods . . . most orders over 50 lbs. Railroads and trucking companies provide good service at reasonable rates.

To estimate the freight on your order: First, find in the table below the approximate distance between your station and our Mail Order House (or factory shipping point if item is shipped direct from factory, as explained at right). If your town is not listed, choose one near you and make any allowance necessary. Then find on the opposite page the estimated freight rate per 100 lbs. for that distance, on the kind of merchandise you are ordering.

RAIL FREIGHT SERVICE. In order to maintain best service, most railroads are using trucks in addition to freight cars to expedite shipments between transfer points. We route all orders to utilize the fastest available service.

If you wish us to ship your order by rail freight, mark "X" in the proper square on the order blank and tell us name of the railroad. Do not send money for freight charges if there is an agent at your local station, as you can pay him when the goods arrive. Where home delivery is not available, (see at right) agent will notify you when shipment arrives. If you have no agent, include enough extra to prepay the freight and specify name of station to which shipment should be sent.

HI-WAY TRUCK SERVICE. Truck rates are approximately the same as the rail freight rates given on these pages. If your town is a regular stopping point on route of a reliable trucking company, consult them if you wish delivery by truck. Be sure they serve or make connections with point from which shipment is to be sent. Specify their name on order and mark "X" in proper square on order blank.

HOME DELIVERY. Available in certain cities. Rail and truck freight shipments will be delivered to addresses within corporate limits of cities where railroad has local freight agent or trucking company has freight terminal or local cartage service. (Deliveries to sidewalk or first floor only.) For this service, consult local agent and specify "Home Delivery" on order.

FACTORY SHIPMENTS

Most merchandise in our catalog is shipped direct from stock in our Mail Order House, but you will note in the description of some items, that they will be shipped direct to you from a factory or warehouse. On items so described we are able to offer you wider selections, including many made-to-order items, and also quote lower prices.

For example, we are able to furnish special sizes in Venetian Blinds, added assortments in upholstery fabrics for Living Room Furniture, and Wool Rugs in practically all the many widths manufactured. From these any length can be cut to fit the exact size of your room.

Our building material selections are offered in many styles and sizes to cover almost every building need, whether for your new home or for remodeling purposes. Nursery stock and seeds are made available to you in such a variety as to fill almost every gardening and landscaping need. These are only a few of the many advantages of buying merchandise that is shipped direct from the factory source to your

By shipping these items direct to you, instead of first b them into our mail order stock and then reshipping, on transportation charges, handling expense and rentals—savings which we pass on to you in the form prices. Add these to the other savings you make at

You may also make a saving on shipping charges if closer to the factory than to our Mail Order House. In m the delivered price, when merchandise is shipped f factory, is lower.

If the time required by the factory for their handli counting Saturdays, Sundays and holidays) does no 5 days the catalog states "Shipped promptly from

If the extra time required exceeds 5 days, the catal the approximate number of days to allow for handli factory. In addition, please allow us enough time to your order to the factory and for shipment to reach that point. You will receive notification direct from the when shipment is made.

NOTE: Items shipped direct from a factory may be incl the same order with other merchandise to be shipped Mail Order House but transportation charges sh figured separately because they will come from a shipping point. You pay shipping charges from that is not necessary to send shipping charges with your there is an agent at your station; but if you wish to estim the charges will be, see instructions in first column at

RAILROAD DISTANCES FROM OUR SHIPPING POINTS TO PRINCIPAL CITIES

At the left below are listed a number of well-known cities; and across the top of the table, the chief points from which we ship our merchandise.

To find how far you live from Albany, for instance, simply find your city, or one near it, in the first column and then look across at the next column (under the heading, Albany). The figure shown there is the approximate railroad distance between your city and Albany. Where the catalog description states that the merchandise is shipped from a factory, find the factory shipping point, or some other town near it, at the top of the table and then trace down that colum line opposite your city.

If your city is not listed or exact shipping point me in catalog is not shown, figure from nearest one an allowances. Then see opposite page for rates.

RATES ON THESE PAGES ARE THOSE IN EFFECT WHEN THIS CATALOG IS PRINTED AND ARE SUBJECT TO CHANGE WITHO NOTICE.

Estimated Freight Rates per 100 Pounds

eight rates are based on the weight, the distance of haul, d kind of merchandise shipped. To estimate the freight arges on your order, simply find in the table below the kind merchandise you are ordering and then alongside it the 0-lb. rate for the distance you live from our shipping point you are not sure of this distance see table opposite).

example, if you are ordering an Air Compressor weighing 0 lbs. and the distance is 200 miles, the freight charge will be .46 as shown on the first line of the table below. If the dis-ce is 250 miles, allow half the difference between the 200-mile rate ($1.46) and the 300-mile rate ($1.75) or $1.61. On shipments over 100 lbs., charges are based on actual weight. For example, an Air Compressor weighing 150 lbs. takes 1½ times the 100 lb. rate. If your order contains several different kinds of merchandise and they take different rates, figure the charge for each item separately and add them together. Transportation Companies are required to collect a Federal Tax of 3% on their charges.

Build Up Your Order. The minimum freight charge made by railroads serving this area is the rate for 100 lbs. of the highest rated article in the shipment but not less than $2.30, depending on your location. On shipments of merchandise stocked in our Mail Order House, it will therefore pay you to build up your order to this minimum. Anticipate your future needs and order them all now. You can include additional items at no additional freight charges up to the point where the total charges equal the minimum of $2.30.

Shipping charges on Factory orders should always be figured separately from the rest of order because they come from a different shipping point. (See explanation on opposite page.)

Railway Express Rates to Various Distances

Express is the fastest way to ship unmailable merchandise, as packages are carried in railway express cars on fast passenger trains and get preferred attention and special handling all along the line. Express is especially suitable for light, bulky, fragile or odd shaped articles.

If your town has express delivery service, goods are delivered to your home by truck at no extra charge.

Do not send money for express charges with your order if there is an express agent at your station. It's easy to estimate express charges. For example: Suppose your order weighs 20 lbs. and you live 190 miles from the shipping point. The table below shows that $2.09 would be approximate charge. If the shipment weighed 150 lbs., the charge would be 1½ times the 100-lb. rate for that distance ($4.50) or $6.75.

Shipping Weight	100 Miles	200 Miles	300 Miles	400 Miles	500 Miles	600 Miles	750 Miles
5 Pounds	$1.80	$1.80	$1.80	$1.80	$1.80	$1.80	$1.80
10 Pounds	1.80	1.80	1.91	1.96	2.03	2.05	2.13
15 Pounds	1.80	1.93	2.13	2.20	2.30	2.34	2.45
20 Pounds	1.91	2.09	2.35	2.43	2.58	2.63	2.77
25 Pounds	2.02	2.24	2.56	2.67	2.85	2.91	3.10
35 Pounds	2.23	2.54	2.99	3.15	3.40	3.49	3.74
55 Pounds	2.66	3.14	3.86	4.10	4.50	4.63	5.03
75 Pounds	3.09	3.74	4.72	5.05	5.60	5.78	6.32
Each 100 Lbs.	3.63	4.50	5.80	6.24	6.97	7.21	7.93

Air Express—Gives faster service to some points over 300 miles from our Mail Order House. See local agent for rates.

For Parcel Post Rates and Wards Metropolitan Package Delivery Service, Turn to Page 39.

How to Order by Mail from Wards

Simply make a list of items wanted, using one of our convenient order blanks—there are several in the back of this catalog—or any plain piece of paper. Send with your remittance direct to our nearest Mail Order House.

Always give the complete Catalog Number of each item. (Example 53C7423M) also quantity, name, price and shipping weight of each. Be sure to state Size, Color, Pattern or Finish—if a choice is offered—and give any other information requested in the description.

All members of one household should order under one name and write that name the same way each time. If you have moved since last ordering, please give both old and new addresses. This will assure you get full credit on our mailing list for all orders placed.

HOW TO SEND MONEY

The safest and best ways to send money are: Postal Money Orders, Express or Bank Money Orders, Bank Drafts or Cashier's Checks. Of if you have a checking account with bank, just send your own check. The Postoffice Dept. advises against sending cash through the mails unless letter is registered. But if you have no other way, be sure that coins are well wrapped in stout paper, not just loose in the envelope. If there is a Ward Store or Catalog Office near you, they will mail your orders without any cost for money order fees.

ALLOW POSTAGE WITH ORDER

Except for a few items marked "Prepaid" or "Postpaid" our prices do not include shipping charges. On "Prepaid" or "Postpaid" items, transportation charges are prepaid only to points within the 48 states.

If you wish us to ship by Parcel Post, include enough extra with remittance to cover the postage; allow postage on total weight only. To find out how much to allow, total the shipping weights of items ordered and see Parcel Post Rates on Page 969. For freight and express rates, see Pages 970, 971.

REGARDING SAMPLES

Except where the catalog description invites you to send for a sample, we do not supply sample swatches of piece goods, garment fabrics and similar materials by mail. But you need not hesitate to order from Wards without seeing a sample. We guarantee that you will be satisfied. We will exchange any purchase that is not entirely satisfactory or refund your money.

FAST SERVICE SAVES YOU TIME

Most of your orders will be handled the day they are received. With few exceptions, those not handled the same day will be completed the following day.

We know that there are times when some special need exists and you must have your order filled on an emergency basis. Where this is the case, if you will indicate plainly on the face of your order that you must have the merchandise by a certain date, we will give it special handling to assure arrival by that date.

AVOID C.O.D. MAIL ORDERS

Postal C.O.D. service is expensive and slower than regular Parcel Post. Except in emergencies, such as when ordering repair parts urgently needed, we advise avoiding this extra expense on mail orders. You will make a greater saving on our low prices by enclosing remittance in full.

We do not accept C.O.D. orders for less than $5.00 (except for repair parts) on any orders except those handled by our Metropolitan Delivery Service explained on Page 969. We do not accept C.O.D. orders at any time for articles cut, made-to-order, engraved or monogrammed, or described as shipped direct from factory.

On C.O.D. orders, the Postoffice charges, in addition to the regular postage, a C.O.D. collection fee and also a money order fee for sending the payment to us. For example, on a $5.10 C.O.D. order, the Postoffice charges a 40c collection fee and a 15c money order fee—total 55c—in addition to the regular parcel post rate.

When C.O.D. service is necessary, we suggest that you order by prepaid telegram giving complete information about item needed and stating full name and address. It's the most satisfactory and economical way to buy.

ACCEPTANCE OF ORDERS

All orders, whether sent to a Mail Order House direct by mail or placed at any Catalog Office or in the Catalog Sales Dept. of any Retail Store, are subject to acceptance at Wards Mail Order House. If the merchandise is shipped direct to the customer, it becomes the customer's property at the time of shipment.

Large orders will be refused if we have reason to believe that they are from dealers or others trying to take undue advantage of our low mail order prices.

It is our policy to quote lower prices, wherever possible than asked elsewhere for merchandise of comparable quality. This is made possible by the economies of our method of doing business.

Should changed market conditions, or other factors affecting costs, permit price reductions, you can be assured that your orders will be filled at Wards lowest current price. During our Midsummer and Midwinter Sale or similar mail order sale events we fill orders from the General Catalog at sale prices then in effect.

IMPORTANT NOTICE

All prices and rates in this catalog are subject to change without notice. Prices are also subject to an additional charge to cover any sales tax, use tax, or other tax affecting our purchase or sale of merchandise.

We require full cash with order, except on Monthly Payment orders. For terms of this plan, see Page 981.

We do not send goods on approval. Neither do we make "trade-in" allowances except on a few items like Auto Generators and Electric Shavers where trade-in allowances are definitely specified in the catalog.

FHA LOAN PLAN FOR FINANCING HOME IMPROVEMENTS

Permanent improvements on your own home can be financed through the FHA Home Improvement Loan Plan, with no down Payment and up to 36 months to pay. A single loan covers cost of both materials and labor and may be made in any amount from $100 to $2500.

Your local banking institution can arrange such a loan for you and provide complete details of this popular loan plan.

By using the FHA plan you enjoy the benefits of needed home improvements now, while saving money in two ways: (1) You pay only a low interest rate of 5% on your loan and (2) You make substantial savings by purchasing your materials at Wards low prices.

Any materials specified in FHA regulations which Wards list in this catalog, such as a new heating plant, an additional room, or complete modernization of kitchen or bathroom, can be financed through this plan.

How to Order Repair Parts

Large stocks of repair and replacement parts are carried in all our Mail Order Houses and most of our Stores also carry parts in stock.

If you live near one of our Stores, we suggest you consult them and if the part you need is not in stock, they will obtain it for you promptly. If you have misplaced the Parts List received with your merchandise, bring along the model number or note some other mark or label that will help them identify the item. Our people will give you personal attention and assist you in obtaining the necessary parts in the shortest possible time.

Before ordering parts from our Mail Order House, we suggest that you first check the pages in our catalog containing the kind of merchandise for which the part is needed. In some cases, extra parts are listed with the items to which they belong. If you do not find the part you need listed in the catalog, refer to the Parts List which came with your merchandise. This gives complete instructions for ordering repair and replacement parts. If this list has been lost or mislaid, check the article for some mark or number which will enable us to identify it—for example, an identification plate like the one shown at right.

Please give us full and complete information, especially the model number if one is shown. It will enable us to give you better, faster service in supplying repairs.

Most of our mechanical and electrical merchandise now carries a name plate or label like the one shown below, giving model number to mention should you ever need to order repair parts.

In some cases, the model number is stamped on the side of the item or stenciled underneath. In other cases, the model is indicated by a "name" instead of a number. On electric ranges for instance, numbers are frequently stamped on the individual parts and the part number, as well as the range number, should be given when ordering repairs.

All of our mechanical and electrical merchandise carries some mark or label by which it can be identified. Here is a typical Ward identification plate:

IF YOU WRITE TO US ABOUT THIS ARTICLE OR IF YOU ORDER REPLACEMENT PARTS ALWAYS MENTION
MODEL NO. 04DOW-944A
ORDER REPLACEMENT PARTS THROUGH ANY OF OUR RETAIL STORES OR BY MAIL
MONTGOMERY WARD

When ordering repair parts, mention number on the plate and any other number that may be on part itself.

If unable to find the Parts List or an identification mark of any kind, please follow carefully the instructions given below. To fill your order correctly and without delay, we must have full information.

1. Give us the name of the article for which the part is needed and tell us as closely as you can when it was purchased from us. If possible, also give us the Catalog Number of the article as it was listed in the catalog from which you ordered.

2. Name or describe the part you want and give us any numbers that may be cast on it, or sketch a likeness of it. As a last resort, if unable to find any identification, send the old part and attach letter of explanation. See below for instructions on the best way to ship the part to us.

3. If you do not know the price of the part we will send it to you C.O.D.

RUSH TELEGRAPH SERVICE

If you are in a special hurry and you have exact information we need to fill your order, call your telephone operator and send us a Prepaid Telegram giving complete details and correct name and address to which part should be shipped. We will rush the part C.O.D.

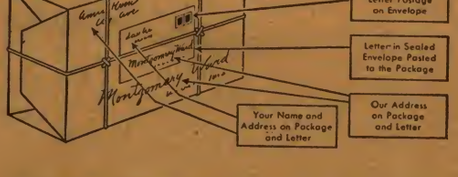
How to Send Goods to Us

When returning merchandise to us, it will help us very much if you will tell us why it is unsatisfactory. We can then take action to avoid disappointing others. Just say "wrong size" or "wrong color," or other reason. Also state whether you wish us to exchange it for another article (please be specific regarding size, color, etc.) or whether you wish a refund; and enclose any papers you have received from us concerning the order.

NOTE: Following instructions apply to items sent in for exchange or refund and also to articles sent to us on "trade-in" offers or as samples for repair parts, etc.

BY FIRST CLASS MAIL. Wrap small parts or samples in paper and enclose in envelope with your letter. Put sufficient amount of letter postage on the envelope.

BY PARCEL POST. Pack, wrap and tie the goods securely. Paste letter of instructions to the outside of package, under the cord, as shown in diagram at right. Place a 3c stamp on letter and proper amount of postage (separately) on package. Do not seal the package—either with paste or tape—unless you put the following notice on outside: "Contents merchandise—may be opened for postal inspection if necessary."



Stamps for Parcel Post
Letter Postage on Envelope
Letter in Sealed Envelope Pasted to the Package
Our Address on Package and Letter
Your Name and Address on Package and Letter

NOTE: New Postal Regulations permit you to enclose letter inside package if you will mark "First Class Mail Enclosed" on outside of package (below the postage) and add an additional 3c postage.

BY FREIGHT OR EXPRESS. Please do not return items by freight or express until you have first written us, explaining the situation, and received our reply. We may want you to return the merchandise to the Factory where it was made, instead of returning it to our Mail Order House and if so, will send you shipping instructions.

WHEN WRITING ABOUT ORDERS

Before writing us about an order which you have received, we suggest that you first examine your original order (you will find this returned with your goods) and also any invoices which you may have found in the package or were sent to you separately. Usually any changes are explained. This may make it unnecessary for you to write.

If you do write, please be sure to give full information as to catalog number, color, size, etc. of item in question and also enclose with your letter any papers, invoices, etc. which you have received from us about the order. This will help us to give prompt and accurate service.

IMPORTANT TAX NOTICE

The laws of several states impose a tax on sales. If you live in one of the following states, you are required to include with order enough extra to cover tax:

NEW YORK CITY: Add 3% (3 cents on the dollar) to the amount of your order for tax.

MAINE OR RHODE ISLAND: Add 2% (2 cents on the dollar) to the amount of your order for tax.

CONNECTICUT: In Connecticut there is a tax of 3% (3 cents on the dollar) on any item priced over $25—except Children's Wear, on which there is no tax. If you live in Connecticut, add 3% to the amount of your order for each item over $25 requiring this tax.

HOW TO SEND MONEY

The safest and best ways to send money are: Postal Money Order, Express or Bank Money Order, Bank Drafts or Cashier's Checks, or your own personal check if you have a bank account. If you live on a Rural Route the mail carrier will be glad to buy a Postal Money Order for you. The Postoffice Department advises against sending Coins, Currency, or Stamps by mail. If it is necessary to do so, be sure the coins are well wrapped in stout paper—not loose in the envelope, and the order should be sent by registered mail.

article (please be specific regarding size, color, etc.) or whether you wish a refund; and enclose any papers you have received from us concerning the order.

NOTE: Following instructions apply to items sent in for exchange or refund and also to articles sent to us on "trade-in" offers or as samples for repair parts, etc.

BY FIRST CLASS MAIL. Wrap small parts or samples in paper and enclose in envelope with your letter. Put sufficient amount of letter postage on the envelope.

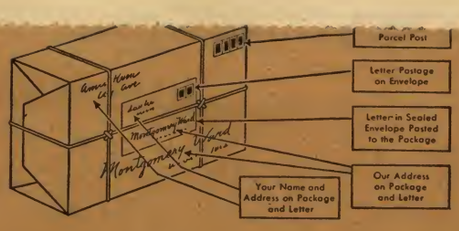
BY PARCEL POST. Pack, wrap and tie the goods securely. Paste letter of instructions to the outside of package, under the cord, as shown in diagram at right. Place a stamp on letter and proper amount of postage (separate) on package. Do not seal the package—either paste or tape—unless you put the following notice



Parcel Post
Letter Postage on Envelope
Letter in Sealed Envelope Pasted to the Package
Our Address on Package and Letter
Your Name and Address on Package and Letter

NOTE: New Postal Regulations permit you to enclose letter inside package if you will mark "First Class Mail Enclosed" on outside of package (below the postage) and add an additional 3c postage.

Order House and if so, will send you shipping instructions.

WHEN WRITING ABOUT ORDERS

Before writing us about an order which you have received, we suggest that you first examine your original order (you will find this returned with your goods) and also any invoices which you may have found in the package or were sent to you separately. Usually any changes are explained. This may make it unnecessary for you to write.

If you do write, please be sure to give full information as to catalog number, color, size, etc. of item in question and also enclose with your letter any papers, invoices, etc. which you have received from us about the order. This will help us to give prompt and accurate service.

IMPORTANT TAX NOTICE

The laws of several states impose a tax on sales. If you live in one of the following states, you are required to include with order enough extra to cover tax:

NEW YORK CITY: Add 3% (3 cents on the dollar) to the amount of your order for tax.

MAINE OR RHODE ISLAND: Add 2% (2 cents on the dollar) to the amount of your order for tax.

CONNECTICUT: In Connecticut there is a tax of 3% (3 cents on the dollar) on any item priced over $25—except Children's Wear, on which there is no tax. If you live in Connecticut, add 3% to the amount of your order for each item over $25 requiring this tax.

Monthly payment orders over $300 will be given special Home Appliance Terms (see page 555) unless you prefer regular terms shown above. If so advise us.

ON ADD-ON ORDERS your monthly payment rate will be the amount required by the above table for your new combined balance. Monthly payment will not be increased unless above table requires a higher monthly payment. Exception: Monthly payment will be increased a minimum of $1.00 for each add-on consisting principally of clothing or other non-durable items, unless your present monthly payment will pay new balance in 8 months or less.

If you are not already enjoying the advantages and convenience of Wards Monthly Payment Plan, with its liberal "Add-on" privilege, a trial order NOW will convince you it is a most practical way to make your income buy more. You will be surprised at the buying power of a few dollars applied each month on an account at Wards, especially if you have been trying to get along entirely on a cash basis. Millions of American families have long since replaced "Pay as you Go" with "Pay as you Use"—a policy that has helped give America the highest standard of living in the World.

Think of the advantages! There are no hidden charges—prices are same, cash or credit. Anything and everything Wards sell can be bought on terms. No need to disturb savings. Have the use of the goods as you pay for them. The small extra charge for credit is more than offset by the satisfaction of getting what you need, when you need it, without waiting.

And that's not all! Once your credit is established at Wards you can make additional purchases *on the Same Account,* without Down Payment or Delay for Credit investigation, and often without increasing the monthly payments. Read about this popular Add-on Plan below. Do not hesitate to ask for credit, see the simple instructions below.

Why not open a Time Payment Account at Wards Today

Opening an account at Wards is quite simple. Write your order in the usual way (the first order must total $20 or more). Then turn the order blank over and have the head of the household fill in and sign the application form. Enclose the required down payment—usually 10%—and mail it. No security is asked. We depend on your integrity and ability to pay. (Minors must have parent or guardian sign.)

Our credit investigation is confidential and takes but a few days. If you are a person of good standing in your community, with a steady income and a reputation for meeting your obligations we will open an account for you. You are then entitled to use Wards "Add-on" plan which is explained below. If there is a Ward store or catalog office near you the manager there will be glad to assist you in opening an account.

Enjoy the Convenience of Wards Add-on Plan

One of the great advantages of opening an account at Wards is the "Add-on" plan. Once your credit is established, you can make additional purchases of $10 or more, as needed, on the Same Account, Without Down Payment or Delay for credit investigation. Just write "add it to my account," on your order, then sign the Add-On agreement on the back of the order blank. How convenient this is when you are in need of something and want to profit by Wards low prices! Your new purchase, plus the carrying charge, as shown in table at left are added to your open account. The amount to pay monthly can be found in the table of terms at left.

Only 10% Down Required on Most Items

When you have established your credit at Wards and are using the Add-on Plan, No Down Payment is required with your orders. Otherwise the Down Payment is

10% (one tenth) on all items except

20% (one fifth) on Air compressors, Auto Trailers, Paint Sprayers, Saw Mills, Timber Power Saws and Truck Tires.

Amount to pay monthly is based on Unpaid Balance and is shown in Table of Terms at left.

On certain Home Appliances the Down Payments are LOWER as explained below.

Wards Easy Terms on Home Appliances

On page 555 you will find a special Table of terms on Home Appliances. Only $5.00 Down Payment is required on Appliances priced $200 or less. Only $10 Down Payment required on Appliances priced over $200. Up to 24 months to pay the balance in convenient monthly payments. These special terms apply to the following: Air Conditioners, Cabinet Sinks, Clothes Dryers, Cooking Stoves and Ranges, Dehumidifiers, Dishwashers, Electric Roasters, Evaporator Coolers, Floor Sanders and Polishers, Food Freezers, Garbage Disposers, Ironers, Milk Coolers, Phonographs, Radios, Refrigerators, Sewing Machines, Space Heaters, Tape & Wire Recorders, Television sets, Vacuum Cleaners, Washers, Water Heaters, Water Softeners, Shopsmith Tools.

Wards New Sea King Motors for 1956

NEW POWER—Six new Sea Kings in outboarding's *four* most popular power sizes. Two new "25's" (Electric Starting Model above) offer responsive dependable power for cruisers, big runabouts, and water skiing. New "12's" with Electric Starting optional, provide exciting power and slow-trolling on medium-size boats. Sea King's new "Gearshift 5" with many of the advanced features of it's big brothers, will be an even greater favorite with fishermen and for all-around family outboard fun. Weighing only 30 lbs., the portable "3" packs anywhere—ideal on small boats, canoes. Sea Kings are "power-rated" by the Outboard Boating Club of America.

NEW "SONIC-QUIET" PERFORMANCE—for more fun afloat, all Sea Kings have new vibration insulating Motor Mounts. Larger motors feature Carburetor Air Intake Silencers, Spiral-Bevel gears and enclosed Power-units.

NEW CONVENIENCE—you'll want to join the swing to Sea King—they're as easy to drive as a car. Full gear shift control on all except the "3." With the new Electric Starting models, you have complete command from the driver's cockpit. Simply touch the starter button and the motor springs to life. Equipped with a throttle-gearshift control and a steering kit of your choice, you can maneuver, stop, start, or back-up with greatest ease. Maintenance is easy too—the separate fuel line system on the 25 and 12 H.P. motors snaps on or off in a jiffy for refueling—gives you long distance cruising range. The "5" is adaptable to remote controls and separate fuel systems if you prefer.

NEW STYLING—Up-to-the-minute 2-Tone Color Styling in Sea King Blue and Foam-White trim combines beauty with ultra-modern engineering design. Compare features, compare prices,—you'll find Sea Kings outstanding.

Electric Starting
25 H.P. $459.00

Automatic Rewind
25 H.P. $379.00

Electric Starting
12 H.P. $367.50

Automatic Rewind
12 H.P. $287.50

DeLuxe Gearshift
5 H.P. $171.00

Portable Single
3 H.P. $106.00

THESE NEW SEA KINGS ARE PICTURED AND DESCRIBED IN DETAIL ON PAGES 734–735.
